FOUNTAIN TRIAL.

**Greatest Tension so far Reached
at Hillsboro To-day.**

**Lee Required to State Who Told
Him of Garrett's Threats.**

**Says Burch and Jeff. Aikes Were Of-
fered \$5,000 to Kill Him and Fall.**

IMPLICATES MAJOR LLEWELLYN.

Hillsboro, June 9.—The greatest tension yet reached in the Fountain trial was when the prosecution forced Lee to tell who repeated Garrett's alleged threat against the life of the witness. Attorney Fall stated that it placed him in jeopardy by admitting the testimony. Garrett had said he would whip the man who testified so on the stand and he would have to take some other method of protection if not shielded by the court. The court said they would have to protect themselves.

The witness then said that Ed. Killa, a barber, repeated the alleged threat. Killa is in Las Cruces and Garrett is also there. There is considerable comment as to the outcome.

The cross and redirect examination of Lee brought out nothing damaging but several things to show why he resisted arrest.

He said he learned of a man lying in wait to assassinate him and A. B. Fall, through letters to Fall from both Burch and Jeff. Aikes, who stated that they had been approached and offered \$5,000 to kill both, the money to be paid by Numa Raymond, the former sheriff of Dona Ana county.

W. W. Cox, a former friend of Llewellyn, now friendly to Lee, had said that Jake Ryan was paid to kill both Lee and Fall, and the Cox found him lying in wait.

The money was paid in New York exchange made by Llewellyn. Fall stated that he could not find the letters, but could produce the check and have Cox here to testify.

The defense also had J. K. Wharton, ex-district attorney of Lincoln county, and others, to show that Fountain had not prosecuted Lee, which point the prosecution claimed as the reason for the murder.

Sierra Pintada Places.
San Diego, Cal., June 9.—A special to the Union from a correspondent who has just arrived in Escondido from the Sierra Pintada places gives a gloomy view of the alleged deaths. He says there is nothing worth while for Americans, not even wages. The daily earnings per man run from fifty cents to \$3. The places are extensive but quickly worked out.

Gold for Europe.
New York, June 9.—Lazard Freres will ship on Saturday to Europe \$2,000,000 in gold. This will make \$3,000,000 to go on that day.

Col. Piquart Released.
Paris, June 9.—Lieut. Col. Piquart has been provisionally released from custody. It became known that the order for the release of Piquart had been issued. M. Gase, mayor of Ville d'Avray and the prisoner's brother-in-law, and M. Hild Maitre Laboris, his secretary, proceeded to the prison of Lasante and met Piquart, who was released about 3 o'clock, and proceeded to the residence

of M. Gase. Lieutenant Piquart was imprisoned in July last, charged with communicating confidential documents, and he has since been accused of fabricating a document intended to compromise Major Count Katerhary.

Old Naval Officer Dead.
New York, June 9.—Lieutenant Commander Chas. Atherton French, United States navy, retired, is dead at his home in Brooklyn, age 78. He entered the navy as a volunteer, and was in command of the gunboat Southfield, when it was sunk by the Confederate ram Albemarle. He was later in command of the Miami and Ino. He has been retired since the close of the war.

SOME LIVELY RUNAWAYS.

Horses of San Jose Market and Hacheco & Co. Give Free Exhibitions.

People who happened to be on Railroad avenue at the early hour of 9 this morning saw an exciting runaway. Gus Wolf, the young man who drives the delivery wagon for the San Jose meat market, when the furious wind blew a large piece of paper in front of his horse, which became frightened and started to run west on Railroad avenue at a wild rate. The young man held pluckily to the lines until he was thrown out in the quick turn that was made on the corner of Third street. The horse left the wagon badly damaged in front of Kleinworth's meat market, and ran the rest of his course unnumbered by any load. He ran east on Copper avenue and then turned south on First street, where he was stopped, not much the worse for his mad race. The driver was only slightly injured in his fall.

Late yesterday afternoon D. Morelli's broncho, which Satcheli & Gioni have been using for a delivery horse for some time, took fright at something on the corner of First street and Gold avenue, and bolted, throwing the driver, Otto Frank, headlong into the street. The broncho was stopped by strong manhandling hands before he had gotten to the middle of the block. The driver, who was very much more frightened than hurt, sent up an unearthly scream to the skies, that summoned all the residents in the neighborhood out into the street, with expectation of finding that a murder had been committed. Their curiosity was doomed to intense disappointment, however, for it was found that young Frank had only sustained a few slight injuries.

This particular broncho seems to find great delight in running away, as on the previous day he had treated his driver to a similar experience.

CONGRESSMAN BLIND DYING.

Kansas City, June 9.—Nearly fifty passengers were injured, three perhaps fatally, by the derailment of train No. 4, south bound, on the Kansas City, Pittsburg & Gulf railroad, three miles south of Granview, Mo., at 9:30 last night. The train left Kansas City late, and was running slowly on account of the bad condition of the track, occasioned by heavy rains. The injured were brought to this city this morning, and those seriously hurt were taken to St. Joseph's hospital, and others to the Savoy hotel.

The train was derailed by the spreading of the rails, the track having been damaged by the recent severe rains. The engine, which contained most of the injured, and the chair car immediately following, were turned on their side into a ditch; the Pullman left the track and remained upright. The accident occurred during a heavy downpour of rain. The crew went to work with a will to rescue the passengers. The women and children were dragged from the windows of the car. Before all were taken out, fire started from the stove.

The porter carried great praise by his presence of mind in cutting a hole through the roof, quenching the fire and rescuing several women in immediate danger.

In the smoker, which was well filled, the passengers were compelled to crawl cautiously the full length of the car to a rear door to escape.

The wreck was in the woods and there was no house near to which the injured could be taken. As soon as possible, news was sent to Granview and a relief train was started out from Kansas City.

The most seriously injured are Mrs. E. B. Chandler, Joudon, Mo.; Internal; A. J. Gorgenson, Kansas City, Neb.; and the eye; W. E. Metcalf, Blair, Neb., cut in the head.

Blind is Dying.
Lebanon, Mo., June 9.—Mr. Bland is a stupor, recognizes no one and cannot speak. While physicians decline to state specifically what his ailment is, relatives say it is either paralysis or congestion of the brain. There is no hope for even the return of consciousness.

TRACHEROS CUBANS.
Will Apply Torch to the Island if Not Allowed Independence.

New York, June 9.—The Herald says that in a private letter, a distinguished Cuban now a resident of the United States, says: "The latest story from Cuba, which I have every reason to believe, is that the former revolutionary element has decided, gracefully to outward appearance, to accept the American intervention. At the end of two years, however, if Cuban independence is not acknowledged, and the government transferred to the Cubans, the torch is to be applied from one end of the island to the other, by which means all foreign investments will be destroyed."

Molnoux Re-arrested.
New York, June 9.—Re-arrested. Molnoux was to-day released on \$5,000 bail. He was immediately re-arrested on a warrant charging him with the murder of Katherine J. Adams.

FLOOD PREDICTED IN KANSAS.

New York, June 9.—It is stated on good authority that Brooklyn politicians brought their influence to bear on the authorities, inducing them to prevent any interference with the heavy weight contest to-night to decide the championship of the world. Judging from the manner in which Jeffries' money is being fished, the present odds of two to one on Fitzsimmons will be reduced to 100 to 10 or probably 100 to 50. Each man has a large following and both seem confident.

Fitzsimmons' followers have declared their man can give away fifty pounds and offset it by quickness and cleverness, backed up by years of experience. On the other hand Jeffries' friends assert that the California boxer makes a learned so much since he was here last year that he is bound to wallopp the champion. Bout will begin at 9:30 this evening.

Santa Fe Train Stalled at Wichita—5,000 Acres Under Water.

Wichita, Kan., June 9.—There are 150 feet of track on the Santa Fe washed out north of this city and the train stalled. Five thousand acres of low land is under water. The Arkansas river is the highest since 1877 and is still rising and a flood is predicted within twenty-four hours.

Albuquerque Encampment Officers.
At a regular meeting of Albuquerque Encampment No. 4, I. O. O. F., held last evening in Old Fellows hall, the following officers were elected for the ensuing term:

C. P. A. D. Johnson; H. F. Emil Mann; S. W. E. L. Medler; J. W. Geo. C. Gainsley; J. A. Conley; treasurer, D. L. Perry.

The encampment decided to have a banquet on the night of the installation of officers, July 18, 1899.

The W. L. Trimble & Co. stage to the famous Sulphur hot springs leaves Thornton every Wednesday and Saturday, and returns on Mondays and Thursdays. W. L. Trimble has just returned from a trip over the picturesque mountain road to the springs and reports that the road is in the condition for stage travel. He also reports quite a number of tourists now at the springs, and says that the hot springs are a new discovery. Above the springs, is excellent. Two big loads of Albuquerqueans will visit the resort via Thornton next week.

Dr. John Grass, of Trinidad, one of the principal members of the Laguna Mining company, returned to Trinidad last night. The doctor visited the company's plant in Hell canyon yesterday, and after investigating the mill concluded to order some needed improvements, which will be put into execution in a very short time.

Smoked Them Out.
On the 14th day of last June the law increasing the tax on beer \$1 per barrel went into effect. About two weeks before that date I received a letter from the Southwest Brewery Association a copy of a letter written to them by the Southwest Brewery and Ice Co. of this city, in which they stated that when the law went into effect they were going to advance the price of beer \$1.00 per barrel, regardless of what other brewers did, even if they lost one-half of their trade. A few days later Mr. Jacob Lohs, the president of the concern, called on me and asked what I was going to do when the law went into effect. I told him that unless the Anaheim-Buch Association would stand the extra tax I would have to raise the price of beer \$1.00 per barrel. He said he was going to raise the price as soon as the law went into effect, and we then and there mutually agreed that we would both add the extra tax to the cost price, beginning June 14. About two months ago reports began to come to me that they were selling at the same price they were before the increased tax was made, the only difference being they charged for the gas necessary to sell their beer, whereas they formerly gave it free. I investigated the matter thoroughly, and after satisfying myself that it was true, wrote them the following letter:

The W. L. Trimble & Co. stage to the famous Sulphur hot springs leaves Thornton every Wednesday and Saturday, and returns on Mondays and Thursdays. W. L. Trimble has just returned from a trip over the picturesque mountain road to the springs and reports that the road is in the condition for stage travel. He also reports quite a number of tourists now at the springs, and says that the hot springs are a new discovery. Above the springs, is excellent. Two big loads of Albuquerqueans will visit the resort via Thornton next week.

Dr. John Grass, of Trinidad, one of the principal members of the Laguna Mining company, returned to Trinidad last night. The doctor visited the company's plant in Hell canyon yesterday, and after investigating the mill concluded to order some needed improvements, which will be put into execution in a very short time.

ROSENWALD BROS.

LOCAL PARAGRAPHS.

There will be a meeting of the Commercial club to-morrow evening.

C. Hill and wife, from the Isleta Indian village, are in the city to-day.

Mrs. Fred Marshall, of El Paso, is visiting her husband's parents in this city, Mr. and Mrs. J. C. Marshall.

Louis Baer, the wool buyer on west Railroad Avenue, left for the north last night. He will be absent several days.

Mrs. K. M. Pratt and three daughters, of Denver, are stopping at the Grand Central. They will continue to Los Angeles to-night.

Mrs. J. C. Balbridge and children were passengers for Kirksville, Mo., last night, where they will remain indefinitely. The little folks need a low altitude, hence the trip.

Silvestre Mirabel, a big sheep raiser from the San Rafael neighborhood of Valencia county, was in the city yesterday, consulting with local wool buyers. He registered at the European.

P. Hastings, who is interested in the Cochiti mining district, is in the city today on business. He was a pleasant caller at this office, and stated that great improvements are going on in the district and that the Albemarle people are arranging to increase the capacity of their plant.

Guo. Westerfeld, a brother of Henry Westerfeld, has arrived from Trinidad, and will remain until the latter's health greatly improves. Henry has been dangerously ill the past few days, but this morning the attending physician pronounced his case considerably improved, and says that he has undoubtedly passed over the danger point in his sickness.

Louis Becker, son of Col. John Becker, of Belen, and Fred. Hunting, son of Col. Louis Hunting, of Los Lunas, both university students, left for their respective homes in Valencia county this morning, being accompanied by Hans Becker and Louis Hunting, ex-university students, who were here last night to attend the commencement exercises at the Armory hall.

At the reception of Prof. Harriek, held at the latter's residence on Wednesday night, some one exchanged hats with Prof. A. Montoya, leaving for the professor to wear home a No. 7 derby stiff hat. The Montoya hat is also of a derby in style, but is only 6 1/2 in. size and was purchased from Simon Stern, as indicated by trade mark pasted on inside of crown. The owner of the hat, left for Mr. Montoya to use, can obtain same by calling at this office, leaving the other hat in its stead.

H. W. Kelly, the junior member of the wholesale grocery firm of Gross, Blackwell & Co., came in from Las Vegas last night and put up at the Sturgeon-Europaeen. Mr. Kelly states that he, in connection with many others of Las Vegas, are pleased with the manner in which Albuquerqueans, especially the newspapers of the city have taken hold of the Rough Riders' reunion, and a good crowd, several hundred at least, are expected to attend from the territorial metropolis.

Edward Grunsfeld, representing the Washington Life Insurance company, has returned from a business trip to the towns of San Miguel county.
