### CAPTURE CALAMBA.

American Troops Seize Important  
Filipino City.

President of the Republic of Santa  
Domingo Assassinated.

Hawaiian Islands Shaken by Earthquakes  
and Damaged by Volcanic Eruptions.

THREE TRANSPORTS SAIL FOR MANILA.

Manila, July 27.—Brigadier General  
Hall, with 1,000 men, captured Calamba  
on Laguna de Bay. The loss to the  
United States forces was four killed and  
twenty wounded.

Washington, July 27.—Calamba is  
thirty miles southeast of Manila, much  
farther south than United States troops  
have yet penetrated on land. It has a  
population of 11,476. Its capture is not  
considered of any strategic importance.

PRESIDENT ASSASSINATED.

Executive of Santo Domingo Republic  
Killed by an Assassin.

Cape Haytien, July 27.—Details of the  
murder of President Heurax, of Santo  
Domingo, are to the effect that he was  
assassinated when about to leave on  
horseback for Santiago de las Caballeros.

The assassin, Ramon Caero, surrounded  
by several accomplices, approached the  
president, who was talking with friends,  
and fired twice with a revolver. The  
first bullet struck the president in the  
left side and penetrated the heart, causing  
instant death. The second bullet  
killed an old man standing near the  
president. The assassin and accomplices  
then fled to avoid shots fired by the  
president's friends. It is not known whether  
any were wounded. Heurax's death  
caused a panic.

It is said that Juan Isidro Jimenez,  
who took part in the attempted insurrec-  
tion in 1898, and Gen. Maximo Gomez,  
formerly president of the Cuban insur-  
rectionists, who is a resident of Santo  
Domingo, aspire to the presidency.

The father of Caero, the assassin, was  
put to death by order of President  
Heurax in 1894.

NEWS CONFIRMED.

Washington, July 27.—The state de-  
partment has received confirmation of  
the death of the president of the follow-  
ing dispatch from the United States con-  
sul at Puerto Plata: "President Heurax  
assassinated."

SHAKEN BY EARTHQUAKE.

Port Townsend, Wash., July 27.—The  
Hawaiian islands have been violently  
shaken by an earthquake. Mauna Loa  
on Hawaii continues in eruption. The  
damage by the earthquake has amounted  
probably to \$50,000. News was brought  
from Honolulu. Many excursion steamers  
are daily leaving Honolulu loaded  
with people anxious to see the volcanic  
display.

FOUND GUILTY.

One of the Wardner, Idaho, Dynamiters  
Convicted by a Jury.

Wallace, Idaho, July 27.—In the case  
of Paul Corcoran, charged with the murder  
of James Cheyne in connection with the  
Wardner strike, the jury this morning  
arrived at a verdict of guilty of murder  
in the second degree. Within twenty  
minutes after the jury retired last night  
eleven favored the verdict finally rendered,  
one man holding out six hours for  
murder in the first degree. Under the  
Idaho laws murder in the second degree  
is punishable with imprisonment from  
ten years to life. Sentence will be rendered  
this afternoon, when the court  
will take a recess until fall. It is not  
believed that an appeal will be taken,  
the defense trusting to executive clemency  
rather than risk a new jury trial.

DEATHS RECOVERED.

Renner, July 27.—The illness of Capt.  
Drayfus was but slight and he has recovered.  
Friends say that his mental and  
bodily condition is excellent.

MURDER OF WAR.

Manila, July 27.—It is reported in Fili-  
pino circles that the Manila insurgents  
recently received consignments of salt  
petre and lead from Japan for the manu-  
facture of powder.

The two friars recently arrested on sus-  
picion that they were bearers of messages  
to Aguinaldo from the Filipino junta  
at Hong Kong have been liberated for  
want of evidence.

KANSAS CITY MARKET.

Kansas City, July 27.—Cattle—Re-  
ceipts, 5,000. Market, active and strong.  
Native steers, \$4.35@4.70; Texas  
steers, \$4.10@4.30; Texas cows, \$2.20@  
2.50; native cows and heifers, \$2.00@  
2.15; stockers and feeders, \$2.50@2.85;

Sheep—Receipts, 2,000 head. Market,  
strong.  
Lambs, \$4.00@5.00; muttons, \$3.50@  
4.50.

HAVE STRIKE FEVER.

Philadelphia, July 27.—The fever for  
striking, which seems to have taken pos-  
session of the telegraph messenger boys  
of the various cities, reached here today.

INGERSOLL'S BODY CREMATED.

City of Mexico, July 27.—The an-  
nouncement is made that the Equitable  
Life Insurance company of New York has  
subscribed for \$2,000,000 of Mexico's new  
5 per cent gold bond issue. It has created  
a favorable impression in financial  
circles. It is seen that a new era in the  
relations of American investors and capi-  
talists to Mexico has dawned. European  
interests naturally do not look with favor  
on this new favorable attitude of Ameri-  
can investors toward Mexico, and all  
organs controlled by European interests  
are much annoyed. The City of Mexico  
is practically being rebuilt.

TRANSPORTS SAIL FOR MANILA.

San Francisco, July 27.—Three trans-  
ports sailed for Manila early this morn-  
ing, the Ohio, Newport and Tacoma.  
Four companies of the Nineteenth In-  
fantry, about 500 men, were on the Newport  
and Ohio, besides several hundred re-  
cruits. The Tacoma took 300 horses for  
the Fourth cavalry.

STRIKE SETTLED.

Ashtabula, Ohio, July 27.—The ore  
handlers strike on the M. A. Hanna dock  
is settled. The men gained every point.

STRIKE WITH A LANTERN.

W. B. Rosemore, a Chicago drummer,  
came in from the north last night, ac-  
companied by a lady, and registered at  
the European. "W. B. Rosemore and  
wife." At midnight they appeared at the  
dock to continue southward to El Paso,  
when Mr. Rosemore got into a wrangle  
with a switchman, and the latter used  
his lantern vigorously, smashing it over  
Rosemore's face and cutting several bad  
gashes near the left eye and around the  
nose. The "wife" did not remain to see  
how bad "hubby" was hurt, and when the  
conductor yelled "all aboard" she left for  
the south, while Rosemore was taken  
back to the hotel and his wounds sewed  
up. The switchman, up to press hour,  
has not been molested, and it is under-  
stood that no warrant has been issued for  
his arrest.

MURDERER'S REPRESENTATIVE.

George C. Lincoln and wife came in  
from the north last night and registered  
at the Hotel Highland from New York. Mr.  
Lincoln is representing John O. Gooden-  
ough, sole selling agent for the Mer-  
genthauser limousine machines, and this  
morning he was a pleasant caller at  
the CITIZEN office, where he talked over  
the merits of this wonderful invention to  
the proprietors. He and wife will leave  
this evening for Phoenix and from there  
to southern California. He will take in  
all the Pacific coast cities and expects to  
reach New York about the 1st of October.

### WAR ON AT COLLEGE.

Two Presidents Claim to Have  
Been Legally Elected.

Jordan Says He Will Take the Case  
to Court.

Prof. Sanders, of Virginia, Comes to Ac-  
cept the Presidential Chair.

FACTIOUS POLITICS THE CAUSE.

War of the more or less merry kind is  
disturbing the learned precincts of the  
Territorial Agricultural college at Las  
Cruces. The institution is threatened  
with two presidents which, if it is real-  
ized, will put Yale, Harvard and other  
universities of the east east far in the  
shadow.

Former President Jordan declares he  
was elected fairly and squarely by the  
board of regents, which act in regular  
session as prescribed by law. The board  
of regents reply with equal positiveness  
that Prof. Frederick Sanders, of Virginia,  
the president of the college, having been  
elected by themselves as provided by  
the statutes of the territory of  
New Mexico. This is the condition of  
things at the institution at Las Cruces.

If the gentlemen concerned were con-  
tent to let matters rest as they are no  
body would care, but they are not. Prof.  
Jordan declares he will continue to act  
as president of the college, and if it is  
not forthcoming he will take the whole  
matter into the courts.

With wonderful quickness the board of  
regents retort that Mr. Jordan will not  
act as president of any college he are  
regents of, nor will he draw a cent of  
salary, and if he wants to go to court  
that is the place he should go with his  
troubles.

Meanwhile, Prof. Frederick Sanders, of  
Virginia, is in the territory ready for  
business. He came down from Santa Fe  
last night and proceeded to Las Cruces  
on the midnight train. He is slight and  
small in stature, wears a Van Dyke  
beard and spectacles which magnify his  
eyes to an alarming degree. His dispo-  
sition is kind and affable.

"I do not care to discuss the alleged  
trouble at the college," said Prof. San-  
ders. "I was officially notified of my  
election to the college presidency and I  
came on to take up the work. That is  
all."

Politics of the factional kind are said  
to be responsible for the whole unpleas-  
ant mess. If the matter is ever carried  
to court some startling disclosures con-  
cerning the administration of the college  
will, it is said, be made.

Local Wheelmen Kick.

The disapprobation manifested by our lo-  
cal wheelmen at the fair grounds yesterday  
afternoon, of what may be justly termed  
"a rough deal," was well timed and de-  
serving of the support of all lovers of  
wheel sport. The too enterprising, and  
it may be, inexperienced managers were  
shown that straightforwardness is one of  
the essentials of any business transaction  
and that misrepresentation cannot but  
meet with rather harsh criticism.

The case briefly stated is as follows:  
Some weeks ago a few gentlemen decided  
to hold a bicycle meet here. After con-  
siderable canvassing and advertising they  
got out an "entry blank" in which it  
was set forth that the race was sanc-  
tioned by the L. A. W. racing board. It  
was also understood and advertised to  
be a "territorial race."

What then was the surprise of our best  
local riders to learn from W. I. Duty,  
secretary of the board, that the race was  
not sanctioned and that any member  
taking part would be suspended from the  
organization. This was not all. There  
was another surprise in store. Our boys

It is thought at Washington that the  
next national republican convention will  
be held at Chicago.

SINCE the recent heavy rains in this  
territory, the "Man With a Hoe" is in de-  
mand to keep down the weeds.

THE republicans of Colorado are organ-  
izing clubs and next year will try to re-  
deem the state from Bryanism.

It pushed as it should be, a big irriga-  
tion congress can be held in this city at  
the time of the Territorial Fair.

THE street car strikers of Cleveland are  
doing everything possible to make their  
effort unpopular with the people.

This city is doing a better summer  
business than ever before, and next fall  
and winter things will fairly boom.

It is estimated by the department of  
agriculture that the yield of wheat will  
be about 160,000,000 bushels this year.

THIS territory is so prosperous that  
even the chronic calamity howlers have  
ceased chanting wails of woe and have  
gone to work.

ENGLAND has received from the Alaskan  
boundary department of Canada and will  
accept free port privileges in the dis-  
puted territory.

THE CITIZEN'S Washington correspond-  
ent says that Gov. Clegg has more influ-  
ence at Washington than many of the  
governors of the states.

SILVER CITY is agitating the subject  
of holding fall races. A territorial rac-  
ing circuit should be organized extend-  
ing from Trinidad to El Paso.

THE town of Springer, in Colfax coun-  
ty, is a big wool market. It is estimated  
that 1,000,000 pounds of wool will be  
shipped from that place this season.

In the past two days twenty-three vol-  
unteers have enlisted in this city for ser-  
vice in the Philippines. Several of the  
recruits are veterans of the Spanish war.

THE New York street car men's strike  
was in a fair way to succeed until dynam-  
ite was used. Then public opinion  
turned against the strikers and their  
cause was lost.

THE Los Angeles Express says that  
there is one man who is more anxious for  
democratic success in the coming cam-  
paign than William J. Bryan, and that  
man is Mr. Aguinaldo.

PREPARATIONS for the big Territorial  
Fair, street fair and carnival are pro-  
gressing satisfactorily. The third week  
of September will be a red letter period  
in the annals of Albuquerque.

IN a year the net amount of gold in the  
treasury has increased from \$180,000,000  
to \$240,000,000, and the country's supply  
of gold has gone up to \$975,000,000, the  
largest level in one nation.

THE New Mexican says: "The Duncan  
tax law is bearing excellent fruit. Tax  
collections for the month of June were  
better and more satisfactory than ever  
in the history of the territory."

THE people of Detroit will hold an in-  
dignation meeting over Secretary Alger's  
enforced resignation. It is safe to say  
that Detroit will be alone in the indigna-  
tion over the passing of Mr. Alger.

MORMON missionaries have invaded  
Silver City, but are not making many  
converts. Owing to the attitude of Sil-  
ver City the plurality wife doctrine is  
not popular with the masculine portion  
of the population.

THE American flag covers a multitude  
of sins. A few days ago a woman at El  
Paso, charged with murdering her hus-  
band, was extradited to Mexico, and she  
went across the boundary line wrapped  
in the American flag.

REPORTS from Alaska show that the  
failures outnumber the successes fully  
one hundred to one. Another feature of  
the situation is that hard luck is almost  
invariably accompanied by terrible pri-  
vations and suffering.

This city and vicinity has certainly  
shown a patriotic spirit. Over three  
hundred men have enlisted here for the  
Spanish and Philippine wars, and more  
are ready to take up arms for the defense  
of the country and honor of the flag.

THE official figures of the geological  
survey shows 71,500,000 acres of public  
land in the so-called arid states for  
which a water supply is available, and  
which, not having been cropped, and  
being rich in plant food constituents, is  
capable under irrigation of producing  
enormous yields.

From all over the range country come  
reports of a poor lambing season. The  
American Sheep Breeder, in Mont-  
gomery, Wyoming, reports the percentage  
of lambs to ewes bred runs 50 to 75 in each  
district, as against 80 and 95 per cent  
last year. In Texas the per cent of lambs  
range from 90 down to as low as 30. In  
other range states the lamb crop is far  
below last year's figures.

WIDE FIELDS.  
The newspapers of Albuquerque enjoy a  
wide field of territory. They cover all  
New Mexico and nearly all of northern  
Arizona. THE CITIZEN reaches all points  
south as far as Las Cruces ahead of any

other afternoon paper. It reaches points  
in Arizona as far west as Flagstaff ear-  
lier than any other daily paper. It  
reaches Raton the next morning at break-  
fast. The central position of Albuque-  
que enables the daily papers here to cover  
a wider territory than those of any other  
city in the Rocky mountain region. THE  
CITIZEN has an excellent circulation as  
far west as Needles, Cal., and it has sub-  
scribers at every postoffice in New Mex-  
ico. This is why such excellent daily  
newspapers can be published in Albu-  
querque.

Still More Counterfeiting.  
The Secret Service has unearthed an  
other band of counterfeiters and secured  
a large quantity of bogus bills, which are  
so cleverly executed that the average  
person would never suspect them of being  
counterfeits. These of great value are al-  
ways selected by counterfeiters for imi-  
tation, notably the celebrated Hostetter's  
Stomach Bitters, which has many imita-  
tions. It is no equal for indigestion, dyspep-  
sia, constipation, nervousness and gen-  
eral debility. The bitters sets things  
right in the stomach, and when the stom-  
ach is in good order it makes good blood  
and plenty of it. In this manner the  
bitters get at the seat of strength and  
vitality, and restore vigor to the weak  
and debilitated. Beware of counterfeiters  
when buying.

IS TRAIN ROBBER MCGINNIS DEAD?  
Supposed to Have Crawled or Been  
Dragged into a Cave and Died.

There are no developments as to the  
whereabouts of the famous train robber,  
says a Springer, N. M., dispatch.  
Deputy United States Marshal Elliott  
said Monday morning before he left for  
Albuquerque that he saw every reason to  
believe that McGinnis was dead and had  
probably crawled into some cave or been  
dragged there by the remaining robbers.  
Mr. Elliott verified the statement made  
by W. H. Reno as to the fight and says  
further that the third man who was not  
captured or wounded thirty-three  
shots in all during the engagement.  
Mr. Reno has learned from the man-  
ufacturers of the watch found on Ketchum  
that it was sold to Harry Ketchum, a cal-  
ifornia, and brother of Sam, living at  
San Antonio, Tex., several years ago, and  
is an extra fine timepiece.

Grant County Leads.  
Grant county has more postoffices, ac-  
cording to the postal route map of March  
1, 1929, than any other county in the ter-  
ritory, as the following will show: Ber-  
nalillo, 24; Chaves, 4; Colfax, 21; Dona  
Ana, 14; El Paso, 6; Grant, 25; Guadalupe,  
9; Lincoln, 12; Mora, 10; Otero, 8; Rio  
Arriba, 10; Sierra, 13; Socorro, 17; San  
Miguel, 20; San Juan, 11; Union, 14; Val-  
encia, 17.

A CHILD ENJOYS  
The pleasant flavor, gentle action and  
soothing effect of Syrup of Figs, when in  
need of a laxative, and if the father or  
mother be constipated or bilious, the most  
satisfying results follow its use; so that it  
is the best family remedy known, and  
every family should have a bottle. Man-  
ufactured by the California Fig Syrup Co.

An Indian Bride  
Pedro Barola is now a prisoner in the  
county jail charged with the crime of in-  
cest, says the Las Vegas Optic, his 15-  
year old daughter, Antonia Barola, soon  
to become a mother, being the victim.  
The truthfulness of the charge is denied  
by both Barola and his daughter, but those  
interested in the case have taken steps to  
procure him, and have had guardians  
appointed by the probate court for his  
children, the mother having died several  
years ago.

CHEYENNE INDIANS ON JAUNT  
Pass Through New Mexico on Their Way  
to the Reservation.  
Eighteen friendly Cheyenne Indians,  
led by Chief Red Leg and White Wolf,  
and accompanied by Interpreter Alfred  
Wilson, a half-breed Cheyenne, passed  
through Springer, N. M., last Monday  
from Oklahoma on their way to the Suth-  
ern Ute reservation, in Colorado, where  
they will remain for about three  
months.  
Wilson is an intelligent Indian and  
well educated. One squaw and one young  
girl accompanied the party.

## A PIONEER FAMILY.

Mr. Giddings, of Guadalupe County, tells  
of Olcan times in New Mexico.  
Mr. and Mrs. William B. Giddings, of  
Puerto de Luna, Guadalupe county, who  
spent a week in Santa Fe and vicinity  
on account of Mrs. Giddings' health,  
started this afternoon on their homeward  
journey. Mr. Giddings is a wealthy  
ranchman of Guadalupe county, the son  
of the late James M. Giddings, who came  
to New Mexico in 1837 from Kentucky,  
and was one of the first Anglo-Saxon set-  
tlers in the territory, which was then  
governed by Mexico. For several years  
this pioneer conducted a general mer-  
chandise business in Santa Fe, and was  
one of the first to welcome the Spaniards  
to the territory. Before the war he set-  
tled at Agua Negra, in Guadalupe county,  
and engaged in the cattle business on a  
large scale. That part of New Mexico  
was at that time exposed to the raids of  
the Comanche Indians, and he built a  
fort that was a wonder in many ways.  
It was large enough for several corrals  
for hundreds of cattle, and for the two  
hundred men he employed. The fort had  
a number of towers that made it appear  
like a Spanish castle. The Indians main-  
tained a wholesome respect for it.  
Hon. Amado Chavez resided in that  
locality in his boyhood days, and remem-  
bers going buffalo hunting with the pio-  
ners as late as 1874, buffalo having been  
very plentiful in the section now in-  
cluding Guadalupe county.  
The country is still sparsely settled,  
but since the Peos Valley & North-east-  
ern extension to Amarillo is crossing  
part of the county, settlers are coming  
in. For many years the Giddingses were  
the only settlers for miles around. Puerto  
de Luna not being founded until 1892.  
Mr. Giddings says that crops are doing  
fairly well and that stock is in splendid  
condition. The ranges look green, and  
the waterholes are beginning to ripen.  
Large gray wolves, which were almost  
extinct at one time, are increasing to an  
alarming extent in Guadalupe county,  
coming originally from Texas, and cre-  
ating great havoc among cattle and sheep.

A Thousand Tongues  
Could not express the rapture of Annie  
K. Springer, of 1125 Howard street, Phil-  
adelphia, Penn., when she found that Dr.  
King's New Discovery for Consumption  
had completely cured her of a hacking  
cough that for many years had made life  
a burden. All other remedies and doctors  
could give her no help, but she says that  
this remedy cured her. "It soon removed the  
pain in my chest, and I can now sleep  
soundly, something I can scarcely re-  
member doing before. I feel like singing  
the praises of this remedy." So writes  
every one who tries Dr. King's New  
Discovery for any trouble of the throat,  
chest or lungs. Price 50 cents  
per bottle. Trial bottle free at J. H. O'Reilly

teed.

Hit by A Polecat.  
One hundred and fifty miles on horse-  
back in twenty-eight hours is pretty fast  
time, but was made by Reed Dean, a  
ranchman living west of here, whose  
child had been bitten by a polecat. The  
ride was made against time in order to  
save the little one's life. A few applica-  
tions of J. L. Leeson's mad stone on the  
lacerated places relieved the baby and he  
is now resting easy, with fair chances of  
recovery. A dog that went to the rescue  
of the child was also bitten and is now  
held in quarantine to see if he will de-  
velop symptoms of rabies.—Socorro Re-  
publican.

Our baby has been continually troubled  
with colic and cholera infantum since  
his birth, and all that we could do for  
him did not seem to give more than tem-  
porary relief, until we tried Chamber-  
lain's Colic, Cholera and Diarrhoea Rem-  
edy. Since giving that remedy he has  
not been troubled. We want to give you  
this testimonial as an evidence of our  
gratitude, not that you need it to adver-  
tise your meritorious remedy.—M. L.

New Turquoise Mine.  
Two miles from the depot at Jarilla on  
the El Paso & Northeastern railroad, a  
new turquoise mine has been discovered.  
It is on the property of Lorenzo Luna,  
who recently picked up a piece of tur-  
quoise that weighs nearly two pounds. A  
force of men developing the property  
in one day picked up two millions of tur-  
quoise.

Beware of Quackery for Catarrh that Con-  
stant Mercury.  
as mercury will surely destroy the sense  
of smell and completely derange the  
whole system when entering it through  
the mucous surfaces. Such articles  
should never be used except on prescrip-  
tion from reputable physicians, as the  
damage they will do is ten fold to the  
benefit they may possibly derive from them.  
Hall's Catarrh Cure, manufactured by F. J.  
Cheney & Co., Toledo, O., contains no  
mercury, and is taken internally, acting  
directly upon the blood and mucous  
surfaces of the system. In buying Hall's  
Catarrh Cure be sure you get the genuine.

## BICYCLE RACES YESTERDAY

Large Attendance—Sprinter  
Leaves in Evidence.  
The bicycle races that have been pro-  
moted by W. J. Drummond took place  
yesterday at the fair grounds. There was  
only a small attendance. The local riders  
had little chance to win from E. P.  
Lewis, the La Junta, Colorado, sprinter,  
as he was in good form, while they had  
trained but a short time.

In the half-mile event R. L. Hunt won;  
Thomas Crumpecker second, Roland Ste-  
vens third. Time—1:10.35.

The half-mile for boys was won by  
Frank Harris, 9. T. Thomsen second, Nick  
Lapin third. Time—1:20.25.

The quarter-mile was won by R. P.  
Lewis; Ben. Waller second, Russell  
Brook third. Time—33.35 seconds.

In the two-mile handicap E. P. Lewis,  
scratch, won in 59.15 seconds; R. L.  
Hunt, 100 yards, second; Harry Bullard,  
50 yards, third.

R. P. Lewis won the half-mile open in  
1:08.15; Stevens second; Brook third.

Two boys' races were run. Edward  
Perkins won one, and Harry De Late the  
other.

The five mile handicap was also won  
by Lewis; Hunt second, Bullard third.

E. P. Lewis and W. J. Drummond rode  
together around the track in the quarter-  
mile, Lewis pushing his wheel over the  
tape a foot ahead of Drummond in 35  
seconds, in order to call it a race.

The trick riding by W. J. Drummond  
was not up to the standard expected,  
while Curtiss Quickel, for a youngster,  
gave promise of a bright future if he will  
practice and use patience.

Some of the Albuquerque boys showed  
riding qualities, which would, by careful  
training and handling, give them a  
place well up in the amateur list. Ralph  
Hunt and Roland Stevens both done well,  
but lacked training. What they most  
need is that some one should be ready to  
prepare in advance to win them.  
Considerable comment is being made  
over the fact that the races were sup-  
posed to be run under a permit and sanc-  
tion from the L. A. W. racing board, but  
it appears that no such sanction was  
given, or permits issued. It is to be  
hoped that this will not prevent our local  
riders from holding a racing meet in the  
fall on account of a suspending order.
