CAPTURED SAN ISIDRO.

Gen. Lawton's Advance Guard
Capture the Capital.

President Diaz Accepts Invitation to
Visit United States.

Alaska Gold Output This Season Will Be
About \$19,000,000.

MISSOURI DEPARTMENT STORE LAW.

Manila, May 17.—General Lawton's advance guard, consisting of the Oregon troops, took San Isidro, the insurgent capital, this morning. The expedition under Major Kibbe, Third artillery, consisting of the Oregon troops, one battalion of the Ninth, and one battalion of the First, left Calcutt at daybreak, marching up the Rio Grande into the mountains. A flotilla of canoes loaded with supplies also proceeded up the river. Both forces were conveyed by the Rio Grande into the mountains. The advance guard under Captain Grant.

DRIVING THE ENEMY.
Washington, May 17.—The following dispatch was received at the war department:

Manila, May 17.—The situation is as follows: General Lawton with tact and ability covered Bulacan province with his command, having driven the insurgent troops northward into San Isidro, the second insurgent capital, which he captured this morning, and is now driving the enemy northward into the mountains. He has had constant fighting, inflicting heavy losses and suffering, and has had no casualties. The appearance of his troops on the banks of the enemy behind entrenchments thrown up at every strategic point and town was very demoralizing to the insurgents and has given them no opportunity to reconcentrate their shattered troops. Kobles column with gunboats is proceeding up the Rio Grande.

KILLED AND WOUNDED.

Washington, May 17.—General O'Day, at Manila, under day's date, sent the war department the following list of casualties:

Killed—Sixth artillery, Sergeant Frank A. Fisher; Second Oregon, Private James Harrington. Wounded—Seven.

REBELS THREATEN SAN FERNANDO.

Manila, May 17.—Although the rebels still threaten San Fernando in considerable force, a large number of natives, the majority being families with household goods, are moving daily to the towns inside of the American lines, at Apalit especially.

Many of the richer Filipinos are coming to Manila. Laborers are resuming work in the rice fields.

Getting to the last condition of the wagon roads, the work of repairing the railroad is being actively pushed. Trains undoubtedly will be running through San Fernando in a few days.

At daylight today Lieut. Hill, who, with twenty-five men of the Fourth infantry, was concealed in the trenches near Pangasinan, was attacked by natives, who evidently imagined they could capture one of our outposts because only a few shots had been fired by the Americans.

A few volleys were exchanged, but the rebels losing five killed.

The army gunboat Napagudin returned here from the lake, having disabled a rebel cannon shot from a rebel gunboat near Santa Cruz which broke its rudder post.

BATTLE OF SAN ISIDRO.

Manila, May 17.—Col. Sumner's command, consisting of the Twenty-second infantry on the left, the Minnesota regiment in the center and the Oregon and North Dakota regiments on the right, preceded by scouts, and accompanied by Scott's battery of artillery, advanced from Baldrate at daylight. The troops first encountered the enemy two miles from San Isidro, the rebels retiring when our artillery opened fire. Just outside the town the rebel force, estimated at 2,000 men, was encountered. They met slight resistance and quit their position when our troops turned their right flank. The enemy's loss is fifteen killed and twenty wounded. Our troops captured twenty prisoners and many rifles. On the American side, one soldier of the Oregon regiment and one of the Minnesota regiment were slightly wounded. After capturing the town, Colonel Sumner's troops continued the advance, pursuing the retreating rebels several miles.

Alaska Gold Output.

Washington, May 17.—Consul Brush reports to the state department from Clifton, Ontario, "Authority," whose statements heretofore have proved conservative, brings word from Lawson that the wash-up from the Yukon this year will aggregate \$19,000,000.

President Diaz Will Visit Chicago.

Chicago, May 17.—President Porfirio Diaz, of Mexico, has sent word that he will accept the invitation to visit Chicago and the United States during the fair festival. The formal invitation will bear the signature of President McKinley, the governors of at least a dozen states and Mayor Harrison.

Department Store Law.

Jefferson City, Mo., May 17.—The governor has signed the department store law. It will apply only to stores in St. Louis, Kansas City and St. Joseph, which employ fifteen persons or more, and taxes all classes of goods handled. The supreme court may pass on its constitutionality.

Tough Riders Reunion.

Las Vegas, N. M., May 17.—Official notice was received here today from Lieut. J. D. Carter, Prescott, Arizona, secretary of the Society of Rough Riders, to the effect that the first annual reunion will be held at Las Vegas, June 24. Governor Roosevelt and staff will be present. Free entertainment will be given all Rough Riders.

MAZE COMMITTEE.

New York City Officials Vigorously Deny

All Charges.

New York, May 17.—The Maze investi-

gation committee resumed its session to-

day. Thomas L. Hamilton, formerly police

commissioner, testified that no reason

was assigned for the retirement of

Chief McCullough, nor was any accusa-

tion made against him.

He denied the statement of Mayor

Van Wyck that he used his official po-

sition to coerce the Casino into the

payment of a bill. Hamilton also de-

clined the mayor's statement that he had

refused to vote for the transfer of any

police officer unless Platt was agreeable.

Police Captain Herlihy, whose transfer

from a down town station to Kings

Bridge was said to have been made be-

cause he made raids on pool rooms, said

he was never in the charge of the police.

PETITION FOR A POSTOFFICE.

Sent to the Postoffice Department by the

People of Barajas.

Some of the people of the neighboring

town of Barajas have retained W. P. Mc-

Callister to draw up a petition for them

to be submitted to the postoffice de-

partment, praying that a postoffice be

established at Barajas and that Josephine

Griffing be appointed the postmistress.

Under the present arrangement the

people of Barajas get their mail through

the Albuquerque office and the majority

of the people there have the mail deliv-

ered to them daily by carrier. These

latter are a unit against the proposed

change and it is doubtful if the others

would be benefited to any degree there-

fore.

The lady, who is recommended for

appointment as postmistress resides at 105

second street, while the mail at present

is delivered to a distance over

sixteen blocks south of her house on

Second street.

Under the new plan, the postoffice

would be established near the Barajas

bridge in order that the mail may be

carried there by the same carrier who

now takes the mail to Pajarito. As this

carrier only goes three times a week, it

could probably be done without any

great expense than would be required

to establish the new office and the ad-

vantages in the way of superior service

are not to be compared.

District Court News.

In the district court this morning, the

motion made by the plaintiff in the

case of Juan Jose Marquez vs. Jesus M.

volves the possession of a piece of prop-

erty, including a house.

The case of Jo Badaracco vs. Miguel

on motion and affidavit to set aside de-

fault against defendant. After hearing

the evidence, the court overruled the
