ATTEMPT TO WRECK MINE

Vindicator Property in Cripple Creek District the Scene of Dynamite Explosion.

PLOTTERS ARRESTED

Governor Peabody Fully Believes the Military Has the Right Men in Custody.

Denver, Nov. 23.—Because of an attempt to wreck the Vindicator mine in the Cripple Creek district by an explosion of dynamite which killed two men on Saturday, troops were sent out from Denver on Saturday afternoon but will not reach Telluride until late this afternoon or early tomorrow.

When the special train reached Canon City, Governor Peabody ordered the troops to proceed to Cripple Creek. On arriving there they were scattered over the district to prevent the escape of suspicious characters. After the arrest of twelve men believed to be connected with the Vindicator explosion, three as principals and nine as accessories, the troops were again ordered to Telluride.

In all sixteen men have been arrested in connection with the wrecking of the Vindicator mine all but one being union miners and including four prominent strike leaders as follows:

Charles G. Kennison, president of the executive board of district one, of the Western Federation of Miners, Sherman Parker, W. F. Davis, and W. B. Easterley, members of the executive board.

Governor Peabody today received a telegram from General Bell saying that he had positive evidence against several of the miners' union officials now under arrest to the effect that they were guilty of plotting the explosion in the Vindicator mine. The Governor stated that he fully believed he had the right men in custody.

MAJOR GENERAL BATES STUDYING SITUATION.

Cripple Creek, Nov. 23.—Major General Bates sent from Washington to make an investigation of the strike conditions as a result of the appeal of Governor Peabody for federal troops, is here studying the situation.

He will proceed from this city directly to Telluride probably in a day or two.

VERDICT FOR THE DEFENDANTS

Samuel L. Bean Loses His Suit Against the American Consolidated Copper Company.

In the case of Samuel L. Bean versus the American Consolidated Copper Company which was heard before Judge Parker at Silver City, the final hearing was had Saturday, at which the court found in favor of the defendant against every contention of the plaintiff, and will hand down a decree to this effect. The plaintiff tried to gain possession of certain property in the Shakespeare Mining District, owned by the defendant company. E. A. Fiske, Esq., was the attorney for the defendants.

A. R. Gibson of this city is the president of the American Consolidated Copper Company and owns a large block of its stock. The mining properties involved are extensive and reported to be valuable.

POSSES TO RESCUE.

Will Aid Sheriff Webb and Deputies in the Capture of Tom Oday, of the Curry Gang.

Casper, Wyoming, Nov. 23.—Two posses left this place to aid Sheriff Webb and Deputies Greenwood and Haines of Natrona County who captured Tom Oday a notorious survivor of the Curry gang of outlaws and rustlers.

The posses are traveling with all speed and hope to reach the Lesite Mountains before the band of desperadoes, who intend to liberate Oday. It is almost certain that a fight will result sometime tomorrow. The sheriff and officers cannot reach the settlement before Tuesday night.

ITALIAN SOVEREIGNS RETURN TO ROME.
Pisa, Italy, Nov. 23.—King Victor Emmanuel and Queen Helena arrived here today on their return from a visit to the King and Queen of England and proceeded to the royal residence at Rossore.

YELLOW FEVER EXPERT DEAD

R. D. Murray, Dean of the Marine Hospital Service Victim of Runaway Accident.

Laredo, Texas, Nov. 23.—The remains of R. D. Murray, the well known yellow fever expert and Dean of the Marine Hospital Service, who died here yesterday from injuries received in a runaway accident, were shipped today to Bluffton, Ohio, for interment.

Dr. Guiteras, also widely known as a yellow fever expert and who was with Murray at the time of the accident, has recovered from his injuries. The yellow fever situation here is improving and with the continuance of cool weather it is believed that the disease will disappear.

GETS FOUR YEARS FOR MANSLAUGHTER.

Cheyenne, Nov. 23.—Frank Keefer, convicted of manslaughter for shooting two men at Rawlins several months ago, was sentenced to four years' imprisonment. He will appeal.

DECREE AT CARTAGENA

No Steamers Will Be Allowed to Clear for Colon or to Enter from There.

REYES NOW ENROUTE

Will Hold a Conference at Washington With Dr. Amador of the Panama Commission.

Washington, Nov. 23.—Rear Admiral Coghlan, commander of the Caribbean squadron, cables the navy department under the date of November 21, that General Reyes, the special commissioner of the Bogota government, tenders his sincere thanks to President Roosevelt and Secretary of the Navy Moody for his gracious treatment at Colon, by our naval force.

Admiral Coghlan confirms the press dispatches that Reyes has departed for Washington for a conference with Dr. Amador, a member of the Panama commission, and others in the United States. It is understood that the Panama government has cabled Amador to await the arrival of Reyes.

Decree Issued at Cartagena.

Colon, Nov. 23.—A decree was issued at Cartagena on November 16 setting forth that no steamers will be allowed to clear for Colon or to enter Cartagena from Colon. All the foreign consuls and steamship agents at Cartagena protested without effect.

FOUND DEAD IN BED.

John L. Jerome, Former Treasurer of Colorado Fuel and Iron Company Passes Away.

Denver, Nov. 23.—John L. Jerome, president and manager of the Overland Cotton Mills and the former treasurer of the Colorado Fuel and Iron Company, is dead at his country residence at Buffalo Park about 40 miles from this city. He was found dead in his bed.

His friends say his death was due to an overdose of some drug he was in the habit of taking because of insomnia. For some time it is stated, he was troubled because of financial troubles and the worry was increased by the closing of the Overland Mills which became necessary when a strike was ordered in the coal fields.

This makes three of what is known as the "Iowa Crowd" which formerly had the management of the Colorado Fuel and Iron Company who have died in the past few months.

32,000 AFFECTED.

First of Numerous Reductions of Cotton Mill Employees' Wages Goes Into Effect.

Boston, Nov. 23.—The first of the numerous reductions of wages announced in the cotton mills of southern New England and half a dozen points outside of that territory, went into effect in all but one of the Fall River corporations today and a number outside of the mills.

Although about 32,000 operatives had their pay cut on an average of ten per cent, no general strike occurred at any mill.

TEXAS CITIZEN APPOINTED GERMAN COTTON INSPECTOR.

Berlin, Nov. 23.—J. B. G. Becker of Hockley, Texas, has been appointed government government inspector of cotton on the plantations of German East Africa.

DENVER & RIO GRANDE TO LAY THIRD RAIL

Connecting Link for a Standard Gauge System from Denver to Santa Fe Will Soon Be Established Through Trains to El Paso.

"The laying of a third rail from Antonito to Santa Fe, via the present route of the narrow gauge system of the Denver & Rio Grande is practicable, provided the sharp curves in places are reduced," said a prominent railroad man the other day, "and the laying of the third rail on the 125 miles, and the operation of standard trains and Pullman coaches from Denver to El Paso via the Denver & Rio Grande to Santa Fe, thence by the Santa Fe Central and El Paso, is only a matter of the time that it will take to put in the third rail for the 125 miles distance."

"The Denver & Rio Grande system from Denver via Pueblo to Cuchara Junction, thence over the Veta Pass into the San Luis Valley to Alamosa and Antonito is all standard gauge. Of course some work would be entailed, and in some places a great deal, in order to lay a third rail from Antonito to Santa Fe, but it is not impracticable as the work would principally consist in reducing the sharp curves in places that are all right for the operation of narrow gauge trains, but fall short of the requirements of standard gauge trains."

"The operation of standard gauge trains over the heavy grades is as practicable if not more so than for the present narrow gauge system, especially at the points where two engines are required to take the comparatively light trains now operated on the narrow gauge system over the heavy grades."

"The laying of the third rail from

Antonito to Santa Fe has practically been satisfactorily disposed of by the powers that be of the Denver & Rio Grande system, and I look forward to the work being started at any time. The opening of the Santa Fe Central system supplies the missing link of the through traffic via the Denver & Rio Grande and the El Paso & North-eastern systems from Colorado's capital to El Paso, and the Denver & Rio Grande officials are aware to the advantages to be derived both by the passenger and freight departments, by the operation of through standard gauge trains, with Pullman service for the passenger traffic, from Denver to El Paso."

"I predict that another year will mark the operation of a through passenger and freight service from Denver to El Paso, via this city as the heavy freight traffic of the Santa Fe division of the Denver & Rio Grande demands quicker and better facilities for handling, than the transferring now necessary from the narrow gauge to flat cars at Santa Fe and Antonito."

"The through service via the Denver & Rio Grande, the Santa Fe Central and El Paso & Northeastern systems would mean much for Santa Fe, as it would make the Capital City the center of a trunk line, the lack of which has been the greatest drawback and setback that the city has experienced in its advancement and growth. Therefore I will conclude by saying that a third rail from Antonito to Santa Fe on the Denver & Rio Grande, to supply the second and last missing link for through traffic from Denver to El Paso can come none too soon."

BANQUET TO THE "SIXTY-SIX"

Girl Pupils of the Academy of Loretto—A Most Enjoyable and Festive Occasion.

Thursday, the nineteenth instant, marked a day of unusual jubilation at Loretto Academy. The event was to honor the 66 pupils that are now enrolled in that institution of learning. Since the first opening of the school, 51 years ago, Loretto Academy has ranked first in every particular, sending out year after year, young ladies of solid virtue, with a wide and sound education, equal to, if not superior to any received in any academy whether north, east, south or west of this academy conducted by the Sisters of Loretto.

That the efforts of the good sisters are appreciated by the public, is evident from the growth of the school. Never before in its existence has Loretto been so proud as to claim 66 young ladies, as it is today—young ladies who are the pride of their parents, and the joy of the sisters.

The flock is tended by the sisters who watch over their charges with a motherly care and affection, at the same time preparing them for the life that still lies unrevealed.

The day continued in its accustomed order until 3 o'clock, when just an hour after, the pupils clad in uniform proceeded to the banquet hall. The eyes of the pupils seemed brighter than usual, for when the doors swung open, the spacious building seemed a city of its own, another Paradise of Eden. The decorations, white and green were artistically arranged about the walls, while the tables covered with pure white were designed with green. The effect was beautiful. Flowers were in profusion and the illuminations displayed not only the beauty of the interior, but the goodies as well. The Very Rev. Father Fouchegue, vicar general in the absence of Reverend Father Peter Bourgade begged a blessing from on high on the delicious supper about to be enjoyed. Wild roses beautifully painted on cards and laid on the plates served as menu cards; the menu being roast turkey, potatoes, celery, cranberries, lemon punch, roast beef, French peas, tomatoes, olives, pickles, white bread, barley bread, crackers, oranges, apples, bananas, royal cream, cakes, candies, nuts and coffee.

Those present were the Very Reverend A. Fouchegue, vicar general, Rev.

INDICTED BY U. S. GRAND JURY

Rafael Romero Superintendent of Schools of Mora County Charged With Embezzlement.

Rafael Romero, county school superintendent of Mora County, has been indicted by the U. S. grand jury of the Fourth Judicial District on charges of embezzling, and secreting a letter containing a check. The government claims to be able to prove that Romero opened a letter belonging to another and cashed the check which it contained.

The case will be followed with much interest as Romero is a well known and influential Democrat and has many friends in the Territory, who declare that the charges against him are unjust and have been trumped up by his enemies. Romero is a graduate of Princeton.

STEAMER DISCOVERY WRECKED ON SEAL RIVER.

Juneau, Alaska, Nov. 23.—Passengers on the steamer Excelsior which has just arrived here reports that a mass of wreckage from the Nome steamer Discovery has been washed ashore at the mouth of Seal River 30 miles from Yakutat. It is practically certain that the Discovery was lost and that everybody aboard perished. The number of passengers and crew is estimated at thirty.

PROMINENT DRY GOODS MERCHANT PASSES AWAY.

St. Louis, Nov. 23.—Jonathan Rice of the Rice, Stix Dry Goods Company, a leading figure on commercial and religious circles, died here today of affection of the heart. He was born in Bavaria in 1843. At the time of the yellow fever scourge in Memphis in 1873 Rice was an active worker in the relief association.

J. Deraches and Rev. J. Hintzen. Toward the close of the banquet an address was delivered by Very Rev. A. Fouchegue after which the young ladies repaired to the auditorium, though greatly disappointed that his Grace Archbishop Bourgade and Bishop Pitaval were not present to enjoy the banquet with them, their plans being frustrated by the delay of trains.

The musicale to be given by the Cecilia Society of the Academy has been postponed until the 30th.

OVERTURES OF PEACE REJECTED

Insurgents Will Continue to Bombard San Domingo Until the Capital City Falls.

San Domingo, Santo Domingo, Sunday, Nov. 22.—President Wosy Gil, in his efforts to bring about a peaceful arrangement with the insurgent forces besieging this city, today commissioned the United States, Belgian and Haytian ministers and the Spanish consul to visit the insurgent camp. Consequently an armistice was agreed upon to expire at noon, and the commissioners consulted with the insurgent leaders.

Later, however, they refused to entertain the peace proposals and demanded the surrender of the city but prolonged the armistice until 6 this evening, after which the bombardment of San Domingo will be resumed and continued until the capital falls. The United States minister's residence was destroyed during a previous bombardment. The inhabitants of this city are in a state of panic. The warships of several nations have arrived here.

TROLLEY WIRES CUT

Sympathizers With Strikers Will Not Fly Flag of Truce Pending Peace Negotiations.

SITUATION IS ACUTE

Mobs Blockade the Tracks and Throw Stones at Chicago Railway Rolling Stock.

Chicago, Nov. 23.—While preparations were being completed today for the opening of the State Street cable line, the rioters were engaged in trying to put out the commission on the four lines of the Chicago City Railway which have been operating on a limited scale. The trolley wires were cut on Halsted Street and stones piled on the track on Archer Avenue.

Mob on Twenty-ninth Street. At Twenty-ninth Street another mob blocked the cars and threw stones. The police are charged with beating many persons severely with clubs.

Two Strikers Shot. Chicago, Ill., Nov. 23.—Non-union men who applied for work at the plant of the American Hide and Leather Company where a strike is in progress, shot and seriously wounded two members of a crowd of strike sympathizers today. The men escaped. It is claimed that they were being attacked by the crowd.

Serious Collision Between Police and Strikers.

A serious riot occurred at Forty-first and State Streets when the trains arrived at that point. Many shots were fired by the police and one man is believed to have been hit by a bullet while several were knocked down by officers.

The cars on State Street encountered obstacles all along the line. The crews began to remove obstructions when from behind fences a volley of stones came. The police charged the rioters with revolvers drawn. A running fight ensued in which the police fired upon the mob. Several charges were made upon the mob as it collected again before the obstructions were removed.

More Trouble Encountered.

More trouble was encountered by the State Street cable trains near Forty-third Street. The cable slot was systematically choked and tracks blockaded with heavy steel rails. Hundreds of men, women and children armed with missiles, then awaited the return of the police. It is reported that many were knocked down at their own doors and scores of the rioters and bystanders were wounded by the clubs of the police.

GUILTY OF RECEIVING A BRIBE

A Grand Rapids Ex-Alderman Acknowledges Receiving Such—Sentence Deferred.

Grand Rapids, Nov. 23.—Ex-Alderman Adrian Schriver today pleaded guilty to having received a bribe from Lant K. Salisbury while the Garman Cameron water deal was in progress. It is expected that his sentence will be deferred as Schriver will be a witness for the state on other prosecutions. Ex-Mayor George R. Perry is also charged with receiving a bribe in the same deal, waived the preliminary examination and was bound over. He furnished bail for \$5,000.

TO PROBE CHARGES

Senate Committee on Military Affairs Will Send Sub-Committee to Cuba.

RECIPROCITY TREATY

Senate Committee on Foreign Relations Presents Favorable Report on the Cuban Bill.

Washington, Nov. 23.—The Senate committee on military affairs will designate a sub-committee to go to Cuba and take testimony regarding the conduct of General Wood. It is asserted that so much has been said about the conduct of Wood in Cuba that it will be necessary to examine the witnesses on the island who cannot come to the United States.

Cullom of Illinois, presented a report to the committee on foreign relations on a bill to carry into effect the Cuban reciprocity treaty. It went to the calendar. Hale of Missouri, moved to reconsider the vote by which the Newlands resolution on the annexation of Cuba was referred to the committee on relations to Cuba. He said that this country had already declared its policy in reference to Cuba by enacting the Teller resolution into a law.

Newlands of Nevada, expressed his gratification that the resolution had so early attracted attention. He offered it in no spirit of spoliation. Cuba had confessed her inability to cope with other nations in the business of affairs. He cited among others a request for the reduction of duty on Cuban products which was an exceptional request. He thought we should respond by offering a political rather than a commercial union.

CONGRESSIONAL PROCEEDINGS.

Washington, Nov. 23.—In the Senate today Carmack, of Tennessee, offered a resolution authorizing the committee on the conduct of the executive departments to investigate the postoffice department. It went over without discussion until tomorrow.

A CHURCH WEDDING.

Miss Lottie Garcia and John W. Lewis Plight Troth at Cathedral Altar.

The auditorium of the Cathedral was filled this morning with the relatives and friends of Miss Lottie Garcia, the daughter of Mr. and Mrs. Evaristo Lucero and John W. Lewis, of Albuquerque, when at 9 o'clock the Very Rev. Anthony Fouchegue began the nuptial service that made them man and wife. The bride was attended by Miss Anita Lewis while the best man was Richard Lewis, being the sister and brother of the bridegroom, respectively.

Following the ceremony at the church a wedding dinner was served at the residence of the bride's parents. The wedding presents received by the young couple were numerous and beautiful. Mr. and Mrs. Lewis will leave tonight for Albuquerque, where they will make their future home. The bridegroom is a prominent young business man of Albuquerque, and the bride the handsome and accomplished daughter of Mr. and Mrs. Evaristo Lucero.

INDEPENDENT COAL MINERS NOW IDLE.

Louisville, Nov. 23.—The independent mines of the northern coal field are idle today as a result of a vote Saturday that they should be closed until the trouble was entirely settled. It is generally believed that President John Mitchell will arrive in Colorado within a week and personally take charge of the strike.

SHOT AT A DANCE BY A CONSTABLE.

Alamosa, Colorado, Nov. 23.—During a fight at a dance across the river Constable Ramon Espinoza, who was endeavoring to separate the combatants, shot and fatally injured Reyes Samora. Before dying Samora stated that Espinoza had shot him, maliciously, which the constable denies. He was arrested.

CONSUMPTIVE HOSPITAL AT DENVER TO GET \$5,000.

St. Paul, Nov. 23.—A special to the Dispatch from Helena, Montana, says, that according to the terms of the will of the late Henry Klein, the well known capitalist, the Jewish Hospital for Consumptives at Denver will get \$5,000. The will contains a number of other bequests to charity.

GERMANY WILL RECOGNIZE PANAMA.

Berlin, Nov. 23.—Emperor William has directed the German authorities to recognize the Republic of Panama officially.

THE END IS NOT IN DOUBT.

The New Mexican takes pleasure in reproducing from the editorial columns of the esteemed Las Vegas Optic the following editorial comment upon an item in this paper. Both must be published together in order to be fully understood. Here they are:

"The valued Las Vegas Optic is taking a hand in the political imbroglio in Bernalillo County, and that on the right side. It is giving valuable aid to the Republicans in Albuquerque and in Bernalillo County who desire reform in party matters there and who are opposed to political corruption and dishonesty in office. The good fight is going on and gaining strength every day. The end is not in doubt."

The Optic appreciates the above expression from the New Mexican, but begs leave to differ from its esteemed contemporary in so far as it limits the issue to Bernalillo County. When the man on whom the fight is being made is chairman of the territorial central committee of the Republican party, and by means of the Spanish papers has made a direct attempt not only to carry the fight into San Miguel and other counties, but is endeavoring also to stir up a race feeling in this Territory between citizens of Spanish or Mexican descent and other Americans—then, we say, it is no longer a political imbroglio in Bernalillo County, but a fight for decency in the Republican party and a fight to combat a most despicable attempt to stir up race feeling. The Republican press of the Territory is practically united in exposing and condemning the dishonesty of the hoodlums of Bernalillo County, and the methods by which they would retain their position in the party. If these men think they can stand against the honest element in the Republican party, backed by the voice of the press, they have a big lesson to learn. They will be relegated to a back seat as certain as the world, and the man who will not scruple to raise his voice in their behalf will be given like treatment. A barrel of apples, however sound, if it contains a few rotten ones, will soon be contaminated throughout unless the bad ones are thrown out. If the rotten element is left undisturbed in the Republican party, whether in Bernalillo or any other county, the whole barrel will have to suffer the consequences.

THE FALLACY THAT SHOULD BE DISPELLED.

There is a widespread opinion that what is called the "non-producing class" does not work and that only the man who labors with his hands and in the sweat of his brow is the actual worker. This is a great fallacy. It is being dispelled slowly but surely only. In a speech delivered by Bishop Doane at a banquet by the New York Chamber of Commerce last week he puts the matter so correctly that it is well to give his statements the greatest publicity:

"I believe it stands true today that the hardest workers in the world are the men who work either with their souls or their brains or their hearts, and not the ones who work with their hands and arms. Priests, students and administrators of government, heads of great railroads and great financial institutions, leaders of political and social reform, the legislators, no matter where they are, these are the hard workers of the world because they do not work merely with muscles that are rested by a night's sleep, but they work with an unending and un-resting toil night and day that strains brains and nerves and that cannot be so easily rested. They are the workers of the world. I believe the hardest workers of the world are the men upon whom the burden and heat of the day fall. Therefore, I am certain enough to say that the capitalists are the laboring men, and upon that ground, if upon no other ground, there can be no antagonism between the two, because in this respect they certainly are one. I think, on the other hand, it is just as true today that labor is capital and that capital is labor."

HOW THEY DID THINGS IN THE YEAR 2250 B. C.

They did things up brown thousands of years ago and in some things much better than now under the boasted civilization of the 20th century. According to an article by Professor Robert Francis Harper, recently published in the American Journal of Semitic Languages and Literature, an ordinance by order of King Hammurabi was put into operation in Babylon about the year 2250 B. C., namely: "If a builder builds a house for a man and does not make its construction firm and the house which he has built collapses and causes the death of the owner of the house, that builder shall be put to death." Similar ordinances for the protection of private citizens and against the rapacity, incompetency or dishonesty of contractors, builders and artisans are also found to have been in force then and there.

In Babylon in the reign of King Hammurabi, who was evidently a great and good monarch, the people and private citizens had rights which had to be respected and in the simple language of the ordinance the man who failed to do so was put to "death." A dollar to a doughnut that they had cleaner streets, better garbage removal systems and more street sprinkling there than is in vogue today in Santa Fe and for that matter in many other towns and cities throughout the country.

NEW MEXICO PEOPLE MUST FIGHT FOR THEIR RIGHTS.

The El Paso land ring seems to be aided by the Board of Trade of that city in its endeavors to rob the people of New Mexico of their just, well and long established and acknowledged rights to the absolute and untrammelled use of the waters of the Rio Grande and its tributaries. This is patent and obvious. There is nothing to do except to fight these schemers one and all as long as necessary. Were New Mexico a state and had it two Senators and a representative with a vote in Congress there would be no danger. Under the present unfortunate circumstances, however, it becomes absolutely necessary that the people of the Territory and the newspapers are vigilant and ready at all times to ward off attacks by the Texas Congressional delegation to the detriment and injury of this Territory. Delegate Rodey is on the alert, but he must be supported and aided at all times and in every possible manner by the people and the press of this Territory. Any and everything that the city of El Paso and the cattlemen of western Texas can steal from New Mexico in the shape of water, land or business will be stolen, unless prevented by the people of this Territory. Hence it should be a fight to the knife and the knife to the hilt. This fight is not of the making of our people but simply one of self-defense and to preserve what is justly, properly, lawfully and legally due them.

It is up to the second Judicial District Court. The Sunday closing law is being enforced in the first, third, fourth and fifth judicial districts. How about its enforcement in the second Judicial District? Are they any better in Albuquerque than elsewhere in the Territory? If so, the people would like to know. Before the law what is sauce for one should be sauce for the other. Certainly grand jurors should be had in Bernalillo County, who will find indictments and petit jurors who will convict upon proper evidence for violations of the law. Either the law should be enforced everywhere in the Territory or else it should not be enforced at all. Which is it to be? There certainly exists no good reason why the saloon keepers of Albuquerque should be allowed to keep their establishments open on Sunday, when others in the same line of business in other parts of the Territory are made to close.

The citizens of Las Vegas have organized a strong Commercial Club. The several social and commercial organizations heretofore existing in the Meadow City have been merged into the club. This is sure to prove of vast benefit to the town, its advancement and growth. The people of this city should follow this admirable example. Indeed they cannot do this any too soon. If there is a town in the United States which needs such an organization it is certainly this city.

It again looks like war between Russia and Japan. Should the navy of the latter country whip the Russians in eastern Asiatic waters, the Russian Bear will cease his growling and pawing for awhile. Naval experts assert that in point of intelligence and seafaring skill, the Japanese naval officers are superior to those of Russia, and that the chances in a naval conflict would be otherwise, very even.

It is not material whether the report that the administration connived at the Panama revolution and the creation of the new republic is true or not. The new republic is an accomplished fact and it will so remain as long as Uncle Sam has anything to say about it. What is more the people of the United States are quite pleased over the affair.

John D. Rockefeller would oblige the people of the country if he would give less to the University of Chicago and boost the price of oil in a lesser degree. The people at large care much more for the price of coal oil than they do for that alleged educational institution called "The University of Chicago."

WORN TO A SHADOW.

When there is a falling off in flesh in woman or man there is "something wrong." And that something wrong is generally a loss of nutrition due to disease of the stomach and the other organs of digestion and nutrition. Sometimes this loss of flesh is accompanied by variable appetite, but in many cases the appetite does not fail and there may be a constant desire to eat. Languor, nervousness, irritability, sleeplessness, are symptoms often associated with this loss of nutrition and falling off in flesh.

Doctor Pierce's Golden Medical Discovery cures disease of the stomach and other organs of digestion and nutrition. It enables the perfect digestion and assimilation of food so that lost flesh is regained and the physical health re-established.

"I had suffered from indigestion and only those who have suffered from it know what it really is," writes Mrs. M. J. Pagan, of 1613 East Genesee St., Syracuse, N. Y. "I had had severe attacks of headache and dizziness, with cold hands and feet; everything I ate distressed me, bowels were constipated and I was growing very thin and nervous. I cannot half express the bad feelings I had when I commenced taking Dr. Pierce's Golden Medical Discovery. I took nine bottles of the 'Discovery' and have taken several bottles of Dr. Pierce's Pleasant Pellets. I commenced feeling better with the first bottle and kept on improving. Now I am so greatly improved in health my friends often speak of it. I most heartily recommend these medicines to all suffering as I was."

U. S. Senator Reed Smoot of Utah is keeping his temper to an admirable degree and the chances are that he will keep his seat in the same manner.

There seems to be no particular danger of a war with Colombia as the people of Boston have not yet asked to have the fortifications of that town put into shape to stand a siege by the Colombia fleet.

Democratic opposition to the administration policy in regard to the new Republic of Panama will amount to but very little as Edward Atkinson, Herbert Welsh and Erwing Winslow and the rest of the anti-imperialists have not yet disapproved it.

Wonders will never cease. They even happen in the 20th century. A New Jersey Congressman has just refused railway passes offered him by eastern railway lines. Just imagine, a Congressman refusing railway passes and a New Jersey Congressman at that!

Doctor Parkhurst prophesies that for two years from January first next New York will be a sort of a "Hades" with the lid off. The majority of the citizens of Greater New York at their last election decided that they wanted such a condition of affairs and if they are satisfied that must settle it for the time being.

Rheumatism

"THE PAIN KING."

Those who have ever felt its keen, cutting pains, or witnessed the intense suffering of others, know that Rheumatism is torture, and that it is rightly called "The King of Pain."

All do not suffer alike. Some are suddenly seized with the most excruciating pains, and it seems every muscle and joint in the body was being torn asunder. Others feel only occasional slight pains for weeks or months, when a sudden change in the weather or exposure to damp, chilly winds or night air brings on a fierce attack, lasting for days perhaps, and leaving the patient with a weakened constitution or crippled and deformed for all time.

An acid, polluted condition of the blood is the cause of every form and variety of Rheumatism, Muscular, Articular, Acute, Chronic, Inflammatory and Sciatic, and the blood must be purged and purified before there is an end to your aches and pains. External applications, the use of liniments and plasters, do much toward temporary relief, but such treatment does not reach the real cause or cleanse the diseased blood; but S. S. S., the greatest of all blood purifiers and tonics, does cure Rheumatism by antidoting and neutralizing the poisonous acids and building up the weak and sluggish blood. It is safe and reliable in all forms of Rheumatism. It makes the old acid blood rich, and the pain-tortured muscles and joints are relieved, the shattered nerves are made strong, and the entire system is invigorated and toned up by the use of this great vegetable remedy.

If you have Rheumatism, write us, and our physicians will furnish without charge any information desired, and we will mail free our book on Rheumatism.

MINES AND MILLS.

The boiler at the Dude mine on Macho Creek in Sierra County will be hauled this week to Hillsboro where it will be installed at the water station of the Hillsboro Gold Mining and Milling Company.

A 30 foot lead of carbonate is being developed by John Gardner near Hillsboro. He expects to cut the vein in the near future.

Nine-tenths of the world's production of silver is from the native metal and the following ores: Argentiferous galena, argentite, proustite and pyrrhotite, the ruby silver ores, stephanite and the chloride cerargyrite. More silver is probably extracted from the silver-lead ores, so plentiful in New Mexico, and which are called argentiferous galenas, than from all of the rest of the silver ores combined. Most every state and territory of the United States produces silver lead ores. More or less native silver is usually found in all silver mines. Arizona, Utah and Nevada produce considerable horn silver, or cerargyrite, the mines of Tonopah, Nevada, being unusually rich in this mineral. It is occasionally found in mass. One specimen weighing 150 pounds was taken from a mine in Pima County, Arizona, this being by far the largest mass ever found in this country. It is a valuable ore of silver carrying 75 per cent of the metal. Argentite, or silver glance, is not a plentiful ore in the United States, but is one of the main silver producers in the mines of Saxony and Hungary. It occurs in Montana and Colorado in workable quantities. It contains 87 per cent silver. The minerals proustite and pyrrhotite are called, respectively, light red silver and dark red silver ore, or ruby silver. They occur at times in beautiful crystallized forms. Both are found in a number of the states. The Comstock lode in Nevada was particularly rich in these minerals. Arizona and Colorado produce considerable silver, and pyrrhotite 59.8 per cent. Stephanite or brittle silver ore is a sulphide of silver and antimony. It is found in Arizona, Colorado, Nevada and other states, but not plentifully. It runs in silver 68.5 per cent. Other ores of silver from which a small percentage of the world's output of the metal comes, are embolite and bromyrite chlorides of silver, these minerals being found in Mexico and Chili and carrying about 50 per cent silver chloride. Sternbergite, a silver lead selenide, containing 35 per cent silver, is found sparingly in the United States. Silver ores are distributed through rocks of all kinds and ages, in gneiss, granite and mica schist, sandstones, shales, limestones, etc. When silver occurs in gneiss and metamorphic rocks, distant from eruptive kinds, galena is frequently the chief ore, sulphide or iron, zinc or copper being found as associates, quartz, fluorite and barite being the gangue minerals. Silver ores of such occurrence are usually lean and unproductive. Where silver is found in plentiful quantity, the veins, whether intersecting, metamorphic, fragmental, etc., are always connected with eruptive rock. Native silver occurs in calcite in Michigan and at other points in the United States as well as in Chihuahua, Mexico. The Batopolis mine is a source of beautiful productions of white calcite and native silver in branches and other forms. The United States has for years produced a third or more of the world's output of silver. Mexico comes second in production. Bolivia, South America, ranks third.

There are three different methods in use at the mines at Douglas Island, Alaska, for conveying ore from the crusher bins to the mill ore bins. At the Treadwell small locomotives are used, drawing trains of six cars, each car holding two and a half tons. At the Mexican, where the crusher and the mill are practically under one roof, the two and a half ton cars are pushed by hand; while at the Ready Bullion the ore is handled by a gravity tram operating a train of four two and a half ton cars, the cars being returned by means of a small winding engine at the crusher bin. The tracks from the crusher ore bins are continued along the top of the mill ore bins, so that the ore can be dumped directly from the cars into the bin.

For the year 1902, the United States produced 40 per cent of the world's iron and steel, and the United States, Great Britain and Germany produced 78 per cent of the world's total product. The production of pig iron in the first half of 1903 for the United States was 9,707,376 gross tons, against 8,808,574 tons in the first half of 1902.

DOESN'T RESPECT OLD AGE. It's shameful when youth fails to show proper respect for old age, but just the contrary in the case of Dr. King's New Life Pills. They cut off maladies no matter how severe and irrespective of old age. Dyspepsia, Jaundice, fever, Constipation all yield to this perfect pill. 25c at Fischer Drug Co.

CONSTIPATION. Health is absolutely impossible, if constipation be present. Many serious cases of liver and kidney complaint have sprung from neglected constipation. Such a deplorable condition is unnecessary. There is a cure for it. Herbine will speedily remedy matters. C. A. Lindsay, P. M., Bronson, Fla., writes, Feb. 12, 1902: "Having tried Herbine, I find it a fine medicine for constipation." 50c bottle. Sold by Fischer Drug Co.

THE BEST REMEDY FOR COUP. From Atchison, Kan. Daily Globe. This is the season when the woman who knows the best remedies for croup is in demand in every neighborhood. One of the most terrible things in the world is to be awakened in the middle of the night by a whoop from one of the children. The croup remedies are almost as sure to be lost, in case of croup, as a revolver is sure to be lost in case of burglars. There used to be an old fashioned remedy for croup, known as hive syrup and tulu, but some modern mothers say that Chamberlain's Cough Remedy is better, and does not cost so much. It causes the patient to "throw up the phlegm" quicker and gives relief in a shorter time. Give this remedy as soon as the croupy cough appears and it will prevent the attack. It never fails and is pleasant and safe to take. For sale by all druggists.

Notice for Publication. (Homestead Entry No. 5085.) DEPARTMENT OF THE INTERIOR. Land Office at Santa Fe, N. M., Nov. 3, 1903. Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the Register or Receiver at Santa Fe, N. A RUNAWAY BICYCLE. Terminated with an ugly cut on the leg of J. B. Orner, Franklin Grove, Ill. It developed a stubborn ulcer unyielding to doctors and remedies for four years. Then Bucklen's Arnica Salve cured. It's just as good for Burns, Scalds, Skin Eruptions and Piles, 25c. at Fischer Drug Co.

STEPPED AGAINST A HOT STOVE. A child of Mrs. Geo. T. Benson, when getting his usual Saturday night bath, stepping back against a hot stove which burned him severely. The child was in great agony and his mother could do nothing to pacify him. Remembering that she had a bottle of Chamberlain's Pain Balm in the house, she thought she would try it. In less than half an hour after applying it the child was quiet and asleep and in less than two weeks was well. Mrs. Benson is well known resident of Kellar, Va. Pain Balm is an antiseptic liniment and especially valuable for burns, cuts, bruises and sprains. For sale by all druggists.

One of the most terrible things in the world is to be awakened in the middle of the night by a whoop from one of the children. The croup remedies are almost as sure to be lost, in case of croup, as a revolver is sure to be lost in case of burglars. There used to be an old fashioned remedy for croup, known as hive syrup and tulu, but some modern mothers say that Chamberlain's Cough Remedy is better, and does not cost so much. It causes the patient to "throw up the phlegm" quicker and gives relief in a shorter time. Give this remedy as soon as the croupy cough appears and it will prevent the attack. It never fails and is pleasant and safe to take. For sale by all druggists.

TAOS COUNTY COURT.

Jury Panels Quashed By Judge McFie—No Outside Influences Will Be Tolerated.

The term of the District Court closed on Friday last for Taos County after a short duration, there being no important business of any kind brought up. The court was opened on Tuesday last by Judge McFie, there also being present from out of town: E. C. Abbott, Esq., district attorney; A. M. Bergere, Esq., clerk; W. J. McPherson, Esq., court stenographer; Alexander Read, Esq., interpreter; Attorneys N. B. Laughlin, and A. B. Renahan of Santa Fe and C. A. Spiess of Las Vegas.

The jury commissioners having failed to comply with the statute in the selection of the jurors, not intentionally, however, the panels were quashed. The petit jury was reorganized for the term, but the court having been informed that there was a strong impression prevalent that the grand jury had been selected with a view to the indictment of certain persons and that this state of affairs was brought about by improper methods, the court declined to re-organize a grand jury. There was no criminal business of any consequence reported to the district attorney which necessitated the action of a grand jury. The court stated distinctly that owing to the impression which seemed to be pretty general that outside influence had been brought to bear in the selection of the grand jurors, the court desired it understood that such influences in the selection of jurors would not be tolerated and that the refusal to re-organize a grand jury was deemed the best way to emphasize that fact.

There were some minor civil cases disposed of. There were no criminal cases upon the docket for trial. The civil cases tried were before the court as jurors had been waived by the attorneys.

The county is very free from crime and in fact no serious crime has been committed there for several years. About \$700 of the court funds were expended during the term and there is a balance of over \$1,500 remaining. If the business will justify a spring term will be held in March, 1904.

Schilling's Best and good grocers are apt to be found together.

There's mighty good reason for that.

REAL ESTATE LOANS.

Money to loan upon real estate security on easy terms.

HOMES.

I have a nice cottage (double) six rooms on one side, 4 on the other; owner occupies 4 rooms and the rest rent for \$25 a month; good neighborhood; ample space to erect other buildings on same street; stables and other outbuildings; the price asked is very low.

Can sell at a bargain cozy homes on Manhattan avenue, one a new stone house with all modern improvements; the other an adobe-brick house, 7 rooms; fruit and vegetable garden; city water, hydrant and tank; 70 choice fruit trees; currant and raspberry bushes; lot 80 by 265 feet. The stone house will be rented.

ORCHARDS.

I also have a fruit ranch in a high state of cultivation, in the suburbs, with a building site overlooking the entire city of Santa Fe. On it there is an artificial reservoir, the only one of its kind in the city, 12 feet or more in depth, holding over 125,000 gallons of water, constantly replenished, from which the whole place can be irrigated daily during the summer, and which could be stocked with fish. The land contains many hundreds of young trees of the finest and most valuable varieties of apples, peaches, pears, plums, apricots, cherries and other fruits, the greater part of which already bear; a young bearing vineyard, thousands of bushes of currants and other small fruits; extensive beds of asparagus, rhubarb, and other fine vegetables. To be sold on easy terms, and for much less than it cost, owing to ill health of the owner.

CHURCHES.

I am authorized to dispose of the Congregational Church, on the south side, convenient to the contemplated Union Depot. It stands upon two lots, and will be sold cheap, or the building will be repaired and leased to responsible parties.

THERE ARE OTHERS.

Several small houses, some stone, some brick, others frame, upon my books, which I would be glad to show an intended purchaser. They are desirably situated, and will be sold cheap.

PLAZA PROPERTY.

To those wishing to catch the cream of Plaza real estate I can offer blocks at figures that will double themselves in less than three years.

SAN FRANCISCO STREET.

I have several business blocks for sale on this great mart of trade, some of them producing more than eight per cent, net, on purchase price asked.

IMPORTANT TO LIVERYMEN.

I can sell you the finest and best equipped livery stable in the Territory at two-thirds of its real value; includes fee of land and commodious brick barn, together with the good will of a flourishing business, 30 horses, busses, hacks, picnic wagon, buggies, and all the other vehicles that go to make up an up-to-date livery barn, and all practically new. Good excuse for sale. In a live and growing city. Write for particulars.

OTHER BUSINESS CHANCES.

I have several other commercial and business propositions to submit those desiring to enter mercantile life and to grow up with the new era of prosperity now coming in with the Santa Fe Central Railway.

OUTSIDE PROPERTY.

At El Cuervo, 10 miles from the Rock Island road, I can sell you about 640 acres; patented; excellent grazing land.

Convenient to Las Vegas, I have for sale several large tracts of desirable land which I am permitted to sell at very low figure. One tract contains about 3,500 acres, and is located about three and one-half miles southwest of Las Vegas; nearly all of it is under fence; good grazing and water for stock; some timber. Another tract of 550 acres, 7 miles from Las Vegas; timber and grazing, with an excellent stream of water passing over it. Still another tract of 350 acres of farming, grazing and timber land, 8 miles west of Las Vegas, with running water upon it.

COAL AND TIMBER LANDS.

I can sell you large tracts of land suitable for mining coal or the production of timber.

CATTLE AND SHEEP RANGES.

In all parts of the Territory, and one in Wyoming.

ROOMS: FURNISHED OR UNFURNISHED.

Furnished or unfurnished rooms in all parts of the city. Single, or en suite for light housekeeping. Some of them within five minutes walk of Plaza.

I will take pleasure in showing prospective investors desirable building sites in the neighborhood of the Capitol, and in the vicinity of the Presbyterian church, and other localities of the city which in a few years will be worth double the present asking price.

United States Court for the Fifth Judicial District and District Court for Socorro County were opened today by Judge W. H. Pope at Socorro. This is the first term for two years and much business is to be transacted.

What they will have for the Thanksgiving dinner is set forth in the change of advertisement of H. S. Kaune & Company in today's issue. This firm is the headquarters of everything from soup to nuts for the Thanksgiving spread.

A large display of beautiful fancy goods, among which will be found appropriate and useful Christmas gifts at the Ladies Aid Fair and supper tomorrow in Adams Hall, Palace Avenue. Sale opens 2 o'clock, supper 5 o'clock.

The two year old child of Mr. and Mrs. Thomas Griego of Albuquerque, died on Saturday morning at their residence on Mountain Road. The funeral services were held yesterday and the body interred in Santa Barbara Cemetery.

Thanksgiving services will be held at the Church of the Holy Faith. In the absence of the rector, the Rev. E. Phillips, a lay preacher, will conduct the services. The offering will be given to the Woman's Board of Trade, for the city poor.

John Koury, who recently opened a new cash store in the Catron block, has a change of advertisement in today's issue. He calls attention to a fine line of carpets and rugs, also to a complete assortment of ladies' waists and skirts.

The local weather bureau forecasts fair weather for tonight and Tuesday with a stationary temperature. The maximum temperature yesterday was 59 degrees at 3 p. m., and the minimum 37 degrees at 7:30 a. m. The temperature at 6 o'clock this morning was 34 degrees.

"A feast of turkey in store for those who buy here," is the keynote of the change of advertisement of the Santa Fe Hardware & Supply Company, which appears in today's issue. Thanksgiving specials from ranges to roasting pans are offered at ridiculously low prices at this hardware mart.

The Lamy branch train of the Santa Fe went out this morning to connect with the California flyer. Train No. 2 from the south, due this noon will not arrive until this evening. The trains were more regular yesterday than for some days. No. 2 from the south having been only an hour late.

"If my boys tie the Company F football team Christmas day the Indian School gets half of the gate receipts," remarked Superintendent C. J. Crandall this morning, who on account of the tie game with the Albuquerque University team, did not see as bright visions of the whole purse. Such an arrangement is entirely satisfactory to Company F.

The regular meeting of the Fortnightly will be held this evening at 8 o'clock at the residence of Mrs. Rivenburg on Palace Avenue. Dr. James A. Massie will read a paper on "Hygienics." The Alaskan boundary case will also be discussed, Mr. Playter presenting the claims of Canada, and Mr. Stephens those of the United States. Music will add to the evening's entertainment.

The football game between the eleven of the University of New Mexico and the team of the United States Industrial Indian School which was played in Albuquerque on Saturday, was

HEARD IN THE HOTEL LOBBIES

Tucumcari is Flourishing.

"Everything is flourishing at Tucumcari and the town is picking up daily," said Sheriff J. Alexander Street, of Quay County, in the lobby of the Claire. "The town now boasts of a population of 1,500, and the establishment of the shops of the Rock Island system, for the El Paso division at Tucumcari, will materially add to our growth and prosperity. Of course our gain will be Dalhart's loss, but then the people of Tucumcari have to look out for No. 1, the same as the rest of the world. Work on the electric light plant has been inaugurated in earnest, and upon its completion the use of coal oil for lighting purposes will be a thing of the past, as all the homes are being wired for electric lights. The stock shipments this fall, both of cattle and sheep, have been very heavy, so much so that sufficient cars have been a luxury."

Sidewalks at Torrance.

"Sidewalks will no longer be a novelty at Torrance," remarked W. G.

witnessed by about a thousand spectators. The teams were well matched and the game resulted in no score being made by either side, the play, however, being on Albuquerque's territory the greater part of the time.

There will be no issue of the Daily New Mexican on Thursday, that day being Thanksgiving Day. The large force of employees of this paper desires to spend Thanksgiving in good shape as its members are very well satisfied with the condition of affairs, having received their pay promptly and weekly from the management. As there are no substitute bookbinders, linotype operators, foremen, pressmen, printers, folders, engineers and "devils" to be had in their places, as a natural consequence no issue on that day can be had.

The statement of the business of the First National Bank of this city on November 17 appeared in both Saturday's and today's issue as called for by the comptroller of the treasury. The statement shows the bank to be in a first class and very satisfactory condition. The First National is the oldest bank in New Mexico and Arizona and is as safe as any in the country. Its officers are business men of the highest integrity and of proved financial ability and standing. Its stock is considered a gilt edged security and depositors are absolutely safe.

The ladies of the Cathedral Guild will hold a sale and supper the afternoon and evening of December 2, in the J. B. Lamy store room recently occupied by Mondragon. Many dainty as well as useful articles will be offered for sale at reasonable prices. Pillow cushions, fancy work, dolls, aprons, Kimonos and a nice assortment of other articles for which the ladies are expecting a ready sale, as this is the first time the Catholic Guild has asked the public for help, being a new organization. A variety of Mexican dishes will be prepared under the supervision of a lady who understands their concoction and those who do not care for the Mexican dishes will be well provided for in other ways. Delicious home made candy, ice cream and cake, chocolate and the ever present fish pond will cater to different tastes and music will lend its charms to the occasion. Any one wishing to donate or subscribe to this good cause can send their offering to Mrs. A. L. Morrison, Jr., who is the president of the cathedral Guild.

The History of THE EQUITABLE LIFE ASSURANCE SOCIETY Shows that all necessary and practical reforms in Life Assurance during the past quarter of a century have originated with the Society. For example: THE EQUITABLE WAS THE FIRST SOCIETY TO SIMPLIFY AND LIBERALIZE THE POLICY CONTRACT.

To give choice of various methods of settlements. To render its policies, old and new, undisputable after three years. To reduce the term to two years. To further reduce it to one year. To issue deferred dividend policies. To give the assured the right to draw as a surrender value at the end of a term of years, the entire reserve, together with the surplus, in cash. To pay its policy holders immediately upon the death of the assured. Therefore, insure in

"Such an improvement is now being completed on both sides of the new union depot, on Washington Avenue and Front Street. If you please, leading to the Cottage Hotel. Speaking of the sidewalks reminds me how the El Paso & Northern representative who was superintending the construction work on the new union depot tried in vain to locate Washington Avenue and Front Street, but the sidewalks now plainly mark these thoroughfares."

Work on New Bridge.

"All of the stone for the archways of the new Don Gaspar Avenue bridge will be on the ground this week," said Walter Sharp, the contractor, at the Bon Ton this morning. "One of the two archways will be completed this week, and work on the second will be pushed to an early completion. If no further setbacks are brooked, the bridge will be open for traffic by January 1, and will be one of the finest bridges in the Territory."

California...Very Low Rate

Only \$25.00 from Santa Fe

Every day to and including November 30, 1903. The same rate to intermediate points whose regular rate is higher. This applies to Arizona as well as Pecos Valley and Rio Grande Valley, N. M., and many other points.

Reduced one-way rates to other points in southwest on first and third Tuesdays, October and November, with probable extension of sale until spring. Through Pullman Tourist Sleepers to New Mexico, Arizona, and California every day. Personally conducted excursions three times a week.

DON'T OVERLOOK THIS.

A Careful Perusal Will Prove Its Value to Every Santa Fe Reader.

The average man is a doubter, and there is little wonder that this is so. Misrepresentations make people skeptics. Now-a-days the public ask for better evidence than the testimony of strangers. Here is proof which should convince every Santa Fe reader:

Juan A. Ortega, ex-policeman, of Loma street, says: "If all troubled with pain in the back have that annoyance ended as quickly as the use of Doan's Kidney Pills procured at Ireland's Pharmacy ended mine then backache due to kidney complaint would cease to have any terrors for users of this very strengthening and curative preparation. No one in Santa Fe needs be the least dubious about using Doan's Kidney Pills if they require a medicine to wash, purify and strengthen their kidneys."

For sale by all dealers. Price 50 cts. Foster Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitute.

TERRITORIAL TOPICS.

LINCOLN COUNTY.

William Blanchard has opened a restaurant and hotel in the Barber building at Lincoln.

Grass, mild weather and natural protection for stock are beginning to crowd the range around Corona.

Capitan was visited by a violent windstorm last week which threatened the destruction of several buildings in the course of construction.

Two bids for carrying the daily mail between Carrizozo and Capitan have been received from Capitan, one from Nogal and a fourth from Carrizozo. It seems that carrying the mail overland between Carrizozo and Capitan is a quicker method than sending it by rail.

QUAY COUNTY.

Peter Essery who had been bound over to the grand jury in the sum of \$2,000, for the murder of Oscar Simpson, was re-arrested at Tucumcari last week upon instigation of District Attorney S. B. Davis. A preliminary hearing was had before the justice of the peace at Montoya. Essery was bound over without bail.

The work of construction has been begun on the proposed electric light plant at Tucumcari. The poles, wire and machinery are on the ground and 25 men have been put to work. By New Year, the plant is to be in running order after which the construction of an ice plant to be run in connection with the electric light works is to be begun.

The Fraternal Union of America has instituted a lodge at Tucumcari. The charter membership is 40 and P. J. Dempsey, state organizer, installed the following officers: Fraternal Master, Edgar F. Saxon; Justice, John E. Whitmore; truth, Margaret E. Whitmore; mercy, Luna M. Saxon; secretary, D. J. Aber; treasurer, Charles H. Cooper; guide, W. B. Jarrell; guard, Miss Rachel Amis; protector, Arthur Curren; sentinel, Anna Curren; stewards, R. A. Dodson, C. H. Cooper and Dr. W. C. Klutz.

EDDY COUNTY.

Mr. and Mrs. Harjes of Carlsbad, were considerably bruised in a runaway last week. Both occupants were thrown out of the carriage.

John Emerson has resigned as justice of the peace at Carlsbad. N. Cunningham has been appointed his successor by the Board of County Commissioners.

Colonel R. S. Benson, the Eddy County cattle king, was the host on Saturday evening at a gathering of young people at his beautiful home thirteen miles south of Carlsbad. The gathering was in honor of his son, Wells Benson and his wife.

Owen Norris, Jr., of Carlsbad, book-maker of the Vineyard Stock Farm, broke both of his legs last Thursday afternoon. He was at the race track exercising a horse for the Thanksgiving races, when the horse ran into a tree throwing Mr. Norris. He was taken to the Carlsbad hospital.

G. B. Richardson of the United States Geological Survey was at Carlsbad last week studying the strata encountered in boring for oil near the city. The survey has been paying especial attention to determining likely places for the location of wells, the water bearing strata of southeastern New Mexico being given careful study.

The attorneys of C. W. Merchant, Jr., under indictment for the murder of C. W. Merchant, have abandoned their intention to apply for a writ of habeas corpus and Judge W. H. Pope will therefore not find it necessary to tarry in Carlsbad on his way home from Roswell to hear the application for a writ. Merchant will be tried at the term of court to be held next February.

The election held at Artesia on November 7, has been declared invalid by the Board of County Commissioners of Eddy County. The election was held without a clerk which is plainly against the law and therefore another election has been called for December 7. At the November election A. V. Logan had been chosen justice of the peace and John Naylor constable. There are 53 registered voters in the precinct.

The Pecos Irrigation Company has announced an advance in its water rates for the year 1904. This is a matter of great importance to the Pecos Valley. The advance is 25 cents on the acre foot where water is measured for larger tracts than ten acres, the rate on land less than ten acres remaining the same. The new rate on large areas will then be \$ per acre foot. An increase of \$1 per acre has been made in land rents. These advances are gratifying to the owners of land and water rights under the big canal system whose rates under their water right contracts cannot be advanced. It is conclusive evidence of a substantial increase in values. Land and water no longer go begging in the lower Pecos Valley. For several years past the Pecos Irrigation Company has been the only concern in the United States that has been selling water rates at only \$10 an acre.

We never sleep—open day and night at the Bon Ton.

NEURALGIA PAINS.

Rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerves and bone and being absorbed into the blood, its healing properties are conveyed to every part of the body, and effect some wonderful cures. 25c, 50c, \$1. DISASTROUS WRECKS.

Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferers from Throat and Lung troubles. But since the advent of Dr. King's New Discovery for Consumption, Coughs and Colds, even the worst cases can be cured, and hopeless resignation is no longer necessary. Mrs. Lois Cragg of Dorchester, Mass., is one of the many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all Throat and Lung diseases by Fischer's Drug Co. Price 50c, and \$1. Trial bottles free.

Mineral Application No. 147.

United States Land Office.
Santa Fe, New Mexico, October 23, 1903.
Notice is hereby given, That Edward J. Bartlett, whose postoffice address is Santa Fe, New Mexico, in behalf of himself and his co-owners, has made application under the provisions of Chapter Six, Title Thirty-two, United States Revised Statutes, for a United States Patent for the Galena Chief Lode Mining Claim, Mineral Survey No. 1153 situated in the Los Cerrillos Mining District, County of Santa Fe, Territory of New Mexico, covering seven hundred and fifty (750) feet of the Galena Chief Lode in a northeasterly direction from the Discovery Shaft No. 1 and seven hundred and fifty (750) feet in a southwesterly direction therefrom, and lying in sections 4 and 5, T. 14 N., R. 3 E., and more particularly described as follows:
Beginning at Cor. No. 1, identical with S. W. Cor. of amended location, a granite stone 28 by 7 by 7 inches, in a ground of stone marked 1-1173, whence the corner of Sections 4 and 5, T. 14 N., R. 3 E., bears S 89° 30' E. 616.7 feet distant and running thence North 42° 42' W. Six Hundred (600) feet to Cor. No. 2; thence N. 42° 42' W. One Thousand and Five Hundred (1,500) feet to Cor. No. 3; thence S. 42° 42' W. Six Hundred (600) feet to Cor. No. 4, and thence S. 49° 18' W. One Thousand and Five Hundred (1,500) feet to Cor. No. 1, the place of beginning, containing exclusive of conflict with Mineral Survey No. 570 the Pinon Lode, Twenty and 663-108 (263-108) acres.

The notice of location of this claim is recorded in the office of the Probate Clerk and Ex-Officio Recorder of Santa Fe County, New Mexico, in Book A, at page 406. Record of Locations and Mining Deeds, and the amended location is recorded in said office in Book No. 1, at page 177. Record of Mining Locations of said County of Santa Fe.

The adjoining and conflicting claims are:
On the West the Cash Entry Lode, Survey No. 427, claimant unknown; the Troy Lode, No. 466, claimant unknown; and on the North the Pinon Lode, Survey No. 570, L. Bradford Prince, claimant. No other adjoining or conflicting claims known.

The last car of the Chicago Special is a buffet-library-observation car. It has a lounging room twenty feet long, brilliantly lighted; and furnished with easy chairs, a writing desk, magazines, periodicals, etc., and a well-stocked buffet. In the rear is a broad platform protected by brass rails, where you can sit and watch the scenery while the Special hums over the rails at sixty miles an hour.

And there is something to see in the mountains of Colorado and the fertile plains of Nebraska, Iowa and Illinois.

The Chicago Special leaves Denver at 4:15 p. m. every day, and all lines into Denver run trains to connect with it. Another high grade flyer for Chicago leaves Denver at 9:45 p. m.

The St. Louis Special leaves Denver at 2:00 p. m., and the evening train at 9:45 p. m. Write me for particulars.

"If you are going to do a good thing, do it in the best way," is another maxim of which you will appreciate the force if you will either call on or communicate with W. P. CLARKE BEFORE BUYING TOWN LOTS ELSEWHERE.

BE WISE.
Put your money into land—Own a Town Lot and Home. Do like your fathers did—buy good property in a live town, and your children will rise up and call you blessed.
It is entirely safe to presume that within a very short time the town of ESTANCIA will be one of the liveliest, largest and most substantial towns in this section of the southwest.
Be sure and write for all information desired at once. THE PRICE OF THESE LOTS WILL INTEREST YOU.
TERMS TO SUIT.

Over a million acres of land open for Homesteaders in the ESTANCIA VALLEY—good soil and plenty of water, which can be had from eight to thirty feet.

A PROBABLE MURDER.

Body of Man Found in North Spring River Near Roswell, Thought to Be Curry Skeen.

The body of a man found recently in the North Spring River near Roswell, with a stone tied around his neck, is thought to be that of Curry Skeen, a young healthseeker from Covington, Virginia.

Skeen disappeared about four weeks ago and nothing has been heard of him since. When last seen he was in the company of two roughly dressed men, and it is thought that he was murdered by them and his body thrown into the river for concealment. Skeen was known to have had several hundred dollars with him and robbery was evidently the motive of the murder. The body is so badly decomposed that identification is almost impossible.

SEWERAGE INADEQUATE.

City Council of Albuquerque Requested By Board of Health to Extend System.

At a meeting of the Albuquerque Board of Health resolutions were passed stating that the sewerage system of the city was inadequate and requesting the city council to take steps for the extension of the system.

The matter of proper sanitation for the tent communities within the city limits, to which the attention of the board has been called, was also considered, and it was decided that these tents must be regularly inspected by officers whose duty it would be to see that they were kept in proper condition.

WANTED IN KANSAS.

John Smith, Colored, Turned Over to Officer G. W. Livengood, By Gallup Authorities.

Special to the New Mexican.

Gallup, Nov. 21.—Officer G. W. Livengood, of Hutchinson, Kansas, was in the city yesterday on business relative to the removal of John Smith, the negro who has been in jail here for some weeks. The authorities here turned Smith over to the Kansas officers as he is wanted there on various charges.

Smith will probably get a year or more in the Kansas penitentiary. Had he been detained here, his trial would not have come up until next June. The authorities here were glad to let Kansas deal with him.

Mineral Application No. 149.

United States Land Office.
Santa Fe, New Mexico, October 30, 1903.

Notice is hereby given that in pursuance of Chapter Six of Title Thirty-two of the Revised Statutes of the United States, Thomas B. Catron, whose postoffice address is Santa Fe, New Mexico, for himself, claiming of the Silver King lode, thirty-two hundred and eighty-four feet, and of the Pilar lode seven hundred and seventy feet, of the vein, lode, or mineral deposit, bearing gold, with surface gravel on the surface, and with surface ground on the Pilar lode, of six hundred feet in width, said ground of mines lying and being within the New Placers Mining District, County of Santa Fe and Territory of New Mexico—has filed an application to the United States for a patent to the said group of mining claims, which said claims are more fully described as to metes and bounds by the official plat herewith posted, and by the field notes of survey thereof, now filed in the office of the district lands, subject to sale at Santa Fe, New Mexico, which field notes of survey describe the boundaries and extent of said claims on the surface, with magnetic variation at 12 40' East, to-wit:

Silver King—Beginning at Cor. No. 1, a porphyry stone, 2x12x8 ins. set 2 1/2 ins. in ground, in a mound of stone, chiseled 1-1178; from which Mineral Monument No. 3, New Placers Min. Dist., bears N. 17° 15' W. 21 0 0 ft. No bearings available. Thence S. 82° E. 360 0 feet intersect line 1-2 Pilar lode of this survey at 194 ft., No. 4. W. from Cor. No. 2; thence at 1384 feet to Cor. No. 2, a limestone, 30x18x12 ins. set 1 1/2 ins. in ground to bed rock, in a mound of stone, chiseled 2-1178; thence S. 82° W. at 119 feet intersect line 3-4 Survey No. 974, Ingersoll lode at 88 1/2 ft., No. 3. W. from Cor. No. 1, which is a rock 2x12x15 ins. set 2 1/2 inches in ground, marked 4-914; at 1384 ft. to Cor. No. 4, a porphyry stone, 30x18x12 ins. set 1 1/2 ins. in ground to bed rock, chiseled 1-1178 with a mound of stone along side, from which a pinon tree 4 ins. in diam., bears S. 21° 32' W. 3 ft. and a pinon tree 6 ins. in diam., bears N. 62° W. 14 ft., both blazed and scribed 4-1178 B. T.; thence N. 8° W. at 98 7 ft. intersect line 3-4, Survey No. 974 at 620 2 ft. S. 7° 25' E. from Cor. No. 4 heretofore described, at 3 3 ft. inter set line 2-3, Pilar lode of this survey at 303 ft. No. 45 E. from Cor. No. 3, at 630 ft. to Cor. No. 1, the place of beginning.

The total length of vein claimed is 1,384 feet and distance claimed from discovery point along presumed course of vein is S. 52° E. 143 ft. and N. 4° E. 118 ft.; all of which is shown upon the plat posted herewith, as near as can be determined from present developments, this claim being for thirteen hundred and eighty-four feet thereof, together with the surface ground shown upon the official plat posted herewith. The said Silver King lode claim hereby sought to be patented is joined on the north by the Pilar lode of this survey, with which it conflicts, and by the Paradise lode, unsurveyed, Valles and Brooks, claimants; on the east by the Grant claim No. 4, and by the Grant claim No. 3, both unsurveyed, the San Lazarus Mining Co., claimant; on the south by the Solomon mine, unsurveyed, McIntire claimant; No. 981 H. Midnight lode, both abandoned, with which it conflicts, and by Survey No. 974, Ingersoll lode, with which it conflicts. On the west by Survey No. 974, Ingersoll lode and by Survey No. 981 H. Midnight lode (abandoned), with which it conflicts, and by the Pilar lode of this survey, with which it conflicts.

The original location of said Silver King lode is dated February 15, 1892, and was recorded in Book No. 2 of the Records of Locations at page 236 and 237, inclusive, of the Records of Santa Fe County, New Mexico.

Pilar Lode—Beginning at Cor. No. 1, a porphyry stone, 30x12x8 ins. set 2 1/2 ins. in ground in a mound of stone, chiseled 1-1178, Mineral Monument No. 3, New Placers Min. Dist., bears N. 17° 15' W. 21 0 0 ft. No bearings available. Thence S. 82° E. 360 0 feet intersect line 1-2 Silver King lode of this survey at 194 ft., No. 4. W. from Cor. No. 2; thence at 1384 feet to Cor. No. 2, a limestone, 30x18x12 ins. set 1 1/2 ins. in ground to bed rock, in a mound of stone, chiseled 2-1178; thence S. 82° W. at 119 feet intersect line 3-4 Survey No. 974, Ingersoll lode at 88 1/2 ft., No. 3. W. from Cor. No. 1, which is a rock 2x12x15 ins. set 2 1/2 inches in ground, marked 4-914; at 1384 ft. to Cor. No. 4, a porphyry stone, 30x18x12 ins. set 1 1/2 ins. in ground to bed rock, chiseled 1-1178 with a mound of stone along side, from which a pinon tree 4 ins. in diam., bears S. 21° 32' W. 3 ft. and a pinon tree 6 ins. in diam., bears N. 62° W. 14 ft., both blazed and scribed 4-1178 B. T.; thence N. 8° W. at 98 7 ft. intersect line 3-4, Survey No. 974 at 620 2 ft. S. 7° 25' E. from Cor. No. 4 heretofore described, at 3 3 ft. inter set line 2-3, Pilar lode of this survey at 303 ft. No. 45 E. from Cor. No. 3, at 630 ft. to Cor. No. 1, the place of beginning.

The original location of said Silver King lode is dated January 23, 1897, and was recorded, the Spanish copy, on March 11th, 1899, in Book No. 3 of the Records of Locations at page 109 of the Records of Santa Fe County, and the English copy, more definitely described, was recorded April 19th, 1897, in Book No. 3 of Record of Location Notices at pages 128 and 129, inclusive, of the Records of Santa Fe County, New Mexico.

The two claims comprising the Galena King Group are joined on all other sides, except as in the above descriptions stated, by vacant and unoccupied lands; the said group being designated as Mineral Survey No. 1178 on the official plat posted herewith, and is in Township 12 North, Range 7 East, unsurveyed. The total net area of said group is 27.8 acres.

Any and all persons claiming adversely the mining lode, premises, or surface thereof, portion thereof, so described, surveyed, platted, and applied for, are hereby notified that unless their adverse claims are duly filed according to law, and the regulations thereunder within the time prescribed by law, with the Register of the United States Land Office in the County of Santa Fe, in the Territory of New Mexico, they will be barred in virtue of the provisions of said statute.

MANUEL E. OTERO,
Register.

FARMING LANDS UNDER IRRIGATION SYSTEM.

These farming lands with perpetual water rights are now being offered for sale in tracts of forty acres and upwards. Price of land with perpetual water rights from \$17 to \$25 per acre, according to location. Payments may be made in ten year installments. Alfalfa, grains, fruits of all kinds, and sugar beets grow to perfection.

GOLD MINES.

On this Grant, about forty miles west of Springer, N. M., are the gold mining districts of Elizabethtown and Baldy, where important mineral discoveries have lately been made. Claims on unlocated ground may be made under the mining regulations of the company, which are as favorable to the prospector as the U. S. government laws.

Near Raton, N. M., on this grant, are located the Coal Mines of the Raton Coal and Coke Company, where employment may be found at good wages for any wishing to work during the seasons that farming or prospecting can not be successfully done.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranca Station, on the Denver and Rio Grande Railway, from which point a daily line of stages run to the Springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, lodging and bathing, \$2.50 per day; \$14 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

"RUDOLPH THE CRIPPLE"

Opening Bill By Don C. Hall Dramatic Company at Opera House Tonight.

The Don C. Hall Dramatic Company, which will be on the boards at the opera house all this week in repertoire came in over the Santa Fe last evening in a private car. The opening bill tonight is "Rudolph, the Cripple," a religious drama, that appeals to both old and young.

The story is one of intense interest, holding the audience in rapt attention from the beginning. The leading characters are Rudolph, the poor, crippled sculptor, and Lesa, the beautiful child. Rudolph has developed a wonderful talent as a sculptor, copying from the statuary in the market place of Florence, but is so persecuted by the rabble that he contemplates suicide. Being a devout Christian, he seeks the seclusion of the church for final prayer and supplication. On emerging from the church, he stumbles over what is apparently the lifeless body of a woman, upon whose breast rests a little baby girl.

Rudolph seizes the little one and bears her to his hut on the mountain. There he keeps her, secluded from the world, for seventeen years. Rudolph becomes prominent as a sculptor. Lesa, in turn, is persecuted by the nobles; even her own father, not knowing she is his child attempts to abduct her, and is killed by Rudolph who is incarcerated in prison for the act, but escaped in time to find that Lesa, in despair, has taken poison. She dies in Rudolph's arms. Rudolph, being discovered, refuses to surrender, and is shot by the gendarmes, falling dead beside his beloved child with the words: "She died loving me; I am satisfied."

Tickets are on sale at Ireland's pharmacy. Popular prices will be in vogue for the engagement, reserved seats being 50 cents and general admission 35 cents.

FOR VIOLATING EDMUNDS LAW

Donaciano Varela Formerly of Albuquerque, Now on Trial in Las Vegas.

Donaciano Varela, son of a prominent citizen of Bernalillo County, and at one time a resident of Albuquerque, is on trial before the U. S. court in Las Vegas for violating the Edmunds law. It is charged that he deserted his wife who is the daughter of Assessor Esquibel Romero, and has been living with a woman in Las Vegas. The defense produced witnesses who testified that Varela's wife was the

first to desert, leaving his home and taking with her most of the furniture, and that Varela has been simply boarding at the house of the woman, Valentina Martinez. The general opinion is that Varela will be acquitted of the charges preferred against him.
