## THE FIRST DAY.

### Grand Reception Given to Governor Otero Last Evening.

### Carnival and Festival Open Promptly this Afternoon.

### Mayor Marron and the Governor Start the Great Fair.

#### IMMENSE CROWD ALREADY PRESENT.

The Territorial exhibition opened under the most favorable conditions. The weather is perfect, and the rain of last week put the streets in fine condition. The crowd already here is much larger than at any previous fairs on the best days. It is not exaggeration to assert that the present fair and festival will be the biggest and best ever held in the Southwest. Everyone is praising the energy of the merchants in making such fine street exhibits and the many amusements right on the streets, free of charge, provided by the Territorial Fair officials, draw forth expressions of delight from visitors. Every day of the carnival will be a big day, but it is expected that Thursday and Friday will be the best. It is intended that special efforts will be made to re-entertain all things up on those particular days.

RECEPTION TO GOVERNOR OTERO. As an indication of the interest taken by the people in the Carnival and Street Fair, immense throngs gathered at the depot last evening to participate in the reception accorded Governor Otero and party.

As early as 6:30, the artillery, according to the program, swept down Railroad avenue and took its place in between the tracks north of the depot and prepared to take its part in the proceedings. Shortly afterward the First Regiment band marched down to the north end of the depot and regaled the crowds with some choice music while awaiting the arrival of the governor's train.

On the platform, as previously arranged, was the committee composed of the president and the executive committee of the fair association, Mayor Marron and the members of the city council; Capt. A. M. Fuller and Dr. Nichols, of the Ninth cavalry.

The scene was a stirring one as the train pulled in, and a salute of seventeen guns, in honor of the governor's arrival, created an enthusiasm among the lookers-on which bode fair to be sustained during the week.

The governor's party, entering carriage, and preceded by the First Regiment band, were driven to the Commercial club, where they will be entertained during their stay.

The crowds that lined the streets, along which the governor's party passed, hailed with delight the first real demonstration, and any doubt of the success of the fair which some may have had were finally dispelled, and the now prevailing idea is for every one to put their shoulder to the wheel and show what can be accomplished in the way of a Carnival and Street Fair.

In an interview accorded a representative of THE CITIZEN, the governor expressed himself as delighted with his reception and from the glimpse of the fair preparations, obtained in his short ride through the streets, he predicted the greatest success to the united efforts of the Albuquerque merchants.

OPENING CEREMONIES. Promptly at 1:30 the Ninth cavalry in

full dress uniform, under command of Captain Fuller, drew up in front of the Commercial Club, followed very soon by the First Regiment band.

Throngs of people had assembled to see the start and very shortly Governor Otero came down from the club and took his seat in the first carriage together with President W. F. McCreight, of the Fair association, Mayor O. N. Marron and Adjutant General Whiteman. In the second carriage were members of the city council, Colonel Jones, Colonel H. B. Rogers and Colonel Dobson, of the governor's staff, the two latter in full dress uniform.

The scene was a gay one as the First Regiment band led off, followed by Captain Fuller and his company of warriors, followed in turn by the carriages. The line of march was east on Silver avenue to Third street; north on Third street to Gold avenue; east on Gold avenue to First street; north on First street to Railroad avenue to the entrance of the midway, where the escort drew up in line and saluted the governor and his party.

Descending from his carriage the governor mounted the stand prepared for the purpose and immediately the crowd gathered around to witness the ceremonies of the formal opening of the Nineteenth Territorial Fair.

Mayor O. N. Marron stepped to the front of the platform accompanied by Hon. Nedor Montoya, who acted as interpreter, and in a few well chosen words congratulated the merchants and people of Albuquerque upon the auspicious opening of the carnival and street fair, appealing to the pride of Albuquerque's inhabitants to make the stay of every stranger most enjoyable. He thanked the merchants for their concerted action looking towards success. A very pleasing reference to national recognition of the chief executive of the territory, in the sending of the soldiers to participate, was received with applause.

Then, with a few words regarding the presence of the chief executive of the territory, he introduced Governor Otero who came to the front of the platform and enthusiastically applauded.

When quiet was restored the governor addressed the immense gathering as follows:

Mr. President, Mr. Mayor, Ladies and Gentlemen:—Again are the people of our territory indebted to the enterprising and public spirited citizens of Albuquerque and Bernalillo county, for an opportunity to display to the world, by way of a Territorial Fair, some of the products, resources and capacities of this section of the United States, and to show the progress already made by its sturdy inhabitants, in their development.

Every year for the last eighteen years, the liberal citizens of this progressive city, have most cheerfully and willingly assumed the no light burden of preparing and conducting an annual Territorial Fair, and their efforts to that end, have from the first, been crowned with marked success.

These annual gatherings, more than anything else perhaps, have served to arouse and maintain throughout the territory, that active interest in its future development which all should feel, and which but for them, might well have languished.

These unsurpassed displays and exhibitions are fast demonstrating the vast possibilities of the territory, agriculturally and otherwise, as well as its marvelous wealth in the precious metals and other valuable commercial minerals.

Up to this time, as I am informed, each annual fair has been an improvement upon any which preceded, and although I have not yet seen all the displays and exhibits of this year, I am assured that they are quite as attractive, if not more so, than any formerly made. I have seen enough, however, to convince me, that the progressive citizens of Albuquerque, have now as ever heretofore, shown themselves equal to the work undertaken, and in the name of the whole people of the territory, I thank them for

what they alone have done on this occasion, in the interest of all.

They have not only provided convenient and ample accommodations for exhibitors of whatever kind, within the limits of its precincts, but by adopting the modern system of street exhibitions and parades, have brought, where possible, every exhibit to the immediate notice of visitors, without forcing them to traverse long distances, as in the past, to see them; but have provided within short walks of the city, various amusements for them during their stay.

They have spared no pains to interest, entertain and amuse their visitors, and again I thank them for their liberality and hospitality as here manifested. Let me therefore conclude with the simple announcement; that the annual Territorial Fair of New Mexico, for 1899, is now open, and its exhibits submitted for your inspection.

The opening ceremonies having been concluded the crowd dispersed to seek enjoyment and profit in the midway, by displays offered by our merchants, and the afternoon's program of entertainment arranged by President McCreight and his able corps of assistants.

THE MIDWAY. Although the scheduled program was not carried out in the Midway Plaisance as planned, the crowd did not disperse upon the various stages and altogether it was a very creditable entertainment. Owing to lack of space it is impossible to give a full account of the doings on the Midway to-day, but it will be given in full to-morrow.

AT THE GRAND STAND. The program arranged and previously announced in THE CITIZEN, to take place in front of the grand stand is being carried out to the letter. C. K. Burg is in charge of the box office and is assisted by J. H. Smith, Edward Farrell and others. A game of baseball between the Albuquerque Browns and San Juan club is in progress and is being witnessed by a large and enthusiastic crowd. Wm. Mason is umpiring the game with Robert Fellers as official scorer. At the present time the game is not finished.

**WELCOME TO THE CARNIVAL.**  
The city of Albuquerque and all the people thereof extend a hearty welcome to all visitors to the Nineteenth Annual Territorial Fair and carnival. Everyone is urged to thoroughly enjoy the many interesting attractions of the week. No other such street fair was ever held in the southwest. It is already an assured success. Every train arriving in the city is crowded with fair visitors, and the streets are already thronged with happy people.

VICK is a monster that can be seen in several parts of this city.

The French republic has partially redeemed its tarnished reputation by pardoning Capt. Dreyfus.

The street fair is the biggest thing in the southwest, with the exception of the Grand Canyon of the Colorado.

The moonlight is so dazlingly bright that it may not be possible to see the illumination of the volcanoes west of the city.

The largest tree in the world lies broken and petrified at the end of a dale in northwestern Nevada. It is said to be 600 feet long.

In the city of Albuquerque there are many mansions and they have many rooms; if it were not so THE CITIZEN would have told you.

JAPAN sends to this country for paper mill machinery, though the Japs made paper thousands of years ago. American inventiveness is marching all over the world.

MUCH has been said about the right to live, but now a physician of Meriden, Conn., has come forward with the contention that humanity also has a right to die when it gets ready.

TAKE a look around the city this week and observe what is going on, then take the cash out of your stocking and buy all the real estate in Albuquerque that you can cover. This is good advice.

AUGUST shows an increase of \$20,082,815 in exports from our country to foreign countries, and they exceed imports by \$37,929. The record has been broken by this, for August exports were never so large.

BOTH Great Britain and the Transvaal are likely to consider the dangers of imports of sugar from before finally ending the tariff war. The peril is real and there are none who know it better than the Boers themselves.

ONE thing to be said in favor of the Boers is, that right or wrong, they stand together pretty well. There seems to be no Atkinsons among them. It is also a pretty well established fact that they will fight as well as talk.

PROPHETS who insisted that the annexation of Hawaii would cause the United States an enormous amount of trouble and expense have to be reminded now that the peaceful and flourishing little islands are still on the map.

THE funny man on the Fort Worth Register says that Mr. Gunn, the government supervising architect in Kansas City, has been fired. Of course he kicked. The objection to Mr. Gunn is not stated, but it is probable that he was of too small caliber.

NO RURAL sections of the country are so prosperous as those which possess successful irrigation, yet there are 70,000,000 acres of land in the west now arid and worthless, but capable, under complete irrigation, of raising certain and enormous crops.

THE apple crop of the United States varies from year to year in some sections to pretty good in others, not an exceedingly large crop in any. The general result will be an average crop, 50,000,000 barrels, say.

THE North Dakota regiment during its service in the Philippines lost from all causes sixteen men, and the first Idaho twenty-one men. The record continues to be more favorable than that of any former American war.

SOME idea of the enormous increase in the business of the United States may be had from the fact that the money in circulation has more than doubled in the last twenty years; it has increased 50 per cent since 1880 and more than 25 per cent since July 1, 1896.

HARDLY a month passes without a reported revolt in one or the other of the South American republics. This chronic state of revolt is of incalculable injury to those countries. There is little or no occasion for these disturbances, and business and immigration is retarded.

The president of Brazil seems to be a sensible man. He is opposed to a South American alliance, which will have for its chief effect the estrangement of the great republic of the north, which has heretofore stood between the small South American states and European aggression.

THE United States gave an exhibition yesterday in this city of its military capacity. The nation will show how in these latter days it can, in six weeks, call for, recruit, equip, arm and start on its way for the other side of the globe, a full regiment of infantry—in fact, ten regiments of infantry, known as United States volunteers.

**COMPETITION IN TRADE.**  
Until very recent years the undisputed motto of the business world has been "competition is the life of trade." It is undeniable, however, that a change is coming over the minds of men in regard to this doctrine. Competition is not an unqualified good. Carried to extreme limits, competition may mean the death

of trade, and the degradation of workers engaged in industry. In the closing years of the nineteenth century, therefore, there is a demand for relief from the evils of excessive competition. The spirit of this present time is no exception. This spirit manifests itself not only in combination of capitalists into large corporations and trusts, but also in organizations of working men into unions, and in many other ways.

**BRITISH census reports** of family names give for England and Wales 254,000 Smiths, 212,100 Joneses, with Williams, Taylor, Davies and Brown following in order. For Scotland, Smith leads, followed by McDonald, Brown, Thompson, Robertson, Stewart and Campbell. Murphy is chief in Ireland, there being 62,600 of them; then come Kelly, 59,900; Sullivan, 45,900; Walsh, 41,000; Smith, 37,000; O'Brien, 31,400; Byrne, 32,000; Ryan, 32,000; Connor, 31,200; O'Neil, 29,100, and Kelly, 20,000.

**Still More Counterfeiting.**  
The secret service has unearthed another band of counterfeiters and secured a large quantity of bogus bills, which are so cleverly executed that the average person would never suspect them of being spurious. Among the great value are always selected by counterfeiters for imitation, notably the celebrated Horatio's stomach Bitters, which has many imitations but no equals for indigestion, dyspepsia, constipation, nervousness and general debility. The Bitters sets things right in the stomach, and when the stomach is in good order it makes good blood and plenty of it. In this manner the Bitters get at the seat of strength and vitality, and restore vigor to the weak and debilitated. Beware of counterfeiters when buying.

**Full of Merit.**  
Beautiful original watercolor paintings of picturesque Albuquerque for sale. 215 South Second street.

**Mrs. FLORENCE NETTLETON, Artist.**  
The pleasant effect and perfect safety with which ladies may use Syrup of Figs, under all conditions, makes it their favorite remedy. To get the true and genuine article, look for the name of the California Fig Syrup Co. printed near the bottom of the package. For sale by all druggists.

**New Sheriff of Otero County.**  
Riley Baker has been elected sheriff of Otero county by the county commissioners to succeed George Curry, who is now a lieutenant in a volunteer regiment. **Not the Wisest Way.**  
It is not always best to wait until it is needed before buying a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Quite frequently the remedy is required in the very busiest season or in the night and much inconvenience and suffering must be borne before it can be obtained. It costs but a trifle as compared with its real worth and every family can well afford to keep it in their homes. It is everywhere acknowledged to be the most successful medicine in the world for bowel complaints. For sale by all druggists.

**THE FAIR.**  
210 Railroad Avenue.

The fair is the most attractive store in Albuquerque, in fact the most elegant in the west, and has become so under the genial management of L. F. Levy. The beautiful display of quincenias, Haviland china, cut glass, toys, notions and ornaments of all kinds can be compared favorably with any display west of Chicago.

A visit to this store will amply repay anyone, and polite assistants will always be found willing and happy to show their wares.

**Better Than Wealth**  
Is sound, rugged, robust health. But this cannot be had without pure blood. Upon the purity and richness of the blood depends the healthy condition of every organ. Hood's Sarsaparilla is the One True Blood Purifier. It has power to give good health.

ELEGANT DECORATIONS.

Mention of a Few of the Beautiful Street Booths.

LIKE SCENES IN FAIRYLAND.

Wm. Farr's meat market has put on holiday attire and looks very gay.

Mann's drug store, on Railroad avenue, displays flags of all nations and pleases the eye.

W. Y. Walton's drug store has been decorated with a view to attract by its pleasing effect.

L. A. Teaster, the Railroad avenue barber, displays especially good taste in the decoration of his shop.

The Albuquerque Cycle & Arms Co. show a handsome line of wheels in a tastefully decorated booth.

The Donohue Hardware Co. is in line with a neat show of flags and bunting and makes a bright looking corner.

F. G. Pratt & Co., have a beautifully decorated booth in which he will display samples of fruits, nutmeats, etc.

L. Kempenich is doing his share towards making Railroad avenue attractive with bunting and decorations of all kinds.

Sam Key, with his Oriental ideas of display, offers a tempting lot of Chinese goods for sale in a handsomely decorated booth.

H. E. Fox, the jeweler, with an eye to the beautiful, has made his corner very attractive with decorations which do him credit.

Delaney's Candy Kitchen, with its ever-green booth, ought to be popular with young and old. It is certainly attractive in appearance.

"The Golden Rule," by its outside display, takes front place among the other progressive and energetic Albuquerque business houses.

Lowenthal & Meyers' wholesale liquor store is gay with bunting and the jolly members of the firm extend to all a hearty welcome.

The Mutual Automatic Telephone Co. says "Hello!" to visitors and home-folks by means of a large banner stretched across Second street.

Mrs. M. A. Bigelow's fruits, lemons, oranges, candies and cigars will be found in a very attractively dressed booth outside her cozy little store.

"The Kik" saloon has a novelty in the shape of decorations in the use of numerous stalks of sugar cane. Stop and examine them and then go in and have a cooling drink.

The Jaffa Grocery Co.'s booth is filled with all the delicacies suggesting what can be found inside the store. The decorations are very tasteful and characteristic.

Mandell & Grunsfeld have what they call a "hospitality booth," no display of goods, but a place for friends and customers to rest and watch the "passing show."

The pioneer house of Gross, Blackwell & Co. extends a hearty welcome to all, and have made the front of their big warehouse very attractive with flags and bunting.

Fleisher & Rosenwald, the enterprising tobacconists, have erected an oriental bazaar in the center of which is occupied by a fine figure of an Indian. This is one of the handsomest pieces on the street.

The Albuquerque Fish Market's booth will be an exceedingly popular resort. Oysters, sandwiches and lots of good things to eat will be served upon small tables placed in the center of the booth.

H. F. Hollweg & Co. have ornamented their attractive store, setting off to good advantage their fine stock of furniture, carpets and crockery. A carload of goods just arriving has prevented their preparation of a float for the parade.

L. B. Putney, the old reliable at the gate way of the city, extends a cheerful welcome by means of his gay and festive decorations. We refrain from a detailed description of his decorations, fearing to encroach upon his modest and retiring nature.

**Good Enough to Take.**  
The finest quality of loaf sugar is used in the manufacture of Chamberlain's cough remedy, and the result is that the preparation gives it a flavor similar to maple syrup, making it very pleasant to take. **Sensible suggestion.**  
The San Francisco Chronicle says: It ought to be easy to supply Manila with a Spanish-speaking police force by recruiting one in California, New Mexico, Arizona and Texas, or in any one of those localities. A regiment for that purpose could be had for the asking, and it would soon put the Manila police on a basis of intelligence with the surrounding conditions. At present the police might as well be stone deaf for all the criminal news they hear.

**YOUR PACK.**  
Shows the state of your feelings and the state of your health as well. Impure blood makes itself apparent in a pale and sallow complexion, pimples and skin eruptions. If you are feeling weak and worn out and do not have a healthy appearance you should try Ayer's Cherry Pectoral. It cures all blood diseases where cheap sanatoriums and so-called purifiers fail. Knowing this, we sell every bottle on a positive guarantee. J. H. O'Reilly & Co.

**OPEN LETTERS FROM**

Jennie E. Green and Mrs. Harry Harby.

JENNIE E. GREEN, Denmark, Iowa, writes to Mrs. Pinkham: "I had been sick at my monthly periods for seven years, and tried almost everything I ever heard of, but without any benefit. Was troubled with backache, headache, pains in the shoulders and dizziness. Through my mother I was induced to try Lydia E. Pinkham's Vegetable Compound, and it has done me so much good I am now sound and well."

Mrs. HARRY HARBY, Riverside, Iowa, writes to Mrs. Pinkham the story of her struggle with serious ovarian trouble, and the benefit she received from the use of Lydia E. Pinkham's Vegetable Compound. This is her letter: "How thankful I am that I took your medicine. I was troubled for two years with inflammation of the womb and ovaries, womb was also very low. I was in constant misery. I had no rest, was short of breath and could not walk five blocks to save my life. Suffered very much with my back, had headache all the time, was nervous, menstruations were irregular and painful, had a bad discharge and was troubled with dizziness. I was a perfect wreck. Had doctored and taken local treatments, but still was no better. I was advised by one of my neighbors to write to you. I have now finished the second bottle of Mrs. Pinkham's Vegetable Compound, and am better in every way. I am able to do all my own work and can walk nearly a mile without fatigue; something I had not been able to do for over two years. Your medicine has done me more good than all the doctors."

Creeping Consumption

Do not think for a single moment that consumption will ever strike you a sudden blow. It does not come that way. First, you think it is a little cold; nothing but a little hacking cough; then a little less in weight; then a little more in the chest; then the fever and the night sweats.

The suddenness comes when you have a lump in the throat. Better stop the disease while it is yet creeping. You can do it with

Ayer's Cherry Pectoral

You first notice that you cough less. The pressure on the chest is lifted. That feeling of suffocation is removed. A cure is hastened by placing one of

Dr. Ayer's Cherry Pectoral Plaster over the Chest.

A cat may look at a king they say  
Which is not so very sad.  
But a cat can't wash the dirt away  
That makes a shirt appear so bad.  
But we can wash the dirt away  
And starch the shirt just proper too  
We can iron it prettily right  
To make it suit your friends and you
