TO INCREASE ARMY.

Forty Thousand to Compose the

International Murder Case on Trial
at El Paso.

Arrest of Two Slick Swindlers in New
York City.

COLONEL ROOSEVELT IN MILWAUKEE.

Washington, June 28.—Secretary Alger, Adjutant General Corbin and Colonel Bird, assistant quartermaster general, in charge of transportation, had an hour's consultation with the president today relative to the question of reinforcements for General Otis. Definite decision has been reached to continue recruiting men at all the recruiting stations for service in the Philippines, and Secretary Alger said that when he left the White house after the conference that General Otis would have 60,000 men when the rainy season closed for resumption of active operations. There are seventy recruiting stations in the United States and enlistments are to be taken at all of these stations. Recruits are to be for service in the regular army and recruits will be organized in regiments or assigned to regiments already formed after enlistment. No organizations as such are to be accepted if sufficient recruits can be obtained by regular enlistment. General Corbin said enlistments are to be for three years, although the law for the creation of a provisional army of 60,000 provides only for such until 1901. Arrangements are to be made at once for increasing the transportation necessary to get these additional troops to the Philippines. The decision to reinforce General Otis by the end of the rainy season is interpreted to mean that active campaigning will cease until after the bad weather ends.

VOLUNTEERS TO ENLIST.
Later in the day it was definitely decided to begin to enlist men in the volunteer service under the act of the last congress. Reports of recruiting officers and close estimates of the number of soldiers in the Philippines and in each command in Cuba and Porto Rico show the regular army up to its full authorized strength. Additional soldiers needed must be obtained under that section of the congressional act authorizing the enlistment of volunteers. About 10,000 men will be wanted.

INTERNATIONAL CASE.

A Woman Charged With Murder Wanted
in Mexico.

El Paso, June 28.—The trial of Mrs. Mattie Rich has begun before a United States commissioner here, to determine whether she should be surrendered to the Mexican authorities for trial at Juarez on the charge of murdering her husband there last April. John D. Rich, an American citizen, was mysteriously shot in Juarez. He was brought to El Paso in a hack the next morning by his wife, and died a few days later. Mexico made an application for the extradition of the woman, who is also an American citizen. The case has aroused widespread interest, being the first extradition case under the new treaty agreement. Rich made an ante mortem statement, in which he said that his wife shot him. This was placed in evidence.

Voluntarily Returned.

Minneapolis, June 28.—Louis F. Menage, former president of the Northwestern Guaranty Loan association, which failed May 1, 1898, returned to Minneapolis today, and surrendered to Sheriff Meagher. There are two indictments against him for grand larceny. He has been in Guatemala and Mexico for six years.

SMOOTH SWINDLERS.

They Have Several Ways of Doing Business in New York City.

New York, June 28.—Henry Morgan and Robert Klein, alleged to be members of a combination numbering eighteen men engaged in the fraudulent using of the uniform and firm name of Lyon & Co., and operating all over the country, have been arrested here, the other partners having been previously captured. They called themselves shipping and commission merchants and managed to get themselves confounded with a reputable firm of a similar name. The police found a hundred or more letters from manufacturing concerns throughout the United States, stating that cart loads of goods were on the way to New York for the firm. The police allege that these were secured under false pretenses as "samples" for exportation.

Dead.

London, June 28.—Admiral Sir Windham Hornby, C. B., retired, died suddenly this afternoon, while presiding at a meeting of the Hotchkiss ordnance committee.

Democratic Convention.

Lebanon, Ky., June 28.—With the nomination of Wm. Hoebel for governor last night after a hard fight, the demo-

cratic state convention did not draw so well this morning. That everybody was anxious to get through with the business was shown by the unanimous adoption of a resolution providing that after the second ballot for minor offices that the hindmost candidate be dropped. For lieutenant governor, J. W. C. Beckham, of Lebanon, was nominated.

Discharged White Miners.
Pittsburg, Pa., June 28.—Nearly all the white puffers employed at Moorehead & Co.'s iron work at Sharpburg were discharged today, the places being filled by negroes. The first option for the admission of its employees with the Amalgamated association, but recently a large number of puffers joined the union.

Damages Awarded.
Paris, June 28.—Compensation for damages brought by Mme. Kessel, as a result of the loss of her husband by the sinking of the French line steamer La Bourgogne in collision with the British ship Comaryshire, July 4, 1898, off Sable Island, Nova Scotia, resulted in a verdict against the company for 100,000 francs.

Strikers Killed.
Berlin, June 28.—Three strikers were killed yesterday during the rioting at the Bochum coal mines. The number wounded is not known as many were spirited away to private houses. Troops to protect the non-strikers arrived today.

VERY MUCH DISAPPOINTED.

Not Everything Will Be All Right for
This Evening.

The Chihuahua band—one of the famous musical organizations of Mexico—did not arrive in time last night for the grand concert at the fair grounds, and in consequence those who were on hand were "very much disappointed."

Manager Riggs, of the Rose Stillman company, who secured the stop-over of the band on a certain guarantee, was considerably put out on learning that the band, instead of returning to the city as he expected on the first passenger train from the reunion, was on the last section, and that train was not due to reach Albuquerque until 11 o'clock. Feeling the disappointment keenly himself and knowing that a concert at such a late hour would not be appreciated, Mr. Riggs announced to the assembly his regrets over the failure and stated that the concert would surely be given to-night. "Those who have paid admission," said Mr. Riggs, "can have their tickets arranged for the concert this evening, provided they desire to attend, but should they wish otherwise their money would be refunded."

Two concerts will be given by the celebrated Mexican band—one at the matinee this afternoon and the other to-night. The band will continue homeward to-morrow morning.

Card of Thanks.
We take this means of thanking our many friends and neighbors for their kindness during our deep affliction.

Mrs. J. C. Marshall.
Mr. and Mrs. F. D. Marshall.

Dr. John Gross, who is interested in the Milagro mine and mill, out in the Hell canyon mining district, was in the city for a few hours last night, conferring with J. S. Palmer, who is also interested in the Milagro. The doctor immediately returned north on one of the delayed passenger trains, leaving word with Mr. Palmer that he would return to the city again in about a week. The doctor denied positively and emphatically that the Milagro property had been sold, as reported and published in the Journal-Democrat a few days ago and also stated that the article was evidently written upon no authority whatever.

Thomas Hall, connected with the Hammer Music company of Wheeling, W. Va., who spent some time in the city last summer, will return early in July to locate here. His many friends will be glad to know that he intends to remain among us.

The funeral of Mrs. N. C. Bennett, whose death was mentioned yesterday, occurred at the bereaved ranch home about six miles south of the city this morning at 10 o'clock, and was largely attended by neighbors.

F. A. Bletcher and wife, of Bland, are in the city and will remain about a week. Mrs. Bletcher is not in good health, and is here for treatment by a local physician.

The Ladies Aid society of the Lead Avenue Methodist church will meet June 29, at 3 p. m., at the church. A full attendance is requested.

The regular meeting of Alamo Hive, No. 1, to-night at the usual time and place. Important business. Grace Murray, Record Keeper.

SHIP CANAL COMPANY.

New Jersey Refused to Grant Articles of Incorporation.

Kentucky Democratic Convention Getting Down to Business.

All Ready for the Great Boat Race on the Thames.

ADMIRAL SAMPSON'S VACATION.

Trenton, N. J., June 28.—Attorney General Gray this morning filed an opinion with the secretary of state advising the refusal of articles of incorporation to the American Isthmus Ship Canal company. The articles provided for an authorized capital of \$300,000, with a provision that the capital might be increased to \$250,000,000 by a vote of the holders of not less than three-fourths of the capital stock. This provision is in conflict with the New Jersey statutes, which gives the holders of two-thirds of the capital stock power to increase the authorized capital. The company intended to build a ship canal across the Isthmus of Panama. The incorporators named were Henry Leeds, W. C. Merriam and Juan A. Smith, of Jersey City.

YALE AND HARVARD.

All Ready for the Great Annual Boat Race.

Gales Ferry, Conn., June 28.—The hard practice is over and the six crews which will represent Yale and Harvard on the Thames in the big regatta are practically waiting for a pistol shot which will send them off over the course on Thursday. The close of the training period finds all the oarsmen of the two universities in perfect shape physically with few indications of over-training. The events of the meet will be crowded into one day in order to meet the convenience of visiting spectators. Harvard has the best of the betting for two out of three contests. However, at the last minute changes have been made in the shell of the Yale four and a hot race is looked for.

In form the Harvard freshmen are the superiors of the Yale rowers. With the two big eight the situation is different. Harvard is reported to have made faster time on the river than Yale. On the other hand, Yale is markedly superior thus far as to form.

All American Athletes.

Chicago, June 28.—An all American team, made up of the best athletes in the American universities, is to be gathered by Walter Camp, Barlow J. Weeks, president of the A. A. U., and also executive of the New York Athletic club, and Dr. Paul Neumann, of the Chicago Athletic club, to contest in the games at the Paris exposition next summer. Governor Roosevelt, of New York, has been offered the honorary chairmanship.

Yale Commencement.

New Haven, Conn., June 28.—The annual commencement of Yale university was celebrated today. The degrees conferred numbered 615. The degree of L. D. was conferred upon Attorney General Briggs.

Newport, R. I., June 28.—Admiral Sampson, commander in chief of the North Atlantic squadron, after a year and a half of almost continuous sea duty, has obtained leave of absence, and on July 5 he will haul down his pennant and go ashore for a month's vacation.

Troubles in Spain.

Madrid, June 28.—The Saragossa populace continues turbulent, and fresh troops have been stationed at strategic points in the city. Many wounded have been hidden so that it is difficult to determine the number of injured. Quiet has been restored at Seville and Valencia.

Admission to the grand concert at the fair grounds to-night is 50 and 25 cents, with no reserved seats.

Countryman's Drive.

A countryman—one of those individuals who was never known to drive a team correctly or make a turn on the 60 foot streets of this city—drove deliberately into street car No. 6 on Railroad avenue this morning at 10:30 o'clock,

knocking the car off the track for a distance of twelve feet and damaging the platform of one end of the car. It was the most shameful and at the same time most reckless piece of driving ever seen on Railroad avenue, and demonstrated that the driver, who claimed to be strictly sober and had not just returned from the Rough Riders' reunion, did not see such a big object as a street car on the avenue. However, Manager Trimble, of the street car company, was not by, and after securing opinions from on-lookers, which fully convinced him that the countryman was in error, demanded pay for the damage he had done to the car. The damage amounted to several dollars, which was no doubt paid.

ON for the Sulphurs.

At the eleventh hour yesterday the Bryan party changed their plans, and instead of going to the Jemez hot springs last night for the Sulphur hot springs, via Thornton, Prof. R. W. D. Bryan, wife and two sons, Mrs. Dr. J. H. Wroth and children, Mrs. R. J. Johnson, Mrs. E. P. Nelson, and her daughter, Nelson, constitute the party, and en route to the springs, by Trimble's four-horse stage, they will pass through some of the grandest scenery in the United States. "For mountain travel," said Noble Trimble this morning, "the road from Bland through the great Cañon and thence to the springs is in extra fine condition, and while the stage has to travel to a height of at least 12,000 feet, there is a perfect view of the Naamankito valley with its fields of wheat can be seen, the driver has so far landed all passengers safe and sound at the resort in plenty of time for supper, and will continue to do so until the season closes."

CARAVAN OF WOOL.

Sixty Thousand Pounds of Wool of E. A. Miera's in the City.

E. A. Miera, the popular and efficient chairman of the board of county commissioners, is here for a double purpose—to attend a special meeting of the commissioners, and also to receive a big lot of wool. This morning, Mr. Miera, who is one of the largest wool raisers and owners in the Naamankito belt of Bernalillo county, stood on the corner of Railroad avenue and First street and received 60,000 pounds of his wool, constituting a caravan of thirty-three wagons, and they were all heavily loaded with big sacks of wool. The freight will be sold at Albuquerque wool dealers this afternoon.

Mr. Miera keeps constantly in his employ about seventy men and they are employed in his ranch, herding sheep on his farm cultivating the soil, in the flour and saw mills and at his general merchandise store at Cuba.

The men who came in with the wagons of wool are what is termed "freighters," and they are extra on the payroll of Mr. Miera. The freighters will receive their pay in this city, and as they will remain two days our merchants will reap considerable pecuniary benefits from them.

Before leaving for Cuba, several of the wagons will be loaded down with general merchandise and ranch supplies for the Miera store at Cuba.

There will be dancing at the Commercial club this evening. The program will begin at 9:30 instead of 9 o'clock, to enable members and their friends to attend on concert last night to greet the Chihuahua band and the returning visitors from the reunion. Those who hoped to hear the Chihuahua band were disappointed, as the band did not arrive on the last section of the last train, which arrived at 11 p. m. Even at that hour there were still several hundred people on the depot platform.

Frank Strong to-day received a check for \$1,010, the amount of insurance coming to Mrs. F. J. Toepfer on account of the death of her husband, who was insured in the Prudential Union. The money was paid within thirty days after the proof of death had been sent in. Mrs. Toepfer is now in Mascantah, Ill.

Hon. Felix Martinez, came down from Las Vegas last night. He is looking after the entertainment of the Chihuahua cavalry band, who are his guests, during their stay in this city. The players have come at the Commercial house on First street.

B. Brooks, a telegraph operator for the Western Union at El Paso, was one citizen of the Pass city who overcame the general apathy prevalent here, and attended the Rough Riders' reunion, returned to El Paso this morning.

C. K. Stivers, at present the manager of the job department of the El Paso Graphic, but formerly for many years a newspaper man in Albuquerque, went through last night on his return from the reunion.

Miss Mabel Hunt, after visiting with relatives in Las Vegas during the reunion, went up to Santa Fe last night, where she will visit her friend, Miss Mabel McElreath, for a short time.

Kugene Baird, the burly foot player of the A. and M. college, passed through last night on his way to Las Cruces, after attending the Rough Riders' reunion.

Capt. A. R. Fall, of the First Territorial, attended the reunion with his family. They returned to Las Cruces last night.
