King Constantine Yields to Demands of Allies After French Force Lands in Athens and Fight Occurs.

FURIOUS BATTLES RAGE NEAR BUCHAREST

Russians Make Desperate Effort to Relieve Pressure on Rumania's Sorely Menaced Capital.

BY MORNING JOURNAL SPECIAL LEADER WIRE

Athens, where after a day of panic and fighting in the streets and on the hillsides, King Constantine acceded to the demand of the entente commander and offered to surrender the city to the French and British troops. The king's army, which had been ordered to move on the city, was defeated and the king fled to the island of Crete. The city was then occupied by the French and British troops.

Resistance Stiffens.

The attacks upon the Rumanian troops on the roads from Ploesti to Bucharest compelled only a slight retreat of the defenders, according to the Russian announcement. The Rumanian resistance south of Bucharest has stiffened, and the Russian troops have been repulsed from the invading forces.

About 200 Killed in Athens.

The casualties resulting from the clash of entente allied and Greek troops in Athens are not officially announced, but have been estimated as high as 200. An employee of the British consulate is said to have been wounded fatally.

The fighting began as soon as the entente troops were landed to enforce the demand for a surrender of the city. The Greek forces, which were ordered to move on the city, were defeated and the king fled to the island of Crete. The city was then occupied by the French and British troops.

**BERLIN REPORTS GAINS
OVER THE RUMANIANS**

Berlin, Dec. 2. (By Wire to Sayville.)—The situation in Rumania continues to develop favorably for the Teutonic forces, according to this evening's announcement from the war office.

THE WEATHER

THE WEATHER FORECAST.

Denver, Dec. 2.—Forecast: New Moon—Sunday and Monday fair, cooler east portion.

PEACE TO COME TO WORLD ONLY WITH LIBERTY, SAYS PRESIDENT

Chief Executive Delivers Notable Address at Banquet in Honor of Relighting Statue of Liberty.

SMALL GROUPS OF MEN NOT FIT TO GOVERN

BY MORNING JOURNAL SPECIAL LEADER WIRE

New York, Dec. 2.—President Wilson, speaking tonight at the banquet which was the culmination of the celebration in honor of the permanent illumination of the Statue of Liberty in New York harbor, declared that the had thought for the last two years that peace is going to come to the world only with liberty.

Source of Light Outside.

The president said he noticed that the source of light for the statue "came from the outside."

"The only light," he added, "that we can contribute to the illumination of the world is the light that shines out of our lives. We must illustrate liberty in our lives. With all the respect for those who represent nations, we must not forget that the world is ruled by small groups of men can be successful."

Proper Symbol of Life.

"I was reflecting as we saw the light stream upon that beautiful statue, that it did not proceed from Liberty, but proceeded from the light we were throwing upon liberty, and it occurred to me that after all, it was a proper symbol of our life, because we can take to ourselves the light of liberty only as we illustrate the fact and the true spirit of liberty and the only light that we can contribute to the illumination of the world, is the light that will shine out of our life as a nation upon that conception and upon that image."

Friendship with France.

"It is very true, as more than one of the speakers this evening has said or intimated, that our bond of friendship and alliance with the people of France has come from a community of ideals and identity of purpose. One republic must love another republic, just as one body of human beings must understand and sympathize with another body of human beings. There is a common pulse in us all; there is a common contact with life; there is a common body of hope; there is a common stock of resolution. All the 'common' over, the life of the individual means the same thing to him. It means opportunity, not only, but it also means his relationship to others, and he comes to his full dignity only when he stands upon the level with others, and looking to his neighbor's eye, knows that he belongs with him to a common, free community of purpose and thought and action. The peace of the world is not going to be assured by the compacts of nations, but by the sympathies of men."

What Statue Means.

"When I see the Statue of Liberty," he continued, "and think of the thrill that must come into some hopeful

OPPOSITION TO CARRANZA GROWS STRONGER; VILLA CAUSES CONCERN

Washington Doesn't Know What to Do With Bandit, Should He Hold Chihuahua and Capture Juarez.

FELIX DIAZ REPORTED GAINING IN STRENGTH

BY MORNING JOURNAL SPECIAL LEADER WIRE

Washington, Dec. 2.—While they wait for General Carranza to accept or reject the protocol signed by the joint commission at Atlantic City, administration officials are giving much attention to every report relating to the activities of Villa and to rebel movements in other parts of Mexico.

Revolutionists Between Mexico City and Vera Cruz Are Menacing Railroads; First Chief Wants Ammunition.

Additional information reaching the state and war departments today tend to confirm the story of Villa's capture of Chihuahua City, as related by dispatches from the border, but none of the dispatches indicated that the bandit leader was moving northward to attack Juarez.

Many Desert to Villa.

All reports received here, however, indicate that General Murguia will make every effort to recapture Chihuahua City and the opinion of army officials is that he should have little difficulty in doing so. It is assumed that Villa's supply of ammunition must have been materially reduced by his five days of fighting against General Trevino, and it is regarded as logical and in line with Villa's tactics that he will evacuate Chihuahua after having removed to the hills such supplies as he can secure. The department reports indicate that a considerable portion of Trevino's force joined Villa after the Chihuahua battle.

**PRICE OF FOODSTUFFS
MUST BE LOWERED**

BY MORNING JOURNAL SPECIAL LEADER WIRE

New York, Dec. 2.—A declaration of war on the butter and egg mercantile exchanges was made today by John J. Dillon, state commissioner of foods and markets, in his efforts to cut the high cost of foods. The trading on some of the food exchanges here, he declared, is done merely among the members, not with outsiders and less than twelve men make food prices for the entire country.

**NO CARRANCISTAS
CLOSE TO AMERICANS**

BY MORNING JOURNAL SPECIAL LEADER WIRE

Field Headquarters Punitive Expedition in Mexico, Dec. 2. (By radio to Columbus, N. M.)—Col. Gonzales Diaz with about 125 men entrained tonight at Casas Grandes for Juarez. This force composed the garrison at El Valle, a town near the southernmost camp of the punitive expedition and its withdrawal leaves this section of Chihuahua without Carrancista soldiers.

**CONGRESSMAN VISITS
GENERAL PERSHING**

BY MORNING JOURNAL SPECIAL LEADER WIRE

Field Headquarters Punitive Expedition in Mexico, Dec. 2. (Via radio to Columbus, N. M.)—A first hand study of conditions confronting the regular army in relation to their effect on recruiting is the purpose of a visit to the punitive expedition by Congressman James Gardner of Massachusetts, before leaving for the border today. Mr. Gardner expressed admiration for the way in which the regulars have overcome the hardships confronting them. During his visit to the border and in Mexico he had picked up much material, he said, for his proposed campaign to make the army a more attractive profession to both officers and men.

CABINET CRISIS BELEVED SURE; ENGLAND MUST HAVE EFFICIENCY

Rumor Is Current but Not Generally Credited, That Asquith Will Give Way to Lloyd-George.

WAR COUNCIL FAR TOO BIG TO SUCCEED

BY MORNING JOURNAL SPECIAL LEADER WIRE

London, Dec. 2.—The political crisis, which is the sensation of the hour, is generally believed to mean the future control of all war measures, both military and economic, by a cabinet directorate of five, advised by Gen. Sir William R. Robertson, chief of the imperial staff, and Admiral Sir John R. Jellicoe, first sea lord.

War Council a Failure.

A war council was formed in the council last year, but the minimum number of five, which Mr. Asquith then announced, has been exceeded, and the popular impression is that the council has been a failure because its decisions were subject to debate and ratification by the full cabinet.

While the Northcliffe press and the Morning Post have made the fiercest assaults, even such careful-speaking journals as the Daily Chronicle, the Westminster Gazette and the Manchester Guardian recently have been critical.

The trend of discontent has been partly against the government system, partly against certain members of the cabinet. Slowness in reaching decisions and inaction, is the chief of the indictment. The principal counts of this are the navy and the food questions, while recently dissatisfaction with what some considered a want of vigor in the management of the navy and weakness in the foreign office, has been increasingly prominent.

**DIET SQUAD MEMBERS
ALL WELL AND HAPPY**

BY MORNING JOURNAL SPECIAL LEADER WIRE

Chicago, Dec. 2.—Members of the diet squad, whose two weeks' test of the theory that 40 cents a day is enough to feed a person well in Chicago, will end Tuesday night by approaching the completion of their experiment in excellent physical condition, slightly heavier than when the dieting began and with all signs of indigestion and distress of the stomach missing.

**JUDGE COOPER DIES
AFTER LONG ILLNESS**

BY MORNING JOURNAL SPECIAL LEADER WIRE

Tucson, Ariz., Dec. 2.—Judge William F. Cooper, of the Pima county superior court, died here today following a long period of illness. Coming to Arizona twenty years ago, he was successively a miner, printer, cowboy, newspaper editor and publisher, lawyer and jurist. As a matter of sentiment he retained his membership in the local topographical union up to the time of his death. He was related by collateral descent to James P. Fendley, more Cooper, the American author.

CARRANCISTAS CLAIM VICTORY OVER VILLA IN BLOODY BATTLE

Generals Murguia and Trevino Join Forces and Are Reported Attacking Chihuahua on South Side.

BANDIT EXPECTED TO GET AWAY WITH LOOT

BY MORNING JOURNAL SPECIAL LEADER WIRE

Juarez, Mexico, Dec. 2.—An official dispatch from Mexico City saying that General Murguia had defeated Villa's troops that tried yesterday to block his advance and was moving on Chihuahua today, received confirmation here in a report by direct line from Santa Rosa, Chihuahua, and Parral. This move, a Carrancista staff officer declared, would compel the de facto forces to carry the fight to him in the mountains, where Villa and his men would be in their own element as guerrilla fighters, the officer added.

**CARRANZA HEARS OF
ALLEGED VICTORY**

Queretaro, Mexico, Dec. 2.—Gen. Francisco Murguia reported to General Carranza today that he had routed a band of Villa followers, numbering 2,500 men, and had pursued them about twelve miles toward Chihuahua City. The general reported that he was continuing his advance toward Chihuahua City today.

**BATTLE LASTS SIX
HOURS, ORRIBLES HEARS**

El Paso, Tex., Dec. 2.—A message received from General (Oregon) at Mexico City late today gave details of a battle between General Murguia's forces and the Villa troops about thirty miles south of Chihuahua City. The battle took place yesterday, starting at 10 o'clock in the morning, and lasting six hours. The Villa men, the message said, were defeated.

**WASHINGTON NOT ALARMED
BY CAPTURE OF CHIHUAHUA**

Washington, Dec. 2.—Two overnight dispatches from Brigadier General Bell at El Paso, containing the first information to reach the war department from army border officials concerning Villa's victorious attack on Chihuahua City, were received today. After a careful study of the reports, it was stated authoritatively that the information contained nothing that could be construed as an increased menace to the American border or that threatened the safety of Juarez.

**EXPECT TO RECAPTURE
CITY OF CHIHUAHUA**

Juarez, Mex., Dec. 2.—With General Murguia's newly arrived column attacking from the south, a new battle is developing at Chihuahua City. General Gonzales announced at headquarters here that Carrancista troops were expected to arrive at an early hour today, and that the city would be recaptured.

Four Merchant Vessels Sunk.

London, Dec. 2.—The French battleship *Andre Dore*, the French steamer *Joseph* and the Japanese steamer *Nagata Maru*, are reported by Lloyd's to have been sunk. No fatalities are reported.

PREPAREDNESS

How It Helps Coughs and Colds

Buy your bottle of Foley's Honey and Tar now, and quickly stop the coughs and colds of early fall.

Early fall brings croup, bronchitis, asthmatic breathing, troublesome night coughs, whooping cough, and tickling, irritable throat.

It aggravates the distressing cough of weak lungs, and the chronic coughs of elderly people.

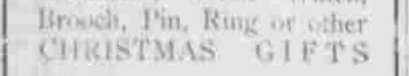

It gives "sufficiency" to infants and children and prevents asthmatic and sore influenza attacks.

Give Foley's Honey and Tar freely. It is soothing and curative; relieves hoarseness and puts a healing coating on the inflamed mucous lining of the throat. It stops coughing easily and quickly and relieves even before the dreaded "whoop" has a chance to rally.

The last dose is just as good as the first, and a few minutes is needed than of any other cough syrup.

No one to it that you get only the original FOLEY'S HONEY AND TAR, for it is the only genuine, and contains no opium.

Sold Everywhere

Do It Now!

Select your DIAMOND, Lavaliers, Wrist Watch, Brooch, Pin, Ring or other CHRISTMAS GIFTS now.

On payment of a small deposit we will gladly lay them aside and you have until Christmas to pay for them. Besides, you have the advantage of BETTER SELECTIONS, as our stock is now complete, and replete with beautiful gift goods, which we will be glad to have you call and inspect.

BOY TO DELIVER MAIN ADDRESS AT LODGE OF SORROW

Beautiful Program Arranged by Elks to Pay Tribute to Departed Brothers; Services to Be in Lodge Room.

In accordance with the custom of the order today, the first Sunday in December, will be observed by every lodge in the country as a memorial day in honor of Elks who have died during the past twelve months; and unusually pretty services have been arranged by the local lodge of Elks for this afternoon.

The services, which will be held in the lodge room, will begin at 2:30 o'clock and the general public is invited. Dr. David R. Boyd, president of the University of New Mexico and one of the most accomplished public speakers in the southwest, will deliver the principal oration, and the beautiful ritualistic services of the Elks will be given for the occasion.

The program for this afternoon will be as follows:

Prelude, Meditation, "Le Ermitte" by Debussy, "Greenwald overture," "Angels Serenade" by Braga, Elks' Orchestra
Swedish Fest March, "Perfect Elks' Orchestra"
Chorus, "Praise Ye the Father"
Gounod
Mendelssohn Double Quartet
Opening Ritualistic Ceremony by the Lodge
Baritone Solo, "My God, My Father, While I Stray"
Marston
Roll Call of Our Absent Brothers by the Secretary
Chorus, "Peace I Leave With You"
Mendelssohn Double Quartet
Responsion by the Lodge Officers
Charge by the Exalted Ruler, H. F. Fagan
Opening Ode
Orchestra, Chorus and Lodge
Invocation—Chaplain Byron H. Ives
Duets, "Peace to This Sacred Dwelling"
Mrs. E. W. Nichols, soprano; John Falkenberg, tenor
Oration—Dr. David R. Boyd
Zither Solo, "The Lament"
Andorff
Joe Regensberger
Recitation, "Thanatopsis"
Bryant
Chorus, "Trust in the Lord"
Handel
Mendelssohn Double Quartet
Closing Ritualistic Ceremonies by the Lodge
Benediction—Rabbi M. Bergman
"Nearer, My God, to Thee"
Orchestra, Chorus and Lodge
Retiring of the Lodge
"Pilgrims Chorus"
Thanatopsis
Wagner

GREGORY LIKELY TO QUIT THE CABINET

NEW YORK, Dec. 2.—Reports from Texas that United States Attorney General Gregory plans to resign in the near future met with no denial from members of President Wilson's administration here today, but it was reiterated that the president was anxious to have Mr. Gregory as well as the other members of the cabinet, remain in office. It was said that nothing was known of Mr. Gregory's intentions.

John W. Davis, solicitor general, is looked upon as the most likely successor to Mr. Gregory, if he does resign. In this event, it was said Mr. Gregory, who on a previous occasion was offered a seat on the United States supreme court, will be very seriously considered by President Wilson if another vacancy occurs on that bench.

Fleeing Force Reaches Ojinaga.
Presidio, Tex., Dec. 2.—Some Carranza soldiers reached Ojinaga tonight who are reported to be the advance guard of a body of Carranza troops numbering between 500 and 1,000 men expected to arrive tomorrow morning. They were said to be a part of General Trevino's garrison from Chihuahua City. The Mexican authorities at Ojinaga, opposite here, have prohibited the people from crossing the frontier for the present.

Pimples Getting Very Uncommon

Stuart's Calcium Wafers Have Done Wonders for Sores in Holding of Pimples and Other Skin Eruptions.

Write for a Free Trial Package. You don't see anywhere near the number of faces spotted with pimples since Stuart's Calcium Wafers became so widely known and used.

They are rich in calcium sulphide, which is a wonderful blood purifier, with a most remarkable action in the skin. You can almost see the pimples fade away. This remarkable substance also removes blackheads, oily, muddy complexion, redness, roughness, eczema and all sorts of skin rash, itch and eruptions, simply because it is nature's most marvelous remedy. Get a 50-cent box of Stuart's Calcium Wafers at any drug store and you won't know what to do with your stock of hair-growing ointment, grease etc. Send for a free trial package of these wonder workers.

BOY IS CHARGED WITH ATTEMPTING TO ROB STORE

Jose Sanchez, 15 Years Old, Offers Stolen Kodak for Sale and Gets Himself in Jail.

The police yesterday charged Jose Sanchez, 15 years old, a Mexican, who lives at Fifteenth street and Mountain road, with the attempted burglary of E. R. Stean's store, 218 West Central avenue, and Stean's book store, 316 West Central.

The boy was arrested when he offered a small kodak, stolen from the book store, for sale at O. A. Mutton & Company's store yesterday afternoon. He wanted less than a dollar for it. Policeman Tom A. Summers was called. He took the boy to headquarters.

Frank Quevara, merchant policeman, found that Stean's place had been entered shortly before 10:30 o'clock Friday night. The back door was open. A key was sticking in the lock. Quevara found a valise in the alley behind Stean's containing silk handkerchiefs, gloves and other things taken from Stean's. The valise also was taken from Stean's.

The ownership of the valise and its contents was not learned until yesterday morning when the fact that Stean's store also had been entered came to light. Entrance was gained there by breaking a rear window. Bloodstains on the ground under the window showed that whoever broke the glass had cut himself.

Sanchez' right wrist was cut. Dr. E. M. Clayton, city physician, was called by the police to dress the wound.

Tells of Another Fellow.

The boy explained to the police how he came to possess the kodak. He said that he stood outside the stores while another fellow went in. The other fellow handed him the valise through a "white door"—Stean's—and the kodak behind the other store. He did not know who the fellow was.

Sanchez made a different statement first, the police said. Chief J. R. Galusha said the police probably would make an effort to send Sanchez to the reform school.

No money was taken at either store although the cash registers at both places contained \$5. It was not known, positively that anything had been taken from the book store until the boy offered the kodak for sale. The stock of cameras was in disorder at Stean's, however, when Policeman Quevara made his inspection.

What caused the burglar to leave so hurriedly that he left the valise full of stuff from Stean's in the alley was still unknown. A possible explanation was that the alarm which accompanies the turning off of the electric window lights at the book store might have caused the burglar to think that he had set off a burglar alarm, causing him to take to his heels.

CIVIL SERVICE TO HOLD AN EXAMINATION FOR TIMBER CRUISER

The United States civil service commission announces open competitive examinations as follows:

Electrical draftsman, male, per diem, \$3.52 to \$6.

Ship draftsman, male, per diem, \$3.28 to \$6.

January 3—Transitman, male, \$800 to \$900; translator, male, \$1,200 to \$1,400; timber cruiser, male, \$1,200; inspector of claim, male, per diem, \$4; apprentice plate cleaner, transfer and engraver, male, per diem, \$1.60; junior petroleum technologist, male, \$1,200 to \$1,500; junior petroleum engineer, male, \$1,200 to \$1,500.

Upon request, further information will be furnished by H. F. Fagan, local secretary, Albuquerque, N. M., or C. L. Snyder, district secretary, Post-office building, San Francisco, Cal.

FIRST WIFE RETAINS CHILDREN OF LONDON

Oakland, Cal., Dec. 2.—Mrs. Bessie M. London, first wife of Jack London, declared today that she would not turn over the custody of her two daughters, Joan and Bess London, to Mrs. Charmien K. London, the widow, as requested in the famous writer's will. Mrs. London said that she had been amply provided for in a property settlement made with her former husband years ago.

"The \$5 bequest means nothing to me. I have means to support my two daughters and we will continue to live quietly here. Under no circumstances will I ever give up the custody of my two daughters," said Mrs. London.

NOTICE OF INTENTION TO FORM INSURANCE COMPANY

Only Artillery Fighting West, Berlin, Dec. 2 (by Wireless to Sayville).—Only artillery engagements on the France-Belgium front are reported in today's official statement, which reads:

"Western front: On both banks of the Aisne, north of the Somme and south of the Somme, near Chaumes, heavy artillery duels prevailed for a time."

ALDERMEN WILL RECEIVE BIDS FOR PAVEMENT AGAIN

Proposals for Work Authorized in Proceedings Begun Two Weeks Ago Will Be Opened Tomorrow Night.

The council will open bids tomorrow night for the paving of West Central avenue and one block on North Eighth street, north of Central avenue. The opening of these bids will be a further step in the process, looking toward the paving, which the council began at its last meeting, two weeks ago, and hurried through routine channels to the point of calling for bids.

J. A. Laughlin of Trinidad, Colo., whose proposal for the paving of West Central was accepted by the council several weeks ago, is here. He was understood to have filed another bid under the new proceedings. Mr. Laughlin would not enter into a contract upon his former bid because of his inability to dispose of certificates of assessment on account of defects in the original petition.

The proceedings begun two weeks ago were based upon a second petition which made it impossible for the contractor to place the certificates. The council, while carrying the new proceedings forward rapidly, was religiously observant of its procedure and believes that the contractor, whose bid is lowest, will not experience the same difficulty that Mr. Laughlin has experienced.

The contract will not be formally entered into for a month, or more, after the acceptance of the proposal, so actual paving probably will not be begun until spring. However, some preparatory work may be done before that time. City Engineer Edmond Ross said at the last meeting of the council that it would be advantageous to do the storm sewer work some time before the paving is begun.

New Mexico Suicide Rate Lowest.
Santa Fe, Dec. 2.—New Mexico is the lowest among the states of the Union in the suicide statistics for the past fiscal year, just compiled by insurance departments. San Diego has the highest rate of any city in the country, it being 63.3 per 100,000. Strange to say, the rate on the Pacific coast, 34.3 for each 100,000, is more than double that on the Atlantic, 16.4, the rate for the southern states being 17.9 and for the Rocky mountains 23.4. In other words, westward the course of suicide taken its way. San Francisco has a rate of 55.7; Sacramento, 54.2, and Los Angeles 32.7.

Danger Signal.
If the fire bell should ring would you run and stop it or go and help to put out the fire? It is much the same way with a cough. A cough is a danger signal as much as a fire bell. You should no more try to suppress it than to stop a fire bell when it is ringing, but should cure the disease that causes the coughing. This can nearly always be done by taking Chamberlain's Cough Remedy. Many have used it with the most beneficial results. It is especially valuable for the persistent cough that so often follows a bad cold or an attack of the grip. Mrs. Thomas Reaching, Andrews, Ind., writes: "During the winter my husband takes cold easily and coughs and coughs. Chamberlain's Cough Remedy is the best medicine for breaking up these attacks and you cannot get him to take any other." Obtainable everywhere.

SUFFRAGISTS HOPE FOR NATIONAL ACT

CHICAGO, Dec. 2.—(By Wire) That President Wilson will see fit to aid the women in their national campaign for a national woman's suffrage amendment to the constitution was expressed here today at a luncheon of the national woman's party. Delegates from many states were present. Miss Anne Martin of Reno, Nev., was the principal speaker.

We approach the coming session of congress with hope and confidence," said Miss Martin. "The suffrage amendment has been made a national political issue. We have every hope that congress will submit the amendment to state legislatures at the coming session."

VETERAN EMPLOYE OF SANTA FE ROAD BURIED

SPECIAL CORRESPONDENCE TO MORNING JOURNAL
East Las Vegas, N. M., Dec. 2.—The funeral of John W. Cook, Sr., who died Wednesday night, was held here Friday afternoon. Rev. R. S. Dem of the Methodist church officiating, the Las Vegas lodge of the B. of L. E. attending in a body. Mr. Cook was a pioneer resident of New Mexico, having come here from his home state, Indiana, in 1879. He first located in the neighborhood of Moriarty where he operated a sawmill that furnished much timber that went into the Santa Fe railroad construction. Later he was connected with mines at Cerrillos. Since 1894 Mr. Cook had been in the Santa Fe railway's engine service, with headquarters here. He was pensioned by the railroad early this year.

MRS. CADONER MAKES ANOTHER PURCHASE IN THE HIGHLANDS

A few days ago this paper announced that Mrs. Mathilda Cardoner had purchased four lots on South High street, in the highlands, from Mrs. Florence Johnston, the sale being made by A. L. Martin, of the Porterfield company, and that the lady intended to erect thereon an apartment house. Yesterday in the same neighborhood, corner of East Central avenue and High street, Mrs. Cardoner made another purchase, securing through W. H. McMillan two lots of 100x142 feet, and it is her intention to erect on them a fine residence, and is quite likely Mrs. Cardoner will arrange to commence work on one of these buildings in a very short time.

MAN POWER BILL IS PASSED UPON THIRD READING

Compulsory Civilian Service
Provided in Measure Which
Is Adopted by Reichstag;
Socialists Enter Protest.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Amsterdam, Dec. 2 (via London).—The reichstag today adopted the compulsory civilian service bill after the third reading, says a dispatch from Berlin. The vote was 235 to 19, and several members did not cast their ballots. The bill as passed, it is added, was not changed after the second reading.

In the course of debate a socialist proposal that permanent workmen's committees be appointed with industrial workshops and railways, was defeated by one vote. The socialists took advantage of the debate to condemn the action of the government in deporting Belgian workers. Deputy Hugo Haase, a socialist member, declared that the service bill was detrimental to the interests of labor.

"Thousands of workers in occupied regions already have been subjected to compulsory labor," he is reported to have said. "We summon the government to restore freedom, especially to Belgian workers."

Deputy Haase said that neutral governments had protested against placing the Belgians under the provisions of the bill and he condemned the deportations as a violation of international law. Deputy Wilhelm Dittman, another socialist, in discussing the subject, is reported to have said: "When the Belgian workers returned from Holland to Belgium, Governor General von Bissing assured those returning that under no circumstances would they be deported to Germany. This assurance has not been kept."

"The Frankfurter Zeitung published a report from Washington to the effect that the question of Belgian deportations had caused extreme unrest in the United States. That proves the extent of the difficulties which the German government would have to meet in taking such measures, and how greatly the promotion of peace is prejudiced thereby."

Dr. Helfferich, vice chancellor, in replying, declared that he deplored deeply that the discussion should have arisen, "thereby promoting the business of our enemies." Turning to Deputy Haase, the dispatch says, the vice chancellor said:

"The setting of the unemployed Belgians to work is thoroughly consistent with international law. They are not given work which, according to international law, they should not perform. We are only making use of our undoubted rights."

The "man power bill" providing for the compulsory service of civilians for war purposes, was introduced in the reichstag last Wednesday by Dr. van Bethmann-Hollweg, the imperial chancellor. The principle of the measure is that all able-bodied males between the ages of 18 and 40, not serving with the colors, are liable to labor service in the interest of Germany.

**THE TRUST COMPANY
RESOURCES NOW EXCEED
AN ENORMOUS AMOUNT**

The fourteenth annual edition of "Trust Companies of the United States," issued by the United States Mortgage & Trust company, New York, is being distributed.

In the preface, President John W. Platten says:

"The trust companies of the United States during the past year have had a most successful year. The problems incident to the new position of the trust companies in world affairs have been met and solved with courage, while the business openings resulting therefrom have been availed of with enterprise and good judgment. A noteworthy increase in the business of acceptances, both foreign and domestic, the establishment of well equipped departments for the handling of foreign transactions, especially with Central and South America, and liberal participation in foreign loans are all deserving of special mention. The work of unifying and improving existing laws for the safeguarding of the interests of these companies and their clients is progressing satisfactorily, while the administration of corporate and private trusts in ever increasing volume is continually evidenced."

When it is considered that the aggregate of trust company resources reported during the year increased one billion, three hundred million dollars and now totals over seven billion, six hundred million dollars, the vital and growing importance of the trust companies in national affairs will be fully realized and these institutions continue to receive a deservedly increasing measure of recognition and support."

The statements of 1,357 trust companies are contained in the book in addition to lists of officers and directors, stock quotations, dividend rates, etc., while the names of 95 companies are shown that did not render a report for publication thus making a total of 2,832 trust companies listed.

Just five years ago the aggregate resources of these companies reported in this compilation were \$5,148,969,000, showing an increase of 47 per cent for all trust companies in the United States. The showing of trust company growth in the following states is interesting:

New York state increased \$531,000,000, or 25 per cent; Pennsylvania increased \$139,000,000, or 15 per cent; Illinois increased \$117,000,000, or 18 per cent; Massachusetts increased \$110,000,000, or 26 per cent; Ohio increased \$94,000,000, or 29 per cent; New Jersey increased \$41,000,000, or 12 per cent; Connecticut increased \$39,000,000, or 61 per cent; California increased \$35,000,000, or 14 per cent; Indiana increased \$20,000,000, or 18 per cent.

Want Bible Reading in Schools.
Tucson, Ariz., Dec. 2.—A recommendation that a daily scriptural reading from the Bible, without comment, be permitted by law in the public schools, will be made to the legislature by the school law committee of the Arizona Teachers' association, which met here today to draft a new educational law for Arizona.

STATESMEN ARE ARRIVING FOR SHORT SESSION

High Cost of Living Overshadows All Other Questions;
Western Man May Be Chosen Senate Leader.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Washington, Dec. 2.—Congress began arriving in the capital tonight in force for the opening session Monday.

"Returning members talk of new issues, but it is the general opinion that little other than appropriation measures can be passed in the short session. Surface indications gave assurance that the high cost of living will be at least a subject of many proposals, ranging from an embargo on food exports, to official investigation of alleged conspiracies to inflate prices."

The Overshadowing Question.
While congressmen appreciate that railroad problems, conservation legislation, immigration, suffrage, national prohibition, corrupt practice measures, and other unfinished business will be pressed for consideration, and that efforts may be made to investigate alleged election frauds and expenditures of the national campaign, these questions at present are overshadowed by the high price of food and measures for relief. For an outline of the administrative program, members are awaiting the address of President Wilson before a joint session Tuesday. Because of the scarcity of business, house leaders, among them Senator Clark, are advocating abandonment of the usual holiday recess and urging night sessions at least twice a week.

May Honor the West.
Among returning democratic senators, the question of selecting a president pro-tempore, is one of absorbing interest. A caucus probably will be held early next week. Among senators being mentioned to succeed the late Senator Clarke of Arkansas, are Pomeroy of Ohio, Smoot of Utah, James of Kentucky, Walsh of Montana, and Hatcher of Alabama. Some southern senators have urged the selection of a western democrat in recognition of the democratic triumph at the recent election in that section. Majority Leader Kern of Indiana, chairman of the caucus, is expected to reach Washington tomorrow, after which formal arrangements will be made for choosing the president pro-tempore.

Speculation regarding the majority leadership already is general, in view of the defeat of Senator Kern for reelection. Southern senators are sounding out their colleagues on behalf of Senator Martin of Virginia. Senator Walsh is being championed by western democrats.

That the senate early will be urged to consider the corrupt practices bill and to investigate expenditures of the last campaign, was assured today by an announcement of Senator Owen of Oklahoma, that he would demand early consideration of his corrupt practices bill.

Chairman Webb, of the house judiciary committee, began working for passage of his nation-wide prohibition and export trade bills. He declared he did not believe the suffrage amendment would be passed by the present house.

Warning Given From Petrograd.
Washington, Dec. 2.—The following was given out from the Russian embassy today:

"The Russian ambassador has been instructed to inform officially all those whom it may concern, that the American-Russian corporation and Chamber of Lord Rotherham have no authority whatever from the imperial government to place Russian 5 per cent bonds on the American market."

Have a Good Reliable Stomach

Get It Strong and With You on All Occasions by Using Stuart's Dyspepsia Tablets.

A Free Trial Package Will Prove It.

Dinner parties at home or away are the foremost means of social enjoyment. They also cause a dyspeptic to throw a fit. It is not the character of

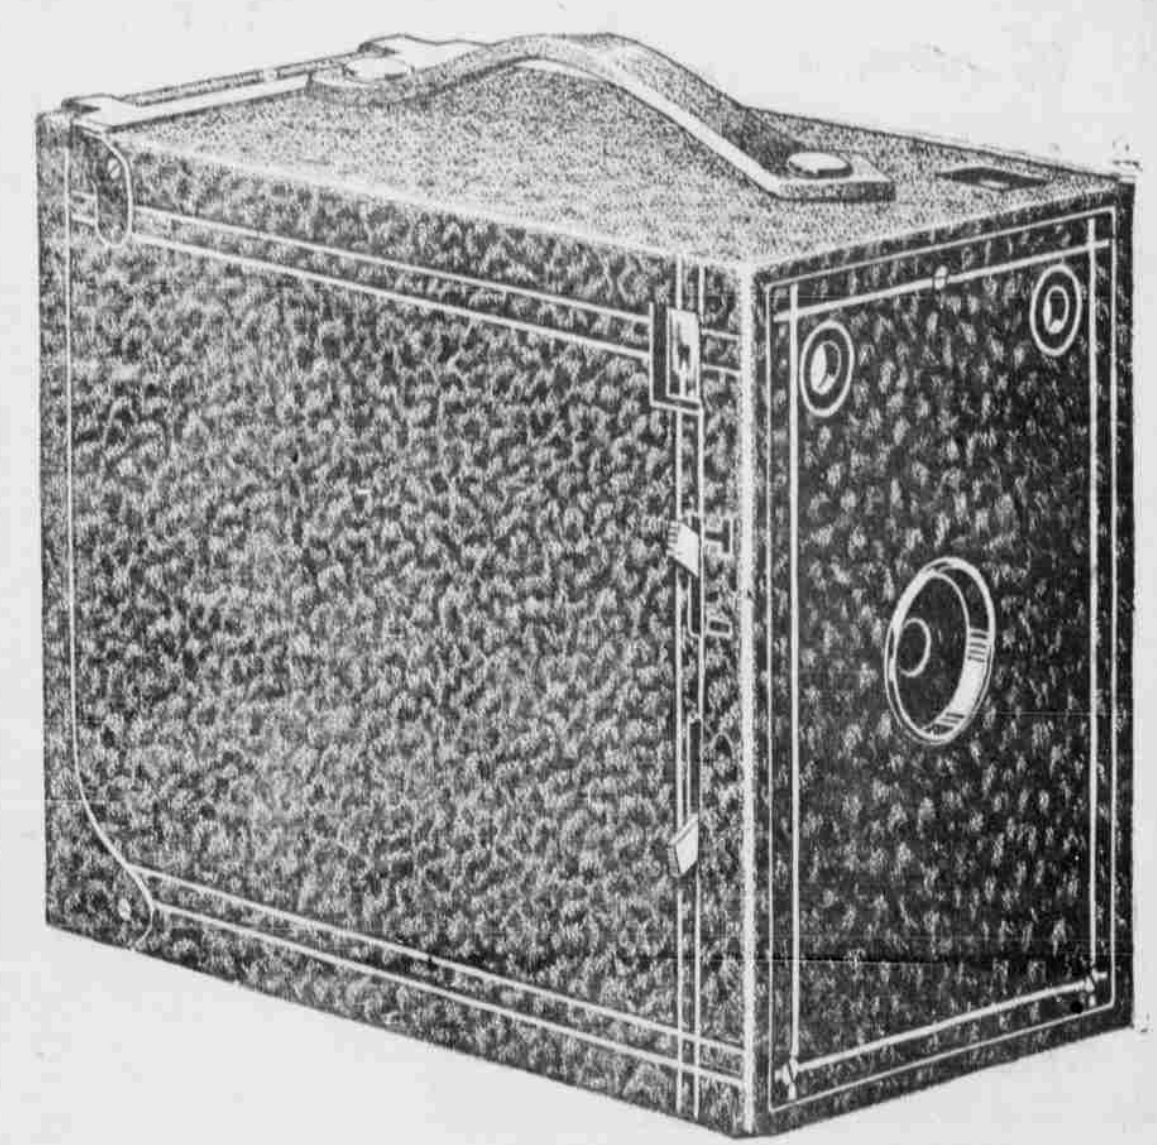

"Stuart's Dyspepsia Tablets Are as Reliable as My Full Jeweled Watch. Always Exact."

the food, nor the quantity, it is simply a weak stomach's failure to supply in sufficient volume the digestive juices to care for the food. If you will eat a Stuart's Dyspepsia Tablet after meals you will give the stomach exactly what it craves. There can then be no sour risings, no heartburn, no feeling of being stuffed. You will sleep better, without dreams, and not have the roof of your mouth caked with brown soap the next morning. You will eat anything and never have your stomach fill with gas. You will eat anywhere you go, and give no thought to consequences. There is nothing like a good, reliable stomach. Made and kept so by Stuart's Dyspepsia Tablets. The First Savings Bank & Trust Company

Albuquerque, New Mexico.

LIFE INSURANCE COMPANY FORMED FOR SOUTHWEST

Prominent New Mexico Business and Professional Men Incorporate Concern of Importance to This Section.

Articles of incorporation were filed today at Santa Fe by the National Life Insurance Company of the Southwest. This company is organized for the purpose of selling life insurance in the southwest and particularly in New Mexico and Arizona. The following men have associated themselves for this purpose and from among these men will be chosen the officers of the new company:

Hon. Richard H. Hanna, Santa Fe; John Becker, president of the First National Bank and the Becker Mercantile company, of Helen, N. M.; A. Weinman, proprietor of the Golden Rule Dry Goods company, of Albuquerque; Capt. W. C. Bell, general counsel, A. T. & S. F. railroad, Albuquerque; Hon. Nathan Jaffe, prominent merchant and banker of Roswell; Dr. David R. Boyd, president of the University of New Mexico, Albuquerque; Hon. H. B. Holt, senator from Dona Ana county and director in the First National Bank and the Farmers' Trust & Savings bank, Las Cruces; Will Elgin, president, Estancia Savings bank, Estancia, N. M.; O. Bursum, stock raiser of Socorro; Hon. R. C. Hernandez, congressman from New Mexico; M. L. Stern, formerly of Stern-Schloss company, Albuquerque; Henry G. Coors, Jr., of the law firm of Burkhardt & Coors, Albuquerque; E. T. Chase, vice president of the Stockmen's Trust company; Dr. J. P. Pearce, physician and surgeon of Albuquerque; Dr. P. G. Cornish, physician and surgeon, of Albuquerque.

When interviewed regarding this company, Mr. Chase, one of the incorporators, stated that the company was incorporated for \$200,000, of which \$100,000 has been subscribed by the incorporators. The balance of the stock will be distributed among influential men in New Mexico and Arizona, as it is desired that the company shall have a wide influence

when selling life insurance. Mr. Chase spoke of the splendid substantial growth of the Occidental Life Insurance company and paid a high tribute to the officers of that company, while stating that New Mexico and Arizona have only this one local company and that in his judgment there will be a large field for the new insurance company.

The new company will occupy the present quarters of the Occidental Life Insurance company as soon as that concern moves into its new building, but within the next year will construct a building of its own on a choice piece of downtown property on which an option has been secured.

SAN MIGUEL GOES IN FOR BETTER LIVESTOCK

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)
East Las Vegas, N. M., Dec. 2.—The Inferno Seed and Livestock association, which was formed early this year to assist the farmers in raising the standard of their crops by

MAYR'S WONDERFUL REMEDY FOR STOMACH TROUBLE

ONE DOSE WILL CONVINCE

indigestion, constipation and other troubles. Thousands of Stomach Sufferers owe their complete recovery to Mayr's Wonderful Remedy. Unlike any other for Stomach ailments. For sale by druggists everywhere.

providing better seeds, has pledged itself to give a loan of \$5,000 for the same purpose this year. This time, however, greater evidence will be laid upon improvement of livestock. It is planned to import a large number of thoroughbred pigs and place them in charge of men who will handle them in accordance with the wishes of County Agent Gonzalez. It is believed this move will result in more and better hogs raised in San Miguel county.

Miami Consolidated Inspiration Needles

These two properties are being developed by men who have records as Mine Makers, and we believe that they will soon assume leadership in the present great copper activity. We have no hesitancy in advising investments in these securities as we believe that the present market price is entirely out of line and out of proportion to their value.

Drink Hot Water! Have Rosy Cheeks and a Peachy Skin

Says we will both look and feel clean, sweet and fresh and avoid illness.

To see the tingle of healthy bloom in your face, to see your skin get clearer and brighter, to wake up without a headache, backache, coated tongue or a nasty breath, in fact, to feel your heart, day in and day out, just try inside-bathing every morning for one week.

Before breakfast each day drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; thus cleansing and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast.

A mixture pound of limestone phosphate will cost very little at the drug store, but is sufficient to demonstrate that just as soap and hot water cleanse the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow and complexion faded, are assured that one week of inside-bathing will have them both looking and feeling better in every way.

PRESIDENT PUTS NEW LIGHT INTO FAMOUS STATUE

Bartholdi's Symbol of American Freedom Is Again Ablaze, After Spectacular Ceremony.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)

New York, Dec. 2.—President Wilson saved the wireless flash which bathed the statue of Liberty in light at 6 o'clock tonight. Bartholdi's famous symbol of American freedom, which has been for thirty years a token of welcome to the United States to millions of immigrants from every land, will be illuminated every night hereafter from top to bottom. Funds to install the permanent lighting system for the statue, the gift to the United States of 400,000 citizens of France, were provided by public subscription.

Grouped around the president on the deck of the Mayflower, anchored off Bedloe's island, as he flashed the signal which turned on the lights, were Mrs. Wilson, Jules J. Jusserand, ambassador of France; Madame Jusserand, high officials of the army and navy, and representatives of several nations.

The President's Words.
"I light this statue," said the president, "with the thought that it may stand as a symbol of our purpose to throw upon liberty, out of our own life as a nation, a light which shall reveal its dignity, its serene power, its benignant hope and spirit of guidance."

The great guns of a division of the Atlantic fleet hoisted a salute as the

statue flashed into view, outlined in white lights. The whistles of countless harbor craft shrieked in unison and flares of red light blazed up along the New York and New Jersey shores.

Ruth Law's Flight.
There was a flash of flame high above the statue, and Ruth Law, in her aeroplane, added a spectacular touch to the ceremonies of illumination. Spouting sparks and fire from the tail of her machine she circled the lower end of Manhattan island. A roar from the thousands gathered in Battery park greeted here as the lights, "L-I-B-E-R-T-Y," outlined in electric lights were revealed on the bottom of the aeroplane.

The course of the Mayflower was marked by the rays of the most powerful searchlight in the world as the statue's anchor was hoisted and the presidential party headed for the Battery to disembark for the motor car parade which preceded a dinner in honor of Mr. Wilson and Ambassador Jusserand.

Skyline Is Ablaze.
The party on the Mayflower looked out upon a city of lights. New York's "billion dollar skyline" was literally ablaze. Electric lamps gleamed through countless windows in scores of "skyscrapers." A searchlight played upon a proudly floating flag atop the Whitehall building, almost at the tip end of Manhattan, and golden lights gleamed along the seawall of the Battery, haven of immigrants.

Close behind the Mayflower steamed the U. S. S. San Francisco, with Secretary of the Navy Daniels aboard, followed by the U. S. S. Yorktown, carrying members of Mayor Mitchell's committee of 200, and other invited guests. The passengers were discharged at the Battery, where electric motor cars were waiting to carry them up town.

The parade passed into the canyon of lower Broadway, across the plaza of City Hall park, where the stars and stripes, outlined in red, white and blue electric lights, gleamed out in front of the city hall, and on through Washington square into Fifth avenue. The avenue had been converted into a "golden way."

Long ribbons of specially erected lights gleamed on either side of the thoroughfare as far north as Thirty-third street. There the president and his party entered the hotel, where the banquet was held, under an electric-lit canopy of red, white and blue.

Election Count Finished Tuesday.
Santa Fe, Dec. 2.—It will probably be Tuesday evening before the state canvassing board will finish the official count of the November election. By this evening San Miguel county had been completed. The counties being taken alphabetically. Thus far the chances for the unofficial count have not been sufficient to change the result. It is understood that on behalf of Congressman B. C. Hernandez evidence is being gathered of all reported irregularities to serve as the foundations for a contest if such shall be deemed advisable or justifiable.

Sues Santa Fe Railroad.
Santa Fe, Dec. 2.—Mrs. Mary T. Smith has sued the A. T. & S. F. Railway company for \$10,000 damages for the death of her husband, near San Marcial. Smith was killed on August 19 when an engine was derailed.

Governor Studying Reports.
Santa Fe, Dec. 2.—The biennial reports for the legislature and the annual financial reports of the various institutions and boards of the state are being received by Governor McDonald and are being carefully studied by the executive.

GREEKS OBJECT TO DEMANDS OF FRENCH ADMIRAL

Formal Protest Is Filed at Washington Against Infringement of Sovereign Rights by Allies.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)

Washington, Dec. 2.—A note denouncing as "a serious infringement of sovereign rights" the allied demand for surrender of Greek arms and ammunition to the Anglo-French expedition at Salonika, and pleading for the sympathetic understanding of the United States in the "painful circumstances" surrounding the Greek government and people, was delivered to the state department today by A. Vouras, charge of the Greek legation. The communication sets forth at length the efforts of Greece to maintain neutrality and gives notice that the Greek government "has rejected and will continue to reject this last demand." No official explanation of the causes which led the government to recede from that decision has reached Washington, but from the strong language of the note officials infer that extreme pressure must have been exerted before the arms and ammunition were given up.

During his visit to the state department, Charge Vouras talked over the whole Greek situation with Counselor Polk, but neither had anything to say regarding the conference. It is understood that communications similar to those addressed to the United States have gone to all neutral governments, and that the step was intended primarily to create a proper understanding among neutral peoples of the difficulties in which Greece has found herself.

As presented by the charge the communication was in the form of a copy of a note handed to American Minister Droppers, at Athens on November 18 and signed by Acting Foreign Minister Zolotas.

State Schools to be Investigated.
Santa Fe, Dec. 2.—Rupert F. Asplund, of the Taxpayers' association, leaves on Monday for the State university, the School of Mines and the State college to make a careful survey of the capacities and work of these institutions for the guidance of the executive and the legislature should they ask for information from the association.

BUSINESS COLLEGE ITEMS

Several out-of-town students left this week to spend Thanksgiving at home.

Ernest Hall, a graduate of the University of New Mexico, 116, recently completed a course in the B. B. C. and is now employed in the editorial department of the Evening Herald.

Among the new students who enrolled during the past week were P. H. Hill, of Espanola son of the newly elected superintendent of schools of Taos county.

Miss Camille Pineau is now employed by the Kauffman Coal company of Albuquerque.

Frank Armstrong, who has been with the U. S. Forestry service at Taos, N. M., since finishing in the A. B. S. last summer, has accepted a position with the Putney company, Bernalillo, N. M.

It may interest many former students to learn that the testimony in the Mason case, which has attracted considerable attention, recently was taken by an A. B. C. boy, Elias Quintana. Elias has been working as a reporter in several counties for the past year and his shorthand notes are models of form and accuracy.

Miss Hettie Boylan has accepted a position as stenographer and bookkeeper with the Strong Book company.

Miss May Carmony will take charge of a new department of work soon to be added in the office of the Western Union Telegraph company.

The Literary society has prepared an exceptionally good program for its meeting Wednesday afternoon and for students and friends of the school are cordially invited to be present.

Several excellent records were made in the tests which were conducted during the past week. High mark in typewriting was made by Miss Alma Priole. Sixty-four words a minute, net, for ten minutes; Miss Elizabeth Gilbert made forty words, net, only one error, and has been taking typewriting only eleven weeks; Miss Evelyn Wells made a record of fifty-three words, net, and has been taking typewriting only fourteen weeks; Miss Juanita Armijo's record also deserves special mention—fifty-eight words, net, a minute. All these are records made in ten-minute tests on international typewriting contest matter.

The fall shorthand class, which began shorthand on September 7, passed the amanuensis tests and began dictation Monday, Nov. 27. This state of their advancement is about one-half the course.

Earl Portney, former basketball star on the A. B. C. team, also employed in the U. S. Forestry office, Williams, Ariz., is visiting relatives and friends in this city this week. He reports that Harry Wilson, another basketball player and former A. B. C. student, now employed by the Citizens Bank, Williams, is doing nicely and has recently been given a fine promotion.

Walter Kowalski left Monday evening for Springville, Ariz., where he will accept a position with the Becker Mercantile company. Will Hammett and Miss Della Harris, both former A. B. C. students, are also employed by the Becker company.

Claude Miller is now working with A. Fleischer, real estate and insurance, Albuquerque.

Miss Helen Whitesides has the record of making the most rapid advancement of the September class in the business department and is now just beginning on the accountancy set. She will complete her business course in considerably less than the expected term of six months.

Miss Jessie Mallow, of Belen, spent Thanksgiving at home and will remain there for a few days owing to her sister's illness.

COMPLAINT MADE BY NEW KINGDOM AGAINST CRUELTY

Prisoners Alleged to Have Been Mistreated by "Band of Unionists and Affiliates" at Constantinople.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)

Washington, Dec. 2.—The new kingdom of Arabia, organized a month ago, has begun its diplomatic career with a vigorous protest "to the civilized world" against alleged cruelties of "the band of unionists and affiliates" at Constantinople, who are declared to have treated prisoners brutally. A copy of the communication reached the state department today.

How the United States can respond is a problem, as the department has not yet discovered how the new foreign office can be communicated with.

The United States has no consular and diplomatic representatives in Arabia and has not been able to acknowledge the kingdom's organization. It is certain, however, that no definite action will be taken until the end of the war, since this country is following the theory that any changes in government made now may be overturned at the peace conference.

The full text of the protest, signed by Fuad El Khattib, acting secretary for foreign affairs, is as follows:
Solemn Protest Registered.
"In the name of justice and international law, we enter a solemn protest to the civilized world against the band of unionists and affiliates which inflicted all manner of cruelty on the women and children of the innocent population of Alawah and is now repeating its elaborate acts of cruelty even at Medina, by sentencing to death by hanging and to forced labor."

The echo of these atrocities has been brought to the general in charge of our army of the west, whose Vanguard is in touch with the enemy, by a delegation comprising every class of the people that came to him to appeal to the Arabian government for protection against such inhuman, heinous crimes.

"The Arabian government, which has shown every regard for the Turkish prisoners of El Taif, including the vaal, commanders, officers and soldiers, in spite of the misdeeds committed by them and of their setting fire to the houses of princes, nobles and inhabitants after plundering them, draws your attention to the matter so as to protect itself from blame of any retaliation it may be compelled to apply."

UNIMPORTANT CASES ON TRIAL IN LAS VEGAS

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)

East Las Vegas, N. M., Dec. 2.—D. J. Turner is on trial here, charged with the theft of \$5 from a purse in the house of Roman M. Garcia. The Turner and Garcia families live on the mesa east of Las Vegas, and there has been more or less friction between them for several years, it is stated.

District Attorney Charles W. G. Wara has announced that there will be no more cases set for trial on the criminal docket at this term. Four more cases will be tried. The first one to be called is that of Maximiliano Rodriguez, charged with seduction. "The woman" is said to be several years his senior. Homer James, charged with assault with a deadly weapon, pleaded not guilty. His trial was set for the May term of court.

U. S. to Investigate Cliff Dwellings.
Santa Fe, Dec. 2.—Stephen T. Mather, assistant to Secretary of the Interior, is expected in Santa Fe shortly to visit the Pajarito cliff dwellings and the Bandelier national monument. He is in California at present and has just decided against a proposition to make the mountain range and forest north of Pasadena a national park. He is an enthusiastic advocate, however, of making the Grand Canyon a national park. It is a national monument at present.

State Loan Company Incorporates.
Santa Fe, Dec. 2.—The First State Loan company, of Artesia, Eddy county, filed incorporation papers today with the State Corporation commission. The capitalization is \$10,000, divided into 100 shares. The incorporators and directors are: Bruce P. Williams, of Artesia, but formerly of Santa Fe, 48 shares; Beecher Rowan, president of a bank at Artesia, 45 shares; K. R. Rowan, 2 shares; S. H. Donahoe, 2 shares, all of Artesia.

SANTA FE PERSONALS

Santa Fe, Dec. 2.—Miss Ethel Church, of Washington, D. C., will arrive shortly to visit her sister, Miss Mary Church.

Judge John R. McPhe, president of the Museum of New Mexico, arrives from Gallup on legal business. A. M. Edwards, of the firm of McPhe, Edwards & McPhe, went to Gallup for the same purpose.

NO QUININE IN THIS COLD CURE

"Pape's Cold Compound" Ends Colds and Grippe in a Few Hours.

Take "Pape's Cold Compound" every two hours until you have taken three doses, then all gripe misery goes and your cold will be broken. It promptly opens your clogged-up nostrils and the air passages of the head; stops nasty discharge or nose running; relieves the headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness. Don't stay stuffed-up! Quit blowing and sniffing. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.

If the gift is for a man you should let us supply it.

AMERICA'S ELECTRICAL WEEK

Dec 2 — Dec 9

Give Electrical Xmas Gifts

TWO HUNDRED MILLION DOLLARS will be spent this year for Christmas gifts—an average of two dollars a person. That's America's Christmas budget.

Rich and poor alike will share in the giving of gifts, for Christmas has become not merely a festivity of the wealthy, but an opportunity for the most humble of us to rejoice and give.

In the old days gifts were matters of luxury. Nowadays people give things which are not merely enjoyable but useful.

Formerly how limited was the choice of gifts! A box of cigars for father, a box of candy for mother, a book for sister, a picture-puzzle for little Johnny, a doll for Mary, and a toy or two for the baby.

We still have these things on our lists, but also we look about for things that are useful, things for which our friends may remember us the whole year 'round.

That's why a "Electrical Christmas" would be most novel and fascinating.

America's Electrical Week this year comes just before the Christmas holidays, December 2 to December 9. This is your opportunity to choose Electrical Gifts.

There is a real Christmas atmosphere about Electrical gifts.

Though a good many people think of Electrical gifts as luxuries, they are necessities people can enjoy as well as use. Folk who enjoy a quick but substantial breakfast without bother or work may be made surprisingly happy with an electric toaster, or grill or percolator. These things, as well as the electric chafing dish, are wonderfully acceptable gifts to the housekeeper who likes to do things efficiently.

For the children there are dozens of electrical toys which have a fascination which only electrical things can have. In fact there is a special electrical gift suitable for the whole family. Perhaps it is an electrically played piano or phonograph, or an artistic lamp, or one of those indispensable flash-lights, an electric flatiron or a vacuum cleaner.

Whatever it is, get it electrically if you can and increase the usefulness and appropriateness of your gift.

"77" Humphreys' Seventy-seven For Grip, Influenza COLDS

"WATCH YOUR SNEEZE!"

An eminent physician says: "A misstep is unfortunate, but a random sneeze is one of the most dangerous things we have to consider. Take a person who, through lack of sleep, hunger, sorrow or exposure to the elements is susceptible, add one explosive sneeze and you have at least one call for a doctor. No one wants to spread disease, and this is the ideal time to watch your sneeze."

To get the best results to break up a cold, take "Seventy-seven" at the first sneeze. If you wait until the cold becomes deep-seated, it will take longer. Price 25c, at all Drug Stores or mail order.

Humphreys' Homeo Medicine Co., 155 William street, New York.

Here's a Christmas Suggestion

For your mother, daughter or sister, or, a husband's gift to his wife—a Hoosier Cabinet. It will save hours and hours of extra work—it will save time, the most valuable thing she has.

Think of her happiness Christmas morning when she realizes that she has a Hoosier to help her in her work—a Hoosier that will give her more time out of the kitchen—more time to do more enjoyable things.

Three times a day for a life-time this cheerful servant will save her miles of steps—can you think of anything on earth that will bring her more real enjoyment and pleasure?

Enormous factory output makes Hoosier prices very low—in a variety of styles you will find some of them to be surprisingly low—and the terms are so easy, anyone can meet them without missing the money.

Come to our store and see the actual cabinets—let us demonstrate the Hoosier's many exclusive conveniences—you will not be obligated if you decide not to buy now, but at least come in and investigate.

Santa Fe Society Notes

OVER THE ROOFS.
While the sweeping desert stretched away about me,
Splendid with awful solitude and night,
How my human spirit craved your
spheres and chimneys
To shield me from the vastness of the night.

New I lean forlornly from my turret window
Crying at your ever closing bars,
Languishing for the vision of the purple
meadows
To lift me to the rapture of the stars.
—Hose Henderson of Silver City.

BANQUETING AND FEASTING.
To enumerate the social gatherings of the past week, during the presence of the teachers, would be quite a task. To describe them all is out of the question. It is only the more general affairs that can be mentioned. These included more banquets than Santa Fe has ever witnessed before in so short a time. Possibly, most recherche of all, was the banquet of the Science Association for New Mexico on Monday evening in the library of the Palace of the Governors. This much is certain, that seldom have so many celebrities gathered around one festive board in New Mexico, that is, celebrities whose pedigree is given in "Who's Who." The Burke's pedigree of American democracy. It was also the first time in many years that a banquet was served within the venerable precincts of the historic old palace. Covers were laid for forty-two, and the guests included not only the scientists, but also the members of the Santa Fe art colony. Professor John D. Clark of the University of New Mexico was toastmaster. In his preliminary remarks, he dwelt upon the benefits conferred by membership in the Science association, the desirability of understanding each other's problems, of good fellowship, of getting out of the narrow lines that prevent men from seeing or recognizing what the other fellow is doing. He advocated a survey of science teaching in the high schools and a movement to standardize the science courses. Particularly pleasing was the toast of Professor T. D. Rodgers of the New Mexico Normal university. He made an earnest protest against the American habit of exaggeration, the excessive use of superlatives that leave no adjectives to use for the same men and women who can see straight. Too much sugar in the julep, he characterized it, and he deemed it part of the function of the Association for Science to establish standards for comparison, standards of sanity. Then he spoke of the intellectual stimulus, given by such institutions as the Museum, the School of American Archaeology, the art colony, which argue so much for the present and the future of New Mexico. It is the lack of such intellectual stimulus, which has been noticeable in America. He predicted that the association would become a center of better and productive scholarship. Professor A. F. Barnes of the State college dwelt upon the changing condition that the war has brought to the technical industries and pleaded for the efficiency that characterizes European countries. Prof. T. C. McKay of the School of Mines made a witty response. The election of officers, then took place, resulting in the choice of Paul E. F. Weller for president, A. F. Barnes, first vice-president; J. B. Brownlee, second vice-president; P. A. O. Wooten, third vice-president; Dr. J. D. Clark, secretary; R. W. Goddard, treasurer; Dr. C. T. Kirk, T. C. McKay and Dr. Rodgers, ex-officio. The banquet was served by the Aid society of the Presbyterian church. The banquet hall was decorated most attractively with white carnations and bands of smilax, while candles in brass candelabra furnished the illumination.

Schoolmasters' Club.
The same evening, the Aid society served the banquet of the Schoolmasters' club, in the public library assembly room. The plates numbered thirty. The banquet had been arranged by President E. L. Enloe, of Silver City. The guests of honor were Dr. Carroll G. Pearce of Milwaukee; Governor W. C. McDonald; P. D. Slutz of Pueblo, Col.; Prof. Hiram Hadley of Mesilla Park, and President Boyd of the University of New Mexico. Each of them responded to toasts as did also Prof. J. H. Wagner, M. L. Fox, and others.

THE NORMAL BANQUETS.
On Tuesday evening the two normal schools held their banquets, the Normal university at the library, and the Silver City school at the Masonic cathedral. At the former, 127 guests sat down to the tables, and at the latter 117. Violets and purple ribbons were the classy Normal university decorations.

THE CARL HORG PAINTINGS.
Exquisite are the paintings of Carl Horg, the California artist, who is at present visiting the estate of Mrs. W. R. Hearst. A collection of these various sizes, painted in the southwest, will be exhibited in the reception room of the Palace during the coming week. They deal with scenes in the Navajo country principally. The cliff dwellings in the Canyon del Chelly, the pueblos of the Moghuls, the buttes of the Painted Desert, all furnish subjects, treated with a delicacy, and yet strength, that is altogether charming. The pictures are especially pleasing. The Santa Fe exhibit, which closes this week, has proved the most popular ever given and was visited and seen by more people than any previous display of paintings at the Old Palace.

THE RACE.
I ride the wind; I feel the storm
king's blast;
My life in flame; my soul in whirl-
wind's east;
To nameless dust; to mingle with the
past;
O restless heart, sweep on.
What ho! the night; the shadow and
the dark;
Forgetful of light; no guardian of
the spark;
Lone spirits dwell; and hushed the
song of lark;
But, restless heart, sweep on.
Here roses twine; here garlands
wreath my head;
Here laughter's wine; here dancer's
merry tread;
There asphodels; the channel and the
dead;
But, restless heart, sweep on.
To live apace; to feel life's every
throb;
To kiss thy face; nor care for man
nor God;
The fleeting race; then rest beneath
the sod;
But restless heart, sweep on.
—Myron R. Luginbill, Silver City, N. M.

COMING AND GOING.
The country of the great output of poetry, some of it good and all of it with the tang of the open spaces and mountains, which has been coming from Silver City lately, was solved this week as far as Santa Feans are concerned, when they met Miss Rose Hen-

AT ONCE! STOPS STOMACH MISERY AND INDIGESTION
"Pape's Diapesin" makes sick, sour gassy stomachs feel fine.
Do some foods you eat hit back—taste good, but don't help; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, jot this down: Pape's Diapesin digests everything, leaving nothing to sour and upset you. There never was anything so safely, so certainly effective as this difference how badly your stomach is disordered, how you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.
Most remedies you use to relieve some-times—they are slow, but not sure. "Pape's Diapesin" is quick, positive and puts your stomach in a healthy condition so the misery won't come back.
You feel different as soon as "Pape's Diapesin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.
Go now, make the best investment you ever made, by getting a large 50-cent case of Pape's Diapesin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.

Sunday Services at the Church.

ST. JOHN'S CHURCH.
Rev. E. N. Bullock, pastor.
First Sunday school, 9:45 a. m.
Holy Communion, 10 a. m.
Sunday school, 9:45 a. m.
Holy communion with sermon, 11 a. m.
Confirmation class, 3:00 p. m.

FIRST BAPTIST CHURCH.
Corner Broadway and Lead avenue. C. T. Taylor, pastor, 304 South Walter street. Phone 1465.
Decision day in the Sunday school at 9:45 a. m.
Special illustrated sermon to children.

Person of the Silver City Normal school, Miss Henderson is recognized by the big magazines as one of the poets of great promise of the present day. The big magazines such as The Forum, The Atlantic, The Evening Post, from time to time print verses. The little poem, "Over the Roofs," in these columns, is from her pen and first appeared in the New York Evening Post. Miss Henderson read a paper before the library section at the Old Palace on Monday, which besides being a literary gem, was full of practical thoughts. She has a most attractive personality and for one so young, the fame she already has won in literary circles must be very gratifying.

Miss Grace Simmons, who has been in Santa Fe the past few weeks writing stories and sketches for Colliers, left on Friday evening for El Paso. Colonel and Mrs. Ralph E. Twitchell are home from a visit to Oklahoma City, Kansas City, Chicago, Springfield, Ill., and Iowa. Everywhere they were recipients of much social attention. Colonel Twitchell delivered several lectures on New Mexico and its beauty and romance. In several instances his audiences, exceeded his number.
Dr. Edgar L. Hewitt arrived on Monday evening from San Diego and attended the Science banquet, leaving on Tuesday evening for Washington, D. C., on matters of utmost importance to the School of American Archaeology. His paper read before the Science section will be printed in monograph form.

THE HOOLIES.
R. R. Larkin of Las Vegas was again the chief funmaker at the session of the Hoolies on Tuesday evening. Among the distinguished initiates was Governor W. C. McDonald. The original songs, set to familiar tunes, were sung with uproarious enthusiasm.

THE MAKER OF DREAMS.
On Friday evening, Miss Ruth Rollins, assisted by Ferdinand Koch and E. J. Ward, before a fashionable audience at the Elks' theater, gave "The Maker of Dreams," a one-act play that has made a hit in the large cities from New York to San Francisco, and was enthusiastically applauded by Santa Feans. Assisted by Harold Hamill, Miss Rollins also rendered "A One Word Play," a unique and amusing presentation. Mrs. Ramona Rollins Wylie sang songs, both classic and modern, and the dancing was given rapturous accolades. The scenery and costumes for the "Maker of Dreams" were in black and white, and were stunning.

EL DIA.
A zephyr wandering idly by,
The mountains rimmed with bands of gold,
Mirages scattered on the plains—
The sun has risen o'er the ridge.
The sagebrush, motionless and still,
The rattler lying in the sand,
The prairie shimmering in the heat—
The golden sun holds away at noon.
The shadows moving toward the east,
The sky with flaming colors bright,
The twilight softly deepening—
The mountains guard the sleeping earth.
—Frederika Greenberg of Silver City.

Open at 11 a. m. Subject, "The First Miracle of Jesus." Special music by the Junior chorus.
Evening worship at 7:30. Subject, "The Temptation of Jesus."
Sunday school, 9:45 a. m.
Junior B. Y. P. U. at 6:30 p. m.
Mission Sunday school, Seventh street and Mountain Road, at 3 p. m.

Take Hall's Family Pills for constipation.

CAPE-COLLAR AND HAT MUST MATCH WITH THE MUFF

Vogue in Paris Seen in Latest Displays of Fashion in New York; Embroidery Trimmings Are Still Popular.

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)

New York, Nov. 26.—It is within the reach of everyone to have one of the smart little sets consisting of cape-collar and muff which are considered such good style now. Of course, they can be just as expensive as you like if you are going to have them of some costly pelt; but on the other hand a little ingenuity, a little velvet or plush and a few bands of fur, and you may have a set as distinctive as any of the Parisian importations. In Paris they are wearing these sets in a variety of charming models and in New York, too, a walk on the avenue at the hour when fashionable women are out reveals numbers and numbers of them, leaving no doubt as to their popularity.

One of the many attractive styles is pictured here worn with a one-piece fox-plated dress of serge. They are very often used in this way; for instead of wearing a suit, a warm woolen dress or a broadcloth overcoat with one of these capes is quite enough protection from the cold. The cape-collar in the sketch, or pelorine as it is sometimes called, fastens at the side instead of in the front as the majority of them do. It is laced with heavy cord or grosgrain ribbon from

Set of Cape-collar, Hat and Muff Worn With a Serge Dress.

the high standing collar to the point of the cape. The melon-shaped muff that goes with this collar is one of the most popular models for winter. A band of fur encircles it in the center. Of black velvet or plush banded with skunk this set would be decidedly stunning and could be worn with a dress or a suit of any color.

The vogue of these shoulder capes is so great that there seems to be an endless variety of them. While some of them just cover the shoulders, others reach the waistline, and some go even below it. Hudson seal is one of the favored furs for them, and is often effectively combined with ermine; perhaps a collar or just a band around the neck gives the necessary contrast. Kolinsky, mole and taape are other furs employed for these charming sets. In a great many instances there will be another addition to these sets in the shape of a hat, generally a tam-o-shanter or a turban. Hats it is noticed, have not escaped the craze for fur. There are many turbans entirely of fur and numerous hats of other styles on which fur appears as a trimming.

Fur banding as a trimming on dresses is no less popular than it was last winter. It seems to have a place allotted to it on every dress and appears with equal persistency on the elaborate gown for evening and on the day-time frocks.

Plaids for Dresses and Waists.
Among the new dress materials plaid silks and plaid wools are quite prominent. In developing most frocks the plaid is frequently combined with a plain material matching either the background or the stripe in the plaid as in the model illustrated here. This dress shows the popular surplice overblouse and loose panel at the front and back of the skirt. The overblouse is finished at the side with a large square buckle, and the tiny surplice vest of fine Georgette crepe is pinned edged. The band of fur on the skirt is placed at the sides only instead of all around, illustrating one of the newest arrangements which is worthy of note.

EMBARGO LIFTED; STOCK DISEASE NOT FOUND

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Kansas City, Mo., Dec. 2.—An order to remove the embargo on shipments of livestock from the Kansas City stockyards was received from Washington today. The embargo was placed on the yards recently on account of suspected cases of foot and mouth disease among cattle in the central west.

Thorough disinfection of the yards under the direction of federal authorities will precede the actual lifting of the embargo. Normal shipments of livestock are expected to be resumed Monday.

The order from Washington followed the announcement yesterday that Dr. Adolph Eichhorn, chief of the pathological department of the bureau of animal industry has found the disease suspected of being the foot and mouth disease was not such, and that animals held for examination were suffering from stomatitis.

MINISTER PREACHES HIMSELF OUT OF FEE
(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Washington, Dec. 2.—The Rev. Dr. Randolph H. McKim, of the Church as had been expected, at the marriage at noon today of the Baron von Schoen, secretary of the German embassy, and Miss Catherine Birney, daughter of the German minister to this city because the German minister had had disapproved himself by his Thanksgiving day sermon, in which he assailed the Germans for the deportation of Belgians. In his sermon the doctor declared, "To all their outrages against civilization, the Teutonic powers have now added the infamous crime of enslaving a whole population."

The wedding was attended by Count von Bernstorff, Countess von Bernstorff and members of the embassy staff. Baron von Schoen is about to be transferred to Mexico.

Didn't Know It Was Loaded.
Hardin, Colo., Dec. 2.—When William Van Wyke, 11 years old, returned from a hunting trip today with his brother he thought the shells were taken out of all the guns they had used. In fact, he pointed one of them at his sister, Nettie, aged 5, and a forgotten or overlooked cartridge was discharged, killing the little girl. They are the children of Jan Van Wyke, a farmer living near here.

BAD COLD? TAKE 'CASCARETS' FOR BOWELS TONIGHT

They're Finest Liven Your Liver and Bowels and Clear Your Head.

No Headache, Sour-Stomach, Bad Cold or Constipation by Morning.

Get a 10-cent box. Colds—whether in the head or any part of the body—are quickly overcome by urging the liver to action and keeping the bowels free of poison. Take Cascarets to-night and you will wake up with a clear head and your cold will be gone. Cascarets work while you sleep; they cleanse and regulate the stomach, remove the sour, indigested food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels. Remember the quickest way to get rid of colds is one or two Cascarets at night to cleanse the system. Get a 10-cent box at any drug store. Don't forget the children. They're often the Candy Cathartic and it's just this that is needed to drive a cold from their little systems.
