THE YAQUI WAR.

Soldiers Being Hurried to the
Scene of Carnage.

Indians Abandon Peaceful Pursuits
for War's Fierce Alarms.

Gen. Luis Torres Not Killed as Originally
Reported.

GENERAL MURPHY CALLED UPON FOR AID.

Nogales, Arizona, Aug. 3.—Two Gatling guns and a detachment of artillery soldiers from the City of Mexico, via El Paso, have been hurried southward en route to the scene of the Yaqui war. The troops are being marched across the mountains from points in Chihuahua and Durango to join the forces now in the field. It is reported that emissaries have been sent by the Yaqui leaders to ranches and mines all over the state of Sonora, wherever men of the tribe are at work, calling them to arms with their compatriots already in the field.

Many Yaquis employed in the mining camps and on haciendas as laborers have disappeared. Even in this vicinity, 500 miles distant from the scene of hostilities, the Yaquis are quitting employment and going away. Small squads are reported passing through the town or along the road near by, all going in a southerly direction. Some fears are expressed of a descent upon the town similar to that of August, 1896, when an attacking party took possession of the Mexican custom house and were dislodged only after a severe battle. In that fight, Company G, Arizona militia, participated and from motives of revenge, the Yaquis, now on the war path, killed the Americans, whose deaths have been reported. In the former war they never molested the Americans.

Mayor Overton has requested Governor Murphy to ask the war department to send a troop of cavalry from Fort Huachuca for the protection of the town.

GENERAL TORRES NOT KILLED.
Los Angeles, Cal., Aug. 3.—A dispatch from Gen. A. L. Torres has been received to the effect that his father, the famous general, Luis Torres, was wounded but not killed by the Yaquis. He is now at Toril, the Yaqui capital. Gen. A. L. Torres and Colonel Bawo, are now in command of the Mexican troops in the field.

Bicycle Record Broken.
Minneapolis, Aug. 3.—The world's bicycle record for a thousand miles, held by T. A. Kedge, of London, has been broken by A. A. Hansen, who finished the long ride early to-day, covering the distance in 92 hours and 44 minutes. Kedge's time was 105 hours and 19 minutes.

Machinists Strike Settled.
Port Huron, Mich., Aug. 3.—The striking machinists of the Grand Trunk, returned to work to-day. They took Mechanical Superintendent Mulholland's statement that he will investigate as an indication that he will concede to their demands.

Tailors Win Their Strike.
New York, Aug. 3.—The tailors have won their strike, practically all the contractors having signed agreements for the coming season. These contractors allow the operators \$18, basters, \$15; finishers, \$10 a week.

Colliery Employees Strike.
Wilkesbarre, Penn., Aug. 3.—The employees of five big collieries in the anthracite region have struck. The grievance is alleged to be excessive dockage. It is estimated that 2,500 men are idle.

New York, Aug. 3.—Money on call, nominally at 3 1/2 per cent. Prime mercantile paper, 4 1/2 per cent.

Movement of Transports.
Washington, Aug. 3.—The war department to-day received the following from General Otis regarding the movement of transports:

"Manila, Aug. 3.—Four transports are

in the harbor; the cargoes discharged. The Pennsylvania is nearly coalled and takes on recruits; received organizations in the southern waters. Leaves on the 6th instant, and returns. All men discharged under general orders, forty. The Sheridan is being coalled and leaves for San Francisco on the 8th instant with the Montana and South Dakota troops. The Valencia and Zaldania require 1,200 tons of coal. Time of sailing indefinite as approaching typhoon interferes. "OTIS."

Robert Jones McKinley.
New York, Aug. 3.—Vice President Hobart will leave Long Branch Friday for Lake Chapala, where he will visit with President McKinley for two weeks. It is expected when he returns to his summer home at Norwood Park, President McKinley will return with him.

Quiet in Cleveland.
Cleveland, Aug. 3.—Absolute quiet reigned last night. The military force is being rapidly withdrawn. There was a decided increase in the number of passengers carried on some of the big consolidated cars this morning.

Going to Plim Island.
New York, Aug. 3.—The transport Mc Clellan has been ordered to proceed to Fort Monroe, where it will embark the garrison at that place and proceed with them to Plim Island.

The Shamrock Sailed.
Glasgow, Aug. 3.—The ship challenger, Shamrock, sailed from Fairlie this morning accompanied by Sir Thomas Lipton's steam yacht Kryn.

The yacht crossed the finish line as follows: Meteor, 4:35:30; Britannia, 4:54:50; Bona, 4:55:30.
The Glasgow III started at 4 p. m. in the fifth and deciding race for the Seawankup. The Constance struck ground and was unable to start. A protest was entered on account of not sufficient water, as she was only drawing five feet at the time.

Free Concert and Dance.
There will be a free concert and dance at the Orchestra hall on Saturday night. These concerts and dances have enjoyed great popularity with the people in the past, and the news that another one will be given on next Saturday night will be highly gratifying to those persons who have enjoyed themselves so thoroughly at similar social gatherings in the past.

Another Delightful Concert.
The First Regiment band gave another delightful concert at the park last evening. The crowd was not as large as it would have been if the clouds had not been threatening rain, but what it lacked in numbers it made up for in enthusiasm. Flattering comments were heard on every side on the improved playing of the band. With a set of new instruments, the First Regiment band would easily be the best band in the territory, and it is really too bad that these can not be secured. There are a number of things which go to create a favorable impression of a city in the eyes of strangers and visitors, and one of the principal of these is a first class band.

A FURIOUS STORM.

Destroys Much Property at
Carrabelle, Florida.

Docks of Gulf Naval Stores Company
Totally Wrecked.

Soldiers at Fort Monroe to Be Removed
to Plim Island.

YELLOW FEVER SITUATION UNCHANGED.

Pennacola, Fla., Aug. 3.—Reports from Carrabelle indicate that Tuesday's storm was more disastrous than first supposed. Only meagre reports are to be had. It is known, however, the magnificent docks of the Gulf Naval Stores company have been destroyed. The large warehouse of that company containing \$100,000 worth of rosin was swept away.

The steamer Capitola, also the property of the Naval Stores company, was blown ashore. About two-thirds of the town proper was destroyed. The steamer leaves here this evening to ascertain the true state of affairs.

THE CRESCENT CITY LOST.
Tallahassee, Fla., Aug. 3.—A report reached here by a party of people who made their way by a conveyance to town on the Tallahassee, Carrabelle & Gulf road, that the steamer Crescent City, plying between Carrabelle and Apalachicola, was lost in Tuesday's storm.

The Crescent City is in the service of the Tallahassee, Carrabelle & Gulf road. Maculattie, a small town this side of Carrabelle, was completely wiped out. One man, name unknown, was drowned. Rumors of the loss of life among fishermen are as yet unconfirmed.

Brought "Yellow Jack" With Him.
Washington, Aug. 3.—The marine hospital officials at Hampton have succeeded in tracing a former inmate of the Soldiers' home, believed to have brought the yellow fever to that place. He is William Thomas, who came to the home from Santiago. He had chills and fever and no doubt a mild case of yellow fever although not diagnosed as such at the time. When well enough to travel he went to Columbus City, Wash., where he now is.

TO REMOVE THE TROOPS.

Soldiers at Fort Monroe to Be Taken to Plim Island.
Washington, Aug. 3.—Another change was made to-day in the destination of troops at Fort Monroe. General Merritt telegraphed the war department that in deference to the earnest recommendation of Surgeon General Wyman he would direct that the troops be sent to Plim Island, Long Island sound. The quartermaster's department is expediting considerable difficulty in making arrangements for the transportation of the Fort Monroe garrison. It is likely the transport McClellan, now in New York, will be sent to take the troops away.

SITUATION UNCHANGED.
Newport News, Va., Aug. 3.—The Soldiers' home situation at Hampton is practically unchanged. Gov. Woodfin reported "no new cases, no deaths" this morning. One of the quarantined suspect cases in Phoebus developed into fever.

Kansas City Market.
Kansas City, Aug. 3.—Cattle—Receipts, 5,700. Market, strong. Native steers, \$4.15; Texas steers, \$3.25; cows and heifers, \$2.95; stockers and feeders, \$3.00; bullocks, \$3.25; sheep—Receipts, 2,000 head. Market, steady. Lambs, \$4.00; muttons, \$3.25.

Chicago Grain Market.
Chicago, Aug. 3.—Wheat—September, 69 1/2; December, 71 1/2. Corn—August, 30 1/2; September, 30 1/2. Oats—August, 19 1/2; September, 19 1/2.

Silver and Lead.
New York, Aug. 3.—Silver, 30 1/2; lead, \$4.35.

A Visit to Las Vegas.
Col. E. H. Borgan, who for several years served the territory faithfully and well, as superintendent of the territorial penitentiary, has arrived in Las Vegas from St. Louis and will visit here with his son and daughter for a week before returning to Santa Fe. His many friends in Las Vegas will be glad to learn that the surgical operation he had recently undergone for removal of cancer from his eyes has proven very successful and he expects to see as well as ever in a few weeks.—Optic.

Guards, Attention!
There will be an individual competitive drill tonight for a non-commissioned officership at the armory. All guards requested to be present.

Manitou Ginger Champagne, \$1.90 per dozen quarts at Loventhal & Meyers.

For the trip.
Get a bottle of Fitch's Golden Wedding Bly at the Iceberg.

Nothing but the best at Ruppe's sody fountain.

Using Temporary Bridge.
The temporary bridge work constructed at the railroad river near Thornton immediately after the washout, a few days ago, continues to be used, says the Optic. It is now the intention of the Santa Fe Railroad company to supercede the two spans, each about fifty feet long, with one span of the required length. By this means it is hoped to avoid using masonry work in the bed of

the stream. In all probability a span the required length can be secured from the manufacturers, but if not a true bridge will be used. More definite information on this point will be known in the next week or ten days.

He Feels Different Now.
W. M. Bretherton, the young man who attempted to shunt off this mortal coil in this city Tuesday night by the assistance of cyanide of potassium, called at this office this morning and wanted to see the "manager." When that gentleman was pointed out to him, he very courteously thanked him for the "send-off" he had given him in last evening's Citizen. This was originally intended for irony and as soon as he had expressed his gratitude he started to walk out, without even having introduced himself to the editor, who did not know him from any of the other numerous sons of Adam that infest the earth to-day.

He was called back and asked for an explanation and also subjected to quite a close cross examination as to how it felt and also as to his desire to do the same trick over again. The experience, only meagre reports are to be had. It is known, however, the magnificent docks of the Gulf Naval Stores company have been destroyed. The large warehouse of that company containing \$100,000 worth of rosin was swept away.

The steamer Capitola, also the property of the Naval Stores company, was blown ashore. About two-thirds of the town proper was destroyed. The steamer leaves here this evening to ascertain the true state of affairs.

Owing to a washout on the Santa Fe Pacific, just beyond Winslow, the No. 2 passenger train did not reach the city going east until about 7 o'clock this morning.

Julius Olson, driving Mcintyre, Mori Donovan's famous donkey, left this afternoon for the Coyote canyon mineral springs. He expects to return to the city to-morrow morning.

Thos. V. Keam writes THE CITIZEN from Keam's Canyon, Ariz., that "the time for the Moqui snake dance is set for August 16. There is an interesting ceremony connected with it which takes place the evening of the 15th, which is also public."

George W. Hickox, the well-known jeweler throughout New Mexico, but in business the past two years at San Diego, Cal., came in from the west last night and will continue south to El Paso, Texas, to-morrow morning, where he will concentrate his entire jewelry business. Mr. Hickox was a few years ago in the jewelry business at Santa Fe and Albuquerque.

Mr. and Mrs. Wm. Holloway, residing at 420 south Arno street, on yesterday celebrated the fourteenth anniversary of their marriage. In the evening, the celebration continued at their pleasant home, and there were present a number of their neighbors, who materially assisted in making the affair one of the nicest little events held on the Highlands for a long time.

J. K. Hurley, division superintendent, came in from the north last night and continued south to Silver City this morning. Mr. Hurley was accompanied by wife by E. C. Fox, trainmaster; M. R. Williams, superintendent of bridge; E. H. Kutt, roadmaster, and John A. Rose, in charge of road engines. These gentlemen are here to-day looking after business connected with their departments.

C. F. Riggs, manager of the Rose Stillman Stock company, now at Las Vegas, this morning telegraphed to the president of the Territorial Fair association for several big rolls of posters announcing the many interesting features to be given by the association in this city next month. The posters will be sent Mr. Riggs to-night, and he will thoroughly post the towns north of Las Vegas to and pass Baton. He sees that a "whole town" out of the two towns of Las Vegas will attend the fair.

HEROES RETURN HOME.

Pennsylvanians Receive Glorious
Reception in San Francisco.

Haytlen Insurgents Retreat to the

Assassination of President Neureux
Said to Have Been an Accident.

LATEST ABOUT CLEVELAND STRIKE.

San Francisco, Aug. 3.—The Pennsylvania regiment landed from the transport Senator to-day and escorted by the Nebraska troops marched to the Presidio where they will camp until mustered out.

Thousands of people lined the streets and there was the usual medley of steam whistles, cannon and fireworks. Flags waved constantly as the soldiers marched between lines of cheering spectators.

Colonel Barnett's sword was draped in crepe in respect to the memory of Colonel Hawkins, who died en route home. The battle flag of the Pennsylvanians, torn, shot riddled and almost a wreck of its former beauty excited more admiration than did anything else.

The parade was reviewed by General Shafter and a committee of Pennsylvanians, who had come from their home in the Keystone state to extend a welcome to the returned heroes.

Neureux's Death an Accident.
Kingston, Jamaica, Aug. 3.—Owing to the efforts of the government of Santo Domingo to suppress the news about the recent assassination of President Neureux and the reported revolution in Santo Domingo, the facts are difficult to obtain. But a dispatch received by a messenger, who passed through Hayti, indicates that the assassination of Neureux was not on the program for the purpose of the revolutionists being to capture Moca with the president, thus de-capitalizing the Dominican government at the first blow. The premature departure of Neureux threatened to frustrate this scheme, whereupon an enthusiast watching the president's movements committed the act. The subsequent attack on Moca being repulsed, the insurgents withdrew into the fastnesses between Moca and Port-au-Prince, hoping to secure sufficient concessions of arms and men to attack Port-au-Prince and prosecute the movement in spite of its initial failure.

The Cleveland Strike.
Cleveland, Ohio, Aug. 3.—At the strikers' headquarters to-day it was announced that fifty non-union motormen and conductors, running on the Wilson, Central and Seville avenue lines, have quit work because the Big Consolidated had broken it agreement with them. The men, it is stated, were promised \$2 a day and board until the strike was over. The company posted a notice to-day at the Wilson avenue barns, stating that as the strike was practically ended the men must pay their own board. The latter, however, deny that the strike is over and as a result, according to strike leaders, a number of new men refused to take out their runs this morning, and are now engaged in trying to induce other non-union men to quit. The Big Consolidated officials deny that the men stopped work as stated by the strike leaders.
