RIVER EXPEDITION.

**Chicago Arranging a Grand Reunion
of the Rough Riders.**

ADMIRAL DEWEY SAILS FROM MANILA.

Manila, May 20.—Col. Kobb's expedition up the Rio Grande met no resistance except on the outskirts of San Luis, where several hundred Filipino guerrillas were entrenched on the banks of the stream. The rebels retreated beyond Candaba. The gunboats steamed ahead, training their guns upon the shore and shelling the insurgents from San Luis. After they passed Candaba, from the river across the river, a hundred yards distant, harassed the Seventeenth Infantry, which was marching by fours along a narrow wooded road from which the troops were unable to see the enemy. Two Americans were wounded. Captain Grant landed before the troops arrived. Native assembly on the shore and crowded about the Americans with expressions of friendship. Captain Grant quickly distributed men from the gunboats to guard the town. The natives sent a messenger to tell the people in the swamps to return. Hundreds of natives thereupon returned triumphantly with the improvised flag of true preceding each party.

Thursday night a body of rebels returned to San Luis and burned a part of its own. Lieutenant Cunningham, with the signal corps and a party engaged running a telegraph line, was camped near the place. Major Kobb sent the army against Candaba, there, and found the party to day in town.

The Nebraska regiment marched from San Fernando to Calumpit to day for thirty days' rest. The regiment numbers about 300 weather-beaten veterans.

Chicago, May 20.—Rough Riders Reunion.

Chicago, May 20.—Rough Riders Reunion, led by Colonel Roosevelt, will be a feature in the parade which will be reviewed by President McKinley at the laying of the cornerstone at the Chicago new postoffice building on October 9. The Chicago Rough Riders are arranging a reunion of the regiment in this city during the autumnal festival celebration next fall, and Lieut. H. W. Wackley has gone to Texas, New Mexico, Arizona, Oklahoma and Indian Territory to promote the interests of the proposed reunion.

HOMEWARD BOUND.

Manila, May 20.—The cruiser Olympia, with Admiral Dewey on board, left here on her homeward journey to the United States at 4 o'clock this afternoon. As she steamed away the Oregon, Baltimore and Concord followed. The admiral's salute from the flagship played a lively air and the crews gave thunderous cheers. As the Olympia passed the throng on the shore, the admiral's salute played a lively air and the crews gave thunderous cheers. As the Olympia passed the throng on the shore, the admiral's salute played a lively air and the crews gave thunderous cheers.

Two Texans Killed.

Dallas, Texas, May 20.—Deputy sheriffs stationed on a bridge spanning the Colorado river at Columbus, had orders to arrest all men carrying pistols. Dick Reese, brother of former Sheriff Reese, killed in a street battle at Columbus two months ago, attempted to pass, and was ordered to halt. He drew a pistol and the deputies opened fire. Reese and Richard Grant were killed instantly. Several persons were slightly wounded.

Presidential Train.

Harrisburg, Pa., May 20.—The presidential train is being received enthusiastically during its run through the Shenandoah valley. Staunton was gaily decorated with flags. Preceded by a band the president was escorted to the public square where he made a speech.

The people at many stations were given an opportunity to greet the president and shake hands with him. At New Market, Broadway and Mount Jackson the stations were crowded with people, many waving the American flag.

Bought Lumber Lines.

Chicago, May 20.—A special meeting of the stockholders of the Chicago, Burlington & Quincy road was held here to-day for the purpose of acquiring by actual purchase a number of lines heretofore operated by the company under lease. Paris, May 20.—The members of the court of cassation have been summoned to meet on May 29 for the final stage of the revision of the Dreyfus trial.

TAKE FRENCH LEAVE.

J. J. DeMars and J. E. Robinson depart for France.

J. J. DeMars, the lineman for the Automatic Telephone company, has left the city and R. L. Dodson, the bicycle dealer, will leave for France. The departure is forever and a day, unless the man is brought back by the strong arm of the law. Thursday night, DeMars left a note stating that he had gone to Santa Fe on some private business and would return on the evening. Since his departure a few facts have been learned, which lead the persons mentioned to reach the conclusions published above.

DeMars some time ago purchased a bicycle from R. L. Dodson, which was not duly paid for at the time of purchase, and he also owes Dodson some money on another account. Thursday afternoon J. E. Robinson rented a wheel from Dodson.

PEACE PROPOSALS.

**Aginaldo's Commissioners Not
Empowered to Make Terms.**

**United States Preparing a Fine
Exhibit for the Paris Exposition.**

**Fourth Day's Session of National Society
of Charities and Corrections.**

SECOND SITTING OF PEACE CONFERENCE.

Manila, May 20.—Four commissioners appointed for the purpose of negotiating terms of peace with the American commissioners reached Manila by special train from Manila this morning, and were escorted with General Otero more than an hour. The interview was decidedly unsatisfactory, the commission not being empowered to negotiate terms. The commissioners brought a communication directed from Aginaldo, asking an arbitration pending the decision of the Philippine congress as to what policy should be adopted. As before Otero refused to entertain the proposition.

The commissioners accepted an invitation to visit the battleship Oregon and other vessels of the American fleet in the bay.

DISPATCH FROM OTRO.

Washington, May 20.—The following dispatch was received at the war department: "Manila, May 20.—Commissioners of Aginaldo arrived this morning. The peace conference will be held on the 22nd instant. Their power limited apparently to an armistice, condition precedent to negotiation. Aginaldo asks a cessation of hostilities to ascertain the desires of the Philippine people."

PEACE CONFERENCE.

Short Session Held, at Which Baron de Staal Delivered an Address.

The Hague, May 20.—The second sitting of the peace conference this morning lasted thirty-five minutes. The president of the conference, Baron de Staal, read replies to the car and Queen Wilhelmina to telegrams sent them by the conference on Thursday. The president then addressed the delegates on the subject of the peace conference. It was decided not to publish the speech.

Baron de Staal further proposed that although the principle of secrecy should be maintained, communications might be made through the press bureau, subject to the approval of the president, which was adopted.

The proceedings to-day passed off without any incident. Only the president spoke, the others manifesting their approval by slight discreet murmurs.

Several of the chief delegates are leaving the Hague for a few days pending the preliminary work of the commission. Baron de Staal received the following dispatch:

"The emperor begs that you be the interpreter to the conference of his sincere thanks and warm wishes. My august master charges me to impress upon you the necessity of the peace conference, and to express his confidence in the progress made by the conference."

It was learned that M. de Staal placed the question of mediation and arbitration in the front to-day. The question of reducing by extension of regulations already existing was then touched upon by the president and he relegated the question of reduction of regulations to third place. The conference decided that all the delegates, including technical representatives, participate in the sittings of the joint discussion. The date of the next sitting depends upon the progress made by the committee.

Conference of National Charities.

Cincinnati, Ohio, May 20.—The fourth day's session of the twenty-sixth annual conference of charities and corrections was devoted to a general discussion of the report of the chairman, W. A. Gates, of St. Paul, on immigration. A bill proposing uniform legislation in all the states. It makes necessary that any person shall have been a resident of a state for a certain period of time before being admitted to state benevolent institutions, the limit for such residence being the same as for voting; all non residents to be returned to the cities, counties or states where they legally belong.

PARIS EXPOSITION.

United States Preparing Extensive Exhibits for the Big Show.

New York, May 20.—Ferd. W. Peck, United States commissioner to the Paris exposition, reached New York to-day. He said: "The plans of all the United States buildings have been approved by the French authorities, and work upon the buildings will begin immediately."

"There will be five buildings on the main grounds and two in the Bois de Vincennes annex to the exposition, which will be made the most important part of the whole. We secured 60,000 square feet at Vincennes, far beyond our expectations."

"We also secured 40,000 square feet and 20 per cent of our wall area for the arts, besides obtaining privileges of exhibiting throughout all our sections. M. Card, French commissioner, authorized me at our final interview to state that everything will be ready ahead of time and in some buildings the installations could be made next August."

ROSE STILLMAN COMPANY.

Keeps an Audience in a Howl of Laughter by Presenting "Judge."

The Rose Stillman company presented the celebrated comedy, "The Judge," to quite a large and thoroughly appreciative audience at the Orpheum hall last night. The audience was kept in uproarious laughter from the time the curtain rose until it dropped on the last act. Rose Stillman, as Nan, was again a great favorite with the audience, and George Kunkel as Judge Leander Blum fully sustained the reputation he made on the previous evening, demonstrating

WEEKLY BANK STATEMENT.

Minneapolis, Minn., May 20.—A. T. McGiffert, of the Union theological seminary, by a letter, presented his complaints to the Presbyterian assembly this morning, and refused to comply with its requests of last year that he should modify his attitude on doctrinal matters expressed in his "Christian Church in the Apostolic Age," or else withdraw from the church. Instead of modifying his views he declares that he is in harmony with Presbyterian doctrine on all points and cannot withdraw. The language of the letter is so courteous that many conservatives in the assembly held the liberals in admiration. The committee on bills and overtures, Dr. Wallace Radcliffe chairman, will pass upon the letter. There will be a heated debate in the assembly, and it is expected that the New York Presbytery take up the question of expulsion of Dr. McGiffert, which means a heresy trial.

March Term Adjourned. Santa Domingo, Ind., May 20.—The March term of the Indiana Supreme Court adjourned this morning. In the case of the Santa Domingo Indian Pueblo vs. Marcus C. de Baca et al., brought to perpetuate the injunction restraining the defendants from diverting water from the plaintiffs' community ditch, testimony was taken this morning on behalf of the plaintiffs, which disclosed the fact that the defendants had been using the water from the ditch to irrigate their lands, and on for the past twenty years, but the Indians have always protested against this practice. The evidence showed that numerous difficulties have occurred between the contending parties over the matter.

The defendants are introducing their testimony this afternoon and make two contentions, first that they have a right by prescription to the use of the water, and second that they have rights under a contract, made between defendant and a former governor of the pueblo, by which the Indians granted the defendants the right to use the water in return for the privilege of running the ditch through their property.

G. H. Howard, of Santa Fe, assisted by F. W. Glancy, represented the Indians, and E. V. Chavez, the defendants. There are ten Indians from the Pueblo attending the trial and a like number of white settlers.

After hearing all the evidence of the defendants this afternoon, Judge Crumpacker decided the case in favor of the Indians, and made the temporary injunction perpetual against the defendants.

In the case of the city of Albuquerque against E. R. Kelly, et al., M. P. Stamm and Kraus Meyers, the motions by the defendants to set aside the judgments entered against them, were continued until the first day of next term.

In the case of the Simpson et al. vs. J. Q. Willis et al., a motion for a new trial was overruled.

Today closed the March term of the district court, which has seen a vast amount of litigation disposed of. The docket of the district court of Bernalillo county has for years been encumbered with a large number of cases, many of them covered with the dust of age. Judge Crumpacker at the adjourned March term had applied his energy to an attempt to reduce the docket to a normal condition. At the commencement of the term there were pending on the docket 200 cases, and of this number at the adjourned March term he has disposed of nearly 200 by trial and on hearing. There is scarcely a case in which if the attorneys had a trial they could not have had it, dilatory tactics either side not being favored by the judge.

The levy for district court purposes in this county is but three mills while that in all other counties in the territory is five or six mills.
