Have you been counted yet?

It never pays to act so as to be thought "sporty."

The report that Aldrich will quit the senate is too good to be true.

Some people never get over the idea that they are the majority, even when "shown."

Taft's foot is so big that when he puts it in anything, there is always a mighty big squosh.

The coming year will be the most prosperous ever known in Roswell. Just chalk that down.

The less we have of politics in the conduct of the schools of this city, the better it will be for the schools.

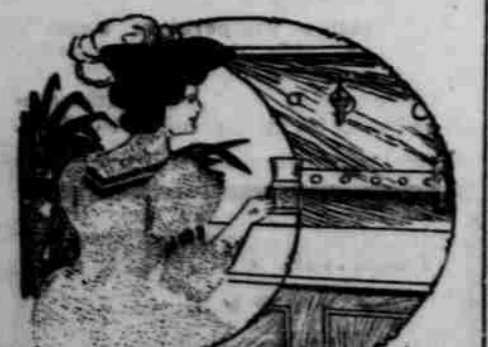

If former president Roosevelt is doing nothing else in Europe, he is making the big sticks sit up and take notice.

Of course Taft wants to send the biggest-ever battleship fleet around the world. Isn't he the biggest-ever, himself.

Up in Iowa it is snowing today. Send back word to your friends that there is plenty of room here for more farmers.

The man who allows his little personal and political prejudices run away with his judgment hurts himself more than he injures others. And he becomes spotted as a narrow-minded man.

It's an old and true saying that "a drop of honey catches more flies than a gallon of gall." So it is with men. If you would win a man to your cause, first convince him that you are his sincere friend. Therein is a drop of honey that catches the heart, which, say what you will, is the great highway to his reason, and when once it

ator one of the committee of one hundred to welcome home Theodore Roosevelt. Now there is a lot of highly educated Mayflower-lineaged celebrities on that committee—witness the names of Cornelius Vanderbilt, Joseph Coate, Seth Low, etc. and it is said that they do not—well they do not feel complimented by Mr. Grady's presence among them. Why? Oh, they just give a lot of reasons. For one thing there never was a more typical Tammany politician than Grady, except for the fact that he can talk when he is on his feet.

Grady was born in New York City in 1853, was educated at the parochial schools, Manhattan College, the De La Salle Institute, and Tammany Hall. He drifted in to the law and broke in to politics. He got his first political job in 1874, and he has held one almost continuously ever since—except for the brief period when he was not returned to the Senate because Grover Cleveland made his return to private life a personal matter. He was Croker's friend—and sometimes enemy—and when Bourke Cochran wabbed too dangerously in his oratorical orbit Grady became the official ranter for Tammany. He has quarreled many a time with his chiefs, but the fuss was usually composed. It was far better to keep Grady zappy than to hire an extra force of guards to keep from setting fire to the Hall. He is short, fairly stout, active, convivial and belligerent. Now and then he talks unwisely, but too well. Some one referred to "red-faced and thick-necked rascals" at a dinner the other day, and they had to send out a fourth alarm to keep Grady from going to the defense. He is the most brilliant man on the Democratic side of the State Senate, even if he may not be the most trusted. Be perfectly easy in your mind. He won't retire.

is gained you will find but little trouble in convincing his judgment of the justice of your cause, if indeed the cause really be a just one.—Abraham Lincoln.

Tact is the knack of keeping quiet at the right time; of being so agreeable yourself that no one can be disagreeable to you; of making inferiority feel like equality.—George H. Lorimer.

The fruit crop of the Pecos Valley this year bids fair to be a good one. Whatever its amount it will bring large prices. Reports from over the country indicate that the fruit crop of the year will be a very small one. This means good prices for those growers who are fortunate enough to get a crop.

THE SOCIALIST VICTORY.
 The Socialist party in the United States achieved its first great victory in the recent municipal election in the city of Milwaukee. The Socialists elected their candidate for mayor by a plurality of over 7,000, the Democratic ticket running second and the Republican ticket third. The new council will consist of 21 Socialists, 10 Democrats and 4 Republicans; the board of supervisors of 11 Socialists, 3 Republicans and 2 Democrats.

Various causes are ascribed for the Socialist victory, many of them local, but there can be no doubt that, in its larger significance, the result was a protest against existing conditions in the country over. The Republican party has been doing all it can to make men Socialists. Goaded by great wrongs and abuses, such as the high cost of living enforced by the iniquitous tariff, without the compensating advantage of proportionate incomes, a large element of the people of Milwaukee registered their protest by striking what they conceived to be the most effective kind of a blow at the system under which they are oppressed.

Whether or not the Milwaukee overturning is followed by other and similar Socialist victories is of course a matter for the future to determine. The Republican and Socialist parties represent the two extremes of paternalism. One is the party of special privilege and plunder for the strong; the other would stretch the powers and activities of the government to a point never before attained in any civilization. The Democratic party is the great, and the only, conservative political organization in this country today and to it the people must turn if they would escape the oppression of reactionary Republicanism on the one hand and the untried, uncertain theories of Socialism on the other.

Railways Justify Rates
 Kansas City, Mo., April 18.—At an Interstate Commerce Commission hearing today, railway attorneys presented evidence and argued their side of the case in the matter of the complaints filed by the Southwestern Traffic Association.

They contend that the southwestern points are not deserving of a lower rate than has been given Kansas City based upon the argument that shipments can reach southwestern points from the East cheaper by the way of the Galveston port than by rail.

Biographical Sketch
 Thomas H. Grady

Strange what a little thing will make a man famous—one might say notorious, but it wouldn't be nice. Now there's State Senator Thomas H. Grady of New York. He came more nearly being nationally famous for his defense of horse-racing when Governor Hughes got after the sporting malfactors, than ever he did as leader of the minority in the New York Legislature, but it took a little act of Mayor Gaynor to thrust Grady right in the fore front of public attention. The Mayor recently named the Sen-

NOTICE OF SUIT.
 In the District Court, Chaves County, Territory of New Mexico.
 Anna Johnson, Plaintiff,
 v.
 Lea Cattle Company, a corporation; The Unknown heirs of H. K. Thurber; and Mrs. H. K. Thurber, Defendants.
 No. 1694.

To Mrs. H. K. Thurber, and the Unknown heirs of H. K. Thurber, deceased, Defendants:
 You and each of you are hereby notified that a suit has been filed against you by the above-named plaintiff in the District Court of the Fifth Judicial District in and for Chaves County, Territory of New Mexico.

The general object of the action is to quiet the title of the plaintiff to lot number 6 in Block 43 West Side Addition to the City of Roswell in the County of Chaves, Territory of New Mexico.

Plaintiff further charges that said defendants make some claim to said premises adverse to the estate of plaintiff and prays that her title or estate in said described premises be quieted against any adverse claim or claims of the defendants and that the defendants be barred and forever estopped from having or claiming any right or title to said premises.

That defendants are hereby further notified that unless they enter their appearance in said suit on or before the 14th day of June, 1910, plaintiff will apply to the court for the relief demanded in the complaint and judgment will be rendered against them by default. That the name of plaintiff's attorney is K. K. Scott and his post office and business address is Roswell, Chaves County, New Mexico.

WITNESS my hand and seal of said court this 16th day of April, 1910.

S. I. ROBERTS,
 Clerk of the District Court of the Fifth Judicial District in and for the County of Chaves.

Ordinance No. 209.
 An Ordinance Amending Section 17 of Ordinance No. 143, passed August 4, 1908.

BE IT ORDAINED by the City Council of the City of Roswell:

Section 1. That Section Seventeen (17) of Ordinance No. 143 be and the same is hereby amended so as to read as follows:

That there is hereby created the office of City veterinarian, who shall be appointed by the Mayor and confirmed by the council, whose term of office shall be two years. He shall be a regular veterinarian of good standing, and his duties shall be to inspect dairies and apply tests for tuberculosis at least once a year, or as often as may be deemed necessary by the veterinarian and sanitary committee to every cow from which milk is sold in Roswell, and each bull serving such cows, and he shall be entitled to collect from the owner thereof a fee of \$3.00 for the first cow, \$2.00 after the first cow up to and including four (4) cows, after four (4) cows, \$1.50 up to nine (9) cows, and all over nine (9) cows, \$1.00 for each cow or bull so inspected. All fees shall be paid in advance. It shall be his duty to keep a careful written record, name of owner and number of each animal so inspected. The in-

PROCLAMATION.
 Mothers' Day.

To the People of the City of Roswell:
 I do not know of a more effectual way to check that which has become the awful spirit of commercialism of this time than to set aside one day which may be devoted to our mothers.

I wish to call the attention of the good people of Roswell to a custom which has prevailed in many of the municipalities, small and great, of setting apart one day in each year to pay tribute to the noblest and best of God's creatures—our Mothers. (I quote from another.)

Is your mother dead? Then you should honor yourself and her memory by dismissing from your mind, for one day, all other things and devote the time to service and work that you know would gladden her heart and fill her with joy if she were with you.

Do you remember her many acts of kindness and self-sacrifice? Why not repeat them as often as possible, and especially, on a day set apart for

spection herein provided for shall apply to every animal from which milk or cream is sold in the city of Roswell, the same being deemed and considered a dairy within the provisions of this ordinance.

Any person selling milk without a certificate of the City veterinarian showing the payment of fees herein above provided, and that the animals from which milk or cream is sold are sound and in good health, and the dairy lot, or dairies are in good and sanitary condition, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished as provided in Section 46 of this ordinance, and thereafter prohibited from vending milk until they have complied with the terms of this ordinance.

Section 2. That Section 20 of Ordinance No. 143 be and the same is hereby amended so as to read as follows:

Section 20. It shall be the duty of the City Physician to test samples of milk vended in Roswell from all vendors, for butter fat and adulteration with water or otherwise, such samples taken summarily, and any vendor found guilty of selling milk containing less than 3.5 per cent butter fat, or in any wise adulterating such milk shall be liable to the penalties of this ordinance.

Section 3. This ordinance shall take effect and be in force from and after publication as required by law.

Passed this 15th day of April, A. D. 1910.

Approved by me this 15th day of April, 1910.

 Mayor.

 City Clerk.

that purpose? Is your mother living? Then manifest your appreciation of her devotion to you by doing for one day in the year that which she is so fond of doing every day.

There is no authority of law for issuing this proclamation of setting apart a day for the purpose, but I suggest that Sunday, May 8, 1910, be observed by all the churches of the city of Roswell, as 'Mothers' Day, and as many as possible attend church on that day and wear a white carnation. This suggestion is made because the white carnation is especially appropriate. Its whiteness stands for purity; its form, beauty; its fragrance, love; its wide field of growth, charity; its lasting qualities, faithfulness,—all a true mother's virtues.

I trust, therefore, that all persons, and all religious, social, fraternal, civil, military, and other organizations, will pay her homage by attending religious services on Mother's Day, and that the churches of the city prepare an appropriate program for the occasion, and that a contribution be taken and devoted to local charity—possibly some mother needs assistance.

Given under my hand this 15th day of April, 1910.

G. A. RICHARDSON,
 Mayor of the City of Roswell.

SNOW FALLING IN IOWA; FRUIT LOSS TEN MILLIONS
Des Moines, Iowa, April 18.—Secretary Green, of the Iowa State Horticultural Department, today estimated the loss of Iowa fruit and vegetables from the recent freeze to be between five and ten millions. The early fruit, cherries and plums have been totally destroyed. Snow is falling today in many parts of Iowa. It was 22 degrees above zero in southern Iowa last night.

TEDDY HAVING A BIG TIME "DOING" HUNGARY.
Buda-Pest, Hungary, April 18.—Although Hungary is having an exciting general election, the visit of Mr. Roosevelt is monopolizing the public attention. The newspapers of Buda-Pest today print columns about his arrival and extended editorials of welcome. The character of the crush at the railway station last night, when the former president arrived, may be judged from the fact that the chief of police suffered a broken leg and several other persons were injured. Today a big crowd cheered the distinguished guest as he left his hotel and entered an auto to begin the day's program.

FOUR MAILING CLERKS KILLED IN A WRECK.
Memphis, Tenn., April 18.—Four mailing clerks are dead and three trainmen and a mail clerk were injured in a wreck of the through flier from New Orleans to Chicago on the Illinois Central five miles north of Jackson, Miss., early today. The engine left the track and plunged down a fifteen foot embankment, carrying with it the baggage, mail and library bar and two Pullmans. The wreckage caught fire and the bodies of the mail clerks were cremated.

I have a few bargains in Diamonds at 25 per cent less than wholesale prices. Call and see them.—L. B. Boellner, Jeweler. 3712

THE 8TH GRADE EXAMINATION IS CHANGED TO DEXTER.
It having been proved to me that more pupils who will take the Eighth Grade Examination, April 29th, and 30th, 1910, would be accommodated by holding said examination at Dexter instead of Hagerman, I hereby notify all interested that the place of holding said examination is changed from the place announced, Hagerman, to Dexter. Let all pupils who expect to take same report to Prof. W. F. Osborne and Prof. S. L. Herriott, at the Public School building in the town of Dexter, by 8 o'clock, Friday morning, April 29th, 1910.

Respectfully,
C. C. HILL,
County Superintendent of Schools.

MEN ON THE DELAWARE & HUDSON VOTE TO STRIKE.
Wilkesbarre, Pa., April 18.—The conductors, trainmen, engineers and firemen and telegraphers on the Delaware & Hudson railroad have voted to go on strike tomorrow unless the company grants the Baltimore & Ohio scale of wages.

COUPLE MARRIED HERE ON SUNDAY AFTERNOON.
Andrew D. Doran, aged 54, and Mrs. Phebe Askins, aged 48, were married at two o'clock Sunday afternoon, the ceremony being conducted by Judge J. T. Evans at his rooming house on North Richardson avenue. The couple have been living in Roswell but will now go to the bride's claim, 25 miles east of here on the plains.

STILL LAWING OVER THE ALBUQUERQUE ELECTION.
Albuquerque, April 17.—Additional interest was added to the contest for the mayor's office when Dr. J. W. Elder, the republican candidate, elected by one vote on the face of the returns over Attorney Felix Lester, the present incumbent, filed a petition in the district court late yesterday afternoon asking that the court dissolve its injunction, which restrains the city clerk from canvassing the returns and issuing a certificate to the person then shown to have been elected.

Attorneys Mann and Venable represented Dr. Elder and a hearing was begun before Judge Ira A. Abbott at 5 o'clock yesterday afternoon. It was not completed at 6 o'clock and will be resumed Monday.
The petition of Dr. Elder sets forth the usual statement of facts in connection with the election and concludes: "Wherefore your petitioner prays that the said order be set aside and the injunction dissolved; and that the said clerk and justice of the peace be directed to canvass said election returns as to mayor and issue a certificate in accordance therewith."
A canvass of the returns for all other offices except that of mayor was made by City Clerk Joan McManus and Justice of the Peace George R. Craig on April 15.
This action on the part of the attorney for the republican candidate, it is believed, will bring the matter to an issue and much interest will attach to the court's ruling in the case.

RAIN POSTPONES BIG BASE BALL GAMES.

NOTARY PUBLIC

DR. GRAY MAKES A NOTABLE ADDRESS.
Pueblo, Colo., April 18.—Dr. E. McQueen Gray of Albuquerque, New Mexico, who made a notable address here before the dinner given by the board of control of the Eighteenth National Irrigation Congress, Pueblo September 26-30, 1910, is a most interesting character, and one of the leading men of the Great Southwest.

Dr. Gray is an Episcopal clergyman a university president, a scholar, a writer, a public speaker, the friend of diplomats and distinguished men the world over. The National Irrigation Congress was most fortunate in securing his services as foreign secretary, to head a department that has not only been most attractive and inviting as an adjunct of the great development institution, but has rendered most efficient service to the United States government in preserving the comity of nations.

The following synopsis, in brief of Dr. Gray's qualifications and attainments are indicative of the value of the man to the congress and to the west:

President of the University of New Mexico and member of the State Board of Education.
Foreign secretary of the National Irrigation congress.
Author of a good many works of different kinds, educational works, fiction, drama, poetry, etc., published in Europe.

Compiled for the United States department of the interior a departmental document on "Reclamation in Foreign Countries."
Chevalier of the Order of Merit of France and of the Libertador of Venezuela.
Companion of the Order of Medjidia and of the Order of Osmanli of Turkey, honors given during the campaign of 1885.

Has traveled over and knows all of South America and Africa, and the continent of Europe thoroughly.
Dr. Gray's father having been in the British diplomatic service and Dr. Gray's own experience in connection therewith make him particularly valuable as foreign secretary of the National Irrigation congress.
Dr. Gray's declaration that the National Irrigation Congress "is the greatest economical and industrial movement in the world," is significant, from the standpoint of a man who has traveled widely over the world and is held in esteem by the government of the United States. He further said:

"The National Irrigation congress is a potent force in the comity of nations. I know from the officials of this government at Washington that the labors of the congress have done much toward establishing a nice balance between this and foreign countries, and the entertainment of distinguished foreigners at previous congresses has been sincerely appreciated by nations great and small in all parts of the globe.

"The administration in Washington admits the congress is trying to do and is actually doing a work that no other national organization can do or is doing."

Dr. Gray also paid a high tribute to irrigation in this country and to the work and influence of the National Irrigation congress when he said: "All conditions, and the aggregation of all possible conditions, known in irrigation the world over, are found in this country. It is unique and that is what strikes the foreign engineer or government officer favorably.

When the foreign delegates come to Pueblo next fall, they will find, in the Arkansas valley, from Garden City and its pumping to the great Gunnison tunnel on the Western Slope, a variety of conditions in irrigation and under irrigation that will enable them to make a comprehensive study with advantage and gratification. It has occurred to me often that nowhere in the world has the alert, thoughtful foreigner so great an opportunity of entering a school of instruction and imparting and receiving useful national information as in the sessions of the National Irrigation congress.

To Electrocute Murderer.
Albany, N. Y., April 16.—Earl B. Hill, convicted of the murder of Eldredge Davis at Bainbridge, Chenango county, in 1908, will be executed next week, the court of appeals having fixed that date.

New York, April 16.—At the Harlan games this evening, Louis Tewanina the Monki Indian, will make an attempt to better the present indoor record for a ten-mile race which he himself now holds, and the Amateur Athletic Union will award him a medal in case he succeeds. All the crooks in this part of the country will run against the Indian.

Cops Must Be Gentlemen

Cleveland, O., April 18.—Diazon pins, red neckties, celluloid collars and other flashy adornments may not be worn by Cleveland policemen after today.

Frederick Koher, the "Golden Rule" chief, explains the prohibition by saying that gentlemen do not wear such things. Hereafter, declares the Chief, cops who fall to properly tone down a "loud and flashy" appearance will be dismissed from the force.
