LABOR TROUBLES.

Carbondale, Illinois, Burned By Non-Union Miners.

Inquest at Carverville, Illinois, Over Those Killed By Strikers.

Strike of Five Hundred Skilled Workmen at Homestead Steel Works.

STRIKE AT CHICAGO STOCK YARDS.

Carbondale, July 1.—This city was the scene of a battle about midnight and as a result the town is in ruins. Non-union negroes and other men employed by Brush at the mines near Fredonia opened fire on the town, which was at once returned. The union miners took refuge in a clump of timber close to the village. Non-union men at once applied the torch to the houses. After they had destroyed all the property previously occupied by the union men they moved on the woods and until daylight a fusillade was kept up. No lives have been reported killed. The union miners have been assembling all night and the outcome must be a long drawn out battle.

CORONER'S INQUEST.

Job Release Prisoners Charged With the Murder of Negroes.

St. Louis, July 1.—A special to the Post-Dispatch from Marion, Illinois, says: When Coroner James Armstrong concluded the inquest at Carverville over the negro woman, Alma Carr, killed by the mob who fired into a coach at the Fredonia mines, James Hicks, K. L. Ritchie, K. L. Brooks, George Dutton, Mike Brown, negroes, and John Piano, an Italian, were held guilty of murder. These are the only members of the mob recognized. Sheriff Gray arrested Hicks, Ritchie and Brooks, being unable to find the rest. The prisoners were taken from him by the mob in the streets of Carverville. He succeeded in getting Hicks into the jail.

Strikers at Homestead.

Pittsburg, Pa., July 1.—It is reported that 600 skilled workmen have left their places at the Homestead steel works to day and went home. There is no evidence of this at the mills, however, as all departments are in operation. All is quiet and there is scarcely any evidence of labor trouble noticed. It is stated that none of the employees who went through the strike in 1892 favor the movement.

WAGE SCALE.

Nearly all the Big Iron Plants Sign the Scale.

Pittsburg, Pa., July 1.—The new scale year of the Amalgamated Association of Iron and Steel workers began to day with a better record for the union than has been made for more than a half dozen years. Nine individual firms and representatives of the American Hoop company, Republic Iron and Steel company and the Iron and Steel Sheet Manufacturers association have signed the scale so far, and other signatures are expected before the day closes. Local firms not recognizing the union are Carnegie Steel Co., Jones & Lamson, Park Steel Co., J. Painter & Sons, Wm. Clarkson & Co., Singer, Nimick & Co. At several of these the workmen are secretly connected with the Amalgamated Union, but no attempt was made to insist upon the scale. As a result of failure to agree upon the tin plate scale, all the mills are idle today, having four non-union plants. Nearly 20,000 workers are out of employment, waiting settlement.

FORGIVENESS STRIKE.

Chicago, July 1.—Hand bills announcing a mass meeting of the stock yard strikers for tomorrow were distributed to-day, and the assertion is made that there will be either a settlement agreeable to the men or a general strike.

With reference to the reported strike last night at the Homestead steel works it was stated at the office of the Carnegie Steel company to-day that the mills were running full time during the night and running full time this morning and none of the employees left the works during the night as reported. A number of workmen had been discharged, including a committee of thirteen which called on Superintendent Carey yesterday requesting reinstatement of the men previously discharged for cause. The plant will close down at noon to-day, as usual on Saturday.

Ruppe for Rs

Cincinnati, July 1.—The anniversary of the battle of San Juan was celebrated at Fort Thomas to-day with impressive ceremonies. The Sixth United States Infantry left here April 15, 1895, for Tampa and landed at Daquigny June 22. A year ago the sixth regiment lost in battle at San Juan hill, Captain Weatherill, Lieutenant Ord, Turman and Benchley and twenty-five men. Citizens of this vicinity placed on one side of the stone water tower at Fort Thomas a tablet in honor of Colonel Robert, killed near Manila, March 20, 1898, and on the other side of the tablet in memory of other fallen heroes of the Sixth Infantry. These tablets were unveiled to-day before a multitude with addresses by General Miles, Senator Forsaker and others. Miss Weatherill, daughter of the late Captain Weatherill, and Miss Mason, niece of the late Lieutenant Ord, unveiled the tablets.

Burned a Settlement.

The place was almost entirely destroyed. A hundred families are rendered homeless.

Union miners from other towns are gathering here to-day in large numbers. Grave apprehension is felt by officials that the gathering means continued and serious trouble for Brush's men and the non-union negro miners. The sheriff sent another message to Acting Governor Warner this afternoon, in the course of which he said: "Nothing short of 200 soldiers, well armed, will control the situation at Carverville. Non-union miners at Carverville are armed and union men are gathering with the announced intention of destroying the mine. The strikers were several hundred strong, determined and are all well armed. Order troops there at once. Situation too serious and numbers engaged too strong for sheriff's posse. Ship all guns to Marion. Over 1,000 shots have been fired since noon yesterday."

Carpets and Matting.

A Rug helps to lighten up a corner. A New Carpet puts fresh life into a room and a neat Matting makes a floor covering economical and satisfactory.

In this connection it is well to remember that we sell good floor coverings at the lowest prices. The figures that follow tell all. They will secure the rights of the stock. Words come easy, but they are not needed to strengthen our claims.
