ALBUQUERQUE, — OCTOBER 9, 1899

"On to Albuquerque" is the railroad cry of the southwest.

PRESIDENT HESSELDEN is pushing the Low-line ditch matters.

READ the advertisements in THE CITIZEN. They are from Albuquerque's live merchants.

H. D. JOHNSON, the architect, is providing a first class attorney for Frank P. McClure, in the opera house troubles.

HON. FREDERICK FERRIS, delegate to congress, is proving a good man for the territory. He is getting acquainted with the wants of all sections of the territory, and will make a good record at Washington.

AN advance of 1 cent a pound in the price of cotton means a big profit of money for the farmers of Texas. It is equal to \$5 a bale, and with a crop of 2,000,000 bales that means \$10,000,000. Twelve million five hundred thousand dollars.

A SOUTH CAROLINA dispensary official is in a line of trouble for bottling "one X" whisky and selling the bottle "four X." It was not the immorality of selling an inferior whisky under the brand of a superior quality that caused the trouble, but because he pocketed the difference in price.

THE sheep industry is now in a prosperous condition. The advancing price of wool and the satisfactory prices received for mutton sheep is encouraging to the industry. Buyers of wool and mutton are satisfied that prices will advance and that there is an era of prosperity ahead for the sheep raisers.

GOVERNOR and Mrs. Otero and son, Miguel, accompanied by Adjutant General Whitman, are at Chicago to take part in the ceremonies of laying the cornerstone of the federal building in that city, which takes place this week. President McKinley and other high national officials will also assist in the ceremonies.

We sincerely trust that the rumors concerning the establishment of a large smelting plant in this city may be true. The name of Senator Clark, of Montana, is mentioned in connection with these rumors and that generally means business. Albuquerque is entitled to all the improvements and gladly welcomes all who contemplate a profitable investment.

THIS opera house troubles ought to be settled amicably. The display of Winchester and other fire arms should not be indulged in. It causes of frontier times. The citizens have been exceedingly fair to each other in the several squabbles of late week, having expressed no opinion whatever, and allowing the court to settle affairs without any comments for or against from this paper.

CARNIVAL PARADES. Albuquerque had \$2,500 left over at the close of her big fair last week. The total subscription for the carnival amounted to \$4,500, and the receipts amounted to \$2,500, making a total of \$2,000.

And Albuquerque had a big time. Phoenixites will appreciate more money than that and Phoenix has a better time—Phoenix Republicans.

Just what Albuquerque next year. The officers this year laid the foundation for a "stem-winder" in the fall of 1900, and the officers of next year will undoubtedly have smooth sailing, provided they are hustlers and will not mind a lawsuit or two.

Later—it is understood that the Phoenix Carnival will be held November 20-25, and the Arizona Republicans say after a little bragadeiro that in order to make the Phoenix carnival a success, "energy and unity is required."

Yes, as a pointer from THE CITIZEN: Keep out of your organization too many boxes. They can never win in a big undertaking.

VALUABLE MODELS. There will soon be sent to the Santa Fe shops in Topeka for repairs three models of Santa Fe freight cars that have played an important part in the litigation of the company during the past dozen or more years. The models are now in the office of A. A. Hurd, general attorney for Kansas, which has been their home since their building and where they have remained when not traveling about the country as witnesses in damage suits against the company.

Two of the models are of box cars and one of a flat car loaded with bridge timbers. The repairs they will receive at the shops will consist of equipment of automatic couplers and air brake appliances. When the miniature cars were built automatic couplers and air brakes were unknown in railroading, and they were made exact models of the rolling stock in use at that time.

The three models have not only traveled from Topeka to practically every corner west along the line of the Santa Fe in Kansas, but to different points all the way from Chicago to Albuquerque and El Paso, Tex. They have been used by the Santa Fe attorneys in illustrating the nature of accidents, and have saved the Santa Fe company thousands of dollars in damages claimed.

The models are perfect in every detail, and when equipped with air brake appliances and automatic couplers, will be exact representations of the modern freight cars.

THE LAND OF THE BOER. Nature seems to have provided the Boers with a country which they may with small numbers defend with all the desperation of their devotion to their land. The Chicago Record gives this interesting outline of the conditions under which the British will meet the Afrikaners if war finally comes:

"The Transvaal country is much like New Mexico, being a plateau elevated about 3,000 feet above the sea and surrounded by a range of mountains about

Little Pimples Turn to Cancer.

Cancer often results from an impurity in the blood, inherited from generations back. Few people are entirely free from some taint in the blood, and it is impossible to tell when it will break out in the form of dreaded Cancer. What has appeared to be a more simple or scratch has developed into the most malignant Cancer.

It is probable that in the event of war Boer tactics will be the same as in 1881, but there are indications that the British policy will be wholly different from that pursued in the former war. It seems to be accepted that the Boers cannot be forest without an enormous loss of life, and the British politicians realize that the spectacle of bloodshed is likely to create an outcry at home against the war. Therefore it appears to be the British purpose to hold these passes from the outside and prevent supplies from entering the Boer country. The Transvaal frontier is about 1,400 miles long, and much of it faces northward toward Matabeleland, where there are swarming thousands of savages. To hedge in the Boers on the north the British seemingly would have to enter the Matabele country and take the risk of arousing the hostility of the unquiet savages.

UNLESS the British in South Africa have made up their minds to run, they will have fighting to do. The young Boers among the Boers have the bite in their teeth and appear to be bent on war. After they have gone through a few campaigns they will know a great deal more than they do now—such of them as come out alive.

A STRIKE EPIDEMIC. Strikes are serious things, and in view of the particular case we have selected it is well to remember that until the cause is removed, dissatisfaction with the work and the cause will be a menace to society. But it is not only the commercial life which has its strikes. The whole country is groaning under the strike of the stomach, and many people make the mistake of trying to suppress the symptoms instead of removing the cause. There is but one sure way of curing the disease which arises from a rebellious stomach, and that is by a home remedy, Dr. H. H. Johnson's Stomach Bitters. Use it for indigestion, constipation, dyspepsia, biliousness, liver or kidney trouble, and see that a private revenue stamp covers the neck of the bottle.

NEW MEXICO'S Leading Firm. The statement that 40,000 lambs will be shipped this season from the one station of Espanola, Santa Fe county, by the Santa Fe railroad, is a significant fact. It means the payment of \$50,000 to \$55,000 to the sheep growers, and is a significant fact in the sheep industry. This, too, after they have already realized well on their wool clips for the year. Truly Governor Otero was correct in the statement made in his speech the other day that from the sheep the territory receives a greater income than from all other sources combined. At least, the assertion is true in this year, when wool brings a good price, thanks to the tariff shutting out the wool grown in foreign lands, and when property has made a demand for both wool and mutton. The sale of wool this year has already given several millions of dollars to the sheep raisers, and the sheep industry is a source of pride to the people of New Mexico, and the men who as the laborer in the industry. And as much more money is now coming from the sale of lambs for the market.

THAT EXHAUSTING FEELING. With the exhilarating sense of renewed health and strength and internal cleanliness, which follows the use of Syrup of Figs, is unknown to the few who have not progressed beyond the time medicine and the cheap substitutes sometimes offered out never accepted by the well-informed. Buy the genuine. Man factured by the California Fig Syrup Co.

H. S. KNIGHT. Wants to buy a 25 horse power boiler. Has for sale a fine Jersey cow, two large show calves, a magnificent blacksmith's outfit, complete; four beautiful homes, one on north second street, one opposite park, another block west of park and one on south 10th street in Highland; also some special bargains in real estate and improvements that must be sold at once. A 750 gallon stud-baker tank, mounted on splendid running gear, all new; five stamps mill and concentrator; lot of golden; horses, buggies, a family surrey phaeton, piano, safe, bar fixtures, billiard and pool tables, bowling alley, etc. I will pay the highest price for second hand furniture and attend to any business for a small commission.

Auction sales and abstracting titles a specialty. H. S. KNIGHT, Auctioneer.

President King, Farmer's Bank, Brooklyn, Mich., has used Dr. Williams' Pink Pills in his family for years. Says they are the best. These famous little pills cure constipation, biliousness and all liver and bowel troubles. Berry Drug Co.

Blankets and Comforters. The greatest variety in the city at prices from 25 to 40 per cent less than elsewhere. Albert Faber, Grant Building.

For Over Fifty Years. An OLD AND WELL-THIRD REMEDY. Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children with teething, and with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. It is pleasant to the taste, sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

In a letter to his father in this city, Rio Grande, who is a chemist, adding that he is getting along finely mining in the Klondike region of Alaska. He is interested in seven promising claims, and a small fortune of thirty and by name W. McKee, is a partner with Mr. Granger in one of the claims.

"If you scour the world you will never find a remedy equal to One Minute Cough Cure," says Reiter Fackler, of the Milwaukee "Herald." He cured his family of a gripe and saved thousands from pneumonia, bronchitis, croup and all throat and lung troubles. Berry Drug Co.

Hon. and Mrs. Sol. Luna, who were in attendance at the Horticultural fair at Santa Fe last week, came down from the north Saturday evening, and remained in the metropolis over Sunday.

Experience is the best teacher. One Acker's English Remedy in any case of coughs, colds or croup. Should it fail to give immediate relief, money refunded. 25 cts and 50 cts. J. H. O'Reilly & Co.

Miss Julia Hoffman, who was a guest at the home of Hon. H. B. Ferguson and family during the past few months, returned to her home in St. Louis last Saturday evening.

Read Simon Sierra's ad. in another column. It contains a number of money savers in his line.

Stop at J. L. Bell & Co's. on your way home. Your wife forgot to order some of their fresh chicken.

Little Pimples Turn to Cancer.

Cancer often results from an impurity in the blood, inherited from generations back. Few people are entirely free from some taint in the blood, and it is impossible to tell when it will break out in the form of dreaded Cancer. What has appeared to be a more simple or scratch has developed into the most malignant Cancer.

It is probable that in the event of war Boer tactics will be the same as in 1881, but there are indications that the British policy will be wholly different from that pursued in the former war. It seems to be accepted that the Boers cannot be forest without an enormous loss of life, and the British politicians realize that the spectacle of bloodshed is likely to create an outcry at home against the war. Therefore it appears to be the British purpose to hold these passes from the outside and prevent supplies from entering the Boer country. The Transvaal frontier is about 1,400 miles long, and much of it faces northward toward Matabeleland, where there are swarming thousands of savages. To hedge in the Boers on the north the British seemingly would have to enter the Matabele country and take the risk of arousing the hostility of the unquiet savages.

UNLESS the British in South Africa have made up their minds to run, they will have fighting to do. The young Boers among the Boers have the bite in their teeth and appear to be bent on war. After they have gone through a few campaigns they will know a great deal more than they do now—such of them as come out alive.

A STRIKE EPIDEMIC. Little Pimples Turn to Cancer.

Cancer often results from an impurity in the blood, inherited from generations back. Few people are entirely free from some taint in the blood, and it is impossible to tell when it will break out in the form of dreaded Cancer. What has appeared to be a more simple or scratch has developed into the most malignant Cancer.

It is probable that in the event of war Boer tactics will be the same as in 1881, but there are indications that the British policy will be wholly different from that pursued in the former war. It seems to be accepted that the Boers cannot be forest without an enormous loss of life, and the British politicians realize that the spectacle of bloodshed is likely to create an outcry at home against the war. Therefore it appears to be the British purpose to hold these passes from the outside and prevent supplies from entering the Boer country. The Transvaal frontier is about 1,400 miles long, and much of it faces northward toward Matabeleland, where there are swarming thousands of savages. To hedge in the Boers on the north the British seemingly would have to enter the Matabele country and take the risk of arousing the hostility of the unquiet savages.

UNLESS the British in South Africa have made up their minds to run, they will have fighting to do. The young Boers among the Boers have the bite in their teeth and appear to be bent on war. After they have gone through a few campaigns they will know a great deal more than they do now—such of them as come out alive.

A STRIKE EPIDEMIC. Strikes are serious things, and in view of the particular case we have selected it is well to remember that until the cause is removed, dissatisfaction with the work and the cause will be a menace to society. But it is not only the commercial life which has its strikes. The whole country is groaning under the strike of the stomach, and many people make the mistake of trying to suppress the symptoms instead of removing the cause. There is but one sure way of curing the disease which arises from a rebellious stomach, and that is by a home remedy, Dr. H. H. Johnson's Stomach Bitters. Use it for indigestion, constipation, dyspepsia, biliousness, liver or kidney trouble, and see that a private revenue stamp covers the neck of the bottle.

NEW MEXICO'S Leading Firm. The statement that 40,000 lambs will be shipped this season from the one station of Espanola, Santa Fe county, by the Santa Fe railroad, is a significant fact. It means the payment of \$50,000 to \$55,000 to the sheep growers, and is a significant fact in the sheep industry. This, too, after they have already realized well on their wool clips for the year. Truly Governor Otero was correct in the statement made in his speech the other day that from the sheep the territory receives a greater income than from all other sources combined. At least, the assertion is true in this year, when wool brings a good price, thanks to the tariff shutting out the wool grown in foreign lands, and when property has made a demand for both wool and mutton. The sale of wool this year has already given several millions of dollars to the sheep raisers, and the sheep industry is a source of pride to the people of New Mexico, and the men who as the laborer in the industry. And as much more money is now coming from the sale of lambs for the market.

THAT EXHAUSTING FEELING. With the exhilarating sense of renewed health and strength and internal cleanliness, which follows the use of Syrup of Figs, is unknown to the few who have not progressed beyond the time medicine and the cheap substitutes sometimes offered out never accepted by the well-informed. Buy the genuine. Man factured by the California Fig Syrup Co.

H. S. KNIGHT. Wants to buy a 25 horse power boiler. Has for sale a fine Jersey cow, two large show calves, a magnificent blacksmith's outfit, complete; four beautiful homes, one on north second street, one opposite park, another block west of park and one on south 10th street in Highland; also some special bargains in real estate and improvements that must be sold at once. A 750 gallon stud-baker tank, mounted on splendid running gear, all new; five stamps mill and concentrator; lot of golden; horses, buggies, a family surrey phaeton, piano, safe, bar fixtures, billiard and pool tables, bowling alley, etc. I will pay the highest price for second hand furniture and attend to any business for a small commission.

Rosenwald Bros

LOCAL PARAGRAPHS.

John Becker is up from Helen on a business trip.

W. P. McNeil has returned from El Paso, where he had gone on a business trip.

John Shea, the well-known liquor man from San Francisco, arrived in town last night.

D. Keller, representing the Texas Paper company, came in from the south last night.

J. D. Mahoney, the Denver hardware man, would only stop long enough to eat on his way to Denver last night.

Officer "Mike" Martinez is still suffering with his lameness, and his place on the force is being filled by John Leeman.

Byron S. Moditt, a popular young man of both Lordsburg and Tucson is in the city visiting at the home of G. W. Wakefield.

Harry Pluke, son of Ed. Pluke the tobacconist, is home on vacation from Kewell, where he is attending the military institution.

Superintendent John Stein stopped long enough on his way north last night to drink a cup of Mormon McCormick's excellent coffee.

T. A. Hinch, proprietor of the European hotel at Gallup, came in from the west last night. He was summoned here on some court matters.

Black bass, cat fish, lake trout, salt water fish, lobsters, shrimp, blue points and bulk oysters at the SAN JOSE MARKET to-morrow.

P. A. Macrellan, editor of El Republicano, Socorro, spent a couple of days in Albuquerque. He went up to Las Vegas on business last night.

The "Grimsby Cedar Bear" company passed through on their long jump from El Paso to Raton. They had good houses at both Silver City and El Paso.

Yesterday must have been a good day for the dispensers of liquor, for Judge Crawford's court this morning. Eleven cases of drunk and disturbing the peace netted the city in the neighborhood of \$50.

G. L. Brooks, the Santa Fe live stock agent, had in town yesterday two well-known stock growers and buyers. One was Capt. W. French, of Grant county, the other J. B. Manby, of Trinidad. Capt. French went on to Springer. Mr. Manby came from Holbrook. A. T. and is here to superintend the feeding of a large number of sheep.

W. C. Leonard, with his wife and daughter, returned last night from their vacation at the New England coast resorts. They had a splendid time, and have returned to remain during the winter months among Albuquerque friends.

Mr. Leonard met the president of the late Territorial Fair and stated that he was pleased to read in the big eastern dailies that the Fair here was a grand success.
