## TEACHERS CONVENTION

Thousands Attending Meeting at  
Los Angeles.

Texas to Receive Government Seed  
For Destitute Planters.

Oregon Regiment to Be Mustered Out at  
San Francisco.

DEATH OF PACIFIC COAST SHIPPER.

Los Angeles, July 13.—Despite the fact that much of the departmental work of the N. E. A. convention is severely technical and not of general interest, the attendance in all sections is large to day. Right Rev. G. Montgomery, Catholic bishop of this diocese, delivered an address on "Religious Element in the Formation of Character," that attracted close attention. In the natural science department, Prof. W. W. Hastings of the university of Nebraska, read an interesting paper on anthropometric studies in Nebraska, being the result of an examination made of 2,500 children in Lincoln and 1,000 in Omaha. It was urged that a child whose development is inferior to that of a typical child of the same sex and age and height by more than calculated proportion, should not be allowed to pass to a higher grade without provision of suitable forms of exercise for the correction of his physical disability.

Ship Wreck at Sea.  
Perth, Western Australia, July 13.—The British ship Carlisle Castle was lost in a storm yesterday, off Rockingham. Crew perished.

The British ship, City of York, was wrecked off Rothorn island. Seven of the crew were saved. The captain and eleven men are missing. The City of York, Capt. Jones, sailed from San Francisco, April 13.

The Peace Strike.  
Chicago, July 13.—A conference between the officers of the American Tin Plate company and the wage committee of the Amalgamated Association of Iron and Steel Workers will probably be brought to a conclusion late this afternoon. It is believed that a satisfactory understanding on the disputed wage question will be reported.

Death of Texas Teacher.  
Dallas, Texas, July 13.—Prof. William Lipscomb, of the Dallas high school, died to day from the effects of the wound received from John T. Carlisle, former janitor of the school, who shot him during the revival services at the First Christian church. Carlisle is a cousin of the former secretary of the treasury. He professes not to remember anything about the shooting. The defense will be emotional insanity.

Carlisle lost the position of janitor of the high school and blamed Lipscomb.

Death of a Noted Ship Captain.  
San Francisco, July 13.—A cablegram was received to day announcing the death at Droyett, England, of Captain Charles Goodall, of the firm of Goodall, Perkins & Co., a pioneer shipping firm of the coast, controlling the Pacific Coast Steamship company, whose vessels ply between the large ports, including Alaska. Captain Goodall was 70 years of age. His fortune was immense.

Packing House Closed.  
Kansas City, July 13.—Schwarz, Childs & Schaefer's packing plant was closed to day by the management rather than grant a second advance of wages to two hundred butchers and helpers. A thousand men are out.

Kansas City Market.  
Kansas City, July 13.—Cattle—Receipts, 4,300. Market, beef steady, others weak.

Native steers, \$14.00@15.50; Texas steers, \$12.75@14.00; Texas cows and heifers, \$12.50@14.00; stockers and feeders, \$12.00@13.00; bulls, \$13.00@14.25.

Sheep—Receipts, 2,000 head. Market, steady.

Lambs, \$3.00@3.75; muttons, \$3.00@4.00.

Long Trip.  
New York, July 14.—John Davis and his wife to day started for a trip to San Francisco on a gasoline automobile. The trip will be the longest, if completed, ever made by an automobile.

Another Strike.  
New York, July 13.—A large portion of the employees of the dry house of the Battery, worsted mills of Passaic struck to day for an increase of 30 cents a day in wages. They have been receiving \$1.20.

Chicago Grain Market.  
Chicago, July 13.—Wheat—July, 73½¢; September, 73½¢.

Corn—July, 34¢; September, 34¢.

Oats—July, 24½¢; September, 25½¢.

Add for Destitute Planters.

Washington, July 13.—Representative Hawley, of Texas, who is here in the interest of the Texas seed sufferers, has arranged with the agricultural department for the distribution of seed to the sufferers of the Brazos valley. Owing to

the extensive devastation the seed will be sent to postoffice near the devastated region for distribution by the postmaster. Representative Hawley says the war department has responded generously with tents and rations and has done all in its power to relieve distress.

Brooklyn Dock Damage.  
New York, July 13.—The Brooklyn navy yard dry dock No. 2, for which \$300,000 was appropriated by the last congress for repairs, was so seriously damaged during last night's storm that it probably cannot be used again for nearly two years. The bottom of the dock bulged for a distance of over fifty feet. Rainwater is supposed to have worked beneath the dock and loosened the abutment.

Admiral Dewey.  
Port Said, Egypt, July 13.—Admiral Dewey arrived here this evening on the United States cruiser Olympia.

COLORADO STRIKE.

Taking Testimony on the Labor Situation in the Mining Districts.

Denver, July 13.—Deputy State Labor Commissioner James T. S. Smith, formerly a Leadville miner, was examined to day by a sub committee on mining of the United States industrial commission, regarding the industrial conditions of Colorado. He declared that the economic effects of the strikes on society at large were good, in spite of the sufferings entailed, but expressed the opinion, which amazed M. D. Hatchford, a member of the committee, that the intelligent use of the ballot was better than strikes for immediate results. He considered the eight-hour law just and favored compulsory arbitration.

Bishop Consecrated.

Portsmouth, N. H., July 13.—Rev. J. Brown Faxon was to day consecrated bishop of Boise, Idaho, in the Trinity Episcopal church.

CIVIL SERVICE CASE.

Stim Evidence Brought Against Senator Gallinger of New Hampshire.

Concord, N. H., July 13.—Neither Senator Chandler, Ex-Governor Rustel, nor Senator Gallinger was present when the hearing before the United States civil service commission was resumed to day. Captain Thomas F. Clifford Clark, in charge of the republican headquarters during the campaigns of 1896 and 1898, stated he had special charge of the vote canvassing and speaker assignments. He knew nothing about assessment circulars, and never saw one until the commissioners showed him a copy of it. In 1896 he said he thought assessment circulars were sent out by the chairman of the committee, John A. Spaulding, personally. He did not know that any were sent to federal officeholders, but thought one was sent to United States Senator Aldrich.

Amusements.

To-night at Orchestra hall "The Rajah," a four act comedy, will be the bill. Fifteen cents and 25 cents. No seats reserved. A matinee Saturday, as usual. New leading man, new singing and dancing soufrette Sunday.

Key Freeborn, who is chief clerk for R. F. Heller at the latter's Cabelon general merchandise store, came into the city yesterday, and to day is superintending the loading of several wagons with merchandise for Mr. Heller. Mr. Freeborn will leave on his return to Cabelon tomorrow morning. He states that the labor in his neighborhood has had several good soaking rains the past few weeks.

The automobile, which will be one of the chief attractions of the Territorial Fair, has been ordered by W. L. Trimble & Co. "This borrowed contrivance," said Mr. Trimble to day, "will surely arrive here in about four weeks, and the many thousands of visitors will all be invited to take a ride throughout the city on one of the greatest inventions of the age."

J. K. Saint, representing on the road the Mutual Life Insurance company, left for the north last night. He consulted with several members of the Territorial Fair association executive committee yesterday, and assured them that he would take up the big event to take place in this city the coming September.

The Albuquerque Guards will meet this evening. It is desired that they bring their arms and accoutrements with them, for the reason that a muster roll is to be formed and sent to the adjutant general in Santa Fe.

S. Schult, the wealthy merchant of El Paso, came up from the south last night, and is visiting his daughters, Mesdames James Grunsted, Nof Island and Berthold Spitz. He will return to El Paso Sunday morning.

Don Stamps and Alvin Pohl were out fishing in the Rio Grande yesterday. They returned to the city late in the afternoon with about 300 pounds of fish, which they distributed among their friends.

R. S. Munson, of the new laundry firm of Munson & Perry, is slowly recovering from a very severe attack of typhoid malaria. He will be up and around, as strong as ever, in a very few days.

The W. C. T. U. will meet at 2 o'clock to-morrow afternoon at the home of Mrs. Harwood in the Methodist college building.

Mrs. Ed. Harsch and Miss Rose Harsch are spending a few weeks in Coyote canyon.

The most complete line of luncheon delicacies in town at the San Jose Market.

Deputy United States Collector Loomis came up from the south last night.

Mrs. M. J. Horden is not in Silver City, as was erroneously reported.

Mrs. W. W. Oimsted is still residing in Albuquerque.

## HARD ON THE SOLDIERS.

Losses of Volunteer Regiments in  
Battles in the Philippines.

Severe Skirmish on the Shores of  
Laguna de Bay.

No Rough Rider Regiments to Be Enlisted  
for the Philippines.

KANSAS CITY PACKING HOUSE CLOSED.

San Francisco, July 13.—Advice has been received by the transport Newport, dated Manila, June 11: The volunteers are greatly debilitated in consequence of hard campaigning through three months of tropic weather. Since the middle of May no volunteer regiment had a sick list of less than 20 per cent. Most of them at the present date have 25 per cent ill. The Nebraska regiment came from San Fernando a few days ago with less than 200 men in the ranks. The South Dakota followed yesterday with 275 men. The Kansas regiment at San Fernando had not more than 200 available men. The morning after the Washington troops took Morong a week ago, only 200 men responded to roll-call. The Nebraska, Montana, Kansas, Washington and South Dakota regiments have borne the brunt of the fighting. Their losses in killed and wounded range from 150 in the Montana regiment to 280 in the Nebraska. Of the regulars the Third artillery is the heaviest loss in killed and wounded, numbering 123.

SKIRMISH NEAR MANILA.

Force of Philippine Insurgents Routed on Laguna de Bay.

Manila, July 13.—Laguna de Bay is being patrolled by three troops of the Fourth cavalry, under Captain McGraw, and the army gunboat Napidan, commanded by Lieutenant Larsen. The force makes its headquarters on the island, living on cascos, in which the men are towed about to make unexpected visits to towns where there are small forces of insurgents for the purpose of keeping the rebels moving.

On Tuesday the troops had an engagement at Mantilupa, on the south shore of the lake. They found 500 insurgents there, entrenched near the shore. The Napidan shelled the town, and a party of American troops, numbering 135, landed and drove the rebels by a sharp running fire to the hills, where, where they were too strongly entrenched for our small force to attack them. Two cavalrymen were wounded and ten insurgents found dead. It is supposed the enemy's loss was thirty-five.

No Rough Rider Regiment.

Washington, July 13.—Adjutant General Corbin said to day that no one had been authorized to enlist any of the three Rough Rider regiments provided for in the volunteer act. It will require the president's express direction before any step will be taken before raising these regiments. The impression given by Corbin was that there is little likelihood of the organization of these regiments.

Oregon Regiment.

Washington, July 13.—Secretary Alger this morning received a telegram from San Francisco containing the unanimous request of the Oregon regiment for muster out at San Francisco. After consultation with the president it was decided to concede to the request.

Territorial Rifle Races.

The old fair grounds are again the scene of activity. In the evening between 6:30 and 8 o'clock a good sized crowd of the fast ones can be seen rounding themselves into form for the races on Saturday, July 22. The track is now in good condition, and the boys are working hard to make the meeting a success. Among the riders well known to the people of Albuquerque are Fred Lewis and Brooks, two very speedy men, and among the new men are Kingsbury, who has a wonderful spirit and good staying qualities. A complete trainer is on the grounds every evening from 6:30 until 9 p.m. and will do advice free to all riders wishing to train. Quite a few from the city watch the boys train every evening. The use of the track is free to cyclists. The program consists of races and trick riding, making as attractive a card as any city shows this year. The entries for handicap events close July 15; to open events, July 18. All entries should be addressed to J. Drummond, city.

FRIDAY.

Little neck clams in shell.

Soft shell crabs.

Frog saddles.

Fresh fish.

SAN JOSE MARKET.

Dr. Branyan Acquitted.

Dr. A. F. Branyan, the eye specialist from Minneapolis, had his hearing before Justice Crawford this morning on the charge of obtaining \$350 from D. A. Ortega under false pretences. The glasses that he had ordered for Ortega arrived yesterday and consequently no case of obtaining money under false pretences could be made against him and the case was dismissed.

Ortega now has another grievance. He declares positively that the gold rim which he gave the doctor are not some ones that are in the glasses now. Branyan says that he is not positive whether they are the same or not, but says if they are not, the mistake was made at the other end of the line.

Moving Along Smoothly.

The rustling committee of the Territorial Fair association was out for a short time yesterday afternoon, and was successful in securing several first-class contributions, notably the Southwestern Brewery and Ice company, who, through

its enterprising president, Jacob Leeb, subscribed \$100. The list is growing, inch by inch, and as soon as the committee consider it proper the "roll of honor" will be given to the city newspapers to be published. The members of the rustling committee are all business men and are giving their time to their own business to-day. On to-morrow (Friday) they will devote a large part of the day to working for the people of Albuquerque—that is, the Territorial Fair association. The corporations of the city have been written to for contributions, and it is hoped that their local agents, who have been appealed to for assistance, will recommend the amounts listed by the committee as fair contributions from these companies.

Letters are pouring in from all parts of the southwest, congratulating the Territorial Fair association upon its carnival, street fairs, balloon ascensions, etc., for this fall's amusement, and assuring the association that a large outside crowd can be expected to attend.

Remembrance—Eliaman.

Pursuant to notice published in THE CITIZEN yesterday afternoon, Norman L. Kemmerer and Miss Anna K. Kieaman were united in happy matrimony at the residence of the Congregational church, Rev. F. H. Allen performing the interesting ceremony at 9 o'clock last night. Only a few of the most intimate friends of the young couple were invited and attended. The happy couple have gone to housekeeping at No. 422 south Fifth street, where they will be "at home" to their friends in the future.

BUILDING GALORE.

C. D. Ward, a Stranger, Putting Up Two Large Brick Rooming Houses.

C. D. Ward, of Minneapolis, Minn., who came to this city from Phoenix, A. T., only a few weeks ago, is so favorably impressed with Albuquerque and its promise of future growth and development, that he has decided to make his home here and invest his money in our midst. His wife and children are with him.

He has bought several lots on the corner of Second street and Hunning avenue, and has the foundation laid for two large and commodious brick rooming houses, which he expects to have completed within two months. The larger one will be two stories high, twenty-four feet wide by ninety feet long. The smaller one will be 22x28 feet in dimensions. Mr. Ward is an experienced workman and is personally superintending the work. When completed the two buildings will cost about \$4,000 or \$5,000.

The location is a most excellent one for a rooming house, being only a couple of blocks from the shops, and a man does not need to be a prophet to see that Mr. Ward has made a good business venture and that he will get substantial returns on the money that he has invested.

The generous people of Albuquerque will not begrudge Mr. Ward his good luck, but will continue to wish that more men like him will come here to make their permanent homes.

The goat which the local lodge of Kilsa use in initiation work is growing larger, and it is now predicted that his royal goatship will be in most excellent trim about fair time. Attorney T. N. Wilkerson and Dr. J. R. Haynes, two thoroughly excellent Kilsa, have the goat under their personal supervision, and intend to have him in the best of condition for the big parade during fair week.

J. B. Manby, the Trinidad, Colo., cattle and sheep buyer, came in from the north last night and to day was noticed around about 6 L. Brooks, the well-known rail way live stock agent. Mr. Manby has been in the hospital at Trinidad for the past few weeks, where he underwent an operation, but he now reports himself thoroughly well and in fine physical condition.

It is learned that in a few days there will be full R. P. O. service between Albuquerque and Los Angeles, just as it is now between Albuquerque and La Junta. At present there is only one mail clerk to the car between Albuquerque and Los Angeles, or vice versa. Under the new arrangement this number will be doubled.

Regular meeting of Cottonwood Grove No. 2 Woodmen Circle, will be held this evening at 8 o'clock. All members are requested to be present; visiting members invited. Mrs. A. G. Staehlin, worthy guardian.

Last Tuesday afternoon, while the inmates were all away, burglars entered the home of J. J. Mudd, and a gold watch, chain and ring were stolen. The value of the stolen articles is about \$100.

Hon. Solomon Luna is in the city from Los Lunas. He returned yesterday from his Magdalena ranch and says the ranges are now in good condition, thanks to the recent copious rains.

Miss T. S. Austin, a most estimable lady of El Paso, Tex., is here on a visit to her sisters, the Misses Lockhart. Mrs. Austin will remain several weeks.

J. H. Gansler and family have removed from west end of Hunning avenue to No. 408 south Third street.

STEAMER PARIS FLOATED TO FALMOUTH.

Special to The Citizen.

Cerrillos, July 13.—W. K. Dame wired the adjutant general at Washington to day, accepting the proffered captain's commission in the Thirty-fourth regiment of infantry volunteers, and holds himself subject to orders. This appointment comes as a complete surprise to Captain Dame, he having made no application, nor did he receive any previous intimation that it would be made. The president's action can only be construed as an acknowledgment of the brilliant record made by Captain Dame when he figured so prominently with the Rough Riders in the Santiago campaign.

The regiment will rendezvous at Fort Logan, Colo., though the officers appointed from New Mexico may act as recruiting officers in this territory.

Kentucky Republican Convention.

Lexington, Ky., July 13.—In the republican state convention to day the policy of the state of Kentucky for the nomination of governor, Captain S. H. Stone created an exciting scene by withdrawing and presenting the name of Hon. W. S. Taylor. Then Judge Pratt, another candidate for governor, seconded the nomination of Taylor, which was made unanimous. When the committee reported Taylor to the hall there was a great demonstration. John Marshall, of Louisville, was nominated for lieutenant governor.

Judge Clifton J. Pratt who had been a candidate for governor was nominated for attorney general.

The platform declares forcibly against trusts, endorses the administration's policy in Cuba, Porto Rico and the Philippines, and favors further modification of the civil service rules. Cash Powers, of Knox county, was nominated for secretary of state.

Notions Strikers.

Bridgeport, N. J., July 13.—The arrival of fifteen non-union glass blowers to day caused an outbreak on the part of the strikers. The strikers were met at the stable by a crowd, who captured the non-union men. A lively fracas ensued. Manager O. M. King, of the Culbertson glass works, in charge of the party, was hit on the head with a brick and badly injured. The non-union men were induced to accompany the strikers to their headquarters, where an attempt is being made to force them to leave the town.

STEAMER PARIS.

Almost Wrecked the Second Time on Spanish Rocks.

Falmouth, England, July 13.—Superintendent Abbott, of the wrecking companies, gave the Associated Press to day a contribution of a startling nature in the controversy as to the cause of wrecks on the Manacles. He said: "In bringing the Paris to Falmouth she narrowly escaped the big Manacle rock. It was oblique, with a northerly wind blowing, which would naturally take the vessel south, that we found her getting nearer and nearer the Manacles until within 800 yards of them where we ought to have been a mile to the southward. Things looked queer for a time, but we altered our tactics and cleared the rock. From what I have seen during the past six weeks I am confident that some mysterious current draws vessels toward the rocks."

While working on the Paris we warned numerous vessels of the danger they were in."

# BARGAINS!

THAT JUSTIFY THE NAME

Not so-called bargains, consisting of cheap trashy goods for little money, but  
**High Standard Goods At a Low Price.**  
All we ask of you is to come and see, and you will be convinced.

**Ladies' Shirtwaists**  
We need no longer comment on the superiority of fabrics, workmanship and fit—that has become an established fact. To these sterling qualities we have added extreme cheapness of price.

# THE GOLDEN RULE

DRY GOODS COMPANY.

## Vaunting Our Values!

Complete stocks of summery things, suggesting coolness—comfort, and at such a trifling expense that we would be blind to your interests and doubly blind to our own, did we not tell you about them. Past season's records are but memories now; helpful only as a spur to broader, bigger, better selling this season.

Many an item in the following lots that will just fit your price figure.

## HOW ABOUT UNDER MUSLINS?

Pure lots of white worthiness. Strongly might we emphasize the goodness of the materials, the carefulness of cut, the size, generosity, the daintiness of trimmings. Who would bother with having lingerie made for them in the face of such expert made-up testimony as this.
