INSURGENTS RETIRE.

Leave Behind Spanish Prisoners,
Who Join Americans.

Inhabitants in Vicinity of Cebu Ask
American Protection.

Shameless French Royalists on Trial For
Anteil Rioting.

NEW FRENCH CABINET.

Manila, June 15.—5:30 p. m.—Captain
Cable, of Winston's staff, with three
companies of the Twenty-first regiment
reconnoitered in the direction of Iloilo.
The rebels, who were apparently expect-
ing an attack, retired, leaving behind
them twenty Spanish prisoners who
joined the Americans. The rebels have
probably gone to the mountains along
the lake.

According to native stories, the rebels
carried 100 dead and 300 wounded
through Bacoor and it is probable that
there are many soldiers in plain clothes
among them.

The whole section is practically with-
out food, and Major General Otis has
ordered the distribution of rice and beef
to the inhabitants.

MOVEMENT AGAINST ILOILO.

Manila, June 15.—The Fourth regular
infantry and a Wyoming regiment have
been added to General Lawton's com-
mand. To-day they sail across the bay
in caesoes to Las Pinas, preparatory to
moving to Iloilo, five miles inland, where
the rebels are reported to have an arsenal
and a large quantity of supplies.

SUCCESSFUL CAVITE CAMPAIGN.

Washington, June 15.—General Otis
cabled to-day the following: "The suc-
cess of Lawton's troops in Cavite prob-
ably was greater than reported yester-
day. The enemy to the number of over
4,000 were killed and wounded and cap-
tured, and more than a third of the re-
mains were much scattered and de-
stroyed south to Iloilo, their arsenal. Of
five pieces of artillery, three were
captured. The navy aided greatly on
the shore of the bay, landing forces
occasionally. The inhabitants of that
country rejoice at the deliverance and
welcome with enthusiastic demonstra-
tions the arrival of our troops."

ARMY'S AMERICAN PROTECTION.

Washington, June 15.—A war de-
partment bulletin reads as follows:

Manila, June 15.—A prominent Phil-
ippine, friendly to the Americans, has
at Cebu, states that the inhabitants
in that locality have urgently requested
American protection and a stronger
force. A battalion of Tennessee troops
and two guns from Iloilo were sent
them, which insures peace.

AT THE POINT OF DEATH.

Chicago, June 15.—Norman Williams,
a well-known Chicago lawyer and cap-
italist, is at the point of death at his summer
home, Little Bears, at Head Beach, N. Y.
Williams has been a sufferer from
Bright's disease for the past three years.

Paris, June 15.—M. Poincaré in-
formed President Loubet this morning
that he would form a cabinet. He will
take the war portfolio in addition to the
presidency of the council.

Berlin, June 15.—Prof. Locke Richard-

THE ANTEIL RIOTERS.

Are Arraigned in Correctional Court in
Paris To-day.

Paris, June 15.—The persons arrested
in connection with the riots at Anteil
on June 4, when President Loubet was
assaulted on the race course, were ar-
raigned in the Tenth Correctional court
to-day. Many representatives of high
society were present, including a num-
ber of ladies in rich toilettes. The pre-
siding judge, in the course of his ad-
dress, recalled the fact that Comte de
Dion, one of the prisoners, was mixed up
in a similar affair in 1880. After asking
the accused persons to reply to the in-
formation, the judge turned to Comte de
Dion, who, he said, took the principal
part in the affair. The comic, replying,
affirmed that he was not a royalist but
a republican, adding, however, that he de-
sired "another kind of republic."

He added he had no idea of going to
Anteil with the object of engaging in
the demonstration, but claimed he had
the privilege, like any other French citi-
zen, of cheering for the army. He denied
having struck Police Director Touny and
asserted that he had taken lessons in
fencing, boxing and kicking, and if he
hit any one, the person struck would not
have been capable of coming to court
and defying him to-day.

Will Avenue His Brother's Death.

St. Louis, June 15.—Among the
men who enlisted for service to-day was
David McTaggart, a brother of the late

Lieut. W. A. McTaggart, company G,
Twenty-fourth Kansas regiment, who was
killed in a charge near Calumpit.
McTaggart will go to the Philippines to
avenge his brother's death.

Panama Commission Meets.

Washington, June 15.—The Panama
commission appointed by the president
to examine into the question of the most
feasible route for a canal across the Isth-
mus of Panama met this morning. The
only absentee was ex-Senator Pasco, of
Florida. Admiral Walker was elected
president. The commission called upon the
president in a body to pay their re-
spects. Later they called upon Secretary
of State Hay, with whom they discussed
the plans of the work.

HAVE NOT BEEN SOLD.

Removal of the Sale of Mules in Cebu Is
Not Yet Settled.

E. A. Powers, the general manager of
the Alameda properties at Bland, and
Chester Greenwood, one of the principal
owners of the Line Star group of mines
in the Cebiti district, came down from
Bland last night and expect to spend a
couple of days in the city transacting
some business matters before returning
home.

REPORTER AND ASKED CONCERNING THE RUMOR

That the Crown Point and Little Giant
mines had been sold to the Cebiti Gold
Mining and Milling company, for a con-
sideration of \$100,000.
"I am certain that there is no founda-
tion in fact for that report," said Mr.
Greenwood. "In the first place A. W.
Tennant, the man who recently sold the
Hawover district copper property, in
Grant county, for \$250,000, has an option
on the mines in question, which, if I re-
member rightly, does not expire until
next March, and I think it extremely im-
probable that he has made the sale re-
ferred to. He is expected in Bland within a
few days to superintend some work to be
done on the Little Giant mines."

"Everything is moving along nicely in
the Cebiti district, although there have
been no large sales of property lately.
There are some negotiations now on the
 tapis, which may be consummated with-
in a week or two, and as soon as we can
furnish THE CITIZEN with reliable infor-
mation, we shall be only too glad to do
so."

James Hennessey, a popular Santa Fe

Pacific engineer, is around to-day telling

happened at his home at 7 o'clock this

little fellow tips the scales at twelve
pounds. Mother and child doing well.

contained in Mr. Childers' interview last
night, in toto.

With this THE CITIZEN will permit the

matter to rest, feeling that it has done its
whole duty when it has presented both
sides of the controversy fairly and
permitted the public to judge for it-
self of their merits.

LLEWELLYN CORROBORATES CHILDERS.

Special to THE CITIZEN.

Santa Fe, N. M., June 15.—Wallie
Locke, who was out on bail charged with
the murder of his brother-in-law, Fred
Merrill, is now a free man, being dis-
charged by the court this morning.
Locke, although a gambler, has many
friends, not only in Santa Fe but else-
where throughout the territory, and they
were once anxious that the death of Mer-
rill to him. It was a clear case of self-
defense, Merrill securing Locke's pistol and
blowing out his own brain.

TERITORIAL TREASURERSHIP.

A few days ago, Governor Otero sent a
letter to Territorial Treasurer Kidotti
removing him from office, and at the same
time, appointing Jefferson Reynolds,
the Las Vegas banker, to succeed
him. Kidotti has refused to resign, and
to-day it was given out as official that
Reynolds has refused to make a contest.
A pretty fight is on, for the governor
says that Kidotti must give up the office,
and that if Reynolds does not accept, he
will appoint R. J. Pallen territorial treas-
urer and insist on the latter making a
contest for the office. Hon. R. B. Crook,
so it is understood, has consented to
represent Kidotti in the latter's determi-
nation to hold office, he claiming that
the governor has no right to remove him.

THE OTHER SIDE OF IT.

H. B. Ferguson, Vindicates the Corre-
spondence of Associated Press Reports.

H. B. Ferguson, who, with A. B. Fall,
of Las Cruces, and H. M. Dougherty,
of Socorro, was one of the attorneys for
Locke and Hilliard in the recent murder
trial at Hillsboro, returned to his home in
this city last night. As the charges made
against the defendants and the reports of
the Associated Press reports of the trial,
have aroused a deep interest in the mat-
ter throughout the territory, a repre-
sentative of THE CITIZEN called upon Mr.
Ferguson this morning to hear the other
side, and asked him to give his views
on the controversy.

In reply he said: "The first knowledge

the attorneys for the defense had that
Locke was being found with the reports
of the trial sent out by the Associated
Press was when Mr. Hicks, the repre-
sentative, came to us and showed us a tele-
gram which he had received from the
office in Denver, saying that a protest
against the trial was being sent from the

Search for Reservoir Sites.

Koginor, E. K. Harron, accompanied
by F. H. Newell, the chief of the United
States department of hydrography, came
down from the north yesterday after-
noon, where he has been making a re-
connaissance of the Espanola valley, with
a view to discovering the most suitable
place in for a reservoir site. The men
went with Engineer Harron are now
at work there the necessary
surveys for the proposed dam site and
reservoir. On this survey, Mr. Harron
will have his report to the interior de-
partment, showing the amount of water
impounded and the effect of storage on
the stream's flow and irrigation in the
territory.

These mines are already closed: The

Commodore, Amethyst, Bachelor, Bache-
lor No. 2 and Last Chance, at Creede; the
College and Hagerty, at Duray; the Car-
rington and Montezuma, near Ophir; the
Black Iron, at Red Cliff; the Smuggler, at
Aspen, and the Porter Fuel company, at
Durango, are closed, throwing 1,500 men
out of work.

From all parts of the state come re-

ports of mines reducing their forces. At
Leadville 100 men have been discharged.
The loss of wages to men at Durango is
\$250,000. Should the mines close all over
the state, 5,000 railroad men will be
thrown out of employment. Three of
the Colorado Fuel & Iron company's
mines near Canon City and one in Pitkin
county shut down on account of wage
differences.

SYMPATHETIC STRIKE SUGGESTED.

Denver, Colo., June 15.—Samuel Com-
pagnon, president of the American Federa-
tion of Labor, who was in this city, says
the American Federation of Labor may
be called upon to help the smelter men
who have struck in Colorado. This means
that the man who stands at the head of
115,000 local labor unions in the United
States, the strongest combination of la-
bor in the country, believes that a gen-
eral sympathetic strike of the unions not
connected with the Smelter and Mines
League is not improbable.

"SILVER DICK" HEAD DEAD.

Who Known Missouri Congressman Dies
This Morning.

Lebanon, Mo., June 15.—R. P. Bland
died at 4:30 o'clock this morning after a
sleep of thirty-two hours.
Bland returned home when congress
adjourned in March and soon suffered a
relapse from the diphtheria he would not
survive. The funeral will take place at
Lebanon Saturday afternoon. Bland
remains will lie in state at the opera
house to-morrow.

THIRD.

Chicago, June 15.—W. J. Bryan, speak-
ing to-day of the death of Richard P.
Bland, said: "I was associated with
Bland the four years I spent in congress
and of him I can speak only in the high-
est terms. He was as good a friend as he
was a public man. A man of perfect in-
tegrity, whose public career of twenty-
eight years was remarkably free
from error. During his career in con-
gress there was no speech or vote of his
which can be criticized by any member
of the party to which he belonged."

Paris, June 15.—The first formal meet-

Although there were about forty per-
sons connected with the tribunal pre-
sent, there were less than a dozen spec-
tators. The arbitrators took their seats
soon after 11 o'clock. Chief Justice Mel-

lord justice of appeals, on the right of
Professor De Martens, the umpire, Baron
Russell, of Killowen, the lord chief justice
of England, and Justice David J. Brewer
sitting at his left side. Former Pres-

Americans sat at a table at the left side,
the British and other British repre-
sentatives were seated at tables on the
right side. The proceedings opened at
