Effective Tonic for "Nervous Men" and Women

BEFORE TAKING

You have headaches, backaches, shattered nerves. Your ambition is gone, your energy is low, heart flutters, kidneys inactive, vitality low, confidence gone, life seems hopeless. Despondency attacks you—your friends desert you, you're not interesting, energetic, full of life and vitality.

AFTER TAKING

Your health improves, aches are banished; ambition returns, blood circulates freely, powerfully; nervousness disappears, heart becomes normal, organic troubles corrected, vitality renewed, confidence restored and life becomes brighter, your friends find you of interest, admire your strength, your magnetism; which is another word for smiles and joy.

All this comes because your nerves, blood and vital organs feel the beneficial influence of three grain Cadomene Tablets.

YOUR SYMPTOMS tell you that you need a powerful, vitalizing tonic to regain all that you have lost. Try

They are guaranteed to help you or money refunded by the Blackhawk Products Co., Dayton, Ohio. The "Best thing in the world" for "run down" men or weak, nervous women. Price \$1.00 at all druggists. Six tubes for \$5.00 is full treatment.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel—a never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cured with a dark brown taste, a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

Carrigan Shows Shrewdness.
Thus it came about that with the gray shadows creeping down over the stands to the field, the Boston players made their last stand at the plate. Sherrard Smith, Brooklyn's southpaw, who had fought a splendid twirling duel against Carrigan's lefthanded star, "Babe" Ruth, faltered for an instant with Hobbitt at the bat. He could not locate the plate in the twilight and passed "Hobbs" to Douherth's station. Here the Red Sox manager showed his baseball acumen by sending McNally in to run for Hobbitt, and taking Gainer from the bench to bat for Gardner. Gainer set himself for the effort and slashed a line drive between short and third, which came to Wheat on the second bound. The latter, playing in deep left, whipped the ball toward the plate with every atom of his strength, but McNally had sprinted with the crack of the bat and ball, and slid home with the winning run before catcher Miller could clutch the flying sphere.

Boston Has Series Half Won.

As a result of Gainer's hit, the Boston team left for Brooklyn tonight with two of the necessary four victories to their credit, and will renew at Ebbetts field tomorrow the struggle for further honors. Almost simultaneously, the Brooklyn players departed for their home grounds, confident that their fortunes will change, once they are back upon familiar fields, and bearing with them the admiration of every spectator who witnessed their desperate battle against what is conceded to be one of the greatest baseball machines of modern times.

Brooklyn's Fighting Spirit Remarkable.

Brooklyn, in the role of vanquished, generated almost as much praise and honor as the triumphant Red Sox. Their fighting spirit will go down as one of the most remarkable in the annals of the game. In holding the Carrigan clan for fourteen innings before admitting defeat, they established a new record for world's series play, eclipsing the 3 to 3 thirteen-inning game played by the Chicago Nationals and the Detroit Americans in 1907.

No finer setting for baseball battle of this record-breaking type could have been conjured by the most clever stage director. Brava! field, the largest baseball stadium in the country, was filled with a gathering which fell less than a thousand below the record for a championship, through bleachers and grandstands were filled almost to capacity and in contrast with the opening game, the spectators, thrilled with the tenseness of the situation, rooted without cessation throughout the entire two hours and thirty-two minutes of play. Once the character of the contest had gripped them, men, women and boys, aided by bands and improvised noise-makers, raised a din that rattled the windows of staid Back Bay homes, and made it impossible to hear the umpire's decision.

Robinson Protests Against Noise.

So great was the noise that Manager Robinson finally protested to the arbitrator against the blare of the bands on the ground that his players could not hear his coaching instructions. With it all, however, the thousands were exceedingly fair in their applause and every star play of the game made by Brooklyn was accorded the same approval as those reeled off by the smooth Red Sox machine.

While Gainer's hit, coming as it did, at the climax of a remarkable game, has earned him a place in the hall of fame reserved for baseball players, there were others whose play showed the heights to which a player can rise when occasions like of this afternoon demand.

"My" Myers, already a hero with his home run in the opening inning, robbed Hooper of an extra base hit in the sixth, with a running catch in which he picked the ball off the ground, turned a complete somersault, coming up with the ball tightly clinched in his bare hand. Doubert took a high twisting foul ball back of first base from Walsh's bat in the eleventh in a manner made famous by Hal Chase.

In the ninth, Myers again temporarily saved his team from defeat with a wonderful throw to the plate which nipped Jancovic trying to score from third on Hobbitt's deep fly to the Superbas' centerfielder.

Pitchers Work Well.

Great praise also fell to Pitchers Smith and Smith, who swung through fourteen innings of the closest kind of play with a steadiness of service and pitching judgment seldom equaled. Fifty-one batters faced Smith, and of this number only seven got hits for a total of twelve bases. Of the forty-eight that stepped before Ruth's delivery, only six got hits, for a total of ten bases. Scott was the only player to get two hits, his collection consisting of a single and a triple.

Sherrard Smith fanned only one batter, Ruth, but he did it twice, his rival hurler appearing unable to fathom his shenanigans. Ruth fanned four, the quartet consisting of Douherth, Myers, Cushman and Olson.

The official attendance of the grounds for the game showed that 41,273 spectators paid admission for a total of \$82,626, of which the players will receive \$44,814.04; the club owners \$14,512.45 each and the national commission \$5,262.60. The total for the two games now stand: Attendance, 77,490; receipts, \$159,113.50; players' share, \$85,922.37; each club's share, \$28,440.72; national commission, \$15,911.55.

BROOKLYN NOW TO BE BASEBALL CENTER.

New York, Oct. 9.—Brooklyn made ready tonight to take its place for the time being as the baseball center of the universe. The shift called for by the world's series schedule calls for battling teams to Ebbetts field for the third game of the big set, and gives the loyal legion of Brooklyn rooters their first opportunity to rally in force in vociferous support of their favorites.

All Reserved Seats Sold.

They are preparing to make the most of it. It is evident from the demand for the tickets for the games

to be played at the home of the National league champions. The Brooklyn club announced that all the boxes and virtually all the reserved seats, providing accommodations for about 24,000 persons, had been sold. All that remained to be disposed of were some 2,000 unreserved seats that had been provided in temporary bleachers of the circus variety, erected in left field.

Fans Still Have Faith in Team.

This interest was evident, notwithstanding the fact that Manager Wilbert Robinson's team had so far failed to win a game in the series. The two defeats in Boston were suffered by such close scores, and particularly in today's game, accompanied by the exhibition of such high class of baseball and evidences of sameness by the Superbas, that Brooklyn fans still clung strongly to hopes of ultimate victory.

Jack Combs, the "iron man" of former pennant fights in the American league and other world's series, was looked for to a twirling feat that would stop the Boston rush, unless, perhaps, Rube Marquard might step in with another exhibition of high class pitching, this time before a friendly crowd.

The rival teams reached here on a late evening train from Boston. A cool wind with a threat of rain, blew from the southwest tonight, indicating that football weather rather than baseball weather might be in store tomorrow for the battling clans and their host of followers.

SAYS NEW CRISIS SHOWS THE PERIL OF ANY CHANGE

Noted Mining Engineer Declares International Situation Imperatively Demands Re-election of Wilson.

SPECIAL DISPATCH TO MORNING JOURNAL.

New York, Oct. 9.—W. L. Saunders, chairman of the Ingersoll Rand Drill company, director of the American international corporation and a noted mining engineer, gave out the following statement today:

"The new crisis precipitated by the submarine attacks off Nantucket brings forcibly to mind the ever present peril of this country until the war in Europe is ended. One false step might involve us in the struggle. President Wilson's wisdom is still needed in Washington and will be needed until the European conflagration is ended."

Root Is Refuted.

"This latest submarine attack on our very shores is a striking refutation of the statement of Elihu Root that the United States was never in less danger of war than now. In the light of facts such an assertion is reckless. There have been many times in the past two years when one false move would have precipitated us into the middle of the European horror, and the danger was never more present than at this very moment."

"Where Mr. Hughes stands is an enigma. All we know is what Roosevelt, the firebrand, has said for him, and who believes that Roosevelt would not plunge the country into war?"

Danish Sub Sunk.

Copenhagen, Oct. 9. (via London).—The Danish submarine Dikkyer was sunk today after being in collision with a Norwegian steamer. The crew of the submarine is believed to have been saved.

LONG HIKE IS BEGUN BY FULL REGIMENT

Douglas, Ariz., Oct. 9.—The first full war strength infantry regimental hike attempted in the recent history of the United States army began today when 1,975 officers and men under command of Col. Adner Pickering left Douglas to march to Fort Huachuca, sixty-five miles west.

The hike to the fort and return will require ten days of actual walking. The war strength regiment represented drafts from the Eleventh, Eighteenth, Twentieth and Thirty-fifth United States army regiments and the Fifth New Jersey infantry.

The hike was undertaken by orders of the war department to test transport service, the object being to decide whether twenty-seven wagons to a full company of 150 men would be sufficient.

Indoor Life Makes Fat

TRY OIL OF KOREIN TO KEEP WEIGHT DOWN OR TO REDUCE SUPERFLUOUS FAT.

People who are confined within doors and who are deprived of fresh, invigorating air and exercise, must take precaution to guard against overweight, as fat acquired by indoor life is unhealthy and a danger to the vital organs of the body. Lack of exercise in the fresh air is said to weaken the oxygen carrying power of the blood, so that it is unable to produce strong muscles and vitality and the formation of unsightly and unhealthy fat is the result.

If you are 15 or 20 pounds above normal weight you are daily drawing on your reserve strength and are constantly lowering your vitality by carrying this excess burden. Any persons who are satisfied in their own mind that they are too stout are advised to go to Butte, Inc., or any good druggist and get a box of oil of korein capsules, and take one after each meal and one just before retiring at night.

Even a few days treatment has been reported to show a noticeable reduction in weight, improved digestion and a return of the old energy; footstep become lighter and the skinless, flabby appearance as superfluous fat disappears.

Oil of korein is inexpensive, cannot injure, and helps the digestion. Any person who wants to reduce 15 or 20 pounds is advised to give this treatment a trial.

GEN. TREVINO'S CONDITION FROM WOUND CRITICAL

Wound Received at Chihuahua City Has Become Infected, Causing His Friends Much Alarm.

TRY MORNING JOURNAL SPECIAL LEASED WIRE.

El Paso, Tex., Oct. 9.—Gen. Trevino's wound, which he received fighting the Villistas in Chihuahua City, has become infected and his condition is causing his friends much alarm, an American, who arrived today from the Chihuahua state capital, reported. General Trevino was struck on the chest above the heart by a bullet which then passed through his left arm, breaking the bone. Indications of blood poisoning, said the American, were noticeable. Because of the wound, it is possible that Gen. Carlos Trevino, who arrived in Chihuahua recently from Saltillo, may assume command of the north-eastern zone pending General Trevino's recovery.

Trains between Chihuahua City and the border are being stopped by the Carranza soldiers and the Carranza soldiers searched for letters and papers, the American reported.

All horses and mules in and near Chihuahua City are being seized by the Carranza military officers for use in the field and against Villa. Horses were being taken from coaches and wagons in the streets of Chihuahua City, according to the refugees.

Refugees are pouring into Chihuahua City from western Chihuahua. They are said to fear Villa less than they fear that they may be shot as suspected Villa supporters and sympathizers by the Carranza troops. Many executions have taken place in the state.

The father of Mrs. Luz Corral Villa, Francisco Villa's first wife, is reported to have been executed by Carranza soldiers. Reports to the military authorities in Chihuahua City say that Villa has established his base at Matamoros, sixty miles west of Chihuahua City, and that Gen. Jose Ynes Salazar is in command there.

VILLA LOCATED 80 MILES SOUTH OF CASAS GRANDES

Chihuahua City, Oct. 9.—Francisco Villa and his main command have been located at Teolochachi, thirty-five miles south of Madera, and only eighty miles south of Casas Grandes, and the American expeditionary base, according to reports received by General Jacinto R. Trevino from his scouts in the field. Villa is reported to be moving north along the Mexican Northwestern railroad line in the direction of Madoche and Madera. A scout detachment was sent out from Madera to reconnoiter, and is expected to make a report to General Trevino as to the exact location of the Villistas. A band of the Villistas have also been located near Guerrero City, eighty miles west of Chihuahua City and only fifteen miles south of Teolochachi.

Statement Given Out From Chicago Expresses Confidence in Result in Middle West and Mountain States.

TRY MORNING JOURNAL SPECIAL LEASED WIRE.

Chicago, Oct. 9.—Members of the republican national advisory committee met at western republican headquarters today and spent several hours discussing the campaign in the central and western states. Reports were received from each state in the territory west of Ohio, together with a list of the speakers assigned to each district. After a long discussion, the members expressed themselves as satisfied with the progress of the campaign in the western division.

Alvin T. Bert, manager of western headquarters, in a statement said.

"There is nothing doubtful about Hughes. This state is assured for Hughes and Fairbanks. We are pleased with the political outlook in the west and are confident of victory in November, but realizing that a campaign of education, to be successful, must be persistent and thorough, we intend to continue our activity throughout our territory to the day of election."

"I regard Wisconsin, Montana and Colorado as the principal fields of contention in the west today. In each of these states we plan to conduct an intensive campaign of education right up to the seventh of November."

CHICAGO DOCTOR SHOT IN OFFICE BY PATIENT

TRY MORNING JOURNAL SPECIAL LEASED WIRE.

Chicago, Oct. 9.—Dr. J. B. Weintraub was shot and probably fatally injured in his office today by Arthur McLaren, of Livingston, Mont. McLaren was a patient of the physician's and is said to have been dissatisfied with his treatment.

In a statement to the police after his arrest McLaren said that Dr. Weintraub operated on him in 1909; that the operation was improperly

performed and that as a result he could never marry.

"I was sick at the time," said McLaren. "He told me that the operation would cure me, but it did not. I have never been able to stop thinking of what he did."

The prisoner said that he was a dentist and formerly practiced his profession at Jerome, Idaho.

THIS GREATEST OF ALL HEATERS ACTUALLY PAYS FOR ITSELF!

It does even more! It really pays you a profit by greatly reducing your fuel expense. And we have made it possible for you to see this wonderful heater and those facts. We will show you how Moore's Everlasting Firepot enables you to use the cheapest kind of slack coal and the Air-Tight Draft Slide prevents even the slightest waste.

Moore's Air-Tight Heater

is built on a different principle than other stoves. It heats like a furnace—by circulation instead of radiation.

Complete circulation is formed by drawing the cold air from the floor up through an opening in the bottom of the stove. It then comes in contact with the highly heated surface of the Everlasting Firepot and Egg Shaped Dome and is discharged as a hot blast through the upper part of the Open Reverse Casing into the room.

This makes a constant circulation

of all the air throughout the space you wish to heat.

The air in the farthest room is heated to the same temperature as the air in the same room as the stove.

Moore's Air Tight Heater not only saves you money by burning a much cheaper grade of coal. It also enables you to heat a larger space with a smaller amount of fuel than any other heater on the market. One Moore's Air Tight Heater will heat your entire home—upstairs and down—and keep all the floors perfectly warm.

Does Away With Smoke, Soot, Dust and Clinkers

Moore's Air Tight Heater is far the cleanest heater on the market. Fully half the heat value of soft coal is wasted in other stoves in soot and unburned gases. But owing to the peculiar construction of Moore's Everlasting Firepot and the Egg Shaped Dome the gases are all burned up, thus preventing the smoke nuisance as well as the waste. Clinkers and cinders are never found in this heater.

Moore's Air Tight Heater is the only heater having a Dust Flue. It takes all dust and small ashes up the chimney, thus preventing them from collecting on the furniture, etc. It also has an Ashpan Apron which prevents any

ashes from falling on the floor when pan is removed.

All parts are surface ground and fit together air tight. No putty is used in mounting—nothing but asbestos wicking which expands and contracts with the heat so that the stove is perfectly air tight and under perfect control at all times.

Moore's Air Tight Heater holds fire 24 to 48 hours. Blacking never burns off. One polishing a year keeps it like new.

Drop in at our store and let us show you the many other advantages of this handsome heater. We'll not ask you to buy.

FIGHTING ALONG SOMME TOO FAST TO BURY DEAD

Offensive of Allies Has Been Carried Forward With Unprecedented Rapidity; Correspondent Describes Scenes

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
With the French Army in France, from a Staff Correspondent of the Associated Press (Via Chantilly, Oct. 9).—The offensive has continued with such rapidity that no opportunity has arisen to clear the battlefield of the dead.

The correspondent of the Associated Press was enabled to watch the French troops Saturday when going to make a fresh attack, whose result was the capture of territory over a kilometer in depth and six kilometers a 2-4 miles front, which gave them a commanding position in the vicinity of Sailly-Saillout, and at the same time possession of the Bapaume road.

Dugouts of dead Germans lie in the trenches; tons of military contraband, rifles and steel helmets are scattered everywhere. Two "hells" were to be seen. The artillery was busy preparing the way. The artillery was busy preparing the way. The artillery was busy preparing the way.

The actual fighting for the latest French gain beyond the cornucopia of the fighting could be gathered from the activity of dozens of batteries nearby.

Early in the afternoon, the fire from the French batteries slackened and shortly afterward it became known that the objective had been attained.

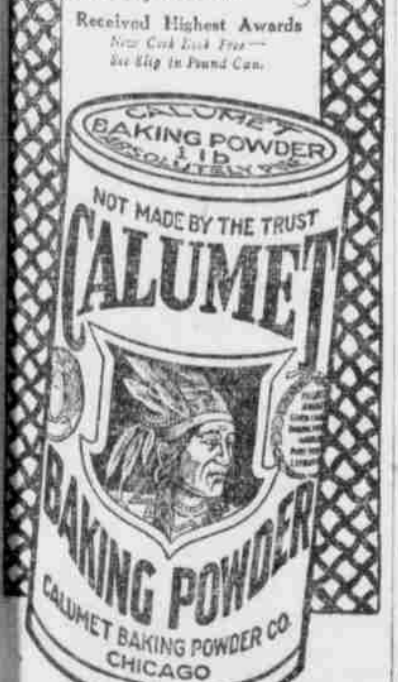

Auxiliary Cruiser Sunk.

FULL PRISONS SHOW INCREASE OF CRIME IN U.S.

F. Emory Lyon, Chairman of American Prison Association Lays the Cause in Part to the European War.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Buffalo, N. Y., Oct. 9.—Crime is increasing, as is shown by overcrowded prisons throughout the country, and the fact may be traced, in large part to the influence of the European war, according to the report of the committee on discharged prisoners, presented by F. Emory Lyon, chairman, to the American Prison Association at its congress here today.

After discussing the efforts that were being made to provide friendly guardianship of discharged prisoners, as well as those on probation or parole, and pointing to the need of still further co-operation, Mr. Lyon said:

No Idle Assertion.
"Meanwhile, and doubtless in part because we have not approached the question from a sufficiently thorough-going standpoint, crime is increasing. This is no idle assertion, such as has been made several times, but rarely justified or verified. Until the past two years, as a matter of fact, there was little, if any, evidence that crime was increasing faster than the natural increase in population. The 'count' of our penal institutions has remained about the same for nearly a generation.

"But within these two years, nearly every prison of the country has become crowded. One state in the middle west has a thousand more convicted felons today than it had two years ago. The prison population of other states and of the federal institutions have similarly increased. If it were not for the fact that some 10,000 men in the different states are at work upon honor farms and road-making, the overcrowding would be more apparent than it is.

Industrial Incompetence One Cause.
"One may cite numerous individual causes for this increase. There is the continued lack of proper training and control; the absence of vocational education; the insufficient facilities for recreation and the general unpreparedness of youth for the responsibilities of life.

"A large contributing factor is found in the intermittent employment and limited wages available to the average unskilled workman. Worse still is the chronic condition of unemployment which has prevailed until within a few months.

War Lessens Sense of Sacredness.
"A still more striking cause of the increase in crime, in the view of many, is to be found in the great war. With a dozen nations at each others' throats, destroying life and property at an unprecedented rate, can there be any other result than the lessening of the sense of the sacredness of human life and indifference as to the importance of material values? If the average citizen becomes more callous over the accounts of human slaughter, what of the slightly less than normal, more easily influenced and less alive to the highest sensibilities and untrained in ethical standards?

"The war, therefore, with all its other burdens, is doubtless bringing its harvest of crime in all countries, and this harvest will continue beyond the present generation.

"With this growing problem before us, therefore, and becoming more immediate and menacing every day, there is need for all the wisdom and conservation of individual citizens, the efforts of all agencies applied at every stage and for the active application of all principles of prevention and the utmost efficiency of systems of correction."

**BURNING SHIP REACHES
CAPE CHARLES HARBOR**
(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Newport News, Va., Oct. 9.—The Ward liner Antilla, which was fired off Cape Henry last night, reached the harbor of Cape Charles, Va., shortly before noon today, according to a wireless message received at Old Point.

The burning vessel was in tow of the coast guard cutter Anondaga and the American yacht Pacific. The flames were under control, the wireless message said. The crew of 28 men were taken off the Antilla last night by the Ward line steamer Morro Castle.

AN UNUSUALLY BIG PROGRAM OF PLAYS AT PASTIME THIS WEEK

The management of the Pastime theater announces that for this week they will show a program of pictures that will outclass anything they have ever shown.

Starting today and Wednesday, Douglas Fairbanks, in a five-act drama of outdoor life entitled, "The Halfbreed," which is said to be one of his best pictures, and DeWolf Hopper in a two-act comedy, Thursday and Friday, "The Paycock," will appear in a thrilling problem play entitled, "The Paycock," and Anna Luther will be seen in "The Surf Girl," a two-act Keatsone comedy that is a riot of fun. For Saturday, Gail Kane, Albuquerque's favorite, supported by House Peters, will be seen in a William Fox five-act drama entitled, "Her Double Life," and from reviews received from Chicago theaters, this picture can easily be called a masterpiece.

As stated above, this is an extraordinary program of fine pictures, featuring all well-known and popular stars, so if you visit the Pastime today this week you may be amazed at seeing something worth while.

British Newspapers Silent.
London, Oct. 9.—Only the latest editions of the London newspapers contain accounts of the attacks on British shipping off the Atlantic by a German submarine. The morning newspapers displayed prominently accounts of the unexpected arrival at Newport of the U-55, but none commented editorially on the incident.

Pleaded Guilty to Manslaughter.
Denver, Oct. 9.—Carl Sutton, 18, chauffeur, pleaded guilty to involuntary manslaughter in district court today, in connection with the death of Jacob Horber, 72. Sutton was sentenced to ninety days in jail. Sutton confessed to excessive speeding when Horber was killed.

CALOMEL MAKES YOU SICK, UGH!

"Dodson's Liver Tone" Better Than Calomel and Can Not Salivate.

Calomel loses you a day! You know what calomel is. It's mercury; quick, silver, calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

SAYS MENTALLY SICK ARE BEING SENT TO PRISON

Dr. Paul E. Bowers Advocates Examination of Prisoners by Court Physician at Time of Trial.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Buffalo, N. Y., Oct. 9.—The medical examination of all prisoners by court physicians at the time of trial was advocated by Dr. Paul E. Bowers, medical superintendent of the Indian hospital for insane criminals, in an address before the American Association of Judges today. He said that every year society is unjustly sending to prison hundreds of insane and feeble-minded persons who, in the course of their mental disturbances, have violated the penal laws. "The criminal practice of punishing the mentally sick should cease," he said. "Society is being poorly protected when it sends insane and mentally deranged individuals to penal institutions and then releases them from custody, unaccompanied, merely because their sentences have expired."

"Crazy juries pluckily and contentedly continue to study their books instead of more with criminals, and the state and time-worn precedents they attempt to regulate the unjust conduct that springs from a disordered mentality."

Mental Defectiveness Makes Crime.
"In a recent study that I made on one hundred recidivists, none of whom had been convicted not less than four times, twelve of them were insane, twenty-three were feeble-minded, ten were epileptic, and in each instance the mental defectiveness bore a direct relation to their crimes. No less than 150 trials have been held for these persons, and the lowest possible expense to the commonwealth must have been \$150,000. And three times each one of these defective individuals had been released to prey upon society, while no permanent good whatever has been accomplished."

"I am of the firm belief that the medical and psychiatric examination of all prisoners, at the time of trial, would go a long way in the solution of the vexing criminal problems."

Should Have Scientific Data.
"Under no circumstances should there be any attempt to abridge the right of trial; nor should the court physician be permitted to usurp the authority of judge or jury. Nevertheless, the court should be supplied with scientific data concerning the alleged criminal."

"It is well understood that such a change would be met with a storm of protest from the legal fraternity. But when we reflect the real purpose of the law is justice and truth, and not the preservation of hair-splitting technicalities, we cannot hold these opinions to be of great worth."

Would Correct Trial Evil.
"The medical examination of prisoners would correct, in a large measure, the evils that attend the employment of medical experts. The physicians are hired by the plaintiff and the defendant and pitted against one another in a wordy battle for the display of wit by lawyers who are skilled rhetoricians and who, cunningly and skillfully, by the use of statistics, suppress medical facts dangerous to their own purposes and lay undue stress on non-essentials if they can thereby gain any advantage over their opponents. Very equivalent hypothetical questions are presented which are often not supported by salient facts, and the doctor is required to answer the improper statements without the privilege of due and careful consideration. The individual of the hypothetical question and the person on trial often seem to hear only the faintest traces of kinship in one another."

"To correct some of the wrongs which I have enumerated, the court should appoint a physician who is qualified by training and experience in the science and practice of psychiatry. This physician should be a part of the court; and it should be his duty to sociologically, physically and mentally examine every prisoner at the time of his arrest and trial."

**COLORADO KIDNAPER
CONFESSES TO POLICE**
(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Oak Creek, Colo., Oct. 9.—Jim Karamours, arrested in connection with the kidnapping Wednesday night

of R. M. Perry, has confessed, according to the police. That another of the abductors was killed by his own gang to conceal the details of the plot was the belief of the coroner's jury which found that George Kastagranes, shot by Perry in the latter's escape, received his fatal wound afterwards by members of the band.

Two bullet holes were found on the body. The shot fired by Perry grazed the man's neck. The most serious wound, it was said, was a bullet hole near the temple. The verdict of the coroner's jury declared Kastagranes came to his death at the hands of persons unknown.

Karamours, who is alleged to have confessed, has been identified by Perry as one of his abductors.

FATIMA

A Sensible Cigarette

Such men want comfort
AFTER smoking

IT'S NOTICEABLE that more and more substantial men are choosing Fatimas for their steady smoke. There must be some reason for it. Surely, these men would quickly pay a far higher price for another cigarette if it suited them better.

That is just it. No other cigarette can quite give what Fatimas give.

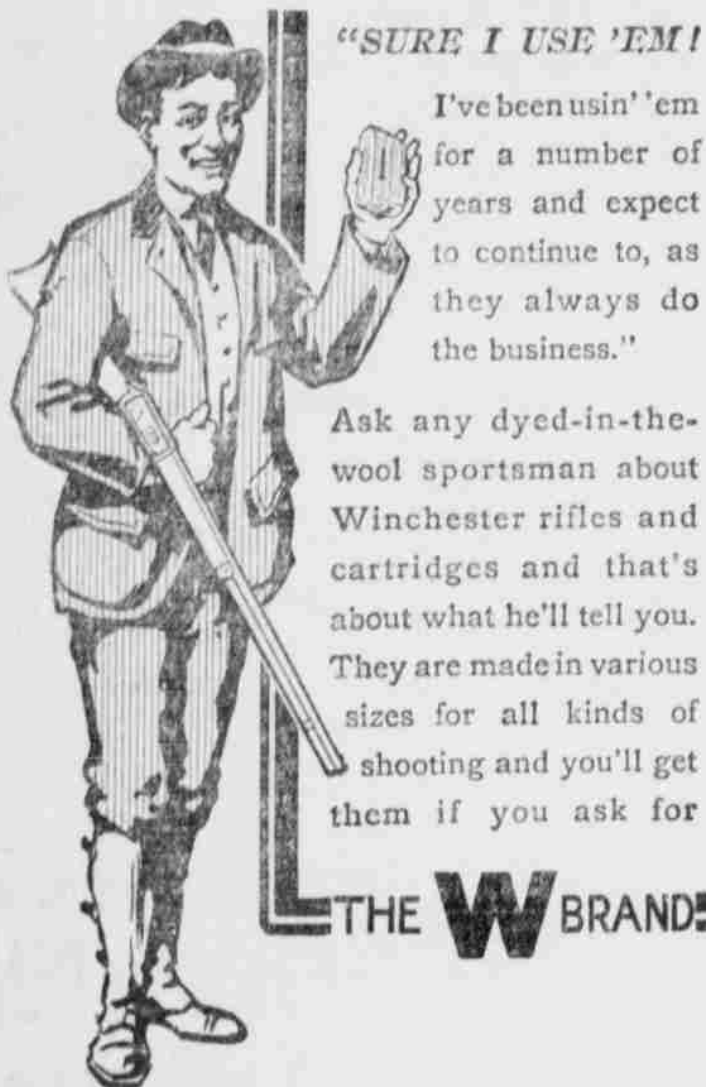

Some other cigarettes taste good, yes. But Fatimas do more—they are comfortable. Not only are they comfortable to the throat and tongue while you smoke them, but, much more important, they leave a man feeling keen and "fit" AFTER smoking, even though he smokes more than usual.

MABEL HAS EASY TIME CAPTURING CASTLETON CUP

Mare Scores Her Seventh Victory Over St. Frisco for Season at Lexington Meeting

(By Morning Journal Special Leased Wire)
Lexington, Ky., Oct. 9.—Mabel Trask had an easy time winning the Castleton cup for 2:07 trotters and scoring her seventh victory of the season over St. Frisco at the Kentucky Trotting Horse Breeders' association meeting here today.
Mabel Trask took the race in

straight heats.
St. Frisco, with Gerry driving, divided second and third money with Donna Clay. The fastest time of the race was 2:07 1-4.

Georg, after an illness of several weeks because of injuries sustained at Columbus, also drove Deerebe one heat in the championship trophy for trotters, but drew her after she finished lame in the first heat. Georg was applauded when he made his first appearance on the track. The card today looked like a Walter W. Cox program, he winning the first three races and one heat of the fourth. He captured the first race with Trussard, Onward Albert and Winnie Lockhard each winning a heat, however, won the four the four-year-old champion trotting trophy with Mary Putney, after Allie Watts had taken the first two heats. Mabel Trask took victory in the Castleton cup race, and was up behind Camella, which won the second heat of the unfinished 2:07 race.

With Colleen, Camella and Beth Clark each winning a heat, darkness compelled the postponement of the 2:07 race until tomorrow.

5 CONFERENCES ON TUBERCULOSIS ARE TO BE HELD

National Association Adopts Sectional Conference Plan to Give Local Questions Merited Attention.

The purpose of the Albuquerque sectional conference on tuberculosis to be held here October 12 and 13, can perhaps be best understood when one knows that annually for many years past the National Association for the Study and Prevention of Tuberculosis has held a conference in Washington which the profession and laity alike have been urged to attend. These gatherings have resulted in the educating of the American public through the delegates as to what tuberculosis is and is not, and have resulted in unlimited good.

This year it was decided at the annual meeting to hold five sectional conferences in order that items of local interest might receive the attention that they merited, a thing impossible at the big national meeting, where only questions of country-wide interest could be discussed. It has been the good fortune of New Mexico to secure one of these five sectional conferences, and that this is an absolutely unique occasion is evident in the fact that the national association is putting on the program and furnishing the men and women to read papers who are in the front line trenches of the war against the "white plague."

Opportunity for State. There will be medical and social meetings addressed by the leading thinkers, both physicians and laymen, in their respective fields. Thus the state will have a hitherto unexcelled opportunity of hearing at first hand the personal experiences of men and women who are national celebrities and the results of their researches. All organizations in the state are urged to see that they have delegates at these meetings in order that they may carry home with them comprehensive reports of the discussions and lectures that take place. While the public will be admitted to any of the sessions, it is especially invited to attend the Thursday afternoon and evening and the Friday morning meetings.

Philip P. Jacobs, Ph. D., who will be in charge of the conference here, has just left Louisville, Ky., where he conducted the Mississippi Valley conference, and is now in Prescott, Ariz., where he is holding a local conference. He expects to bring the Arizona delegation to Albuquerque with him in a body and to reach Albuquerque on the afternoon of October 11.

Local Committee. A local committee on arrangements has been formed to take care of that phase of the conference, the following having consented to act: John Tombs, chairman; Dr. Evelyn Frisbie, Charles S. White, William E. Mauser, Chester T. French, the Rev. Hugh A. Cooper.

DENNIS CHAVEZ BACK FROM A TRIP WITH CAMPAIGN ORATORS

Dennis Chavez, who accompanied W. L. Hall, democratic candidate for treasurer, and J. B. Larrasolo on their speaking tour through Valencia and Turbance counties, returned to Albuquerque last night. He left Mr. Hall and Mr. Larrasolo yesterday at Las Vegas. The party, which left Bernalillo county last week, stopped at Peralta, Helen, Manzano, where two meetings were held, Tallique and Chilli. According to Mr. Chavez, Alexis Gallegos, former republican office holder, announced publicly at Chilli that he was for Wilson for president and the democratic state and county tickets.

UNCERTAIN WHETHER RIFLE TEAM WILL BE SENT TO FLORIDA

Whether a civilian team would be sent from New Mexico to the national rifle matches at Jacksonville, Fla., was undecided last night. The question will be decided today, as the team, if one goes, must leave here tonight.

The competition at the Albuquerque Rifle association's range brought out only one more rifleman yesterday. Sunday only twelve men showed at the range. The number was just enough to make up a team.

Cornell Wins First Game.

ITHACA, N. Y., Oct. 9.—The Cornell university football team, in its opening game of the season here today, defeated Gettysburg by a score of 15 to 0. The game was played in a driving rain, and on a slippery field. Many penalties marred the play. Cornell's line and backfield showed good form and the Pennsylvanians were powerless to make much headway against the Red and White.

LIEUT. A. J. LUNA DIES IN HOSPITAL AT FORT BLISS, TEXAS

Antonio J. Luna, a first lieutenant in the Twentieth United States Infantry, son of Mrs. Lela C. Armijo, librarian in the state capital building in Santa Fe, died at the base hospital at Fort Bliss, near El Paso, Texas, early yesterday morning, following an illness of several weeks with a severe attack of fever, with heart complications. Lieutenant Luna spent his boyhood in Albuquerque and was well known here. He was 22 years old and a graduate of the New Mexico Military Institute, of the class of 1912, and a graduate of the 1915 class of the law department of Washington and Lee university of Lexington, Va.

Lieutenant Luna went to the Mexican border with a Santa Fe company of New Mexico national guards some months ago. He received a commission in the regular army two months ago and was transferred from Columbus to Fort Bliss.

Besides his mother, Lieutenant Luna leaves a sister, Mrs. Harry Benjamin, of Albuquerque, and two brothers, George W. Armijo of Santa Fe and Chaves Luna, with the New Mexican national guards on the border. Mrs. Armijo was notified of the serious condition of her son two weeks ago and left immediately for El Paso, being present when death came.

No definite arrangements have been made for the funeral, which will likely be held either in Albuquerque or Santa Fe.

CONGRESSMAN HARDY WILL ARRIVE TODAY; WITH SPEAK TONIGHT

Col. D. K. B. Sellers, president of the Woodrow Wilson club, yesterday announced the appointment of a committee which will meet Congressman Rufus Hardy upon his arrival here at 9:45 this morning on Santa Fe train No. 7. George C. Taylor, M. Mandell, R. L. Wooten, City Attorney W. A. Keeler and W. T. McCraight will compose the committee.

Congressman Hardy will speak tonight at the Wilson club's headquarters, 311 West Central avenue.

PLAINTIFF NOT READY IN CASE OF MRS. NIETO

When the case of Mrs. Placencia Nieto against the City Electric company was called for trial yesterday, following the disagreement of the jury in the Lovato case, counsel for the plaintiff said she was not ready for trial. Depositions, which he expected to have yesterday, had not reached him, he said. Judge Mechem postponed definite action until today.

Mrs. Nieto asks damages from the trolley company, alleging that she was injured by a west bound car on West Central avenue.

"Gets-It" Never Fails for Corns!

There's Nothing on Earth Like It for Corns and Calluses.

"Whenever you get corns and calluses, don't experiment—just use 'GETS-IT' and nothing else. Easy and simplest thing I know to use—just a few drops on in a few seconds."

"GETS-IT" does the rest! The old way is to bundle up your toes in harnesses and bandages, use salves that make toes raw, cotton rings that make your corns pop-eyed, knives and "diggers" that tear your heart out and leave the corn in. No wonder they make you limp and wince. Forget all these—use "GETS-IT," the simplest corn remedy in the world, easiest to use, never fails or sticks, painless. Your corn loosens, then you lift it off. You can wear smaller shoes.

"GETS-IT" is sold and recommended by druggists everywhere. 25c a bottle, or sent on receipt of price, by E. Lawrence & Co., Chicago, Ill.

Sold in Albuquerque and recommended as the world's best corn remedy by Ottwell Drug Co., Highland Pharmacy, Butt's Drug Stores, Inc., and Alvarado Pharmacy.

An Unfailing Way To Banish Hairs

(Beautiful Notes.)

Ugly hairy growths can be removed in the privacy of your own home if you get a small original package of delatone and mix into a paste enough of the powder and water to cover the hairy surface. This should be left on the skin about 2 minutes, then removed and the skin washed and every trace of hair will have vanished. No harm or inconvenience can result from this treatment, but be sure you buy real delatone.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at first sign of Bladder Irritation or Backache.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad; get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

HOLM O. BURSUM---Tax Expert

(On Other People's Taxes)

In 1915 the New Mexico legislature passed what is known as the Bursum Tax Law. Mr. Bursum was not a member of either house, but it was his legislature and his idea, so the law was named for him.

Mr. Bursum is quite an expert when it comes to drafting laws and making suggestions to get other people to pay their taxes. Here is how expert he is in paying his own taxes:

The tax books of Socorro County show that during the nine years from 1907 to 1915, inclusive, taxes amounting to \$5,199.77 were assessed against Holm O. Bursum personally.

OF THAT AMOUNT, UP TO SEPTEMBER 7, 1916, HOLM O. BURSUM HAD PAID JUST \$88.26.

Here Are the Figures by Years:

1907, Taxes Assessed, \$722.01; amount paid, Nothing.
1908, Taxes Assessed, \$715.18; amount paid, Nothing.
1909, Taxes Assessed, \$742.37; amount paid, Nothing.
1910, Taxes Assessed, \$686.43; amount paid, Nothing.
1911, Taxes Assessed, \$651.57; amount paid, Nothing.
1912, Taxes Assessed, \$569.09; amount paid, Nothing.
1913, Taxes Assessed, \$904.67; amount paid, Nothing.
1914, Taxes Assessed, \$ 88.26; amount paid, \$88.26.
1915, Taxes Assessed, \$ 93.19; amount paid, Nothing.

Now, to be fair to Mr. Bursum, it was over a month ago that these figures were obtained. He may have paid up his back taxes since that time. Being an expert on taxation, let's hope that he has. But up to September 7, 1916, Mr. Bursum, expert on taxation, had, according to the books of Socorro county, paid only \$88.26 of a total amount of \$5,199.77 assessed against him in a period of nine years.

AND NOT UNTIL MAX MONTOYA, A DEMOCRAT, WAS ELECTED TREASURER OF SOCORRO COUNTY, WAS MR. BURSUM'S PROPERTY EVEN ADVERTISED FOR SALE FOR TAXES.

MR. BURSUM IS POSING BEFORE THE VOTERS OF NEW MEXICO AS A ROAD BUILDER AND AN EXPERT ON TAXATION. IS HE RUNNING ON HIS RECORD, OR AWAY FROM IT?

SPRINGER TURNS OUT IN FORCE TO HEAR CANDIDATES

Jones and Walton Greeted With Enthusiasm by Colfax County Crowds; Wilson-Marshall Club Formed.

(SPECIAL DISPATCH TO MORNING JOURNAL)
Springer, N. M., Oct. 9.—A. A. Jones, candidate for United States senator, and W. B. Walton, candidate for congressman on the democratic ticket, addressed one of the largest crowds that has ever turned out to hear a political meeting at the Florsheim opera house last night. About 350 people turned out to hear these two prominent speakers.

Mr. Jones spoke to the people on national affairs and was loudly cheered on several occasions. Mr. Walton spoke on national and state affairs and urged the united support of the voters for the democratic ticket.

Mr. Lucero, who was also to have addressed the audience, was unable to attend on account of an attack of sickness which detained him in Raton for medical assistance. At the conclusion of the remarks by Mr. Walton and Mr. Jones a young men's Wilson-Marshall club was organized with a membership of fifty-three of the young democrats of Springer.

RATON DEMOCRATS' ARDOR IS PROOF AGAINST RAIN

Raton, N. M., Oct. 9.—In spite of a hard rain which fell throughout the evening, the municipal opera house here was packed with an enthusiastic crowd tonight to hear the candidates on the democratic ticket speak on the issues of the campaign.

Secretary of State Antonio Lucero, who has fully recovered from his recent indisposition, was the first speaker. He was followed by George A. Devisson, Harry L. Patton, A. A. Jones and W. B. Walton in the order named. All the speakers were accorded spontaneous applause throughout their remarks.

Following the Raton meeting there was an equally enthusiastic gathering at East Raton, where the same speakers made addresses. From here the campaign party will go to Cimarron and Dawson, where speeches will be made tomorrow.

DOWNPOUR IN SANTA FE PREVENTS HARDY SPEECH

Santa Fe, Oct. 9.—A downpour of rain of unusual violence prevented the speech of Congressman Rufus Hardy, of Texas, in favor of the national democratic candidates, which was scheduled to be made here tonight.

Mr. Hardy will leave tomorrow morning for Albuquerque, where he is to address a democratic rally tomorrow night.

GOVERNOR OPENS BIG CHURCH CONVENTION

(BY MORNING JOURNAL SPECIAL LEADERS WIRE)
Des Moines, Iowa, Oct. 9.—Governor George W. Clarke of Iowa tonight formally opened the annual international convention of the churches of Christ, in an address of welcome delivered at the Coliseum here. Virtually all of the 12,000 delegates to the convention had arrived during the day and attended the opening session. W. F. Richardson of Kansas City, president of the international missionary conventions of the Disciples of Christ, responded to Governor Clarke on behalf of the church organization.

Tonight's session was purely formal. The business session will begin tomorrow with the presentation of reports and discussion of the affairs of the Christian women's board of missions.

CASE OF ROMERO IS NOT SET FOR TRIAL AT TERM

Vicente Segoviano, Charged With Murder, to Go to Trial Thursday; Ornelles Pleads Guilty.

The district court yesterday began trying criminal cases, first taking up that of Juan Martinez, charged with robbing R. Elias' store. Martinez was acquitted. Francisco Ornelles, who was indicted with Martinez, pleaded guilty.

Judge M. C. Mechem, sitting for Judge H. P. Haynolds, heard the plea of prisoners and called the criminal docket. Ten cases were set for trial, the last being set for October 18. The case of Romero, charged with murdering his wife, was not set for trial. Vicente Segoviano, charged with murder, will go to trial Thursday.

Cases Set for Trial.

Cases were set as follows:
October 10—Vicente Segoviano, charged with murder.
October 12—Vicente Segoviano, charged with murder.
October 13—Fidel Solis and Tomas de la Rosa, charged with larceny.
October 14—Flavia Garcia, Pedro Sanchez and Fernandez Gabaldon, charged with larceny of sheep.
October 16—Luis Chandelaria, charged with larceny and obliterating a brand.
October 17—Moses Sandoval, charged with killing a mare.
October 18—Luis Glacemell, charged with buying stolen goods and aiding the concealment of the same.

Asks for Receiver.

The appointment of a receiver for the Albuquerque Abstract company was asked of the court by Mrs. Martha E. Hart. Her complaint sets out that the company owes debts of approximately \$2,000, she believes the best interests of creditors, debtors, stockholders and officers of the corporation would be best served by the appointment of a receiver. The appointment of P. F. McManis is recommended.

The New Mexico Loan and Trust company, informing the court that the stockholders had decided to disincorporate, asked that an order be made by the court requiring all persons having claims against the corporation to present them on or before October 31 or be barred from any claim against the company and that the directors be authorized on that date to make distribution of the capital among the stockholders after paying any claims that might be presented. The order was granted.

E. A. MIERA, STATE SENATOR FROM COUNTY OF SANDOVAL, DIES

That State Senator E. A. Miera, stock raiser, merchant, banker and politician, died at 11 o'clock Sunday night in Sandoval county. He was learned here yesterday. He was 51 years old.

Nothing was known here last night of funeral arrangements. Strong Brothers sent an embalmer to Jemez Springs to prepare the body for burial. A casket was sent there.

Senator Miera was born at Algodones, Sandoval county, March 24, 1865, the son of Pamplona and Mrs. Guadalupe (Sandoval) Miera. He was educated at St. Michael's college in Santa Fe. He worked as a clerk in Algodones until 1875, when he went to Cuba and entered the mercantile business.

Washing Won't Rid Head of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. Do this tonight, and by morning most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

CHINESE PRESS MUCH ALARMED AT JAPAN'S DEMANDS

Newspapers Fear That New Japanese Cabinet Will Adopt Aggressive Attitude Over Recent Clash.

(BY MORNING JOURNAL SPECIAL LEADERS WIRE)
Peking, Oct. 9.—The Chinese press expresses alarm at the present manner in which Japan is pressing the demands made in consequence of the recent clash between Chinese and Japanese troops at Cheng Chai-tung, Manchuria. The newspapers voice the fear that the new Japanese cabinet will adopt an aggressive attitude.

Baron Hayashi, the Japanese minister, visited the foreign office today and discussed with Chen Chin Tao, Chinese minister of finance, the Cheng Chai-tung demands. Baron Hayashi emphasized Japan's demand for police rights in inner and southern Manchuria and in eastern and inner Mongolia. The Japanese seek the right to station police at such places as Tokio considers necessary for protection and control of Japanese residents. They also demand the employment of Japanese police advisers in southern Manchuria and eastern and inner Mongolia.

How Cataract is Contracted.

Mothers are sometimes in thoughtless as to neglect the child, which their children contract. The inflammation of the inner membrane, at first acute, becomes chronic and the child has chronic cataract, a disease that is seldom cured and that may prove a life's burden. Many persons who have this loathsome disease will remember having had frequent colds at the time it was contracted. A little forethought, a bottle of Chamberlain's Cough Remedy judiciously used, and all this trouble might have been avoided. Obtainable everywhere.

This Simple Laxative A Household Necessity

Dr. Caldwell's Syrup Pepsin Should Have a Place in Every Home.

Hon. John D. Keister

Constipation, or indigestion of the bowels, a condition that nearly everyone experiences with more or less frequency is the direct cause of much disease. When the bowels become clogged with refuse from the stomach, food gases and poisons are generated, and unless the congestion is quickly relieved the system becomes weakened and most susceptible to attack.

Various remedies to relieve constipation are resorted to, but many of these contain cathartic or purgative agents that are harsh and violent in their action and shock the system. The most effective remedy is the combination of simple laxative herbs with pepsin that is sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin.

The Hon. John D. Keister of Indianapolis, W. Va., who has represented his district in the State Legislature for six years, writes that he uses Dr. Caldwell's Syrup Pepsin and finds it a splendid laxative, easy to take and mild, yet positive, in its action, and that it should be in every household for use when needed.

Dr. Caldwell's Syrup Pepsin is sold by druggists in all parts of the United States and costs only fifty cents a bottle. It contains no opiate or narcotic drug, does not grip, and is recommended as a family laxative, and enough for the thinnest babe, yet sufficient for the stoutest man.

WANTS HUGHES' VIEWS ON SUB SITUATION

(BY MORNING JOURNAL SPECIAL LEADERS WIRE)
Chicago, Oct. 9.—Today Charles E. Hughes was invited by Senator Thomas J. Walsh, manager of western democratic headquarters, to speak on the situation caused by the renewed activity of German submarines.

"President Wilson can be trusted to handle this situation as he has handled all other problems put before him—satisfactorily," said Senator Walsh. "But it gives Mr. Hughes a chance to say what he would do if he were president today, instead of waiting to see what President Wilson does and then criticize it."

E. W. Torrance Dead.

Santa Fe, Oct. 9.—E. W. Torrance of McIntosh, Torrance county, died this morning at St. Vincent's san-

ciently powerful to act easily on the strongest constitution.

To avoid imitations and ineffective substitutes be sure to get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 475 Washington St., Monticello, Illinois.

The Treatment of Influenza or La Grippe

It is quite refreshing these days to read of a clearly defined treatment for influenza or La Grippe, in an article in the "Lancet-Clint," Dr. James Bell, of New York City, says he is convinced that too much medication is both unnecessary and injurious.

When called to a case of La Grippe, the patient is usually seen when the fever is present, as the chill which occasionally usher in the disease, has practically passed away. Dr. Bell then orders that the bowels be opened freely with salts, "Aristol" or citrate of magnesia. For the high fever, severe headache, pain and general soreness, one anti-lamnia tablet every three hours is quickly followed by complete relief. Ask for A-R-K Tablets. They are also unexcelled for headache, neuralgia and all pains.

GIRLS! BEAUTIFY YOUR HAIR AND STOP DANDRUFF

Hair Becomes Charming, Wavy, Lustrous and Thick in Few Moments.

Every Bit of Dandruff Disappears and Hair Stops Coming Out.

For 25 cents you can save your hair. In less than ten minutes you can double its beauty. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and charming as a young girl's after applying some Dandrin. Also try this—moisten a cloth with a little Dandrin and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dirt, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Dandrin dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a 25-cent bottle of Knowlton's Dandrin from any drug store or toilet counter and just try it.

Healthy Motherhood Means A Healthy Baby.

The foundation of a perfect baby is its mother's health during the months preceding expectancy, and nothing can take the place of "Mother's Friend" in assuring her of pleasant and comfortable conditions, and assisting nature in its work during this period. "Mother's Friend" has helped thousands through this trying period in perfect safety. "Mother's Friend" is an external remedy easily applied. Get it at any drug store.

A free book on Motherhood will be sent all expectant mothers. It is a valuable and interesting book you should have. Send for one. Address: The Bradford Regulator Co., 212 Lamar Bldg., Atlanta, Ga.

DOUGLAS FAIRBANKS
AND DE WOLF HOPPER
NOW AT THE PASTIME

You just can't prevent Douglas Fairbanks from doing things. Let there be anything at all in the way of his progress and he will jump over it or (sing) over it—it doesn't matter much to him which. Therefore, in his latest Triangle picture, "The Half-Breed," there are lots of typical Fairbanks stunts.

It did not seem very likely that in a California forest of big trees, each with a diameter as large as that of a good sized bungalow, there would be much material at hand for elaborate gymnastics. But leave it to Fairbanks. He found plenty of opportunity, and did not fail to take full advantage of it.

One of his best stunts came when the director shot some film at the base of a big tree that had fallen lengthwise on the ground. The top of the tree was perhaps fifteen feet in the air, and the course of events required that he get from the ground to that point.

There chanced to be a young birch tree growing close to the roots, its branches going all the way to the top. No one but Fairbanks had thought much of that in any way save as a background, but now he went to the sapling and pulled it over until its top nearly touched the ground.

"What are you trying to do now, Dougie?" cried the director.

"Dougie" didn't reply, but just grinned in his own familiar fashion and pulled the tree further down.

"Are you ready?" he called.

"I don't know whether I am or not," said the director, somewhat puzzled.

"Ready or not, then, here I go!" said Fairbanks; and with a spring, aided by the elasticity of the little tree, he went high in the air and landed on the top of the roots.

"What do you want me to do next?" he sang out from his new perch.

"Come back again," said the director, sternly.

Dougie came back in the same fashion, and the camera recorded it.

Besides the above De Wolf Hopper will appear in "Poor Papa." Both at the Pastime theater today and tomorrow.

WARM WELCOME
IS PLANNED FOR
CABINET OFFICER

Big Committees, One Representing Organized Labor, Will Meet Secretary W. B. Wilson at Station.

Secretary Wilson of the department of labor will get a warm welcome in Albuquerque Thursday. The democratic county central committee, the Woodrow Wilson club and representatives of organized labor will see to that. Arrangements for the reception of Secretary Wilson were made yesterday by representatives of these three bodies.

When Secretary Wilson steps off the Santa Fe's California limited Thursday morning two big committees will be at the station to meet him. One will be made up of representatives of labor organizations. This committee will take the secretary to a hall where a reception is to be held. In the afternoon the committee will show Mr. Wilson points of interest in Albuquerque, taking him from place to place in an automobile.

At night the other committee will escort Mr. Wilson from the hotel, where he stays, to the hall where he will make a public speech.

First Committee.

The first committee consists of: H. R. Karr, president; W. E. Stringfellow, C. R. Shade and F. E. Lyons, secretary-treasurer, of the State Federation of Labor; H. A. Calvin, W. M. Phillips, E. Glennwater Has Officers of Baca Convention Enjoyed From Filing Certification With County Clerk.

The district court, acting upon complaint of Capt. W. H. Glennwater, as county chairman yesterday temporarily enjoined James H. Moore, chairman of the convention of the Baca wing of the republicans, and Elias Quintana, secretary, from filing with the county clerk the convention's list of nominees as those of the grand old party.

The injunction will continue in force until Friday morning, at least. Perhaps it will continue from that time. That depends upon the showing by the Baca partisans before the court. The court set Friday morning as the time when Moore and Quintana are to show cause why the injunction should not be made perpetual. If they cannot show sufficient cause the injunction will be effective permanently.

Moore and Quintana were served with summonses late yesterday afternoon after the close of the Baca convention in the W. O. W. hall. The wing's central committee, of which Moore is chairman, was meeting when Deputy Sheriff A. C. Burleson came into the hall and handed the papers to the officers.

Convention Names Ticket.

The convention had instructed the officers to certify to the county clerk the nominations made by the body, as those of the republican party. The convention also had adopted the United States flag as the emblem of the republican party in and for the county of Bernalillo. This action was taken before the officers knew that Captain Glennwater had asked for the injunction.

Nine precincts, including the two in Albuquerque, were represented at the convention. Enthusiasm was shown, delegates applauding the nominations.

The convention nominated a complete county ticket. Here it is: Senator-at-large, Bernalillo, Sandoval and San Juan counties—Clark M. Carr.

State Senator—E. R. Garcia.

Members House of Representatives—

Pedro B. Tartaglia, Ofilmiano Gutierrez Zenon Sandoval.

Probate Judge—J. A. Garcia y Sanchez.

County Clerk—George W. Vocum.

Sheriff—Eligio Baca.

County Commissioners—Isidro Sandoval, Adriano L. Sanchez, Carlos R. Romero.

Assessor—L. H. Chamberlin.

School Superintendent—Atanacio Montoya.

Treasurer—W. E. Rogers.

County Surveyor—A. E. Hutchinson.
