THEY ARE FIGHTING.

Delayed News Give Few Details
of Battle.

Two Engagements With a Few
Killed on Each Side.

The Garrison at Mafeking Will Undoubtedly
be Attacked.

PARLIAMENT NOW IN SESSION.

Pretoria, Oct. 14.—(Delayed in transmission.)—The armored train sent to re-
take the railroad line opened fire this morning
on the Boer commando north of Mafeking.
One Boer was killed and two wounded. A second engagement
followed, in which nine British were
wounded.

Yesterday, while General Cronje's troops
were near the broken railway bridge,
nine miles north of Mafeking, an ap-
proaching train loaded with dynamite
was fired upon and blown up. There
were no casualties on the Transvaal side.

PRISONERS TO BE RELEASED.

Sent Across the Border to Fight—Joubert's
Headquarters.

Pretoria, Oct. 14.—(Delayed in transmission.)—The executive council have
decided to release all burghers under-
going years of imprisonment or less. All
other prisoners in the same category will
be sent across the border. Commandant
General Joubert has established his head-
quarters at Charlestown, and opened
telegraphic communication with the
Transvaal by way of Leing's Nek. Guns
and food stuffs found secreted in the
mines of Rand are confiscated. As at-
tempt is being made to tamper with the
railroads, the authorities have been
ordered to shoot on sight all persons
found near the railways with dynamite.

FIGHTING CONTINUES.

British Retired, But Soon Resumed the
Battle Near Mafeking.

Pretoria, Oct. 15.—(Delayed in transmission.)—Further dispatches received
by the government says fighting con-
tinues north of Mafeking. The British,
after the second engagement, changed the
direction of the town, but resumed
the attack shortly afterwards, two bur-
ghers being killed and three wounded. The
commando engaged was impeded by the
want of heavy artillery, which was
subsequently obtained from General
Cronje.

LIVELY BATTLE.

Three Hundred Boers and Eighteen British
Killed.

London, Oct. 17.—A special from Cape
Town says: Three hundred Boers and
eighteen British soldiers were killed in
the battle near Mafeking.

ANOTHER ENGAGEMENT.

Cape Town, Oct. 17.—It is reported here
that the Boers had an engagement with
another armored train from Phodina.

BOERS REINFORCED.

Lombard, Marquand Oct. 17.—Refugees
report that the Boers had been repulsed at
Mafeking, sustaining heavy losses.

NO LOSSES FOR BRITISH.

Kimberly, Oct. 17.—An armored train,
renowned for its speed, was engaged by
the Boers, killing five and wounding
seven. British had no losses.

BOERS STRENGTHENING.

They Are Holding Their Time for Attack—
Mafeking in Danger.

London, Oct. 17.—Related dispatches
from South Africa throw little fresh light
upon the situation. The Boers appear to
be strengthening their position by
bidding their own time for attack. The
Orange Free State burghers are threaten-
ing to invade Cape Colony by way of Nor-
valpoort and Altona, north both of which
are at their mercy if they possess artill-
ery.

To day's news from the western border
reduces the alleged heavy fighting at
Mafeking to ordinary proportions. The
earlier sensational story originated in
skirmishes between the armored train
and small detachments of Boers, although
since then much may have happened at
the little garrison.

ARTILLERY NOT IN POSITION.

A Railway Bridge Blown Up to Check
Boer's Advance.

Cape Town, Oct. 17.—A special from
Mafeking says: All intact there up to
Saturday night. The Boer artillery was
brought up but had not been placed in
position. The British have blown up the
Hopetown railway bridge over the Orange
river with a view of checking the Boer's
advance southward. It is expected the Boer's
will cut off Kim-
berly's supply of water, but the Boer's
dam contains enough for a considerable
period.

PARLIAMENT IN SESSION.

Her Majesty Says the Military Forces
Must Be Strengthened.

London, Oct. 17.—Parliament opened
to-day in extraordinary session to con-
sider the South African situation. In her
speech from the throne, her majesty
said: "The state of affairs in South
Africa made it expedient that my gov-
ernment should be enabled to strengthen
the military forces of the country by
calling out the reserve. For this purpose
provisions of law render it necessary
that parliament be called together."

THREATENED ASSAULT ON GLENCOE.

Believed to Be a Feint By the Boers to
Weaken the Garrison.

Lady Smith, Natal, Oct. 17.—The threat-
ened assault upon Glencoe is believed to
be a feint in the hope of weakening the
garrison there and exposing the town to
westward. The Boers are resting, pre-
paratory to completing their encircling
movement for attack upon Dundee. They

ANOTHER VICTORY.

The Yacht Race To-Day Not
Very Interesting.

The Shamrock Meets With Dis-
abling Accident.

Columbia Keeps on Per Agreement and
Wins.

THE DETAILS OF THE RACE.

Western Union Cable Boat, Oct. 17.—
The course for the yacht race signaled
is east by south, then southwest one-
half south, then north, northwest.
Mackey-Bennett Boat, the starting
gun was fired at 11 a. m.

Highlands of Navasack—Time start es-
timated: Shamrock, 11:00:40; Columbia,
11:00:30.

Far Rockaway, 11:14 a. m.—The Colum-
bia has just passed the Shamrock and is
well to windward. The Columbia is
rapidly drawing away from the Sham-
rock.

Mackey-Bennett Boat, by Associated
Press Dispatch, New York, Oct. 17.—
The Shamrock's top mast, with big club
top, was carried away at 11:24 a. m.,
when the yachts were on port tack, about
three miles from the start. The Sham-
rock luffed up into the wind at once.
The Columbia keeps on according to
agreement.

Western Union Cable Boat, 11:45 a. m.—
The Shamrock is preparing to take low
back. Long Beach, 12:40 p. m.—The Colum-
bia rounded the first mark at 12:30:30.

Highlands of Navasack—With two
races to her credit, the Columbia, if she
takes to day's race, will have to win but
one more to keep the cup.

Western Union Cable Boat, 1:00 p. m.—
The Columbia rounded the second mark at
1:33:40.

Mackey-Bennett Cable Boat, 2:40 p. m.—
The Columbia crossed the finish line at
2:35:50, unofficial time.

Sandy Hook—Rear Admiral Lord Chas.
Herbert, R. N., who examined the Sham-
rock's rigging at the request of Sir
Thomas Lipton, after the accident, says
that the cause of the carrying away of
the topmast was that the topmast back-
stay parted at the "eye."

Western Union Cable Boat—Official
time of start: Shamrock, 11:00:15; Colum-
bia, 11:00:17. First mark—Columbia,
12:30:25. Second mark—Columbia,
1:33:27. Finish—Columbia, 2:35:50.

Sandy Hook—Sir Thomas Lipton has
announced the next race will be sailed
on Thursday.

BIG GUNS OF THE DEMOCRACY.

They Held a Conference in St. Louis and
Do Nothing.

St. Louis, Mo., Oct. 17.—Senator James
K. Jones, of Arkansas, chairman of the
democratic national committee; Vice-
Chairman Stone; J. G. Johnson, of Kan-
sas, chairman of the executive commit-
tee; and Sam. B. Cook, chairman of the
national ways and means committee, met
at the Planters' hotel to confer on the
political situation. The conference was
confined almost exclusively to financial
book-keeping, ways and means. Said
Sam. B. Cook: "We can have nothing to
do with the platform and party prob-
lems. Bryan will be the nominee for
president. The conference is purely one
concerning the details of organization."

At R. P. Allen's works the president was
greeted by 2,500 workmen who stopped
work for a few moments. The president
said he was glad to know it was not
necessary for workmen to seek employ-
ment but employers were seeking work-
men.

IN WISCONSIN.

President McKinley and Party at Mil-
waukee.

Milwaukee, Wis., Oct. 17.—Notwith-
standing President McKinley did not re-
turn until 4 o'clock this morning, being
kept up by banquet by the Mil-
waukee Merchants and Manufacturers
association, he was up bright and early.
The party made a circuit of the beautiful
city. The president addressed a few
words of greeting to veterans. The
streets traversed by the presidential
party were thronged.

At R. P. Allen's works the president was
greeted by 2,500 workmen who stopped
work for a few moments. The president
said he was glad to know it was not
necessary for workmen to seek employ-
ment but employers were seeking work-

VERSAILLES, KY., OCT. 17.

The Bryan party left Louisville at 6 o'clock
this morning and proceeded to Frankfort.
There, in a speech, Bryan said he had
seen it stated that the election of Goebel
would mean the defeat of free silver. If
he thought so he would not be in Ken-
tucky.

A CHICAGO FIRE.

Chicago, Oct. 17.—A fire broke out in
the six-story structure, 130 to 136
West Washington street, caused a loss of
\$100,000. The entire west half of the
building was destroyed. Tenants, who
sustained losses, are: I. Pieser & Co.,
four merchants, \$25,000; Chicago Folding
Co., \$25,000; Imperial Electric
Plating Co., \$15,000.

LOUISIANA SUFFERER.

Paris, Oct. 17.—M. Kille Loubet, pres-
ident of the French republic, is suffer-
ing from angina pectoris.

MUST BE A MISTAKE.

Paris, Oct. 17.—The report that Pres-
ident Loubet was suffering from angina
pectoris is unfounded. He is quite well.

BELL'S REGIMENT AT WORK.

Manila, Oct. 17.—Bell's regiment,
moving from a point west of Bacoor,
this morning drove the enemy out of
force. One American was killed and
one wounded. The Philippines lost a num-
ber killed and wounded. The Americans
captured two bullock cars and ammuni-
tion.

A NEWSPAPER SUPPRESSED.

Manila, Oct. 17.—The newspaper Patria
has been suppressed and its editor, Sen-
tor, a Spaniard, arrested on the charge
of publishing seditious documents. For

ANTI-EXPANSIONISTS MEET IN CHICAGO.

Denver, Colo., Oct. 17.—The Austin pool
room, the largest in the city, was robbed
of \$4,000 this morning by Robert J.
Boyd, ex policeman and sometimes em-
ployed as special policeman at the club.
The place had been closed for some time,
but Boyd induced the cashier to re-
turn to the room, and with a revolver
compelled him to open the safe. He
took all the cash, including \$9.00 in coin.
He then escaped. Boyd has already
killed two men. He served part of a
term for killing a deputy sheriff, who
resisted, while Boyd was then a police-
man and was trying to arrest him. He
was released through the action of the
supreme court.

Police Court.
In the police court to-day what prom-
ised to be a serious cutting affair de-
veloped into nothing but a assurance of
the peace. The testimony of Annie Flow-
ers, a white dentist of the "half acre,"
as to how Thomas, a colored individ-
ual of the same district, abused her and
kicked her down, was fully contradicted
by the latter. According to the testi-
mony of both they had been the most
peaceably inclined parties in town. Two
bad gamblers on the arm and a cut or two
on the head, however, were such plain
evidence of a rough and tumble fight
that Judge Crawford fined Annie Flow-
ers \$10 and gave Gene Thomas fifteen
days.

The ostrich farm near Phoenix, Ariz., has apparently entered the market as a commodity. The ostriches were bought a year ago by present owners for \$10,000, and the latter were offered the other day \$15,000 for the birds.

FRANCE has broken the record of the world's budgets of national expenditures. Minister Caillaux's estimate for the coming year is 3,500,000,000 francs or \$700,000,000. French taxes have increased 17 francs per capita, while the population is stationary.

A. F. BANTA has quit the newspaper business at Prescott, turning over the Pick and Drill outfit to Thos. Shultz, editor and proprietor of The Prospect. In retiring Mr. Banta says: "In the language of the classical Hecuba, I say: Sic semper parvorum exitus; nuff sed; we quit."

In the last year of the Wilson law the importations of wool were 350,522,026 pounds, valued at \$53,243,191, and American sheep could hardly be given away. Last year the importations of wool were only 76,736,290 pounds, valued at \$8,283,807. The change that has come over the home values of sheep and wool is instructive to the sheep raisers and farmers of America.

A NEW and up-to-date allegation as ground for asking for a separation from her husband is brought by Mrs. Samuel Goldfarb, of New York, who says Mr. Goldfarb is too ugly to live with. Since they were married in 1884, the husband has spent a small fortune, it is said, in complexion and improvers and beautifiers, but still the lady says he does not come up to her ideal.

The only result of abating Colonel Wholley, the commander of the Washington regiment, was to secure him the brevet rank of brigadier. Colonel Wholley is a brave, professional soldier, whose appointment did not please the militia notables of his state. Hence the lie about him. By vindicating him in the way it has the war department has done a good thing for the army discipline as well as for Wholley.

EDWARD ATKINSON and Senator Hoar are not running Massachusetts on the expansion issue. The fact has been observed from several angles and always with the same result. Lately a prominent state senator, who wanted a second term in a strong republican district, was voted down because of his attitude against annexing the Philippines. There is no mistaking, from signs like these, where Massachusetts republicans really stand.

An Associated Press telegram from Washington, regarding the report of Governor Otero, says: "Among the reports awaiting the inspection of the secretary of the interior is one from the governor of New Mexico. The recommendations contained in the report are of much interest to many persons, as the territory is improving rapidly. The fact that the coming congress may be asked to admit New Mexico into the Union leads interest to the contents of the report. Nothing can be done, however, until Secretary Hitchcock returns from his tour of the northwest with the president."

DURING the past two years wolves have multiplied very rapidly in all the western states and in Canada. Cattlemen have suffered so severely from their depredations that concerted action has been taken against them. As a result, however, bounty has been offered in all the infested regions and an active campaign begun. Of the various methods employed, the only one which has met with much success, that practiced in Oklahoma—of trapping, when the New-horse wolf trap is used. Wolves, however, are so wonderfully sagacious that even traps are of little avail unless elaborate precautions are taken. These precautions, it is safe to say, are not very generally known—which accounts for the comparatively little progress made in destroying the wolves.

TO SETTLE LAND CASES.
The general land office at Washington has mailed to western land offices a circular prescribing rules for the government of all persons concerned in proceedings arising on reports of special agents affecting the validity of claims to public lands. The object is to provide for the service of notice upon entrymen by which they will be given an opportunity to be heard in case if so desired. Hereafter when there is filed in the general land office a report of a special agent alleging that a certain entry,

filing location or claim for a specified tract of land is fraudulent or illegal, or that the claimant has failed to comply with the requirements of law, and the facts presented are sufficient to warrant a cancellation of an entry or claim, the local land officers will be authorized to serve notice upon the entryman or claimant. The notice must define the charges and the special agent's report. Thirty days will be allowed in which to apply for a hearing, and failure to apply within the prescribed time will be taken as an admission of the truth of the charges. Heretofore the practice has been that upon a report of a special agent of the abandonment of a claim or that an entry had been made in violation of law, the entry had been held for cancellation. The new rule is expected to promote earlier adjustment in those cases.

The vicinity of Hardy, N.M., was visited by a very destructive wind storm on Sunday evening. Large amounts of damage were done to large and small buildings. The storm was followed by a steady rain, which checked the prairie fire in the neighborhood.

The Industrial Gold Placer company, operating at Golden, held a meeting at New York the other day, and elected Thomas B. Sullivan, vice Ed. Woodworth, resigned, their local agent for New Mexico.

HORRORS OF PHILIPPINE WAR.
Tales come to us of the sufferings endured by our brave soldiers in the Philippines. The papers ring with them and sympathy is freely given. And yet there are people in our midst who know no more of anything who are just as brave. They are suffering injury and fight bravely with the greatest enemy of mankind—dyspepsia and all its terrible ills. There is relief for them. They will take Host's Stomach Bitters faithfully. It will cure dyspepsia, constipation, biliousness, malaria, fever and ague and liver and kidney troubles. It tones up the whole system. Get it from any druggist and see that a private revenue stamp covers the neck of the bottle.

SINGULAR STATEMENT.

From Mrs. Rank to Mrs. Pinkham

The following letter to Mrs. Pinkham from Mrs. M. RANK, No. 2,354 East Susquehanna Ave., Philadelphia, Pa., is a remarkable statement of relief from utter discouragement. She says:

"I never can find words with which to thank you for what Lydia E. Pinkham's Vegetable Compound has done for me."

"Some years ago I had womb trouble and doctored for a long time, not seeing any improvement. At times I would feel well enough, and other times was miserable. So it went on until last October, I felt something terrible creeping over me, I knew not what, but kept getting worse. I can hardly explain my feelings at that time. I was so depressed in spirits that I did not wish to live, although I had everything to live for. Had hysteria, was very nervous; could not sleep and was not safe to be left alone."

"Indeed, I thought I would lose my mind. No one knows what I endured. I continued this way until the last of February, when I saw in a paper a testimonial of a lady whose case was similar to mine, and who had been cured by Lydia E. Pinkham's Vegetable Compound. I determined to try it, and felt better after the first dose. I continued taking it, and to-day am a well woman, and can say with my heart, 'Thank God for such a medicine.'"

Mrs. Pinkham invites all suffering women to write to her at Lynn, Mass., for advice. All such letters are seen and answered by women only.

AN ACCURATE TEST MADE.

Over 2,500 Gallons of Water Per Minute from the Mammoth Well.

When the artesian well at the Pecos Valley and Northeastern railway machine shops here was completed week before last all who saw it conceded that it was the largest and strongest yet developed in the valley. None of the wells having been accurately measured or tested, C. M. Stansbury, superintendent of motive power and machinery of the company, decided to test the company's well accurately in order to ascertain the exact flow. For this purpose he had constructed an undershot wheel, and on Tuesday made the test in the presence of J. J. Hagerman, president of the road, and John W. Poe. The result showed a discharge velocity from the 6½-inch casing of 2,544 gallons of water per minute. The test showed a head or rise of twenty-six feet in the casing, which, according to Trautwine, gives a velocity through a pipe of equal diameter of forty feet per second. Under the conditions, however, Mr. Stansbury found that he had a velocity of twenty-five feet per second, or 1,500 feet per minute, which is actually an under-estimate because of the "backlash" from the wheel and the friction to be overcome. Mr. Hagerman was greatly pleased with the result—Roswell Register.

A Thousand Tongues.

Could not express the rupture of Annie K. Springer, of 1125 Howard street, Philadelphia, Pa., when she found that Dr. King's New Discovery for consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this royal cure—"It soothed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the universe." So will everyone who tries Dr. King's New Discovery for any ailment of the throat, chest or lungs. Price 50c and \$1.00. Trial bottle free at J. H. O'Reilly & Co.'s drug store; every bottle guaranteed.

Bernalillo Notes.

Bernalillo, N. M., Oct. 14.—Reports have been received here recently that work is being pushed on a big scale in the mountains east of the town. It is known there are immense deposits of gold, silver and copper ore in that vicinity, and a number of prospectors have gone out in the hope of finding a rich strike. Some of these have returned and exhibited a few splendid specimens of quartz.

Extensive improvements have been made in the L. B. Putney mill during the summer. The machinery is being repaired, and everything will be in readiness in a few more days to resume operations.

Brother Gabriel is suffering with an attack of paralysis, but his physician is of the opinion that the patient is in no dangerous condition. He expects to return in about two weeks.

Kugene Wiese has accepted a position in the general store of Ribo & Co. Mrs. M. Weber and daughter have gone to Old Mexico to visit with relatives and friends. They expect to return in about two weeks.

Snake Bite Cure.

A Brazilian doctor claims to have discovered an infallible cure for snake bites of all kinds. In a sworn statement sent to the Academy of Medicine at Rio de Janeiro he says: "I neutralize the poison even if it has entered the blood in circulation, and when the patient has been overcome by hemorrhage and is blind, deaf, with deadly vertigo, anorexia, only faint pulsations of the heart, by administering two tablets of soap containing two grains of calomel and thirty grains of strong lemon juice and repeating the dose within two hours. After the third dose the patient is free from danger."

Land Matters at Washington.

Washington, Oct. 11.—In a small case before the United States supreme court in which the United States was appellant and T. B. Catron represented the appellee, the Catron claim, the United States vs. Assistant United States Attorney W. H. Pope dismissed the appeal. The Catron claim, which was a claim in San Miguel county was argued and submitted to the court. W. H. Pope for the United States and T. B. Catron for the claimant.

JUDGE J. W. CRUMPACKER.

An Article From the Laporte, Ind. Republican of Local Interest.

The president of the Marquette club, of Chicago, composed of great lawyers and other professional and business men, is Herman B. Wickersham, hero and raised near New Durham in this county. His father is James Wickersham, still residing on the old farm where Hornum was raised, though he is very feeble. He comes to Laporte occasionally. In September, 1877, the Northwest Indiana Methodist conference met in Laporte and the writer printed the Daily Conference Reporter, devoted entirely of the proceedings of the body. Herman resided here then and canvassed the county as well as city for subscribers for us. We otherwise employed him.

By the way, New Durham township has furnished two other quite prominent gentlemen, Judge J. W. Crumpacker, of the United States court in New Mexico, and Hon. E. D. Crumpacker, member of congress from this district. Besides, Job Barnard, recently appointed one of the associate judges of the supreme court of the District of Columbia, was born and raised in Jackson township, Porter county, adjoining New Durham township. These make four quite noted persons from that locality, all of whom received their mail at Westville.

The Chicago Sunday Tribune, in giving an account of the Marquette club banquet Saturday night, in honor of President McKinley, credits Mr. Wickersham with it in the following manner: "There was a most distinguished company at the speaker's table. President McKinley, as the guest of honor, was seated at the right of Mr. Wickersham, and to the right of the president was Archbishop Ireland, and to his right Secretary Gage, Attorney General Griggs, Senator Fairbanks and Secretary John D. Long. To the left of the toastmaster sat Secretaries Root and Hay and Postmaster General Smith."

James Reed injured.
Mr. James Reed struck his leg against a cake of ice in such a manner as to bruise severely. It became very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by the physicians, also used several kinds of liniment and two and a half gallons of whisky in bathing it, but nothing gave him relief until he began using Chamberlain's Pain Balm. This brought at once a complete cure in a week's time and he believes that had he not used this remedy his leg would have had to be amputated. Mr. Reed is one of the leading mechanics of Clay Court House, W. Va. Pain Balm is unequalled for sprains, bruises and rheumatism. For sale by all druggists.

MURDER AT CORAZON.

One American and Two Mexicans Have Added Murder to Their Crimes.
Word was received last Saturday at Las Vegas, says the Optic, from Corazon, via Chaparral, from Deputy Sheriff N. T. Cordova saying that Friday morning, while he was at Chaparral a man came in from Corazon and notified him that there was a man in the same gang that has been operating in San Miguel county for some time, went to the house of Florentino Gonzalez, killed him and shot his 18-year-old boy in the shoulder, badly wounding him. Two men entered the house, slaying one of the boys. The man was shot by the man outside when he attempted to get out and make his escape.

The wife and daughter of the murdered man, the daughter being blind, fled from the house, the wife hiding in the bushes until morning, when she called at the house of Antonio Corvosa, who notified Deputy Sheriff Cordova at Chaparral of the crime. The blind girl had not been found up to the time the letter was written.

The murder is supposed to have been committed Thursday night. Deputy Sheriff Cordova left Chaparral with a posse of fifteen men for the scene of the murder and is in pursuit of the murderers. Corazon is twenty miles from Chaparral, and almost due east of Las Vegas. People there say that it is a big gang of murderers and thieves that is operating in the country.

Beware of Outlets for Catarrh that Contain Mercury.
As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Heliweg & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Heliweg's Catarrh Cure be sure you get the genuine. It is taken internally and is made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

THE CITY COUNCIL.

Telephone and Telegraph Wires Are High Enough—Report of Engineer.

PETITIONS AND COMMITTEE REPORTS.

All the city fathers were present last night at the regular semi-monthly meeting of the city council except Alderman Tierney.

A petition from the owners of the Hotel Hirsch, asking permission to build a porch extension, was referred to the city committee.

A petition from owners of property abutting on North Walter street, asking the council to grade and cover with adobe or clay that portion of the street between Railroad Avenue and Tijeras road, was read and referred to the city engineer for investigation and report.

The city engineer was directed to establish the grade.

The following reports of the city engineer were read and referred to the council:

"In the matter of replacing the present bridges over the 'water ditch' at Second street and Copper Avenue and at Railroad and Gold Avenue, which was referred to me at your last meeting, I have to report that the placing of the two new bridges would require about four cars of pipe. The approximate cost of placing the pipe, I estimate at each curb intersection, and with proper masonry at curb lines, would be \$2,500. The Railroad and Gold Avenue intersection would require about one-half of the expenditure."

"In the matter of providing for storm drainage at Walter street and Lead Avenue, which was referred to me for report at your last meeting, I have to report that a box 2 1/2 feet by 3 feet 8 inches, inside measure, and forty feet long, for the storm drainage at Walter street and south side of Lead Avenue, would be about \$30. A similar box is needed also at Edith street, south side of Lead Avenue, which should be 60 feet long."

The street committee reported unfavorably the proposed ordinance requiring all telephonic, telegraphic and electric wires to be at a distance of 20 feet above the streets. The report was adopted.

The building, light and fuel committee was granted further time in which to make a report with regard to new electric lights.

The sewer committee was granted further time in which to report.

The following communication was read by the clerk:

"For personal reasons I hereby resign as chairman of the Finance Committee and ask that my successor be appointed at this meeting, as I cannot hereafter act as such chairman."

"Very truly,
S. Stenquist."

S. Stenquist was appointed by the mayor to the vacant chairmanship.

The following petition, signed by sixteen property owners, was granted:

"The undersigned residents and owners of real estate fronting on south Walter street, in the city of Albuquerque, respectfully petition for an order establishing the curb of said street at twelve feet from the property line so as to give sufficient room for the cultivation of trees and grass between the sidewalk and curb so as to beautify the street."

The master of the cost of cutting down the grade on south Walter street was referred to the street committee for investigation.

An ordinance was introduced in which R. P. Hall agrees to pay to the city treasury the sum of \$125 provided the city will convey to him all right and title to certain portions of Highland Avenue and alley and declare said portion of Highland Avenue and alley vacated. The ordinance was referred to the street committee.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was almost blind, eye swollen, tongue coated, pain continually in back and sides, no appetite—gradually growing worse for week and nervous headache. I had given me 'Electric Bitters,' and to my great joy and surprise, the first bottle had made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." One should fail to try them. Only 50 cents, guaranteed, at J. H. O'Reilly & Co's.

Consumption

In its incipient stage may be cured. HUYAN has drawn thousands away from the clutches of this dreaded disease. Many people have been restored to perfect health by HUYAN after their cases were pronounced hopeless by the best physicians. You can be cured by the best physicians. You can be cured by the best physicians. You can be cured by the best physicians.

Remember that the danger is not in the disease, but in the neglect of it. You are within the grasp of consumption. HUYAN will release you. Take HUYAN now.

1. FLUSHING OF THE CHEEKS IN THE AFTERNOON AND EVENING.
The first symptom of consumption. HUYAN will cause it to disappear. HUYAN will establish a perfect circulation of the blood and cause the cheeks to assume a normal rosy color.

2. TICKLING IN THE THROAT AND COUGH.
At first the cough is a slight hack—HUYAN will stop the tickling and the cough. HUYAN will relieve it in a few days.

3. A SLIGHT PAIN IN ONE OR BOTH LUNGS,
usually near the top. This is an indication that the consumptive germ has invaded the lung tissue. HUYAN will eradicate the germ. HUYAN will restore the lung tissue to a healthy condition and prevent further destruction.

4. WEAKNESS AROUND THE HEART.
The heart is becoming weak. HUYAN will strengthen it and cause the weakness to disappear.

HUYAN should be used at once. It will make the lung tissue strong and the germ of the disease will be rapidly drawn from the system. Then you will regain your health and strength. HUYAN will be obtained at all drug stores, by mail, or by direct order from HUYAN, San Francisco, Cal. A list of physicians and surgeons may be consulted free if you will. You may call or write, as you desire. Consultation free. Advice is free.

A MINING CONTEST.

The Cash Entry at Bonanza Has Dual Claimants.

It is reported upon reliable authority to-day that the Cash Entry mine at Bonanza, in southern Santa Fe county, owned by an English syndicate has been jumped and that a legal fight will result to determine the ownership, says the New Mexican. It seems that the mine is still unpatented and although almost half a million dollars worth of work has been done upon it, it has been neglected for the past few years and the party who relocated the claim, says the New Mexican, has been done upon it for some years as the law requires, the English syndicate forfeited title. The party who is reported to have relocated the claim resides at Cerrillos. There is quite a boom on in the Bonanza district, upon expectations that the Cerrillos smelter will be put in blast in the near future.

Several local mining men interested in prospects in that district have ordered mining machinery, to be put up at Bonanza as soon as it arrives.

A Revolt Threatened.
Manila, Oct. 17.—Reports from Manila state that there is great tension between the Visayans and Tagalos, growing out of the Tagalos holding Aranao, the leader of the Visayans, a prisoner, and since have threatened a Visayan revolt against Tagalo domination. The Visayans are engaged to a point of rebellion. While the Tagalos dominion control only a military organization, so called the Philippine republic, they crowded out the Visayans from civil control, whereas there is great discontent.

Fatal Railroad Collision.
Cheyenne, Wyo., Oct. 17.—A rear end collision occurred at 1 a. m. near Grant canyon station, Union Pacific railroad, between a stock train and the east bound fast mail, killing two men and injuring three others. Dead: H. J. Purple, Norwood, Kan.; Thomas J. Parker, Salt Lake. Injured: William Sayles, Vermont, Ill.; Edward Parnell, Upton, Ill. Charles Parker was a wealthy stockman. All the killed and injured were in the caboose.

NEW SANTA FE ENGINES.
Contracts Awarded to Baldwin and Richmond Locomotive Works.

The Santa Fe company has awarded the contract for building 50 consolidated locomotives to the Baldwin Locomotive works. In addition to the 50 consolidated engines, the Santa Fe has ordered 20 mogul engines from the Richmond Locomotive and Machine company. All the engines will be delivered within a year.

The general specifications of the consolidated locomotives are: Cylinders 21 inches by 30 inches. They are to have eight driving wheels, each 57 inches in diameter. The driving wheel base is to be 15 feet 4 inches. Their weight in working order will be about 168,000 pounds of which 150,000 pounds will be on the drivers. The boilers are to be of the extended wagon top type, with a diameter at the front of 68 inches. They are to have 21 tubes each 13 feet 10 inches in length and 1 1/2 inches in diameter. The fire boxes are to be on top frames, 108 inches in length with a width of 40 inches. The tender frames are to be of iron and steel, and the tenders will be mounted on two 4-wheel trucks, with wheels 23 inches in diameter. The tank is to be built of steel and have a water capacity of 6,000 gallons and a coal capacity of 7 1/2 tons.

The moguls are to have cylinders 30 by 25 inches. They are to have 6 drivers, each 63 inches in diameter. Their weight in working order will be about 148,000 pounds of which 130,000 pounds will be on the drivers. The boilers are to be of the extended wagon-top type, with a diameter at the front of 68 inches. They are to have 21 tubes each 13 feet 10 inches in length and 1 1/2 inches in diameter. The fire boxes are to be on top frames, 108 inches in length with a width of 40 inches. The tender frames are to be of iron and steel, and the tenders will be mounted on two 4-wheel trucks, with wheels 23 inches in diameter. The tank is to be built of steel and have a water capacity of 6,000 gallons and a coal capacity of 7 1/2 tons.

Charles Madison, of Burlington, Iowa, a brother-in-law of Alderman Tierney, is visiting with his relatives and admiring the beauties of the metropolis.

Miss Sarah Murphy, of Kansas City, reached the city last Sunday night. The young lady is a friend of Mrs. J. H. O'Reilly.

W. L. Trimble is in Missouri purchasing mules.

Did you ever notice the man in the street who looks like a sick man? Does it ever occur to you that the lives of every living person are in the hands of the promptness, new and intelligent, with which he moves the switch levers under his control?

If you could not realize how small a thing may act at the critical instant to switch them from a dangerous track on to one of perfect safety, day after day, year after year, from lung diseases would be less by many thousands.

The popular consumptive cough, of which I was afraid, and everybody cautioned and warned me concerning it, says Mr. P. Norcross, P. O. Box 137, New York, in a signed letter to Dr. J. C. Williams, N. Y. "When I started to take your medicine I was losing weight rapidly. I used three bottles of Dr. Williams' Pink Pills for Pale People and now I have gained eight pounds in weight. I have gained my health and my appetite is renewed. I can and will recommend your medicine to everybody who may be in need of it as it is a sure cure and no human being can afford to neglect it. It is by far the superior of all."

One chapter of Dr. Williams' great treatise on the human system, "The People's Common Sense Medical Adviser," tells of nearly one hundred men and women thus cured of their cough, and of the relief thus obtained by this matchless remedy. This book is sent free for the bare cost of mailing, at one-cent stamps for each copy, to all who send a stamped address and a return stamp. But only one copy to one family.

Notice of Bids for Bonds.
The Commissioners of Bernalillo county, New Mexico, will receive bids up to and including the 15th day of November, 1909, at 10 o'clock a. m., for the sum of one hundred and seventy-eight thousand and five hundred (\$178,500.00) dollars of refunding bonds of said county of Bernalillo, which said bonds will be issued for the purpose of refunding \$222,000 in funding bonds of said county issued in 1884, \$75,000 of which were issued in 1885; \$88,000 of funding bonds issued in 1886; and \$59,000 of funding bonds issued in 1887; the bonds to be issued with bear interest at the rate of 4 percent per annum, and be redeemable after twenty years from date of issue, but at any time at the option of the county in case they fail to carry out their agreement.

LOCAL PARAGRAPHS.

J. J. Taylor, who resides with the McKinnys in Hell canyon, is in the city.

Col. A. W. Harris, a large mining operator in the Kingston district, is in the city.

Joseph E. Saint has returned from quite a lengthy stay in the southern country.

A. F. Spiegelberg, of Santa Fe, visiting with relatives in this city, came in from the north last night.

Louis Beer, the extensive wool buyer, has returned. He is shipping wool to eastern markets by the train loads these days.

W. H. Jack, president of the territorial cattle sanitary board, is in Las Vegas on business, going north from Grant county last Sunday night.

Wm. McIntosh, the well-known and popular Chitlin' shag dancer, dropped in from the mountains last night and registered at Sturges' European.

Dan Warren, representing the Struby Estatebrook Mercantile company of Denver, is practicing his wileage upon the unsuspecting grocers in the city to-day.

Prof. J. B. Ribera, teacher of the public school at Las Padillas, is in town and says his new school house will be finished and ready for occupancy by the first Monday in November.

The big force of clerks at the store of Whitney Company was kept busy this morning packing up heating and cooking stoves for shipment to points along the railroad—north, south and west of the metropolis.

Capt. William Borchert, who has been timekeeper at Morieta for the Triangles, is here and leaves for Chicago to night.

While there he expects to be able to induce some northern capital to invest in the rich mining districts of Arizona.

The evidence of a little red paint about town this evening can all be attributed to that bad habit the railroads have contracted of paying the boys off once a month. The Santa Fe Pacific pay checks arrived this morning and there was consequently a run on the First National Bank this afternoon.

Rev. Jaggard, the popular Lead Avenue Methodist church minister, who attended the conference at Raton and was returned to his charge here by Bishop Niede, arrived home last night. Rev. Russell, of Hillsboro, who goes to Pinos Altos for the next ministerial year, also came in from Raton last night, and continued south to Hillsboro this morning.

John Sweeney, who has been working in the Santa Fe Pacific shops here since last August, leaves to-night for Baraboo, Wis., where he goes to accept a foreman-ship in the shops of the Chicago & North-western Railroad company. Mr. Sweeney has made many warm friends while here and Albuquerque loses an expert machinist and a good all around fellow. Good luck to him in his new field.
