MRS. KATE CHASE SPRAGUE DEAD.

New York, July 31.—A special to the Herald from Washington says: General Miles has every reason to believe that he will now be something more than commanding general in name only. He is in a position to assume his former duties under regulations. At a conference between the president and General Miles the day before yesterday, the desirability of more pleasant relations between the major general commanding and the head of the war department was emphasized, and assurances given General Miles that he would receive better treatment in the future. The new secretary already has been required by the president to give General Miles' recommendations careful consideration. On his part, Miles will be expected to aid the secretary in administering the affairs of the department and in dealing with the military situation in the Philippines.

THE YELLOW JACK.

Hampton, Va., Soldiers' Home
Afflicted With the Disease.

Thirty Cases Down With the Fever,
Five Deaths.

Considerable Uneasiness Manifested
Among Washington Officials.

THE SITUATION UP TO NOON.

Newport News, Va., July 31.—Thirty cases of yellow fever have developed at the soldiers' home at Hampton. The officials have no idea how the yellow fever worked its way into the place where 4,000 United States soldiers are quartered. It is reported that some of the soldiers, who mingled with the sailors from the southern countries, carried the fever into the home, but there is no evidence of this.

MORE PARTICULARS.
About the Cases of Yellow Fever Among
Old Soldiers.

Washington, July 31.—Surgeon General Sternberg received the following from Lieutenant Colonel Hewitt, at Fort Monroe, regarding the outbreak of yellow fever at the soldiers' home at Hampton, Va.:

"At 4 o'clock p. m. yesterday, Surgeon Potter, of the United States marine hospital service, quarantine officer, stated that yellow fever was at the National Soldiers' home at Hampton; thirty-four cases with six deaths. The commanding officer took immediate measures for quarantine."

General Corbin says there is little doubt that the conditions are serious and there is no telling how far the infection may have reached. Many visitors have mingled with the soldiers. Corbin says one theory of the way in which fever might have been brought to the home is that one of the soldiers recently visited Santiago, and returned suffering with the disease. It was not until the inmates of the home began to die that the disease was discovered to be yellow fever.

Orders have been issued by the war department removing the gates of Fort Monroe, so that no point on the northern coast to be selected by General Merritt.

Surgeon General Wymann, of the marine hospital service, says it may be necessary to take many inmates of the home away.

YELLOW FEVER SITUATION.
Washington, July 31.—Secretary Alger directed that the Joseph Simpson Hospital at Fort Monroe be turned over to the marine hospital service, if it is wanted. It contains 1,000 beds, and was fitted for troops stationed at Newport News last summer. The marine hospital service to-day hurried a number of surgeons to Hampton and vicinity. The official report is that there are four cases, one dying. Dr. Wadlin, of the marine hospital service, is already at Hampton and was detailed as expert at the Soldiers' home. Dr. J. H. Brown, of the Washington to-day and will be on duty outside. Mrs. C. P. Wertenberger, Frank Davidson, Farquhar and McClinton will be stationed through Portsmouth, Norfolk and other nearby points as occasion requires. Officers of the marine hospital service refuse to speculate on the question of the epidemic, but are generally believed to originate in the shore dives in Phoenix, and cases are reported there. Arrangements have been made to send the patients to the Washington health office was notified about yesterday morning of the Hampton outbreak.

The morning boat from Old Point Comfort was inspected, but no passengers were detected. Trains will be watched. There is a detention settlement of cottages on the Eastern branch which was utilized during the recent epidemic outbreak. SPORTS AT THE FAIR GROUNDS.
Good Bicycle Races—Fair Ball Game.
The Colorado Professional Football.

The bicycle races and ball game yesterday at the fair grounds were well attended, showing that the public is interested in these popular outdoor sports.

The game between the Browns and Maroons was interesting, but showed a lack of practice. The score was 7 to 5 in favor of the Maroons. Only five innings were played, as several cases of "charley horse" developed suddenly.

The bike races were all interesting. In the half mile race, Ralph Hunt won 1:15; Theo. Crumacker, second; Mike Sikora, third, and Frank Harris, fourth. The one-quarter mile open was a good race. Hunt won in 34 seconds; Joe Armit, Ralph Hunt and Mike Sikora finished in the order named.

For some reason unexplained to the audience, the Australian pursuit race did not come off.

Curtice Quick gave an exhibition of trick riding that would do credit to a professional. He is a clean worker and has a wonderful command of his wheel. This youngster should be encouraged as he will do doubt be a credit to the track and Albuquerque if he continues to practice and improve on the lines he is now working.

A half dozen youngsters started in the boys' race, but Jose Armita was the fastest and won.

The fifteen mile three-cornered match race was a good event. In the first half, W. J. Drummond was giving R. P. Lewis a good chase but an accident to the wheel compelled him to fall behind and he lost nearly a mile. Arthur Kingsbury made a fine showing in the second seven and one-half mile race. He was right there all the time, but was unable to lead at the finish, the Colorado professional winning. Time: 46:58. Kingsbury is a strong rider and with time to train and race experience he would be the equal of any riders now in this vicinity.

Taken altogether the whole affair of yesterday was a success and enjoyed by all present.

Nothing but the best at Ruppe's soda fountain.
