DEMAND SURRENDER.

No More Palaver to be In-
dulged With Insurgents.

Gen. Otis Urges Enlisting Friendly
Natives Against the Tagals.

United States Troops Occupy Island of
San Roaigan, Philippines.

PROPOSAL FOR UNIVERSAL ARBITRATION.

Washington, May 27.—When you de-
sire to re-enter the American military
lines, come prepared for unconditional
surrender, otherwise you will not be
admitted. This in substance, it is said,
is the war department's parting message
that Aguinaldo's peace envoys
received when they left Manila on their
way to Aguinaldo's headquarters. The
fact that the authorities have again
brought up the question of sending ad-
ditional troops to the Philippines is a
good indication that they consider the
peace negotiation a failure. The
Twenty-fourth infantry (colored) is
about to leave for the Philippines.

MANILA MATTERS.

Military News from the Capital of the
State of Dewey.

Manila, May 27.—General MacArthur
is in favor of the experiment of enlisting
the Macabebes against their old enemies
the Tagals. General Otis has issued or-
ders inviting volunteers to re-enlist for
six months, according to the act of con-
gress bearing on the matter.

The United States transport Morgan
City, which left San Francisco April 25,
with six hundred troops for various
regiments, has arrived here and will
proceed to Iloilo.

Major A. M. Diggins, of the Thirtieth
Minnesota regiment, who was wounded
while reconnoitering on May 8, is dead.

Col. J. D. Miles, of General Lawton's
staff, has been appointed collector of
Manila.

REFUSE TO DISARM.

Cubans Refuse to Give Up Arms to the
United States.

Havana, May 27.—Not a soldier ap-
peared to receive the honorarium of \$75
allotted by the United States for the
surrender of arms and disbandment of
the Cuban army. A group of Cuban
officers jeered in a quiet way at the whole
proceedings. The scheme of payment so
far as Havana is concerned looks like a
failure, but quite different results are
expected in the country districts, where
the Cuban military assembly and anti-
American influence is not so strong.

ADVOCATING ARBITRATION.

American Delegation to Peace Conference
Will Present Address.

The Hague, May 27.—Andrew J.
White, United States ambassador to Ger-
many, chief member of the American
delegation to the international peace
conference, announced yesterday that he
would bring forward the United States
arbitration proposal next week. Details
of the proposition were not completed in
time for yesterday's sitting. The prin-
ciple of arbitration is being admitted.
The discussion yesterday turned upon
the permanency of arbitration tribunal,
to which a careful canvas shows a ma-
jority of the committee is favorable.

Spanish Troops Withdraw.

Washington, May 27.—The following
dispatch was received at the navy depart-
ment from Manila: "Information has
been received from Commander Castine
that the Spanish troops have withdrawn
from San Juan, P. I., May 24. In-
formation received from Commander
Helga that the United States troops re-
lieved the Spanish troops at Sulu on May
23 and saluted each flag. All quiet there
(signed) BARBER."

Gen. Torres Removed.

Washington, May 27.—Minister Merry
has informed the state department that
the Nicaraguan government has relieved
General Torres from command of the de-
partment at Bluefields and he under-
stands that the Managua authorities will
not press the American merchants for
double payment of duties.

Reunion Assured Success.

Col. Roosevelt telegraphs that he will
attend the Las Vegas Rough Riders' re-
union. This insures the success of the
celebration, and no effort should be
spared to make the reunion a grand af-
fair. Las Vegas can well afford to spend
\$5,000 in preparing the details of the
big celebration. It will be the
greatest event in the history of that
city and will make it known all over the
United States. The attendance will be
immense and from all parts of the
west.

Shadrach-Rites.

Dr. W. G. Shadrach and Miss Corinne
Ries were married last night by Rev.
T. C. Keating, in the presence of T. N.
Witterton and Misses Barker and
Green. The marriage was a surprise to
nearly all of the acquaintances of the
contracting parties, as it was not ex-
pected that they would close the deal so
soon. Dr. Shadrach has spent nearly
two years in Albuquerque for his health.
He has improved wonderfully and
signed his return to good health by
falling in love. He is now employed as
the company physician in the San

Pedro mines. The bride is the daughter
of J. C. Ries, the vice president of the
First National bank at Kanton, Ohio.
They are both well liked young people
and as soon as the shock is over, that
was caused by the news of their mar-
riage, they will undoubtedly receive the
cordial congratulations of their friends.

They Won Again.

The outcome of the recent hunting
trip of Ted and Peter Isherwood, and
Jim Gibson and W. H. Cobb to Los
Lunas resulted in an agreement to have
a match at old town this morning.
Gibson and Ted Isherwood were the
winners at Los Lunas and also today.
The agreement was that fifty live birds
should be shot at from traps, American
rules to govern. The score was as fol-
lows: Gibson, 11; Ted, Isherwood, 12
total, 23. Cobb, 14; Peter Isherwood, 6;
total 20. First Sergeant Mender, of the
Eleventh infantry, was the scorer, and
J. D. Kakin the referee.

The most amusing part of the "shoot"
to-day was that "Pedro" could not see
anything but the fence. He was short
sighted.

VICTIMS OF RAILROAD ACCIDENT.

One of the Injured in the Wreck at Gal-
ling Died This Morning.

Special to The Citizen.
Galling, May 27.—Norman is resting
and his condition is favorable.
Campbell, the man riding on the blind
baggage, a few of the cars extending
out at the undertaker's awaiting the ar-
rival of a brother from Victor, Colo.

CONDUCTOR HEADY'S ACCOUNT.

S. D. Headly, the conductor in charge
of the passenger train that was wrecked
at Galling on Friday morning, returned
to the city on No. 3 last night. Mr.
Headly states that a train load of coal
cars had been standing on the side
track, a few of the cars extending
out on the main line. The passenger train
ran into them at full speed, a half dozen
of the coal cars being smashed into
splinters. The engine was also a total
wreck, and the mail car was thrown off
the track. With this exception there
was no damage to the passenger train.
That Engineer W. C. Norman, Fireman
Arthur Swearingen and R. A. Graves, who
were in the engine, were not instantly
killed. Mr. Headly considers a miracle.

He and a party searched for Norman
in the wreck for fully twenty minutes,
and they finally found him in an uncon-
scious condition in the coach, but how
he got there is not known. Swearingen's
and Graves' injuries are not considered
serious, but from the start there were
fears that Norman and a tramp by the
name of William Campbell, who was
riding the "blind baggage," would not
recover. None of the passengers were
injured, and none of them knew of the
wreck until ten minutes after the col-
lision.

General Manager Nevins, Division Su-
perintendent Hibbard and Superintendent
of Machinery G. W. Smith were on
the passenger train when the wreck oc-
curred.

Run Over.

To the loeborg for a bottle of old whisky.
The first kick of bricks for the
Albuquerque Brick company will be
burned next week. The result is looked
forward to with considerable interest by
persons who are contemplating building
brick homes this summer. The test
shows that a hard and high grade brick
can be made out of the company's clay,
it will undoubtedly give quite an im-
pulse to building as it will result in
supplying a cheaper article than can
now be secured.

The Ferguson Hook and Ladder com-
pany to-day moved into its new quar-
ters in the city building to day. The
company will occupy the room formerly
used as police court and police headquar-
ters. Marshal McMillin and Justice
Rawford will re-occupy the room
immediately adjoining the council cham-
ber.

Mrs. A. K. Roulier, who came in from
Santa Fe, Valencia county, and attended
the commencement of the Santa Fe
military institute yesterday, returned to
her home this morning, accompanied by
her son, Charles, who was the graduating
member of the institute.

J. C. Veatch, a well-known gentleman
of Denver, is in the city to-day, and is
being introduced around by H. A. K.
Baker. Mr. Veatch is just returning
from Arizona, where he is interested in
mines and lands.

John W. Price, the ranchman and saw-
miller at Chilly, was in the city this
morning purchasing supplies. He re-
turned to the mountains this afternoon.
Mrs. H. K. Rutherford, residing on the
corner of Iron avenue and Broadway,

Supreme Court Rules Against Ar-
kansas Anti-Trust Law.

Presbyterian Assembly Suspends Rev.
Berkovitz of This Territory.

WEEKLY BANK STATEMENT.

Special to The Citizen.

Las Vegas, May 27.—Governor Roose-
velt says that he will attend the Rough
Riders' reunion here without fail. Com-
plete program to you Monday.

R. E. TWITCHELL.

Anti-Trust Law Reversed.

Little Rock, Ark., May 27.—The state
supreme court to-day sustained the de-
cision of the lower courts in sustaining
a demurrer interposed by the insurance
companies' famous anti-trust suits be-
gun by the attorney general. Many of
the affected companies are already re-
opening Arkansas offices.

BIRKOVITZ BOUNCED.

New Mexico Presbyterian Preacher Sus-
pended by the General Assembly.

Minneapolis, Minn., May 27.—The Gen-
eral assembly of the Presbyterian church
to-day suspended the Rev. M. Birkovitz
from the ministry on the complaint of Rev.
M. Birkovitz against the synod of New
Mexico, disapproving the action of the
synod. The synod directed the presby-
tery of the Rio Grande to suspend Birkovitz
from the Rio Grande.

An address to the peace congress was
delivered. It recommends an interna-
tional court of arbitration. The stated
clerk will forward the address next week,
together with a similar one from the
Alliance Presbyterian churches of the
world, representing nine million Christians.

Bank Statement.

New York, May 27.—Weekly bank
statement: Surplus reserve, increased,
\$9,802,260; loans, decreased, \$17,708,800;
specie, increased, \$3,692,900; legal ten-
ders, increased, \$2,454,100; deposits, de-
creased, \$12,620,800; circulation, in-
creased, \$35,000. Banks now hold \$32,
983,725 in excess of requirements.

THE LEE-GILLILAND CASE.

The Alleged Slayers of Colonel Fontaine
Will Be Tried Next Week.

The charges against James B. Gill-
iland and Oliver Lee, of murdering Col.
A. J. Fontaine and his six-year-old son
in Dona Ana county, were set for trial at
Hillboro for May 24. It was understood
that several days would be consumed in
securing a jury. Hon. T. B. Catron, of
Santa Fe, who will join Hon. W. B.
Childers and Hon. R. F. Barnes in the
prosecution of the case, states that the
trial can not be proceeded with until
next Monday. Messrs. Fall, Dougherty
and Ferguson are attorneys for the
defense.

The telephone line from Lake Valley,
the nearest railway station to Hillboro,
has been leased by the Western Union
Telegraph company and an operator
sent to Hillboro to use the wire for
telegraph business during the trial.

The prosecution and defense are ready
to proceed. It is a question whether the
skeletons of the murdered persons have
been found, or any witness of the crime
secured. If not, the defense will rely
largely upon the difficulty of securing a
conviction for the murder when the facts
of death is established only by circum-
stantial evidence. No circumstances
have been developed pointing to the
murder of the attorney, who was pro-
secuting a number of them on a charge of
child slaying. The defense attorneys
were among the number indicted at the
court at Lincoln from which the at-
torney was returning when he and his
wife were assassinated, the documents re-
lating to the case taken and the bodies
of the victims hidden in the sands of the
foothills.

Pleasant Birthday Party.

Miss Annie Korber, the daughter of
Mr. and Mrs. Jacob Korber, celebrated
her sixteenth birthday yesterday after-
noon in grand style. She invited a
number of her young friends to her
home and a very pleasant time was had.
Those present were Clara, Emma, Viola
and Oscar Hinesher, Clara Kith and
Louis Stoffel, Paulina Schneider, Clara
and Roy Roberts, Harry Holloway, Harry
Bourman, David Dyer, Harold Cooper,
Mildred Strain and Clotilda Strain.

"Saturday Night Charley" Dead.

Mrs. Elizabeth Weller used Charles D.
Hall, "Saturday Night Charley," the
ranchman of Fort Wingate, before Jus-
tice Ribble this morning for \$50 damages
for breach of contract. Mrs. Weller was
hired at Las Vegas by Hall to be his
housekeeper at his ranch at \$20 per
month. He promised to take her out
for a drive two weeks ago to-day, but he
refused to do so. She was disappointed
and yielded to temptation, tempted
the following hour and forgotten entirely
about his housekeeper. After hearing
the evidence Justice Ribble gave a ver-
dict for \$41 damages.

The Olaf Hotel.

Santa Fe, under the management of
Fred D. Michael, is now open in first-
class style. The dining room having just
been newly equipped and opened in an
elegant and stylish manner, the loca-
tion, the convenience, comfort and op-
portunity of the building in every par-
ticular over any other in the city, to-
gether with free sample rooms, make it
the leading hotel. We invite comparison.

there will be open air exercises, con-
sisting of music and singing. Mayor
O. N. Marron will address the multitude
in the queen's English and Hon. Nestor
Montoya will speak in the sweet and
musical Spanish.

Robert Duffus.

In the Catholic church at 8 o'clock
this morning, Louis B. Bunting, who \$20
in the coat company's store at Madrid,
was married to Miss Frances Bunting,
a young lady of this city. The groom lived
in Albuquerque for many years and
worked for Bunting Bros. and also at the
Vienna bakery. About a year ago he
went to Madrid, N. M., where he has
been employed ever since. The bride
has lived in Albuquerque for a long time
and has worked in the family of Simon
Stern for several years. Both have nu-
merous friends in this city, who wish
them a happy wedded life. They will
make their home in Madrid, and expect
to leave for there this evening.

A GOOD CATCH.

Three Thieves Caught With Stolen Goods
Robert Stratton, A. T. Cuzco and Geo.
Moore, the three hooligans arrested by
Marshal McMillin and Special Agent
Frank Harris at Sileria yesterday after-
noon on the charge of stealing a number
of articles belonging to the dishwasher
at J. M. Norvell's New Idea restaurant
on south first street, did not have their
prisoners' keys cut off, owing to the ab-
sence of Justice A. J. Crawford, who is
out in the country buying wool. They
will have their hearing on Monday.

The case against them seems to be very
clear. The trio called at the New Idea
restaurant on Thursday night and asked
for lodging. The proprietors put them in
the dining room, and they ate, drank and
smoked. They then went to the kitchen
and got up early in the morning and
left the men still sleeping. When they
got ready to leave they took with them
a pair of scissors, shirts and socks, the
property of the dishwasher. The belt
was snatched in a box, which the
thieves threw out in the yard. In the
yard, where it was discovered at about
9 o'clock by the dishwasher. He hurried
to his room and found that he had been
robbed. Marshal McMillin was notified
and he and Mr. Harris boarded the first
freight train for the south. They passed
the men a short distance this side of
Sileria, and they continued on to that place
and awaited their arrival. When they
placed them under arrest. All of the
stolen articles were found on them.
Stratton also had a fine 45 revolver in
his pocket.

Stratton and Cuzco tried to put the
entire blame on Moore, the youngest one
of the trio, but a disreputable feature
stared them in the face as one of them
was wearing a stolen shirt and the other
a pair of stolen socks.

All three of the men worked for a
while in Trimble's camp north of the
city.

ROUND TRIP RATES.

raced's summer garden. Everybody in-
vited.

NEW GOLD FIELDS.

Rich Placers Said to be Discov-
ered in Lower California.

Two More Big Trusts Being Organ-
ized in New Jersey.

A Chicago Baggage Man Arrested for
Tampering with the Mails.

DREYFUS CASE MAY BE REVISED.

Los Angeles, May 27.—A great rush to
the new gold fields of Lower California
seems inevitable. Should the bonanza
pan out as has been predicted, regular
passenger service will be inaugurated
from San Pedro. Allen G. Fraser, an
orange grower, was the first man out of
the diggings. "These placer grounds
have been worked in a crude way by the
Indians and Mexicans for many years,"
said he. "The find I made covers about
fifty square miles. There is another
field equally rich, several miles from
the first, so far not touched."

Arrested For Opening Letters.

Chicago, May 27.—The innate desire to
investigate the written contents of let-
ters intruded to his care as baggage man
on the Michigan Central train running
between Chicago and Grand Rapids
banned the downfall of Len S. Washburn,
now in custody of the United States
postal authorities, charged with robbing
the mail sacks. It is estimated by Major
Stuart, postal inspector, that Washburn
has opened fully 30,000 letters since
October 1897. He claims he did not
profit through his misdoings, but was
prompted by an uncontrollable desire to
read the contents of the letters.

Dreyfus Case.

Paris, May 27.—It is currently reported
that the report of the president of the
civil section of the court of cassation, M.
Balot de Beaupre, is in favor of a re-
vision of the Dreyfus trial, and urges re-
sending the case before the court mar-
tial.

The later rumor was confirmed. It is
believed that the decision is practically
certain accepted by the court of cassation,
and means that Dreyfus will be
brought back to France for re-trial.

A Sinking Trust.

New York, May 27.—It is said that
plans have been practically completed
for a combination of leading perfumery
concerns in an American perfume com-
pany in New Jersey, capitalized at
\$20,000,000 or possibly \$30,000,000.

Renamed Trust.

New York, May 27.—Ninety per cent of
the patent and enameled trade has given
adherence to the project of combination.
Options already have been obtained on
about sixteen plants. All the principal
manufacturers of Newark are in the
deal. The capitalization will be between
\$20,000,000 and \$25,000,000.

A Hart.

Bachsch & Glom, wholesale and retail
dealers in liquors, received on Thursday
a carload of California brandies and
yesterday a carload of
Lump's bottled beers.

A E. Bana, whose condition was con-
sidered critical yesterday, shows con-
siderable improvement to-day, and it is be-
lieved that the crisis has been passed.

There will be a meeting of the Rough
Riders firing squad this evening at the
Methodist College building, at 8 o'clock.
Mrs. H. K. Fox will leave this evening
for Emporia, Kansas, where she will
visit relatives and friends for sometime.

"SEEK HIGHER. Whenever any person sells or keeps on hand for sale, ships,
transports, or carries any spirituous or fermented liquors or wines, whether foreign
or domestic, in bottles, kegs, or other packages, under any other than the proper
name or brand known to the trade as designating the kind and quality of the con-
tents of the bottles, kegs, or other packages, containing the same, or causes such
to be done, he shall forfeit said liquor or wines and bottles, kegs or other
packages, and be subject to pay a fine of five hundred dollars and be imprisoned
six to twelve months for the first offense, and to pay a fine of one thousand dollars and be
imprisoned one year for the second offense."

NOTICE!

The above is a copy of a law introduced into the last Congress to protect the
American people against counterfeit, imitation and misleading labels and to
punish those guilty of the miserable and ignoble use of them on such goods.
The Southwestern Brewery and Ice Co., of this city, are and have been for
some time past putting on the market a beer labeled, "The Consolidated Brewery
Co., Milwaukee, Wis." It is made and bottled here in Albuquerque. Of course there
is no such company, any of which fact they are well aware, because if they should
use its name or any other reputable firm they would be liable to walk Spanish
in short order.

The sole object in so designating their beer is to deceive the public by making
them think they are buying a reputable article. The reason the dealer handles it
is because he can get it to the trade as designating the kind and quality of the con-
tents of the bottles, kegs, or other packages, containing the same, or causes such
to be done, he shall forfeit said liquor or wines and bottles, kegs or other
packages, and be subject to pay a fine of five hundred dollars and be imprisoned
six to twelve months for the first offense, and to pay a fine of one thousand dollars and be
imprisoned one year for the second offense."

That such laws have been found necessary shows the miserable frauds, deceptions
and risks some people will resort to make a few dollars.

ALBUQUERQUE, — MAY 27, 1939

MEMORIAL DAY, May 30, will be appropriately observed in this city.

It is not probable that the United States will name a battleship after this city.

The fruit growers of California are combining against excessive railroad rates, and various other causes of depreciated profits in their business.

Two thousand sailors have been started in Cuba since the war closed, yet some people are foolish enough to claim that the island is not becoming Americanized.

SURETY bond companies, to do business in New Mexico, must comply with the provisions of the insurance law of the territory, is the opinion of Solicitor General Bartlett.

The Deming canyoneer extract factory will be removed to San Antonio, Socorro county. David Baca has deeded 200 acres of land to the canyoneer company, and other lands are being purchased.

The latest report of rich gold fields comes from Lower California, where, it is said, that at a place called Santa Clara men are taking out from \$3 to \$35 daily, with primitive dry washers, there being no water within ten miles.

It will be a surprise to many people to learn that the Russian orthodox church is strong enough in the United States to muster a convention of seventy delegates. Religions of all kinds flourish in the United States without government aid.

The Santa Fe has granted liberal rates to the Rough Riders' reunion at Las Vegas. A round trip from Albuquerque to Las Vegas and return will be only \$1. This city should, and no doubt will, send up several carloads of people to the big celebration.

In addition to the heavy taxation imposed by the government, the people of districts of northern Italy are compelled to pay regular assessments to the bandits. Such a financial system accounts for the growing Italian emigration to the United States.

The Los Angeles Times says that one of the most disagreeable reflections about those Cuban insurgents who are now refusing to give up their arms is that the United States furnished them, free of cost, a considerable proportion of the arms which they hanging onto so tenaciously.

The permanent exhibit of New Mexico products, to be kept at the office of the secretary of the board of immigration at Santa Fe, will contain fine samples of the tobacco grown by Herman Blucher, of this city. Mr. Blucher, at his market gardens adjoining Albuquerque, grows an excellent quality of tobacco.

VENEZUELA recognizes the superiority of American trade goods. The government of that country recently let contracts with contractors and workmen of this country for the erection of a large armory and five other buildings of importance, all to be after the American style of building, which contracts amount to about half a million dollars.

The report of the United States industrial commission favors labor organizations as being beneficial to mine owners, but sees only injury where railway interests come in competition with personal or independent interests. In coal regions, where railways are interested in the mines, the private owner is crowded to the wall by exorbitant transportation charges. The conclusion is, public carriers should not be permitted to engage in industrial enterprises.

AMONG the regulations which will govern the taking of the next census is one which imposes upon persons whose next door neighbors may not be at home when the census-taker calls, the obligation to tell him all that they know about said absent neighbors; that is, all of what they know that is necessary for the census-taker to learn. Naturally all persons know a great deal more about their nearest neighbors than need be revealed to a census-taker.

BUILT BY UNITED EFFORT. How easily great works can be carried out by co-operation is shown in the completion of the vast public hall in Kansas City, Mo. This is the largest auditorium in the United States. The building, which is of stone, brick and terra cotta, is 314,200 feet, and the hall seats 20,000 persons comfortably. Besides the hall, there are in the building an armory, small assembly rooms and a roof garden. The erection of this gigantic structure, which cost \$250,000, was an enterprise undertaken by the people of Kansas City. Shares were sold at \$1 each, and they were taken up in small lots, many citizens taking only a single share, and many more only two or three. Of the total amount raised, only \$72,000 was in large subscriptions. Now the people of Kansas City have the finest building of the kind on the continent. There isn't a cent of debt on it, and it promises to pay for itself. Even if it doesn't pay for itself directly, it is a splendid advertisement for the city.

LOWER COURT AFFIRMED. In the case of the Rio Grande Irrigation & Colonization company vs. Charles H. Gildersleeve, the United States supreme court has affirmed the decision of the lower court. In 1894 Gildersleeve obtained judgment, on a promissory note for about \$70,000, by default against the company. The company claimed that there was no consideration and therefore it owed nothing. The attempt to get the judgment set aside was based on some technical errors in the record, and the supreme court refused to think that the errors had been committed and confirmed the judgment of the lower court. In the district court of Bernalillo county about a year ago, a perpetual injunction was granted restraining

Gildersleeve from collecting his judgment. Unless this injunction is set aside, the decision of the supreme court will be practically without effect. In the application for the injunction, the company set forth that the note in question was really Gildersleeve's own note and therefore his debt, and that the company was simply the accommodation maker for his benefit.

F. W. Clancy represented the company and J. H. McGowan, of Washington, D. C., appeared for Gildersleeve before the supreme court.

THE Rio Grande is not a navigable stream. This fact will be proven to the satisfaction of the United States supreme court.

LONDON. Torpedo comes ashore. A loaded torpedo recently came ashore which had been floating about, no one knew how long, a menace to all craft. Many disease germs quite as deadly as floating about in this manner of the sea, threatening for the weak spot in lungs or stomach. The best thing to do is to fortify yourself against them by keeping the bowels regular, the stomach sweet and the blood pure. Hostetter's Stomach Bitters will do this more effectively than anything else. It has been the standard remedy for weak stomachs for half a century, and may be had from any druggist. It is particularly effective in all cases of biliousness and inactive kidneys, and is also a sure cure for malaria and fever and ague. It is worth trying.

NEEDS OF CARLSBAD.

What is Needed to Supply the Business Demands of the Town.

Special Correspondence. Carlsbad, May 27.—Eddy, or rather Carlsbad, as the name of the town has been changed by a popular vote, needs more hotel accommodations and needs them badly. A first-class house here of forty or fifty rooms would do well, paying the prices at \$2.50 to \$3 a day. A tailor, if he understood the business, could do exceptionally well here from the start, as there is not one in town. A store handling tobacco, cigars, pipes, stationery, periodicals and a good assortment of sporting goods, such as rods, reels, line etc., would do a good trade. A saddlery, if coming in with a good stock, could command business.

ANGELS. Severe nervous spells, bearing down pains, loss of appetite. Hudyar cure. All druggists, 50 cents.

The Jaffa Grocery Company. Minneapolis best grocery butter... 20c Cooking butter... 15c Six pounds new potatoes, large... 25c Ten pounds dried peas... 25c Three cans Lea & Co. tomatoes... 25c Fresh strawberries... 15c Fresh beans, fresh turnips and cabbage... 15c Old Colorado potatoes, \$1 per 100 pounds.

Wax beans and green beans fresh to day.

Out of town customers can depend on orders being shipped same day as received. No charge for packing or crating. Send us your orders and we guarantee satisfaction.

WHEN NATURE Needs assistance it may be best to render it promptly, but one should remember to use even the best of remedies only when needed. The best and most palatable and gentle remedy is the Syrup of Figs, manufactured by the California Fig Syrup Co.

Soft soap. I have for sale two beautiful homes, one opposite the park on Copper avenue, and the other on north Second street; a fine furnished hotel with 300 feet street front at Golden, and real estate in any part of the city. All cheap and on easy terms. A complete first-class five stamp mill and concentrator, all in perfect order. Horses, harnesses, buggies, pianos, stoves, two sets of bar fixtures, billiard tables, complete bowling outfit, etc. I will attend to any business you wish transacted, for a small commission. Auction sales and abstracting titles a specialty. H. S. KNUYT.

Moki tea positively cures sick headache, indigestion and constipation. A delightful herb drink. Removes all eruptions of the skin, producing a perfect complexion, or money refunded; 25 cents and 50 cents. J. H. O'Reilly & Co.

Boys Clothing. Our spring line of boys' suits you will find fully up to the times. The goods we offer have that neat and bugle appearance that a boy delights in. Our prices are reasonable. K. L. Washburn & Co.

YOUR FACE Shows the state of your feelings and the state of your health as well. Impure blood makes itself apparent in a pale and sallow complexion, pimples and skin eruptions. If you are feeling weak and worn out and do not have a healthy appearance you should use Dr. Williams' Pink Pills. It cures all blood diseases where cheap sarsaparillas and so-called purifiers fail. Knowing this, we sell every bottle on a positive guarantee. J. H. O'Reilly & Co.

"Out of Sight Out of Mind." In other months we forget the harsh winds of Spring. But they have their use, as some say, to blow out the bad air accumulated after Winter storms and Spring thaws. There is far more important accumulation of badness in the veins and arteries of humanity, which needs Hood's Sarsaparilla.

This great Spring Medicine clarifies the blood as nothing else can. It cures scrofula, kidney disease, liver troubles, rheumatism and kindred ailments. Thus it gives perfect health, strength and appetite for months to come.

Kidneys. My kidneys troubled me, and on advice took Hood's Sarsaparilla, which gave prompt relief, better appetite. My sleep is refreshing. It cured my wife also." MICHAEL BOYER, 3473 Berry Street, Pittsburgh, Pa.

Dyspepsia. "Complicated with liver and kidney trouble, I suffered for years with dyspepsia, with severe pains. Hood's Sarsaparilla cured me, and I feel like a new man." J. B. KENNEDY, Main Street, Auburn, Me.

Mild Disease. "Five running sores on my hip caused me to use crutches. Hood's Sarsaparilla saved my life, as it cured me perfectly. Am strong and well." ANNE ROBERT, 40 Fourth St., Fall River, Mass.

CLAIMS GOD DID IT.

A Salvation Army Woman Says God Caused Her Fire. Mrs. Thomas, of the Salvation Army, claims that God caused the fire. Mrs. Thomas is a colored woman who did some "sky piloting" for the army in Jerome last year, says the Jerome Mining News.

"There were many wild rumors in Phoenix yesterday when the first income tax return was made. There was one man here who was present at the destruction of the camp last September. Mrs. Thomas, one of Phoenix's representatives of the Salvation Army, was there at the same time. She was using the fire as an object lesson, a violation of God's wrath upon the sinful camp. She stood in the street and prayed for the Sodom and Gomorrah of Arizona, and said she was pained to see that the fire had not purified the place, but had only temporarily interrupted the iniquity. She claimed that God wasn't done with Jerome yet. Since he had commenced he would regenerate that town or he would have no town there."

"Her auditor met her on the street yesterday and said: 'Well, I see you prophesied straight. God has taken another fall out of Jerome.'"

"Yes," replied Mrs. Thomas, with the pardonable satisfaction of one who is on the inside, "God isn't going to give up the fight with Jerome. He'll burn it up a dozen times, as fast as they can build it up. He's started in to make Jerome a Christian town, and it'll be Christian or nothing. Jerome might as well give up first as last and save money."

Whoooping Cough. I had a little boy who was nearly dead from attack of whooping cough. My neighbors recommended Chamberlain's Cough Remedy. I did not think any medicine would help him, but after giving him a few doses, he was better. I noticed an improvement, and one bottle cured him entirely. It is the best cough medicine I ever had in the house. J. L. Moore, South Burnettown, Penn. For sale by all druggists.

UNIVERSITY NOTES. No book trial. No bus any more. No field day this year. No school Decoration day. No theme to be publicly delivered. Nobody likes it because the mock trial is given up by one of the societies. Nobody would care if the 'bus ceased its pilgrimage after next week. Nobody seems to desire to score victories in the hot sun on a field day any way. Nobody thinks it would be patriotic to have school on Decoration day. Nobody wants to hear nine themes and the commencement address all on one evening.

Mr. Mathey and Mr. Coghill passed the faculty examination this week for the masters' degree.

At the assembly Thursday morning President Herick made final announcements, briefly reviewed the year and wished all a pleasant, profitable vacation.

Next Monday finishes up the regular work. Examinations will be held Wednesday, Thursday and Friday.

Class day will occur at the university Wednesday morning, June 7; the president's reception the evening of that day; commencement on Thursday evening, June 8, at Armory hall, Rev. Bruce Kinney to deliver the address.

The last normal Round Table meeting for the year was held yesterday afternoon and was a very interesting meeting, which was conducted by the class in child study. Miss Maud Custer gave a review of a study that was made a

Stanford University on children's letters, some of which were read and commented upon. One of the practical points for teachers was the generalization that children love action, as a large number of the letters were found to deal with objects to which activity was ascribed. This is a feature of the kindergarten, and it should be recognized by teachers and parents in their work with children.

Miss Elizabeth Hughes had a novel subject—"The Secret Language of Children." She spoke of the originality of many children and young people, in the development of these secret means of communication, and the thoroughness shown in easy and rapid conversation.

Miss Hughes gave the keys to many of these languages, and placed sentences from the book in illustration. The discussion of this subject was interesting, and some reminiscences were called out. Some believe that if teachers made a thorough study of these secret languages, light would be thrown upon methods of presenting foreign languages that would better adapt the work of young people. Miss Mabel Anderson discussed "The Causes and Effects of Children's Fears." She had so much to say on the subject and the time was so short that she reminded one of an overflowing fountain. Miss Anderson's enthusiasm added to the interest of the subject, made her talk attractive. In enumerating the various causes of fear she stated that parents and teachers were often responsible for creating unnecessary fears that meant real suffering to children and that even continued in after life. It is hoped next year that the Round Table, which has made a very successful beginning, may extend its field of usefulness.

The High school commencement was attended by a large number of university people, and we appreciate the friendly relation indicated by the invitation to our president to deliver the address, to our girls to sing and our boys to enter in the large audience. Superintendent Hickey has the right idea as to the harmony that should exist among educational institutions.

The university catalogue is expected from the press next week, and will be ready for distribution. If you have any friends, and know of prospective students, send in such names and addresses.

Summer Excursions to the Pacific Coast. The Santa Fe route will sell cheap excursion tickets to Los Angeles, San Diego, Redondo Beach or Santa Monica on the following dates, for \$10 from Albuquerque and return: June 3, 7, 17 and 21; July 1, 12, 22 and 26; August 5, 9, 19, 29 and 30.

There will be a big crowd at the seashore this year, especially during July and August, when the National Educational Association people are there. San Diego has many attractions of bay and ocean, as well as many places of interest on land. In July they will have a big festival at Tia Juana, that quaint little Mexican border town.

The governor of Lower California and staff will be there and his official band with brass buttons, gold lace and music. The program will consist of a barbecue, bull fight and Spanish games. For further particulars inquire of A. L. CONRAD, Agent.

Put Your Finger on Your Pulse

You feel the blood rushing along. But what kind of blood? That is the question. Is it pure blood or impure blood? If the blood is impure then you are weak and languid; your appetite is poor and your digestion is weak. You cannot sleep well and the morning finds you unprepared for the work of the day. Your cheeks are pale and your complexion is sallow. You are troubled with pimples, boils, or some eruption of the skin. Why not purify your blood?

Ayer's Sarsaparilla will do it. Take a few days and then put your finger on your pulse again. You can feel the difference. It is stronger and your circulation better. Send for our book on Impure Blood.

If you are bilious, take Ayer's Pills. They greatly aid the Sarsaparilla. They cure constipation also.

Write to our Doctor. Write then freely all the particulars of your case to Dr. J. C. Ayer, a prompt reply, without cost. Address, Dr. J. C. Ayer, Lowell, Mass.

HIGH SCHOOL COMMENCEMENT.

Five Young Ladies Graduate and Receive Their Diplomas.

A FINE PROGRAM RENDERED.

Exercise in connection with the commencement day of a high school or college as a rule attract large audiences.

The Albuquerque high school was no exception to the rule, for every seat in the large Army hall was filled last night to listen to the program which had been prepared for the occasion.

At the office of the clerk of said board of county commissioners at Albuquerque, the Board of County Commissioners of Bernalillo county will receive sealed proposals for the furnishing of all material and the construction of a bridge over the Rio Grande near the village of Cochiti.

Said sealed proposals will be received at the office of the clerk of said board of county commissioners at Albuquerque, the Board of County Commissioners of Bernalillo county will receive sealed proposals for the furnishing of all material and the construction of a bridge over the Rio Grande near the village of Cochiti.

It was a few minutes after 8 o'clock when the five young lady graduates, Misses Bertha Crocker, Ellen McClure, Belle and Lillian Schuster and Anna Thomas, dressed in the provincial white, accompanied by Superintendent M. K. Hickey, President C. L. Herick and Rev. T. C. Beattie, took their seats upon the platform, which had been carpeted with rugs and ornamented with palms and flowers.

Forming the background of the platform was a large white banner on which was inscribed the class motto, "Just at the Gate, '90."

The program opened with a beautiful selection, "Boys' Brigade," by the Ladies' Glee Club, assisted by Mr. Glenn, of the Rose Stillman company. The audience was delighted, and the club was obliged to respond to the encore before the applause would cease.

The invocation was pronounced by Rev. T. C. Beattie, after which C. K. Burg sang "The Armorer's Song," from Robin Hood. Mr. Burg was in fine fettle and his splendid voice was never heard to better advantage than last night when it gave utterance to the ringing sentiments proclaimed in "The Armorer's Song."

Superintendent Hickey then introduced President C. L. Herick, of the university, who had been selected to deliver the address of the evening. He took for his subject "Evolution of American Womanhood," for the reason, as he explained, that all of the graduates this year and a majority of them for several years past were young ladies. In opening he spoke of the assimilation between the high school and the university which had been arranged during the past year and the present harmonious workings of the two institutions. This had greatly improved the school system of Albuquerque, for which, he said, the people owed a debt of gratitude to the superintendent of the city schools and the professor of the high school. With this introduction the speaker launched into the subject of his discourse, showing the development of woman and the enlargement of her sphere of influence during the centuries of the years. He referred in a complimentary way to the fact that greater respect is paid to woman in this country than in either England, Germany or France. He gave a brief history of the co-education movement and told of the intellectual triumphs won by women since that time. He also discussed the women's suffrage question and expressed the opinion that as soon as the women of the country demanded the right they would have it. But it was as the queen of the home, that he paid the most eloquent tribute to the gentler sex.

Incidentally to his address, Mr. Herick spoke of the higher educational institutions in New Mexico and conclusively answered the arguments of captious critics, that higher education is costing too much per student in this territory and that there is too large a number of instructors for the number of scholars taught. He gave statistics from a number of colleges and universities, showing that the expense per student in the university is only \$125 per annum and lower than the lowest of any of the colleges mentioned; and that in the number of students to each professor, the university occupied a mean between the best educational institutions in the land.

In conclusion President Herick gave some friendly counsel to the graduates of '90 and expressed the hope that they would meet again in the familiar halls of the university next fall. The speaker received the closest attention throughout the address and his salient points were frequently applauded.

The University Ladies' Quartet, composed of Misses Gehring, Anderson, Hutzel and Alger, sang "Annie Laurie" in an admirable manner, and in response to an encore sang most beautifully "Home, Sweet Home," a dear old song that touches a common chord in the hearts of all classes and conditions of men.

Superintendent Hickey, in presenting the graduates with their diplomas, briefly discussed the condition of the public schools of Albuquerque and referring to the fact that all the graduates are girls, the direct and pointed question, "Where are the boys?" and solicited the aid of every citizen in the upbuilding of the schools. He gave a little sound advice to the young ladies who are about to take up their work in the world which lies beyond the confines of the school.

Hoyle's "A Midnight Bell" Monday. The engagement of the popular comedy, Monday, the 26th, with Charles Hoyt's "A Midnight Bell." The play was written for Mr. Stockwell, and is a strong dramatization of New England life. L. R. Stockwell will play the Deacon, which character he created. "A Midnight Bell" is a four-act drama of New England life. In fact, the various characters of the play, Father and Son, come blended with the Bohemianism of down-eastern country life, wherein the person, the quire, the banker, the townman, school teacher and policeman all stand upon an equality, and neighborly interest is taken in the joys and sorrows of a story, "A Midnight Bell" is not without a strong interest in the life of the village banker, the real culprit, of robbing the vault of many dollars in bonds. This information reaches the ears of Ned, the banker's nephew, and to save the latter from public degradation he permits the accusation to rest upon himself fearing for the health of his uncle. Ned is arrested but escapes and divulging the secret to Nora, the school teacher, who has been friends to permit him to visit one of the scholars, and is about to leave the school, but foot-prints in the snow reveal his hiding place. He is pursued but makes good his escape on a south bound train. Ned is accused of shielding Ned and is discharged. The person takes the girl to his house, the church committee awaits upon the person at the choir or giving up the church. The person resigns from the pulpit. At the close of the meeting the deacon goes into the belfry to toll the bell and the door accidentally closes making him a prisoner, he rings the bell, the hour being midnight many rush to the church to discover the cause, they find Larabee, the cashier, removing the stolen bonds from one of the church chests. This disclosure sets matters straight, Ned marries Anna, Nora wedes the person and the attorney engaged on the case also finds a suitor.

The old red school house, the twenty-five children cowering down hill on sleighs, the sewing bee and the other rural scenes frame the play into a beautiful picture. It will be reproduced with a car load of special scenery. Seats are selling rapidly at Mason's.

NOT A FINAL DECISION. Rendered by the Supreme Court in the Elephant Butte Dam Case.

Persons in this city who are familiar with all the facts in connection with the recent decision of the United States supreme court, reversing the supreme court of New Mexico in the Elephant Butte dam case, say that there is nothing necessarily discouraging to the projectors of the enterprise in this decision, for the reason that it simply sets the case back to be tried before a jury like any other case, when testimony will be taken to discern whether the damming of the Rio Grande at the point in question will interfere with its navigability. The same persons are confident that it can be proved by thoroughly competent witnesses that the dam will not interfere with the navigability of the river, and that ultimately the decision of the supreme court will be favorable to the company.

At the previous hearing the judges in this territory took judicial cognizance of the fact that the Rio Grande is not a navigable stream, and no jury was called to investigate and listen to evidence.

Hudyen cure sleeplessness, bad dreams and night sweats. Fifty cents all druggists.
