NUMBER 241.

WAR WITH GERMANY.

Austria Wants to Know if Dewey Was Correctly Reported

Destructive Storm at Mobile, Ala., and Vessels Wrecked.

Ex-Governor Altgeld Gives His Views on Democratic Platform.

Spain Trying Her Officers

Washington, Aug. 5.—Regarding the published statements accredited to French papers to the effect that the Austrian government has made a demand on Admiral Dewey to confirm or deny his alleged statements to the effect that our fleet was not in Manila, the state department officials point out that it would be a great breach of diplomatic propriety to communicate on the subject with a United States naval officer directly and outside of the lawful course. It would moreover be a matter of complaint should Austria have to address Admiral Dewey on a matter relating entirely to Germany and the United States.

Storm in Alabama.

Mobile, Ala., Aug. 5.—The Mobile Carrielle steamer Alpha is safe, having reached Carrabelle the day after the storm. Fourteen large vessels were wrecked upon the beach. Houses were unroofed, some overturned and everything was in great confusion. A hotel of fifty-two rooms was blown away, save one room that was left with the floor and two walls. But two houses remain, and nearly all are damaged beyond repair. Sticks of timber from yards on the river were blown 500 yards and through the sides of some of the houses. Mercantile stocks at Carrabelle were wholly ruined. Starvation for the poorer classes and nakedness for the poorer, as even their clothing was blown away.

Dynamiter Altgeld Talks.

He Does Not Think Much of Free Silver

Chicago, Aug. 5.—Replying to the question, "Should free silver coinage at 16 to 1 be the paramount issue next year?" ex-Governor Altgeld said: "No. Not any more than any other one of several issues. Out in the great labor districts, government by injunction forces aside all other issues. With other people, other matters are paramount, as for example, imperialism, Anglo-American alliance, and so forth. I would simply put into the platform a declaration reaffirming the monetary policy heretofore advocated by the democratic party. Other old issues should be treated in the same way, while new issues should be handled more in detail for the purpose of making the position of the party clear."

To all of Spanish Officers.

Madrid, Aug. 5.—The supreme council of war deliberated to-day over the judgment in regard to the surrender of Santiago to the American troops. The verdict will be rendered to-morrow. It is expected that the accused officers will be acquitted. It is said that the public prosecutor has submitted a report demanding that imprisonment for life be imposed on the Spanish officers responsible for the surrender of Manila.

Bank Statement.

New York, Aug. 5.—Weekly bank statement: Surplus reserve decreased, \$2,000,000; loans, decreased, \$6,428,000; specie, decreased, \$3,837,000; legal tenders, decreased, \$1,022,800; deposits, decreased, \$12,239,000; circulation, increased, \$180,000. The banks now hold \$8,110,000 in excess of requirements.

Yacht Race.

Newport, R. I., Aug. 5.—The yachts Navaho, Defender and Vigilant started in a race to-day for the prize offered by the Newport Yacht Racing association. The Columbia had been expected to start in this race, but did not. The boats got away about 12 o'clock. Weather at time foggy.

Heat and Croker.

Southampton, England, Aug. 5.—Among the passengers on the St. Paul, which sailed to-day for New York, were Thomas B. Reed, ex-speaker of the United States house of representatives, and Richard Croker.

Yellow Fever.

Washington, Aug. 5.—The marine hospital service had no news up to noon to indicate any further spread of yellow fever around Hampton.

Home from Europe.

New York, Aug. 5.—Senator Wolcott, of Colorado, Ed. Sloane, jockey, "Fiddler" Palmer, pugilist, and Israel Zangwill, arrived here to-day on the Campanian.

Money Market.

New York, Aug. 5.—Money on call, steady at 3 per cent. Prime mercantile paper, 4 1/2 per cent.

Silver on Loan.

New York, Aug. 5.—Silver, 50 1/2c; gold, \$4.35.

Plot in Austria.

Salsburg, Austria, Aug. 5.—Renewed disorder here yesterday evening, the demonstrations in the streets after a

Gold Certificate.

Washington, Aug. 5.—The treasury has given orders for printing gold certificates with a view of resuming their issue if needed in the movement of fall crops, as at present indicated.

No New Deaths.

Newport News, Va., Aug. 5.—There were no deaths and no new cases of yellow fever at the Hampton Soldiers' home to-day.

The Helen Fire.

The Citizen's Correspondent Sends Additional Details by Mail.
The fire today received the following by mail of the burning of Fred Scholle's store at Helen, on Thursday night, the telegraphic account of which was published in last evening's paper: "Helen, Aug. 4.—At 7:30 o'clock last night a heavy shower of rain, accompanied by lightning, came down, and at 8 o'clock lightning struck the store of Fred Scholle. The gentleman, coming home from his garden, discovered his building on fire, and immediately gave the alarm. The mocking bird whistle at Mr. Becker's mill and the Lutheran and Catholic church bells soon called all the people of the village from their homes to render all the assistance possible in fighting the flames. Mr. Becker's hydrants furnished the water, as Scholle's tank was not high enough to force the water, and was, therefore, useless. The roof of the building, being made of tin, the water did not reach the fire. The flames made the more rapid headway as they were fanned on by a hard blowing wind. Although the rain fairly poured, it checked the progress of the flames to no perceptible extent.

"When it became evident that it would be impossible to save the building itself, a salvage brigade was promptly organized to save everything possible from the store of goods in the store. A loud piercing cry from the people on the outside—'Come out, the building is coming down'—summoned the brave men in the burning store into the open air again, but they all came carrying heavy loads of goods on their shoulders and in their arms. The saved goods were, however, few in comparison with those that were destroyed.

"At about 12 o'clock some of the lumber in the walls was still burning, but all danger of the flames spreading to neighboring buildings was over.

"Mr. Becker and his dozen employees are deserving of great credit for the admirable and fearless manner in which they came to Mr. Scholle's assistance, as do also the balance of Helen's male population, who, to a man, rendered willing and cheerful assistance.

"Where yesterday stood one of the most handsome and magnificent structures in New Mexico, to-day stand the blackened walls and smoking ruins, a gloomy and mournful monument to an awful catastrophe.

"Neither the building nor the stock was insured, so Mr. Scholle suffers a complete loss."

Low Rates to Mexico City.

The Mexican Central railway will sell excursion tickets from El Paso to Mexico City and return, July 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, and August 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, at \$25 United States currency, for the round trip. Tickets good for thirty days from date of sale and allow stop-overs. For further information write B. J. Kuhn, commercial agent, El Paso, Texas.

J. B. Bird, Grandbury, Texas, a Brother of Mrs. M. J. Bird, came in from the south last evening. The gentleman is here for a visit and to try the health-giving properties of New Mexico's climate.

Mrs. Jesse Robins, a daughter of Mrs. W. K. Talbot, who has been spending several weeks very enjoyably in New Mexico, returned to her home in Marquette, Mo., last night.

ALBUQUERQUE, — AUG. 5, 1899

More buildings are being erected this summer in Albuquerque than ever before in the history of the city.

The Durango Democrat says: "Building the Santa Fe cut-off will add very materially to the population and prosperity of Albuquerque."

The American who sold rifles to the Filipinos to be used in shooting American soldiers, should be set up as a target and experimented upon with a dum-dum bullet.

The United States is still expanding. The latest move is to acquire coaling stations near the Straits of Coaling. It will be a long time before the world before long that does not somewhere by the stars and stripes.

Three regiments in the Philippines, those from Tennessee and Nebraska, and the Sixth Infantry, lost their colonies in action, and the colonel of the Pennsylvania regiment died on the way home ward across the Pacific.

The Mexican Herald says that exports of English railway iron and steel to Mexico for the first half of the current year were 5,577 tons, worth \$28,041, compared with the similar period of 1898 when the exports were 5,557 tons, worth \$25,793.

In Philadelphia last year there were 60,000 persons arrested for crimes and misdemeanors; in Chicago, 53,000. Chicago employs 3,300 policemen; Philadelphia only 2,500. The number of arrests for drunkenness and disorderly conduct in Chicago was 11,000; in Philadelphia 27,000.

The El Paso Times says: "Albuquerque is putting forward its best efforts to make its next fair a big success." The people of the Pass City, with its fine amateur baseball club, its sports and races, and its up-to-date like riders are invited to visit the territorial metropolis the third week of next month, and take part in the festivities.

Every city and town of any consequence throughout the country are making big preparations for a carnival and street fair, with interesting side events, this fall, and still Albuquerque's only millionaire writes a deplorable letter about the decadence of the town and the utter lack of any enterprise by its business men. Wonder if horse races would save the city from its fast approaching degeneration?

It is announced that after several years consideration the Pennsylvania Railroad company has decided to create a pension fund for the benefit of its employees. The details are not as yet made public in full but it is understood the age limit for compulsory retirement will be 70 years and that employees who have served the company thirty years will be entitled to the benefits of the fund, all allowances to be based upon length of service and the average wages received.

BIG BUSINESS.
 The net earnings of the Santa Fe system for the month of June were \$1,191,663, an increase of \$50,054 over the net earnings of the same month last year. For the twelve months of the fiscal year ending June 30, the net earnings of the system were \$12,966,817, an increase of \$2,199,053 over the net earnings of the preceding period of the preceding fiscal year.

ENORMOUS TAXES.
 The internal revenue collections for the entire country for the fiscal year ending June 30, 1899, amounted to \$273,481,582, which represents an increase of \$102,617,767 over the receipts of the fiscal year of 1898. Illinois leads all the states in the amount of her contribution to this enormous fund, the collections for the state aggregating \$17,550,529, which was \$700,000 greater than that of New York and \$24,000,000 greater than the collections in Pennsylvania.

RECEIPTS FOR JULY.
 The total receipts for July 1899 have been \$18,300,000, as against \$14,000,000 for 1898; a gain of \$4,300,000 from following resources: Internal revenue, \$28,000,000; a gain of \$2,000,000; customs, \$16,071,000; a gain of \$1,000,000; miscellaneous, \$2,700,000, also a large gain. The expenses for July were only \$56,000,000, a decrease of \$16,000,000 from July of last year, and were it not for the war in the Philippines the receipts would more than equal the expenses, with a good surplus in the treasury.

COAST STRONGLY FORTIFIED.
 General Wilson, chief of engineers, has been receiving reports from the engineer officers upon the fortification work accomplished during the past fiscal year. The reports, which show gratifying progress, cover works upon the Atlantic coast. Besides the regular annual appropriation expended upon fortifications, there were available funds from the appropriation of \$50,000,000 for national defense just before the war with Spain. These appropriations being available, the engineer corps has been able to make rapid progress in the way of completing fortifications which were under way and in beginning new projects.

The coast defense of the United States is now in such a state as to make the country well protected.

DEATH ON THE RAIL.
 The figures presented by the interstate commerce commission indicate that during the past fiscal year there were more lives lost at home in the peaceable calling of transportation than during the war with Spain in Cuba and in the Philippines combined. There were 6,870 killed and 48,882 wounded. Of the killed 221 are classed as passengers, 1,958 as employees of the railroads, and 4,789 as "others." The report also shows that of the total number of casualties 6,588 were due to the dangerous work of coupling cars. The Denver Post adds: "There is

such a thing as an automobile conpler, and there is also a law in existence compelling railroads to attach them to their cars, but the law, one reports to say, is not working automatically. Time and again the interstate commission has deferred its enforcement, with what results is seen by its own report. It must be cheaper to kill and maim railroad employees than to equip the rolling stock with automatic couplers."

Of the nineteen lieutenant-generals Confederate States of America, but seven still survive; of the eighty-one major-generals, Confederate States of America, only sixteen are now in life, while of the 355 brigadier-generals, Confederate States of America, only 92 still linger in the land of the living. In other words, of the 473 Confederate general officers only 115 still remain.

The heaviest foreign immigration this country has ever known was the 388,002 of 1892. At the present rate of increase the figures for the coming fiscal year will be 500,000.

The International Automobile Race, France claims to be four years ahead of America in the manufacture of automobiles, and naturally expects to win. So did England in '70 and Spain in '78. Well, we shall see the result. It is the real criterion. Judge automobiles, medicine or anything else by their works and you will not go astray. Take Houdy's stomachic, for instance. Behind it is a fifty-year record for cures of stomach ills. There are innumerable imitations of it, which by their failure to do what this medicine does, only enhance the value of Houdy's stomachic. It will cure dyspepsia, indigestion, constipation, biliousness and nervousness. That private revenue stamp covers the neck of the bottle.

TALK IS CHEAP.

Albuquerque Newspaper Man With "Experience" at El Paso

Some time ago Albuquerque parties came to El Paso and talked of buying a newspaper in this city, but they had neither money nor backing and appeared to be looking for something for nothing. They very naturally they did not get. Having failed in the effort to buy or "acquire" one, any or all of the newspapers of the city, it appears that a good deal of Albuquerque is now being devoted to "concocting" with the intention of a franchise search for backing to start some kind of a paper here, no matter what kind. Just as somebody can be found to do the back and with sufficient cash and the willingness to put it up against some other fellow, "experience" in the newspaper business. Fortunately for the newspapers already established in the city, no one man or set of men have a "corner" on "newspaper experience." It is more than likely that there will be no newspaper districts of the local newspaper situation right now, especially by any party or parties whose only stock in trade is "experience," and whose record of records in the newspaper business is not held out as a beacon light to the seeker of newspaper success. The real truth is that it is not the citizens of El Paso are not going to encourage any further newspaper ventures in this city. El Paso now has three daily newspapers, and it is not what they ought to be there is no person so simple minded as to believe that another daily newspaper here would improve the condition of the city. Talk is cheap, but won't run a newspaper—talk won't print bills and it won't make something out of nothing. —El Paso Graphic.

TO CLEANSE THE SYSTEM.
 Effectually yet gently, when constive or bilious, to permanently overcome habitual constipation, to awaken the bowels and liver to a healthy activity, without irritating or weakening them, to clear the blood, colds, or fevers, the "Syrup of Pileps" made by the California Fig Syrup Co.

H. S. KNIGHT.
 writes: "I have a 25-horse power boiler. Has for sale a fine Jersey cow, two large show cases, a magnificent black milch cow, complete; four bean tins, one in fourth second street, one opposite park, another block west of park and one on south 10th street in Highland; also some special bargains in real estate and improvements that must be sold at once. A 750 gallon Studebaker tank, mounted on splendid running gear, all new; five stumps mill, and considerable lot of gold, silver, jewelry, a family surrey, phonograph, piano, safe, bar fixtures, billiard and pool tables, bowling alley, etc. I will pay the highest price for second hand furniture and attend to any business for a small commission. Auction sales and abstracting titles a specialty."

H. S. KNIGHT, Auctioneer.

The Best Remedy for Flu.
 John Mahablich, a well known stock dealer of Pulaski, Ky., says: "After suffering for over a week with flu, and my physician having failed to relieve me, I was advised by Dr. J. H. Chamberlain's Cough Remedy, and have the pleasure of stating that the half of one bottle cured me." For sale by all druggists.

Relieves corns and bunions of all pain and gives rest and comfort. Try it today. Sold by all druggists and shoe stores for 25 cents. Trial package free. Address, Allen S. Olmsted, Lakay, N. Y.

FORTHCOMING FAIR.

Some of the Great Events to Come Off in This City.

Base Ball Tournament, Bicycle, Foot and Horse Races.

Grand Mineral Display — Balloon Ascensions — Fireworks.

MIDWAY PLAISANCE BIG PARADES.

At the approaching carnival and street fair, to be held in this city in the third week in September, a large plot of level ground, almost in the center of the city, has been secured for a series of base ball games between clubs representing towns of New Mexico and Arizona, and El Paso, and the fair association wishes the clubs, who are now arranging to compete for the liberal prize, divided into three parties, that all professionals are barred and that the playing members must be bona fide residents of the towns they represent at least forty-five days before the beginning of the tournament.

The "bar against professionals" holds good also in all running events, such as bike races, foot races, horse races, etc., for the executive committee of the fair association is determined to keep all money to be given for these events among the people from whom the fair derives its greatest support.

While these running events are down on the program to come off during fair week, the visitors to the city in September must remember that they are only a "drop in the bucket" to what will be seen at the fair this fall.

The pretty May pole dances will be given on two afternoons, and the "human dog" or some other pretty design, represented by little boys and girls, will constitute one of the many handsome floats in the big parade display and parade.

There will be balloon ascensions and parachute leaps every afternoon, and arrangements are being made to have balloon ascensions and parachute leaps, by the searchlight process, at night, and while these night events are in progress handsome fireworks will be kept in motion to help interest the many visitors.

During the entire day, from early morning till late at night, the midway plaisance will be a living panorama of novel events, where music will be kept up by brass and string bands, and where jubilee singers, snake charmers, fortune tellers and acrobatic Oriental misses will be in their glory.

There will be an exhibition hall, not as large as the big convention hall recently christened at Kansas City, but large enough to make a fine display of minerals, fruits, vegetables, etc., and where ladies can make displays of fine embroidery and textile work, art and paintings; in fact, everything pretty and ornamental.

The city will be handsomely decorated, arches of "welcome" illuminated by electricity, will be erected on the principal thoroughfares of the city, under which the big parade display and parade will pass, and, again, besides all these things to be put into execution by the fair association, merchants are now personally mapping out designs for their booths and for the decoration of their outside booths and stores.

The costume bicycle parade will take place on the afternoon of funny day—Friday, September 22, and the carnival will that night. Many are now preparing for these events, and the costume parades of the night and week will be several for some unique costumes.

Just think of it! All these outside events can be seen "free of cost," and they will all take place on the broad avenues and streets of Albuquerque.

Chamberlain's Cough Remedy has saved the lives of thousands of troupy children. It is without an equal for colds and whooping cough. For sale by all druggists.

No Bull Season for Us!

July and August are usually dull months and would be so with us, if we did not tempt the trade with such goods as our 410 suits and Hagan shoes at \$2.99. See them. It will do you good. Simon Stern, the Railroad avenue clothier.

Remember! Remember!

Mrs. Michael Curtin, Plaisance, Ill., took the statement that she could not get along, that she had been in bed for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption, and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption. She bought a bottle, and to her delight found herself benefited from the first dose. She continued to use, and after taking six bottles, found herself sound and well; now does her own housework, and is as well as she ever was. Free trial bottles of this great discovery at J. H. Kelly & Co's drug store. Only 50 cents and \$1.00 every bottle guaranteed.

San Pedro Mine.

Mr. and Mrs. John Mackelson, of San Pedro, were visitors in this city today, and returned home this afternoon, says the New Mexican. Mr. Mackelson, who is manager of the San Pedro mine, is put-

ting up a mill for the treatment of ore. The engine is in position, and over 1,000 tons of ore, assaying \$10 to \$12 per ton, is on the dump ready for treatment. Mr. Mackelson said that recently a serious accident occurred in the Gold Standard mine. While a man was standing on a ladder it broke and he fell fifteen feet, breaking several ribs and fracturing his skull.

Engineers Giving Work.
 From the number of engines which are being sent west, it would look as though business on that part of the Santa Fe system was on the increase, says the Topeka State Journal. There have been on the average four or five engines sent there each week. Of course several are sent to replace those which must go into the shops for repairs, yet there is a large balance of the engines which are sent west.

The new Baldwin engines, both freight and passenger, are being sent west as fast as they are received at the shops here and proven to be all right on their trial trips.

LAGUNA LACONICS.

Special to The Citizen.
 Laguna, N. M., Aug. 4. — C. F. Lunnis and little daughter, of Los Angeles, Cal., are at Laguna for a few days' visit.

Col. W. G. Marmon transacted business in Albuquerque on Thursday.

Dr. C. E. Lukens, wife and little son, left on Thursday for a short pilgrimage through Old Mexico. They expect to take in all of the principal places of interest, and will go as far as Mexico City and Vera Cruz. They will be absent about three weeks.

Miss Josephine Ford, a lady prominent in art circles in New York, has been staying in Laguna for several months for the purpose of glazing their native pottery. The Santa Fe Pacific railroad has recently granted her a plot of land, and she will now erect a kiln of the most complete pattern for more thoroughly burning their pottery. This work is to be perfectly free of cost to the Indians, and the kiln, when completed, will be given to them free of charge.

Miss Ford and the company of philanthropists of the east who are supporting the work are to be commended for their interest in and kindness to the poor Indians who are trying so nobly to support themselves.

Radol Dyspepsia Cure thoroughly digests food without aid from the stomach, and at the same time builds up and restores the diseased digestive organs. It is the only remedy that does both of these things and can be relied upon to permanently cure dyspepsia. Barry's Drug Co.

GRAND ANNUAL PICNIC.

O. C. Columbia Benevolent Society, Sunday School and Young Men's Association.

The annual picnic of the O. C. Columbia Benevolent Society will be held at Columbia park on Sunday, August 27. The park has a superb landscape of large trees, getting shaded, while through the park and stands and booths will be appropriately decorated with evergreens. Therefore there will be plenty of shade and good music in abundance. Excellent accommodations will be provided for those desiring to dine, which amusement will start early in the day and continue late in the night.

In connection therewith, fireworks, foot racing, climbing the greased pole, etc., will be the order of the day. The park will be handsomely illuminated during the night. Tickets only \$1, and this gives everybody an opportunity to put in a whole day's outing at exceedingly cheap rates.

O. BACHIO, CHAS. GRANDE, Committee.

L. GRAD.

DR. T. F. FOY, PRESIDENT OF THE O. C. COLUMBIA BENEVOLENT SOCIETY.

"THE PRACTICE OF ORIENTAL MEDICINE."

In two parts, Treatise Nos. 4 and 5, in all 200 pages, illustrated, contains the substance of all the previous publications by this company, and more that is new. Describes the new method for home use of the celebrated Oriental medicine, with full directions. More than a hundred purely vegetable and entirely harmless but very efficacious remedies, the use of which at the first symptoms of disease will save many a painful, perhaps fatal illness.

This is a new departure of the Foy and Wing Herbs Company. It is combining their skill and knowledge in a new way for the home use of Oriental medicine. The book contains many new and striking theories of disease and their cure. The remedies, which are skillfully and fully prepared in permanent form, are complete keys for the home use of Oriental medicine. The book is a complete guide to the home use of Oriental medicine. It is a complete guide to the home use of Oriental medicine. It is a complete guide to the home use of Oriental medicine.

THE NINETEENTH ANNUAL TERRITORIAL FAIR AT ALBUQUERQUE, NEW MEXICO.

CATARH OF THE STOMACH

THE SYMPTOMS ARE:

1. BILIOUS HEADACHE. This is more pronounced in the morning. Houdy's Stomachic will relieve the headache.
2. RED AND WATERY EYES. Houdy's Stomachic will cause the eyes to disappear and make the eyes assume their normal, healthy appearance.
3. COATED TONGUE AND FOETID BREATH AND BAD TASTE IN THE MOUTH. Houdy's Stomachic will cause the tongue, make the breath pure and sweet and cause the bad taste to disappear.
4. PAIN AND TENDERNES IN THE STOMACH. This is due to indigestion. Houdy's Stomachic will cause the food to be completely digested and the pain and tenderness will disappear.
5. ENLARGEMENT OF THE LIVER. Houdy's Stomachic will cause the liver to return to its normal size.

Houdy's Stomachic will cause the symptoms and make you well. Do not delay. Do in your pocket at once and procure a perfect cure of CATARRH OF THE STOMACH. If your druggist does not keep it, send direct to the Houdy's Stomachic Company, San Francisco, Cal., and they will send it to you. Do not forget that Houdy's Stomachic is the only remedy that does both of these things and can be relied upon to permanently cure dyspepsia. Barry's Drug Co.

Good Intentions Are Poor Assets

To leave to your family. Many men intend to protect their loved ones by insurance, but never even try to turn their intention into action. Many others do try, but not until too late. For example: during 1898 alone the Equitable declined the applications of 8,382 persons for \$30,318,878 of assurance. Don't you think you had better put your intention into execution—before it is too late?

The Equitable Life Assurance Society

OF THE UNITED STATES.

WALTER N. PARKHURST, General Manager.

New Mexico and Arizona Department.

ALBUQUERQUE, N. M.

AUTOMATIC TELEPHONE 439.

Irritating stings, bites, scratches, wounds and cuts soothed and healed by Dr. Williams' Witch Hazel Salve—a sure and safe application for tormented flesh. Beware of counterfeits. Barry's Drug Co.

Cost vs. Cost.

We have always maintained that the only purchaser of a pair of shoes considers is what they cost him. It makes no difference whether those \$1.00 shoes in our window cost us \$1.10 or \$1.00, the value are there. See them. Simon Stern, the Railroad avenue clothier.

Keep Quiet

and use Chamberlain's Colic, Cholera and Diarrhoea Remedy for all pains of the stomach and all unnatural looseness of the bowels. At all times cures. For sale by all druggists.

SANTA FE EARNINGS.

June statement is by far the best of the Fiscal Year.

The June statement of earnings and expenses of the Atchison, Topeka & Santa Fe Railway Company, which was issued Wednesday, is the best that has been made in the fiscal year ended June 30. The net earnings of the month, amounting to over \$100,000, helped to swell the net increase for the year to nearly \$2,000,000. Heavy reductions in the operating expenses are shown both for the month and for the year. These reductions, the company's officials claim, are due to the improved physical condition of the property and will be permanent.

Following is a detailed statement of earnings, expenses, etc., of the entire Santa Fe system for June, 1909, and for the fiscal year ended June 30, 1909, compared with the corresponding periods of the previous year:

	1909	1908
Net earnings	\$1,000,000	\$800,000
Operating expenses	\$900,000	\$850,000
Net income	\$100,000	\$50,000
Operating expenses per car mile	1.50	1.60
Operating expenses per ton mile	1.50	1.60
Operating expenses per passenger mile	1.50	1.60
Operating expenses per freight mile	1.50	1.60
Operating expenses per mail mile	1.50	1.60
Operating expenses per express mile	1.50	1.60
Operating expenses per telegraph mile	1.50	1.60
Operating expenses per telephone mile	1.50	1.60
Operating expenses per electric light mile	1.50	1.60
Operating expenses per steam heat mile	1.50	1.60
Operating expenses per water supply mile	1.50	1.60
Operating expenses per sewerage mile	1.50	1.60
Operating expenses per drainage mile	1.50	1.60
Operating expenses per irrigation mile	1.50	1.60
Operating expenses per other mile	1.50	1.60

To be bound hand and foot for years by the chains of debt is the worst form of slavery. George D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle-working medicine is a god-send to weak sickly, run-down people. Every bottle guaranteed. Only 50 cents. Sold by J. H. O'Reilly & Co., druggists.

NEW BRANCH FOR RIO GRANDE.

May Eventually Be Short Cut on Chama Division to Avoid the Hill.

The contract for the construction of the branch line from Santa Fe to Pecos, N. M., on the Rio Grande system, was let Wednesday to W. C. Bradburn & Co. Work will be completed by November. The incorporated title of the line is the Rio Grande & Northern Railroad. It will be about thirty miles in length, although the word "northern" in the title is generally taken to indicate that the line is backed by the Santa Fe system. The line is to be a standard gauge, and will eventually continue the tracks across the divide to a point higher up on the San Juan line for the purpose of saving the climb to Chama. The present purpose is that of tapping the lumber territory in the vicinity of Pecos Springs, where mills are to be erected. The line from Pecos, which is backed by a lumber firm, is being run with the same idea in view.

YOUR FACE

Shows the state of your feelings and the state of your health as well. Impure blood makes itself apparent in a pale complexion, pimples, and skin eruptions. If you are feeling weak and worn out and do not have a healthy appearance, you should try Allen's eye cream. It cures blood diseases, cleanses the blood, and restores the complexion. It is a positive guarantee. J. H. O'Reilly & Co., druggists.

"Evil Dispositions Are Early Shown."

Just so evil in the blood comes out in shape of scrofula, pimples, etc., in children and young people. Taken in time it can be eradicated by using Hood's Sarsaparilla. In older people, the aftermath of irregular living shows itself in bilious conditions, a heavy head, a foul mouth, a general bad feeling.

It is the blood, the impure blood, friends, which is the real cause. Purify that with Hood's Sarsaparilla and happiness will reign in your family.

Blood Poison—I lived in a hot bed of fire for years owing to blood poisoning that followed small pox. It broke out all over my body, itching intensely. Tried doctors and hospitals in vain. I tried Hood's Sarsaparilla. It helped. I kept it at it and was entirely cured. I could go on the homestead and attend to my duties. Mrs. J. T. Williams, Cantonville, Pa.

Scrofula Sore—My baby at two months had scrofula sores on neck and arms. Local applications and physicians did nothing. I tried Hood's Sarsaparilla. It cured him. He is now fat, with smooth, fair skin. Mrs. S. S. Wooten, Farmington, Del.

Hood's Sarsaparilla Never Disappoints

Hood's Pills cure liver, bile, the non-irritating and cathartic to take with Hood's Sarsaparilla.

BUSINESS LOCALS.

Ten yards crash, 410, at 1101.

Tin and copper work. Whitney Company.

A nice pair of lace curtains, 410, at 1101.

Rooms to rent—for light house keeping. Feltre.

Window shades in all colors. May & Faber, 305 Railroad avenue.

Pure summer fruit drinks from Arkansas, sold at C. L. Bell & Co., 1015 North Fifth street. Also, peach, cantaloupe, and cherry singapoos are drinks fit for kings.

About one month ago my child, which is fifteen months old had an attack of diarrhea, accompanied by vomiting. I gave it such remedies as are usually given in such cases, but as nothing gave relief, we sent for a physician and it was under his care for a week. At this time the child had been sick for about ten days and was having about twenty-five operations of the bowels every twelve hours, and we were convinced that unless it was relieved, it would not live. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended, and decided to try it. I soon noticed a change for the better; by its continual use a complete cure was brought about and it is now perfectly healthy. C. L. Bell & Co., 1015 North Fifth street.

Miss Maud K. Custers, daughter of Mr. and Mrs. M. Custers, will leave to night for Clarksville, six miles from Gallup, where on Monday she will take charge of the school there. Miss Maud Custers has excellent recommendations, and Clarksville will find in her a model teacher.

Kodol Dyspepsia Cure cures dyspepsia because its ingredients are such that it can't help doing so. "The public can rely upon it as a tonic, and it cures all disorders arising from imperfect digestion."—James M. Thomas, M. D., in American Journal of Health, New York, New York.

F. N. Pingree, who has been employed as a painter for the Santa Fe at Bineon, came up from the south Thursday night and left last night for Winslow. He will have charge of the painting for the Santa Fe Pacific between this city and Seligman.

ROSENWALD BROS.

LOCAL PARAGRAPHS.

Superintendent H. O. Bureau, of the penitentiary, went down to Socorro this morning.

W. W. Lanham and wife, of Jerome, Arizona, are in the city and registered at the Grand Central.

Jefferson Reynolds, the Las Vegas banker, is at the Hotel Highland, coming in from the north last night.

The lunch at Zeiger's Cafe to night will consist of choice viands that will be a splendid accompaniment to the refreshing drinks that are served at this popular resort.

D. H. Boatright and wife are rejecting to day over the birth of a fine boy, and it is predicted that he will make a rousing soldier when he grows up, having a lusty voice that would scare a whole company of Philippine insurgents.

The bill of sale for the Albuquerque Wool Scouring Works and the machinery contained therein, given by A. A. Grant to Bearup & Kite, has been placed on record in the probate clerk's office. The consideration was \$10,000.

J. O. McIntosh, well known in this city, who left last spring for Manila, has returned to Winslow. The correspondent of the Holbrook Argus says: "Mr. McIntosh took in the sights and scenes of the leading cities of China and Japan, and altogether had an enjoyable time. He says the opportunities for Americans in those places are not inviting, and he was perfectly satisfied to return home and remain home in the future."

Simon Stern, who was delegated to take a "corner" on all vacant lots and houses in the business portion of the city for Territorial Fair week, stated this morning that he had met with better success than he anticipated, and that every owner of vacant lots called up was more than pleased to grant concessions to the Territorial Fair association.

"Things are moving nicely," said Mr. Stern, "in preparation for the greatest fair ever held in Albuquerque, and from all accounts the biggest crowd in the history of the city will be here in September."

Mrs. W. B. Childers, president of the library association, called on the president of the Territorial Fair association this morning, and stated that the library intended to give a grand ball on the first evening of the fair (Tuesday, September 13) and desired to sublet the Armory hall from the fair association. Matters

will be arranged to the entire satisfaction of the library ladies, and THE CITIZEN is in a position to state that for the closing of the fair festivities, on the first day of the forthcoming fair, the library ball will prove a most acceptable finale. There will be several dances during fair week, besides the above, and the visitors to the city will have enough to keep them moving for five days and nights.

Col. Robert's Goss, of Goss' military institute, is an enthusiastic individual over the forthcoming fair, and held a conference this morning with several active members of the executive committee. He proposes to have his school represented by some kind of an appropriate exhibit in exhibition hall, and also will take part in the big trades' display and parade. He is figuring on a float that will cap the climax for originality, and the president of the association will undoubtedly assign the colonel and his gallant aides to a position in an appropriate division.

The recruiting office closes to day, and Lieut. Max Luna will leave to morrow morning for Silver City. After a short stay there, the lieutenant will go to Phoenix, and after a stay of a few days in that city he will continue north to his headquarters at Fort Logan, Colo. Forty-one recruits were accepted and sent to Fort Logan from this city.

A. A. Robinson, the president of the Mexican Central railroad, who has been in the eastern part of the United States, passed through the city last night on his return to Mexico.

F. S. Trickey, relief agent of the Santa Fe, went down to Mesilla Park this morning.
