THE Los Angeles Times never fails to take advantage of an opportunity to make business for itself and advertise the great southwest. A week's subscription to the Times mailed to any address in the United States for 20 cents, together with a very handsome souvenir in the shape of a celluloid book mark adorned with a California poppy, is its latest plan to make circulation and spread the story of the National Educational association's convention before the world. No doubt a large number of people will take advantage of this offer to tell their friends about the week's proceedings at the National Educational association convention, to be held in Los Angeles, July 11 to 14.

DEATH OF MRS. MORRISON.

Death on Sunday afternoon closely closed the eyes of Mrs. A. L. Morrison after a long period of suffering. Mrs. Morrison, formerly Jane Clark, was born in Troy, N. Y., in 1833. After attending the schools of that city she married Judge A. L. Morrison, in 1854. Shortly after that Mr. and Mrs. Morrison moved to Chicago, where they lived for many years. They also lived at Kansas City, near St. John's, Arizona, and in 1888 came to Santa Fe.

Mrs. Morrison was a devout member of the Roman Catholic church, a noble woman, a devoted wife and a good mother. She is survived by her beloved husband and seven children—Robert E. Morrison, of Prescott; A. L. Morrison, Jr., and John V. Morrison, of Santa Fe; Hugh O. Morrison, of Los Angeles; Sister M. Dolores, of Denver; Maule A. Morrison, of Santa Fe, and J. E. Undertaker Wagner was the funeral director.—New Mexican.

Persons troubled with diarrhea will be interested in the experience of W. M. Bush, clerk of Hotel Torrance, Froville, R. I. He says: "For several years I have been almost a constant sufferer from diarrhea, the frequent attacks completely prostrating me and rendering me unfit for my duties. At this hotel, about two years ago a traveling salesman kindly gave me a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Much to my surprise and delight its effects were immediate. Whenever I felt symptoms of the disease I would fortify myself against the attack with a few doses of this valuable remedy. The result has been very satisfactory and almost complete relief from the affliction." For sale by all druggists.

Hand Horribly Mashed.
John Capell, an employee of the car department of the Santa Fe shops at San Bernardino, Cal., while at work on the planer, met with his first accident for the day, although a machinist for thirty-five years. He was turning a bolt with a wrench directly over the rapidly revolving head of the planer. The knives

had been removed from the head, which left quite an opening in the top of the planing table. The wrench slipped off the bolt and in an instant the workman's left hand was caught by the wheel. Mr. Capell drew his hand from the opening in the space of a few seconds, but as the head was making 3,000 revolutions a minute, the member was a crushed and bleeding mass. The knife sockets on the wheel had torn the skin from the back of the hand, clear to the wrist, were broken and splintered. Mr. Capell works under John L. Andrews, formerly of the Albuquerque works.

ROSENWALD BROS.

LOCAL PARAGRAPHS.
M. Trauer, of this city, is at Santa Fe on business.
Levi Hughes, the well-known Santa Fean, is in the city to-day.
T. J. Curran was at the depot last night to meet his wife, who returned home from a visit to Santa Fe.
Kimer O'Brien, the engineer at the electric light plant, expects to leave this evening for Denver, Colo.
W. G. Hanna, who has charge of the bridge building on the Santa Fe, came up from San Mateo last night.
Hon. W. R. Childers went up to Santa Fe last night, where Mrs. Childers and the children are spending a few weeks.
Wm. Clemens, a mining expert, came in this morning from Congress, Ariz. He expects to leave to-night for Clifton, Ariz.
Byron Jones enjoyed a short visit from his cousin, Miss Hattie Marshall, on Sunday, who was on her way from Somerville, N. Y., to Los Angeles.
J. K. Owen and Abbie A. Porter, both of this city, have been appointed by Governor Otero as notaries public in and for the county of Bernalillo.
On Saturday next, at Pena Blanca, Roberto Ortiz, son of the late Antonio Ortiz, will wed Miss Reynalda C. de Baca, daughter of the late David C. de Baca.
Miss Martha Taylor, who has been the instructor in English at the university for the past six years, left last night for California where she will take a greatly deserved rest.
Karl H. Bartlett, the stenographer in the office of the superintendent of machinery of the Santa Fe Pacific in this city, returned last night from a vacation spent in Kansas City.
Jeff Shaffer, fireman on the Santa Fe Pacific, is getting along nicely at the hospital. A short time ago he was terribly crushed in an accident at McClellan Junction, in which both arms were broken and he sustained other bodily injuries. He was brought here for treatment.
There seems to be a growing disposition on the part of many people, who have occasion to drive over the university road with teams on their way to the mountains, to use the bicycle path up the first hill. This path was put in shape through the efforts of the wheelmen of the city, and if those teamsters who seem to think they are doing something smart when they drive their horses over it and damage it, could see themselves as others see them—the incarnation of selfishness—they would surely desist from this nefarious practice.
Charles Hubbell, who is the chief clerk for Aldrich & Dodge, at Manito, is in the territorial metropolis, and there are indications that Charles will make himself known by his liberality. He came in from the west with his brother, Lorenz, and they together attended the Hubbell reunion at Peirto. Lorenz has now returned to his home out in Arizona, but Charles announces to THE CITIZEN representative that his vacation has just commenced. He will remain here for at least a month.
Major W. A. Rankin, the veteran real estate and insurance agent, is still on the limping list, the result of his left foot being rheumatic. He stated this morning that he thought his limb would be in fair condition by Fair time, so he could enter in the old man's foot race of 100 yards. The major has many friends here, and they believe he can beat any 70 or 80 year man in the territory for a distance of 100 yards.
G. Gioml, of the enterprising wholesale liquor establishment of Bachelier & Gioml, has returned to the city from a business trip down the valley as far as Los Lunas. He found the country, immediately south of the Isleta bridge, in fine condition from recent rains, and states that the valley farmers in consequence thereof are feeling jubilant over the conditions for a late crop of cereals, etc.
Mrs. A. D. Whitson has gone to California. She will visit Los Angeles for several days, then go to Santa Catalina Island, where she will enjoy the sea breeze for a month or more.
Charles McDonald, who was in Las Cruces yesterday, returned to Albuquerque last night. After spending a couple more days here he will return to his home in Roswell.
Miss Alice Feden, of this office, will leave to-morrow night for Long Beach, Cal., where she will spend the summer visiting the family of Rev. A. W. Adkins.
There will be dancing at the Commercial club to-morrow evening from 9 until 12 o'clock.
