THE CLOSING SCENES.

The Last Day of Rough Riders' Reunion.

Steer Roping and Bronco Busting
Exciting.

Ball at the Montezuma Hotel a Grand
Affair.

BANDS COMING THIS WAY.

Special to The Citizen.

East Las Vegas, N. M., June 27.—The Chihuahua, Silver City and Albuquerque must bands, together with the Rough Riders, guards and many citizens from Albuquerque, southern New Mexico and Arizona, who have been attending the reunion, left for their homes on the trains this afternoon. They will have more or less time to spend in Albuquerque between trains and the citizens should turn out en masse at the depot and give them a rousing and royal welcome to the city.

The Chihuahua band may remain for a couple of days in Albuquerque.

The first annual reunion of Roosevelt's Rough Riders closed here in a blaze of glory last night. The day throughout was the most perfect during the entire reunion. The consolidated program of all the sports for the three days was crowded into yesterday, owing to unfavorable elements on previous days. Those who went out to the tournament grounds witnessed the most interesting and magnificent program of sports ever presented to a New Mexico assembly, and absolutely free of cost at that, except as to the grand stand charges. The steer roping and bronco busting contests were a revelation to all easterners as well as to many New Mexicans, who had never seen anything of the kind before.

Saturday night's display of Pan's fireworks was repeated last evening in the presence of a vast crowd of people, estimated at from 6,000 to 8,000. With the exception of the charge on San Juan hill, which was a disappointment, the display fully satisfied the highest expectations. When a life-like representation of Colonel Roosevelt was recognized by the crowd an exultant shout of delight issued, as it were, from one mighty throat, representing the united power of the many thousands assembled together.

The ball at the Montezuma hotel was the most brilliant social function in the history of the territory. The beauty, the merriment and the wealth of every city and town in New Mexico were represented in the ball room and besides there were many distinguished and elegantly dressed personages present from neighboring states and territories.

The Chihuahua band furnished delightful music for the dancers. Fully one thousand people attended, either as onlookers or dancers.

The Optimist of this evening says: "Las Vegas highly appreciates the kindness of Albuquerque, which, though an applicant for the reunion, has given Las Vegas as hearty and liberal support as in its press and by the attendance of its people, as any one could possibly give another. The lucky city may rest assured the kindly feeling will not be forgotten."

SUDDEN DEATH.

Mrs. N. C. Bennett Passed Away at Her Home.

Last night, at about 9 o'clock, Mrs. N. C. Bennett died suddenly at her ranch, six miles south of this city.

On yesterday Mrs. Bennett churned and packed into one pound cakes about two pounds of butter for her city customers, and did not complain of any kind of sickness.

In the evening, a short time after supper, she said to her blind husband "that she felt bad, could not hardly breathe and thought she would have another attack of asthma—the same as she had last Sunday week."

She then took some Jamaica ginger, properly diluted, and found some relief, but for only a few moments, as she suddenly grew worse, despite the efforts of Mr. Bennett and others of the household, and died at the hour above mentioned.

The deceased was born in Brooklyn, Mass., 43 years ago, and had resided in Albuquerque and on her ranch for the past eighteen years. She has an aunt, Rebecca Warren, 83 years old, now residing at Brooklyn, and an uncle, Jacob K. Terrell, at Boston.

She leaves here to mourn her sudden death a husband, who was stricken with blindness some few years ago, and a bright, promising son, Leon, about 10 years old.

The funeral services will take place at the bereaved home on the ranch at 10 o'clock to-morrow morning, Rev. Clayton officiating. Friends of the family are requested to attend.

Here from the Milagros.

J. N. Palmer, one of the gentlemen who has an option on the Milagros mine and mine, is in the city from the Hell Canyon mining district, and is registered at Sturges' European. The gentleman is very intelligent over the false report of the sale of the Milagros property, as published in the Journal-Democrat a few days ago, and states positively that, although the property can be sold at almost any time, no sale is mentioned in that paper, wherein \$25,000 had been deposited, has been made. Mr. Palmer is here to meet Dr. John G. Harris, of Colorado, who will arrive from the north to-night. The doctor is interested in the Milagros property.

Death of an Indian Murderer.

Killebuck Bige, a Navajo Indian, died this morning at the county jail, where he was held in confinement under sentence of death for the murder of an Indian comrade about a year ago near Gallup. The date of his execution had not been fixed, as an appeal to higher courts had been filed. Justice Crockett, of old town, acting as coroner, impeded a jury, which rendered a verdict that Bige died from natural causes.

Fourth of July Picnic.

The Woman's Relief Corps have engaged "Jumbo" and several other wagons for a large picnic to the mountains on the 4th. All those who want to go, should call at the Whitson music store, and engage their seats.

Miss Ella Coltrane, principal of Albuquerque's model school, who is spending her vacation in California, accompanied by her sister, Mrs. Frank Bowden, writes to friends here that she has been enjoying her visit to the schools of Los Angeles, which do not close until late in June. She was very kindly received. The two ladies visited the convention of "Friends" at Long Beach, where they met a former Albuquerquean in the person of Rev. A. W. Atkinson, the Methodist divine, who is now pastor of the Tabernacle at Long Beach.

Two gentlemen, one sober and the other quite full of big juice—got into a fight in one of the Railroad avenue saloons this morning, and the sober man handed his assailant in quick order, but considering his condition did not lay his hands on him heavily. However, the man with a load grew bolder, so to speak, and the sober man, who was not to be handled, sent for Justice Riddle, who will no doubt handle the case to the entire satisfaction of the marshal, thus enriching the city treasury.

SERIOUSLY BURNED.

Government Official's Mishap at Flagstaff, A. T.

Terrible Explosive Shells to Be Used in the Philippines.

Clyde Line Steamer, Pawnee, Destroyed by Fire.

STOCK YARDS' STRIKE SITUATION.

Special to The Citizen.

Flagstaff, Ariz., June 27.—W. P. Higgins, of Myrtle Point, Oregon, sixty years of age, now located here as supervisor of the forest reserve, and who is a brother of Commissioner Ringer, of Washington, D. C., was very seriously burned by the explosion of a lamp at an early hour this morning. Higgins fear the injuries will prove fatal.

Hermann inhaled gas and flame, and the doctors say that he cannot live more than a few days. He is an Old Fellow in good standing and they are taking care of him.

TERRIBLE ENGINE

Warfare to Be Used Against the Philippine Insurgents.

Chicago, June 27.—A special to the Chronicle from Washington says: Shell of terrible explosive power, with radius of destruction and capacity to annihilate by bursting into fragments and shock as effective as a streak of lightning, will be the feature of the fall campaign in the Philippine islands. Tests of this terrible engine of warfare are being made at Sandy Hook, the government guarding closely its secret of manufacture. A shell of this nature falling near a battalion of the enemy would kill or cripple a very large percentage of the battalion.

STOCK YARDS' STRIKE.

Settled in Some Departments, But on in Other Departments.

Chicago, June 27.—The demands of the unskilled stock yards workmen of the several departments have been met and the men returned to work to-day, but in other departments the men went out this forenoon to enforce their demands. Several hundred painters, who demanded an increase of 25 cents per hour joined the strikers ranks. Another conference was held today between representatives of the packing firms in regard to arranging a settlement of trouble. Most of the packers favor granting the demands of the men. It is believed an amicable agreement will be reached before night.

Packers have been buying but little live stock on account of the threatening condition of affairs and to-morrow may bring sensational developments as most of the stock will be slaughtered by that time. The salters and oilmen from Swift's packing houses and the canning gang at Armour's joined the strike during the day.

STRAKER BURNED.

All on Board Supposed to Have Perished With Vessel.

Philadelphia, June 27.—The British steamship Albion, from Cardenas, which passed up the Delaware river this morning, reports the destruction by fire of the Clyde line steamer Pawnee. The vessel was burned to the water's edge, and no sign of life aboard. The Albion brought aboard the burned steamer yesterday, 120 miles east of Cape Charles. The fate of the Pawnee's crew is unknown. The Pawnee was bound from Brunswick, Ga., for Boston.

Attend the quarter sale, this week, at Rosenwald Bros.

We fail to see how you can help but be pleased with our color and cut work if it is like the above. We spare no pains or expense in the purchase of anything that will improve the quality, and we take the greatest pains in having the color and finish uniform. You don't find any broken colors, either, in the lots you send us. It took some money and some time, too, to get that little matter remedied, but we have it now where it should be. You are welcome to call and see us at our work, as we are always pleased to show our methods and receive suggestions.
