NOISY WELCOME IS ACCORDED TO THE PRESIDENT IN MIDDLE WEST

Chief Executive Refuses to
Make Any Speeches but
Keeps Up Running Fire of
Remarks on Way to Omaha

STOPS IN CHICAGO TO CONSULT WITH LEADERS

Interprets Demonstration as
Meaning "You Believe in
Me;" Hears Much Comment
on Eight-hour Law.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Chicago, Oct. 4.—President Wilson, penetrating the middle west today for his speech in Omaha tomorrow, received noisy welcomes from many thousands of persons in Ohio, Indiana and Illinois. He interpreted the enthusiasm to one crowd as meaning "you believe in me." At stop after stop, the railroad stations were packed, and several places hands played and frequently the president remarked on the cordiality.

Refusing to turn his trip into a speech-making tour, the president nevertheless kept up a running fire of remarks at every stop. Interest among those who spoke to him centered most about the eight-hour law for railroad employees.

Mr. Wilson made a brief stop at Chicago tonight and conferred with Senator Walsh, in charge of democratic western headquarters, Senator Shubert of Delaware, manager of the senatorial committee, and the other department heads.

Several hundred persons, including local politicians, railroad men and not a few women, flocked to the train yards and cheered the president when he appeared and shook hands with those nearest him.

WASH GIVES GOOD REPORT.

Senator Walsh told him the campaign in the west was "more than satisfactory."

At every stop between Pittsburgh, passed early this morning, and Chicago, the president appeared on the rear platform of his private car, waved to the crowds, explained that he was making no speeches and then shook hands with as many as possible.

"I am before the jury and can't say anything," was the way he explained his failure to speak in several towns.

"I am not making a speech-making campaign," said the president at Lima, Ohio, "but it touches me and gratifies me very much to get the greetings I have all along the line, and Ohio has certainly shown her hospitality."

"We didn't want a speech; we wanted to see our president," a man called out.

Cheers Eight-Hour Day.

"Hurrah for the eight-hour day," came another voice amid applause.

"I don't think much of my speech-making, but I think it is better than I am to look at," Mr. Wilson said.

"We want to see Mrs. Wilson," a man shouted.

"I'll admit she is better worth looking at than I am," replied the president, as he brought his wife forward.

"I heard a republican say today he was going to vote for you," a man called out to Woodstock, O.

"He must be a good man," retorted Mr. Wilson.

"You were with us in the eight-hour day and we are with you," said a man at Orrville, O., a railroad town.

"Good," the president replied.

When the president stopped at Valparaiso, Ind., tonight a crowd including some students, drew him into a reference to Mr. Hughes' whiskers.

"I haven't any speech to make," said Mr. Wilson. "I have never met you before but your manners are very familiar. I am mighty glad to see you."

A man in the crowd called out: "Aren't we glad he hasn't got whiskers?"

"You are a clean shaven crowd yourself," replied the president.

At Fort Wayne the first stop in Indiana, Mr. Wilson said:

"I haven't anything to say, my fellow citizens, except that it is exceedingly refreshing to get away from official duties and out among the folks again, and the sort of greeting you are giving me fills my heart with a great deal of gratitude. I am heartily obliged to you."

Brakeman Shakes Hands.

A railroad brakeman, just off duty, pushed out his hand and said:

"Right there, president. She's dirty, but she's going to hit the rooster hard."

At Warsaw, Ind., the president said:

Can the Leopard Change Its Spots?

In 1911 Holm O. Bursum, by reason of his control of the machinery of his party, forced his nomination for governor of New Mexico by a republican convention over the protest of thousands of republicans who knew that he was not qualified to hold the office—that his election would bring disaster upon the state of New Mexico just as it was entering into the sisterhood of states. Their protest was treated with contempt, for the Bursum ring was confident that it could get by with anything in 1911.

Those independent republican voters, combining with the democrats, went to the polls in 1911 and buried Holm O. Bursum under an avalanche of ballots—sent him down to ignominious, humiliating defeat.

What greater claim has Holm O. Bursum on the voters of the state of New Mexico now than he had in 1911? How much better is he now than he was then? What has he achieved in the way of public service to entitle him to any greater consideration than he received five years ago?

Holm O. Bursum's record as superintendent of the New Mexico penitentiary was the clean-cut issue of the campaign of 1911. The gravest irregularities in the conduct of that institution were charged against him. It was alleged that books which would have disclosed these irregularities were mysteriously burned and that a sum of money was secretly paid into the treasury of the state by him, the purpose of the payment being left to conjecture by the public. Brutality to prisoners was among the least serious of the counts in the indictment brought against him.

The voters found, by the decisive majority cast against him, that these charges against Holm O. Bursum were substantially true. Has there been anything to change that verdict? Has Holm O. Bursum's record been purified since 1911? Has he himself been sanctified by five years of comparative inactivity in political affairs?

In 1911 Hubbell and Bursum were, in the opinion of the intelligent voters of the state, the embodiment of all that was worst in New Mexico politics. In 1916 one of them is a candidate for United States senator and the other for governor. And "Cap" Gilchrist, of Montezuma Trust company fame, is leading them.

WHAT RIGHT HAS HOLM O. BURSUM TO ASK THE PEOPLE OF NEW MEXICO TO ELECT HIM GOVERNOR?

LEGISLATION TO SETTLE STRIKES URGED BY HINES

Chairman of Advisory Committee of Santa Fe Railroad Addresses Investment Bankers on Important Subject.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Cincinnati, O., Oct. 4.—Legislation which will provide an orderly, responsible method of settling railroad labor disputes as a substitute for the "terrorism of the strike," was urged as the prime need of the public and railroad corporations, in an address delivered before the fifth annual convention of the Investment Bankers' Association of America here today by Walker D. Hines, chairman of the advisory committee and general counsel of the Atchafalaya, Topeka and Santa Fe railroad company.

Of equal importance, Mr. Hines declared, was legislation whereby state regulations reducing net income through reductions of rates and increases of costs will be superseded by national regulation; and legislation whereby the power to issue stocks and bonds shall be derived from and the method of their issue supervised by the nation. All these things were needed to insure the stability of railroad reorganization plans, he said.

Public Interest.

"The public is interested in the railroad companies being able to raise sufficient additional capital to keep the railroad properties abreast of the progressive demands of our rapidly developing business and civilization," said Mr. Hines.

"That capital can not be secured unless investors can be induced to furnish it, and investors can not be induced to furnish it unless attractive securities can be offered, and these securities can not be attractive unless there is a reasonable prospect that the railroad net income shall not be indiscriminately impaired through fragmentary local legislation and through irresponsible exactions of organized labor."

The speaker declared the time was ripe for dealing with these problems, in view of the forthcoming inquiry into the national railroad situation on the part of congress.

BAKER DEFENDS WILSON'S STAND ON 8-HOUR LAW

President Considered Himself to Be Representing Innocent Bystander Says War Secretary.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
New York, Oct. 4.—Newton D. Baker, secretary of war, defended President Wilson's approval of the eight-hour day for railway trainmen in an address here today at a mass meeting of women, held under the auspices of the women's bureau of the democratic national committee.

"Recently," said the secretary, "an issue has arisen in the form of the eight-hour law. My father was the railroad physician at a terminal. I believe in the eight-hour law for men who operate a railway. I have seen men come to our door and awaken my father at all times of the night, because of the wrecks caused by engineers who had been asleep. Engineers used to work twenty hours continuously in their cars in those days. If we should look at the victims of railway accidents in this country in the aggregate, the number would be beyond that of all the victims of the great battles of the Marne and Verdun."

"We want our railway men in full vigor, with full senses for a man's command of a dangerous day's work."

"President Wilson," added the secretary, "considered himself as representing the innocent bystander likely to suffer because of an argument between two groups of gentlemen. He asked congress for the passage of the eight-hour legislation. He met the issue of the moment when there was not a week's supply of food ahead in the cities of the country."

Made Deputy War Minister.

Berlin, Oct. 4. (By wireless to Sayville.)—Lieutenant General von Schoene has been appointed deputy minister of war, succeeding Lieutenant General von Wandel, who resigned recently because of poor health.

MIKADO NAMES COUNT TERAUCHI TO TAKE PLACE OF COUNT OKUMA

New Cabinet to Be Formed at Once; Victory for Bureau-cratic Party Is Seen in Latest Development at Tokio.

TWO PARTY SYSTEM TO RESULT FROM THE MOVE

Viscount Motono Being Considered for Foreign Minister Under New Regime in Nipponese Empire.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Tokio, Oct. 4 (6:45 p. m.).—The emperor has requested Lieut. Gen. Count Seiki Terauchi, former minister of war, and also formerly resident general in Korea, to organize a cabinet, in succession to the ministry of Marquis Okuma.

The resignation of Premier Okuma brought to a head the intense struggle between the bureaucratic forces and the advocates of a representative government which culminated in the victory of the bureaucrats by the emperor's designation of Count Terauchi to form a cabinet.

Premier Okuma added Baron Kato in his efforts to form a new cabinet and thus succeeded in amalgamating the three groups composing the government's majority in the house of representatives into one great party. By this move the new amalgamation has only the conservative party in opposition and brings about a two-party political system in Japan similar to that in the United States.

Older Statesmen Displaced.

The movement displaced the statesmen of the old school, who feared that it would be undesirable progress and was opposed especially by Count Terauchi, whose slogan is a no-party form of government.

Baron Kato was recommended to the emperor by Premier Okuma, who called attention to the fact that Kato was a leader of the majority group in the house of representatives and had supported loyally the policies of the present cabinet.

WASHINGTON KNOWS LITTLE OF NEW PRIME MINISTER.

Washington, Oct. 4.—Little is known in official circles here as to what policy Lieutenant General Count Terauchi, Japan's new premier, will adopt. He always has been a military man almost above party questions, but in general he is regarded as a follower in politics of former Premier Yamagata, under whose influence "the gentlemen's agreement" and other friendly arrangements were made with the United States.

For some time there has been considerable agitation in Japan in favor of Count Terauchi's elevation to the premier's portfolio, especially by those who felt former Premier Okuma's policy was too favorable to western nations and too lenient to China. His frequently has been spoken of in the Japanese press as the "man of the hour," and his opponents have criticized him largely because of his belief in strict censorship of news, the importance he has attached to the military party, and his aversion to political changes.

Count Terauchi's greatest achievement was the annexation of Korea. Made governor general in 1911, he was instrumental in revolutionizing the Korean policy of Marquis Ito and Viscount Sone, his predecessors. At the end of his first term in office he had secured police powers in Korea for Japan; during the second he secured the right to garrison Japanese troops there; and at the end of that month the formal notification of the annexation of the territory was made to the powers. He was given great credit for having accomplished this without encountering a revolt among the Koreans.

Older Sister's Marriage Dissolved.

London, Oct. 4 (4:20 p. m.).—Emperor Nicholas, according to a Reuters dispatch from Petrograd today, has confirmed the dissolution, pronounced by the Holy Synod, of the marriage of his sister, the Grand Duchess Olga, to Duke Peter of Oldenburg. The grand duchess retains her imperial title and is permitted to remarry.

Grand Duchess Olga was Born June 1, 1882.

Her marriage to Peter Alexandrovich, Duke of Oldenburg, took place July 27, 1891.

Candidates to Go to School.

Denver, Oct. 4.—A "school" for candidates and orators is to be opened Friday at the republican state headquarters. It was reported today that the "pupils" are to go over the national and state platforms to familiarize themselves with their important points. Philip B. Stewart, chairman of the state central committee, will attend.

QUIET PREVAILS ON WEST FRONT; FERCE BATTLE ON IN GALICIA

Rain Continues to Prevent Operations in France and All Interest in World War Is Transferred Elsewhere.

ADDITIONAL GAINS ARE MADE BY RUMANIANS

Bucharest Silent Regarding Activities of Troops That Crossed Danube; Berlin Says They Have Withdrawn.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
With rain still keeping the operations of the entente allies and Germans on the western front in France mainly to artillery duels, interest in the world war has been transferred to the Russian, Rumanian and Macedonian fronts, on all of which heavy fighting is in progress.

The fierce battle which has been raging for several days west of Lutsk, in Volhynia, is still without decisive result for either side, while in Galicia, along the Zlota Lapa river, where the Russians are trying to push through to Lemberg, the Austro-German forces are still holding back the Russians. Berlin, in its official account of the fighting near Lutsk, says the Russian dead numbers thousands.

Bucharest is still silent with regard to the operations of Rumanian troops which crossed the Danube river between Rusechuk and Turtakal, and invaded Bulgarian territory, but Berlin says these men have been heavily drawn in the fear of being encircled by the forces of Field Marshal von Mackensen.

Rumanians Make Gains.

Fresh gains by the Rumanians against the center and left wing of the Teutonic allies operating to the north in Dobruja, are chronicled by Bucharest. At Amacea, a position of the Teutons was captured and with it more than 1,600 men and seven guns and much war material.

In Transylvania, from Orzova on the Danube near the Hungarian-Rumanian frontier, to the Bukovina border, numerous engagements have been fought. Bucharest claims successes for the Rumanian arms in the region of Colobor, between Fogaras and Sighirna, and in the mountains west of the River Al. It is admitted that the Rumanian troops were withdrawn from the Jial valley, but before falling back they destroyed the coal mines at Petrozany.

The Berlin war office admits the retirement of the Teutonic allies before Serbian, to prepared positions near Lake Prut, on the western end of the Macedonian front, and also at Nize hills, north of Kaimakalan height on the Serbo-Greek frontiers, and that the British are maintaining themselves in positions they have captured along the Struma river, north of Lake Thakovo. In this latter region the British have added to their front the town of Janikof.

Serbs Capture Kessali.

An unofficial dispatch from Paris says the Serbians, in addition to defeating the Bulgarians on Nize hills, have captured the Kessali railroad station. The Serbian territory recaptured by the entente allies, says the dispatch, now comprises 220 square kilometers.

The Italian troops have recaptured the northern slopes of Colobor and advanced their positions there, according to Rome.

King Constantine has Accepted the resignation of the Greek cabinet, and a new ministry is to be formed, in which three followers of former Premier Venizelos, an adherent to the cause of the entente allies, will have portfolios.

MEXICAN NATIONAL BANK BILLS MORE VALUABLE

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
El Paso, Tex., Oct. 4.—Bank bills of the Banco Nacional de Mexico and the Banco de Londres y Mexico, two of the largest banking institutions in Mexico City, continued to increase in price here today at the local banks which handle Mexican exchange.

Following the decree of September 5, issued by General Carranza, requiring a metallic reserve for all bills issued by these banks, the currency dropped four cents in price. The closing of these banks until metallic reserve for their currency could be accumulated also aided in lowering the exchange price of these bills, the bankers said.

The currency of these banks increased in price today to 161.2 cents for Banco de Londres and to 17 cents for Banco Nacional bills. The protest of the British and French embassies to the American state department is given as the reason for this increase and bankers predict a further increase.

Gen. Scott Has Stomach Trouble.

Washington, Oct. 4.—Major General Hugh L. Scott, chief of staff of the army, is undergoing treatment at a hospital here for chronic stomach trouble. It was said he was improving and that no operation was necessary.

MORE MEN NEEDED FOR ARMY AND FACTORIES

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
London, Oct. 4 (4:25 p. m.).—Gen. Sir William Robertson, chief of the imperial staff at army headquarters, said in a speech today at Baidley, Lincolnshire, that while the allies were winning the war slowly, but surely, he wished to impress upon his hearers the necessity of procuring more men for the army and munitions factories. In this connection, he said he had a serious word of warning to give.

"We are not justified in expecting to win the war," he said, "unless the service of every man and woman in the country is utilized to the fullest extent."

"We must be under no delusion as to the end or probable duration of this great struggle. We must be prepared to continue for a time which at present cannot be determined."

"In fact, we must prepare for the worst while we hope for the best. We have adopted in theory the principle of national service. We must see that we put it into practice, because we want more men and we want them now, and eventually we shall want all who can be spared."

BIG MONEY INVOLVED IN CHICAGO GAMBLING

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Chicago, Oct. 4.—Government officers were authority for the statement today that more than \$1,000,000 changed hands daily in the operations of the betting ring exposed by Judge Ladd in his investigation of lands under which defendants in the black-mail cases were released.

Charles E. Cline, district attorney, and James E. Stuart, postal inspector, conferred today in an effort to determine whether postal laws had been violated by the syndicate.

While the ring's headquarters are in Chicago, prosperous branches were reported to Attorney Cline to exist in Cleveland, St. Louis, Houston, Oklahoma City, Des Moines, Denver, Detroit, Omaha, San Francisco, Pittsburgh, Boston and Dallas, with perhaps others.

PURCHASE OF ISLANDS NOT GOOD FOR NATIVES

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
San Juan, Porto Rico, Oct. 4.—"With the friendliest feelings toward the United States and with no desire to criticize or to offend, I do not believe the inhabitants of the Danish islands would be made happier by American purchases," said L. C. Hefberg Larsen, governor of the Danish West Indies, on his arrival here today from St. Thomas.

The governor is on his way to New York and Copenhagen, where he probably will appear before a committee of the Danish diet to give information with regard to the islands before the question of their sale to the United States is determined. The governor will arrive in New York next Monday and will sail for Copenhagen three days later.

LONDON TO HAVE FREQUENT VISITS FROM ZEPPELINS

Cheerful Prospect Held Out for People of British Capital by Earl of Derby; Says Germans Rely on Aircraft.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
London, Oct. 4.—London will continue to be visited by Zeppelins, despite the recent losses and the great improvement in the capital's air defenses. This opinion was expressed to the Associated Press today by the Earl of Derby, who said:

"I shall continue to be on the alert on the German people, who have brought forth Zeppelins, like submarines, could bring England to her knees. I will not say that London is the best defended of the allied capitals, but I can assert that there has been a vast improvement, which means that other Zeppelins will be brought down when they come again."

Satisfied With Campaign.

Lord Derby expressed the keenest satisfaction with the progress of the western campaign which, he declared, only needed good weather to show substantial progress, and asked:

"One of the most striking features of the present phase of the war is the notable decline in the accuracy of the official German reports, which over a considerable period, I am inclined to believe, were reasonably accurate. Now they are evidently written for home and neutral consumption; they are notoriously false in what they relate and strikingly significant in what the minutiae or conceal. The best example of this is their delay in admitting the fall of Thiepval and Combles."

Asked about the possibility of the end of trench warfare the Earl of Derby, who now holds the post of under secretary of war, said it was impossible to make any prediction with respect to that.

Hearing at Silver City.

Santa Fe, Oct. 4.—The state corporation commission has accepted the invitation of the Silver City Chamber of Commerce to hold a hearing at Silver City on freight rates and Pullman service into Silver City.

RUMANIANS WIN STILL FURTHER VICTORIES OVER TEUTON FORCES

Official Statement From Bucharest Tells of Defeat of Germans and Austrians in Transylvanian Engagement.

MANY PRISONERS AND MACHINE GUNS TAKEN

Stubborn Resistance of Heavy Artillery in Dobruja Section Fails to Stop Onward Progress of Troops.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Bucharest, Oct. 4 (via London, 5:16 p. m.).—The Rumanians have inflicted a further defeat on the Germans and Austrians in Transylvania, the war office announced today. The Teutonic forces were defeated in an engagement in the region of Fogaras. We took 800 German prisoners and captured eight machine guns.

"In the mountains west of the River Al we made progress. In the Jial valley our troops have been slightly withdrawn by reason of the violent attacks of the enemy. Before falling back they destroyed the coal mines of Petrozany."

"On the southern fronts in Dobruja in spite of the stubborn resistance of the enemy and the violent fire of heavy artillery, our attacks continue to make progress. On our left wing we conquered a position at Amacea, where we took 50 guns, more than 1,000 prisoners and much material."

ITALIANS GAIN GROUND IN COUNTER ATTACK

Rome, Oct. 4 (via London, 7 p. m.).—"On the northern slopes of Col Bricon, our troops made a vigorous counter attack and succeeded in gaining new ground toward the mountain called Col Bricon Piccolo (Little Col Bricon)," says today's statement.

"Hostile aircraft dropped bombs on Montefalcone and elsewhere on the lower Isonzo, killing one man and wounding another. One of our air squadrons dropped bombs with good effect on the Nabresina railway station in the Carso area."

ARTILLERY FIRE ON SOMME FRONT INTENSE

Berlin, Oct. 4 (via London, 4:26 p. m.).—Following is the official statement regarding the western front: "On the battle front north of the Somme during the day the artillery engagement increased steadily in intensity, attaining its greatest height during the afternoon in the Morval-Bouchavesnes sector. Strong French attacks against our positions on the Souilly-Bancourt road at St. Pierre Vaast wood and in adjacent parts of the wood to the southeast were repulsed, partly in hand grenade engagements. One officer, 128 men and two machine guns fell into our hands. British attacks near Thiepval and Monquet farm were repulsed."

The statement regarding the Rumanian front says:

"The German and Bulgarian troops of the army of Field Marshal von Mackensen delivered an encircling attack with the result that the Rumanian forces which crossed the Danube near Buchovo, south of Bucharest, withdrew in hasty flight."

PLUMBERS DISBAND THEIR ASSOCIATION

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Salt Lake City, Utah, Oct. 4.—The Master Plumbers' Association of Salt Lake, seven of whose members were found guilty of violating the Sherman anti-trust act by a jury in United States district court here last Saturday, has been disbanded. At a meeting of the local last night, connection with the national association was first severed. Then the master plumbers voted to disband entirely.

No action for the disbandment of the state association has yet been taken.

The Salt Lake members admit that the action is a direct result of members of the local, state and national associations having been found guilty of a restraint of trade.

IRISH QUESTION AGAIN TO BOTHER BRITISH SOLONS

Reassembling of Parliament to
Find Matter of Application
of Conscription Arises to
Perplex Leaders.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
London, Oct. 4.—When parliament
re-assembles next week the government
will be confronted with new em-
barrassing proposals for the applica-
tion of conscription to Ireland. The
Times and other newspapers recently
have been conducting a strong cam-
paign with this object in view and the
decisions announced today by the man-
power distribution board and by Gen.
Sir William Robertson, chief of the
imperial staff, that more men are
urgently needed, will, it is believed,
strengthen the hands of the agitators
who have been joined by Sir Edward
Carson.

Sir Edward asserts that the situa-
tion is such that without conscription
in Ireland, it will be impossible to
even maintain the Irish regiments at
the front in their proper strength. He
contends that Ireland could provide
another half million men of military
age, and asks what the colonies, which
have made such sacrifices for the em-
pire, will think of the striking of Ire-
land.

Compulsion Inexpedient.
While most of the responsible poli-
ticians are agreed that it would be
inexpedient to attempt to apply com-
pulsion to Ireland while home rule is
withheld from it, undoubtedly in the
present phase of the European war,
those who are demanding conscription
hold a strong hand and the govern-
ment may find it difficult to resist
their demand.

The nationalists, in reply to Sir Ed-
ward Carson, point out that the col-
onies already have self-government and
hence there is no analogy with the po-
sition of Ireland. They assert that
Ireland will be found to be a united
nation in resistance to compulsion.
The liberal newspapers consider the
agitation another attempt to unseat
Premier Asquith and contend that
while the conscription in Ireland would
provide a few men, it would provoke
another first class Irish crisis and
throw Ireland into the hands of the
Sinn Feiners.

statement made by Manager John J.
McGraw of the New York Giants, that
his team played better ball in the

tured the National League champions-
hip. President John K. Tener of the
National league, said today that the
commission would not take any con-
sideration of McGraw's remarks.

Lincoln, Neb., Oct. 4.—The amount

given out today by Deputy Attorney
General Barrett. The order was
made by Judge Day in the district
court of Butte county. The bank was
closed last May.

Denver, Oct. 4.—A committee was

vestigate the local food situation and

ticles.

PROTECTION FOR RAILROADS URGED IN CONVENTION

Investment Bankers Discuss
Safeguarding Mortgages;
Lewis B. Franklin Re-elected
President of Association.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Chicago, Oct. 4.—An insistence on
proper protection of the capital in-
vested in railroads and an appeal that
railroad mortgages be surrounded
with such safeguards that they may
hold their place among the prime in-
vestments, was made here today by
the investment bankers' association of
America.

The convention went on record as
favoring the deposit of legal opinions
accompanying municipal bonds and
the filing of these with a central of-
fice under the control of the associa-
tion.

Lewis B. Franklin of New York was
re-elected president of the association,
while Frederick L. Pention of Chicago,
and J. Sheppard Smith of St. Louis,
were re-elected secretary and treas-
urer, respectively.

James N. Wright of Denver was
one of the new members of the board
of governors elected.
Baltimore, Md., Oct. 4.—The next
convention in 1917, but this must be
confirmed by the board of governors
at their next meeting.
Earlier in the day the convention
listened to a speech by Walker D.
Hines, chairman of the advisory com-
mittee and general counsel of the At-
lantic, Topoka & Santa Fe railway,
on legislation tending toward the set-
tlement of railway labor disputes.

ATROCITIES ARE CHARGED AGAINST RUMANIAN TROOPS

Report Made by Sofia Corres-
pondent of Berlin Newspaper
in Tells of Specific Instances
in Dobrudja District.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Berlin, Oct. 4.—Further details of alleged
Rumanian atrocities in Dobrudja, says
the Overseas News agency, are con-
tained in a report from the Sofia cor-
respondent of the Frankfurter Zeitung,
who, with several other correspond-
ents and William Warfield, the Amer-
ican charge d'affaires at Sofia, inves-
tigated reports in Dobrudja (Bulgaria),
Silistria, and surrounding towns and
villages. The correspondent writes:
"Everywhere we followed traces of
pillage and incendiarism and
everywhere there was the same com-
plaint about the loss of life and prop-
erty. Entire villages were destroyed
by fire and large quantities of corn,
as well as people of all classes, were
carried away, partly by violence and
partly by false promises. The prett-
iest girls were driven into the Rumanian
trucks, where they were assaulted
and then murdered, especially in the
neighborhood of Silistria. Women
and children were locked up in houses,
then either burned to death or shot.
It has been proved that the Ruman-
ians ravaged the country in indecor-
able fashion on the direct command

Village a Heap of Ruins.
"Before the declaration of war 25-
3000 people and the same number of
cattle lived with food were taken from
Dobrudja. In a village north of Dob-
rudja the Rumanians assassinated thirty-
eight Bulgarians and thirty Turks,
and carried off sixty-four other men.
A village south of Dobrudja is a heap of
ruins and only 20 of 130 houses re-
main undamaged.

"Conditions also were bad around
Silistria, where the villages of Kall-
prova, Aidera, Rehera and Babak
were destroyed. The number of citi-
zens killed, wounded or transported
from Dobrudja is estimated at about
60,000."

IMPORTERS WARNED OF STRICT REGULATIONS

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Washington, Oct. 4.—With the po-
tato crop so short that thousands of
bushels must be imported for home
consumption, the department of agri-
culture today issued a statement warn-
ing importers of strict regulations to
be complied with, requiring permits
for all shipments and examinations at
ports of entry by inspectors of the de-
partment. Because of the expense of
these regulations notice is given that
for present permits would be is-
sued only for the ports of Seattle,
Portland, Ore., San Francisco, Min-
neapolis, Port Huron, Philadelphia
and Boston.

Attention is called to the quaran-
tine against importers from the Unit-
ed Kingdom, Germany, Austria, New
Zealand and the islands of St.
Pierre and Miquelon of account of
the prevalence in those places of the
potato wart, or black scab.
Denmark, Belgium, Holland, Bern-
arda, Cuba and the dominion of Can-
ada have the privilege of exporting po-
tatoes to the United States, having
complied with the regulations regard-
ing examination and certification
prior to shipment.

MEXICANS MUST SHOW ABILITY TO MANAGE AFFAIRS

American Mediators Make It
Plain That Nothing Can Be
Done Unless Carranza Gov-
ernment Gets on Firm Basis

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Atlantic City, N. J., Oct. 4.—Satis-
factory solution of internal questions
laying an international hearing must
be an integral part of the general
program for the rehabilitation of
Mexico, the Mexican members of the
joint commission were informed to-
day by their American colleagues.

The American commissioners took
the stand that no satisfactory settle-
ment of the border problem can be
reached until there is evidence of the
intention of the Mexican government
to handle such affairs that there
will be no occasion for constant diplo-
matic correspondence with other
governments.

The matters especially referred to
by the American commissioners were
those affecting the status and rights
of foreigners resident in Mexico and
of foreigners who have invested capi-
tal in Mexican enterprises.

It was learned today that Luis Car-
rera, head of the Mexican commis-
sion, is dealing with the committee
representing a large group of mining
concerns in Mexico in his capacity as
manager of finance, rather than as
one of the commissioners. He expects
to meet the mining men's representa-
tives in New York Saturday for a con-
ference.

Statement Issued.

The official statement issued by
the commission today follows:
"The morning statement of the
American and Mexican joint commis-
sion was devoted to presentation to
the Mexican commissioners by their
American colleagues of the impor-
tance of giving consideration to cer-
tain questions which have a direct
effect on the status and the rights of
foreigners resident in Mexico and of
foreigners who have invested their
capital in Mexican enterprises.

"The position taken by the Ameri-
can commission is that the satisfac-
tory solution of these questions is an
integral and necessary part of a gen-
eral program, the purpose of which is
to assure to Mexico the resumption of
her normal position amongst the na-
tions of the earth."

Reuters dispatch from Amsterdam

issued to the victors of Rethelshorn
the following:

"Express in all the troops which
participated in the battle at Rethelshorn
my sincere recognition of their
brilliant deeds. A wonderfully super-
ior army was as good as annihilated
and the remnants are still cowering
about the mountain and will not es-
cape their deserved fate. The weak
position which fled to Rumania on hid-
den paths cannot longer be called

"May it so happen with all our
enemies. Go forward to new deeds
and victories for all that is dear to
us."

UNIONS GO ON RECORD AGAINST JAPANESE LABOR

California Federation Debates
Question of Admission of
Japs and Then Decries Em-
ployment of Orientals.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Pasadena, Cal., Oct. 4.—At the end of
a protracted debate today on the ad-
missibility of admitting Japanese to
California labor unions or organizing
them separately, the California fed-
eration of labor unions voted to re-
frain from any action on the ques-
tion of Japanese labor in any
form. A similar resolution has been
adopted by the convention annually
for the last six years.

The debate on the conventional floor,
led by Hugo Ernst, head of the em-
ployers' union of San Francisco, and
participated in by a score of delegates,
became heated at times.

A majority of the speakers ap-
peared to favor separate Japanese la-
bor unions in preference to admitting
the Asians into existing organiza-
tions, and urged that such organiza-
tions would reach for in solving the
California-Japanese labor question by
eliminating "cut rate" competition.

Wage Scale Differing.
Organization in Japan as a feel-
ing to unionization here was ad-
vocated as an educational step, better fit-
ting the Japanese laborer to enter the
country as wage worker. It was said
by virtue of a higher wage scale and
raised standards of living previously
gained abroad.

"If the Japanese are organized," as-
serted Ernst, "they will be removed as
a source of unfair competition in the
labor market. I would then be will-
ing to take any chance with them, and
if the Asians were more fit for my
position than I, he would win the job
and deserve it."

Throughout the discussions, B. Sa-
zuki, president of the Japanese
Friendly Society of Japan, and seated
as a fraternal delegate, was present.

"MOTHER" JONES GETS INTO STREET CAR STRIKE

widely known as a labor orator, ad-

"They're fighting for them," she de-
clared. "Let them help you fight."
She asserted that the carmen should
insist on only seven hours work a day
for \$5 a day.

According to officials of the transit
company service on subway and
elevated lines is normal and on sur-
face lines nearly normal. Out of a
total of 613 arrests during the strike,
it was said tonight by Interborough
Rapid Transit company officers, there
have been 422 convictions while forty-
two cases are pending.

WORDS OF PRAISE FOR WILSON COME FROM ALL SIDES

**National Committee in Receipt
of Hundreds of Letters From
Every Part of Country Ex-
pressing Approval of Wilson**

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL.)
New York, Oct. 4.—More than money is pouring into the office of the treasurer of the democratic national committee—these words of praise that come alike from rich and poor, showing that the endorsement of President Wilson and the hope of his reelection are not confined to any single class of Americans. Some of these expressions, as contained in letters to Henry Morgenthau, chairman of the finance committee, follow:

Prof. Lelley C. Barrett, Trinity college, Hartford, who was an instructor at Princeton while Mr. Wilson was there: "Wilson is leading the democratic house of representatives. I am sorry I can not give more."
Cornelius Bliss Thomas, of California, nephew of the late Cornelius N. Bliss, treasurer of the republican national committee: "I am glad to see Mr. Wilson's campaign for peace, prosperity and equity."
C. G. Norment, Marlana, Ark.: "My confidence in Wilson has been firmly established by his demonstration of unflinching integrity, intellect and the right use of his ability."

Would Make It Unanimous.
A. H. Jones, Portland, Ore.: "There should be no necessity for a campaign to re-elect President Wilson. It should be by acclamation."

Wilbur T. Copeland, New York City: "I never have voted the democratic ticket, but it seems to me that President Wilson deserves all I can do to re-elect him."

Arthur T. Davenport, chemical engineer with the DuPont Powder Co., Wilmington, Del.: "I intend to vote for the man who has taught the world a thing or two about higher civilization."

A. Hoxley, San Francisco: "I send five dollars, wish I could afford a million."

Alban P. Mann, New York City, who describes himself as a "Christian Socialist": "Wilson's policies have strengthened all legitimate enterprises at home and have kept us honored and at peace abroad. The republican party has had no principles since the civil war—only to tax the many for the benefit of the few."

John T. Gillespie, Wilkesburg, Pa.: "I shall vote for Wilson because he is trying to better the condition of the laboring classes."

J. T. Beeson, Millersville, Ga.: "In opposing economic imperialism, Wilson is maintaining relations on a high plane. The democratic party should be added to the Monroe doctrine. He has made good."

J. M. Rogers, Traverse City, Mich.: "Wilson has kept us out of war with honor and dignity."

E. J. Clancy, St. Louis: "Never have we had a president who has had the interests of the people more at heart!"

Woman Promises Help.
Mrs. J. A. Brooks, Bowling Green, Ky.: "I can't vote, but I will help otherwise to elect Wilson, the man we need more now than ever."

P. W. Rockwell, Galesburg, Ill.: "I can not understand why Wilson is not re-elected unanimously. What fools the mortals be!"

Milton Leon Keller, age 14, Brunswick, Ga., sending a contribution of \$2.25, collected from twenty-four of his friends: "I am an enthusiastic boy scout, believe me first in America and then in President Wilson."

Mrs. M. Kennon, wife of District Judge Kennon, Columbia, Tex.: "I believe Mr. Wilson's reelection will bring good to all the people, without regard to sex. I am a much blessed by wise, good government as is my husband."

Juliet Marshall Smith, New Hope, Pa.: "This is a part of a nation's work to keep President Wilson another four years where he can continue to serve in his fine, capable and human way, the people of these United States."

Thomas L. Chadbourne, in accepting the chairmanship of the New York state democratic finance committee: "I have only a month to work in, and I need help and need it quickly. I want a hundred good democrats to help me to get a thousand to help me to get one hundred thousand, and, as a beginning."

DREAMS COME TRUE OUR MESA LANDS TO BLOSSOM SOON

For many years the residents of Albuquerque dreamed of the time when city water would be available on the level mesa south of the University of New Mexico, where the University Heights Addition is now located. The soil was known to be of a very rich nature and the contour of the ground such as to permit of the very highest stage of cultivation for making yards beautiful, the raising of garden truck and growing of ornamental trees.

At last the dream has come true and city water is now available to all those purchasing lots in the University Heights Addition, west of Dartmouth avenue, which is right blocks east of the University. The water rates are the same as prevail in the city.

Along with the installation of city water, the development company has also extended the electric light system over that portion of the addition, and with the rates the Albuquerque Electric Light Company are making for cooking, it is now possible to cook with electricity cheaper and cleaner than with gas.

Along with these two great improvements, the City Electric Company has also extended its street car line to the University Heights Addition, which solves the transportation problem.

Beautiful building lots, 50 ft. wide by 142 ft. deep, are now selling at approximately \$175, more or less according to location, on easy payments, and with every lot sold an opportunity is given to secure a new model 1917 Ford touring car absolutely free.

D. K. B. Sellers is secretary of the company, which has offices at 3-5, 7 First National Bank building, Phone 825.

TIME IS THE TEST

The Testimony of Albuquerque People Stands the Test.

The test of time is what tells the tale. The public soon finds out when misrepresentations are made, and merit alone will stand the test of time.

Albuquerque people appreciate merit, and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article is testimony such as the sufferer from kidney ills is looking for.

Mrs. E. Adair, 823 S. Eighth St., Albuquerque, says: "I had pains in my back below my shoulder blades. When I was on my feet or walking around, I didn't feel the trouble but the minute I sat down the pain began. One box of Doan's Kidney Pills brought relief. I know that Doan's Kidney Pills are just as good as they are claimed to be." (Statement given Jan. 21, 1917.)

On May 29, 1917, Mrs. Adair said: "I use Doan's Kidney Pills occasionally as I find need of them and I always get quick and sure relief."

Price ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Adair has twice publicly recommended. Foster-McBarn Co., Proprietors, Buffalo, N. Y.

How Catarrh is Contracted.
Mothers are sometimes so thoughtless as to neglect the child when their children contract. The inflammation of the mucous membrane at first acute, becomes chronic and the child has chronic catarrh, a disease that is seldom cured and that may prove a life-long burden. Many persons who have this loathsome disease will remember having had frequent colds at the time it was contracted. A little foresight, a bottle of Chamberlain's Cough Remedy judiciously used, and all this trouble might have been avoided. Obtainable everywhere.

Healthy Skin DEPENDS ON KIDNEYS.

The skin and the intestines, which work together with the kidneys to throw out the poisons of the body, do a part of the work, but a clean body and a healthy one depend on the kidneys. If the kidneys are clogged with toxic poisons you suffer from stiffness in the knees in the morning on arising, your joints seem "rusty," you may have rheumatic pains, pain in the back, stiff neck, headaches, sometimes swollen feet, or neuritic pains—all due to the uric acid or toxic poisons in the blood. This is the time to go to the nearest drug store and simply obtain a box of Chamberlain's "Anuric" Tablets. The discovery of Dr. Pierce of Buffalo, N. Y. Then drink a cup of hot water before meals, with an "Anuric Tablet," and notice the gratifying results.

ATONEMENT DAY TO BE OBSERVED BY LOCAL JEWS

Most Solemn of All Occasions in Hebrew Calendar Comes Next Saturday; Interesting Services at Temple Albert.

The Day of Atonement (Hebrew name, Yom Kippur) falls on the 10th day of the month of Tishri, corresponding to October 7 of the current calendar. A special service the evening before ushers in the solemn occasion, which service is known as the "Kol Nidre" (all vows), so-called from the opening words of the introductory prayer. This introductory prayer is noteworthy among other things, for the profoundly beautiful melody to which it is traditionally chanted. Arranged for modern instrumentation, the Kol Nidre melody now finds place on various symphony programs.

The Day of Atonement itself is the great White fast, the culmination of the penitential days inaugurated by the Jewish New Year. The Bible in Leviticus XVI. All this pomp of ritual disappeared with the downfall of the temple at Jerusalem. But the loss of priesthood and altar did not affect the vital significance of Yom Kippur as such, which still remains the supreme day in the religious calendar of the Jew.

Purpose of Day.
Its primary purpose as the name "Day of Atonement" implies is to effect an atonement in the moral and spiritual life of the individual and the community; to restore, in other words, the harmony between man and his fellow-men, between man and his own higher self, between man and God, where ever and however that harmony has been broken by sin. All the austere ceremonial of the day, the prayers and fasting from evening to evening are meant to work on the conscience, the heart, and the soul, and bring them to the mood of genuine contrition for the evil of the past and the yearning desire for amendment in the future.

Coupled with the call to "repentance" is the comforting assurance that God's tender mercy and pardon will be vouchsafed to those who are truly penitent. No mediator is necessary, no vicarious sacrifice. The only requirement for forgiveness is the sincere turning from sin and the coming to God in love and following His law in loyalty.

One of the most impressive features of Yom Kippur devotion—continued for the entire day until sunset—is the memorial service for the dead held usually in the afternoon. The concluding service of the Day of Atonement is called Kaddish and the tone of its prayers is holy joy in the consciousness of God's forgiveness and loving favor.

Yom Kippur will be observed in Albuquerque with special services at Temple Albert Friday evening at 7:45 o'clock and on Saturday by services beginning at 10 o'clock in the morning. An excellent musical program will be rendered.

Directors End to Elect.
New York, Oct. 4.—Directors of the Northern Pacific railroad met for the election of officers today but failed to choose a successor for the late William H. Clough, chairman of the board. The vacancy will be filled later. George T. Early, formerly secretary and assistant treasurer, was elected third vice president, and E. A. Gay was made secretary and assistant treasurer. All other officers were re-elected.

BURGLAR GETS \$775 IN JEWELRY AT IVES HOME

Passes Room of Sleeping Couple Without Arousing Them and Finds Stuff in Drawer of Chiffonier.

The persistent burglar who made his presence in Albuquerque known early Tuesday by robbing the home of another, gave further evidence of his persistence yesterday morning. After getting discreetly small foot in the Highlands, where he visited several homes, and after being shot at by a citizen, whose home he had entered, he made two more attempts early yesterday morning. One pointed him the greatest haul he made in Albuquerque.

The robbery at the home of Byron H. Ives, 929 South Fourth street, stands out from the others committed in the last two days by reason of the amount of stuff stolen. Mr. Ives placed a value of \$775 on jewelry. That he had been robbed was found by Mr. Ives when he got up early yesterday morning to go to his hat house. The burglar disturbed neither him nor Mrs. Ives, although he passed by their room.

Only a screen door barred the burglar's entrance to the Ives home. He forced that door open and set a break against the door so that it would remain open, probably remembering his experience in the Highlands the previous morning. Started with his gun in a corner on South Fourth street he made a break for the open door. The screen door swung in. He did not delay to open, but dashed through it, tearing the screen and breaking through the frame as if it were paper.

At the Ives home he walked softly past the bedroom where Mr. and Mrs. Ives were asleep, crept upstairs where he found more than \$700 worth of jewelry in the drawer of a chiffonier. He took it and left.

From the Ives place he went to the home of Edith Romero, 714 West Silver avenue. He forced his way through the screen, but a young woman, who was sleeping on the porch, frightened him away. The man evidently cut his hand on the screen. The sidewalk was marked with blood stains.

The jewelry taken from the Ives place was listed at police headquarters as follows:

Lady's gold wrist watch, studded with pearls.

With twenty-eight or thirty pearls; monogram "H. A. P." engraved on back of case; "Anglo-Canadian Leather Co. July, 1913," engraved on inside of case; value, \$100.

Pendant necklace, containing small diamonds set in platinum; platinum chain attached; value, \$100.

Lady's diamond ring, containing two sets; value, \$200.

Lady's diamond ring, solitaire; value, \$175.

Diamond brooch; value, \$150.

Small diamond ring; value, \$50.

Suspects Arrested.
The police are still handicapped through the lack of a detailed description of the man. Persons who saw him caught only a fleeting glimpse of him and at that saw him in imperfect light. The police reported last night that several suspects had been arrested and held for investigation.

RED SOX TAKE LIGHT WORKOUT PREPARATORY TO OPENING OF SERIES

(BY MORNING JOURNAL SPECIAL LEADER WIRE)

Boston, Oct. 4.—Manager Carrigan of the Boston American league, put his men through a light workout this afternoon on Braves field, the home of the Boston National club, where the world's series in this city are to be played. The squad was divided into two teams and ten innings were played. No attempt was made to keep a score. All the regular pitchers were sent in to work for an inning or two, and batters were given plenty of opportunity to hit the ball in order to acclimate the fielders to judging fly balls and the shades of the park.

Captain Barry was second baseman of one of the teams, but his injured hand is still weak, and it is not believed that he will figure in the world's series. Janvyn, who has been at second in Barry's absence, is expected to play the position.

Tomorrow a team of Boston players will go to Worcester, where they will have a benefit game with the Philadelphia Americans. The proceeds will be turned over to the memorial fund for John H. Gaffney, a former National league umpire.

Captain Barry will have charge of this team, which will be completed largely of substitutes. Manager Carrigan will give the regular team another light workout tomorrow afternoon.

From the number of applications already received, the world's series promises to break all existing records, as far as newspaper attendance is concerned, it is said.

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush kidneys if bladder bothers you.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well known authority, because the uric acid in meat excites the kidneys, they become overworked get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, swollen joints, indigestion, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

BIG ONES FALL HARD, IS U.N.M. COACH'S VIEW

Enthusiasm Runs at High Pitch at "Pep" Assembly Held at University; Team Leaves Tonight.

Enthusiasm ran at a high pitch at the "pep" assembly, held yesterday at the University of New Mexico, for the football team, which will leave tonight for Colorado Springs to play the Colorado College team Saturday.

Speeches were made by Captain Broderick, Joe McCanna, president of the student body; Coach Hutchinson, Manager Bruce, President Boyd and Professor Weese.

Mr. McCanna, in introducing Captain Broderick, expressed the confidence of the student body in the coming conflicts with the Colorado college and the Colorado School of Mines.

Captain Broderick told of the practice work being done by the team and expressed confidence that the team would be in the pink of condition.

Especially confident was he of the outcome of the game with the Colorado School of Mines, which is to be played here October 14, "when," he said, "we may profit by our experience with Colorado Springs and will play on our home field backed by such spirit as is manifested here this morning."

Coach Hutchinson told of some of his experiences in other schools, expressing his preference for a fast, light team over a heavy one which is not so fast.

"The bigger they are, the harder they fall," he maintained, expressing his belief that U. N. M. will be prepared to play against any class and weight. This year, Hutch, too, expressed the belief that the team would win much from the Colorado college game, declaring that it was in position to give Albuquerque the best game of football it has ever witnessed when the quick eleven of U. N. M. meets the heavier team of the Colorado School of Mines. Hutch told the assembly that the best teams he had ever coached had been in the light but speedy class.

Manager Bruce declared that the managing end of such a season would be an easy matter because U. N. M. would be prepared to give the Albuquerque enthusiasts more than enough for their money this year. In making the price of admission \$1 for the Colorado School of Mines game he expressed the belief that no heavy ticket canvass would be necessary this year.

"We could have just as easily charged \$1.50," he declared, "but we have been loyally supported by Albuquerque in the past and this time the treat is on us."

Doctor Boyd spoke enthusiastically on football prospects and expressed great pleasure that the university was progressing so rapidly in this line.

Following the talks yells for the team were given and plans were made to escort it to the train and to give it a good send-off at 7:30 o'clock tonight.

WORLD'S RECORD IS BROKEN AT LEXINGTON BY LEE AXWORTHY

(BY MORNING JOURNAL SPECIAL LEADER WIRE)

Lexington, Ky., Oct. 4.—The world's record for trotting was broken at the third day of the Kentucky Horse Breeders' association meeting here today.

The world's record was broken when Lee Axworthy, in an effort to break the track record of 2:02 for trotting stallions, made by Peter Volo last year, lowered his own world's record to 1:59 1-2.

Lozelle Spier, the world's champion mare on a half-mile track, went out to beat 2:05, and trotted the mile in 2:03 1-4, which is the season's mark for trotting mares, and Joan Hal, in winning the Board of Commerce stake for 2:00 pacers, went the second mile in 2:00 2-4, which also is the season's mark for pacing geldings. All the races today were decided by straight heats.

Lee Axworthy's performance was the sterling effort of the week. The son of Guy Axworthy never faltered. His fastest quarter was the third, which he trotted in 28 3-4 seconds. A stiff wind almost pulled the stretch hindered him in the last quarter. The champion was paced by two runlets.

In the Board of Commerce stake, single G, the favorite, was off to a bad start in the opening heat, and finished second, Joan Hal winning. Joan Hal also won the second and deciding heat, again easily beating single G. Third money went to Jada, (mounds and fourth to Italian Direct.

Harry J. S. was never in danger of winning the 2:13 trot, Baron Robin Hood, a 3-year-old, took second money. Vanko was third and The Woodman fourth.

Little Frank D. took the 2:12 pace.

HEALING OLD SORES.

The much heralded "reconciliation" between former Presidents Roosevelt and Taft shows signs of having been a dramatic reuniting of two old hearts that had become estranged, and the country generally had come to picture a scene in which Theodore and Will should put their hands on each other's shoulder, retire to a cozy corner, talk it over and then come out and announce that they were as good friends as ever and each one trying to outdo the other in support of Charles E. Hughes.

Nothing of the sort happened. From the veracious accounts sent out by the Associated Press, one may infer that the two former presidents, after having been first searched for deadly weapons, were turned loose on the same floor of the Union League club building, while all present held their breath and hoped for the best. They met. "How do you do?" asked one. "How do you do?" replied the other. They shook hands. Then Colonel Roosevelt, we are told, turned his back on Mr. Taft and began talking to some one else.

Quizzed regarding the matter after it was over, Mr. Taft remarked that he and Colonel Roosevelt had done only what any two gentlemen would do under the circumstances. Colonel Roosevelt declined to express an opinion or to make any reference to the matter at all.

In the language of the streets, that was "some reconciliation." One can imagine the rush of feeling that came over each—the warm glow of affection that suffused and illuminated the countenances of both—on this remarkable occasion. Only the presence of Charles W. Fairbanks, that other emotional statesman of the old guard, was needed to complete a scene that would have made a three-cornered Damon and Pythias attraction to cause any moving picture magazine to turn livid with envy.

The extent of the reconciliation seems to be that Colonel Roosevelt did not tell Mr. Taft to his face that he was a political porch-climber and a corrupter of the vote, and that Mr. Taft did not call Colonel Roosevelt any of the best expressive but equally vehement names that he used as descriptive of his opponent for the republican nomination at this time. What the two gentlemen think of each other does not, on the face of the record, seem to have undergone any radical change.

It is significant, by the way, that the last prior meeting of the two ex-presidents was at a funeral. Each must have been reminded of the funeral by the atmosphere that pervaded the scene of their reconciliation. However, they are getting on. At the funeral they merely shook hands and did not speak. At the reconciliation they not only shook hands but said, "How do you do?" Who knows what progress they may yet make?

Yes, it's a beautiful climate we are enjoying just now, but let us not forget to impress upon the beautiful easterner that climate isn't all that New Mexico has.

"DISLOYAL SUPPORT."

The Philadelphia Public Ledger is fighting President Wilson vigorously but it has words of warm approval of his reply to the O'Leary message. The Public Ledger says:

"President Wilson's prompt and definite repudiation of disloyal support embodied in his reply to an impudent message from the president of the American Truth society, was a timely, just and well-deserved rebuke. There has been too much talk during the present political campaign of foreign sympathies and their bearing upon the verdict of American citizens upon governmental policies. And there has been a deliberate attempt to revive the narrow and mischievous spirit of 'Know-nothingism' in this country, an attempt that will inevitably react upon those who are employing it. There is no room here as an element in our political life for 'anti-British,' 'anti-German,' 'anti-Irish' or any other type of propaganda based on foreign animosities and prejudices, and the same objection

will lie against the corollary to this spirit, the pro-foreign nationalism. The foreign relations and policies of the government undoubtedly are issues in the present political campaign, but they are to be settled solely on the basis of what is best for America, not what will serve the interests of some foreign power. The support of a disloyal cause and a menace to both parties will be the ruin when their leaders have the honesty and the courage to repudiate it. Neither the president nor Mr. Hughes is seeking or desiring of 'disloyal support,' whatever may be the mendacious assertions of partisans to the contrary."

However, everybody will admit that "Cap" Gilgewater knows as much about sound banking as Gregory Page does about prohibition.

A CONTRAST.

Since those who are endeavoring to bring about the election of Frank A. Hubbell as United States senator and John O. Bursum as governor insist on making Governor McDonald the principal issue in the campaign, and since the governor has not only raised no objection to this course but has welcomed the opportunity to defend his administration, it might be well to contrast the condition of the state of New Mexico at the present time and before McDonald was elected governor.

It is no exaggeration to say that the state has made more real progress under the McDonald administration than it made for the twenty years preceding its beginning. The people have been prosperous, the schools have been kept up to a standard hitherto unknown, there has been an unexampled era of development in road building, and in everything that goes to make a people happy and well-to-do the conditions have been such as to leave little room for improvement. In governmental affairs there has not been the slightest suspicion of graft. The square deal has been the standard by which all matters in dispute were decided. Economy and efficiency have prevailed in all administrative affairs.

Under the regime of politicians of the Hubbell-Bursum type New Mexico was perhaps the worst governed community in the United States. The school teacher might be able to read and write, or he might not, but it was essential that he be in with the bosses if he expected to hold his job. There was practically no road system. Taxation was unjust, unequal and burdensome to the masses while falling lightly if at all on the favored few. Straits honeycombed the state government from top to bottom.

The outfit of Hubbellism may contrive to hide its stupid head under a venomous attack on Governor McDonald, but it will never be able to conceal from view its own hideous outlines or make the people of New Mexico forget its sinister meaning.

It's a pity Thanksgiving day doesn't come before election. Then everybody could enjoy it.

DESPERATE STRAITS.

To such desperate straits are some of the kept newspapers of the Hubbell-Bursum combination reduced that they are quoting from paid advertising matter inserted in the Journal by their own campaign committee and endeavoring to make their readers believe that these statements are editorial expressions of this paper. It is not a high compliment that they pay to the intelligence of their readers to suppose that they would "fall for" such a trick, but it is the fact they can do under the circumstances.

It would be useless, of course, to waste words in comment on political methods of this sort. The reader who can not discriminate between a paid advertisement and an editorial expression would not be apt to understand either if it were explained to him. Perhaps, however, it is such readers who make it possible for the kept newspapers of the Hubbell-Bursum combination to continue publication.

Trust is lost. So it proved with the Montezuma Trust.

Notes of Interest From State Museum

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)
Santa Fe, Oct. 4.—Miss Helen Dunlop, the Los Angeles artist, who spent the summer in this part of New Mexico yesterday afternoon exhibited her paintings of Taos and vicinity, including a number of striking Indian portraits. Mr. Robert Henry at the same time gave a critique, such as he gives his art classes in New York, which proved to be the most interesting lecture on art ever given in the old palace. Miss Dunlop's pictures are high in color and are most interesting compositions. She left for Los Angeles yesterday afternoon but is expected to return to this country after she will return in December.

Mrs. H. G. Ferguson, the artist, after spending the summer in this vicinity, left for her home at Washington, D. C., yesterday afternoon. Mr. Ferguson will remain at Montezuma for the time being doing geological research work for the government.

Formal presentation to the School of American Archaeology of a superb painting by Mr. Robert Henry will take place within the next two weeks. The presentation is to be made a social event and the picture will be exhibited for several days. It will form part of the collection for the art gallery in the new museum building.

CLUB WOMEN DISCUSS LEGISLATIVE MATTERS

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)
East Las Vegas, N. M., Oct. 4.—A large attendance and unusual interest in the matter of legislation affecting women and children and the advancement of New Mexico was shown at the annual meeting of the state federation of women's clubs now in session here. Prohibition, woman's suffrage and property rights of women were to be discussed and some recommendations made to the legislature. Charles A. Spruce, State Senator from Barth and Dr. R. E. McBride are on the program for addresses on interesting topics.

The delegates and visitors were guests at a luncheon Wednesday at noon and will be taken Thursday at noon for a picnic at the Hot Springs. So far there has been no apparent indication that politics will be injected into the meeting in the election of officers. The election, however, is not to occur for two days.

Governor to Make Speech

Santa Fe, Oct. 4.—Governor McDonald is to be one of the speakers before the democratic county convention on Saturday. It is expected that he will then answer the charges made in reference to the failure of the bank at Las Cruces, which has been made an issue by the republicans in the present campaign.

Teachers Make Headway

Santa Fe, Oct. 4.—"Teacherages" are making headway in New Mexico. Talban is the latest district to build a school for its teachers for a "teacherage" is included in the \$2,000 modern school house the district is erecting according to word to the department of education today.

FORTNIGHTLY CLUB WILL ENTERTAIN WITH MUSICAL ARTISTS

Albuquerque is to have a big musical artists course this year. The Fortnightly Club has made arrangements to bring to Albuquerque, Florence Shuchts and Cecil Fleming from between November and April, and there is a very strong probability that Frances Ingram will be added to the list.

Both Miss Macbeth and Mr. Fanning are Americans. "The Minnesota Nightingale," as Miss Macbeth is frequently called, is a celebrated soprano and has made a great reputation, not only in America but also in England. She is a member of the Chicago Grand Opera Company.

Mr. Fanning is one of the products of Oberlin college, and is probably the most popular baritone on the American concert stage. Both his voice and manner are very appealing and he makes enthusiastic friends wherever he goes. This is not his first appearance in New Mexico, as he has already sung in Santa Fe.

Mr. Gutz is one of the really great pianists in America today. Like his confreres, Godowsky, Godebsky, and Bauer, he is now spending all his time in this country either on tour or teaching. Mr. Gutz is a Swiss and made his first visit to this country in 1912. He is the former teacher of Mrs. Mabel Spiccia Brown, and Albuquerque will welcome him more particularly on that account.

If the club, looking the musical course can secure Miss Ingram, the members will feel entitled to wear feathers in their bonnets for Miss Ingram, next after Mrs. Brown, was a sensation of Chicago's grand opera season last year, and will give with that organization made this winter.

Not across the Schumann-Heink-Brahms-Kreisler course in 1915, has Albuquerque attempted an ambitious art season, but the low price asked for the four numbers practically guarantees success.

Counties Report School Census

Santa Fe, Oct. 4.—Elbert and Roosevelt counties are the only ones of the twenty-six who have thus far reported the result of their school census last month to the department of education. Union county this year has 2,892 pupils as against 2,275 in 1915, a gain of more than 10 per cent. Roosevelt county reports 3,024 persons between the ages of 5 and 21, as against 2,871 last year. These figures give an intimation of the growth of population in both counties, and which is believed to be almost altogether democratic in sentiment.

CALOMEL TODAY, SICK TOMORROW

Dose of nasty calomel makes you sick and you lose a day's work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a stomach liver. When calomel comes into contact with your bile it crashes into it, causing cramping and nausea. If you feel bilious, headache, constipated and all knocked out, just go to your drugstore and get a 50 cent bottle of Dodson's Liver Tonic, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow, besides, it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.

UNION PACIFIC SHOWS BIG EARNING INCREASE

(BY MORNING JOURNAL SPECIAL LEARNED WIRE)
New York, Oct. 4.—The annual report of the Union Pacific railroad company for the year ended June 30, last, made public today, showed earnings of \$3,335,000, an increase of 10.9 per cent over the previous year.

Total revenue of \$104,717,000 shows an increase of \$17,555,710; net revenue after taxes of \$49,825,526 is an increase of \$10,643,430; total income of \$54,127,375 is an increase of \$10,643,430 and the surplus after charges of \$28,777,507 is increased by \$10,254,945.

Surplus after additions and betterments of \$13,487,950 marks an increase of \$7,843,818. There was a net increase in assets of \$18,556,972, and a net decrease in liabilities of \$11,816,297. At the end of the fiscal year the company had \$12,234,369 cash in treasury, \$11,506,000 in time deposits and \$16,768,505 in loans, this representing a gain of \$18,447,790 in funds during the year.

Reviewing the operations for the year, Chairman Robert S. Lovett said, in part:

"Operating revenues for the year are the largest in the history of the Union Pacific system. This extraordinary increase is due to the business revival affecting all lines of traffic which set in along our territory October 1, 1915, and the curtailment of shipping through Pacific coast ports and our Atlantic ports on account of the withdrawal of ships to more profitable lines as a result of the European war and the closing of the Panama canal."

Chairman Lovett points out that these conditions still exist.

L. & N. HAS GREATEST YEAR IN ITS HISTORY.

Louisville, Ky., Oct. 4.—The Louisville & Nashville Railroad company closed the greatest year in its history on June 30, according to the report of President Milton H. Smith at the annual stockholders' meeting here today. Its gross operating revenues for the fiscal year were \$69,817,931, an increase of \$8,711,759 over the previous year and \$11,157 over the year ending June 30, 1914, the best previous record.

Storm brewing in Southwest. Santa Fe, Oct. 4.—This afternoon the barometer at the United States weather bureau office began falling.

"Meat Prices Will Not Come Down"

is the cheerful news that comes from the Department of Agriculture. Meat prices will not worry the man or woman who knows that a Shredded Wheat Biscuit will supply more real body-building nutriment than beefsteak or eggs and at much less cost. Shredded Wheat remains the same price, the same high quality, supplying all the nutriment a man needs for a half day's work. Two shredded wheat biscuits with peaches and cream or other fruits make a complete, nourishing meal at a cost of not over five cents. Made at Niagara Falls, N. Y.

rapidly and reached a point lower than it has indicated for many weeks, indicating that a storm is brewing for the southwest. The velocity of the wind also crept up to almost thirty miles an hour this afternoon driving dust clouds before it.

Krumbles is made from selected Durum wheat, the whole of the wheat, cooked, "krum-bled" and delicately toasted.

Here Tonight.

Democratic speakers will invade Bernalillo county from the north today, speaking at Alameda this morning and at Ranchos de Atrisco tonight. They will pass through Albuquerque, but will not speak here. J. L. Hall of Chama, candidate for treasurer, and J. B. Larrazolo of El Paso, make up the party.

The democratic county central committee and the Woodrow Wilson club of Albuquerque jointly appointed a committee to meet Mr. Hall and Mr. Larrazolo at Alameda. The committee will escort them to Ranchos de Atrisco, where they will speak tonight. The meeting is to be held in the school at Ranchos de Atrisco. The committee consists of District Attorney Manuel U. Vigil, City Treasurer Warren Graham, J. A. Montoya and John Heaton.

Mr. Larrazolo and Mr. Hall have been traveling through Sandoval county in an automobile. Passing through Bernalillo county today, they will continue south. They have only two speaking dates in this county on this trip. They may appear in Albuquerque.

Friday they will speak at Peralta and Belen.

Speaking Here Tonight.

The reception committee is made up of Assistant United States Attorney Henry C. Coors Jr., R. C. Wootton, Rafael Garcia, Frank Holt, George C. Taylor and Judge W. W. McCallahan.

INTEREST IN COMING
ELECTION IS SHOWN
IN HEAVY WAGERING

Heavy betting reflects interest in the state and national elections. At the Capitol bar, where betting has been heaviest, the amount at stake yesterday reached \$10,000. The amount was greater than that which had been put up on the eve of the last election.

The world's series yesterday was beginning to take a place alongside politics on bulletin boards. A wager at even money was offered on the Boston Red Sox at the White Elephant. The Chicago city series also found a place on the board at the Capitol, thanks to a fan who liked the White Sox chance against the Cubs.

GERMAN STOWAWAY HAS
SERIES OF HARDSHIPS

Baltimore, Oct. 4.—After spending a year in a French prison camp, stowing away on the Norwegian steamer Sif, and spending eight days with chocolate and water as his only nourishment, Edward Kosmol, a German soldier, was taken before Immigration Commissioner Stump when the steamer arrived today, and held pending a decision on his case.

Kosmol told how, on July 22, 1915, he was a member of the Fifty-first German Infantry, crushed by the French at a battle near Arras in France. With 3,000 other Germans he was taken to Havre and placed in the prison pens. Later he was one of hundreds marched daily to the great quays of that port to help discharge steamships that brought food and ammunition for the allies.

TAFT ATTACKS
FISCAL POLICY
OF DEMOCRATS

Former President Charges Extravagance; Compares the Present Campaign to That of 1896.

Trenton, N. J., Oct. 4.—Asserting that the campaign of 1916 is as important as the campaign of 1896, and that the democratic party and its candidate are seeking power for disingenuous, unsound but alluring reasons, former President Taft opened the republican state campaign here tonight.

Mr. Taft attacked the democratic party's fiscal policy as extravagant, its free trade tariff, its claim to credit for prosperity, and also its foreign policy. He also turned his attention to President Wilson's defense of his course in settling the threatened railroad strike through the enactment of the Adamson law.

"Corporations and trade unions are necessities of modern economic society," said Mr. Taft. "The power they acquire, however, may tempt to serious abuse, and they have done so. Hence the anti-trust law and the interstate commerce law. Labor leaders have sought exemption from such law and in some instances they have been successful. Unwise subservience to demands of labor leaders finds its crowning instance in Mr. Wilson's dealing with the threatened strike of the railroad brotherhoods."

Wilson Had "Clean Slate."

"It was one of the great national humiliations to which the people of this country have been subjected," Mr. Wilson's defense is that he acted in behalf of humanity and of society, but this defense is palpably disingenuous and confirms the just inference that what moved him chiefly was to secure votes and that the real interests of the country had but little effect.

"Mr. Wilson can not shift blame for his blunders in Mexico. He had a clean slate upon which to write when he came in."

"Mr. Hughes is a man whose avowed opinions always have been the guide of his actions. Having in view Mr. Wilson's record on nearly every political question, and Mr. Hughes' course as governor of New York, it would be difficult to find among the public one who is less like Mr. Wilson than Mr. Hughes."

LONDON INTERESTED
IN FATE OF BREMEN

London, Oct. 4.—The naval authorities here are manifesting great interest in the fate of the German submarine Bremen, which some time ago was reported to have sailed for the United States and which they say is now greatly overdue. In discussing the possible fate of the submarine, the naval authorities ask if it is likely to be put into some obscure American port. It is known here that the Bremen was reported on her way to the United States, but the last report of her showed her to be a considerable distance from the American coast.

In naval circles it is generally felt that the German submarine campaign has again assumed serious proportions. In these circles the opinion is expressed that Germany has after-war, as well as present conditions in view, in her destruction of tonnage and the feeling is growing that Great Britain soon will be compelled publicly to announce a ton-for-ton policy as one of the clauses in the peace treaty unless Germany desists in sinking merchant tonnage.

CONSTANTINE PRESIDES
OVER CROWN COUNCIL

Athens, Oct. 4.—(via London).—King Constantine presided over the crown council held at the palace this morning to consider written opinions of the situation submitted by each minister to which the minister's resignation was appended to be accepted in case the opinions were unsatisfactory to the monarch.

The minister of the interior, Loukas Roufas, the minister of communications, Lyssandros Kafandjoglou, and the minister of justice, M. Vokotopoulos, opposed Greece's entry into the war.

The king promptly accepted the resignation of the entire ministry for the purpose of forming a national war cabinet, which will include three of the adherents of ex-President Venizelos.

Demetrios Diamantidis, minister of communications in the Venizelos cabinet, was called to the palace to advise the king respecting the Venizelists to be chosen. The former president of the chamber, Constantine Zavisanos, and the former minister of the interior, M. Kafandris, are under consideration, in addition to Diamantidis.

Francis Joseph III.

London, Oct. 4.—A report reaching Vienna from Geneva and forwarded to London by the Exchange Telegraph company, says that Emperor Francis Joseph is confined to his bed with bronchitis and that his condition is causing anxiety.

El Paso to Hear Colonel.

New York, Oct. 4.—Theodore Roosevelt will go as far west as El Paso, Tex., on his tour in the interest of the republican national ticket. It was announced here tonight.

The colonel, it is said, will address the soldiers at that point of the border.

Phone No. 684.ELECTION OF JOHNSON
URGED BY FAIRBANKS

San Francisco, Oct. 4.—Harmony in republican ranks and the election of Governor Hiram Johnson to the United States senate, were urged here today by Charles W. Fairbanks, republican nominee for vice president, addressing a luncheon attended by former progressives and leaders in both the regular and united wings of the party. Mr. Fairbanks arrived here today from Los Angeles and leaves tomorrow for Portland.

"You have done yourselves honor by nominating Governor Johnson," he said. "It is important that you not only elect Charles Evans Hughes, but that you send a republican congress to Washington to support him."

Once in the course of his speech the nominee sought for a word to describe the divisions of the republican party. "No, I won't say factions," he said, "or factions in the republican party is a bad word."

Former progressives and leaders in both party wings were with Fairbanks during the day.

SAYS SWEDEN HAS BEEN
CONSISTENTLY NEUTRAL

Stockholm, Oct. 4.—(via London).—Sweden proclaimed her neutrality at the very outbreak of the war. All her actions since that time have borne out that proclamation and all rumors or accusations that she has done or intends to do anything inconsistent with this attitude are due either to failure to comprehend her situation or to some less creditable reason. And whenever Sweden has taken any step displacing one or other belligerent power, her action has been dictated by considerations of the kingdom's own necessities and of its future welfare, and not by any partisan reason. We hope sincerely that the belligerents will not make it impossible for us to maintain this attitude into the end."

Thus, in effect, said Prime Minister Dr. K. H. L. Hammarskjold of Sweden, to the correspondent of the Associated Press, in the only interview he has granted any foreign journalist since the war began.

Throughout the interview the premier continued to lay stress on his government's desire to follow unswervingly the policy of impartiality.

"And when you get to know the Swedes better, you will, I think, find that when they say or promise a thing they mean it," said the minister.

WILL APPLY PROBE
TO MILK SITUATION

New York, Oct. 4.—(via London).—The failure today of Mayor Mitchell to adjust the differences between producers and distributors of milk, and the decision of Attorney General Woodbury to begin a statewide inquiry into the causes leading to the rupture, the situation so far as the general public is concerned was said tonight to be acute. Shortage of milk, 50 per cent in the milk supply, which already has resulted from the controversy, is causing much suffering, according to the authorities. The supply is expected to diminish until a settlement is reached.

The attorney general issued a statement late today in which he said that his investigation to begin Friday will determine fairly and impartially how far there may have been unlawful combinations in restraint of trade for controlling the price of this important necessity of life.

WILSON AND HUGHES
CRITICISED BY BENSON

Denver, Oct. 4.—President Wilson and Charles E. Hughes were sharply criticized by Allan L. Benson, socialist candidate for president, in his address here tonight. The statement, attributed to President Wilson, that failure to re-elect him meant war, was characterized by the speaker as an "insult to the intelligence of the American people."

The administration's Mexican policy was termed "inconsistent" and the provisions of the Hay-Chamberlain bill were attacked. Mr. Hughes was assailed for what was termed his failure to denounce the president for signing the new army measure.

American workmen, he declared, would not be manipulated until there was work for all.

"Americans," he said, "are against war and will not be forced into one with Mexico."

Fatal Fight in Panama.

Panama, Oct. 4.—In a fight tonight between American soldiers and Panamanians, one Panamanian was killed. The fight occurred in the same district where similar disorders have taken place. Three Americans are under arrest in the Panama jail for alleged participation in the disorder.

"THE RED WIDOW"
AT LYRIC THEATRE
TODAY-TOMORROW

"The Red Widow," a photo-adaptation of the celebrated comedy by Channing Pollock and Remond Wolf, in which John Barrymore is starred as Cicero Hannibal Butts, is the Famous Players Film company's current Paramount picture playing at the Lyric theater today and tomorrow.

The comic predicaments in which the distinguished comical salesman finds himself, involving the Russian secret police and innumerable Nihilists, with a marked penchant for bomb throwing, give John Barrymore the best opportunity he has had since becoming a photoplay star of demonstrating beyond all doubt his right to be called the foremost comedian of the screen today. Chased aloft into the crow's nest of a steamer by visions of Siberia and elected to kill the czar by a company of Nihilists to whom he is introduced as the greatest living king killer, Butts dies about three imaginary deaths a minute in his agony of apprehension.

Eluding the ferocious band of which he has so unwillingly become a member, Butts chances upon one of the number just as he is hurling a bomb at two of the nobility. After an instant of frightful uncertainty Butts rushes forward, catches the bomb in mid air and then nearly perishes with fear before he can get the thing out of his possession.

John Barrymore is at his best when portraying the role of a man who has been beset by every known form of mental agony while still striving valiantly to keep up appearances and look cheerful in the face of the enemy. The humorous part of this story is the fact that the police and the anarchists whom he has feared most form the least of his real troubles. He eludes both of these with apparent ease, only to fall into the hands of his indignant wife, who after seething in jail as the result of his duplicity, boils over when she gets him into her clutches and wreaks vengeance upon his guilty head.
