THE JEMEZ RESERVE

Large Area Withdrawn From Entry Again to Be Thrown Open to Settlement.

SUCCESSFUL REMONSTRANCE

Only Timbered Lands and Not Open Range to Be Set Aside by Interior Department.

On November 1, 1903, by a simple telegraphic order, an enormous area of land in northwestern New Mexico was withdrawn from entry. While the withdrawal may only be temporary, yet for the time it has paralyzed improvement in that portion of New Mexico and stopped the influx of population.

The desirability of proper forest reserves in order to preserve the water supply of the rivers is recognized by all. The area withdrawn from settlement last fall is not only greatly in excess of what is necessary, but embraces many thousands of acres of excellent agricultural and grazing lands—in fact it includes one of the finest grazing districts in all New Mexico. The tract reserved extends from a point near Cochiti in the southeast to a line a little this side of Canjeon and Gallina on the north; thus covering a large part of Rio Arriba and Sandoval Counties. It includes the whole Baca location of 400,000; the whole of the Nacimiento and San Diego grants; nearly all of the Piedra Lumbre and Canada de Cochiti, with part of the Polvadera and other grants. It covers Bland, Allerton and all the Cochiti mining region; Cuba, Copper City and the fertile and well-watered lands around Coyote; with the vast grassy plains of the Piedra Lumbre and old Canon de Chama grant. It amounts to 45 entire townships and as each township contains 36 sections, its area is 1,620 square miles. This is larger than the state of Rhode Island. It is 48 miles long from north to south and from 30 to 40 miles from east to west. It is easy to see what a paralyzing effect the withdrawal of such an immense area must have on all the surrounding country.

About a month ago Hon. L. B. Prince on behalf of the people of Rio Arriba County sent a vigorous protest to Delegate Rodey against the continuance of the reservation; and this was transmitted by Mr. Rodey to the interior department. The following letters from Delegate Rodey, Governor Richards, the commissioner of the general land office, Hon. E. A. Hitchcock, the secretary of the interior and Hon. James Wilson, secretary of agriculture, show that this protest has had the desired effect and that a large portion of the reserved land will soon be released and opened to settlement.

Delegate Rodey's Letter.
 Delegate Rodey submitted the protest with the following letter:

"March 14, 1904.
 Hon. Secretary of the Interior, Washington, D. C.:

"Sir—With reference to the withdrawing of lands in Rio Arriba County, New Mexico, from settlement, I received a letter from a constituent of mine, Hon. L. B. Prince, ex-Governor of New Mexico, on the subject, and I quote from it, as follows:

"I wish to write about a matter that is interesting a good many people and which I have promised to write about for sometime. That is the condition of a great part of Rio Arriba County under the order from Washington which withdraws the public lands there from entry. This practically puts a stop to all colonization, either from outside or by the Mexican people, and prevents any increase in population or prosperity in that county. It is the worst blow that has ever been given to New Mexico by action of similar character. As you know, I am in favor of necessary reservations for the protection of forests and water supplies, and am directly interested in the conservation of the water supply of the Chama River; but this proposed reservation is utterly ridiculous in its extent and as to the character of the lands included therein. Not a human being in New Mexico is in favor of it, unless possibly some owner in a grant who hopes that the government may take the grant in exchange for scrip. It is one of the things which calls for your most active efforts in order to protect the people and give an opportunity for the creation of homesteads. In this very vicinity the Mexican people were taking up homesteads rapidly until this unfortunate order."

"Mr. Secretary, I submit the above to your department for such action as you may deem proper, under the circumstances."

"Sincerely yours,
 B. S. RODEY,
 Delegate in Congress From New Mexico."

Hitchcock's Answer.
 To this Secretary of the Interior E. A. Hitchcock answered as follows:

"Department of the Interior, Washington, April 1, 1904.
 Hon. B. S. Rodey, House of Representatives."

"Sir—I have the honor to acknowledge the receipt of your letter of the 14th ultimo, in which you have quoted from a letter you received from Hon. L. B. Prince, ex-Governor of New Mexico, protesting against the withdrawal of certain lands in Rio Arriba County, New Mexico, from settlement, with a view to the establishment of the Rio Jemez Forest Reserve."

"In answer thereto I enclose a copy of the report on your letter by the commissioner of the general land office, under date of the 26th ultimo."

"You are advised further that as recommended by the commissioner your letter has been referred to the secretary of agriculture for consideration by the Bureau of Forestry."

"Very respectfully,
 E. A. HITCHCOCK,
 Secretary."

Letter From Commissioner Richards.

Commissioner Richards of the general land office in the following letter replies to the instructions of the secretary of the interior.

"The Honorable, the Secretary of the Interior."

"Sir—I am in receipt, by reference from the department, on March 18, 1904, of report of a letter dated March 14, 1904, from Hon. B. S. Rodey United States House of Representatives, wherein he states that he has received a letter from Hon. L. B. Prince, ex-Governor of New Mexico, protesting strongly against the proposed Rio Jemez Forest Reserve for which temporary withdrawal was made on November 1, 1903, upon the recommendation of the United States geological survey, including certain lands in Rio Arriba County, New Mexico. The letter from Hon. L. B. Prince is quoted by Mr. Rodey."

"Regarding this proposed reserve, I have the honor to report that, following the recommendation from this office to the department, dated November 9, 1903, the duty of making investigation and report as to what portion, if any, of the lands temporarily withdrawn for this proposed reserve, should be permanently reserved, was assigned to the Bureau of Forestry of the department of agriculture. I respectfully recommend, therefore, that the enclosed letter from Hon. B. S. Rodey, be referred to the secretary of agriculture for consideration by the Bureau of Forestry."

"Very respectfully,
 W. A. RICHARDS,
 Commissioner."

A Prompt Investigation.
 The matter has been taken up by the department of agriculture as the following letter indicates:

"Department of Agriculture, Office of the Secretary, Washington, April 5, 1904:

"Hon. B. S. Rodey, House of Representatives, Washington, D. C."

"Sir—I am in receipt, by reference from the Honorable, the Secretary of the Interior, of your letter of March 14, to the commissioner of the general land office. The lands you refer to in Rio Arriba County were temporarily withdrawn from settlement on November 1, 1903, upon the recommendation of the U. S. geological survey and I am glad to inform you that a field examination of this region will be made by the Bureau of Forestry within the next two months. As a result of this examination all lands which are found unsuited to forest reserve purposes will be released from the order of withdrawal and restored to the public domain."

"Very respectfully,
 JAMES WILSON,
 Secretary."

TEMPORARY INJUNCTION GRANTED

Judge Hilt Stops the Examination Into the Affairs of Sully and Company.

New York, April 15—Judge Hilt of the United States District Court today granted a temporary injunction which restrains Special Examiner Alexander from continuing an examination into the Sully & Company bankruptcy matter. The petitioner alleged that the special examiner erred in refusing to allow the counsel for the petitioners to examine the witnesses and that the examination has gone beyond its proper scope and has permitted the introduction of extraneous matter.

STABBED IN THE ABDOMEN.

Two Officers of the Twenty-sixth Infantry Fatally Injured By Moros on Island of Mindanao.

Manila, April 15—Captain David P. Wheeler, and Corporal Percy Heyvelt of the Twenty-sixth Infantry, while reconnoitering the Moro works along the Tacoco River on the island of Mindanao, April 11, were stabbed in the abdomen. Wheeler died on April 13 and Heyvelt is fatally injured.

SETTLEMENT OF COAL STRIKE IN SIGHT.

Butte, Mont., April 15—A settlement of the local strike of coal miners at Red Lodge is in sight. President Mitchell has sent word to President Purcell of the local union to return, pending a settlement.

MORE DETAILS OF THE BLOWING UP OF THE PETROPAYLOSK

Russians Claim That the Disaster Was Caused By Their Own Mines. The Japanese Used Submarine Boats Suggests a United States Naval Officer.

Paris, April 15—Information received in government quarters has now established the fact that a naval battle occurred between the Japanese fleet, consisting of fourteen warships, and a force under the late Vice Admiral Makaroff. From this official strongly believe that the destruction of the Russian ships and the loss of the admiral resulted from a naval engagement. However, the only definite official information is that a battle occurred, and it is believed the Japanese submarine boats took part in the engagement and caused the destruction of the Russian ships.

Sunk By Torpedoes.
 Paris, April 15—The Japanese legation says that Admiral Uriu's report shows that Japanese torpedoes sunk the Petropavlosk and damaged the Pobieda and declared the reports that a submarine boat did the damage is incorrect, as the Japanese fleet had no submarine boats. The Japanese legation paid a high tribute to the late Vice Admiral Makaroff.

Russian Version of the Explosion.
 St. Petersburg, April 15—Out of the maze of conflicting reports regarding the sequence of events leading up to the destruction of the Petropavlosk, it is now established that Vice Admiral Makaroff, early Wednesday morning, took out his squadron to engage a weak division of six Japanese cruisers which appeared on the horizon, after the Japanese torpedo boats which sunk the Bezrashni had been driven off by Bayan. The particulars of the torpedo fight are still lacking.

The Russian commander in chief pursued the Japanese cruiser division until it was reinforced by eleven battleships when he retired into the outer roadstead, where he was drawing up in line of battle when the disaster to the Petropavlosk occurred. It is certain that both her boilers and magazine exploded, but it is not sure that she touched a mine, although the weight of opinion at the admiralty is that such was the case and if so it was a Russian and not a Japanese mine. It is absolutely denied that Admiral Makaroff's ships participated in the naval battle. The injuries to the Pobieda are declared to be slight. The explosion which injured her took place just below the water line. The opinion expressed at the admiralty here is that it was caused by a spent whitehead torpedo.

The Work of Submarines.
 New York, April 15—The expressions from St. Petersburg of the belief that the Japanese are using submarine boats in their Port Arthur attacks are given color by the statement of a retired naval officer in this city. He declares it to be the only way to account for the succession of disasters met by Russian ships.

"It is incredible," he said, "that ships which undoubtedly have charts of the mines aboard should be blown up by them. One of the first things Admiral Makaroff did when he reached Port Arthur was to survey the harbor and locate the mines. What is the sense of these constant bombardments if they are not to entice the Russian ships out. That the Petropavlosk struck one of her own mines and that the Japanese planted the mine during the night are untenable, and we know the Japanese have submarines. A United States naval officer landed at the wrong dock, apparently an unused one, in a Japanese town before the war and saw a submarine surrounded on three sides by high fences so that it was visible only from the water side. Before he had an opportunity to examine it the Japanese soldiers on guard drove him away with fierce threats. They seemed highly indignant that he should have caught sight of the vessel at all."

Newspaper Correspondent Missing.

St. Petersburg, April 15—The admiralty has received official information that Verestchagin, a celebrated painter of battle scenes was among those lost on the Petropavlosk. The fate of Nicholas Kravtchenko, a well known Russian literary man and acting as Associated Press correspondent, is still unknown.

Grand Duke Cyril Reported to Be Dead.
 St. Petersburg, April 15—Persistent rumors are circulated that Grand Duke Cyril is dead, but the correspondent of the Associated Press is unable to secure a confirmation of the rumors. On the contrary, Lieutenant General Prince Gallitzin, master of Grand

Duke Vladimir's household, states that a telegram received this morning reports that the condition of Grand Duke Cyril is better.

Malignant Sickness in Japanese Army.
 Tien Tsin, April 15—It is asserted here that the reason for the delay of the movements of the Japanese army in Corea is that over twelve per cent of the troops are suffering from a malignant sickness, described as a species of beri beri.

Protest Against the War.
 Vienna, April 15—Serious demonstrations against the war are reported at Kharkoff. Kharkoff is the center of the densest industrial population in Russia. All the schools and colleges are closed pending the return of tranquility.

No Wireless Telegraphy Allowed.

Washington, April 15—The Russian government has given notice that the newspaper correspondents using wireless telegraph will be treated as spies and shot.

PLEAD GUILTY.

To the Charge of Murdering His Wife and Nine Year Old Son.

Central City, April 15—Axel D. Galbraith, the self confessed murderer of his wife and nine year old son, was arraigned before the justice of the peace at 11:30 o'clock this morning. He was charged with the murder of his wife and son on two separate counts, and when the assistant district attorney, Miles, finished reading them and he was asked for his plea, he said in a low voice: "To the best of my knowledge I am guilty."

Justice Hooper then remanded Galbraith back to the county jail and bound him over to the June term of the District Court without bail. Everything was quiet here today and there was no attempt to repeat the efforts to lynch Galbraith. The mob which gathered around the jail last night were only prevented from taking Galbraith by the firm stand of Sheriff Cody who threatened to kill the first man who approached the jail. The mob was leaderless and soon dissolved.

CONDOLENCES EXCHANGED

Russian Ambassador Expressed Sympathy for the Missouri Disaster and President for Sinking of Petropavlosk.

Washington, April 15—Count Cassini, the Russian ambassador having formerly expressed to the President the condolence of his government upon the accident sustained by the Missouri, the President in turn personally expressed the deepest sympathy for the loss sustained by Russia in the death of Admiral Makaroff, and the sinking of the Petropavlosk.

FIRST FREIGHT IN FOUR MONTHS

Town of Lewistown, Montana, Shut in for That Length of Time By Blizzards.

Lewistown, Mont., April 15—The first freight train into Lewistown in four months arrived here today. Never perhaps in the history of railroading has a city been shut in so long. A passenger train got in two weeks ago but the snow plows could not get a freight through at that time.

MISSOURI OUT OF ITS BANKS

Residents of the Lowlands Have Been Forced to Move—A Flood Threatens the Bottoms.

Omaha, Nebraska, April 15—The Missouri has reached a mark within a few inches of the danger line and is spread over the lowlands north of the city and threatens to cover the bottoms at east Omaha.

Many of the residents of the lowlands were forced to move.

It will pay you to advertise. Try it.

PANAMA BILL PASSES SENATE

The House Committee on Irrigation of Arid Lands, Reports a Resolution Requesting an Investigation of the Matter.

Washington, April 15—The House committee on the irrigation of arid lands agreed to a resolution today calling on the secretary of the interior to make an investigation as to how much water may be taken from the Colorado River for the irrigation of lands in Arizona and California, how much land can be irrigated and what legislation is necessary for the project both under private and government enterprise.

House.
 Washington, April 15—When the House met today a number of bills were passed including one permitting the Missouri, Kansas and Oklahoma Railroad Company to sell its franchise and properties to the Missouri, Kansas & Texas Railroad Company.

Senate.
 Washington, April 15—The Senate today passed a joint resolution ordering the printing of 10,000 copies of the report of the anthracite coal strike commission.

Panama Canal Bill.
 Washington, April 15—The Senate passed the Panama Canal bill.

IMPERIAL PALACE BURNED.

Emperor and His Suite Escape But Only the Ruins of the Royal Residence Remains.

Paris, April 15—A cable report received at the foreign office here says the imperial palace at Seoul, Corea, was completely destroyed by fire last night. The fire began in the evening and lasted throughout the night. Only the ruins of the palace remain. The Emperor and his suite escaped to a near by refuge. The report does not mention any loss of life nor give the cause of the fire but the recent political unrest leads to a fear that the destruction of the palace was the work of the rebellious element.

WRIT OF HABEAS CORPUS APPLIED FOR.

Denver, April 15—Attorney E. F. Richardson today filed an application for a writ of habeas corpus for President Moyer in the Supreme Court. The refusal of General Bell to obey the writ of Judge Stevens is recited.

A FIGHT FOR HEARST.

An Agent With a Box of Buttons is in Denver Working to Capture the Convention.

A big box of Hearst buttons arrived in Denver on Wednesday and an agent of the Hearst boom appeared with them. They are being held until the opportune moment, when an array of Democrats will suddenly appear at the Democratic city and county convention loaded down with Hearst favors. The scheme is to capture the Democratic state convention for Hearst and the first decisive move will be on the 125 delegates from Denver to be elected at Saturday's county convention. It is claimed that Senator Patterson is under obligations to support the Hearst boom in Colorado and that he will make the principal oratorical effort. He is not a delegate to the local convention, but if he should be home from Washington in time he can be accommodated with a proxy.

GOOD FOR SANTA FE MERCHANTS

Postoffices in the Manzano Mountains and Estancia Plains Will Be Served From This City.

From April 16 on, the postoffice at Chilili, Bernalillo County, will be served from Santa Fe via the Santa Fe Central, instead of from Albuquerque. The fact that Santa Fe has been made the headquarters of postal facilities for the Manzano Mountain and Estancia Plains settlements, should be taken advantage of by local merchants. They can extend their trade territory, by reason of these better railway and mail facilities, into sections formerly commanded by Albuquerque traders. Outside of the towns on the line of the Santa Fe Central, namely Kennedy, Estancia, Willard, Progresso, Moriarty and Torrance, the settlements of Mountainair, Chilili, Palma, Eastview, Manzano, Tajique, Torreon and Punta del Agua will in the future be served from the Santa Fe postoffice. The roads from these villages to the Santa Fe Central Railway line will now be kept in better condition and repair and will be more used than the roads leading to Albuquerque and thus a decided advantage has been gained for local trade.

MEETING OF FEDERATION OF WOMEN'S CLUBS.

The general Federation of Women's Clubs will meet at St. Louis May 17 to 25, at the Odeon with a membership of 300,000. The material and ethical advancement of women in every phase of life will be discussed.

HEARST WINS BITTER FIGHT

The Democrats of New Mexico Put Themselves on Record After Spirited Wrangle.

TO JOIN WITH ARIZONA

It Is Only Favored Because Separate Statehood Cannot Be Had at the Present Time.

Special Correspondence New Mexican. Silver City, N. M., April 15—The Democratic territorial convention did not effect permanent organization until this noon. The report of the committee on credentials took up the entire forenoon. Antonio Lucero of Las Vegas, one of the delegates from San Miguel County, was obliged to leave for home last night and left seven proxies, which were not handed to the committee on credentials, compelling the San Miguel delegation to ask the convention to give it a representation of eighteen in place of eleven, as reported by the committee. After several heated arguments for and against the request, San Miguel County won out by 25 majority. W. B. Walton of Grant County asked that Quay County be allowed two delegates which was granted without comment. H. F. M. Bear of Roswell, being designated to represent said county, and to cast its vote. Leonard Wood County was upon similar motion allowed five votes although only three of its delegates were represented either in person or by proxy.

The following were chosen delegates and alternates to the national convention at St. Louis.

Delegate at large, James B. Fitch of Socorro, alternate Samuel Eldred of Rio Arriba County.

First district, N. B. Laughlin of Santa Fe, alternate, A. B. Renahan of Santa Fe.

Second district, E. V. Chaves of Albuquerque, alternate, K. K. Scott of Gallup.

Third district, Oliver Lee of Otero County, alternate, A. J. Clark of Luna County.

Fourth district, Antonio Lucero of Las Vegas, alternate, F. G. Matteson of Leonard Wood County.

Fifth district, L. K. McGaffey of Chavez County, alternate, J. O. Cameron of Eddy County.

H. B. Fergusson of Albuquerque, was re-elected by acclamation for national committeeman. The resolutions which were passed reaffirm allegiance to the well established principles of the Democratic party, express disapproval of the tendencies of the Republican party toward a colonial system, the divorcement of the constitution and the flag in the island possessions, the maintenance of a war tariff in time of peace, which has become the parent of the trusts, denounces the Republican administration for its duplicity in dealing with trusts and for its attempt to distract the attention of the people from the real issue by the prosecution of petty crimes in the postoffice department.

The territorial Republican administration is soundly denounced for its alleged failure to call corrupt Republican county officials to account and remove them from notorious and open theft of public funds. It scores the party in the Territory on its party manager, whom it accuses of "bold theft of the school funds."

It denounces the present jury law and winds up with an expression on statehood which in substance declares for single statehood, but failing this, believes that joint statehood is preferable to no statehood and respectfully submits to what appears to be the inevitable, namely, joint statehood.

The statehood paragraph of the resolutions asks for an appropriation of a sufficient amount of money out of the national treasury to pay the public debt of the Territory of New Mexico and Arizona, and the debts of the counties of Santa Fe and Grant in New Mexico and Pima in Arizona, and a sufficient fund to establish a permanent public school system commensurate with the needs of the joint state.

The fun came shortly after the committee on resolutions handed in its report which contained not a word as to an instructed delegation. Hon. Antonio Joseph moved to amend the report by a resolution instructing the delegates for Hearst. Immediately the convention was thrown into pandemonium and a score of delegates sought recognition from the chair.

Fergusson secured the floor and made an eloquent plea for Hearst, followed by Dougherty of Socorro, who opposed the resolution. Speeches followed in quick order by Bunker of Las Vegas, McMillen of Albuquerque, and Hopewell of Santa Fe, opposing the resolution, and by Antonio Joseph and E. C. de Baca of Las Vegas, favoring it. Dougherty offered an amendment a resolution commending Hearst for his efforts in behalf of statehood for New Mexico, but saying nothing of the Territory's vote at the national convention. The real test of the

REASONS FOR ROOSEVELT'S STRENGTH.

Harmony prevailed in the Republican state convention of New York held Wednesday. President Roosevelt was strongly endorsed for the nomination for the presidency and leading and influential men were chosen to represent the state at large at the Chicago convention. All indications point to the fact that the Republican leaders in the Empire State have concluded to bury their differences, have done so, and will do their level best to have the party present a united and strong front in this year's campaign. The Pueblo Chieftain in commenting upon the action of the convention and its endorsement of Mr. Roosevelt says that the New York convention has again made prominent the fact already apparent that the successful administration of President Roosevelt is a tower of strength to the party with which he is associated in politics and of which he is the chief representative.

The New York Republican leaders can find no better proof of the fitness of their party to conduct the national government than to point to what has been accomplished in the past eight years under the Republican administrations of Presidents McKinley and Roosevelt.

The admirers of President Roosevelt and those who wish to see him nominated and elected can find no better argument for the forwarding of their purpose than to point to the manner in which he is discharging the duties of that high official position and the results that have been accomplished during his term of office.

Whatever qualities a man may have, and whatever high opinion may be held of his abilities by his friends and admirers, there is none that can be more conclusive of his fitness for any particular position than his actual performance of the duties of that place.

It is not surprising under the present circumstances that President Roosevelt should be considered by the Republican leaders and by the people generally as a powerful aid to Republican success in the coming election. The personal element is always a strong one, and people in general much prefer to follow a living leader than to declare their devotion to a set of abstract principles.

President Roosevelt approaches closely the ideal of the best type of a popular political leader. He has no touch of the demagogue in his nature. He is brave, outspoken, reasonable, self-respecting, and he has in addition to all these things that no demagogue possesses, the art of winning the popular approval and compelling the popular liking, which is the secret of success with everyone who appeals to the masses of the people and gains his cause.

The Republican party has a right to point to President Roosevelt as a living exponent of Republican principles, and it has a right to gain whatever political advantage may be gained by the personal popularity of the President. We shall hear a good deal of what the President is and of what he has done, in the course of the coming campaign, but that will be legitimate campaign material so long as the President and his party continue to be in harmony in regard to the political issues of the day, and so long as the Republican party may fairly and truthfully say of the President that he is an example of what may be expected of the Republican party if it is continued in control of the national affairs.

The work of Traveling Auditor Charles V. Safford during the past twelve months is proving of vast benefit to the people of the Territory in many directions. As time progresses and as the workings of the law creating the office of traveling auditor are better understood, it will be satisfactorily proven that the enactment of the law was a great step forward and in the right direction. Treasurers and ex-officio collectors are keeping better accounts and paying territorial funds over promptly, and if there is anything crooked in their offices, this must sooner or later be discovered by the auditor. Several instances of the kind during the past year have occurred and much money has already been saved taxpayers of the Territory within the year during which the law has been effective and operative.

Reports from Denver state that the snowfall in the higher mountain ranges throughout Colorado during the past six weeks has been quite satisfactory and that it is now believed that owing to this fact there will be sufficient water for irrigation in the streams of that state. New Mexico is greatly interested in the water supply in the Rio Grande and in the San Juan River, both of which have their sources in the Centennial State. If there is a good deal of snow in the mountain ranges in which the sources of these two rivers are, there will be sufficient water for irrigation in San Juan County and also in the upper Rio Grande, at any rate as far as Bernalillo and probably to the Mexico line. If this proves true, the chances for fair crops in the valleys of these rivers are good.

The mayor domos of the territorial Democracy have concluded that they want a long and active campaign this fall. At Wednesday's meeting of the Democratic territorial central committee in Silver City the place for holding the convention to select the Democratic candidate for delegate was fixed at Las Vegas and the date thereof is to be fixed hereafter by the executive committee, provided that the convention shall be held at least 60 days before the election. The Democrats evidently propose to make an aggressive campaign. The boodle for this is to come from some source in the far east, where it seems there are some people who are anxious to help the New Mexico Democracy with the sinews of war.

The Supreme Court of the United States has recently rendered a decision sustaining the power of the postoffice department to exclude books, although published in serial numbers, from the mails as second class matter. The court held that books published in series could not properly be classed as newspapers or periodicals. The decision looks just and equitable and is certainly in accordance with prevailing public sentiment.

That strenuous old woman, the former queen, Isabella of Spain, has shuffled off this mortal coil. In her case the less said about her record the better. She was certainly about as tough a specimen of royal humanity as ever lived and records show that during the thousands of years since history began, there were many tough ones in that line.

The Republicans of Denver are having quite a family row and if it is not settled promptly, this may greatly injure the prospects of the Republicans for success in this fall's campaign in the Centennial State. Colorado's example seems to have effected New Mexico more or less. Here there is also somewhat of a racket in Republican ranks.

In a recent speech in the United States Senate, Senator Teller said: "We do not know who our candidate will be, whether it will be Cleveland, Bryan, Parker or Hearst." That's just it! Nobody seems to know what kind of a Democrat the St. Louis convention will put in the field for the presidential nomination.

The Russian General Kuropatkin, commander in chief of the Czar's forces operating against the Japanese, seems to be a great one at leading his troops into retiring before the Japanese advance. But then his tactics may change before the summer is over. He may know more by that time.

"Quit gambling and go to work," said President Roosevelt to a delegation of Indians recently on a visit to the White House. The denizens of Wall Street in the wicked town of Gotham might follow this advice with much propriety and benefit.

When the Ides of this coming November roll around, President Porfirio Diaz of Mexico, will have served six full terms as chief executive of his country. He is certainly one of the most remarkable men of the age.

A census bulletin recently issued for the year 1903 figures up the present population of this country at about 80,000,000. The elections in November next will show that most of these are Republicans.

There is a fight on between those trust magnates J. D. Rockefeller and J. J. Hill. It is one that can only do the people good. Whichever way the matter turns, the "plain people" will be beneficiaries.

Insurance agents are mighty powerful these days. They make men out of monkeys and sometimes they make monkeys out of men. They have just insured the life of the New York trick monkey "Major Kelly" for \$25,000.

Citizens of this town are persisting in the "manana policy" in the planting of shade trees on the streets, avenues and thoroughfares of the city. It is a pity this is true.

People complain that they know too much about Hearst and not enough about Judge Parker. This seems to be about correct.

Dyspepsia AND Liver Disease CURED BY DR. PIERCE'S GOLDEN MEDICAL DISCOVERY.

"I was weak, nervous and dizzy, with a fainting sensation when walking," writes Jesse Childress, Esq., of Samuel, Sullivan Co., Tenn. "Could not walk any distance, always felt bad after eating; felt as though something was sticking in my throat, always uneasiness in stomach. Doctored with three physicians but they did not relieve me. I grew worse and used everything I could think of; was nearly ready to give up and then some one told me that Dr. Pierce's medicine was good, so I began taking his 'Golden Medical Discovery.' I have taken seven bottles of that now and am as stout as ever, and enjoying health as much as ever before. I worked all summer and this winter as much as any one. My case was liver disease and nervous dyspepsia of which your medicine has cured me. In September 1898 my weight was about 65 pounds, now it is 125. Please accept my sincere thanks."

Congressman Hearst has not done as well in Texas as he thought he would. The Texas Democrats are still somewhat opposed to a man who parts his hair in the middle.

Those Russian victories over the Japanese on land and sea are not materializing to any great extent.

Beware of Ointments for Catarrh that Contain Mercury.

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

MAKES A CLEAN SWEEP.
 There's nothing like doing a thing thoroughly. Of all the salves you ever heard of, Bucklen's Arnica Salve is the best. It sweeps away and cures burns, sores, bruises, cuts, boils, ulcers, skin eruptions and piles. It's only 25c, and guaranteed to give satisfaction by Fischer Drug Company.

A Farm For You!

Are you satisfied at home? Or do you wish to better yourself? You should investigate what the San Joaquin Valley of California has to offer hustlers. In that great valley is grown nine-tenths of the U. S. raisin crop, and millions of gallons of wine are made yearly. You can profitably raise almost everything there. Good farms at cheap prices. Low rate colonist excursions in March and April on the Santa Fe. Write for pamphlets to H. S. Lutz, A. T. & S. F. Railway, Santa Fe, New Mexico.

ALWAYS TIRED NEVER RESTED

To be tired from hard work or bodily exercise is natural; rest is the remedy, but there is an exhausted feeling—a weariness without what is unnatural and shows some serious disorder is threatening the health. One of the chief causes of that "Always-tired-never-rested condition" is impure blood and bad circulation. Unless the body is nourished with rich, pure blood there is lack of nervous force, muscles become weak, the digestion impaired and general disorder occurs throughout the system.

For over four years I suffered with general debility, causing a thorough breaking down of my system. My cousin, who had been benefited by S. S. S., told me about it. I tried it and it cured me. I heartily recommend S. S. S. to all who may feel the need of a thoroughly good blood tonic. Yours truly,
MRS. JOSE A. BRITTAIN.
44 W. Ninth St., Columbia, Tenn.

Debility, insomnia, nervousness, indigestion, dyspepsia, loss of appetite, strength and energy, and the hundreds of little ailments we often have are due directly to a bad condition of the blood and circulation, and the quickest way to get rid of them is by purifying and building up the blood, and for this purpose no remedy equals S. S. S., which contains the best ingredients for cleansing the blood and toning up the system. It is a vegetable blood purifier and tonic combined, that enriches the blood, and through it the entire system is nourished and refreshing sleep comes to the tired, never-rested, body.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

MINES AND MILLS.

The geologic survey will have a fine display at the Louisiana Purchase Exposition. One of the instructive and decorative features will be a collection of twelve photographic transparencies representing scenes illustrative of survey work. They will be grouped together in one window with reference to artistic effect and logical sequence. The pictures, which were enlarged from photographs taken by different members of the survey, have been delicately tinted with the natural colors of the hills and woods and deserts they portray. The four large pictures, 30 by 40 inches in size, which are to be hung in the upper sash of the window, represent characteristic scenes in widely separated parts of the country. The first gives a view on the St. John's River, Florida, where the weird and tremulous outlines of mosshung trees seem to shudder with the reflection of their own eldridge locks in the placid stream. The tones of this tropical scene are all harmonious, but its slimy greens are not the greens in the next picture, which represents a mountain lake in Colorado—a lily pond encircled by long lush grass and nestled against a background formed by a carboniferous cliff. A pastoral scene near North Granville, Washington County, New York, follows. Its grassy, rail-fenced meadows run down to a quiet, tree-lined stream; its distant bridge and scattered village homes are suggestive of man rather than nature, but man in his gentlest, most peaceful mood. In complete contrast to this rural softness are the bald blues and bluffs that characterize a picture of the naked Arizona desert, where even the green of the scraggy sage brush is dust colored.

Following these are four small pictures, 20 inches by 30 in size, which show men from different branches of the survey at work on characteristic tasks. The figure of a geologist, who has dismounted from his pack laden horse and, hammer in hand, has climbed a rocky cliff, silhouetted against a cloudless sky; a topographer bending over a plane table, sighting a distant point; a triangulator perched besides his theodolite, on a lofty lumber-built pyramid, taking observations from his rather insecure eyrie; while a company of drillers bend to their task of locating bedrock for the foundation of an Arizona dam.

Four more large pictures, which will fill the lower sash of the window, complete the exhibit. These all give a hint of camp life in the many different regions where the survey's men have been required to pitch their tents. The hydrographer's camp fire is usually pitched on the bank of some stream, where mosquitoes and current meters divide his nights and days between them, and his picture accordingly shows a stream gauder suspended in his little cage over the Shenandoah River in West Virginia. Another picture, entitled "On the March," depicts a straggling line of prairie schooners and horsemen approaching the North Platte River in Wyoming, which must evidently be forded before the delectable heights beyond can be reached. In the next picture, camp has evidently been pitched and the khaki clad members of the party, despite their array of instruments, are minor figures in the scene beside the white aproned cook, who looks the despot monarch he is in a well regulated camp. Last of all, is a view photographed on the trail in Alaska, where dogs take the place of horses, and men are truly children of only slightly larger growth. The picture of the dog team shown is witness to the value of man's most faithful companion in the surveys, Alaskan work.

Owing to the completeness of the canvas made, the volume of mineral resources for 1902, which the United States geological survey will soon have ready for distribution, will be of more than usual value to those interested in the development of the country's mineral wealth. Acting in co-operation with the census office, the agents of the survey personally visited most of the producers and procured more complete data concerning the conduct of the various mining industries than they had ever before attempted to collect. This more detailed inquiry, necessarily consumed more time than had the less thorough collection of statistics made in previous years, so that the publication of the annual volume has been in consequence delayed. Separate chapters of extracts from the entire volume, have, however, been issued as fast as they were completed. The finished volume will be bound and ready for distribution about the middle of April. In 1904 for the third time, the total value of the commercial mineral products of the United States exceeded the enormous sum of \$1,000,000,000, the exact figures being \$1,260,639,415, a gain of 16.02 per cent over the preceding year. As heretofore, iron and coal are the most important mineral products of the United States. Nearly all the important metals increased in both output and value. The metallic products show an increase of \$123,992,325 and the non-metallic of \$50,072,089. To these should be added estimated unspecified products, including building, molting and other sands reported to the survey. The rare mineral molybdenum and other mineral products valued at \$1,000,000.

Testimony easily investigated. The strongest endorsement of merit. The best of proof. Read it:

Cipriano Chavez, county jailer of Agua Fria street, says: "I had attacks of backache for three or four years. Lately they were of much longer duration and occurred much more frequently. For 20 days before I went to Ireland's Pharmacy there was no let up to the dull aching and nagging pain despite the fact that I used medicines and wore plaster. Two days' treatment with Doan's Kidney Pills was sufficient to let me know that the remedy was going to the root of the cause and a continuation of it for some time stopped the very severe attacks. I now know what to use if in the future I notice any traces of backache."

Best Cough Medicine for Children. When you buy a cough medicine for small children you want one in which you can place implicit confidence. You want one that not only relieves but cures. You want one that is unquestionably harmless. You want one that is pleasant to take. Chamberlain's Cough Remedy meets all of these conditions. There is nothing so good for the coughs and colds incident to childhood. It is also a certain preventive and cure for croup, and there is no danger whatever from whooping cough when it is given. It has been used in many epidemics of that disease with perfect success. For sale by all druggists.

PERSONAL MENTION

Harry Wiley left this morning for the Pecos to visit his Uncle Stephen Arnold.

Engineer A. G. Kennedy, went to Albuquerque, yesterday afternoon on business.

Mrs. Secundino Romero of Las Vegas, has gone to Kansas City for a short visit.

A. Staab and Attorney Julius Staab were passengers yesterday afternoon for Albuquerque.

R. L. McCance, auditor of the Santa Fe Central Railway Company, returned at noon today from a business trip to Albuquerque.

The Las Vegas Optic says that Judge Stephen E. Booth of Elizabethtown, who has been in California on a visit, has returned home.

N. S. Rose, attorney at law at Deming, and editor of the sprightly and well edited Deming Graphic is in the Capital today on business.

Territorial Coal Mine Inspector Jo E. Sheridan of Silver City arrived on this noon's train and attended to business here this afternoon.

Rev. T. W. McNeal left yesterday for Albuquerque, where he will supply the pulpit of the First Baptist Church of that city for several weeks.

Thomas F. Abbott will leave on the flyer this evening for the east. He will visit Pittsburg, Chicago and other points on financial business and will be absent about six weeks.

Mrs. M. Thompson went to Albuquerque, yesterday afternoon to nurse Mrs. H. W. Stevens, formerly of this city, who is confined to her home with a severe attack of rheumatism.

W. H. Kelly of El Paso, Texas, who is connected with the Mexican Central Railway, holding a position in the pay department of that road, has been visiting friends in Mora and Las Vegas.

H. C. Thompson, assistant superintendent of the Hagan coal mines for the New Mexico Fuel and Iron Company went north this morning for a short visit to his family in Denver.

Manuel Sanchez of Trampas, Rio Arriba County, came to town last evening from the north to visit a son attending St. Michael's College. He will leave tomorrow morning for his home.

J. J. Goutchey, clerk in the internal revenue office here, leaves for Tucson, Arizona, tomorrow, as a witness in the case of the United States versus Felix & Dobson for violation of the internal revenue law.

Samuel Eldred of Chamita, former territorial treasurer and J. H. Crist of Monero came in on the noon train from the south from attending the Silver City convention as delegates from Rio Arriba County.

C. M. Bills of Denver, member of the firm of Bills Brothers, who handle monuments, grave stones, fences and the like, arrived from California yesterday en route to his home and attended to business here today.

Ex-Delegate Antonio Joseph of Taos, who was temporary chairman of the recent Democratic territorial convention arrived at noon from the south. Mr. Joseph served as temporary chairman of the convention.

A. B. Renahan of this city, who was secretary of the territorial Democratic convention and a delegate from this county to it returned from Silver City today. He was one of the prominent figures at the gathering.

A. R. Gibson, mayor-elect, returned from Silver City on this noon's train. He is a straight out Hearst man and wears a kindly smile over the fact that the Silver City Democratic convention instructed in favor of his man.

Miss W. M. Bruce of New York and Mrs. H. Loney of London, England, passed Lamy last evening in their private Pullman the "Pilgrim" en route for California points. They have been making a tour of the southern states

and will spend several months in traveling over other sections of the United States before sailing for Europe.

County Commissioner Arthur Seligman and ex-Surveyor General Charles F. Easley, who were among the delegates from this county at the Silver City convention, and who were influential members of that body, returned home on the noon train.

Public Printer James S. Duncan and Mrs. Duncan are in Kansas City, where Mrs. Duncan is taking treatment from a specialist. She will remain there it is understood, for several months, while Mr. Duncan will return to Las Vegas shortly.

Mrs. L. B. Prince left this morning for Washington, D. C., to attend the national congress of the Daughters of the American Revolution in session at the national capital for one week, commencing April 18, from where she will go to Newark, New Jersey, and New York City.

C. L. Tallmage of Roswell, connected with the Tallmage Southwestern Land Company, has sailed for Honolulu where he will remain for sometime for the benefit of his health. He has been suffering for some time from nervous prostration and his physicians advise a complete rest.

H. H. Harjis of Paris, France, the Paris partner of J. Pierpont Morgan, who has been spending the winter in Carlsbad for the benefit of his wife's health, left during the past week for New York from where he will sail for a few weeks' visit to Paris. His family will remain in Carlsbad during his absence.

George T. Nicholson, general passenger agent and traffic manager of the Santa Fe system, with a party of seven, arrived in Albuquerque last evening in their private car "Ben Venice." The party passed Lamy today on their way to the Grand Canon and other points of interest along the Santa Fe Railway and will arrive in Santa Barbara in time for the Trans-Continental Passenger Association meeting to be held there on April 19.

General Manager W. S. Hopewell of the New Mexico Fuel and Iron Company, who declared the Silver City Democratic convention ready for business, and who participated in its deliberations as a delegate from Sierra County came up on this noon's train from the south. Mr. Hopewell is an original and strong anti-Hearst man, but accepted the action of the convention philosophically. He is too shrewd a politician to do otherwise.

Mr. and Mrs. J. C. Osgood, Mr. and Mrs. A. Chappelle, Mr. and Mrs. G. W. T. Terrace and George W. Bowen of Denver, arrived in the city on the noon train today. The party occupied private car Olympia and spent the afternoon in Santa Fe, leaving this evening for Dawson and Maitland before returning to Denver. Their trip extended as far as the Grand Canon in Arizona. Governor Otero met the party at the depot and the Governor and Mrs. Otero extended hospitalities while in this city. Messrs. Osgood, Chappelle, Terrace and Bowen are prominently connected with various coal companies operating in Colorado and this Territory.

MINOR CITY TOPICS

We lead, others follow. Salmon & Abousleman.

Miss DuVal's dancing class will meet as usual this evening in Adam's Hall on Palace Avenue.

Asa Simons arrived in the city last evening from Alamogosa and accepted a position as bartender at the Oxford Club.

This evening the regular weekly meeting of Santa Fe Lodge No. 2, I. O. O. F., will be held at Odd Fellows' Hall at 7:30 o'clock.

E. A. Fiske, who has been quite seriously ill with erysipelas at his home on Cathedral Place, is reported as steadily improving.

Santa Fe train No. 5, Improved Order of Red Men, will meet tomorrow evening in regular monthly session at Odd Fellows' Hall.

M. C. Miller, agent of the Mutual Benefit Life Insurance Company, has been distributing maps of the eastern war zone to business men in this city.

Mr. and Mrs. H. H. Dorman of the south side are contemplating the erection of a handsome residence on the property recently purchased by them in that section of the city.

The Santa Fe Water and Light Company will allow irrigation of lawns and gardens tomorrow Saturday, between the hours of 9 o'clock and 12 noon.

The store room in the Salmon block, recently occupied by the Racket Store is being fitted up and will be occupied as a butcher shop by George Anton, who will move in on May 1.

For tomorrow, Saturday only, we will give an extra discount of 10 per cent on sample line of ladies' shirt waists and skirts. Salmon & Abousleman.

Workmen are busy taking up the pipes of the old gas system on various streets and owned by the Santa Fe Water and Light Company. It will be several days before this work is finished.

Celso Lopez today recorded the following city deed: From the city of Santa Fe to Isaac Harrison for lot No. 3, of block 75, in precinct No. 17, situated near the old Denver & Rio Grande depot.

Miss Nellie Potter, a photographer of Albuquerque, died in that city on Wednesday after a four days' illness of pneumonia. She with her parents and a sister came to Albuquerque two years ago from Muskegon, Michigan.

Harry E. Lantry, senior member of the firm of B. Lantry's Sons, died at his home in Strong City, Kansas, on Wednesday night from heart failure. He is well known in the Territory, having visited it many times on business.

The management of the Santa Fe Water and Light Company has very heavy bills to pay for the maintenance of the plant and it feels constrained to announce that all bills due for past service up to April 1 must be paid to the collector of the company on or before April 20. In case of default, the company will feel compelled to shut off the water supply then and there.

Rain is predicted for tonight and Saturday and a little cold snap thereafter. The rain would be most welcome, but cold weather would play havoc with the fruit trees which are about to bloom all over the city. Yesterday the maximum temperature was 72 degrees at 5:05 p. m., and the minimum 46 degrees at 6 a. m., the mean temperature for the day being 59 degrees and the humidity 18 per cent. At 6 this morning the thermometer registered 42 degrees.

Come early and secure first choice. Salmon & Abousleman.

OFFICIAL MATTERS.

Appointment of Treasurer and Collector.

Governor Otero today appointed C. J. Kelly of Deming, treasurer and collector of Luna County, vice Walter H. Guiney, deceased.

Homestead Entries.

The following homestead entries have been made in the local United States land office: No. 7891, April 15, Olive F. McClure, of Aztec, NE 1-4, section 23, T 29 N, R 11 W, 160 acres in San Juan County. No. 7892, April 15, Alma D. Young, of Largo, S 1-2, SE 1-4, section 29, N 1-2, NE 1-4, section 32, T 29 N, R 10 W, 160 acres in San Juan County.

TELEGRAPH OPERATORS

GET A RAISE.
The telegraph operators on the El Paso & Northeastern have succeeded in getting a schedule on that line. The new schedule provides that the minimum pay for any operator on the line shall be \$72.50, while other offices will be raised accordingly. This means a raise of about 12 per cent to the men.

HEARST WINS BITTER FIGHT

Continued from Page One.

Hearst strength came to a trial in the vote on this resolution, which was defeated by a vote of 75 to 81. The Hearst amendment was then taken up and carried by two majority. The delegations from Chaves, Eddy, Lincoln and Otero Counties in eastern New Mexico, and from Grant and Luna Counties in western New Mexico, championed the Hearst cause, while Bernalillo, Socorro, San Miguel and Colfax proved vigorous opponents.

Convention Echoes.

J. W. Bible of Hanover, Grant County, was a conspicuous delegate from his county and held his end up as "Joe" always does.

A Democratic convention without William B. Bunker of Las Vegas, would be no good; he is a corker for fun, and always draws a crowd.

Regrets were expressed by the many friends of Judge N. B. Laughlin that he was compelled through an accident to be absent from the convention.

Colonel J. W. Fleming of Silver City, did excellent work for W. R. Hearst at the convention just adjourned. He neither ate nor slept until everything was over and he wears a happy smile.

Among the leaders in the Santa Fe delegation were Arthur Seligman, C. F. Easley and A. B. Renahan. They kept in touch with everything going on and were among the foremost members of the convention.

J. H. Crist one of the delegates from Rio Arriba County, made a valiant fight against the Hearst endorsement. In this he was aided by some of the Albuquerque crowd but the convention was the other way.

The Santa Fe delegation consisted of eight delegates in person with three proxies. The members wore white badges and were quite conspicuous. They took an active part in the deliberations of the convention.

Every question before the convention was hotly contested and no motion or resolution was carried without a fight. There were belligerency, rhetoric and eloquence in the air and everybody was as spunky as a trained fighting cock and hung on like a bulldog.

Editor H. F. M. Baer of the Roswell Record, was for the endorsement of Hearst, first, last and all the time. He and A. R. Gibson of this city, were secretaries of the convention. Mr. Baer passed up the road this morning en route to Trinidad, going that way to his Roswell home.

Ex-Delegate to Congress Antonio Joseph and ex-Delegate to Congress Harvey B. Ferguson in the convention proved themselves strong pro-Hearst men. Mr. Ferguson made a very eloquent speech in favor of instructing the New Mexico delegation for the New York Congressman.

Wednesday evening the anti-Hearst men had a majority of 28 votes, but the Hearst people had effective leaders and when the vote on the resolution to instruct for him came up, it was found that Hearst's friends had a majority of two. While this was but small it was nevertheless effective.

There were about 60 delegates in person and about 90 proxies at the Silver City Democratic convention. This is the best showing the Democrats have ever made at any political gathering of their party here. It is poor as compared with the attendance at Republican conventions, but nevertheless indicates some life in Democratic ranks.

James G. Fitch of Socorro, for delegate at large had loyal support from his friends and they were many; Judge N. B. Laughlin had the first district for him unanimously; Antonio Lucero of San Miguel was given a delegateship to bind him more strongly to the Democracy; E. V. Chaves of Albuquerque knocked out Summers Burkhardt in good shape.

On reaching San Miguel County, upon the roll on the Hearst resolution, the chairman of the county delegation cast eighteen votes against the resolution. One of the San Miguel County delegates thereupon protested as he desired his vote recorded in favor of the Hearst resolution. He was joined by another delegate and a parliamentary wrangle ensued but the final decision was to record the eighteen votes against the Hearst resolution.

George P. Locke of the Chicago American was on the ground looking after the Hearst interests in conjunction with M. F. Tarpey of San Francisco, California. Mr. Tarpey is in charge of the Hearst interest on the Pacific coast with headquarters at the

Grand Hotel in the city by the Golden Gate. That both of these men did effective work for Mr. Hearst is shown in the adoption of the resolution instructing for him at St. Louis. A. R. Gibson, mayor-elect, of this city, who reached Silver City Tuesday morning ahead of the regular Santa Fe delegates is a friend of Messrs. Locke and Tarpey and in all likelihood posted these gentlemen fully upon the situation which information evidently stood them in good stead.

SHIPMENT OF PURE BLOOD HEREFORDS

Received By the Adams Company of Vermejo, to Be Used for Breeding Purposes.

A shipment of one carload of bulls and two carloads of cows, two and three year old Herefords, was received on Wednesday by the Adams Cattle Company of Vermejo, Colfax County. The cattle were shipped from Ashland, Nebraska, and are valued at \$7,500. This stock will be used for breeding purposes. The Adams Company is owned by the Bartlett-Frazier people of Chicago and their herd numbers about 3,200 pure bred Herefords.

CLAYTON BARBER STABBED.

No Hopes Are Entertained for His Recovery—Trinidad Trujillo of Las Vegas the Assailant.

John Campbell, a barber of Clayton, Union County, employed in the Eklund Hotel barber shop was stabbed and probably fatally wounded by Trinidad Trujillo, from Canon de Las Vegas, on Wednesday. The knife entered the back just under the heart, and penetrated into the left kidney. Campbell was formerly a resident of Las Vegas and his brother is now the jailer at that place.

FROST PLAYS HAVOC.

Fruit in the Mesilla Valley Suffers Heavily—Only a Quarter of a Crop Will Be Realized.

Frost did considerable damage to the fruit ranches in the Mesilla Valley. The peaches seem to have been almost wholly blighted, they having reached the size of beans and ten out of twelve appear frost-bitten. Pears suffered very heavily. From present indications there will not be over a quarter of a crop. Such grapes as were out were frozen, but there will be plenty of the later growth. Apples seem to be safe. Asparagus and early garden truck were much injured.

REAL ESTATE LOANS.

Money to loan upon real estate security on easy terms.

HOMES.

I have a nice cottage (double) with rooms on one side, 4 on the other; owner occupies 4 rooms and the room rent for \$25 a month; good neighborhood; ample space to erect other buildings on same street; stables and other outbuildings; the price asked is very low.

Can sell at a bargain cozy homes on Manhattan avenue, one a new stone house with all modern improvements; the other an adobe-brick house, 7 rooms; fruit and vegetable garden; city water, hydrant and tank; 70 choice fruit trees; currant and raspberry bushes; lot 80 by 265 feet. The stone house will be rented.

SAN FRANCISCO STREET.

I have several business blocks for sale on this great mart of trade, some of them producing more than eight per cent, net, on purchase price asked.

OTHER BUSINESS CHANCES.

I have several other commercial and business propositions to submit those desiring to enter mercantile life and to grow up with the new era of prosperity now coming in with the Santa Fe Central Railway.

CHURCHES.

I am authorized to dispose of the Congregational Church, on the south side convenient to the contemplated Union Depot. It stands upon two lots, and will be sold cheap, or the building will be repaired and leased to responsible parties.

THERE ARE OTHERS.

Several small houses, some stone, some brick, others frame, upon my books, which I would be glad to show an intended purchaser. They are desirably situated, and will be sold cheap.

ORCHARDS.

I also have a fruit ranch in a high state of cultivation, in the suburbs, with a building site overlooking the entire city of Santa Fe. On it there is an artificial reservoir, the only one of its kind in the city, 12 feet or more in depth, holding over 125,000 gallons of water, constantly replenished, from which the whole place can be irrigated daily during the summer, and which could be stocked with fish. The land contains many hundreds of young trees of the finest and most valuable varieties of apples, peaches, pears, plums, apricots, cherries and other fruits, the greater part of which already bear; a young bearing vineyard, thousands of bushes of currants and other small fruits; extensive beds of asparagus, rhubarb, and other fine vegetables. To be sold on easy terms, and for much less than it cost, owing to ill health of the owner.

PLAZA PROPERTY.

To those wishing to catch the cream of Plaza real estate I can offer blocks at figures that will double themselves in less than three years.

ROOMS: FURNISHED OR UNFURNISHED.

Furnished or unfurnished rooms in all parts of the city. Single, or en suite, for light housekeeping. Some or them within five minutes walk of Plaza.

I will take pleasure in showing prospective investors desirable building sites in the neighborhood of the Capitol, and in the vicinity of the Presbyterian church, and other localities of the city which in a few years will be worth double the present asking price.

OUTSIDE PROPERTY.

At El Cuervo, 10 miles from the Rock Island road, I can sell you about 640 acres; patented; excellent grazing land.

Convenient to Las Vegas, I have for sale several large tracts of desirable land which I am permitted to sell at very low figure. One tract contains about 3,500 acres, and is located about three and one-half miles southwest of Las Vegas; nearly all of it is under fence; good grazing and water for stock; some timber. Another tract of 550 acres, 7 miles from Las Vegas; timber and grazing, with an excellent stream of water passing over it. Still another tract of 350 acres of farming, grazing and timber land, 8 miles west of Las Vegas, with running water upon it.

COAL AND TIMBER LANDS.
I can sell you large tracts of land suitable for mining coal or the production of timber.

TERRITORIAL TOPICS.

OTERO COUNTY.

Sheriff Long arrested Virgil Harris of Cloudercroft on a charge of grand larceny and took him before A. J. Smith on Tuesday. He was fined \$40. The particulars were as follows: Fred McCarthy bought a horse for Harris, and Harris was to work out \$20 on the horse at the mill before he became possessor, but he did not work out the amount and took the horse without permission of McCarthy, hence the arrest.

SAN JUAN COUNTY.

The infant child of Mr. and Mrs. Bousman died at Aztec last week. Myron F. Fifield is building a residence in Aztec near the school house.

Mrs. Hoyle and Mr. Pollock were united in marriage at Flora Vista last week.

James Laughren and family of Durango, Colorado, removed to Aztec the latter part of last week.

Bert Ulmer of Alamosa and Mrs. Lon Wilson of Aztec, were married at Silverton, Colorado, on Friday of last week.

George Allen of Farmington, will plant 2,000 fruit trees on his ranch this spring, most of the trees being of a new variety.

J. C. Gilbreath of Monte Vista, Colorado, has purchased the Robbins' ranch near Aztec, together with all personal property. Consideration \$6,000.

William McCoy this week finished pruning his fifteen acre orchard at Aztec. All fruit growers intending to put their fruit on an eastern market this fall should follow Mr. McCoy's example.

Judge Sutton and wife of Spokane Falls, Washington, arrived in Aztec last Tuesday and will make that town their home. The judge has made a deal with J. A. Koontz for a ten acre tract of land adjoining Aztec on the north and will build a fine home.

Mrs. McAlpine has submitted plans for the canning factory to be erected at Aztec and bids have been asked for. The hauling of material began this week and by the first of next month, the construction of the building will be well under way. All machinery will be installed and the plant will be in operation by July 1.

J. B. Moore and J. R. Wilkins have decided to pay their taxes at Aztec. These two gentlemen have trading posts on the Navaho Reservation near the line intersecting McKinley and San Juan Counties, and heretofore there has always been a dispute as to where they should pay their taxes. They decided to give San Juan County the preference and are now enrolled as citizens of that county.

George D. Smith and family of Aztec left on Monday for the San Luis Valley. From there they will go to Cripple Creek. Mr. Smith recently made a trip to the Navaho Reservation and brought back with him 100 Navaho ponies, average cost being \$4.15 per head, and he expects to sell them in Kansas next summer for \$25 per head. He has some horses in the San Luis Valley and also some near Cripple Creek, and when he gets them "rounded up" will have a herd of about 700 which he will drive to Kansas in July.

DONA ANA COUNTY.

H. D. Nelson and Mrs. Media Gwynn of La Mesa were recently married in El Paso.

Francisco Ramirez and Miss Juanita Fierros were married at Las Cruces on Tuesday.

Julio Maestas and Mrs. Petra Locano, were married at Las Cruces on Monday, at the home of Mr. Roman Bermudez.

Dr. A. E. Harris of Monticello, Arkansas, is the guest of his friend Dr. Holingsworth on the latter's ranch near Las Cruces.

Mr. and Mrs. C. A. Rose of Florida have taken up their residence at Las Cruces. For a number of years Mr. Rose conducted a photographic gallery at Leesburg, Florida, in which business he was successful.

The missionary fathers, Rev. Leon Monastario, C. M. F., of San Antonio, and Rev. Fernando Franco, C. M. F., of the City of Mexico, has just held a week of missionary services at the Catholic Church at Las Cruces. They had three services a day, and each was attended by a large audience of appreciating citizens.

A large number of out of town lawyers, litigants and witnesses attended the United States court at Las Cruces. Among the attorneys were Captain S. M. Ashenfelder, Judge A. H. Harlee and Catlin Nebitt of Silver City, Frank Cox, Phoenix, Arizona, W. C. Reid, Roswell, W. B. Childers, Albuquerque, and A. B. Fall, El Paso.

He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: Tomas Abeyta, Martin Vigil, Encarnacion Ortiz, Mathias Nagel, all of Santa Fe, N. M.

MANUEL R. OTERO, Register.

HEALTH IS YOUTH.

Disease and Sickness Bring Old Age. Herbine, taken every morning before breakfast, will keep you in robust health, fit you to ward off disease. It cures constipation, biliousness, dyspepsia, fever, skin, liver and kidney complaints. It purifies the blood and clears the complexion. Mrs. D. W. Smith, Whitney, Texas, writes April 3, 1902: "I have used Herbine, and find it the best medicine for constipation and liver troubles. It does all you claim for it. I can highly recommend it." 50c a bottle. Fischer Drug Company.

ROBBED THE GRAVE.

A startling incident is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cts., guaranteed by Fischer Drug Company.

NOTICE

Of the Disincorporation of the Town of Cerrillos, Santa Fe County.

Serious Stomach Trouble Cured.

I was troubled with a distress in my stomach, sour stomach and vomiting spells, and can truthfully say that Chamberlain's Stomach and Liver Tablets cured me.—Mrs. T. V. Williams, Laingsburg, Mich. These tablets are guaranteed to cure every case of stomach trouble of this character. For sale by all druggists.

Cures Coughs and Colds.

Mrs. C. Peterson, 625 Lake St., Topeka, Kas., says: "Of all cough remedies Ballard's Horehound Syrup is my favorite; it has done and will do all that is claimed for it—to speedily cure all coughs and colds—and it is so sweet and pleasant to the taste." 25c, 50c, and \$1.00 a bottle. Fischer Drug Company.

Sciatic Rheumatism Cured.

"I have been subject to sciatic rheumatism for years," says E. H. Waldron, of Wilton Junction, Iowa. "My joints were stiff and gave me much pain and discomfort. My joints would crack when I straightened up. I used Chamberlain's Pain Balm and have been thoroughly cured. Have not had a pain or ache from the old trouble for many months. It is certainly a most wonderful liniment." For sale by all druggists.

THE CHANCE OF A LIFETIME

For Prospective Purchasers of Building Lots in Estancia

Estancia has GOOD WATER, SOFT WATER, PURE WATER, RAILROAD WATER, CLEAR WATER and PLENTY of WATER

RUSSEL SAGE'S ADVICE,

"Young man, Buy Real Estate,"

Will soon rank with Horace Greeley's aphorism, "YOUNG MAN GO WEST!"

"If you are going to do a good thing, do it in the best way," is another maxim of which you will appreciate the force if you will either call on or communicate with W. P. CLARKE BEFORE BUYING TOWN LOTS ELSEWHERE.

BE WISE.

Put your money into land—Own a Town Lot and Home. Do like your fathers did—buy good property in a live town, and your children will rise up and call you blessed.

It is entirely safe to presume that within a very short time the town of ESTANCIA will be one of the liveliest, largest and most substantial towns in this section of the southwest.

Be sure and write for all information desired at once. THE PRICE OF THESE LOTS WILL INTEREST YOU.

TERMS TO SUIT.

Address all communications to

W. P. CLARKE, SANTA FE, NEW MEXICO.

Over a million acres of land open for Homesteaders in the ESTANCIA VALLEY—good soil and plenty of water, which can be had from eight to thirty feet.

MADRID NEWS ITEMS.

Two English coal miners arrived from British Columbia last Tuesday.

Mrs. Robert Bryden has been quite ill with inflammatory rheumatism, for some time, and has been confined to her bed for two weeks.

Mrs. George Watson died last Sunday evening after a lingering illness lasting over a period of some years. She was buried in La Vista Bonita Cemetery, here, Tuesday afternoon.

Nicholas Delaney the watchman at the electric plant and deputy sheriff, has been quite ill for a day or two.

John W. Sullivan is the recipient of a beautiful Elk's charm composed of a pair of genuine elk's teeth. The charm was received from a Pennsylvania friend.

Mrs. Maggie Williams has been ill during the past week but is better at present.

A party of three capitalists from the east were here during the week looking at the electric plant belonging to the Cochiti Gold Mining Company in the Bland district. They examined the plant with a view of purchasing same. If it is purchased it will be divided and a part of it will be moved into the northwest and a part of it will go to copper mining districts in Arizona.

George Watson left here Thursday for the purpose of putting his children in the Sisters' school in Santa Fe.

A gang of bridge men from the main line of the Santa Fe were in camp last week making much needed repairs on the bridges of the Waldo branch line.

Among those who went picnicking last Sunday to Stonewall, were Mr. and Mrs. Flaherty, Mr. Golding, Miss Rayner, Mr. Naylor, Miss Florence Olson and Mrs. Clarke. They report having had a good time.

Augustus Decker took Mr. Sullivan's place at the hoisting engine last Friday and Saturday while Mr. Sullivan was in Santa Fe attending the Democratic doings there.

Mr. and Mrs. Louie Bossert and family spent a few days in Albuquerque last week visiting friends and attending to business.

A birthday surprise party was given by the many friends of Mrs. George Flaherty last Friday evening, it being the occasion of her twenty-fourth birthday. The guests were Mr. and Mrs. Olson, Mr. and Mrs. Richard Aber, Dr. and Mrs. Clarke, Miss Rayner, Messrs. Golding and Naylor. An enjoyable time was had.

Mr. and Mrs. Turner and J. W. Sullivan went to Albuquerque Friday evening. Messrs. Sullivan and Turner attended a meeting of the Shrine while in the Duke City.

Richard Huber, pit boss at Camp Sloan, was in town last Monday on business.

W. A. CLARK REALTY COMPANY

The Magnificent Palace in New York Containing Art Treasures Incorporated Under His Name.

In the incorporation of the magnificent Clark palace, Fifth Avenue and Seventy-ninth Street, New York City, something new in the way of realty incorporation is developed. This great residence designed for the housing of costly art objects of the Montana Senator, was incorporated in Albany on Tuesday, the capital being placed at \$1,000,000, the reputed cost of the building, and the name chosen is the W. A. Clark Realty Company of New York. The directors are William A. Clark, James A. MacDonald and Pierre C. Miller, all of New York.

ALL DIFFICULTIES ADJUSTED.

The Chicago, Rock Island and Pacific Purchase the Stock Held By the Minority.

The Moore Brothers and W. B. Leeds of New York have succeeded in settling all their difficulties with the minority stockholders of the Chicago, Rock Island and Pacific Railway Company and are now free to carry out their stupendous plan of financial reorganization without interference from any source. The settlement with the minority includes the purchase of the stock held by C. H. Verner of the C. H. Verner Company of Boston and the dismissal of three suits brought by him.

DECISION REACHED.

United States Supreme Court Sustains the Verdict of the Circuit Court in Case of Beavers.

The United States Supreme Court on Monday decided the New York case against George W. Beavers, late chief clerk in the salary and allowance division of the postoffice department. It

was an appeal from a decision by the Circuit Court for the southern district of New York refusing to grant a writ of habeas corpus. The court held that the proceeding in this case was very different from that in a matter involving extradition, and decided all other points raised against Beavers.

FARMING LANDS UNDER IRRIGATION SYSTEM.

These farming lands with perpetual water rights are now being offered for sale in tracts of forty acres and upwards. Price of land with perpetual water rights from \$17 to \$25 per acre, according to location. Payments may be made in ten year installments. Alfalfa, grains, fruits of all kinds, and sugar beets grow to perfection.

GOLD MINES.

On this Grant, about forty miles west of Springer, N. M., are the gold mining districts of Elizabethtown and Baldy, where important mineral discoveries have lately been made. Claims on unlocated ground may be made under the mining regulations of the company, which are as favorable to the prospector as the U. S. government laws.

Near Raton, N. M., on this Grant, are located the Coal Mines of the Raton Coal and Coke Company, where employment may be found at good wages for any wishing to work during the seasons that farming or prospecting can not be successfully done.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff dwellers, twenty-five miles west of Los Alamos, and fifty miles north of Santa Fe, and about twelve miles from Baranca Station, on the Denver and Rio Grande Railway, from which point a daily line of stages run to the Springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, Female Complaints, etc., etc. Board, lodging and bathing, \$2.50 per day; \$15 per week; \$50 per month. Stage meet Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

Marlin 16-Gauge Shotgun

This is the smallest and lightest weight (about 6 1-2 pounds) repeating gun ever manufactured, and opens up many new possibilities to the up-to-date sportsman. It is not a 16 barrel on a 12 action, but a new, well-balanced, properly-proportioned gun that, with modern smokeless powders, enables a shooter to use a powerful load in a small shell and reduce, materially, the weight of shells and gun to be carried. The small, light gun handles fast, results in close holding and increased accuracy. A TRADE TONIC.

There's a flutter of joy in my bosom
Tonight,
A smile stealing over my face,
A courage within giveth strength to my voice
And I feel that I'm still in the race.
My heart beats with vigor as new
Hopes arise
Hence I'm thrilling a glad roundelay,
For I can now get maple syrup in trade.
The first jugful came in today.
Thou' sharp, chilly night may be hard
For the wheat,
The frost may heave clover awry.
The warm, pleasant days thaw the mud till the roads
Come the average merchant to sigh.
The vehicle trade may be dormant the while,
Yet you'd think that my fortune was made
Could you know of the sweet peace which dwells in my soul

When I get maple syrup in trade.
A cold rain was falling, a fog hid the earth,
The weather as drear as could be,
The bookkeeper swore I was cross as a bear,
The office boy fought shy of me;
The world seemed out of gear until Tom Smith came in
With that jug full of syrup so fine,
Says he, "I will guarantee this No. 1.
Can you use it on that 'ill of mine?"
Could I? all my cares disappeared in thin air
And I reach for that jug with a smile
A sigh of relief eased the bookkeeper's heart
And the office boy capered the while
They knew that my temper would now remain sweet,
They no longer need fear a tirade;
For nothing can ruffle my spirit's sweet calm
When I get maple syrup in trade.

IRRIGATION TOMORROW.

For Gardens and Lawns From 8 to 12 in the Forenoon—Company Will Allow Use of Water Whenever Practicable.

Manager Frank Owen of the Santa Fe Water and Light Company is gratified to be able to announce to the water consumers within the city limits that he finds that the company can allow irrigation of gardens and lawns tomorrow, Saturday, between the hours of 8 to 12 in the forenoon. Mr. Owen has figured on the water supply very carefully and he believes he can spare the amount of water necessary for four hours irrigation and only four hours irrigation for tomorrow, and hence water consumers will be allowed to irrigate in the morning between these hours. If at all possible this will continue and be permitted for some weeks to come. Of course if rains set in and a plentiful water supply can be obtained, the regulations for irrigation will be made more liberal and just as free as the water supply and the principal of "the greatest good for the greatest number" will allow. Mr. Owen's plan is first and foremost to keep at all times on hand and ready for use a sufficient water supply for the fire plugs and to be used should fires occur and second for domestic purposes. Thereafter all the water that can be possibly spared will be allowed to be used for irrigation. Mr. Owen understands fully that the interests of the company are identical with those of the water consumers and that the more satisfied they are the better for the Water Company in every respect. Hence citizens should take advantage of this irrigation permission tomorrow but only during the hours from 8 to 12 in the forenoon will this be allowed.

PUBLIC SCHOOL NOTES.

The End of the Session is Approaching—Additions to the Library.
The public schools of this city will probably close in seven more weeks. As so much time was spent by the teachers and pupils in collecting the exhibit which was sent to the World's Fair, it has been thought best not to have any public exhibition at the close of school.
The public school exhibit covered over 213 square feet of space in addition to 44 bound pamphlets of the pupils' work, and 40 photographs of inside and outside views of schools and buildings and games of basket ball and baseball. The exhibit was highly commended by all who saw it. The public school library has received

some additions recently consisting of five fine volumes of the history of the United States by E. Benjamin Andrews, chancellor of the University of Nebraska and formerly president of Brown University. A report of the chief of the Weather Bureau was also presented through the kindness of R. M. Hardinge of this city.

Away ahead of all at Bon Ton.

CITY COUNCIL.

Outstanding Indebtedness to Be Funded—New Council to Take Office Monday Next.

Mayor Sparks called a special meeting of the city council to order last evening. There were present: Clerk Facundo Ortiz, and Councilmen Sena, Alarid, Baca, Dudrow, Costillo, Hersch and Rodriguez. The report of the finance committee was submitted and approved. The mayor, city clerk and finance committee were authorized and directed to issue city bonds in payment of all outstanding city indebtedness evidenced by legal judgments. The clerk was instructed to notify the new city officials elected at the recent city election to be ready to take office on Monday evening next. The clerk was also ordered to make a list of warrants, reports and all papers and city property in his possession and to take a receipt for same from the new city clerk. There being no further business, the council adjourned.

The best is not too good for the Bon Ton.
