VOLUME 13.

ALBUQUERQUE, NEW MEXICO, FRIDAY AFTERNOON, JULY 14, 1899.

NUMBER 222.

PINGREE'S PLAN.

He Is Trying to Unload His
Street Car Lines.

Big Reception in San Francisco to
Oregon Volunteers.

Postal Service in Porto Rico and Cuba to
be Improved.

INDIAN MURDERER SHOT.

Detroit, July 14.—"Three cent fare," are announced to day on the front of the Detroit street cars. This sudden voluntary reduction is the result of the decision between Governor Pingree and T. L. Johnson to give the people an object lesson on what they may look forward to if the present plan for the sale of all the Detroit street railways to "The Detroit Municipal Railway Company" in behalf of the city, wins out. All the newspapers are opposing the Pingree plan. It is claimed that a majority of the citizens oppose it on the ground that 3 cent fares and quasi municipal ownership will fail to pay expenses and the \$17,000,000 proposed to be paid for the roads and that they will, if purchased, revert to the present owners.

ROBBED THE BANK.

Cashier Took the Cash and the Bank
Closes Its Doors.
New York, July 14.—The Middlesex county bank of Perth Amboy, N. J., has closed its doors. Cashier George M. Valentine is reported missing with \$100,000 of the bank's money.

The president of the bank, U. B. Watson, informed the police of Perth Amboy last night of the condition of affairs and reported that Valentine had not been seen since Monday last. Expert accountants are working on the books. Until they finish the amount of the shortage cannot be accurately stated. Valentine has been in the employ of the Perth Amboy bank several years. Recently Valentine took his family to Ocean Grove. He spent Sunday there with his family and when last heard from on Monday morning he left Ocean Grove as supposed to go to the bank. He did not get off the train at Perth Amboy, but continued on to New York. In this city he cashed checks amounting to between \$3,000 and \$5,000 at the Park national bank.

RETURNING HEROES.

Oregon Volunteers Receive Grand Reception
in San Francisco.
San Francisco, July 14.—Not since the departure of the regiment of California volunteers for the Philippines have the streets of San Francisco presented such a scene of animation as they did to-day, nor have the steam whistles, cannons and bells created such a rumpus, all caused by the landing of the Oregon volunteers and California signal corps preparatory to going into camp at the Presidio and final mustering out. First in the line of march was Major Noble, General Shafter's aide, followed by a band of the Third artillery. Then came Governor Fier of Oregon and staff, followed by the Californians who shared the cheers with the Oregonians.

Then came the Oregon regiment, headed by Brigadier General Sumner and band. As the men marched in company front up the wide street they made a splendid appearance. Ambulances, bearing the sick and wounded, followed, then Battery C of the Third artillery. All along the line of march the men were cheered to the echo. At the Palace hotel the soldiers were deluged with flowers, thrown from the windows by guests. Passing the reviewing stand the soldiers were cheered continually.

After the Troops.
Jefferson City, Mo., July 14.—Attorney General Crow won the first round in the suit to oust the continental and other tobacco companies from doing business in the state in violation of the anti-trust law. The supreme court overruled the demurrer to the attorney general's petition and ordered new pleadings filed by the respondents.

Death of Colonel Smith.
St. Louis, July 14.—Lieutenant Colonel Smith, in charge of the United States quartermaster's department here, died last night. Yesterday he complained of stomach trouble, but was apparently not seriously ill. Mrs. Smith is in Arizona visiting her daughter.

Heir to a Fortune.
Springfield, Mo., July 14.—According to a letter received by Chief of Police Bishop, Robert M. R. Cooper is heir to half a million dollars in Cripple Creek mining property and Texas real estate, left by Captain John Crego, a frontiersman who died recently at Cripple Creek. Cooper formerly edited a paper here, and

GLITTERING GEMS.

Turquoise of New Mexico the
Leading Gem Industry.

Admiral Dewey is Well and Anxious
to Reach Home.

Ship Loaded With Gold Dust Returns
From the Klondike.

MEXICAN LOAN IS POPULAR.

Washington, July 14.—Dr. W. T. Day, chief mineralogist of the geological survey, has received from George F. Kuntz, surveyor and expert, the annual summary of the gem industry of the United States. There has been an unprecedented increase in the importation of cut diamonds and a great revival of the business in precious stones of all sorts. One of the most important domestic developments was the finding of rock crystal in Mokelumne Hill, California. There has been a decided increase in the output of the sapphirine mines of Ferguson county, Montana. The turquoise mines of New Mexico show continued development and there has been a decided increase in the output of the turquoise mines of New Mexico. The value of the output in the United States in 1898, covering forty varieties, was \$100,000, of which turquoise was \$50,000.

Meeting Town.
New York, July 14.—At J. P. Morgan's office it is said that the Mexican bond issue has been over-subscribed. The amount bid for it here is about \$25,000,000, the full allotment intended for distribution in this country and Holland. The books will not close before Saturday.

Anxious to Get Home.
Port Said, July 14.—The United States cruiser Olympia arrived here at 4 o'clock. Admiral Dewey, who is looking well, is anxious to get to New York as soon as possible. He will make a short stay at Trieste for change of air and proceed thence to America.

Klondike Gold.
Port Townsend, Wash., July 14.—The Orizaba arrived from the north this morning, bringing fifty returning Klondikers, most of whom have gold dust ranging from \$1,500 to several thousand dollars. The ship's strong box contains one hundred pounds of gold from the interior.

Will Make Short Stop.
Washington, July 14.—Secretary Long has received the following cable from Admiral Dewey:
"Port Said, July 14.—Olympia in voluntary quarantine. Soon as coaled will proceed. Triesta for medical and recuperation of officers and men."
The admiral's reference to pratique moussu, that is, to Trieste, to get a clean bill of health that will enable him to continue his voyage through the Mediterranean without delay.

NEW GOLD FIELDS.

Another Rich Gold Region Discovered in
Alaska Territory.
Seattle, Wash., July 14.—The steamer Alliance arrived this morning from St. Michaels, Alaska. It is the first vessel from the mouth of the Yukon this season and brings advices from the newly discovered gold fields at Cape Nome. Prospectors were confident the country would prove rich. Colors were found almost everywhere throughout a zone thirty-five miles square and nearly all the available ground is staked. Pans of \$2 to \$4 are common. Gabe Price and Louis Loun on claim No. 8 above the discovery on Anvil Creek with four men showing eight days took out \$40,000. Town lots are selling as high as \$1,000.

DEATHS AT THE MINES.
The Alliance brings news of the death of several miners near Cape Nome. Jacob Made, Canton, Ohio, a passenger on the Alliance thinks the predictions of the richness of the Cape Nome diggings will be realized. Among the passengers was ten from Lowell, Mass., who went into Koyukuk district last year. L. R. Farrington, a member of the party, said: "My counsel advice is for people to starve out from Koyukuk. The outlook is not encouraging."

General Shafter to Retire.
San Francisco, July 14.—Adjutant General Shafter will have reached the age limit in about three months. It is said that his friends are working to secure his retention in the service a few years.

THIRTY CENTS.

Amusements.
Saturday the usual matinee will be given for ladies and children by the Rose Sullivan company at Orchestra hall—a comedy bill will be presented. Sunday at 2 o'clock a matinee will be given. Prizes 10 and 25 cents; no reserved seats, room for all. Next week new people will be added to the stock company; a new leading man and a singing and dancing soprano.

A Big Institution.
One of the largest institutions of this city—in fact of the southwest—is the Southwestern Brewery & Ice Co.'s plant, located on the railway tracks just north of the city. Jacob Louis, who is the wide-awake president of the company, informs THE CITIZEN that when all the contemplated improvements are completed, new and modern machinery added, and the immense four-story brick structure ready for business in all of its departments, the Southwestern brewery will be the largest and most extensive of the kind this side of the Kaw river, barring possibly the big breweries in Denver. The new buildings are handsome structures of pressed brick from Socorro and Dohd & Lemke

were the stone and brick contractors. The president of the Albuquerque Brewery institution, Jacob Louis, has had extensive experience before coming to this city, he being for ten years superintendent and foreman of the Cherokee Brewing company of St. Louis. Mr. Henry Louis is the secretary and treasurer of the local company, and he states that their make of malt beverages now finds a ready market in towns many hundreds of miles from this city.

THE CITIZEN predicts a most successful and prosperous future for the Southwestern Brewery & Ice Co.

Renovated Society.
At the meeting of the Benevolent society Wednesday it was found that the expenses for June were \$71.60. We receive \$25 monthly from the city and the remainder is made up by the members dues, (\$1 a year and \$1 initiation fee for active members and \$1 only for honorary members) and contributions.

Why They Didn't Dance.
The Santa Fe railroad had arranged with the Isleta Indians to give a dance at Isleta, last Saturday evening, for the entertainment of the school teachers who were passing through the city on their way to Los Angeles. The railroad had appropriated \$25 as remuneration for the dancers and had sent six carloads of ties there to be used in making a magnificent building. Captains had been selected for four different dancing squads and everything was in readiness for a general "hurrah" time. At the last hour one of the captains balked, or rather staked in his tent and refused to participate with his squad in the entertainment. "Confusion worse confounded" ensued, and the excited captives followed in the footsteps of the uncooperative one and refused to go on with the dance, so the teachers were disappointed.

A. J. CRAWFORD SELLS OUT.

Fred. Marshall Will Sell Crescent Coal in
This City in the Future.
Yesterday afternoon A. J. Crawford sold out his coal yards in this city, where, for a couple of years, he has been handling the coal of the Crescent coal company, to Fred. Marshall. Mr. Crawford was not manager for the Crescent coal company in this city, he buying the coal outright from the Crescent coal company, for the use of his father's firm, the same as any other merchant in town dispose of his goods and wares.

In the future Mr. Crawford will devote all of his time to the business of the Crescent coal company, in which he has been successfully engaged for many years. The new proprietor of the Crescent coal yards is well known in Albuquerque, having been raised here and resided in the city until something over a year ago, when he went to El Paso to accept a position in the office of the general agent of the Santa Fe railway at El Paso. He was called back to this city by the death of his father a few weeks ago, and it was in order to be a companion to his widowed mother, that he decided to return to Albuquerque and go into business. Fred is an exemplary young man and THE CITIZEN is confident that the customers of the Crescent coal company will find their dealings with him just as satisfactory as they have invariably been with the former proprietor. Mrs. Marshall joined her husband here last night, she arriving from El Paso.

Try our fresh home-made Saratoga chips. San Jose Market.

C. C. Hall, the commission man of this city, returned last night from an extensive business trip through the southern part of the territory. He says that the dates for the carnival and street fair in this city, are too far away yet to make the object of very much talk among the people there, although the general opinion everywhere seems to be favorable to the proposed departure from the regulation territorial fairs held here in past years. He thinks as soon as literature and posters are sent out, a great interest will be worked up and that several thousand visitors from the southern part of the territory can be counted on.

H. O. Bursum, the superintendent of the penitentiary, passed through the city last night from Socorro to Santa Fe. He says that on account of scarcity of water they have been unable to run the mill in Water canyon. On Wednesday, however, there was a heavy rain and a washout in the canyon and a part of Bursum's studies were carried away by the flood. If the rains continue it will probably only be a short time before there will be sufficient water to run the mill.

The Rio Grande is still dry, but the acqueducts are filling up with water and general outlook for Socorro country ranchmen is quite bright.

Special Agent Frank Harris came in from the north last night. He says that Wm. Harvey, who was bound over to the grand jury under \$3,000 bail, a week ago, in Trinidad for stealing cattle from the Santa Fe, was bound over on a second charge yesterday and required to furnish a \$500 bond. It is now known that he has stolen seven cattle, four of which have been returned to the company.

All bills for the Benevolent society are to be sent in the first of each month to the secretary, Mrs. Haynes.

Special Agent Frank Harris, of the Santa Fe railway, came in from the north last night.

H. R. Kiewel went north on business last night.

Watermelons guaranteed sound and ripe or your money back, one and one-half cents per pound at the San Jose Market.

Nothing but the best at Ruppe's soda fountain.

SMELTER BURNED.

El Paso Smelting Plant Destroyed
By Fire Last Night.

Peace Assured in South Africa By
Pacific British Policy.

French People Celebrate in Excited Manner
a National Holiday.

BOMBS EXPLODED AT BARCELONA.

El Paso, July 14.—Fire broke out at 12:30 a. m. in the smelting works of the Kansas City Smelting and Refining company, three miles above this city. The building and machinery in it, valued at \$25,000, were destroyed. Had there been wind the loss might have reached several hundred thousand dollars. The El Paso fire department was asked for help and an engine and hose cart were sent promptly by special train. It is probable that the smelting plant will suspend work a few days.

Peace Assured in South Africa.

London, July 14.—The Daily News, Boer organ of London, has received the following from Johannesburg, dated July 14: A cable dispatch from the British government has been received by the Transvaal government, conveying a cordial message of warm approval of Volkrand's franchise proposals. The message also suggests minor alterations and tenders of friendly advice. The Transvaal in replying gratefully accepts the suggestions and consideration of the reform bill now before the Volksraad has been referred in accordance with the British cabinet's advice. As a result of this development the peace party has come out triumphant and Lord Salisbury is acclaimed as a vindicator of the moderate.

Excitable Frenchmen.

Paris, July 14.—Magnificent weather today favored the national day. M. De Roule and Marcel Robert and several hundred members of the patriotic league marched and deposited a wreath at the foot of the Strasbourg statue amid cries of "Vive l'Armee," "Vive la Roule," "De Roule in turn shouted "Vive la République Française," "Vive la Nation Française" and "Vive l'Alsace-Lorraine." He then requested the leaders to disperse. Some attempted to continue the demonstration but the police scattered them. Dispatches from various garisons, including Rennes, report that the reviews were carried out without incident.

Bombs at Barcelona.

Barcelona, July 14.—Four bombs exploded in different parts of the city this morning. No serious damages were done, but the excitement is intense. The authorities are on guard.

Old Fellows Installed.

Albuquerque Encampment No. 4, I. O. O. F., last night installed the following officers:
Chief patriarch, A. D. Johnson; high priest, Emil Mann; senior warden, K. L. Medler; junior warden, George Gainsley; scribe, John Connelly; treasurer, D. L. Perry.

At the conclusion of the installation,

those present sat down and did justice to a fine watermelon spread.

ALBUQUERQUE, — JULY 14, 1899.

The Rio Grande at El Paso is at present navigable for pedestrians.

ENGLAND'S postoffice savings bank has 7,000,000 depositors and \$600,000,000 of funds.

GEN. WOOD thinks the inhabitants of eastern Cuba would vote for annexation by four to one.

THE Fourth of July casualty list is placed at 1,851, but the returns from the country are not complete.

THE Prescott Courier is the only paper in Arizona that defends the fake mining companies of that territory.

MARK TWAIN'S rule—"When in doubt tell the truth"—would be a good motto for assessors to print at the head of schedules.

THE St. Johns (Arizona) Herald has changed hands. Its new managers modestly announce that hereafter the paper will be "mildly republican."

THE low line ditch enterprise appears to have fallen into incompetent hands, and it is rumored that the proposed irrigating canal will not be built.

THE Wheeler family stands to win renown in the Philippine war. The father goes as a general, the son as a major and the daughter as a trained nurse.

THE railways are making herculean efforts to repair the damages wrought by the floods in north Texas, but it will be many days before they are all in running order.

GEN. J. K. HUDSON has again taken editorial control of the Topeka Capital. He is a veteran in war and in journalism, and will put the Capital in the front of Kansas newspapers.

SENATOR DEWEY says he believes that a course of lectures on the operation of railroads would be a valuable addition to all our leading colleges, considering the large part which railroads play in our everyday life and how little they are understood.

THE Denver Times says that from day to day many silver Republicans are returning to the straight Republican fold. These wanderers seem to have reached the sensible conclusion that fusion with the democrats advances no material principle of their own party, and means only the turning over of prominent offices to the democracy.

THE White Pass and Yukon railroad has now been completed to the headquarters of Lake Bennett, and the road is open for traffic between Skagway and the navigable waters of the lake. Another division will be begun immediately from the foot of the lake, when completed, will make possible an unbroken journey from Skagway to Dawson.

THE laws of Pennsylvania make it a misdemeanor, punishable by a fine and imprisonment, for any employer of labor to discharge workers because they are members of trade unions. One of the laws applies to corporations, but is contested by them on the ground that it is special legislation; the other prohibits under penalties the discharge of workmen for affiliation with labor unions, but it applies to all employers, whether corporation, partnership or individual.

GOOD AUGUSTION.
The New Mexican has this timely suggestion: "While exchanges are booming the Territorial Fair at Albuquerque, as is proper, they should not forget that at Santa Fe will be held a territorial horticultural fair during the same month that is of great importance to the territory. While booming the one fair they should also boom the other. The New Mexican and Santa Fe will help in making each fair a success, and it is to be hoped that the same spirit will be generally manifested toward the horticultural fair at Santa Fe."

COPPER PRODUCE.
A report from the mineral division of the geological survey shows that 536,376,501 pounds of copper were mined in the United States during the last year. Of this amount, 16,374,501 pounds were mined in Colorado, 231,044 in Wyoming, 1,692,371 pounds in New Mexico.

The total production of the United States in that year is by far the largest ever reported. The increase in the production of copper was largest in Arizona, while the lake district also recorded an advance. Montana fell off considerably.

WIRE OLD ROOSTER.
A Kansas editor is responsible for the following: "A Kansas duck which had faithfully stuck to business during the summer and laid several dozen of large, brown-colored eggs, complained that she was not appreciated. 'See that hen over there,' said the duck, 'she hasn't laid as many eggs as I have, nor as big, but she has books written about her and verses composed in her honor, while nobody is saying a word about me.' 'The trouble with you is,' said a wise rooster that was standing near, 'that you don't tell the public what you have done. You lay an egg and waddle on without saying a word, but that sister of mine never lays one without letting everybody in the neighborhood know it. If you want to cut any ice in this community you must advertise.'"

IRRIGATION PROBLEM.
It is proposed to hold a convention in this city in September to discuss the irrigation situation and try to devise ways and means to secure government assistance in providing for the irrigation of the public lands of New Mexico and Arizona. Such a convention would be of great benefit to the irrigation interests of the southwest.

Without it, the land will inevitably be waste, the situation growing worse each year as the forests are denuded and the rain fall becomes more irregular. With it, this great country would be as productive and fruitful as to extend those who are not aware of its possibilities. With the betterment in transportation facilities, this immense region will be brought closer and closer to the markets of the east, and with the growth of population elsewhere it will become more and more necessary to make use of what are now mostly waste lands. Thus the irrigation matter must be long before become a national issue, and all the pressure that we can muster will be brought to bear on the national congress to force national action that shall save the southwest for productive territory. The sooner this is done the less the work of reclamation will cost and the greater proportionately will be the results. No more vital question is at present before the people of the southwest.

The government monthly crop report shows no material deterioration from the condition of a month ago. It gives the farm reserves of wheat as 64,000,000 bushels, or 47,000,000 bushels larger than a year ago.

The Hundred Year Club.
A Hundred Year Club has been organized. The object is to study the conditions which promote longevity. After much study and research its members must arrive at the conclusion that the only possible way to attain long life is to take the best care of health. With all due respect, we present the study of Hostetter's Stomach Bitters for consideration. This is a tonic for one of the most vital organs of life—the stomach. For fifty years it has cured constipation, indigestion, dyspepsia, biliousness, weak liver and kidneys. It makes strong stomachs, rich red blood, and steady vigorous nerves. If you accept a substitute don't expect it to cure like Hostetter's Bitters. Send for a private revenue stamp over the neck of the bottle.

A CHILD ENJOYS.
The pleasant flavor, gentle action and soothing effect of Syrup of Figs, when in need of a laxative, and if the father or mother be costive or bilious, the most gratifying results follow its use, so that it is the best family remedy known, and every family should have a bottle. Manufactured by the California Fig Syrup Co.

H. S. KNIGHT.
wants to buy a 25 horse power boiler. Has for sale a magnificent black milch cow, on north second street, one opposite park, another black and white cow, one on south third street in Highland, also some special bargains in real estate and improvements that must be sold at once. A 75 gallon, Schleichert, mounted on a splendid running gear, all new, five stamps mill and concentrator; hotel at Golden, horses, buggies, a family survey, phonograph, piano, bar fixtures, etc. I will pay the highest price for second-hand furniture and attend to any business for a small commission and abstracting titles a specialty.

H. S. KNIGHT, Auctioneer.
A diseased stomach surely undermines health. It dulls the brain, kills energy, destroys the nervous system and predisposes to insanity and fatal diseases. All dyspeptic troubles are quickly cured by Hostetter's Stomach Bitters. It has cured thousands of cases and is curing them every day. Its ingredients are such that it can't help cure. Berry's Drug Co.

Brave Men Fall.
Victims to stomach, liver and kidney troubles, as well as women, will all feel the results in loss of appetite, poisons in the blood, headache, nervousness, heartache and tired, listless, run-down feeling. But there is a cure. Listen to J. W. Gardner, Daville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down and don't care what he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat any thing and have a new lease on life. Only 25 cents a bottle. J. H. O'Reilly & Co's drug store. Every bottle guaranteed."

Good Mined Wanted.
The anthracite mines at Madrid, N. M. will start up at once with full force. One desired good miners by applying at the mines can be put to work immediately and will have steady work the entire season.

Dyspepsia can be cured by using Acker's Dyspepsia Tablets. One little tablet will give immediate relief of money refunded. Sold in handsome tin boxes at 25 cents. J. H. O'Reilly & Co.

None Will Escape.
None of our summer suits will be carried over, \$16, \$17 and \$18 suits go now at \$10, at our great midsummer sale. Fancy worsteds, chevots, cashmeres—everything—don't miss the chance. Simon Stern, the Railroad Avenue clothing.

You can't cure dyspepsia by dieting. Eat good, wholesome food, and plenty of it—Bodol Dyspepsia Cure digests food without aid from the stomach, and is made to cure. Berry's Drug Co.

Carpet, Rug and Matting.
Charming designs, luxurious qualities, gratifying assortment, unrivaled prices. May & Fisher, Grant building.

Played out.
Bill headache, pains in various parts of the body, sinking at the pit of the stomach, loss of appetite, feverishness, pimples or sores are all positive evidences of impure blood. As matter how it became so it must be purified in order to obtain good health. Acker's Blood Purifier has never failed to cure scrofulous or syphilitic poisons or any other blood diseases. It is certainly a wonderful remedy, and we sell every bottle on a positive guarantee.

Miss Blanche Owen and Miss Lizzie Hughes have returned from Salem, where they enjoyed a delightful visit with the daughters of Mr. John Becker.

Mrs. L. Trauer and Miss Ethel Levy, who have been visiting with relatives in Los Lunas, returned to the city last night.

Hugh Morrison, after attending the funeral of his mother at Santa Fe, returned last night to Los Angeles.

Shake Into Your Shoes.
Allen's Foot-Powder, a powder, it cures painful, smarting, nervous feet and ingrowing nails, and instantly takes the sting out of corns and bunions. It's the greatest comfort discovery of the age. Allen's Foot-Powder makes tight or new shoes feel easy. It is a certain cure for sweating, callous and hot feet, itching feet. Try it to-day. Sold by all drug stores and shoe stores. By mail for 25 cents in stamps. Trial package FREE. Address, Allen S. Olmstead, Le Roy, N. Y.

SCHOOL OF MINES.

An Institution Where Young Men May Acquire Quality for Mining Positions.
Prof. F. A. Jones, of the New Mexico School of Mines, is visiting the mining sections of New Mexico. He writes as follows of the work of the institution:

"The New Mexico School of Mines, a territorial institution located at Socorro, is designed to afford instruction in assaying, chemistry, metallurgy, mining and civil engineering. The laboratory building, erected at a cost of \$10,000, is one of the finest and best equipped in the west. The school is now in a more prosperous condition than ever before. Owing to the liberality of the last territorial legislature, the number of instructors will be increased next year, and the facilities for instruction will be greatly improved."

"Besides the regular degree courses, there are offered at the school special courses of assaying, plane surveying and prospecting, each occupying from six to nine months. A preparatory course in the use of the theodolite and other instruments, which have not had the opportunity necessary to prepare for technical work of the institution."

"The mining industry is undergoing a general and rapid development. More scientific methods of mining and ore treatment are now being employed by the operators. There is, therefore, a steady demand for young men with such technical knowledge as the school of mines is capable of affording. The wide awake, ambitious young man can find no more useful or remunerative field of labor."

"We have secured the services of Prof. William C. Flahen, of the Massachusetts Institute of Technology, for giving instruction in chemistry and geology. Professor Flahen is a specialist in this line of work, and comes highly recommended."

"Every effort is being made to make the institution among the best and most practical in the west."

"The memorial to congress, an act passed by the territorial legislature, to appropriate \$25,000 annually for the school of mines, is now being considered by congress. It is believed we can show of having the oldest pupil of any college or university in the country. An enthusiastic student is 22 years of age, and intends to be with us the coming year."

"The numerous inquiries from all over North America coming to the school, regarding our mineral resources makes the school of mines one of the most important advertising mediums this territory has."

"We are in debt earnest in making this school what it should be, and believe the intelligent people of the territory will stand by us."

"The constant and steady demand for chemists, metallurgists and mining engineers, technically qualified, is a matter of comment by all the eastern schools of technology. The time has now fully arrived when the young men of the territory must turn from the beaten path of book learning, teaching, stenography, medicine, law, the dead languages, etc., and that anything disbarred is attached to these subjects, but because these professions are overcrowded, and competition has forced down the scale of wages until there is now scarcely livelihood in many, though once remunerative positions."

"The acquisition of Cuba, the Philippines and our proximity to Mexico call for young men who possess practical ideas and technical training. Those thus prepared will find their backs and their burden light."

Millions Given Away.
It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Colds, have given away over ten million trial bottles of their great medicine, and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on J. H. O'Reilly & Co. drugstore, and get a free trial bottle. (Sent size, 50 cents, and \$1.00. Every bottle guaranteed or price refunded.)

Woodmen of the World.
Meeting to night at Pythian hall at 8 o'clock. All members are earnestly requested to be present. Visiting sovereigns cordially invited.

H. K. ROGERS,
Consul Commander.

A. G. STOCKETT, Clerk.
"What might have been"—if that little cough hadn't been neglected—is the sad reflection of thousands of consumptives. One Minute Cough Cure cures coughs and colds. Berry's Drug Co.

T. H. Metcalf.
Successor to A. Hart, pays the highest prices for second-hand goods. Presently contemplating going to Hong-Kong before will do well to give him a call before purchasing. No. 117, west gold avenue, next door to Wolfe's Fargo.

AN OLD AND WELL-TRIED REMEDY.
Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. It is pleasant to the taste, sold by druggists in every part of the world. Twenty-five cents a bottle. It is valuable in all cases of colic, and is sold by Mrs. Winslow's Soothing Syrup and take no other kind.

J. C. Spears, grand master of the New Mexico Independent Order of Odd Fellows, is expected to arrive from the south this evening on an official visit to Albuquerque lodge No. 1. After the regular session, a banquet will be served in honor of the distinguished visitor. All Odd Fellows in the city are cordially invited to be present.

Experience is the best teacher. Use Acker's Ragless Remedy in any case of cough, cold or croup. It will give immediate relief, money refunded. 25 cents and 50 cents. J. H. O'Reilly & Co.

The Law Library.
Judge McElie yesterday afternoon appointed Col. George W. Knebel a trustee of the territorial law library, says the New Mexican. Hon. T. B. Catron and Judge McElie are the other trustees. The trustees held a meeting yesterday afternoon for the purpose of reorganization. Judge McElie is ex officio president, and Col. Knebel was elected secretary. It

Native and Chicago Lumber
Building Paper Always in Stock

J. O. BALDRIDGE,
First St. and Lead Ave., Albuquerque

was found that on account of inadequate quarters the library was in poor shape. The number of volumes in the library is large, but they have not been arranged and catalogued. This will be done as soon as the new capital building is ready to be occupied. At present the books are kept in the basement of the Catron block.

FAST TRAIN TO MEXICO.

Will Be Put On Next Fall—Meet Train at Albuquerque.

A rumor is now doing around to the effect that a fast train will be run between Chicago and the City of Mexico in the near future. It is the intention to have a Mexican Central train meet the Santa Fe California limited at Albuquerque and take the passenger straight through to the City of Mexico. Our informant says that this is discussed very freely at Albuquerque and at other points along the line, and the rumor seems to have been started by the officials themselves. The train will be run twice a week and will make the best time possible between Albuquerque and the City of Mexico. This is done to compete with the International, which last season reduced their time from this country to the City of Mexico several hours. This would not work any visible benefit to El Paso. The way it is at present, tourists to Mexico can spend several hours in this city, but under the new arrangement, if it is ever inaugurated, passengers will be hurried through here to Juarez, where an eating house will be established.

The Central people have been considering this action for many months, and it altogether probable that the first train will be put on this fall.—El Paso Herald.

Keep quiet
and use Chamberlain's Colic, Cholera and Diarrhoea Remedy for all pains of the stomach and all unnatural looseness of the bowels. At always cures. For sale by all druggists.

HOTEL ARRIVALS.

BRIGHT'S DISEASE

Chronic Inflammation of the Kidneys is a very common ailment. Like all chronic diseases the symptoms come on insidiously. If proper treatment is obtained in its early stages, Bright's disease may be cured. HUYAN will cure it if it is taken in time. HUYAN will relieve all the symptoms. Do not delay too long. Don't wait until your case becomes incurable. Begin the use of HUYAN now, while you may be cured.

THE EARLY SYMPTOMS ARE:

1. CHRONIC RICK OR NAUSEOUS HEADACHE. HUYAN taken as directed will relieve the headache instantly.

2. PUFFINESS OF THE SKIN UNDER THE EYES, due to a collection of fluid—in other words, DROPSY. HUYAN will cause the extra amount of fluid to be taken up by the blood and be eliminated by the kidneys.

3. WEAKNESS OF THE HEART. HUYAN will restore the circulation to its normal condition and cause the checks to become red and rosy.

4. PALE, DOUGHY COMPLEXION. HUYAN will restore the circulation to its normal condition and cause the checks to become red and rosy.

5. WEAKNESS AND PAIN IN THE REGION OF THE KIDNEYS. HUYAN will cause the kidneys to perform their functions properly, thereby relieving the pain and weakness.

Get HUYAN at once and take it regularly. HUYAN is sold by all druggists for 50c per package, or 6 packages for \$2.50. If your drug store does not keep it, send direct to the HUYAN REMEDY COMPANY, San Francisco, Cal. Remember that you can call and consult the HUYAN BROCHURE FREE. Call and see them. If you cannot call, write to the doctors and they will advise you. The advice will be given free. Address:

HUYAN REMEDY COMPANY,
Cor. Stockton, Market and Ellis Sts., San Francisco, Cal.

Thomas Rhoads, Contra Costa, O., writes: "I suffered from piles seven or eight years. No remedy gave me relief until I used the Witch Hazel Salve. Less than a box of which permanently cured me." Soothing, healing, perfectly harmless. Beware of counterfeits. Berry's Drug Co.

Spots before the eyes, drowsiness, constant worry, Hudyan cures. All druggists, 50 cents.

A FORCE PUMP

Good Intentions Are Poor Assets

To leave to your family. Many men intend to protect their loved ones by insurance, but never even try to turn their intention into action. Many others do try, but not until too late. For example: during 1898 alone the Equitable declined the applications of 8,382 persons for \$30,318,878 of assurance. Don't you think you had better put your intention into execution—before it is too late?

ROSENWALD BROS.

LOCAL PARAGRAPHS.

J. F. Cook came up from Socorro last night.

W. B. Clark, of Gallup, is at the Hotel Highland.

Hon. Solomon Luna returned to Los Lunas this morning.

Rev. Bruce Kinney returned to the Pecos country last night.

Dr. W. D. Radcliffe, the good Samaritan of Belen, is in Albuquerque today.

Capt. A. Stahab after a short visit with his daughter in this city, returned to Santa Fe last night.

Miss Sofia Werner, a young lady of Old Albuquerque, is visiting her sister, Mrs. Edw. W. Werner, of Socorro.

Joe Goodlander returned last night from a business trip to the southern part of the territory.

Simon Newstadt, the business man of Los Lunas, was a passenger from the south last night.

Miss K. A. Burbank came in from the west last night and is registered at the Hotel Highland from Los Angeles.

James Tennant and wife, from Erie, Pa., came in from the north last night, and are comfortably located at the Grand Central.

Teacher's examination will take place at the court house on July 31, beginning at 9 o'clock a. m., and continue until all applicants are examined.

On account of nearly all the teachers in this county being at Los Angeles and other cities, there will be no teachers in attendance in this city this summer.

Andreas Romero, proprietor of the gold avenue meat market, has returned from his stock ranch located within a few hours' ride of the city. He reports excellent rains on the ranges west of the city.

J. H. Griffin, an attorney from Minneapolis, Minn., and who graduated with F. M. Sims, now of Washington, D. C., years ago, has arrived in the city. He is a health seeker, and will probably remain here indefinitely.

Dr. J. P. Kaster, chief surgeon of the Santa Fe railway, and his friend, E. E. Ives, returned last night from El Paso and will continue north to Topeka tomorrow night. This afternoon, accompanied by W. L. Trimble, Dr. J. P. Kaster, H. S. Knight and James Martin, the visitors left on a fishing expedition up the river in the vicinity of Bernillo. They will return to the city about supper time.

Arthur Kevitt returned last night from Bland. He reports all the miners over in the Cochiti district enthusiastic over the proposed mineral exhibit in connection with the carnival and street fair in this city next fall, and he has no doubt that the exhibit from the district will be of such character and extent as to open the eyes of all outside visitors to the wonderful mineral wealth stored away in the Cochiti mountains.

DRY GOODS COMPANY.

..Gigantic Slaughter..

of Summer Goods now on. Beginning Saturday morning, July 15 continuing one week—ending Saturday evening, July 22.

Prices hacked and hewed—cut and slashed—utterly beyond resemblance. Not one article that pertains to summer wear but what has been knifed to the quick. Two reasons prompt us to this action: First—To reduce stock in order to make room for the large purchases our Mr. J. A. Weinman is now in the east making. Secondly—It is one of our business maxims not to put off for the morrow that which can be done to-day—not to pack away for next season (and then sell at reduced prices) what ought to and can be sold this season.

Here we'll enumerate a few of our many "plums":

Washable Textiles....

at prices that will make every yard walk, cost utterly disregarded.

20 pieces of 6c Scotch lawn..... 3c

5 pieces of 6c Cotton Challies..... 3c

"The Proof of the Pudding"

Is in eating it," and the proof of our big pudding is delicious (canned goods in glass or tin, is in testing them. The dainty palate revels in our fresh canned fruits, vegetables, pot and tinned meats, deviled crabs and canned salmon, oysters and lobsters. Our superior foods are re-lished in warm weather, when ordinary victuals fail to tempt the appetite.
