Kelly Gets Penitentiary Sentence.
 Winnipeg, Man., Nov. 18.—Thomas Kelly, wealthy Manitoba contractor, denied a new trial by the supreme court at Ottawa, was sentenced today to serve two and one-half years in the penitentiary by Justice Prendergast. Kelly was convicted at the summer session on charges which arose from alleged fraudulent dealings in connection with contracts for the Manitoba parliament building.

Naval Contracts Awarded.
 Washington, Nov. 18.—Awards for the construction of fourteen of the torpedo boat destroyers authorized by the last naval appropriation, were announced in the navy department today. The four River Shipbuilding corporation, Quincy, Mass., will construct eight and the Fulton Iron Works company, San Francisco, six vessels.

WAS LOOKING FOR MEXICAN TO KILL AND FOUND ONE

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
 Milwaukee, N. M., Nov. 18.—With the remark, "I am looking for a Mexican to kill," Tim O'Neill, a cook living here, walked up to M. Giron, a laborer, Friday night shortly after midnight, and without any other warning shot him through the heart. Giron died instantly. As far as is known, there had not been any previous trouble between the two men. The killing took place on West Main street, between the West Main street and the street of the American supply company, in the main business section of the town.

O'Neill was arrested and taken to Socorro to jail today. He will make no statement and no cause for the killing is known. He was intoxicated at the time of the killing.

Price of Sandwiches Doubles.
 Chicago, Nov. 18.—The price of all foodstuffs has advanced in the last week in a steady and popular-priced restaurants here today, and a ready-made sandwich which was sold for 10 cents yesterday is now sold for 20 cents.

BRYAN ADVISES WOMEN HOW TO FIGHT LIQUOR

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
 Indianapolis, Ind., Nov. 18.—William J. Bryan, at a conference with delegates to the convention of the National Women's Christian Temperance union here today, advised the women to "do everything possible to stimulate rivalry between the democratic and republican parties in the cause of prohibition."

"The democrats have got to take the dry side," he said, "and the republicans will be forced to it." He reiterated his former statements that he intended to work for a constitutional prohibition amendment. Speaking of the recent election, he declared the democrats had won in a way to oblige them from responsibility to the liquor interests. Mr. Bryan advised the women to write to their senators and congressmen in favor of prohibition.

"The present fashion in women's dress were condemned by Mrs. J. J. Smith of Ottawa, Kans. She said:

"Cry aloud against the immodest dress of women and girls. The time is here, that one cannot tell by the dress of women the true woman from the courtesan so cleverly disguised as the fashion of dress become."

"The national problem is the moral training of youth," Mrs. Jean B. White of Evanston, Ill., said in her address. "In reference, she praised the states which have not excluded the Bible from the public schools for specific laws."

SANTA CLAUS-KIND TO SOLDIERS ON BORDER
 (BY MORNING JOURNAL SPECIAL LEASED WIRE)
 Washington, Nov. 18.—Thousands of sacks stuffed with Christmas gifts are to be presented to the American troops at the border and in Mexico, through the Red Cross. Miss Mabel Townsend, head of the organization, announced tonight that chapters throughout the country were asked to begin collection of gifts immediately, such articles as candy, stationery, pipes, tobacco and handkerchiefs being preferred. For purchase of the sacks themselves, a cash fund will be solicited.

SEARCH FAILS TO FIND MISSING TEACHER
 (BY MORNING JOURNAL SPECIAL LEASED WIRE)
 Alford, Mass., Nov. 18.—An all-day search of the woods by members of the fire and police departments for Miss Anna M. Shores, until recently teacher of English in the high school here, who has been missing since Tuesday, ended in failure tonight.

READY DEFENSE OF FARMERS BY GRAIN EXPERTS

Charges That Crops Are Underestimated in Reports to Government, in Order to Boost Prices, Denied.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
 Chicago, Nov. 18.—Chicago grain men and students of crop conditions here today contradicted a charge made by Joseph Hartigan, commissioner of weights and measures, in New York, that the government had underestimated the crop reports to the federal government and forced up the price of foodstuffs.

The attack of Mr. Hartigan on the honesty of the American farmers and the reliability of the government crop reporting system is just about as far from the truth of the situation as his statement of a few weeks ago that the board of trade had bought up all the wheat of the country and were making the high cost to the consumer," said J. P. Griffin, president of the Chicago Board of Trade. "Both statements show that the gentleman has not studied the crop situation to any degree worthy of consideration."

Crop Reports Not Farmers.
 Millard R. Myers, editor of the American Co-operative Journal, official publication for a number of farmers' organizations, also criticized the statement of Mr. Hartigan.

"The majority of government crop reports are not farmers at all," he said. "They are postmasters, county agents and bankers, who are in a position to find out conditions in the territory they cover. I know these reports are not 25 per cent dishonest and that the government aims to get at the truth when making reports."

No Concerted Action.
 "It is absurd and preposterous to say that there is any concerted action among farmers, either honest or dishonest, that governs the movement of their grain or making up the crop reports." Furthermore, the millers, warehousemen and exporters (that are the real dealers in cash wheat, pay little attention to government reports. They buy their requirements from day to day and bid high enough to get them. The advance from \$1 to \$2 for wheat has brought out the grain. The speculator may influence the price within a few cents either way, but the real cause of the high price of wheat is simply a world shortage of wheat, in the first place, and a lack of available cars in the second place."

CONVICTS REVOLT AGAINST MANAGEMENT

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
 Salem, Oregon, Nov. 18.—In open rebellion against the rule of Deputy Warden L. C. Sherwood, who has been in charge at the penitentiary since Warden John Minton's forced resignation three days ago, 250 convicts late yesterday left their work in the prison shops, clamored for and obtained a hearing before the state board of control, then in session, and demanded the removal of Sherwood and his staff.

After an extended hearing the board promised the men that a humanitarian warden would be appointed but declined to give explicit assurances of the removal of Sherwood. News of the occurrence was suppressed until today.

BIG AUDIENCE HEARS FLORENCE MACBETH SING

A large and cultured audience gathered last night at the high school auditorium to hear Florence Macbeth in the first of the series of concerts being given under the auspices of the Fortnightly Music club.

Miss Macbeth has a soprano voice of rare purity and clearness, and with it a charm of personality that captivated her audience. The applause that greeted each one of the numbers was given with a sincerity that left no doubt of the appreciation of her hearers. The program was an elaborate one and not the singer to a text which was but an artist of real ability could have stood.

The program follows:
 Part I.
 I.—ARIA.
 Ariette (Jean de Nivelle)—Delibes.
 II.—SONGS.
 (a). Chantons les amours de Jean Weckerlin.
 (b). Non je n'ai plus au bois Weckerlin.
 (c). Les vents—Haber.
 (d). L'oiseau bleu—Delibes.
 (e). Chère nuit—Bachet.
 III.—OLD ENGLISH SONGS.
 (a). Pastoral—Carly.
 (b). My Lovely Celia—Munro.
 (c). I'll be Damsel—Bishop.
 Part II.
 IV.—ARIA.
 Qui la voce (I Puritani)—Pellini.
 V.—SONGS.
 (a). Potpourri—Brahms.
 (b). Das Mädchen spricht—Brahms.
 (c). Ich Püchle deinen Odem—Rosenstein.
 (d). Will Niemand Singen—Hilbach.
 VI.—SONGS.
 (a). Stag Tryst—Marion Bauer.
 (b). My Love He Comes on the Sker—Thoung-Deister.
 (c). Celtic Love Song—Warren.
 (d). Moonlight Starlight—Gibbarte.
 Caroline Zumbach, Miss Ace, pianist.

GERMAN OFFICERS NOT GENTLEMEN, CANADIANS SAY

Ottawa War Office Issues Statement in Praise of Teuton Privates, but Reverse for Higher-ups.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
 Ottawa, Ontario, Nov. 18.—Canadian soldiers have learned to treat with good nature and trust the privates captured in the ranks of the German army, but the reputation for unspeakable cruelty, according to official communiques issued here by the Canadian war records office, describing in detail the taking of the Regina trench by Dominion troops at midnight of November 16, after forty-eight hours artillery bombardment.

"Instances of this treachery are all too numerous," the statement says. "The following must suffice as a specimen of the breed we are out to suppress. One of our captains in a fall in the fighting found a Prussian officer lying desperately wounded, bleeding to death. He knelt down under heavy shell fire and gave his enemy first aid, bandaging his wounds so that he could be moved. Then he turned away to get the stretcher bearers. The moment he turned the German propped himself up on his elbow, drew a bomb from his pocket and threw it with deadly aim. The Canadian officer was blown to pieces. The Prussian evidently thought his villainy would pass unnoticed in the confusion of flying death but several of our men had seen the whole affair and he paid the penalty."

"It is not strange, therefore, if the German officer when captured does not always find quite so amiable a reception as greets his rank and file."

JURY IN HOUGHIN CASE FAILS TO REACH VERDICT

(SPECIAL DISPATCH TO MORNING JOURNAL)
 Pittsburgh, N. M., Nov. 18.—After having been out for about twelve hours, the jury in the case of J. A. Houghin, charged with the murder of Daniel R. Hamilton near Los Alamos last November, announced this morning at 10 o'clock that there was no possibility of reaching a verdict and was discharged. It is understood that the jurors stood 11 to 1 for a verdict of conviction but that the solitary juror held out and prevented a verdict being reached.

The case was heard before Judge Herbert F. Reynolds, of Albuquerque, who sat in place of Judge M. C. Mechem. Judge Reynolds' charge, delivered last night, was one of the ablest ever heard in a criminal case in this county.

During the delivery of the charge of the court Houghin appeared quite nervous and at one time seemed on the verge of a breakdown. This morning he was pale and showed the effect of the strain under which he had been laboring since the trial began.

MEXICAN OFFICERS CANNOT RUN ELECTION

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
 Mexico City, Nov. 18.—Word has been received here that General Alvaro Obregon, minister of war, has sent a circular letter to all generals and military commanders, which says that if they want to run for governor of the states in which they hold commands, they must resign from the army. The object of the circular, it is said, is to avoid military domination of the elections.

OLD FOLKS NEED 'CASCARETS' FOR LIVER, BOWELS

Salts, Calomel, Pills Act on Bowels Like Pepper Acts in Nostrils.
 Enjoy Life! Don't Stay Bilious, Sick, Headachy and Constipated.

Get a pleasant box now. Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscular. One must be well to be able to walk with grace and to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at old age.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be contacted without harm. The only such tonic is Cascarets, and they cost only 15 cents per box at any drug store. They work while you sleep.

Qualifications for Executorship

Long life, responsibility, willingness and ability to serve—all these are required of an executor. Few individuals can qualify. There is no certainty that any individual will.

Those who select the First Savings Bank & Trust Company executor eliminate uncertainty, insure the effective execution of the will's provisions.

We are here when wanted; always responsible, capable and ready to serve.

FIRST SAVINGS BANK AND TRUST COMPANY
 Albuquerque, N.M.

Maxwell Runs Seven Days

When the whistle blew at noon yesterday the non-stop Maxwell had been running day and night for a week, and the speedometer showed a mileage of 4,034.

A careful check at the Albuquerque Filling Station, where the car is supplied with gas and oil, showed an average gas consumption of a fraction better than 24 1/2 miles to the gallon and 32 1/2 miles to a gallon of oil.

This is truly wonderful when one tries to consider that several hours are necessarily lost each day for stops when the engine, which, of course, is never shut off, keeps right on burning gas and oil. The water consumption has not been measured, but is remarkably low, for the water has never boiled once during the 10 hours of driving. With the winning of the Fourth of July, Albuquerque to Gallup road race, the hardest road contest ever given a car in this state, and the remarkable showing here made now by the test Maxwell, it looks as if it would be hard to find a car better suited to the rough roads, sand and hills of New Mexico than the Little Model 23.

She is still going.

Brigadier General Evans Retires.
 Washington, Nov. 18.—Brigadier General Robert K. Evans, commander of the Hawaiian department, retires from active service tomorrow, on account of age.

Thanksgiving is at Hand

Is Your Dining Room Ready?

Thanksgiving and the joyous Holiday Season will soon be with us. For the next few weeks the Dining Room will be the center of attention for many relatives and privileged friends. Now, before other duties claim your attention, is the ideal time to place the Dining Room at its best for the festive occasions.

One Price to All is our unvarying rule—based on the lowest profit upon which we can possibly operate. And the price range is unusually wide. There is good value for every purse. Starting with a serviceable Oak Dining Table at \$14.50, you have at "SCHEER'S" your choice of a practically unlimited assortment up to the best that is made, each priced at a reasonable, proportionate figure.

It would be a pleasure to show you through our stock of exclusive Home Furnishings, including our floor coverings, wall hangings and much other ornamental and useful furniture so happily needed in fitting out a well appointed home.

STOP! CALOMEL IS QUICKSILVER

It's Mercury! Attacks the Bones, Salivates and Makes You Sick.

There's no reason why a person should take sickening, salivating calomel when 50 cents buys a large bottle of Dodson's Liver Tonic—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tonic, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated to-morrow. It is a day's waste. Take a spoonful of Dodson's Liver Tonic instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tonic better than any other calomel your money is waiting for you.

FAYWOOD HOT SPRINGS

CADILLAC TEST CAR KEEPS UP ITS RECORD RUN

On the Go Constantly, in All Kinds of Weather, Over All Sorts of Roads for Last Two Years.

Automobile manufacturers, as a rule, subject their cars periodically to driving over the roads for several weeks or a month or so. But it is doubtful if any other car has ever come in for a test quite as grueling and continuous as that which falls to the lot of the Cadillac Eight "Twenty-four hour" car.

This car is operated by the military at Detroit—not only twenty-four hours a day but every day—winter and summer, in fair weather and foul, through mud and mud and snow, through dust and pouring rain. It knows no rest, and the object of the drivers is to see how much punishment and abuse they can give it. Such a car has been on the roads of Michigan for the last two years. Four experimental drivers, working in pairs, each driving twelve hours, pilot the car on its ceaseless grind. The failure of deliberate attempts by the drivers to break and wear out various parts constitutes a source of daily reassurance to Cadillac engineers.

A Detroit newspaper reporter who spent part of a night in the "twenty-four hour car" wrote of his adventure as follows:

"The top was up, the side curtains

were down, for it was raining, and the whole car was covered with mud. And when I say covered, I mean plastered.

"My first impression was that I was not alone in the tonneau. There was something lying on the floor in front of me. I kicked it and it did not move. When I touched it felt cold and clammy. I recoiled squamishly.

"If those kind bugs are in the way, just kick 'em around any way you please," said one of the experimental men. "Test 'em. Seventy-five pounds apiece. Some as five 150-pound people."

"We soon reached the concrete outside the city. Although it was wet and slippery, the ride, the noiseless, and the smooth running of the car gave me a sense of absolute security.

"The concrete ended abruptly, and we were upon a treacherous clay road. The windshield was so spattered with dirty water that it was occasionally necessary for one of the men to soak off a portion of the glass with his glove.

"Some other reckless voyageur of the night had apparently preceded us, for the tracks evidenced from one side of the road to the other. It was apparently a lighter car, and everything indicated that it was having a rough voyage. And ours was by no means smooth. Thirty, thirty-five, forty-five miles an hour—

"I lunged from one side of the tonneau to the other. If the car had been anything but a Cadillac Eight, and the men at the wheel anyone but a master, I should have given up all hope. Mile after mile of lugging, buffeting, ramming.

"Presently we saw the tail light of the other car and we soon passed it with a splash. As I had guessed, it was a smaller, lighter car. As they saw us roll past them with such unswerving power, an expression of admiration must have passed their lips.

"All the time the men had been silent except for such occasional remarks as:

"Never saw these roads so treacherous."

"Say, but this car has—bump into a rut—controllability!"

"At about four o'clock the one who was not driving began to sing—an attempt at grand opera. It exasperated me because I wanted to sleep. In spite of the grand opera and the thrashing around, I finally did doze a little.

"When I awoke the rain had ceased and the roads were nearly dry. We swung along more steadily than before, and I was able to sit back comfortably. We removed the side curtains. The musical one began humming fastidiously. An unusually long fragrance, I thought. As we passed a farmhouse, we saw a man with a lantern on his way to the barn. Morning was coming.

"At one point there was a bad sandy stretch beside the road. The stoical gentleman at the wheel seemed possessed of a sudden facetious mood. We left the road completely and plowed through the sand—on high gear.

"It was beginning to become light. We pulled up a long, hard hill, and from its crest we caught the first glimpse of that day's sun. The horrors of the night faded from my mind. It seemed like an old legend in which one comes upon a beautiful enchanted valley after a perilous trip through a dark forest beset with dragons.

"Beautiful, isn't it? And see that little river over there," said the musical one.

"Oh hush! hush! he's at the wheel. I guess we'd better stop at the next town for some more gas."

YOUNG MAN WINS FIRST PRIZE IN SANTA FE SCHOOL

Oratorical Honors Go to Paul A. F. Walter, Jr.; Girls Have Won Distinction for Several Years Past.

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)
Santa Fe, Nov. 18.—For the first time in a number of years the first oratorical prize in the annual contest of the Santa Fe high school went to a young man instead of a young woman, being awarded by the judges to Paul A. F. Walter, Jr., whose oration of "Good Citizenship" was one of five which had been selected in the elimination contest. He was awarded the gold medal that gives him a place in the state contest.

For the second prize, a silver medal, two contestants tied. Henry Slaughter with his oration "The American Negro," and Miss Nellie Martinez, who spoke on "Intervention in Mexico." These two tied again in drawing for the award and had to draw a second time, when Slaughter won.

Ferdinand Koch delivered an oration on "Our Home Town," an interesting discussion of the so-called "Midford Plan" and Everett Torrence had for his topic "The Tomorrow of Our State."

Declamatory Contest.

Miss Almata Norment won the declamatory contest with "The New South," while the silver medal went to Palmer Dunwiddie, who recited "Pickwick in the Wrong Bedroom." Miss Yvette Dills declaimed "Guinevere, Idylls of the King," and Barrett Knapp spoke on "The Strenuous Life."

The High School Glee club and a girls' quartet with Mrs. George H. Van Stone as director and pianist and Miss Norma Fiske, violinist, rendered the musical program of the evening.

The judges for the orations were: Delivery, State Senator-elect Melvin T. Dunlavy, Mrs. Jacob Weltmer and Mrs. R. Z. McCollough; thought and composition, Sister Mathilda, Ira L. Grimshaw and W. E. Carson. The judges for the declamations were: Dr. J. A. Rolfs, Mrs. C. Deyendorf, Miss Carson.

Principal Roth of the high school presided and Col. Jose D. Sosa, president of the board of education, presented the medals. The exercises were held in the Santa Fe high school building, which was crowded for the occasion.

Mining Company Incorporated.

Santa Fe, Nov. 18.—The J. C. Mining, Smelting and Development company of Corona, Lincoln county, today filed incorporation papers. The capitalization is \$2,000. W. T. Crabtree is named statutory agent and is also one of the incorporators and directors, having subscribed to 999 shares, the other incorporators and directors being: Lon Jenkins, 999 shares and L. A. Jenkins, 20 shares, all of Tesolito.

Charter for Loan Company.

Santa Fe, Nov. 18.—Incorporation papers were filed today by the St. Louis Catholic Loan company of Narayana, Quay county, and St. Louis, Mo., which intends to loan money on livestock in New Mexico. D. O. Gragg of Narayana is named statutory agent.

Want Barracks Addition.

Santa Fe, Nov. 18.—The New Mexico Military Institute will ask the legislature for a special appropriation of \$50,000 to build a wing to Hagerman barracks, the wing to extend toward Lea hall, so as to provide accommodations in the barracks altogether for 250 students.

An Inside Investment in the Shares of the Standard Metals Company

President---A. A. MACPHERSON

Former Banker of Prescott and Jerome, Arizona.

PRIOR TO LISTING the shares of this company on the New York Curb and other Exchanges, this opportunity is being offered publicly to shrewd investors who are wise enough to buy at the beginning and make the large profits.

WHILE THESE SECURITIES are essentially an INVESTMENT with early production and dividend view, they are also definite publicity and extensive market planned for them, promises, immense and immediate profits marketwise.

THE HOLDINGS of the company embody four distinct and well proven mines. Three of these mines have produced shipments of VERY RICH SILVER-LEAD ORES, and the fourth has produced large shipments of COPPER, SILVER, GOLD ores. This latter mine and two of the Silver-Lead mines can be put onto a shipping basis at once, and all four of these groups have been pronounced profitable by engineers who have examined them.

CONDITIONS permit low cost operation and early profits.

LOCATION: MINES—The properties embody four groups, a total of approximately 600 acres. THE PARILLA-BOB LEE, THE TRES DE MAYO, THE DENVER and the OLD PALMETTO MINE, which named the mining district in which they are all located, twelve miles from Nogales, Arizona, with SHIPPING STATION on the Southern Pacific R. R. within four miles of the property.

ONE VALUE—Run from \$200 to \$200 per ton. These mines are producers of high-grade ores.

PRODUCTION—Hundreds of Thousands of Dollars in Silver-Lead and Copper Is the Reported Production From These Mines

NEIGHBORING MINES—The Three R, reported to have produced one million dollars in about one year and now producing \$400,000 to \$1,000,000 monthly. Flux mine, Mowery Mine and others nearby have records of a heavy production antedating the Civil War—about forty other mines near, mostly owned by big independent operators.

ACTIVE OPERATIONS will begin on November 15th under WM. J. MITCHELL, M. E., CE, as Chief Engineer and General Superintendent. He was employed for eleven years with the AMERICAN SMELTING & REFINING COMPANY; for seven years he was superintendent of their great mines in the Santa Catalina District of Mexico, a silver-lead property which employed from 2,000 to 3,000 men before the Mexican war. Also employed as manager for a year by the CANANEA CONSOLIDATED COPPER CO., under Mr. J. S. DOUGLAS as general manager.

MR. MITCHELL and others have made large PERSONAL INVESTMENT in STANDARD METALS stock after examination of these properties.

MR. E. W. BROOKS, eminent mining engineer, well known throughout the Southwest, makes the following statement in his report on the Real Estate Mines of this company: "I consider this one of the most promising undertakings of its kind that I have ever come across, and one likely to expand beyond present calculations to the possible making of a very large producer."

We have faith in these properties and present this proposition to you on its merits, under the following guarantees:

If at any time within ninety days of investment you should visit our mines and find that the facts are not better than represented, we will refund your money upon surrender of your shares.

CAPITALIZATION \$1,000,000
Par Value \$1.00. The Unsold Portion of 100,000 Shares Offered at 25c Per Share

It is expected that the shares will be actively traded in on the New York and Boston Curb in the near future, at from one dollar per share up.

TELEGRAPHIC order to reserve STANDARD METALS SHARES at 25 cents may be sent collect and will be filed in the order of their receipt.

PRICE, subject to advance without notice, as negotiations are now pending which should make this stock go to par \$1.00 per share as soon as announced.

LLEWELLYN HAS INSIDE TRACK IN SPEAKER'S RACE

Dona Ana County Representative Has Most Pledges of Support for Leadership of House to Meet in January.

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)
Santa Fe, Nov. 18.—Major W. H. H. Llewellyn, of Dona Ana county, has the most pledges to date for the speakership of the house. Having been a progressive and Roosevelt leader, it is believed that his election will please the progressive wing of the party, while the standpatners at the same time feel that he has legislative experience and will therefore prove valuable. Having pledged himself to prohibition, no opposition is expected from the dry advocates, while the Spanish-Americans are declared to be especially friendly to him and he may count on their co-operation in legislative matters. Great care is to be exercised in the selection of committees by the speaker, so that at any time he may get a measure out of committee, if it is desired.

In the senate, John S. Clark of East Las Vegas is to be the floor leader, while Captain Reinburg of Dona Ana county, because of his legislative experience, is to be the head of several of the most important committees. Frank Statin is to be chief clerk of the house and Isidoro Armijo of the state senate, with J. Wight Giddings as his assistant.

Bridge Party for Charity.

East Las Vegas, N. M., Nov. 18.—The Woman's club has announced that it will give a bridge party in the rooms of the Commercial club on the evening Thursday evening for the purpose of raising funds with which to care for the poor of the city during the coming winter.

Not to Probe Food Prices.

Washington, Nov. 18.—The federal trade commission announced today that it will not undertake an investigation of the high prices of necessities of life, because it largely would be a duplication of the work of the department of justice under the Sherman anti-trust law.

The Pink Freshness of Facial Beauty

Pimples, Blemishes, Red Spots and Other Skin Eruptions Banished by Stuart's Calcium Wafers. They Are Wonder Workers.

Send For Free Trial Package.

It takes but a few days to clear the skin of pimples, blotches, liver spots, blackheads, mucky complexion, and skin eruptions if you use Stuart's Calcium Wafers. All of these troubles come from the blood and seek the skin as one of the natural outlets of the body. And if you supply your blood with the proper materials it will convert the body poisons into a harmless substance and pass off in accumulations. These wafers work quick. Their action is constant as they contain the best blood purifier known to science—Calcium Sulphide.

Your skin will become as clear and pure as a rose, you will be delighted to see the wonderful change that so often takes place in just a few days.

FREE TRIAL COUPON.

A Copper Company in the Right Location

Buy Preorganization Shares

NOW

in the New Jerome

WINNER

Jerome Copperfields, Inc., at

10c

Per Share

Only 200,000 shares of this stock is being offered to the public. It is already over one-half subscribed for. Every buyer of pre-organization stock in the Jerome district has made 300 per cent or more on their money in the past three months.

BUY NOW

Before It Is Too Late

Do you know that some of the biggest mining men and capitalists in the state of Arizona are interested in this company? Do you know that the company owns and controls one of the famous Jerome district's most valuable properties? Surface assays show 3 per cent copper and \$2.40 in gold. None of the world's greatest copper producers had a better showing and it is on the same fault with the United Verde and the United Verde Extension.

If you expect to buy wire your order at once. A few days and it will be too late. Wire or place your order with your broker at once.

JAMES WESTERVELT, Trustee

We Have Confidence in Our Company---Have You?

Extracts From the Report of the Well Known Engineer, George A. Bethune, Location

The Jerome Copperfields, Incorporated, property is situated in the northeast fault of Black Hills Range of Mountains about three miles northwest of the town of Jerome, a railroad terminal of the United Verde & Pacific Railroad, a feeder of the Santa Fe system of railways, a transcontinental railroad line, and may be further described as lying northwest of the town of Clarkdale, also a railroad terminal of one of the branch lines of the Santa Fe railroad.

A good wagon road leads from the Clarkdale Smelter to the property.

Mineralization

While the surface shows on the property the lime and chert flows, the predominant rock in this district, also the Malpais and Sandstone, and the underlying Shinarump and Diorite, some pieces of float, large, others mere fragments, having a brecciated texture showing the quartz and calcite matrix carrying iron and copper. Assays of the ore give 52 per cent iron and 3 per cent copper; \$5.00 Gold and Silver.

Contiguous Mines

The property is in direct line north from the United Verde Copper Company's workings, about three (3) miles distant on the same trend joining the United Verde Copper Company in the Jerome Victor Copper Company, then the Arizona & Arkansas Mining Company, then the Jerome-Daisy Mining Company, then the Verde Copper Development Mining Company. All these being situated between the United Verde & Pacific Railroad on the west and the Santa Fe Railroad on the east. The Jerome Copperfields, Incorporated, being about one (1) mile west of the Santa Fe Railway, where a spur track could be built when wanted.

Conclusion

After tracing the iron capping through the Jerome Daisy, and Verde Copper Development Company these two last named companies being on the same trend into the Jerome Copperfieldsground, being a continuation of the great Geological and Mineralogical belt that has made the Verde district so famous as a metal producer.

I am of the opinion that this property only needs prospecting first with a diamond drill to locate ore, then engineering ability to make this property a good mining venture.

Respectfully submitted,
(Signed) GEO. A. BETHUNE.

"The World's Great Healer"

HERE'S one of the most effective remedies—one that is handy in every home, in the traveling bag or suit-case. It's not new—not an experiment or an article produced merely for an advertising campaign. FRO-ZONA is a proved remedy and its worth is appreciated by thousands in all parts of the country.

FOR ALL SORENESS

FRO-ZONA

FOR ALL INFLAMMATION

A DELICIOUS OINTMENT composed of the very best ingredients known to chemists and scientists the world over—cooling, soothing and healing. FRO-ZONA is almost universal in its effectiveness in relieving soreness and inflammation. It works quickly—its effect is apparent AT ONCE.

INFLAMMATION—Prompt application of FRO-ZONA affords instant relief. The soothing, cooling and exhilarating effect on the skin and delicate mucous membrane is really remarkable.

SORENESS—The healing and antiseptic properties of FRO-ZONA quickly relieve all soreness and have a soothing effect wherever applied. The admixture of menthol combined with other ingredients produces an ointment of the greatest power and effectiveness.

"BEST REMEDY FOR A COLD"

Fro-Zona is the best thing I ever saw for a cold or cough. I have it handy all the time. (Signed) J. F. Higgins, Republic, Kansas.

"EXCELLENT FOR CATARRH"

I have found Fro-Zona an excellent remedy for catarrh of the head. Its action is wonderfully rapid. (Signed) W. C. Halferty, Mills, New Mexico.

THOUSANDS HAVE TESTIFIED to the merits of FRO-ZONA.

JAIL PRISONER IS LIKELY TO BE SENT TO MEXICO

If Proceedings Started by Immigration Officer Are Successful Andasola's Stay Here Will Be Short.

Carlos Andasola's stay in the United States probably will be short and they will be fairly well filled with trouble, if deportation proceedings begun by Immigration Inspector V. E. Farber are speedily successful, the greater part of Andasola's stay in this country will be spent in the Territorial county jail at Old Town. Andasola entered the United States at El Paso November 16. He came to Albuquerque and soon after his coming he was arrested, charged with attempted "shoplifting." He was taken before a justice and held in jail later he was on his way to the county jail, sentenced to serve thirty days. Andasola went to jail last Monday.

The Mexican's trouble did not end there. Immigration Inspector Farber has now asked Washington for a warrant of deportation for him. If the warrant is granted, and Mr. Farber believes there is little doubt that it will be, the officer will take Andasola to El Paso at the expiration of his sentence in the county jail.

Motor Accidents Near Denver.

Denver, Colo., Nov. 18.—Furrows deepened by the police department for the safety first Federation which is gathering data on accidents throughout the country, show that ten persons have been killed in motor accidents in the vicinity of Denver since January 1, last. During the last three years there have been 24 accidents in and around Denver, in which twenty-three persons were killed.

MIAMI CONSOLIDATED PUSHING WORK ON VALUABLE PROPERTY

(SPECIAL DISPATCH TO MORNING JOURNAL)

MIAMI, Ariz., Nov. 18.—Sixteen tons of copper ore are running a pace in being taken out of a tunnel on the Seminole group of the Miami Consolidated Mine company's property daily this week with one shift of men. Beginning Monday two shifts will be started and a car load of commercial ore will be shipped daily to the old Dominion smelter at Globe. (Greater activity is being shown in development work at both the Miami Consolidated and the Inspiration Needle Needles properties. The driving of the tunnel through commercial ore is the principal work at this moment at the Miami Consolidated but all is in readiness to begin drilling next week when the first of the two big star drills, now on route from the factory at Akron, arrives on the ground. Drill Hole No. 1 has been located by Engineers H. V. Snell and E. H. Rice with the foot of Drill Hole No. 2 of the Miami Consolidated, where the company found its best sulphide ore body.

On Inspiration Needle Needles Engineer Rice has driven Drill Hole No. 1 to a depth of 225 feet and predicts that the sulphide ore body will be encountered within forty feet more depth. He believes from present indications that this ore body will go more than 200 feet in thickness.

Two more star drills are to be ordered at once for the Inspiration Needle Needles. Preparations are already under way for the beginning of work on holes No. 3 and No. 4.

Announcement that the Miami Consolidated has purchased five valuable patented locations lying between its property and that of the Inspiration Needle Needles and Miami Southwestern was made today.

These claims, the Cottontail 1 and 2, the Overlook, the Copper Glance and the Goodyear are thought very highly of by mining men in the district. They were regarded as being so valuable by the Elva cink people that they were made the basis of long litigation for possession. The original locators won the case and the title is now clear and has been vested in the Miami Consolidated. The consideration in the deal was not made public but it is understood that it was a large sum in cash. The claims were bought from William M. Williams, William E. Koch, Ludwig Barndt, F. C. Jacobs, the Palmer estate, the Solomon-Wickerman company, George J. Stemann and the Gila Valley Bank and Trust company.

Referendum of Business Men.

Washington, Nov. 18.—The Chamber of Commerce of the United States will take a referendum of business interests in legislation to prevent a recurrence of threatened railroad strikes. The action was taken on recommendation of the national council which has been in session here considering the railway situation.

WOMAN BURNED IN AN EXPLOSION; DEATH PROBABLE

Mrs. Garcia Mistakes Gasoline for Kerosene and Throws It in Stove at Climaco Springer's Home.

Mrs. Seferina Garcia, burned in a gasoline explosion was not expected last night to live until morning.

Mrs. Garcia was washing yesterday morning at the home of Climaco Springer in Old Town. She wanted a kerosene lamp and looked for kerosene to throw into the stove. She picked up a can containing gasoline instead of kerosene. When the highly inflammable liquid struck the fire there was an explosion. It hurled the can from Mrs. Garcia's hands, hitting her. Mrs. Garcia's clothes were set aflame.

The woman ran from the house, enveloped with fire. Neighbors hurried to aid her. A man wrapped a heavy blanket about her and smothered the flames. She was burned so badly before that, however, that her chances for recovery were looked upon last night as extremely slim.

The house was not set afire, but someone in the confusion that followed the explosion, sent an alarm to the central station. The firemen, finding no fire, turned their attention to giving aid to the woman.

Dr. M. K. Wylder, county physician was called. He relieved the woman of pain, treated the burns and sent her to St. Joseph's hospital. The doctor said last night that Mrs. Garcia had only an outside chance to survive. She might not live through the night, he said.

About three-fourths of the surface of the woman's body was seared by the fire. She was burned about the head, back, breast and also over the stomach. Nearly all her hair was burned off.

Mrs. Garcia was about 50 years old. Her home was at Old Town.

Bronchitis.

When a severe cold settles on the lungs it is called bronchitis. There is danger of its leading to pneumonia, and for this reason it is always best to go to bed and take Chamberlain's Cough Remedy as directed until well along towards recovery. Mrs. N. Y. writes: "Chamberlain's Cough Remedy cured me of bronchitis last fall. When I began using it I was so hoarse at times that it was difficult for me to speak above a whisper. I resorted to the use of this valuable medicine and found it very soothing and healing. In a week's time I was well." Obtainable everywhere.

'THE RAGGED PRINCESS' AT PASTIME THEATER TODAY-TOMORROW

Once upon a time there was a little girl who lived in a great black orphanage, and worked all day long. She had to scour floors and wash dishes and do all sorts of things that happy little girls do not do. So this little girl was very, very unhappy, and one day she ran away.

That is the way it begins. "The Ragged Princess" is the one who runs away, and June Caprice acts the ragged princess. It all happens in William Fox's new picture. Of course there's a happy ending—just the happiest sort of an ending, with Alicia (that the name of the orphan drudge and her hero arm in arm. But let's get back to the story.

After Alicia runs away from the great black place she had called home she goes to Farmer Rick's. There she finds a pair of overalls and a wide-brimmed hat in a barn, and she dresses up as a man. Farmer Rick hires her to do the milking. Then she meets Harry Delgan, one of the help (Harry Hilliard) and she falls in love with him. When the farmer learns that she is a girl he gets angry and Alicia is forced to run away.

She takes refuge beneath a rug in an automobile, and finally arrives in the city at the house of Thomas Delgan (Richard Neill). Tom adopts Alicia.

Meanwhile Harry Delgan learns that Tom Delgan, the rich mine owner, is his own half brother. With the help of Dr. Halpern (Tom Burroughs) he goes to the city to investigate.

Harry keeps his own identity secret and applies for work in the mine. He discovers that there has been something wrong in his brother's deed to the land on which the mine is situated—something criminally wrong. But he is unable at first to place the error.

Then Harry gets hurt in a mine accident and Alicia nurses him back to health and happiness. After his recovery he devotes himself with redoubled energy to learning how his half-brother got possession of the mine land.

At last he learns that the property had belonged formerly to a Mrs. Jones, who had been killed when her house was washed away by a flood. Her little daughter had been rescued and placed in an orphanage. And the daughter was Alicia.

Harry confronts his brother with

COSTLY COSTUMES IN 'ROMEO AND JULIET' NOW AT THE LYRIC

"Never has a Juliet been dressed in so magnificent a costume as Miss Byrne is dressed in the screen production of 'Romeo and Juliet.' The statement comes from venerable Leonard Grover, in whose theaters Adelaide Neilson, Mary Anderson and other great Juliets have played. He asserts that no actress who has ever essayed the part has been arrayed in the real splendor that envelops Miss Byrne in the eight-reel motion picture production of Shakespeare's great drama. The costumes of Francis X. Bushman as 'Romeo' are equally rich and those of the remainder of the cast are in keeping with them.

The costumes of Lionel Marshall as Rosaline, Helen Dunbar as Lady Capulet, Genevieve Reynolds as Lady Montague, Edmund Sells as Capulet, Eric Hudson as Montague's home, Vinton as Prince Escalus and of the remaining characters are of a like magnificence.

To be seen at the Lyric theater to-day and tomorrow.

Kelly Has Fractured Wrist.
 East Las Vegas, N. M., Nov. 18.—Harry W. Kelly, president of Green Kelly & Co., is suffering from a fractured wrist as the result of an attempt to switch engine in the Santa Fe yards. Mr. Kelly landed the engine in a point in the yards where the firm was loading some freight.

JAP, TRYING TO SELL PEARLS, IS ARRESTED

Frank Kagari, a Japanese, who was trying to sell imitation pearls, was arrested last night by Chief Galusha and Capt. Pat O'Grady. He was charged with drunkenness and jailed. Kagari had seventeen of the pearls in a chainmail bag. A jeweler told Chief Galusha they were not genuine.

ARCHBISHOP WILL BLESS NEW CHURCH TOMORROW MORNING

Archbishop J. B. Pitaval of Santa Fe tomorrow morning will perform the imposing ceremony of blessing the new Catholic church of St. Ignace Loyola, which stands on the hill north of the highlands. The public is invited to be present. The ceremony will begin at 8:30 o'clock.

The new church, on account of its location and grounds, adds from its holy use, will be one of the beauty spots of Albuquerque. It is located on a high eminence overlooking the city and will be surrounded by trees, ponds and shrubbery. Rev. Father Joseph Altshuler is the pastor in charge.

DEATHS AND FUNERALS

Walter McFarland, 18 years old, died yesterday at his apartment on East Central Avenue. He came here from Tulsa, Okla., last May. Funeral services will be held at 2:30 o'clock this afternoon at C. T. French's chapel. The Rev. C. O. Beckman, pastor of the Lead Avenue Methodist Episcopal church, will officiate. Burial will be in Fairview cemetery.

John Kenney, 35 years old, died yesterday at his apartment on North Fourth Street. He was a clerk in the postoffice. He came here fourteen years ago from Cardington, O. The body was taken to Strong Brothers' undertaking rooms. Funeral arrangements will not be made until his mother, who lives at Cardington, is heard from.

There will be a home cooking sale by the ladies of the Central Avenue M. E. church at Hugh Trotter's grocery store on Central Avenue 9:30 this morning.
