VOL. 41.

SANTA FE, N. M., FRIDAY, MAY 6, 1904.

NO. 66.

## COLORADO REPUBLICANS

Met in Convention in Denver Today—E. O. Wolcott Elected Temporary Chairman and Addresses the Assembly.

### SITUATION CRITICAL

Praises Action of Governor Peabody in Maintaining Order in the State and Refers to Fraudulent City Elections.

Denver, May 6—The Republican state convention was called to order at 10:45 by Chairman D. C. Fairley of the state committee. The temporary roll call was made permanent. There were 705 delegates. A. M. Stevenson nominated E. O. Wolcott for temporary chairman. There was no opposition.

Wolcott addressed the convention. He said there was an omen given of victory when the second district re-nominated Congressman Hogg.

Massachusetts was no more certain of casting its vote for Theodore Roosevelt than was Colorado. Members of the different wings of the party were determined on unity. He reviewed the national administration, showing what had been accomplished under Presidents McKinley and Roosevelt, but stated that the issues were more important in Colorado. He praised the action of Governor Peabody in maintenance of law and order. In referring to the fraudulent voting in Denver, Wolcott said the situation was critical and seemed well nigh hopeless. Public utility and the corporations joined hands with the corrupt element, yet he believed that victory would come to the Republican ticket in the city election through aroused public opinion. He called upon delegates from outside of Denver to send a heavy Republican majority to the legislature and suggested that it could even take away Denver's charter if necessary in order to put an end to the election frauds.

A committee on organization was appointed and after harmony speeches by John W. Springer, candidate for mayor, Governor James H. Peabody, and Congressman H. M. Hogg, a recess was taken until 2 this afternoon.

State Elected This Afternoon.

Denver, May 6—The following is the slate which is to be elected at the Republican convention this afternoon: Delegates, E. O. Wolcott, James H. Peabody, N. Walter Dixon, S. S. Downer, A. M. Stevenson, Thomas F. Walsh second district, Clyde Dawson, Charles F. Caswell, first district, John W. Springer, W. G. Stapleton.

Instruct for Roosevelt.

Denver, May 6—The second congressional Republican convention this afternoon elected John W. Springer and W. B. Miner as delegates instructing for Roosevelt. Governor Peabody's administration was endorsed.

## POPE PIUS X. IN BAD HEALTH

Constant Confinement to the Vatican Begins to Tell Upon Him—Calls Venice Physician.

It is reported that Pope Pius X. is in very poor health and that he has recently called to Rome the physician who attended him at Venice and in whom he has great confidence. This physician assigns the constant confinement to the Vatican as the cause of the Pope's decline in health, although it is thought that the slight recently put upon the church by the visit of President Loubet to the King of Italy may be responsible for a great part of his illness.

## A STABBING AFFRAY.

At Gallup Last Night Between Two Miners.

Gallup, May 6—Last night in a drunken row, here, Charles Supin stabbed John Brice seriously several times. Brice was unarmed. Both of the men are miners employed in the coal mines at Weaver. Supin was arrested and is now in jail here.

## MINER BURNED TO DEATH.

Hotel Turret Destroyed By Fire and Ramond Zooks Perished in the Flames.

Salida, May 6—The hotel Turret was destroyed by fire and Ramond Zooks, a miner, age 20, was burned to death. A half dozen others narrowly escaped. Zooks came here from Cheyenne, Wyoming, where he has relatives. The body will be shipped there.

## WAS AFRAID TO FACE

A NEW TRIAL.

Louisville, Ky., May 6—Curtis Jett, who murdered J. B. Macrum in the court house of Breathitt County has accepted life sentence rather than face a new trial.

## TORNADO IN PANHANDLE.

No Particulars Are Obtainable as Wires Are Down and Telegraph Facilities Impaired.

Dallas, Texas, May 6—No particulars were obtained up to 10 o'clock of the tornado reported last night in the Panhandle district. All the wires leading to that part of the state are down, and telegraph facilities in all directions are seriously impaired.

Several Killed and Injured.

Fort Worth, Texas, May 6—Every effort to reach Rutherford and Cisco by wire up to noon today has been unavailing and the result of last night's tornado in these sections is unknown. Several are reported killed and injured and much damage done to property.

## DIFFERENCES ADJUSTED.

Factions Agree to Name Former Senator Wolcott as a Delegate to National Republican Meeting.

Denver, May 6—The sharp contest, waged for weeks for places on the Colorado delegation to the National Republican convention, was still in progress when the convention met today for the purpose of naming six delegates at large and six alternates. The factional differences that divided the party for the past two years had been adjusted, however, before the meeting of the convention and an agreement reached to name former Senator Wolcott as first delegate at large. It was further decided that Governor Peabody shall be a delegate.

## RULES WILL BE MODIFIED

The Stringent Regulations in Regard to Quarantine to Be Done Away With Shortly.

El Paso, Texas, May 6—A message was received by Mayor Morehead yesterday from United States Senator Culberson of Texas, who is at present in Washington, relative to the quarantine laws. He states that he has been assured by the authorities who have jurisdiction over quarantine along the boundary between Mexico and Texas that the stringent rules will be in force only a few days longer, probably not longer than today or Saturday.

## SEVERE HAIL STORM.

The Windows of the Sunset Limited Were Shattered and Several Passengers Cut By Flying Debris.

Beaumont, Texas, May 6—The Sunset Limited of the Southern Pacific encountered a severe hail storm near Welsh, Louisiana. All the windows on the side of the train were shattered and the lattice work splintered by hailstones. The passengers were panic stricken.

Several were cut about the face and J. Kohn of Houston was seriously injured by the flying debris.

## WILL SUBMIT PROPOSITION.

Will Be a Modification of the One Previously Made By Manager Mudge.

Topeka, May 6—Vice President Buckalew of the Machinists Association says the union will submit a settlement proposition to the Santa Fe officials today which will be a modification of the one previously made by Manager Mudge. Mudge says the situation is satisfactory at all division points.

## FOUR INCHES OF RAINFALL

A Steady Downpour Continues Though Flood Situation is Greatly Improved.

Kansas City, May 6—The flood situation here is greatly improved today although steady rain continues to fall. The city's water supply, which had been materially lessened by the breaking of the big main, was practically restored. The rainfall in this vicinity during the past twelve hours amounted to slightly over four inches.

## BAKERS CAUSE RIOT.

Attempt to Stop Wagons Containing Non-Union Goods—Efforts Unsuccessful.

Chicago, May 6—The striking bakers caused a riot today. The occasion was an attempt to send out non-union goods. Their efforts to stop the wagons by stoning the drivers were unsuccessful.

## BIDS FOR COMPLETION OF TRANSANDINE RAILWAY.

Valparaiso, May 6—The government has asked for tenders for the completion of the Chilean section of the Transandine Railway. The only offer received was from the Transandine Construction Company for the sum of \$6,750,000. The American firm of Clark & Company and also Grace & Company are said to be interested.

## JAPANESE LAND NORTHEAST OF PORT ARTHUR

The Russians Have Greatly Reduced Their Garrison and Are Moving Important Documents and Field Guns to Mukden—Railroad Communication Cut—Harbor Blocked at Last.

St. Petersburg, May 6—The landing of Japanese at Pitsewo, northeast of Port Arthur is officially confirmed. It is expected that the railroad connection of Port Arthur with Mukden and Harbin will soon be cut. The departure of Viceroy Alexieff and Grand Duke Boris from Port Arthur was hurried owing to the possibility of interrupted railroad connection. The Japanese landed in sufficient force to dislodge a few hundred Russians watching the Pitsewo.

Details of Landing. Tokyo, May 6—The report that Admiral Hosoya received today gives details of the landing of troops on the Liao Tung peninsula, but suppressed the location of the landing place. First a party of sailors landed, wading breast deep for a thousand yards. They took possession of the range of hills without firing a shot. Three gunboats were employed to distract the enemy's attention. They shelled a hundred men, killing several. The fire fleet transports, seeing the Japanese flag displayed on the eminence, began the landing of troops. They were forced to wade ashore. Admiral Kataoka, commander of the third squadron, reports that his squadron conveyed the troops successfully to a Liao Tung base.

Landed at Port Adams. London, May 6—A dispatch from St. Petersburg to the Central News says that the Japanese landed at Port Adams on the west coast of the Liao Tung peninsula as well as at Pitsewo. Garrison at Port Arthur Reduced. Rome, May 6—According to a telegram received here from Che Foo, the garrison at Port Arthur has been reduced to 4,000 men and all important documents, money and field guns have been removed to Mukden.

Will Not Remove Warships From Port Arthur.

St. Petersburg, May 6—The details of the landing of the Japanese at Pitsewo have been received by the general staff. From information brought to Port Arthur by the Chinese, 50 transports are disembarking two divisions numbering 30,000 men of which 10,000 were landed yesterday evening. Strict orders have been given Admiral Wittselt not to take his warships from Port Arthur.

Troops Landed at Kinchau.

Washington, May 6—The state department has received advices of the landing of Japanese troops at Kinchau, about 40 miles above Port Arthur. This is the narrowest part of the peninsula, consequently the railroad is practically closed and the investment of Port Arthur begun.

Cut Land Communication With Port Arthur.

Paris, May 6—A dispatch to the Havas Agency from St. Petersburg says the Japanese troops who landed at Pitsewo yesterday, cut the land communication with Port Arthur.

10,000 Men Landed.

New Chung, May 6—It is reported that the Japanese troops that landed at Pitsewo on Liao Tung peninsula, numbered 10,000 men.

Russian Position Reinforced.

St. Petersburg, May 6—News of very heavy fighting near Feng Wang Chong is expected within thirty-six hours. Large reinforcements have reached the Russian position. While it is not officially admitted here it is believed that Port Arthur is sealed at least for large warships.

The town of Bernalillo is small, but one of the best built in the Territory. We were invited to the house of a wealthy man to take some refreshments. We were led into an oblong room, furnished like that of every Mexican in comfortable circumstances. A

banquette runs around the room, leaving only space for a couch. It is covered with cushions, carpets and pillows upon which the visitor sits or reclines. The dirt floor is usually covered with a rough carpet. On the uncovered part is the table with grapes, sponge cake and the wine of the country. The walls are hung with miserable pictures of the saints, crosses innumerable, and Yankee mirrors, without number. These last are suspended entirely out of reach; and if one wishes to shave or adjust his toilet, he must do so without the aid of a mirror, be there ever so many in the chamber. We passed on to the house of the host's wealthy son where table, and after waiting some hours, dinner was announced. It was a queer jumble of refinement and barbarism; the first predominating in everything except in the mode of serving, which was chiefly performed by the master, his Mexican guests, and a few female serfs.

The plates, forks and spoons were of solid New Mexican silver, clumsily worked in the country. The middle of the table was strewn with the finest white bread, cut in pieces, and within the reach of every corner. At close intervals were glass decanters, of Pittsburgh manufacture filled with wine made on the plantation. These dishes were served separately. The first was sour maize, then followed roast chicken, stuffed with onions; then mutton, boiled with onions; then followed various other dishes, all dressed with the everlasting onion, and the whole mixed with chile, the glory of New Mexico; then frijole. Chile the Mexicans consider the chef-d'oeuvre of the cuisine, and seem really to revel in it; but the first mouthful brought the tears trickling down my cheeks, very much to the amusement of the spectators with their leather skinned throats. It was red pepper stuffed with mince meat.

From Bernalillo the valley opens, but narrows again at Sandia, an Indian town on a sand bank at the base of a high mountain of the same name, said to contain the precious metals. They were treading wheat here, which is done by making a circular corral on a level ground of clay; upon this ground they scatter the wheat, turn in a dozen or more mules, and one or two Indians, who, with whoop and yells and blows, keep the affrighted brutes constantly in motion. To separate the wheat from

## 15,000 COPIES OF "HISTORIC SANTA FE"

Printed and Now Being Distributed By Enterprising Citizens—The Bulletin Remarkably Attractive.

An edition of 15,000 copies of a bulletin entitled "Historic Santa Fe as a health resort all the year," has just been issued from the press of the New Mexican Printing Company. It contains 60 pages and was printed at the instance of Gibson & Dow, proprietors of the Sunmount Tent City here. The bulletin is of the proper size to be placed in a six and a half envelope for mailing. It is without doubt the handsomest, best printed, most interesting and profusely illustrated brochure on the capital of New Mexico ever issued. That its distribution will do this town great good cannot be doubted and will within a few months be conclusively proved by results. A comprehensive, although terse, sketch of the history of this city from the first day of its settlement in the dim ages of four centuries ago is contained therein. The advantages of the capital city as a health resort, as a business place, for residence purposes and as a place full of historic and other attractions is set forth therein in the very best of language and in appropriate sentences. As to climatic conditions, facts gleaned from 30 years' records of the observations of the U. S. Weather Bureau are given. These cannot be disputed as they are official and prove conclusively that Santa Fe possesses the best all-year around climate not only on this great continent but for that matter, everywhere in the civilized portions of the world, which can be reached easily by comfortable railroad travel. The bulletin is not published for simply advertising purposes but to acquaint physicians, health seekers, tourists, those in search of rest and recreation, fond of historical and archeological research as well as the business men and capitalists, with the advantages, conditions and resources of this city from every standpoint. This is why the pamphlet was written and printed. It is now being distributed carefully to people who will read it and where it will do the most good to the readers as well as to this city.

## ARGUMENT CONTINUED.

The Supreme Court is Expected to Render Decision in the Case of Moyer Next Week.

Denver, May 6—The argument in the habeas corpus case of President Moyer of the Western Federation of Miners in the state Supreme Court, was continued today. Attorneys Waldon and Miller made their final arguments for the state and they will be followed this afternoon by Attorney Richardson for Moyer, who will make the closing argument. It is expected that the Supreme Court will then take the matter under advisement and that a decision will be handed down next week some time.

## WILL VOTE FOR PARKER.

Massachusetts Democrats Meet and Elect Fourteen Delegates to the St. Louis Convention.

Hartford, May 6—The Democratic convention today chose fourteen delegates to the St. Louis convention and instructed them to vote as a unit for Alton B. Parker for the presidential nominee.

## ADDITION TO GILA FOREST RESERVE

Asked for By Citizens of Sierra—W. S. Hopewell Gives Good Reasons Why This Should Be Done.

The petitions sent by the citizens of Sierra County to the Secretary of the Interior at Washington, for the addition of certain townships in that county to the Gila forest reserve, has aroused considerable interest over the Territory.

General Manager W. S. Hopewell of the New Mexico Fuel and Iron Company, who has been for 26 years a resident of that county and of the section immediately concerned, favors the project of creating the reserve, as set forth in the petition. He says he can readily see of how much importance this is to farmers along the Cuchillo, Palomas, Seco and Las Animas Creeks. If the timber and underbrush along the headwaters of these streams are cut out it will lessen greatly, if not destroy their water supply entirely. The water as supplied by these streams is a necessity for irrigation purposes. If the headwaters of these streams are denuded of the surrounding timber, it will mean the destruction of the water sheds. In the Black Range south of the Percha River, there are many cattle, sheep and goats, but there are none in the townships which it is asked should be added to the Gila reservation namely, 11, 12, 13, 14 and 15 south of ranges 9 west. Therefore the interests of the stockmen of the county would not be interfered with by granting the petition.

In speaking of the petition he said it was substantially as follows:

It asks that the following public lands be included in the Gila River For-

est Reserve. Townships 11, 12, 13, 14 and 15 south and the north one-third of township 16 south, range 9 west, of the New Mexico meridian for the reason that the herds of goats and sheep grazed upon said townships are destroying the brush and undergrowth and greatly injuring the watersheds of the Cuchillo, Palomas, Seco and Las Animas Creeks. Along these streams are situated the larger portion of the farming lands of Sierra County. The reserve now includes the west slope of the Black Range and extends over a short distance of the eastern slope. If the designated townships are included in the reserve, the heavy timber on the entire east slope will be included and its protection and preservation would help to conserve the water supply which is so essential to the farmers of that district.

The strip of land sought to be included in the Gila River Forest Reserve as detailed in the petition would be a little over 30 miles long and six miles wide. On the lower courses of the four streams mentioned there are many farming communities and fine farms. Most of this section was settled between 30 and 35 years ago, one or two of the towns as Palomas and Cuchillo are about 40 years old. Hence the prior rights to the waters of these streams certainly belong to these farming communities. Mr. Hopewell believes that the greatest good for the greatest number would be secured by the addition of the townships named to the Gila Forest Reserve.

MODERN SCHOOL HOUSE.

Citizens of Las Cruces Vote Bonds for That Purpose—Abundance of Fruit in Mesilla Valley.

Las Cruces is to have a modern school building as an election was held there Tuesday and bonds to the amount of \$14,500 were voted for that purpose. There was some opposition to the project, but it was carried by an affirmative of 270, against 105 votes.

The Mesilla Valley Fruit Growers' Association held its first annual meeting at Las Cruces yesterday. A number of new members joined the association. All of the principal fruit growers of that section are now members. A belief was expressed by members of the association that there would be an abundant crop of peaches, pears, plums, grapes and cantaloupes. The orchards and vineyards are in condition to do without rain for a month or even more.

## OLDEST BELL IN AMERICA

It Will Be Part of the New Mexico Exhibit at the Louisiana Purchase Exposition.

CAST IN A. D. 1355

Taken From One of the Seven Cities of Cibolla to Gran Quivera, Thence to Algodones.

The oldest bell in the United States has just been acquired by Governor M. A. Otero and will be exhibited in the New Mexico building at St. Louis. The bell arrived here yesterday from Algodones and will be shipped tomorrow or on next Monday to the Exposition City. The history of the bell is very unique, the data being furnished by Father Conderi of Bernalillo. It was brought over from Spain by one of the first expeditions to Mexico and by Father Juan de Padilla, one of the Franciscan Fathers who accompanied Coronado, to New Mexico, it being first hung in one of the mission churches established in one of the seven cities of Cibolla. From there it was taken to Gran Quivera where it was hung in the church of which the ruins are still visible. From Gran Quivera it was taken to Algodones, where it has hung in the parish church ever since. Father Padilla was killed by his guides while on the way from Gran Quivera to Algodones.

The bell weighs exactly 198 pounds. It was baptized Maria Josefa. It was cast in the year A. D., 1355, according to the inscription which is cast in the bell. The "F" in the word Josefa is inverted and the letters "S" and "E" are transposed, the mistake having evidently been made in the mold. The bell is supposed to contain considerable gold and silver as it was the custom in olden times for the devout to cast gold and silver ornaments into the bell metal just as it was poured into the mold. Naturally, a bell 545 years old, or antedating the discovery of America by 137 years is quite a curiosity and will attract more attention at the World's Fair than probably any other object exhibited.

The bell is one year older than the famous old bell in San Miguel Church in this city, which was brought to the western continent from Spain by the Spaniards in the same expedition probably that brought the Algodones bell. This latter bell is being kept in the basement of the store of Seligman Brothers on the south side of the plaza until shipped.

est Reserve. Townships 11, 12, 13, 14 and 15 south and the north one-third of township 16 south, range 9 west, of the New Mexico meridian for the reason that the herds of goats and sheep grazed upon said townships are destroying the brush and undergrowth and greatly injuring the watersheds of the Cuchillo, Palomas, Seco and Las Animas Creeks. Along these streams are situated the larger portion of the farming lands of Sierra County. The reserve now includes the west slope of the Black Range and extends over a short distance of the eastern slope. If the designated townships are included in the reserve, the heavy timber on the entire east slope will be included and its protection and preservation would help to conserve the water supply which is so essential to the farmers of that district.

## DEMOCRATIC POLICY AND THE PANAMA CANAL.

It will be remembered that during the sessions of the Fifty-eighth congress just closed senators and representatives who claimed to be Simon pure Democrats and who represented the masses of the Democratic party in the United States indiscriminately and venomously opposed the ratification of the Panama Canal treaty and the laws providing for the purchase of the Panama Canal and for the government of the Canal zone. They swore that the people were with them, that the Panama Canal schemes were dastardly and corrupt and that nothing but ruin and disgrace to the country could come from the measures if passed and so on ad libitum ad nauseum. To be sure they were wrong as was finally proven by resolutions and declarations by the majority of the Democratic conventions in the southern states and the utterances of many of the Democratic newspapers especially in the south all favoring the Panama Canal policy of Mr. Roosevelt and the Republican administration.

The Panama Canal question was finally settled and the canal is now the property of the United States and will be finished under the auspices and direction of the Federal government. It is therefore high time for the Democratic bosses to vere around to undo the harm done the Democratic party by some of its spokesmen in the recent session of the Fifty-eighth congress. Some of the Democratic statesmen have hit upon the unique plan of appropriating the credit for the measures pushed through the session by Republican votes and insist that the Roosevelt administration is too unsafe to be trusted with the work put in its charge by law in this case. Some of the recent Democratic conventions have passed resolutions upon this line and commenting upon the action of one of these, the St. Louis Globe-Democrat remarks that the Oregon Democrats at their state convention adopted a resolution in favor of the isthmian canal, but declared that it would be unsafe to intrust its construction to the Republican party. No specifications were attempted on this point, and for good reason. The Republican record of achievement speaks for itself. In carrying through responsibilities it has always been eminently successful. It had the management throughout the civil war and its policies preserved the unity of the nation. Some Democrats were as brave and valuable soldiers as any, but their party pulled the wrong way throughout the struggle. The early Pacific railroads were constructed under Republican laws, and their cost, with interest, was paid back under a Republican administration. Resumption of specie payment was a Republican feat. So was the establishment of the gold standard. The war with Spain was fought under Republican control. A Democratic administration pulled down the flag in Hawaii; Republicans hoisted it again. Our modern navy was originated by Republicans. The army has been shaped by Republicans, who are also the originators of the homestead law and the irrigation law.

These are but a few items from the history of the party that does things. It will build the Isthmian Canal and surpass all other efforts in that line for rapidity of excavation and wise sanitation. Its representatives have opened the opportunity to go ahead with the work under stable conditions. When the Oregon Democrats say the Republican party is not fit to build it, they make themselves a laughing stock. Oregon, fortunately for itself, is not governed by a party capable of submitting such absurd stuff to American citizens. In more than 40 years there has been only eight years of Democratic administration. What happened then to suggest that Democrats should be called forward to build the Isthmian Canal? The Oregon Democratic platform is silly.

Several of the New York papers that are booming Judge Alton Brooks Parker claim that the judge is laughing at Mr. Bryan. Let him have his laugh now. Should he be nominated, after election day in November next, Mr. Bryan will have his laugh. "He who laughs last, laughs best."

## THE JUDGESHIP SITUATION.

The situation in the matter of the appointment of an additional associate justice for the Territorial Supreme Court is becoming simpler, as several of the candidates, among them W. E. Kelley of Socorro and W. C. Reid of Roswell have withdrawn. Those still actively in the field are Judge A. A. Freeman of Carlsbad and E. A. Mann of Las Cruces, with Frank W. Clancy tentative candidate who is not exactly an applicant but who has many warm friends who would like to see him get the position. Judge A. J. Abbott of this city has also good support from New Mexico friends and from influential men in Kansas, where he served very efficiently as a district judge for nine years. It is understood that Delegate Rodey was primarily in favor of Mr. Kelley of Socorro, but as the latter has withdrawn, the delegate will doubtless support some other candidate. As he is in Washington it has not yet been ascertained to whom he will give his aid.

It is reported that if Governor Otero, Delegate Rodey, National Committeeman Luna and the Territorial Republican organization can agree upon a proper man, that Mr. Roosevelt will appoint him. This is the situation today. As things politically in New Mexico at times change with lightning speed, the aspect of the case tomorrow may be quite different.

## TOO PHILOSOPHICAL.

The Russian generals are still claiming that the battle on the Yalu on Sunday last was a great victory for them as the Japanese were compelled to take their entrenched positions, drive them off with considerable loss and now have on their hands a lot of Russian cannon and a good many prisoners. There is nothing like being philosophical in the matter. In the meantime the Japanese have gained a very strong and important strategic position and are getting ready for more decisive action. The Russian plan to entice the Mikado's troops into the interior of Manchuria and then to inflict a crushing blow upon them sounds very nice and looks well on paper. Judging, however, from past experience in this war, the Japanese commander and his armies will have something to say about this. This "crushing blow" talk by General Kuropatkin sounds very well in theory, but has not so far panned out in practice. It also now appears that the Japanese troops are better armed, more intelligent and shoot better than the Russian soldiers. These items will prove important factors in the fighting that is sure to come. Verily the lot of Emperor Nicholas has many thorns among its roses.

## HEARST IN IOWA.

The Iowa Democratic convention held on Wednesday was captured by the friends of Congressman Hearst and instructions for him were adopted. The delegation is to vote as a unit. The resolutions did not amount to much. The convention was very boisterous and both the Hearst and anti-Hearst speakers were hissed and some of them had to stop speaking and get off the platform. The Hearst speakers were greeted by the anti-Hearst delegates with cries of "bought," "brass collar," "how much did it cost," "sold to Hearst," and similar language. The old line Democrats in the convention were not recognized at all, as the Hearst following had over 150 majority. Every contesting Hearst delegation was seated. While Mr. Hearst gets the delegates, the work of the convention will prove very detrimental to the Democratic party in that state and is in every way bound to increase Republican majorities there this fall.

U. S. Senator Beveridge of Indiana, says that the joint statehood bill now pending in the U. S. Senate will pass that body in its present form and become law. He also gives Delegate Rodey the entire credit for this. This is bad for Mr. Rodey as well as for the people of this Territory and of Arizona. The people do not want joint statehood under the provisions of the pending bill and will take good care to smash a constitution submitted under its provisions if it becomes law, to them. Put a pin right here. The New Mexican is sorry to see Delegate Rodey in this mess. That is the long and short of it.

Advertising the climate and resources of this city in a publication entitled "Historic Santa Fe as a health resort all the year" cannot help but do this city vast benefit. Gibson & Dow, managers of the Sunmount Tent City had the bulletin printed and the work was done by the New Mexican Printing Company. It is of great literary merit, is handsomely illustrated and from a typographical standpoint, cannot be excelled. Copies are being distributed where they will do all concerned the greatest good. Certainly the Capital City and the readers of "Historic Santa Fe" will be benefited thereby.

Northern Colorado has experienced considerable snow and much rainfall during this week. The water reservoirs, especially in the agricultural sections are reported as full and overflowing and all the rivers and creeks now carry large volumes of water. This is good for Colorado, indeed very good. Were New Mexico to be treated similarly within the next few days, it would mean many thousands and thousands of dollars to its cattle growers and sheep raisers as well as to the agricultural interests.

Former Secretary of War Elihu Root of New York will be remembered by the Republican national committee for temporary chairman of the Chicago convention. This will be a well deserved and rightly bestowed honor upon this great statesman.

## Stomachs on Stilts.

The man who puts on stilts does not increase his actual stature by the breadth of a hair. He feels taller while he's on the stilts, and when he's off them he feels shorter than he ever felt. Stimulants are the stilts of the stomach. They make a man feel better for the time being, but he feels a great deal worse for them afterward.

The need of the man whose stomach is "weak" is not stimulation but strength. Dr. Pierce's Golden Medical Discovery perfectly answers that need. It cures the disease of the digestive and nutritive system which make the stomach "weak." It enables the digestion and assimilation of food, so that the body receives the nutrition on which depends its strength.

"I took two bottles of Dr. Pierce's Golden Medical Discovery for stomach trouble," writes Clarence Carnes, Esq., Taylorstown, Loudon Co., Va. "It did me so much good that I didn't take any more. I can eat almost anything now. I am so well pleased with it I hardly know how to thank you for your kind information. I tried a whole lot of things before I wrote to you. A gentleman told me of your medicine, and how it cured his wife. Thought I would try a bottle of it. Am now glad that I did, for I do not know what I should have done had it not been for Dr. Pierce's Golden Medical Discovery."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; You lose. Therefore accept no substitute for "Golden Medical Discovery."

The sluggish liver is made active by the use of Dr. Pierce's Pleasant Pellets.

Mayor Carter Harrison of Chicago has again thrown off the sheep skin with which he has been trying to cover himself during the past few months and ever since the Iriquois Theater fire horror and has again given gambling free sway in the Windy City. Blackmail levied by the authorities upon gambling, crime and unfortunate women has again commenced and "graft" by the city officials is holding high sway. Boodle is too powerful for good intentions for the present Democratic mayor of Chicago.

The Japanese Admiral Togo has finally succeeded in closing the entrance to the Port Arthur harbor. This fact will enable the admiral to send part of his fleet north to Vladivostok to close that port. Thereafter Japan will have clear and undisputed command of eastern Asiatic waters. Should the Baltic fleet be sent to these waters, upon its arrival there, it will find no harbor for refuge and a vastly superior Japanese force to receive it. The contest on the sea between Russia and Japan may be considered closed and that in favor of the latter.

The Democrats claim that the first session of the Fifty-eighth congress was adjourned because the president so willed it. No such thing. The members of both parties had enough of the Democratic whip John Sharp Williams of Mississippi and that alleged orator Bourke Cochran, Tammany member from New York. Representatives had as much as they could stand and concluded to take a seven months' rest.

A correspondent of a London paper telegraphs from Liao-Yang that the Japanese do not trust America. As this country does not desire to borrow any money from Japan, the report cannot do much harm.

The Chicago Record-Herald remarks: "This is the age of steel." In Chicago under a Democratic mayor and in Missouri under a Democratic Governor, "this is the age of steel."

A New York clergyman in a recent sermon, declared that the denizens of Gotham were on the level with the tiger. He is mistaken, the Tammany tiger is on top of them.

## How's This?

We Offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him.

# SCROFULA A DISEASE WE INHERIT.

Scrofula manifests itself in many ways. Swelling of the glands of the neck and throat, Catarrh, weak eyes, white swelling, offensive sores and abscesses, skin eruptions, loss of strength and weakness in muscles and joints. It is a miserable disease and traceable in almost every instance to some family blood taint.

Scrofula is bred in the bone, is transmitted from parent to child, the seeds are planted in infancy and unless the blood is purged and purified and every atom of the taint removed Scrofula is sure to develop at some period in your life.

No remedy equals S. S. S. as a cure for Scrofula. It cleanses and builds up the blood, makes it rich and pure, and under the tonic effects of this great Blood Remedy, the general health improves, the digestive organs are strengthened, and there is a gradual but sure return to health. The deposit of tubercular matter in the joints and glands is carried off as soon as the blood is restored to a normal condition, and the sores, eruptions, and other symptoms of Scrofula disappear.

S. S. S. is guaranteed purely vegetable and harmless; an ideal blood purifier and tonic that removes all blood taint and builds up weak constitutions. Our physicians will advise without charge, all who write us about their case. Book mailed free.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

## MINES AND MILLS.

### LINCOLN COUNTY.

J. E. Hurt who is boring for coal in the Ruidoso district was at Capitán last week and reports that he has encountered two or three veins of good coal, the largest vein being about 36 inches in width. He is doing the work for the Colorado Fuel and Iron Company and has filed on about 1,500 acres of coal lands in that section.

### SIERRA COUNTY.

A Hillsboro correspondent writes as follows: The sound of the mill which is again running is a very welcome one to the people of Hillsboro and the assurance that it will be continued for some time to come is very gratifying. W. W. Williams began this week to run 300 tons of ore from the Wicks mine through the mill and Manager Kasser of the "Empire" mine and others have in all about 1,000 tons ready for treatment. The owners of the mill are preparing to add new machinery in the near future and to thoroughly repair the machinery now in the mill, and to put the property in condition to do first class custom work.

The Bigelow mine is ready for steam hoisting works, having struck water in the working shaft.

### OTERO COUNTY.

Eugene Fox, traveling freight and passenger agent of the El Paso & Northeastern and the Rock Island and Gulf was in Alamogordo last Saturday. His visit was for the purpose of personally inspecting the fine building marble deposits near the mountains. It is claimed that these deposits are not equalled as a fine building marble anywhere in the southwest. A number of the railroad officials connected with the Rock Island and the El Paso and Northeastern are endeavoring to find an eastern market for it. For the past few months they have been supplied from time to time with good samples by Frank Falcone. These samples have been distributed over the east with the hope that builders would become interested in them. Should a market be created a spur will be put in to the quarries and sawing machinery installed. This would make a large output of marble comparatively easy as the quarries are very easily worked. Mr. Falcone was called down to El Paso to consult with the officials relative to his marble and took some more samples. He is a strong bidder on furnishing the stone for the handsome new union depot to build at El Paso and has good chance of landing a big stone contract. Should a large market be created for the stone it will make an industry for the town which will employ a number of men.

The census bureau this week issued a preliminary report on mines and quarries in the United States, showing that in 1902 the total value of all minerals produced was \$884,040,869, as compared with \$444,012,998 in 1889, an increase of nearly 100 per cent in the thirteen years covered by the statistics. Pennsylvania was the leading mining state both in the number of the wage earners and the value of the products; Ohio was second in value of products and third in wage earners; Illinois was second in the number of wage earners and sixth in the value of products, and Michigan was third in value of products, and fourth in number of wage earners. California ranked seventh in value of products but first in diversification of minerals with Virginia second in this class and New York and Pennsylvania tied for fourth position, each reporting 23 of the different classes of minerals. The report says that "accepting the census of 1900 for manufactures and agriculture and the census of mines and quarries of 1902 as representing conditions at the beginning of the twentieth century, the total gross value of products of productive industry, exclusive of fisheries amounted to \$18,575,224,735. Of this amount manufactures formed \$13,039,279,566 or 70.2 per cent; agriculture \$4,739,118,752 or 25.5 per cent, and mining \$796,826,417 or 4.3 per cent."

The sudden influx of a large amount of water into mine workings is due to cutting a water course connected with a subterranean reservoir. The reservoir need not be an open excavation or a natural cavity in the rocks, but may be a zone or irregular body of fractured porous rock. Often when first cut the water gushes out with great force, but this usually soon disappears, and the stream assumes a normal flow. Until this normal flow is reached it is difficult to determine the capacity of the pump required to handle the water, but it is wise to put in a pump considerably larger than seems necessary, for if it handles the water readily it can run slowly, and should a large flow be again encountered the pump will probably be able to care for it. There is no economy in buying machinery which must soon be thrown out to be replaced by that of greater capacity.

Sick headache results from a disordered stomach and is quickly cured by Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

The Santa Fe announces another series of homeseekers' tickets from points in the middle west to New Mexico and Arizona, the rate for the round trip will be one fare plus \$2 and tickets will be good for 21 days from date of sale. They will be sold every first and third Tuesday from May to December.

One of the greatest blessings a modest man can wish for is a good, reliable set of bowels. If you are not the happy possessor of such an outfit you can greatly improve the efficiency of those you have by the judicious use of Chamberlain's Stomach and Liver Tablets. They are pleasant to take and agreeable in effect. For sale by all druggists.

## Sour Stomach

"I used Cascarets and feel like a new man. I have been a sufferer from dyspepsia and sour stomach for the last two years. I have been taking medicine and other drugs, but could find no relief only for a short time. I will recommend Cascarets to my friends as the only thing for indigestion and sour stomach and to keep the bowels in good condition. They are very nice to eat."

Pleasant, Palatable, Potent, Taste Good, Do Good. Never Sickens, Weakens or Grips. 25c. 50c. Never sold in bulk. The genuine tablet stamped C.C.C. Guaranteed to cure or your money back. Sterling Remedy Co., Chicago or N.Y. 50c. ANNUAL SALE, TEN MILLION BOXES

Up-to-date lunch counter at Bon Ton.

### Success

comes only to the man or woman who is of strong nerve, keen brain, and boundless energy. To perfect these qualities in those who lack them we put up Palmo Tablets. They do the work, and besides are great for the kidneys, induce restful sleep, and make you look and feel years younger. 50 cents. Book Free.

At Ireland's Pharmacy.

### A Startling Test.

To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes, "a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation and Kidney troubles. Try them. Only 50c at Fischer Drug Company.

### DO YOU WANT THE EARTH?

The Earth is a new monthly illustrated journal, published by the Santa Fe. Tells the truth about the great southwest and California—the truth is good enough. Frequent articles describing your part of the country. Contains letters written by farmers, stockmen and fruit raisers; men who have succeeded and who give the reasons why. Strong editorials and interesting miscellany. A very persuasive immigration helper. Why not have it sent to friends "back east" to do missionary work for the southwest? Regular subscription price is 25 cents a year; worth double. Send us 50 cents (coin or stamps) with names and addresses of five eastern friends; we will mail the Earth to them and to you for six months. Write today to the Earth, 1120 Railway Exchange Building, Chicago.

Thick and juicy steaks at Bon Ton.

### HERBINE

Will overcome indigestion and dyspepsia; regulate the bowels and cure liver and kidney complaints. It is the best blood enricher and invigorator in the world. It is purely vegetable, perfectly harmless, and should you be a sufferer from disease, you will use it if you are wise.

R. N. Andrews, editor and manager, Cocoa and Rockledge News, Cocoa, Fla., writes: "I have used your Herbine in my family, and find it a most excellent medicine. Its effects upon myself have been a marked benefit. I recommend it unhesitatingly." 50c. at Fischer Drug Co.

### PERSONAL MENTION

Mrs. John Hampel returned yesterday from Denver where she has been visiting.

Hon. H. B. Fergusson of Albuquerque, spent yesterday in the city on legal business.

Superintendent W. D. Lee of the Santa Fe Central, returned today from an inspection trip over that road.

B. W. Robbins, general passenger and freight agent of the Santa Fe Central has gone to El Paso on business.

Attorney Charles F. Easley went to Hagan yesterday to visit the coal field of the New Mexico Fuel and Iron Company.

Attorney R. C. Gortner left last night for Las Vegas where he was called by legal business. He will return tomorrow.

Albert Abbott, who has been attending the Agricultural College at Mesilla Park has returned to his home in this city.

Mrs. W. C. Merine and daughter of Topeka, Kansas, who have been visiting here for several days have gone to Albuquerque.

City Councilman Henry Brockmeier and family have left Albuquerque for Los Angeles, California, for a visit of some weeks duration.

Miss Una Hickox who has been teaching school in San Antonio in Socorro County, returned to her home in this city yesterday.

O. T. Toombs attorney at Clayton, Union County, is on a visit to Oklahoma, looking over the business and political situation there.

Elmer E. Veeder of Las Vegas, an attorney who has been in El Paso on business, and is en route home, is in the city on business today.

M. T. Moriarty, a ranchman and fruit grower, of Moriarty station on the Santa Fe Central, was in the city today and attended to business while here.

R. R. Larkin of Gallup, who is in the city on business today says that on Tuesday they had quite a heavy snow and following it a rain in that locality.

Juan de Dios Salas, of Pinos Wells, is in the city on business today. Mr. Salas is a sheep owner in that section and he reports the outlook as very poor.

Deputy Collector A. J. Loomis of the internal revenue service, left this morning for Las Vegas and other points in northern New Mexico on official business.

C. T. Brown of Socorro, secretary of the board of regents of the New Mexico School of Mines in the Gem City, spent yesterday afternoon in town on official business.

Dr. F. Palmer and two daughters of Cerrillos were among yesterday's arrivals in the Capital. They are the guests of Dr. and Mrs. Harrison on Lower San Francisco Street.

Charles M. Stauffer, business manager of the New Mexican Printing Company, left this afternoon for Albuquerque to look after business affairs for the New Mexican in the Duke City.

H. Anderson and J. H. Anderson, whose home is Chicago, are visitors in the city for a few days. They are camping out near Willis on the Pecos. They are here to improve their health.

Fernando Hearne of Denver, inspector of the Colorado Fuel and Iron Company, is at Fierro, Grant County, inspecting the business affairs of the company in that mining district.

J. C. Baldrige Albuquerque business man left yesterday for Los Angeles, California, having been summoned there by a dispatch announcing the serious illness of his wife.

W. H. Talbot, who has been bookkeeper for the Dunlavy Mercantile Company's office at Torrance, is in the city for a few days visiting. He will go to Denver where he has accepted a position.

Misses Lettie and Carrie Early of

Newton, Iowa, arrived in the city last night and will go to Sunmount Tent City for a stay of several weeks, in the hope that the change of climate will improve their health.

Mrs. J. L. Norris of Estancia, wife of Dr. Norris, the Santa Fe Central physician at that point arrived in the city yesterday and will be the guest of her mother Mrs. George Marsh on the south side for several days.

Mr. and Mrs. Thomas Hanna of Lamy, are here on a visit to their parents. Mr. and Mrs. I. B. Hanna. Mr. Hanna has charge of the ranch and animals of the Onderdonk Live Stock Company at that point.

Levi Chubbuck, special inspector of the Department of the Interior, has arrived in town and is inspecting affairs at the U. S. Indian Industrial School here. He will be here some days on this duty.

Former Governor L. Bradford Prince and A. H. Broadhead, were in Albuquerque, yesterday attending the twelfth annual convocation of the Episcopal diocese of New Mexico as delegate from the Church of the Holy Faith in this city.

F. H. Adams of Chicago, correspondent of the Inter-Ocean, who has been in the city for the past six weeks gathering information for correspondence to his paper, left this morning for Oklahoma, where he will do similar work.

F. A. Edwards of Calabasas, Arizona, has arrived from that territory and on Monday next will take charge of the New Mexican bindery as foreman. He is a first class book binder and has had much experience in his line. As heretofore, the best binding and ruling work in the southwest will be turned out by the bindery of the New Mexican.

Miss Marguerite Zearing of Albuquerque, who has been conducting a select school in that city for several months has gone to Chicago where she will remain a few weeks to settle up her father's estate. She will inherit some \$15,000 from the estate. Miss Zearing expects to return to New Mexico and will come to Santa Fe to take charge of the summer normal to be held here later in the season.

### UNIONS ADOPT RESOLUTIONS.

All Men Should Refrain From Loitering on the Streets and About Saloons and Act Like Gentlemen.

Several boiler makers who were brought to Albuquerque to take the place of those who struck have refused to go to work. Nothing really authentic has yet been learned of the matter. The management of the shops say that it has a good corps of machinists at work, and that it will have a full force of men at work in the blacksmith shops. It says the only question that really confronts it is to pick out the best men. A large force of deputy sheriffs is still employed although the situation is very quiet. At a meeting of the different unions that are involved in the strike the following resolutions were adopted. That all union men should refrain from loitering on the streets, or in saloons and they must not go near the Santa Fe right-of-way, or near the shops. That they must conduct themselves as gentlemen. That the company make a satisfactory settlement with each organization before the men return to work.

What two words mean most to your grocer? and what do they mean?

Schilling's Best; and they mean a good deal of business without any trouble.

Mrs. Kate Hall will sell her entire new spring and summer stock of millinery goods at and below cost for the next ten days preparatory to going out of business.

## The Sarsaparilla Season Is Here!

Now is the time for taking "Spring Medicine," according to popular belief. An aperient "blood purifying" medicine during this season has been proven to be beneficial. At the end of the winter season the system is clogged and weakened and more susceptible to ailments and disease. A tonic and aperient medicine is needed to thoroughly cleanse the blood and give tone to the nerves. Such a medicine is

### COFFEE VALUES.

It is difficult, if not impossible, to match the values we give our customers in roasted coffees. We buy the best coffees we can find and sell them on a small margin of profit. But more than that, we handle fresh roasted coffee. Freshness is just as important as quality. We buy in small quantities and keep our stock moving. The following are some of our best brands. Any of them can be duplicated at almost any time. Occasionally, owing to our policy of carrying small stocks to insure freshness we may be out of one particular brand for a day or two.

Chase & Sanborn's Seal Brand, 1 and 2 pound cans, per pound. .40  
Chase & Sanborn's SOUTH SEA Blend, 1 pound cartons, per lb. .25  
Pure Cream Java and Mocha, 3 pound cans, each .100  
Ferdell Mocha and Java, 1 and 2 pound cans .40  
Ferdell Mocha and Java Blend, 1 pound cartons, 35, 3 for. 1.00  
Ferdell Albion blend, 1 pound cartons .25

### IMPERIAL FLOUR.

We never grow tired telling the good qualities of IMPERIAL PATENT flour. There is, and there can be, no better flour made. None but the best selected wheat is used. The mill in which this

flour is made has been kept up to date and contains the best machinery for producing the highest grade product of the miller's art. Many of the most critical buyers in Santa Fe have used this flour for twenty years. If you are not using it now a trial will prove to your advantage.

50 pound sack, only \$1.50.

### FERDELL PRODUCTS.

We secured the agency for the FerdeLL brand of pure foods several years ago. The possibilities in the way of selling high grade pure foods were unknown to us. We have found by experience that there is a large and growing class of consumers in Santa Fe that appreciate the efforts of the makers of this brand of food to produce something above the ordinary. All kinds of canned vegetables, all kinds of canned fruits, catsup, exquisitely delicious preserves, the finest quality of rice in cotton sack, tapioca, sago, cocoa, etc., are among the many articles that may now be had under the FERDELL brand.

1 pound jars preserves, each. .40  
2 pound jars preserves, each. .65  
2 pound sacks rice .35  
Pint bottles catsup .30  
3 pound cans sweet potatoes .20  
3 pound cans sugar beets .25

## ACROSS NEW MEXICO IN '46

Continued from Page One.

the chaff both Indians and Mexicans use a simple handbarrow, with a bottom of new bull's hide perforated with holes. I suppose it must take an hour to thresh a bushel. After dining sumptuously at Sandoval's we went to our camp at Alameda. Here the valley is wide and well cultivated. The people of the surrounding country flocked in with grapes, melons and eggs. Swarms of wild geese and sand cranes passed over the camp. They frequent the river and are undisturbed, save when some American levels his rifle.

We camped last night on a very indifferent grass. We breakfasted with Don Jose Chaves at Pardilla. When sitting our chairs just reached the table. There were five or six courses, ending with coffee. Before breakfast, we were summoned to mass in Don Jose's private chapel, where the eccentric person we had met at yesterday's dinner officiated. Priest, fop, courtier and poet were curiously combined in one person. Proud of his pure white hand, he flourished it incessantly, sometimes running his fingers through his hair, in imitation of some pretty coquette, and ever and anon glancing into one of the many looking glasses with which the church was decorated. After mass, to our surprise, he delivered an eloquent discourse, eulogizing the grandeur, magnanimity and power in the United States. Attending mass before breakfast proved anything but an appetizer. The church was crowded with women of all conditions, and the horrid reboso, which the poor use for shawls, bonnets, handkerchiefs, sent out an odor which the incense from the altar failed to stifle.

One fact struck me as singular in all the houses that we visited, the ladies never made their appearance; and it was always by the merest accident that we caught a glimpse of a member of the family. I became tired of the show and seeing my servant talking at the door to one of his acquaintances, I took the liberty of asking permission to take a quiet siesta, but this was out of the question. The good woman overwhelmed me with a thousand questions about the United States, which could only be stopped by questioning her in return. She denounced Arrijo; and said, with a true Castilian flash of the eye, "I do not see how any man wearing those things," pointing to his shoulder straps, "could run away as he did. He had a good army to back him and could have driven you all back."

The early part of last evening was most beautifully bright and serene, the air was of the most delightful temperature, varied occasionally by a gentle breeze from the south, wafting along the perfume of the vineyards. About 11 o'clock the whole character of the night was changed by an east wind that came rustling down from the mountains driving the sand before it. Nearly the whole distance travelled the last three days has been over drifting sand, with only occasional patches of fine soil. After rising early to attend to some business, I walked over to the town of Peralta, which is interspersed with cottonwood growing in nearly the regular order of an apple orchard. I then rejoined to headquarters, at the palace of Mr. Hortera, a spacious one story edifice 500 feet front.

We marched and encamped near Tome. It was the eve of the fete of Tome in honor of the Virgin Mary, and people from all parts of the country were flocking to the town. The primitive wagons of the country were used by the women as coaches. These wagons were heavy boxes mounted on wheels cut from cottonwood; over the top of the box was spread a blanket, and inside were huddled in a dense crowd, the women, children, pigs, lambs, and everything that is his. The man of the family usually seated himself on the tongue of the wagon, his time divided between belaboring his beasts and scratching his head. In one of these a violin was being played, and the women, who were sitting on their feet, made the most of the music by brandishing their bare arms and moving their heads to the cadence. At night there was a theatrical representation in the public square. The piece dramatized was from the Old Testament.

During the day I had been puzzled by seeing at regular intervals on the wall surrounding the capilla, and on the turrets of the capilla itself, which be it remembered is mud, piles of dry wood. The mystery was now to be cleared up. At a given sign, all were lighted, and simultaneously a flight of rockets took place from every door and window of the chapel, fireworks of all kinds, from the blazing rocket to the child's whirrigs, were now displayed in succession. I must say the whole affair did honor to the church, and the priests displayed considerable chemical knowledge. Most of the spectators were on mules, each with his woman in front, and it was considered a great feat to explode a rocket under a mule's belly without previous intimation to the rider. Long shall I remember the fete of Tome, a scene at once so novel and so striking.

I had to examine guides in reference to the route to California, and engage such as I thought fit for the trip. My last interview of this kind today was in a species of public building, or guard house, where a number of Mexicans had collected with arms. Several written tablets hung around the walls, but they were perfectly illegible. Our business was cut short by the sound of passing music. A strange sight presented itself. In a sedan chair, borne by four men, was seated a wax figure, nearly as large as life, extravagantly dressed; following immediately were three or four priests, with long tallow candles. Unfortunately I emerged just as this group was passing; there was no escape, and the moment I joined, a grave Mexican thrust a candle into my hand, I thought of my coat, my only coat, the coat on my back which must take me to California, and back again into the interior of Mexico. Suddenly there was a halt without a word of command, and in the confusion we jostled against each other and distributed the tallow in great profusion. It was thought proper that the officers should show every respect to the religious observances of the country, consequently they did not decline participation in these ceremonies. The procession ended at the church. After the services were concluded we rejoined to the house of the padre where we were served with a collation.

We had prepared to attend a theatrical representation going on in the open air, but a heavy squall of wind and a few drops of rain put a stop to this amusement, and all retired to dress for the fandango, which is the name given to all collections of people where there is music and dancing. A cotillon was attempted in honor of the Americans present, but this cold and formal dance soon gave way to the more joyous dances of the country, the Coona, the Bolero and the Italia. Every variety of figure was introduced, but the waltz was the basis of all, except the Bolero, which, as danced here, resembles our negro jig.

Everything the market affords at the Bon Ton.

## MINOR CITY TOPICS

The public school at San Hedefonso, district No. 9, closed yesterday.

Miss DuVal's dancing class will meet this evening in the hall of the Capital City Club.

Trains No. 2 and 3 on the Santa Fe from the south and east were several hours late today.

La Tertulia Idiomática will meet with Mrs. Amado Chaves on Saturday afternoon at half past two o'clock.

Santa Fe Lodge No. 2, I. O. O. F., will hold its regular weekly meeting this evening at Odd Fellows' Hall at 7:30 o'clock.

The U. S. and territorial courts of the Fourth Judicial District will convene in Las Vegas Monday next, Chief Justice W. J. Mills presiding.

Wanted—A girl to do house work and cooking in small family. Apply at the New Mexican Printing office for more particular information.

The new union stock yards will be completed this week and as soon as they are ready for use, 30 carloads of cattle will be shipped through here to Denver.

Attorney R. C. Gortner will make a test case of the bicycle tax ordinance. He will not pay the tax and will go in to court to determine the power of the city council to pass such an ordinance.

One week from tonight Major Henderson and his son will be in Santa Fe. A rare musical treat is in store for all who attend the concert. Admission 25, 35, and 50 cents. Reserved seats at Fischer's Drug Store.

Weather permitting Company F, First Regiment Infantry New Mexico National Guard will meet at the armory Sunday morning for practice. A full attendance is desired as the 1,000 yard range will be tried.

The following marriage certificate was recorded yesterday by Probate Clerk Celso Lopez. Jose Lopez to Miss Nestora Baca, both of Agua Fria. They were married April 27 at St. Francis Cathedral by Rev. Father Fourchegu.

J. S. Candelario on Palace Avenue has been annoyed the past week by some mischievous persons disturbing the apple trees he planted this spring. The trees were partially uprooted and had been cut with a knife. He is much annoyed at the depredations.

Alberto B. Martinez who has been working in a coal mine in Arizona, returned home recently. While at work in the mines his right hand was crushed by a fall of stone and one finger so badly injured that amputation was necessary. Dr. Harroun performed the operation yesterday morning.

The saw mill plant located about eight miles east of this city and formerly owned by the Santa Fe Lumber Company and which was purchased a few months ago by Eugenio Romero of Las Vegas, is being moved to a location on the Gabaldon grant, where it will be set up. It is understood that the pres-

ent owners have made a contract for the timber upon this grant and the saw mill will remain there for several years. It will be situated about seven miles northeast of town.

Stationary temperature and Santa Fe's usual sunshine may be expected for Saturday. The thermometer registered 63 degrees at 12:30 p. m. yesterday for the maximum temperature and 43 degrees at 5 a. m. for the minimum. The precipitation for the day was 0.01 of an inch. The temperature at 6 o'clock this morning was 41 degrees.

The concert to be given next Tuesday evening in the Santa Fe Opera House by Mrs. F. R. Moulton for the benefit of the Ladies' Aid Society of the Presbyterian Church should be largely attended by all music lovers. Mrs. Moulton's voice is highly cultivated and of rare sweetness. She will be assisted by the Capital City Orchestra.

The examination of James Lelkard the colored man charged with an attempt to commit a criminal assault on little Irma Klein, Wednesday afternoon took place before Justice of the Peace Garcia today. The examination was quite lengthy and there were quite a number of witnesses examined. It lasted several hours. At the close the accused was put under a bail bond of the sum of \$2,000 to appear before the territorial grand jury of this county in September next. In default of bond he was remanded to the custody of the sheriff and is now in jail.

## OFFICIAL MATTERS.

### Homestead Entry.

## STORY & CLARK

**Pianos!**  
Read What Accomplished Musicians Say of the Story and Clark Piano.

"Equal if not superior to any instrument I have had occasion to use."—Barron Berthold.

"Shows such superiority of workmanship and finish as must make them welcome to any household."—Leonora Jackson.

"Grand resonant in tone and delightfully sweet and tender."—Mathilde Bauermeister.

"I cannot speak too highly of your pianos, they seem to be unsurpassable."—R. Watkin Mills.

"Your pianos embody sweetness and richness of tone, splendid carrying power and excellent action."—Rosa Olitzka.

"They are models for tone and touch."—Marie Engle.

"I find your pianos wonderfully sympathetic for accompanying the voice."—Lillian Blauvelt Pendleton.

"Gave the liveliest satisfaction to me. I consider them second to none."—David Francon Davies.

"I think it capable of the fullest expression of musical thought."—Ellen Beach Yaw.

"In my opinion they rank among the very best pianos of the day."—Emile Sauret.

"Possessed of a beautiful quality of tone and a most sympathetic touch."—Fernando de Lucia.

"I was perfectly charmed with its beauty of tone and delightful touch."—Francis Allisten.

"Their tone is sweet as well as resonant. Are remarkably adapted for accompanying the voice."—Clementine de Vere Sapio.

### THE STORY & CLARK PIANO CO.

DENVER

## TERRITORIAL TOPICS.

COLFAX COUNTY.

A pretty wedding occurred at the  
home of Mr. and Mrs. Paul Nauta of  
Bonita Canon, last Wednesday, when  
their daughter Miss Jessie Nauta, was  
united in marriage to George Hallas.  
The ceremony was performed by Rev.  
Mr. Willet of Raton. A large number  
of guests were in attendance. The  
bride was handsomely attired in a  
white silk dress. An elaborate dinner  
was served to about 100 guests. The  
groom is one of Raton's prominent  
young business men. A great many  
valuable presents were received by the  
young people.

M. W. Mills owner of a large orchard  
in the Red River Canon, is getting in  
shape a number of large water tanks  
which will be placed on wheels and  
moved over his orchard to irrigate it.  
The river is too low to fill the irrigation  
ditch, and he has placed two large  
force pumps in the river and will use  
this method of filling the tanks. By  
this means he expects to save the  
large crop of fruit. The orchard con-  
tains several thousand trees, and with  
four tanks and by the aid of ten men  
he expects to irrigate every tree in a  
week. He will continue this until  
there comes a heavy rain.

OTERO COUNTY.

J. S. Miller of Alamogordo, has dis-  
posed of his mercantile business to  
Herriek and Hotchkiss. The new firm  
immediately took possession.

A stock company is being organized  
in Alamogordo to build an opera house  
for that city. The plans call for a 90  
foot by 47 feet, with a 25 foot ceiling.  
An excellent floor will be put in so  
that it can be used for a skating rink  
as well as for dancing. R. W. Hooper  
is the promoter of the project.

Dr. Martin, the millionaire physician  
who has the management of the sanato-  
rium enterprise for Alamogordo, has  
given up his practice and is devoting  
all his time to raising funds for the  
building of the sanatorium. He has  
bought the lands for the site and has  
secured the water right from the Ala-  
mogordo Water Works Company. He  
has \$300,000 already raised and be-  
lieves he can raise the remainder by  
fall, if not sooner.

Alamogordo now has a finely equip-  
ped electric light plant. A new 275  
horse power engine has recently been  
installed and a day circuit will be put  
on the first of June. The company has  
put in 75 new lights within the past  
two weeks. A number of electric mo-  
tors have been placed over the town  
and will be in operation soon. M. H.  
Fisher, the manager of the company is  
placing a pumping plant on his ranch  
south of the college addition which he  
is going to operate with a motor. He  
has a 120 foot well and will pump water  
to irrigate his garden and orchard.

SAN JUAN COUNTY.

What promised to be a good flow of  
water on the La Plata froze up before  
it got very far. The ranch men still  
take a hopeful view.

Bob Prewitt has sold his interest in  
the Farmington Times-Hurster to his  
partner, Mr. Butler. Butler will con-  
tinue the publication of the paper.

A. P. Peterson, one of the prominent  
men of Farmington died at his home  
last Friday. He was prominent in the  
affairs of San Juan County.

George R. Allen of Farmington, has  
made a careful examination of his or-  
chards since the frosts and reports  
that the apples, cherries and pears are  
all right. Some of the peaches are in-  
jured but there will be a partial crop.  
Apricots will be a light crop.

Rosenda Martinez had a very nar-  
row escape last week. He and his  
father were digging a well and were  
putting in some timbers. Rosenda  
was in the well and his father was low-  
ering some timber by a rope when one  
slipped and fell 40 feet striking him on  
the side. He received some severe  
bruises but no bones were broken.

Judge Pendleton spent last week in  
Tierra Amarilla where he was called  
to attend court.

Whooping Cough.

"In the spring of 1901 my children  
had whooping cough," says Mrs. D. W.  
Capps, of Capps, Ala. "I used Cham-  
berlain's Cough Remedy with the most  
satisfactory results. I think it is the  
best remedy I have ever seen for  
whooping cough." This remedy keeps  
the cough loose, lessens the severity  
and frequency of the coughing spells  
and counteracts any tendency toward  
pneumonia. For sale by all druggists.

Notice for Publication.

(Homestead Entry No. 4718.)

DEPARTMENT OF THE INTERIOR.

Land Office at Santa Fe, N. M., May 3, 1904.  
Notice is hereby given that the following  
named settler has filed notice of his intention  
to make final proof in support of his claim,  
and that said proof will be made before the  
Register or Receiver at Santa Fe, N. M., on  
June 15, 1904, viz: Harry Wiley for the n<sup>o</sup> 1/4,  
sec. 34, n<sup>o</sup> 1/4, sec. 35, n<sup>o</sup> 1/4, section 11, township  
17 north, range 12 east. He names the follow-  
ing witnesses to prove his continuous resi-  
dence upon and cultivation of said land, viz:  
Wm. Sparks, of Willis, N. M., Bonifacio San-  
doyal, H. S. Arnold, Frank Emmerson all of  
Pecos, N. M.

Mannuel R. Otero, Register.

MADE YOUNG AGAIN.

"One of Dr. King's New Life Pills  
each night for two weeks has put me in  
my 'teens' again" writes D. H. Turner  
of Dempseytown, Pa. They're the best  
in the world for Liver, Stomach and  
Bowels. Purely vegetable. Never  
gripes. Only 25c at Fischer Drug Co.

Booth's oysters any way you want  
them at Bon Ton.

Quick Arrest.

J. A. Gullidge, of Verbena, Ala., was  
twice in the hospital from a severe case  
of piles causing 24 tumors. After doc-  
tors and all remedies failed, Bucklen's  
Arnica Salve quickly arrested further  
inflammation and cured him. It con-  
quers and kills pain. 25c. at Fischer  
Drug Co.

BROUGHT TO LIGHT.

Santa Fe People Receiving the Full  
Benefit.

There have been many cases like  
the following in Santa Fe. Everyone  
relates the experience of people we  
know. These plain, straightforward  
statements will do much toward reliev-  
ing the suffering of thousands. Such  
testimony will be read with interest  
by many people.

Ruperto Martinez of Griffin st., says:  
"I knew that a pretty sure indication of  
kidney complaint is an aching back, but  
in my case there was added to that an-  
noyance trouble with the kidney secre-  
tions. At first the pain across the loins  
was the only evidence, but latterly the  
condition and action of the kidney se-  
cretions plainly told me that I must do  
something for my kidneys or aggravated  
trouble would follow. I went to Ire-  
land's drug store for Doan's Kidney  
Pills, took a course of the treatment  
and the complication stopped. To show  
my faith in Doan's Kidney Pills, let me  
tell you that while working at Watrous  
getting out stone for the railroad an  
acquaintance of mine was compelled to  
stop and go home on account of his  
back. I advised him to use Doan's Kid-  
ney Pills. He acted on my advice and  
in a couple of days after commencing  
their use he returned to work."

For sale by all dealers. Price 50 cts.  
Foster-Milburn Co., Buffalo, N. Y.,  
sole agents for the United States.  
take no other.

Remember the name—Doan's—and  
take no other.

SCRATCH PAPER.

Made from ledger, linen, flat and book  
papers at 10 cents per pound at the  
New Mexican. This is scrap paper put  
up in pads and is less than the paper  
originally cost. Only a limited supply.

EXPOSURE.

To cold draughts of air, to keen and  
cutting winds, sudden changes of tem-  
perature, scanty clothing, undue ex-  
posure of the throat and neck after  
public speaking and singing, bring on  
coughs and colds. Ballard's Hore-  
hound Syrup is the best cure.

Mrs. A. Barr, Houston, Texas, writes,  
Jan. 31, 1902: "One bottle of Ballard's  
Horehound Syrup cured me of a very  
bad cough. It is very pleasant to take"  
25c, 50c, \$1 Fischer Drug Co.

Every Monday evening, fifty-two  
times a year, the New Mexican Print-  
ing Company pays to its employees over  
\$400. This money all goes to the busi-  
ness men of Santa Fe. Send us your  
printing, advertise your business and  
show that you appreciate enterprise.

Growing Aches and Pains.

Mrs. Josie Sumner, Bremond, Texas,  
writes, April 15, 1902: "I have used  
Ballard's Snow Liniment in my family  
for three years. I would not be with-  
out it in my house. I have used it on  
my little girl for growing pains and  
aches in her knees. It cured her right  
away. I have also used it for frost  
bitten feet with good success. It is  
the best liniment I ever used." 25c, 50c,  
and \$1.00. Fischer Drug Co.

The Wabash Railroad has just is-  
sued a handsome illustrated World's  
Fair pamphlet containing a three color  
map of St. Louis and the fair grounds  
and half tone views of the principal  
buildings. A copy free upon request.  
P. P. Hitchcock, G. A. P. D., Denver,  
Colorado.

NOTICE

Of the Disincorporation of the Town  
of Cerrillos, Santa Fe County.

Notice is hereby given as required  
by section 2508 of the compiled laws  
of 1897 of New Mexico that the town  
of Cerrillos, Santa Fe County, has  
been disincorporated as a town under  
the provisions of section 2503 of the  
compiled laws of New Mexico of 1897  
and sections immediately following.

In witness whereof I have hereunto  
set my hand and the seal of the board  
of county commissioners of the coun-  
ty of Santa Fe, Territory of New Mex-  
ico, this 4th day of April, 1904.

A SURE THING.

It is said that nothing is sure except  
death and taxes, but that is not al-  
together true. Dr. King's New Discov-  
ery for Consumption is a sure cure for  
all lung and throat troubles. Thou-  
sands can testify to that. Mrs. C. B.  
Van Metre of Shepherdstown, W. Va.,  
says: "I had a severe case of Bronchitis  
and for a year tried everything I heard  
of, but got no relief. One bottle of Dr.  
King's New Discovery then cured me  
absolutely." It's infallible for Croup,  
Whooping Cough, Grip, Pneumonia and  
Consumption. Try it. It's guaranteed  
by Fischer Drug Co., Druggist. Trial  
bottles free. Reg. sizes 50c, \$1.00.

Cloudcroft! For handsome des-  
criptive literature and detailed infor-  
mation as to rates, etc., address A. N.  
Brown, G. F. & P. A., El Paso, North-  
eastern System, El Paso, Texas.

OF INTEREST TO ALL.

The Goldie Watch Shop formerly  
with Blain's Bazaar, has moved in  
with the Santa Fe Filigree Manufac-  
turing Company, 208 Don Gaspar Ave-  
nue. A more appropriate place for  
good first class watch repairing as  
well as clocks, typewriters and sewing  
machines, popular prices. All work  
fully guaranteed.

GOLDIE CHAPMAN.

NOTICE.

Territory of New Mexico, Office of the  
Treasurer, April 8, 1904.

Call for the redemption of Casual  
Deficit Bonds of the Territory of New  
Mexico.

To whom it may concern:

Notice is hereby given by the under-  
signed Treasurer of the Territory of  
New Mexico, that he is now prepared  
to take up and pay off the issue of  
bonds authorized by chapter 61, ses-  
sion laws of 1893, compiled as section  
397, Compiled Laws of 1897, to the  
amount of \$101,800 together with ac-  
crued interest on the same, such is-  
sue being dated May 1, 1893, and pay-  
able at the National Bank of Com-  
merce in New York City and being  
payable by the Territory at any time  
after ten years from the date of their  
issue, said period of ten years having  
now expired and the Territory now  
desiring to exercise its right under  
said act and the terms of said bonds,  
and notice is further given that inter-  
est on said bonds will cease and deter-  
mine on and after the first day of May,  
1904.

J. H. VAUGHN,  
Treasurer of the Territory of New  
Mexico.

Cloudcroft! For handsome des-  
criptive literature and detailed infor-  
mation as to rates, etc., address A. N.  
Brown, G. F. & P. A., El Paso, North-  
eastern System, El Paso, Texas.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for  
many years with rheumatism," says W.  
H. Howard, of Husband, Pa. "At times  
she was unable to move at all, while  
at times walking was painful. I pre-  
sented her with a bottle of Cham-  
berlain's Pain Balm and after a few ap-  
plications she decided it was the most  
wonderful pain reliever she had ever  
tried. In fact, she is never without it  
now and is at all times able to walk.  
An occasional application of Pain Balm  
keeps away the pain that she was for-  
merly troubled with." For sale by all  
druggists.

## THE CHANGE OF A LIFETIME

For Prospective Purchasers  
of Building Lots in Estancia

Estancia has GOOD WATER, SOFT WATER, PURE WATER,  
RAILROAD WATER, CLEAR WATER and PLENTY of WATER

RUSSEL SAGE'S ADVICE,

"Young man, Buy Real Estate,"  
Will soon rank with Herace Greeley's aphorism.

"YOUNG MAN GO WEST!"

"If you are going to do a good thing, do it in the best way," is  
another maxim of which you will appreciate the force if you will either  
call on or communicate with W. F. CLARKE BEFORE BUYING TOWN  
LOTS ELSEWHERE.

BE WISE.

Put your money into land—Own a Town Lot and Home.  
Do like your fathers did—buy good property in a live town, and  
your children will rise up and call you blessed.

It is entirely safe to presume that within a very short time the  
town of ESTANCIA will be one of the liveliest, largest, and most sub-  
stantial towns in this section of the southwest.

Be sure and write for all information desired at once. THE  
PRICE OF THESE LOTS WILL INTEREST YOU.

TERMS TO SUIT.

Address all communications to

W. F. CLARKE,

SANTA FE,

NEW MEXICO.

Over a million acres of land open for Homesteaders in the ESTAN-  
CIA VALLEY—good soil and plenty of water, which can be had from  
eight to thirty feet.

## MADRID NEWS ITEMS.

Miss B. K. Gilday, who has been teaching the Madrid public school for the past school year has completed her work and left last Saturday night for her old home in Seranton, Kansas. Her work while here was eminently successful.

The board of school directors of this district will give a dance next Saturday night at the Madrid Opera House for the benefit of the school fund. It is hoped that this ball will be well attended which will give the school board the encouragement that it deserves.

A picnic party composed of Dr. and Mrs. Clarke and Mr. and Mrs. Olson spent last Sunday in one of the beautiful canons above Madrid.

Mr. and Mrs. Frank Chown spent last Sunday in Las Vegas visiting Mr. Chown's brother. The latter accompanied him home and is installed in Madrid.

Miss Rayner, primary teacher in the Madrid public school, has completed her term and left for her old home in Pueblo, Colorado, last Saturday night. Her school work at this place during the past school year was excellent.

Thomas Ramsey who has been doing contract work in the hard coal mine, has sunk a dip into some territory that was abandoned because it was thought that the coal was not good, and has opened up three and one-half feet of excellent hard coal, which will materially increase the output of the camp and benefit trade as well as make a good showing for the superintendent who thought out a way to open up the coal and get the find in a condition to be mined.

## NEW BOX FACTORY.

Opened at Albuquerque by the American Lumber Company in Connection With the Planing Mill.

The American Lumber Company of Albuquerque have opened a box factory in connection with the planing mill. With the machinery installed it can manufacture all grades of boxes from the finest grade down to the merchandise box. Also blinds, sashes, and everything in the line of turned goods, in fact everything that is constructed of wood. The plant of the American Lumber Company is the largest business enterprise in that portion of the southwest. It has a pay roll of over \$50,000 per month. They will add 50 new men to their pay roll in a few days. They have received orders from all over the United States and also from England for their goods.

Korton, Chicago, Illinois; E. F. Hines, Albuquerque; C. G. Masters, St. Louis; A. H. Winter, Quincy, Illinois; Charles Roads, New York.

Good eating at the Bon Ton.

The Women's Club of Denver has elected nine delegates and nine alternates to the biennial convention General Federation of Women's Clubs to be held at St. Louis commencing May 17. These ladies have all reserved berths in the official train which will leave Denver about 1:30 p. m. on Sunday, May 15 via the Burlington route, arriving in St. Louis the following afternoon. We hope to see a large delegation represent Colorado on the official train, and suggest early applications for reservation of berths. The price of tickets for the occasion from Pueblo, Colorado Springs, Denver, Fort Collins and intermediate stations to St. Louis and return is as follows: \$29.40 for tickets good fifteen days; \$32.70 for tickets good for 30 days; \$39.20 for tickets good to December 15, 1904. Proportionate rates will be in effect from other points.

Away ahead of all at Bon Ton.

Reduced rates from all points all the time to Cloudercroft. "Ask the ticket agent."

SANTA FE CENTRAL RAILWAY COMPANY.  
Order No. 16.

To all concerned: Commencing with Sunday, March 27th, 1904, and until further notice, trains one and two will not run on Sundays.

## J. P. VICTORY Attorney at Law and Real Estate Agent

117 San Francisco Street, Santa Fe, N. M.

REAL ESTATE LOANS.

Money to loan upon real estate security on easy terms.

## HOMES.

I have a nice cottage (double) six rooms on one side, 4 on the other. Owner occupies 4 rooms and the rear for \$25 a month; good neighborhood; ample space to erect other buildings on same street; stables and other outbuildings; the price asked is very low.

Can sell at a bargain cozy homes on Manhattan avenue, one a new stone house with all modern improvements; the other an adobe-brick house, 7 rooms; fruit and vegetable garden; city water, hydrant and tank; 70 choice fruit trees; currant and raspberry bushes; lot 80 by 265 feet. The stone house will be rented.

## SAN FRANCISCO STREET.

I have several business blocks for sale on this great mart of trade, some of them producing more than eight per cent, net, on purchase price asked.

## OTHER BUSINESS CHANCES.

I have several other commercial and business propositions to submit those desiring to enter mercantile life and to grow up with the new era of prosperity now coming in with the Santa Fe Central Railway.

## CHURCHES.

I am authorized to dispose of the Congregational Church, on the south side convenient to the contemplated Union Depot. It stands upon two lots, and will be sold cheap, or the building will be repaired and leased to responsible parties.

## THERE ARE OTHERS.

Several small houses, some stone, some brick, others frame, upon my books, which I would be glad to show an intended purchaser. They are desirably situated, and will be sold cheap.

## ORCHARDS.

I also have a fruit ranch in a high state of cultivation, in the suburbs, with a building site overlooking the entire city of Santa Fe. On it there is an artificial reservoir, the only one of its kind in the city, 12 feet or more in depth, holding over 125,000 gallons of water, constantly replenished, from which the whole place can be irrigated daily during the summer, and which could be stocked with fish. The land contains many hundreds of young trees of the finest and most valuable varieties of apples, peaches, pears, plums, apricots, cherries and other fruits, the greater part of which already bear; a young bearing vineyard, thousands of bushes of currants and other small fruits; extensive beds of asparagus, rhubarb, and other fine vegetables. To be sold on easy terms, and for much less than it cost, owing to ill health of the owner.

## PLAZA PROPERTY.

To those wishing to catch the cream of Plaza real estate I can offer blocks at figures that will double themselves in less than three years.

Convenient to Las Vegas, I have for sale several large tracts of desirable and which I am permitted to sell at very low figure. One tract contains about 3,500 acres, and is located about three and one-half miles southwest of Las Vegas; nearly all of it is under fence; good grazing and water for stock; some timber. Another tract a 350 acres, 7 miles from Las Vegas; timber and grazing, with an excellent stream of water passing over it. Still another tract of 350 acres of farming grazing and timber land, 8 miles west of Las Vegas, with running water upon it.

## COAL AND TIMBER LANDS.

I can sell you large tracts of land suitable for mining coal or the production of timber.

## CATTLE AND SHEEP RANGES.

In all parts of the Territory, and none in Wyoming.

I will take pleasure in showing prospective investors desirable building sites in the neighborhood of the Capitol, and in the vicinity of the Presbyterian church, and other localities of the city which in a few years will be worth double the present asking price.

## ROOMS: FURNISHED OR UNFURNISHED.

Furnished or unfurnished rooms in all parts of the city. Single, or en suite for light housekeeping. Some of them within five minutes walk of Plaza.

## OUTSIDE PROPERTY.

At El Cuervo, 10 miles from the Room and road, I can sell you about 60 acres; patented; excellent grazing.

It will pay you to advertise. Try it.

## A POSITIVE NECESSITY.

Having to lay upon my bed for 14 days from a severely bruised leg, I only found relief when I used a bottle of Ballard's Snow Liniment. I can cheerfully recommend it as the best medicine for bruises ever sent to the afflicted. It has now become a positive necessity upon myself. D. R. Byrnes, Merchant, Doverville, Texas. 25c. 50c. \$1.00 at Fischer Drug Co.

## Maxwell Grant.

FARMING LANDS UNDER IRRIGATION SYSTEM.

These farming lands with perpetual water rights are now being offered for sale in tracts of forty acres and upwards. Price of land with perpetual water rights from \$17 to \$35 per acre, according to location. Payments may be made in ten year installments. Alfalfa, grains, fruits of all kinds, and sugar beets grow to perfection.

## GOLD MINES.

On this Grant, about forty miles west of Springer, N. M., are the gold mining districts of Elizabethtown and Baldy, where important mineral discoveries have lately been made. Claims on unlocated ground may be made under the mining regulations of the company, which are as favorable to the prospector as the U. S. government laws.

Near Raton, N. M., on this grant, are located the Coal Mines of the Raton Coal and Coke Company, where employment may be found at good wages for any wishing to work during the seasons that farming or prospecting can not be successfully done.

## OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff dwellers, twenty-five miles west of Las Vegas, and about twelve miles from Baranca Station, on the Denver and Rio Grande Railway, from which point a daily line of stages run to the Springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 8,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilis and Mercurial Affections, Scrofula, Catarrh, La Grippe, Female Complaints, etc., etc. Board, lodging and bathing, \$2.50 per day; \$14 per week; \$50 per month. Stage coach, Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

ANTONIO JOSEPH, Proprietor  
Ojo Caliente, Taos County, N. M.

## Marlin 16-Gauge Shotgun

This is the smallest and lightest weight (about 6 1-2 pounds) repeating gun ever manufactured, and opens up many new possibilities to the up-to-date sportsman. It is not a 16 barrel on a 12 action, but a new, well-balanced, properly-proportioned gun that, with modern smokeless powders, enables a shooter to use a powerful load in a small shell and reduce, materially, the weight of shells and gun to be carried. The small, light gun handles fast, results in close holding and increased accuracy. (Full description in new Marlin Catalog No. A542, just out. Send three stamps for postage to THE MARLIN FIREARMS CO., NEW HAVEN, CONN.)

### ENDORSES JUDGE FREEMAN.

Members of the Pecos Valley Bar Association Meet in Roswell and Draw Up Resolutions.

A meeting of the Bar Association of the Pecos Valley was held in the Roswell court house on Tuesday evening. W. C. Reid was elected chairman of the meeting and W. S. Moore secretary. A motion was made and carried that the Bar endorse Judge A. A. Freeman of Carlsbad for judge of the Sixth Judicial District. A committee was appointed to draw up resolutions and reported the following which were unanimously adopted:

That, whereas, a recent act of Congress has provided for an additional judicial district and judge, for the Territory of New Mexico.

And whereas, the said act further provides that the headquarters of said district shall be at Roswell, Chaves County, New Mexico.

And whereas in the nature of things the counties of Eddy, Chaves and Roosevelt shall be within the said new district.

And whereas, the Honorable A. A. Freeman is a resident of said county of Eddy and has been for many years.

And whereas, the said Hon. A. A. Freeman was associate justice and judge of this said district for four years and gave general satisfaction as such.

And whereas, the said A. A. Freeman is well qualified in learning, experience and an acquaintance with the existing conditions of this community, to serve as judge of this district, and his appointment would be no experiment; Be it resolved, That we, members of the Bar of said counties and district, unanimously endorse the candidacy of said Honorable A. A. Freeman for the position of associate justice of the Territory of New Mexico, and judge of the Sixth Judicial District, and hereby respectfully petition the President of the United States for his said appointment.

It was ordered that a telegram be formulated and sent to President Roosevelt advising him of this action of the Bar of the Pecos Valley. Governor Otero received a copy of the resolution today.

### LAS VEGAS ITEMS.

Board of Directors of Commercial Club Discuss Irrigation—Endorse Blake Copper Company.

An important meeting of the board of directors of the Commercial Club of Las Vegas was held on Tuesday evening. The irrigation question, especially as it bore upon the work being done

in that vicinity was discussed at some length and it was the unanimous opinion that the work done so far was very satisfactory to the citizens of Las Vegas. A committee representing the Blake Copper Company gave a lucid and comprehensive statement of the conditions and necessities of the company. After some consideration the board endorsed the plans of the company.

The county board of commissioners at its meeting Tuesday afternoon, appointed James G. McNary as county printer in place of E. H. Salazar and named the Optic as the official paper of the county.

J. Y. Lujan, a merchant and farmer of Las Vegas and San Ignacio, reports that owing to the lack of water on the Sapello, the first crop of alfalfa will be a complete failure and that the work of planting cannot proceed.

Bids for the addition to the Electric Light and Fuel Company's power house were opened on Wednesday. Of the six bids submitted that of J. E. Consaul was the lowest and he received the contract.

The new Spanish weekly which will appear sometime during the present month will be called "El Eco Republicano". It will be out and out Republican in sentiment and will be devoted to the interests of the party in the Territory.

Miss Senteman at the head of the biological department of the Normal for the past year, has received a scholarship of \$1,000 from the Carnegie Institute for an original thesis on wasps.

Postmaster Inspector Gregg, accompanied by A. P. Smithers has been in the city looking over the postoffice situation here and is now prepared to make a statement to the postoffice department concerning the status of affairs.
