GROWS DRAMATIC.

Dreyfus Deeply Stirs the Hearers
at his Trial.

Says he Would Have Suicided but
for Madame Dreyfus.

Captain Lebrun Renault tells of Dreyfus'
Alleged Confession.

WITNESSES FOR THE PRISONER.

Renno, Aug. 31.—The Dreyfus trial opened behind closed doors at Lyons today, so continuing until 1905. Major Hartmann and Lacros and General Delors, all of the artillery, were present. The court discussed the secret documents relating to the artillery subject of the border. The first witness called, after the public session began, was Captain Lebrun Renault, of the republican guard, who reiterated his testimony given before the court of cassation, repeating the terms of the alleged confession of Dreyfus: "I am innocent. In three years they will recognize my innocence. The minister knows it. If I delivered the documents to Germany it was to get more important news in return." In the witness's explanation, he did not refer to the confession of Dreyfus in his interview with President Casimir-Perier, because he overheard the conversation, during which he was called "traitor," "renegade" and "cur." This came as a surprise, for he did not mention this in his evidence before the court of cassation at Lyons, the leading counsel for the defense, pointed out. Labri also laid stress on the fact that Lebrun Renault should have kept a note book, in which he asserts he made a note of his conversation with Dreyfus for four years and destroyed it on the very morning the matter was brought up in debate in the chamber of deputies.

Dreyfus, replying to the witness, began by calmly declaring that Lebrun Renault's statement that a certain Captain Dattel was present during the conversation with Lebrun Renault was in accurate. The witness, however, maintained that Dattel was present, whereupon Dreyfus said if he was present, he (he prisoner) did not speak to him. Dreyfus then raised his voice excitedly and quivering with emotion he protested that Captain Lebrun Renault should have repeated his chief's utterances, which began with a protestation of innocence without asking him to explain his words. "Those are manoeuvres," cried the prisoner, at which the audience broke into "bravas."

Captain Antenne followed and repeated what Captain Dattel had said confirming the confession. Dreyfus replied that he had not spoken to Captain Dattel. Lebrun Renault said this was true but added that Dattel was present and could have heard the conversation.

Labri here pointed out that Dattel had not spoken to his chiefs on the subject. General Mercier admitted this was correct. Colonel Jouanet told Dreyfus that he had not explained why he had mentioned a term of three years, to which Dreyfus replied: "I did not give three years as a term. I only said I hoped that in the course of two or three years my innocence would be recognized and I wish to state, my colonel, that, as my letters to General Goussier show, my words did not have the sense of my mind have sought to give them."

Major Forsenetti, the governor of the Cherche Midi prison during the time that Dreyfus was imprisoned there, testified in behalf of Dreyfus, declaring that he never heard of the confession that Dreyfus is said to have made. He declared that he once talked with Lebrun Renault before General Goussier and other witnesses with saying that he had spoken to the witness (Forsenetti) of the confession and that Lebrun Renault did not reply, "whereupon," Major Forsenetti said, "I seized him by the arm and said, 'if the words repeated as yours are true, you are an infamous liar.'"

Major Forsenetti then declared that on visiting General de Bisdoffe to express fears about the health of the prisoner, the general asked him his opinion of Dreyfus, and the major replied: "My general, had you not put that question to me, I would have kept my counsel, but since you ask my opinion, I declare I believe he is innocent."

Colonel Jouanet asked the major if Dreyfus ever had any idea of suicide. The witness replied that Dreyfus asked him for a weapon and also after his condemnation was read to him, he was with difficulty prevented from dashing his head against the wall.

After the last visit of Du Paty de Clam to Dreyfus, continued Forsenetti, the prisoner wrote the minister of war a letter which concluded with the words: "When I am gone let them seek the culprit."

At the conclusion of Forsenetti's evidence Dreyfus said: "I wish to say to whom it is known the fact that I done my duty and to whom I owe having done it five years after my condemnation. I had determined to kill myself. I can say

FILIPINOS ROUTED.

Americans Under Col. Bayless
Drive Them to the Hills.

Insurgents Abandon Preparation for
Attack on Imus.

Regiments Returning From Philippines
Given a Noisy Reception Home.

DEWEY SAILS FROM FRANCE.

Manila, Aug. 31.—Dispatches from Cebu announce that American troops, under Colonel Bayless, with two field pieces, sailed on Monday, into the hills against a band of natives who recently ambushed four of our soldiers. The American force found the natives entrenched and drove them from the trenches farther into the hills. There were no casualties on the American side though there were some heat prostrations. The natives' loss is not known.

The United States cruiser Charleston landed men, who guarded the city during the absence of the troops.

At 5:30 p. m. the Fourth United States Infantry, having prepared to give the insurgents a warm reception, the latter ceased their preparations to make an attack on Imus.

The Olympia Sails. San Francisco, Aug. 31.—The U. S. cruiser Olympia, with Admiral Dewey on board, sailed for Gibraltar this afternoon.

MORE SOLDIERS RETURN.

San Francisco, Aug. 31.—At 9 o'clock this morning 1,385 officers and the men of the Idaho, First North Dakota and First Wyoming regiments of volunteer infantry and a battalion of Wyoming light artillery, who arrived yesterday from Manila, disembarked from the transport Grant and marched to the Presidio, where they will remain until mustered out.

The reception accorded the volunteers was hearty and noisy, bombs being fired at regular intervals over the heads of the cheering crowds, who thronged the streets from roofs, as the column marched past.

The returning men were escorted by the First California volunteers and five batteries of the Third artillery. At the head of each column rode the governors of their respective states, and their staffs, who subsequently fell out of the column for the purpose of reviewing the organizations.

Kansas City Market. Kansas City, Aug. 31.—Cattle—Receipts, 8,000 head. Market, steady to strong.

Native steers, \$14.00@15.00; Texas steers, \$13.50@14.50; Texas cows, \$2.40@3.25; native cows and heifers, \$2.40@3.00; stockers and feeders, \$3.00@3.25; bulls, \$2.50@3.00.

Sheep—Receipts, 4,000 head. Market steady. Lambs, \$4.10@5.25; muttons, \$3.00@4.00.

Chicago Stock Market. Chicago, Aug. 31.—Cattle—Receipts, 5,500 head. Market, strong.

Beaves, \$15.00@16.00; cows and heifers, \$1.75@2.00; stockers and feeders, \$3.25@4.00; Texas steers, \$3.25@4.00.

Sheep—Receipts, 19,000 head. Market, firm. Sheep \$2.25@3.30; lambs \$3.50@6.00.

Chicago Grain Market. Chicago, Aug. 31.—Wheat—September, 69 1/2; December, 71 1/2. Corn—August, 31 1/2; September, 30 1/2.

Oats—August, 20 1/2; September, 19 1/2@20.

Money Market. New York, Aug. 31.—Money on call, nominally, 3 1/2% per cent. Prime mercantile paper, 4 1/2% per cent. Silver 55 1/2; lead \$4.25.

Attention Guards. Headquarters Co. 7, First Regiment Infantry N. G., of New Mexico.

The regular drill of Company G will be held at Arroyo hall at 8:15 this evening. All enlisted men will be present in fatigue uniform for the assignment of ordnance stores.

By order, C. K. BROS, Captain. Albuquerque, N. M., August 31.

Amusement. At Orchestra hall, the Rose Stillman company will present to-night the four act drama, Caprice. Friday a double bill Nance Oldfield and Editha Buzar. Saturday matinee and Saturday night, Held by the Kuey, will be the bill. Summer prices are still in force. No reserved seats, first come, first served.

MINERAL TWINS. Arizona and New Mexico Score Above Even in Copper.

The Copper Situation, a mining journal published in New York, prints in its most conspicuous column an article headed "Rich Copper Ore; A Splendid Showing by the Copper King of Arizona." The article says: "There is now on exhibition at the offices of the Copper King of Arizona, No. 31 Wall street, a half ton of the richest copper ore ever extracted from an Arizona mine. It is well worth the attention of all interested in the red metal." And it then proceeds to give a copy of the assay certificate, dated June 29, 1898, showing 43 1/3 per cent pure copper, the assay being made from the samples on exhibition. This is very good, and it is nothing new to know that fine copper ore comes from Arizona.

But in behalf of New Mexico, are presented the following figures, taken from a statement of the Philadelphia Mining and Refining Company of Pueblo, of values in more than half a ton of copper

REVOLUTION A SUCCESS.

Many States of Santo Domingo
Now in Favor of Jiminez.

President Figuero Also Abandons
His Office in His Favor.

Supreme Court, in the Oil Trust Case, De-
clares Law Unconstitutional.

FATAL TRAIN WRECK IN ILLINOIS.

Santo Domingo, Aug. 31.—Juan Isidro Jiminez has arrived at Sanchez on the French steamer Gorgos Croise. San Francisco de Macoris and Ban have declared in favor of the revolution.

Sanchez was taken after a strong fight. It is expected that all other places will submit to the revolution without more fighting, principally owing to the fact that the president has resigned. This town remains quiet.

FIGUERO ABANDONS.

Designs as President of Santo Domingo in Favor of Jiminez.

Santo Domingo, Aug. 31.—President Figuero has resigned. Ministers will continue at the head of the various departments until a provisional government is formed, after which elections of president and vice president will occur.

IN FAVOR OF JIMINEZ.

Cape Haytien, Aug. 31.—News just received here confirms the report that President Figuero, of the Dominican republic, has abdicated. It is said he abdicated in favor of Jiminez.

Killed in a Week.

Danville, Ill., Aug. 31.—At 2 o'clock this morning a south bound freight on the Chicago & Eastern Illinois struck some box cars standing on the main track at Danville and wrecked the engine and a number of cars. Engineer Tilton, Fireman Follis and Air Inspector Kellogg, who were on the engine, were crushed beyond recognition.

THE OIL TRUST WINS.

Supreme Court Declares Recent Legislative Act Unconstitutional.

The territorial supreme court yesterday afternoon handed down a decision in the habeas corpus proceedings instituted by B. G. Wilson, the manager of the Continental Oil company in New Mexico, who was placed under arrest by order of Judge Grunpaker of this city for refusing to comply with the law passed by the last legislature, requiring all corporations doing business in the territory to take out a license.

The supreme court decided that the law was unconstitutional to the extent that it referred to the case under consideration and therefore ordered the discharge of Mr. Wilson from Sheriff Hubbell's custody.

It appears that Solicitor General E. L. Bartlett, who represented the territorial commerce commission, and Hon. Nell B. Field, the attorney for the prisoner, entered into a stipulation, the effect of which was that the prosecution conceded that the Continental Oil company produced an oil in New Mexico, but imported its entire supply and disposed of it here in the original packages.

The United States supreme court held in the whiskey cases from the prohibition states of Kansas and Iowa, that states can not interfere with the shipment of goods from one state to another, so long as the goods remain in original packages. In the face of above stipulation, the court could not very well have done otherwise than declare the law, in so far as it related to the oil trust, unconstitutional.

The constitutionality of that portion of the law, which relates to corporations who do not dispose of their goods in the original packages, imported from another state, was not passed upon and will be "good law" until another adverse and more sweeping decision is handed down by the court.

Bargains in Pianos. We will sell two beautiful upright grand pianos, one in San Domingo mahogany and another in Bull walnut, at great reductions. These pianos must be sold within the next week to make room for other goods. Call at once. B. F. Hallweg & Co.

The Jaffa Grocery Company. Our stock of fancy and staple groceries is second to none; our prices as low as the lowest quality taken into consideration. We can fill large or small orders on short notice and deliver or ship promptly. Leave your orders or call us by phone; our solicitors will call if you desire.

ALBUQUERQUE, — AUG. 31, 1899

LABOR DAY PROCLAMATION.

Labor day—a legal holiday—comes this year on Monday, September 4, and Governor Otero has issued the following proclamation:

"The laws of the United States of America designate the first Monday in September of each year as a legal holiday to be known as Labor day."

A national observance of the day so wisely set apart by Congress will promote a higher appreciation of the dignity of labor and the great work it is doing in building up our beloved country by the development of its various and unlimited resources. A due recognition of the day by all of the people will tend to the cultivation of a friendly feeling among us as a community.

Now, therefore, I, Miguel A. Otero, governor of the territory of New Mexico, do hereby declare that Monday, the first day of September, in the year one thousand eight hundred and ninety-nine, a legal holiday, and accordingly recommend that all business and government, except such as the necessities of the community require to be carried on, be suspended on that day, and that all who desire to do so, may have an opportunity to serve the day in such manner as may to them seem best and fitting to the occasion.

I give at the capital, at Santa Fe, on this, the 14th day of August, A. D. 1899.

Witness my hand and the great seal of the Territory of New Mexico.

MIGUEL A. OTERO,
Governor of the Territory of New Mexico.

By the Governor:
Geo. H. WALLACE,
Secretary of New Mexico.

PREFACE to decorate your places of business and homes.

LEGITIMATE mining is the most profitable industry in America to-day.

EVERYBODY in the whole southwest country are coming to the Territorial Fair.

The Fair association wants every vacant room in the city, and would like to have all those having rooms send in their names at as early a date as possible.

BELGIAN supports six times the railway mileage per 100 square miles that is operated in the United States. There is still plenty of room in this country for expansion.

The Marxist Fathers have presented a claim of \$22,000 to the commonwealth, alleging that their mission was lost by natives upon instructions of the British commander.

THE value of horses owned by farmers in this country is \$152,649,356, or considerably more than one-fifth of the total United States currency, including gold, silver and paper money, in circulation to-day.

MISSIONARIES have been at work in the Caroline Islands for forty-seven years, and as a result thirty communities have been evangelized. Each community has a native Christian teacher and church building.

THE Roman Catholic society for the Propagation of the Faith is pushing its work in this country with renewed energy, collecting funds to use in the cause of church extension in various countries.

MAJOR A. E. WOODSON, for six years acting agent of the Cheyenne and Arapaho Indians, at Darlington, Ohio, has resigned and been assigned to active military duty in his regiment, Ninth United States Cavalry, as lieutenant colonel.

JAPAN is the subject of a monograph prepared by the treasury bureau of statistics, and the figures show that the United States has secured the best share of the immense buying which the "Yankee of the Orient" are now doing from other countries.

THAT books do not necessarily promote intelligence is proven by the fact that Italy turns out twice as many publications as the United States every year. In the number of books published annually this country is surpassed by Germany, France, Italy and Great Britain, the countries ranking in the order named.

AN official report has been issued by the president of the superior board of health, showing that there have been 2,312 burials of victims of the recent burials in Rio Rico. One thousand families are missing, together with their homes. The report states that the number of destitute persons is a quarter of a million.

THE fire works at the approaching Territorial Fair, per program, is published in another column of to-day's CITIZEN. Read it over carefully, and then conclude like all sensible people, that the rights to be presented by the Los Angeles Fire Works company will alone be worth visiting Albuquerque for in the third week of the season.

THE plan to enlist two regiments of southern negro troops for service in the Philippines would be better if the number of the regiments were doubled or quadrupled. There are no southern soldiers for service in the tropics than those whose ancestors came from equatorial Africa and whose own lives have been spent under a southern sky.

High prices for copper have naturally resulted in great activity in prospecting for new deposits of copper every where, in the formation of many new copper mining companies to exploit such discoveries, and in the reopening of old mines which, on account of the low grade of their ore, were unprofitable as long as the metal was at a comparatively low level. Every indication points to a considerable addition to the production of copper in due time.

LOCATING LANDS.

D. M. White, locating agent for the D. M. White, located agent for the Santa Fe land company, arrived in Santa Fe last evening, after spending several weeks in the Sacramento mountains, locating land for the territorial institutions, says the New Mexican. Mr. White was greatly impressed with that part of New Mexico, and claims that the land he selected in the Sacramento mountains will make the best agricultural land to be found in the territory. The railroad and the lumber company are performing

wonders for that country. The fact that has been cleared by the lumber company makes magnificent farming land, and some of the farms located are wonderfully fertile. There is plenty of moisture in the air, and sufficient rain falls to make irrigation unnecessary. The railroad up the Sacramento mountains is a wonderful piece of engineering work, and is to be extended twenty miles towards the south. Mr. White also describes the orchards in that part of the territory as very fine, and, taken altogether, he is sure that Otero county is destined to be a thickly populated, and prosperous section of New Mexico.

THE RAILROAD SITUATION.

Adna F. Walker, chairman of the board of directors of the Atchafalaya, El Paso & Santa Fe railway system, spent Tuesday in Chicago. Mr. Walker is on his way west from a month's trip to Houston and left Wednesday for New York. He said: "I have been out of the country for a month and come directly here after inspecting lines with President Knapley's party, now out there. It will be only a few months before our new line from Stockton to San Francisco will be ready for operation, the condition of the road in California is excellent. We have a coast from Albuquerque over our Santa Fe Pacific division, formerly the Atlantic & Pacific road, to Mojave, and from there to Stockton, via the East Francisco and San Joaquin Valley division, through Fresno and Fresno." Mr. Walker was asked to give his views on the general railway situation and expressed himself as very much pleased with the outlook.

PORT WORTH is suffering from a water famine. For more than a month there has been a terrible drought and the water supply has been so reduced that there is not enough pressure for adequate fire protection. The temperature has been over a hundred for many days and some days it has been up to 104. Grass is destroyed and vegetables in gardens are literally cooked on the plant. The pumps will run only a quarter of the time and rain comes, and it is likely that the suffering will be fearful. While Albuquerque has plenty of water, the people here are now experiencing the warmest and most disagreeable weather of the present summer.

EVERY man who has demonstrated that he was a brave and efficient soldier when in action is willing to admit that he was scared when he first heard firing. Now here is Governor Roosevelt telling a new regiment at Fort Bliss that they will "be a little scared, and sick at the stomach," no matter how brave they may be. The governor no doubt speaks from experience.

GEORGE CURRY, late captain of a Rough Riders' company, has received a dispatch from the assistant adjutant general at Washington directing him to report by telegraph to Lieutenant J. A. Ryan, of the Ninth Cavalry, for assignment to recruiting duty for the Ninth Cavalry in the vicinity of El Paso.

THE people of El Paso have asked Governor Bob Taylor, of Tennessee, to deliver his famous lecture entitled "Love, Laughter and Song" at their Mid-winter carnival in February next.

ONE American firm has sent 35,000 ropes, mowers and harvesters to Europe this year, and has many orders for more. American inventiveness is reaping a deserved reward.

THE value of a beer keg is greater than that of the beer contained in it, if you had your choice between the beer and the keg, which would you select?

THE FIRE WORKS FOR THE BIG FAIR!

A Thousand Dollars to Be Expended in These Events Alone.

GRANDEST ILLUMINATION IMAGINABLE.

The proposition of the Los Angeles Fire Works company, which was received by the president of the Fair association this morning and which is business like in all of its minutest details, given to the management of the forthcoming Territorial Fair an exhibition of fire works that far exceeds anything of its kind heretofore given in the southwest. Besides the fireworks, the miniature reproduction of "The Battle of Manila" will be given by an entirely separate company, and the great naval battle, which won for Admiral Dewey a name that would give him the presidency of the United States if he so desired the office, will be fought off by electricity, handled and manipulated by Electrician William Hallway, of the local Electric Light company.

These two great events—fireworks and "The Battle of Manila"—will take place on the grounds on west side avenue, directly in front of the grand stand which is being erected by the Fair association.

On these grounds, which will be illuminated at night by half a dozen or more arc lights, there will be base ball games during the afternoon, sword contests from the famous Ninth Cavalry, tug-of-war pulling events, balloon ascensions with parachute leaps every afternoon and evening, and other events, while straight smooth ground avenue from First street to beyond Casco de Oro—also directly in front of the grand stand which will be the outcome of all running events—there will be exciting bicycle races, horse contests and foot racing.

A partial list of the fireworks, to be pulled off at the approaching Territorial Fair, is here given as follows:

1. Ariel salute, announcing opening.
2. Grand illumination, changing to sheath of golden stars, mince with jewels.
3. Ascent of rockets.
4. Ariel salute of peacock plumes.
5. Parade of stars of gold.
6. Set piece, fiery Phoenix.
7. Parade of stars, mince with jewels.
8. Set piece, huge set of fountains.
9. Mince of silver, mince of gold.
10. Mines of pearls and amethysts.
11. Mince of silver, mince of gold.
12. Tumbler of stars, mince of gold.
13. Volleys of hissing colors.
14. Rockets with parachute suspending jewels.
15. Batteries of shells of light.
16. Set piece, mince of gold.
17. Rockets with mince of gold.
18. Batteries of electric spiders.
19. Screech of diamond spray.
20. Double set piece, two was vessels, each 20 ft. long.
21. Pyrotechnic mine.
22. Double set piece, two was vessels, each 20 ft. long.
23. Set piece, "Adios" to the stars.
24. Final, volley of shells from all mortars.

Advance Sale of Blankets...

Blankets are not fully appreciated until cold weather, but values in blankets can be judged and appreciated at any time. This is an opportunity to buy winter goods at summer prices. It is no matter how we secured them, sufficient for buyers to know that our blanket prices are from 25 to 40 per cent lower than December rates will surely be, with the general market steadily moving. We mention a few prices, all other grades of Blankets at equally low prices:

11x14 Blankets, tan or white, worth \$1.50.... \$1.00
10x14 Blankets, all wool, grey, worth \$4.00.... 3.25
10x14 Blankets, all wool, white, worth \$2.25.... 4.25

Winter Blankets—Summer Prices.

A cat may look at a king they say Which is not so very sad. But a cat can't wash the dirt away That makes a shirt appear so bad.

But we can wash the dirt away And starch the shirt just proper too We can iron it precisely right To make it suit your friends and you
