TO IRRIGATE ARID WEST

\$27,000,000 Has Been Appropriated for the Work and Fourteen Projects Approved.

THE HONDO RESERVOIR

Will Store Flood Waters to Supply Ditches for 20,000 Acres in Chaves County to Be Constructed.

Washington, May 19.—An appropriation of \$27,000,000 of the reclamation fund for the construction of fourteen irrigation projects in the arid west has been decided upon by the secretary of the interior, who has approved the plans of the engineers for works in the following states:

Arizona, California, Colorado, Idaho, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oregon, South Dakota, Utah, Washington and Wyoming.

Actual construction has already begun on the Salt River project in Arizona, and on the Truckee project in Nevada. Each of these projects involve a constructive cost of \$3,000,000.

The Hondo Project in New Mexico.

The Hondo project in New Mexico is located on Hondo River, a tributary of the Pecos River, in southeastern New Mexico about twelve miles southwest from the town of Roswell. The river is torrential in character and its ordinary summer supply is already appropriated.

It is proposed to construct a reservoir in a depression near the river, divert the storm or flood waters, and unappropriated water flow into the irrigation season, to irrigate lands lying east of the reservoir and south and southwest from Roswell. These lands are adjacent to productive fields near Roswell, and with an assured water supply could be put under cultivation at once.

The area to be irrigated under this project embraces about 20,000 acres, and the cost will probably be about \$300,000.

Hydrographic Data Invaluable.

Washington, May 19.—None of the irrigation work contemplated by the government would, ordinarily, be possible without long delay were it not for the hydrographic data accumulated by the geologic survey during many years of observation and measurement. In addition to that, the work of private individuals is constantly facilitated by the same records. No large engineering enterprises are now undertaken without reference to the survey's records concerning the supply of water available at the chosen site. The South Platte Land and Reservoir Company, which has under way canals and reservoirs that probably aggregate \$500,000 in value, has established stations at Orchard and Kersey, Colorado, because of the superior hydrographic advantages offered by those localities. The choice of those points is directly traceable to the data compiled by the survey. Equally important is the fact that projects that would have resulted disastrously have in numerous cases been abandoned after a study of survey records that threw light on the probable outcome. Data concerning the flow of water on the Arkansas and South Platte Rivers prevented the expenditure of great sums of money on the State Canal in the first instance, and upon the Pawnee Pass reservoir project in the second.

Survey data seem to be in great demand as unimpeachable testimony in the legal controversies that have arisen in this state in regard to irrigation matters. A most notable instance is the case of the Colorado & Southern Railroad vs. the Denver Union Water Company, in which the sum of \$100,000 was involved.

Data obtained by the survey in regard to the amount of water power available at certain places have influenced the plans of the Glenwood Springs Light and Power Company, the New Century Light and Power Company, and also proposed power companies on Clear and St. Vrain's Creeks. None of these projects has yet been carried to a conclusion, but some of them will undoubtedly be eventually constructed.

Colorado cities seeking a suitable water supply have frequently consulted data obtained by the survey. In the case of Durango, in southwestern Colorado, the discharge of Florida River was especially studied in order to ascertain whether a gravity water system would be feasible at that point.

The location of various manufacturing industries has been determined by reports from survey engineers on the available water supply. Conspicuous instances of this are the construction of the American Beet Sugar Company's plant at Rocky Ford and the erection of the sugar factory at Loveland.

Uncompahgre Project in Colorado. There is \$2,500,000 reserved for the completion of the Uncompahgre project. This project is located in Montrose and Delta Counties in western Colorado, on the west side of the

STILL AN OPEN FIGHT

Outside Recommendations as to Mann's Fitness and Ability for Judgeship Required.

Special to the New Mexican.

Washington, May 19.—The fight for appointment to the office of associate justice of the Territorial Supreme Court is still open and will not be settled for several days. Delegate Rodey has endorsed Edward A. Mann of Las Cruces, having received within the last few days many telegrams from New Mexico urging him to do so. It is understood that Judge A. A. Freeman of Carlsbad will not be considered for appointment. The President is quite well posted upon the qualifications of the several New Mexico candidates. It is said that Edward A. Mann who has the strongest territorial endorsement will be required to furnish endorsements from his old home in Nebraska before his name can be favorably considered.

A. C. Campbell who is an assistant attorney in the office of the assistant justice general in the department of the interior was appointed to this position from Roswell and still holds his legal residence in New Mexico. He therefore cannot be considered an outsider. Mr. Campbell said to a representative of the New Mexican that should he for any cause leave the department of the interior, he would return to Roswell, which place he considers his legal residence and home, for the practice of his profession. He has some very fine endorsements as to his legal ability, his experience as a lawyer and his standing as a man and a citizen for many years. The two Wyoming Senators have so endorsed him; Victor Moravitz, general counsel of the Santa Fe Railway system has written a strong letter in his behalf, and other persons of prominence and influence are also supporting him. From the Pecos Valley, the report has reached here that if Judge Freeman cannot be appointed, Mr. Campbell's nomination would be satisfactory to the people there. The result at this writing cannot be conjectured.

EDITORS MEET IN FINAL SESSION

Henry Watterson Delivers an Address on the "Editorial Page."—Election of Officers.

St. Louis, May 19.—The national editorial association held its final sessions today. The forenoon was devoted to addresses and the afternoon to the election of officers and routine business. The principal address was delivered by Henry Watterson who took for his topic the "Editorial Page."

TWO REPUBLICAN CONVENTIONS

Being Held in Madison—Cook Will Be Nominee of Regulars and La Follette of Anti Third Termers.

Madison, Wis., May 19.—Two state Republican conventions were in session here today. The regulars are expected to nominate Cook for governor. The anti third termers, who bolted at the regular convention yesterday afternoon are expected to nominate La Follette.

BALLOTING FOR BISHOPS.

The Methodist General Conference in California Chose Joseph F. Berry of Chicago.

Los Angeles, Calif., May 19.—On the first ballot for bishops at the Methodist general conference, Joseph F. Berry of Chicago was elected.

On the second ballot Henry Spellmeyer of Newark and W. F. McDowell of New York were elected. The third ballot has been taken but the result has not yet been announced.

main range of the Rocky Mountains. The source of water supply is the Gunnison River, from which it is expected that water will be taken by means of a tunnel about six miles in length, beginning in the Grand Canon of the Gunnison and serving water in Uncompahgre Valley a few miles northeast of the town of Montrose.

The Uncompahgre River flows through a broad, fertile valley, but its flow is quite inadequate for the irrigation lands. The Gunnison River, flowing through one of the most remarkable canyons in this country, carries a comparatively large volume of water, but little of which can be utilized in its drainage basin. It is proposed to divert a portion of this stream's flow in a tunnel cut through the mountains upon about 100,000 acres of land, a considerable portion of which is in private ownership in small tracts. When complete, this will be one of the most remarkable engineering feats in the world.

THE RUSSIANS ARE LOSING HEART

The Japanese Continue to Gain Victories on Land But Have Suffered Several Naval Disasters, Resulting in the Loss of a Battleship and Cruisers.

New Chwang, May 19.—A courier of the Associated Press who arrived here shortly after midnight reports that a Japanese fleet was sighted from a tower on a hill ten miles north of Kai Chou, on Monday. The bombardment of the coast was extensive, covering a distance of 25 miles. The Japanese landed and destroyed four miles of railroad and other property and captured a Russian commissary train. A regiment of Russian infantry returned here yesterday afternoon. It is reported that batteries of artillery will arrive here today. The Russians seem bewildered and disheartened and unable to form lasting plans. It is believed that the Russian authorities at Mukden are responsible for this vacillation.

Russians Safe Guarding the Railroad. Mian-don-ha (Station on Manchuria Railroad), May 19.—The task of safe guarding the railroad against the constant and determined attacks of Japanese and Chinese agents, caused the Russian military authorities unremittent labor. The line must be preserved at all hazards and 25,000 Russians, in small parties are guarding 1,400 miles.

Japanese Disasters. Tokyo, May 19.—Vice Admiral Togo reports: "A report from Rear Admiral Dewa says that the cruisers Kasuga and Yoshino collided during the fog off Port Arthur on May 15, and the Yoshino sank, only 90 of her crew being saved. On the same day the battleship Hatsuzue struck a Russian mine and sank. Three hundred of her crew were saved by torpedo boats."

The cruiser Kasuga mentioned in the above dispatch was purchased by Japan from Argentina before the outbreak of hostilities with Russia. The cruiser Yoshino was a steel vessel of 4,180 tons, 350 feet long, 40 feet wide and with a draft of seventeen feet. She had a complement of 300 men. The Hatsuzue was a steel battleship of 17,000 tons, 400 feet long, 76 feet wide and with a draft of 27 feet. She was armed with four 12-inch and fourteen 6-inch guns as well as 32 guns of smaller caliber. She had a complement of 741 men.

Crew Went Down With the Ship. Che Foo, May 19.—People just arrived here from Dainy have reported to the Russian consul that the Japanese battleship sank in two minutes after contact with the submarine mine and that there was no time to save the crew. The accident happened it is said, within sight of Port Arthur. The battleship Fujii, not the cruiser Asama, which struck a mine on the port bow, had a heavy list, and was also down by the bow, but was righted and went off in tow of other cruisers.

It is thought impossible, however, that she reached the port. The rumor at Dainy that the Asama sank at Keer Bay, probably refers to the sinking of the cruiser Miaka, which took place there recently. The Russian consul personally had a telegram from Dainy saying that it was rumored that two Japanese battleships had been sunk off Port Arthur. Refugees coming in say the town received no damage from the bombardment and that considerable land fighting is going on to the north of Dainy.

Japanese Lose Battleship.

Che Foo, May 19.—A party of Russians arriving from Dainy this morning by a junk, state that during the bombardment of Port Arthur by the Japanese in the afternoon of Monday, the Japanese battleship Shikishima and the cruiser Asama struck mines and sank. The Russians say the Shikishima sank two minutes after running on the mine and that the Asama was being towed away by a vessel of the commanding officer at Dainy, who showed they assert, a telegram from Port Arthur that the bombardment commenced at one in the afternoon and that two hours after the Shikishima struck a mine and soon went to the bottom. During the confusion that followed, according to the story told, the Asama also broke into a mine and was being taken in but was sinking so fast that it was found necessary to abandon her. A number of Russian torpedo boats then went out but the Japanese received reinforcements and the Russians retired.

Russians Fear Next Bombardment. St. Petersburg, May 19.—A copy of the Vladivostok Vostochny Vestnik, which was received in this city, expresses fear that the next bombardment by the Japanese will be more

PROPOSED IRRIGATION PROJECTS

The Report of the Proceedings of the International Water Boundary Commission Recently Issued.

The department of state at Washington, D. C., has just issued in two large handsomely bound volumes a report of the proceedings of the international water boundary commission of the United States and Mexico in connection with the treaties of 1884 and 1889 and relating to the equitable distribution of the waters of the Rio Grande. The report is particularly important in that it relates to the question of an international dam and the resultant probability of a great irrigation system being established for the arid lands of the Rio Grande Valley. The report refers to the equitable distribution of the waters of the Rio Grande and the Colorado River. The report is printed in both English and Spanish.

Anson Mills, brigadier general, United States army retired, and the United States commissioner in his letter transmitting the report says in part:

"After the completion of the preliminary investigations a new complication arose in form of a protest against what is known as the Elephant Butte dam in New Mexico, 120 miles above the proposed international dam, on the ground that there was not sufficient water for both dams, and that Mexico was not willing to accept the international dam as proposed, in lieu of the alleged deprivation of water, without some restriction as to the use of water by the proposed Elephant Butte dam and other dams in New Mexico. In deference to the protest your department brought suit in the courts of New Mexico to enjoin the construction of the Elephant Butte dam. This suit has been pending since May, 1897, meanwhile having been twice to the Supreme Court, but recently has been finally determined by the granting of a perpetual injunction against the construction of the Elephant Butte dam. It is now very probable that the site of the Elephant Butte dam will be chosen as the location of the international dam, as Mexico will withdraw its objections upon being granted part use of the waters to be impounded by the dam."

SENA VS. AMERICAN TURQUOISE COMPANY

To Be Argued Tomorrow at Las Vegas Before Judge Mills—Valuable Tracts Claimed.

Matt G. Reynolds the St. Louis attorney, who has been in the city for several days consulting with Solicitor General E. L. Bartlett, left on today's delayed train for Las Vegas, where tomorrow he will argue the pleadings in the case of Mariano F. Sena et al., vs. the American Turquoise Company, involving title to the tracts of land upon which the turquoise mines of this company are located and which are claimed by Sena et al., under the alleged Jose de Leyba land grant. This land grant was not approved by the United States Court of Private Land Claims, and the United States Supreme Court affirmed this decision, but the latter court remanded the case for action by the territorial courts. A change of venue was taken to San Miguel County and the case will be heard before Judge Mills tomorrow. Solicitor General E. L. Bartlett of this city and Matt G. Reynolds of St. Louis are for the American Turquoise Company and J. P. McNulty, defendants, while Frank W. Clancy of Albuquerque, will appear for Sena et al.

CONFERENCE WITH-OUT RESULTS

Committees of Boilermakers Have Returned From Their Trip to Los Angeles.

The committee of boilermakers from the Santa Fe shops composed of James Boyce, Oscar Anderson and Pat Donahue, who went to Los Angeles to consult with General Manager Wells of the Santa Fe system, has returned to Albuquerque. On their way to California the men were joined by other delegates from the strikers from points along the line. The conference with the general manager lasted some hours but no definite results were accomplished although the men affirm that the conference was eminently satisfactory. The boilermakers claim that the company's motive power, especially the oil burning engines running from Seligman and the Needles, is in bad shape and that the company realized that the boilermakers are badly needed to repair the engines. They therefore hope that the strike as far as the boilermakers are concerned, will be settled within a few weeks. The local shops are running in good order. Officials say that some of the imported machinists are proving themselves better workmen than the men who went out.

Call on the New Mexican Printing Company for engraved visiting cards.

FATAL SHOOTING

Quarrel Over Law Suit Between Marshal Humphreys and C. A. Herman of Cortez Ends in Fight.

WOMAN AND SON DEAD

The Husband Escapes and Gives the Alarm Whereupon the Murderer Was Immediately Arrested.

Cortez, Colorado, May 19.—Marshal Humphreys shot and killed Mrs. C. A. Herman and her son, Frank Ingles, in a quarrel over a law suit. C. A. Herman and Ingles had done some work for Humphreys and when the latter failed to pay, filed a mechanic's lien on his ranch. In turn Humphreys swore out a warrant for the arrest of the two men on the charge of stealing a horse. Herman, his wife and Ingles, were returning to their home near Ariola after giving bail on this charge when Humphreys appeared and opened fire on them with the above result. Herman escaped and gave the alarm, and Humphreys was arrested.

COMMENCEMENT EXERCISES.

Of the New Mexico Military Institute Being Held This Week—Field Day Events.

Special to the New Mexican. Roswell, N. M., May 16.—The New Mexico Military Institute commencement opened up Saturday last and bids fair to prove the most successful ever held at the institute.

Saturday's parades and military exercises were well attended and the battalion showed up in splendid form. Father Herbert, who is in charge of the Catholic Mission of Roswell, delivered a fine address before the cadets. Sunday, this—Monday—was field day, and while none of the school records were broken, a great interest was manifested and very satisfactory work was done. The following is a list of the events, showing entries and records made:

100 yard dash—D. Pruitt, Chaves, Leland; won by D. Pruitt, time 11 seconds, Leland second.
Running broad jump—Bell, Chaves, Morse, Render and Ririe; won by Render, 18 feet, 3 inches. Bell second.
220 yard dash—Leland, Coppinger, D. Pruitt, Morse; won by D. Pruitt, 25 seconds. Morse second.
Standing broad jump—Bell, Chaves, Morse, Render, Ririe; won by Bell, 9 feet, 9 inches. Render second.
High jump—Coppeland, Fall, Leland, Morse, J. Miller, Ririe; won by Morse, 4 feet 10 inches. J. Miller second.
Shot put—Bell, Frank, Leland, Ririe, R. L. Smith; won by Bell, 32 feet, 10 inches.
Pole vault—Morse, Render, Ririe, Quickel; won by Render, 7 feet, 10 inches. Quickel second.
Hammer throw—Crandall, Frank, Ririe, R. L. Smith; won by R. L. Smith, 75 feet 1 inch.
120 yard hurdle—D. Pruitt, Leland, Kraemer, Morse; won by D. Pruitt, 17 seconds.

Tomorrow the cadets will cross bats with El Paso's strong team, and a good game is anticipated. The cadets have a strong team and have been making great efforts to secure games, but it seems hard to get any of the territorial teams to come against them. They offered to pay all expenses for the Agricultural College team to come to Roswell, or to bear half of their own expenses in going to Las Cruces, but could not, even with this inducement, secure a game. The cadets are true sports in the athletic line and could wipe up any school team in the southwest.

NEW BRIDGE OVER THE RIO GRANDE

The Work of Construction Will Begin at Once—Will Be Modern in Every Respect.

George W. Boshka, a constructing engineer of the Southern Pacific was in El Paso a few days ago, in reference to the Southern Pacific bridge across the Rio Grande at that place. The work on the bridge will begin immediately and will be in full progress of construction within two weeks. The bridge will be just south of the present structure and will be modern in every respect. It will be a solid structure, being 30 feet higher than the old bridge. The cost will be about \$75,000 and six months will be consumed in the construction. Some changes will have to be made in the main line in order to get up to the height of the new bridge. The old bridge will be dismantled as soon as the new one is finished.

TAMMANY OPPOSED TO PARKER.

Boss Murphy of Tammany, has about made up his mind that the time has arrived for a fight on Judge Alton Brooks Parker, who is the presidential candidate of the Clevelandites and the reorganizers of the Democratic party. The first attack on Judge Parker is the publication of a lengthy article of an episode in bank wrecking which took place in Ulster County, New York, some thirteen years ago, the judge being then and there one of the trustees of the wrecked bank. The St. Louis Globe-Democrat is of the opinion that the publication at this time of this matter by the Tammany Times of New York is a sure indication that Tammany will fight Judge Parker on the floor of the convention and concerning it says that the broadside in the Tammany Times against Parker, in which it presents the details of the story of the wrecking of the Ulster County bank of Kingston, New York, thirteen years ago, has a significance which the wayfaring man can quickly grasp. What that paper calls the "inside facts" in that scandal are given with great circumstantiality. The Ulster County bank was looted by two of its officers to the extent of \$500,000, these facts coming to light in 1891. The New York World and other papers of that vicinity worked up the case at the time with considerable detail, and the story as presented in the World and other Democratic journals at that day, and the reflections against Parker which were indulged in, are presented by the Tammany Times.

Judge Parker was one of the trustees of the wrecked bank. The thefts by the two thieving officials had been going on for 20 years at the time when the crime was brought to light, and neither Parker nor any of his associates ever discovered it, or if they discovered it, they did not divulge it. Moreover, when the discovery of the thefts was first made known to the public, and when a run by depositors was started on the bank, many of the trustees, Parker among them, are said to have made a statement that the bank was thoroughly solvent, and thus quieted the fears of the depositors for a time and led some of them to put their money back, only to have them discover shortly afterward that they were deceived again.

These disclosures are damaging to Parker, even though they convict him of nothing beyond negligence of his duty as a trustee of the bank. Threats were made at the time to lynch not only the two bank swindlers, but also the trustees who had neglected their duties and who had beguiled depositors into putting their money back into the wrecked institution, and thus in losing much of it. Parker was a man of considerable prominence at the time, and he was singled out by name by the aggrieved persons as being partly responsible for their ruin. This story of a thirteen-year-old episode in the annals of Parker's community is calculated to injure him in the states which have not yet held their conventions to choose national delegates. The fact that Tammany is sending these disclosures broadcast through the country is ominous for New York's leading aspirant. The wigwag will have lots of allies in its fight against Parker on the floor of the St. Louis assemblage.

The city board of education is, it is hoped, earnest in the question of disposing of the tracts in the Fort Marcy donation not necessary for school purposes and of the erection of greatly needed modern school buildings. This is refreshing and commendable. Here is hoping that the board will keep on and that something tangible will be done before midsummer.

The Kansas City Times looks upon the situation very blithely and with a satisfactory mien, saying editorially: "With the assurance of Roosevelt in the White House, Folk in the Governor's mansion in Jefferson City, and with Neff in the mayor's office, it would appear that good fortune never comes singly, either."

At present the St. Louis hotels are getting the most of the exposition. By and by the exposition may get the most of the visitors.

HITT OF ILLINOIS FOR THE VICE PRESIDENCY.

The addition of Representative R. R. Hitt of Illinois, to the Republican list of vice presidential possibilities gives the party a positive embarrassment of riches in respect to this important office, says the Denver Republican. On the other hand, the Democratic party is as much at sea in regard to a suitable vice presidential candidate as it is regarding a suitable candidate for first place on the ticket.

Mr. Hitt, whose name was proposed by Secretary Shaw, and whose candidacy seems to have "taken" among all the Republican leaders, would not only grace the office of Vice President, but, in case of the death of the President, he would make a most capable chief executive. So uniformly creditable has been his record in Congress that his Illinois constituents have made a business of returning him regularly for a quarter of a century. The candidate who runs against "Bob" Hitt always knows that he is chief comedian in a farce. In the diplomatic service, also, Mr. Hitt, has scored triumphs, but perhaps his greatest service has been in House committee work, where on the committee of foreign affairs, and other important committees, he has worked with all the skill of a master of the situation. In fact, since the early days when Mr. Hitt was Abraham Lincoln's shorthand reporter during the famous Douglas debates, his career has been one of duty faithfully and intelligently performed. Perfect poise and common sense, and a wonderful knowledge of foreign affairs as well as a complete understanding of all branches of legislation at Washington, make Mr. Hitt an ideal man for any great office.

If the vice presidency is to come no farther west than the middle ground, the Republican party can do no better than to select Mr. Hitt, whose record has come to be a matter of more than local pride.

THE STRIKE ON THE SANTA FE PACIFIC.

The boilermakers on the Santa Fe Pacific Railway have struck but the company had made preparations for this and was enabled to fill the places of the strikers promptly. As far as known to the general public there is no good reason for this strike. Some delay naturally is experienced by the company in the running of trains, as the new men put on must be given a little time to become experienced in the particular work they have to do and until this is accomplished delays are inevitable. The sympathies of the traveling public and of the citizens of the sections through which the Santa Fe Pacific trains pass and of the towns where the strikers were employed are with the company and the inconvenience and delays experienced in travel are not charged up to the latter as it is apparent that the company is doing the best it can under the circumstances. No breaches of the peace have so far occurred and it is believed none will, as the strikers say that they are and will be peaceable and as the peace authorities everywhere seem to have the situation well in hand. This is as it should be. The strikers have a right to leave the employ of the company if they want to, but no interference should or will be tolerated with the men who have taken their places. Every man is amenable to the law and the law guarantees to every man the right to work for such corporations as he pleases and under such circumstances as he chooses. How long the strike will last cannot at this time be foretold, but the company seems to be in good position to stand it for a longer period than can the striking machinists and boilermakers and without any serious interruption to its traffic and business.

ANOTHER PHASE OF THE STATEHOOD QUESTION.

The Las Vegas Optic has seen a new light. It asks this question: "If it was possible for Senator Tillman, singlehanded, to hold up the United States Senate for an appropriation of \$60,000 for the state of South Carolina, and if, as Delegate Rodey says, it is possible for any five or six Senators to force the passage of a joint statehood bill, would it not be possible for five or six Senators friendly to New Mexico to force through the Senate a bill admitting New Mexico as a separate state? Senator Quay came very near doing it a year ago, and now that not only Senator Quay but also Senators Foraker, Elkins, Patterson, Penrose, Teller and others have pronounced themselves distinctly in favor of giving statehood to New Mexico within its present boundaries, it does not look plausible that New Mexico will be denied statehood for another generation simply because five or six Senators declare that they will oppose it."

The Democratic politicians and bosses of this Territory are really entertaining the opinion that they can elect a Democratic candidate for delegate and the majority of the legislative assembly this year in sunny New Mexico. They are evidently having a severe attack of what may properly be called "the swelled head."

There are some hopes now that new and modern school buildings for this city are not as far off as they were ten years ago. In the matter of constructing brick sidewalks and crossings, however, the chances are not so good.

The Russian authorities are to be commended for taking bad war news stoically and calmly. They are evidently believers in the proverb, "There is no use in crying over split milk."

A Quart Baby.

Now and again there is an item in the newspapers concerning the birth of a puny baby so small that a quart cup holds it comfortably. If the article told all the facts it would probably tell also of a mother who in weakness and misery had looked forward to the baby's advent with shrinking and fear.

To have fine, healthy children the mother must be healthy, and it is the common testimony of the use of Dr. Pierce's Favorite Prescription not only promotes the mother's health but also gives her strength to give her child.

"Favorite Prescription" accomplishes these results by tranquilizing the nerves, promoting a healthy appetite, and giving refreshing sleep. It increases physical vigor and gives great muscular elasticity, so that the baby's advent is practically painless. It is the best of tonics for nursing mothers.

"I gladly recommend Dr. Pierce's Favorite Prescription," writes Mrs. J. W. G. Stephens, of Mila, Northumberland County, Va. "Before my third child was born I took six bottles. He is the finest child and has been from birth, and I suffered very much less than I ever did before. I unhesitatingly advise expectant mothers to use the 'Favorite Prescription.'"

The dealer who offers a substitute for "Favorite Prescription" does so to gain the little more profit paid on the sale of less meritorious medicines.

Dr. Pierce's Common Sense Medical Adviser, containing 1008 pages, is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers. Address Dr. R. V. Pierce, Buffalo, N. Y.

The Democratic press of the Territory is worrying about the resolutions passed by the Democratic convention at Silver City last month. They declare that these resolutions have never been printed and have been either kidnapped or destroyed. The New Mexican printed the resolutions in full as they were certified to by the secretary of the convention and as the Democratic editors, judging by their editorial comments read the New Mexican very closely and carefully, it is strange that they overlooked the resolutions which filled more than a column of newspaper type. The excitement of convention week and its attendant circumstances alone can account for that.

The question concerning Mr. Hearst now is, is he a consistent or inconsistent Democrat? He has openly asserted that in the last five presidential campaigns he supported Grover Cleveland three times, and William Jennings Bryan twice. What kind of consistency can such action be called?

The Chicago Chronicle, a Parker-Cleveland Democratic paper, which, however, supported Bryan in 1900, charges the latter with being a Populist. This is great news indeed.

How's This?

We Offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.
F. J. CHENEY & CO., Toledo, O.
We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by this firm.

THE WEEKLY CROP BULLETIN

U. S. Department of Agriculture.
NEW MEXICO SECTION
CLIMATE AND CROP SERVICE
WEATHER BUREAU
In Co-operation With the New Mexico Weather Service.

Santa Fe, N. M., May 17, 1904.

The first part of the past week was characterized by cool, dry and windy weather; the latter part by scattered showers, higher temperatures and little wind. In some localities, principally over the southeastern range in the vicinity of Roswell and in west-central sections near the Continental Divide, the rains were sufficient to fairly relieve the drought, but over the Territory generally, and in the vicinity of the White and Sacramento mountains in particular, the showers were too light to do much good. As a rule the rains have not been sufficient to increase the water supply materially. As a whole, however, conditions have been greatly improved. New grass has already been well started in many localities, and although lambing is almost finished the showers and warmer weather will likely prevent further loss. The latest reports indicate a very irregular yield of lambs. The best situated camps saved about 50 per cent, while others lost nearly all the lambs and many old sheep. On southern ranges and in the northeast, cattle had begun to fall off very rapidly, but in general a rapid improvement is now looked for.

Where water was obtainable crops under ditch made rapid progress during the latter part of the week, but the total acreage put in this season is much less than usual. Wheat and corn

are growing rapidly. The first cutting of alfalfa is being made in southern counties but excepting in the most favored localities the yield is very light. Early fruits, as peaches, apricots and cherries—sweet cherries in particular—promise a very irregular yield, many trees bearing scarcely any while others have a fair crop. The following remarks are extracted from the reports of correspondents:

Albert—H. M. Hanson—Drought continues and is now serious. Lambing reported an absolute failure, and some losses in cattle. Stock of all kinds falling off rapidly. Rain of limited extent fell on the eastern border of the county.

Arabela—A. M. Richardson—Still dry; vegetation makes no progress and stock is dying.

Bloomfield—W. A. Ballinger—Alfalfa a little late but not damaged much by freezing. Early potatoes coming up nicely; first planting of corn last week. The San Juan river is still high.

Carlsbad—H. F. Christian—The fruit crop is now certain. No scarcity of irrigation water as yet, and farmers are busy putting in their crops. First cutting of alfalfa being made. Range cattle in poor condition; rain is badly needed on the range.

El Rito—P. Lopez—Very dry; no snow in the mountains, and water is very scarce. Alfalfa is dying from the drought.

Espanola—J. P. Leese—Warm weather; vegetation is growing well. Water for irrigating purposes is still scarce. Grass is starting nicely on the range from the showers of the 14th.

Folsom—Jackson Tabor—A dry and cold week. Grass grows slowly. Stock north of Folsom is doing well but on the plains to the south there is some loss, especially in sheep and lambs. The first cutting of alfalfa will be late and light. Fruit on my ranch is unharmed, and promises abundantly.

Fort Stanton—Geo. Buntin—Very light showers night of the 11th, but not enough to measure.

Fort Wingate—John Woodgate—Two light showers during the week started the grass growing a lit-

Schlitz Hops from Bohemia

We send our buyers there every year to get the best that are grown, and we pay twice what common hops cost

A partner in our business buys our barley, and selects the best from all.

We get our water from six wells, bored 1400 feet to rock.

Our yeast is all developed from the original mother cells which helped to make Schlitz Beer famous.

All the air that touches Schlitz Beer comes to it through air filters. And the beer itself is filtered through white wood pulp. Then we age it for months, until it can't cause biliousness.

We sterilize every bottle. Ask for the brewery bottling.

The Beer That Made Milwaukee Famous.

BECOMING A MOTHER

Is an ordeal which all women approach with indescribable fear, for nothing compares with the pain and horror of child-birth. The thought of the suffering and danger in store for her, robs the expectant mother of all pleasant anticipations of the coming event, and casts over her a shadow of gloom which cannot be shaken off. Thousands of women have found that the use of Mother's Friend during pregnancy robs confinement of all pain and danger, and insures safety to life of mother and child. This scientific liniment is a god-send to all women at the time of their most critical trial. Not only does Mother's Friend carry women safely through the perils of child-birth, but its use gently prepares the system for the coming event, prevents "morning sickness," and other discomforts of this period.

Sold by all druggists at \$1.00 per bottle. Book containing valuable information free.

COMES QUICKLY.

Don't have to Wait for Weeks. A Santa Fe Illustration.

Waiting is discouraging. Prompt action pleases everybody. A burden on the back is a heavy weight.

Hard to bear day after day. Harder still year after year. Lifting weight, removing the burden.

Brings appreciating responses. Santa Fe people tell of it. Tell how it can be done. Tell of relief that's quick and sure. Here is a case of it:

Tomas Baca, miner of Cerrillos st., says: "I have not the slightest hesitation in recommending Doan's Kidney Pills. I thoroughly believe from my experience that anyone troubled with an aching back, and most miners are annoyed with that tormenting affliction, who goes to Ireland's Pharmacy for Doan's Kidney Pills and takes a course of the treatment, will find his backache cease. I had attacks of it for about three years, never so that I could not work, but many a time I would have laid off had I been able to afford it. Doan's Kidney Pills stopped a very serious attack. I am thoroughly convinced they will prove as beneficial to others as they did to me."

For sale by all dealers; price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Notice for Publication.

(Homestead Entry No. 4718.)

DEPARTMENT OF THE INTERIOR.

Land Office at Santa Fe, N. M., May 8, 1904. Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the Register or Receiver at Santa Fe, N. M., on June 15, 1904, viz: Harry Wiley for the new 24 sec. 34, 35, 36, 37, 38, 39, 40, section 11, township 17 north, range 12 east. He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: Wm. Sparks, of Willis, N. M.; Bonifacio Sandoval, H. S. Arnold, Frank Emmerson all of Pecos, N. M.

Manuel R. Otero, Register.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husband, Pa. "At times she was unable to move at all, while at times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by all druggists.

For FARMERS

A new monthly illustrated farm journal—"The Earth." Tells of life in the Great Southwest country—Oklahoma, Texas, New Mexico, California—the industries and opportunities there. Write to-day for sample copy. One-year's subscription, 25 cts. Address: THE EARTH, 1115 Railway Exchange, Chicago.

One of the greatest blessings a modest man can wish for is a good, reliable set of bowels. If you are not the happy possessor of such an outfit you can greatly improve the efficiency of those you have by the judicious use of Chamberlain's Stomach and Liver Tablets. They are pleasant to take and agreeable in effect. For sale by all druggists.

PERSONAL MENTION

Mrs. W. Hayes Moore, who has been ill at her home on Grant Avenue is improving.

W. J. Cardwell of Albuquerque, an insurance agent was in town on business today.

C. L. Schuert of St. Louis, a traveling salesman, is in the city calling on trade today.

Isadore Sanders, traveling salesman of Trinidad, Colorado, is a business visitor in the city today.

Herman Switzer of Albuquerque, who has charge of the Harvey curio department in the city was in town on business today.

A. N. Oliver of Denver, traveling passenger and freight agent for the Southern Pacific was in the city on business today.

Miss Meeker, a teacher in the Allison Presbyterian Mission School, left today for Blackwell, Oklahoma, where she will spend the vacation.

Mrs. N. Salmon and little daughter will leave the first of next week for the hot springs at Jemez, where they will spend several weeks.

Mrs. Jose Salazar y Ortiz, mother of Mrs. Leo Hersch, Mrs. Morris and child, and baby Hersch, will return tomorrow from a visit at Santa Cruz.

Mrs. Arthur Seligman and Mrs. James L. Seligman left today for Las Vegas, where for the next few days they will be the guests of Mr. and Mrs. Charles A. Spiess.

I. B. Hanna, superintendent of the Pecos Forest Reserve, went to Las Vegas last evening as a witness in behalf of the United States government in a suit for timber depredation claims.

P. B. Heather, business man of Silver City, accompanied by his wife left that town Tuesday for St. Louis, where they will remain for several weeks attending the Louisiana Purchase Exposition.

Frank Owen, manager of the Santa Fe Water and Light Company has gone to the upper Pecos River country to examine water conditions in that section. He will be absent from town a few days.

C. R. Galbraith, engaged in mining in the Cerrillos mining district is a visitor in the capital. He expects, next week to go for the summer to his old home at Franklin, Pennsylvania. En route he will take in the St. Louis Exposition.

Attorney Charles A. Spiess of Las Vegas, arrived from that city last evening and consulted with Commissioner Arthur Seligman on business connected with the New Mexico exhibit at St. Louis, he being president of the board of Louisiana Purchase Exposition managers. He left this morning for Taos to attend the session of District Court in that county. He will return to this city Saturday.

Major Frederick Muller, receiver of the U. S. land office here, left on this afternoon's delayed train for Las Vegas having been called to the Meadow City as a witness in cases of United States for the unlawful cutting of timber on the public domain. Major Muller was instructed to bring with him plats of the townships in which these depredations are said to have taken place.

IMPORTANT CHANGE IN SCHEDULE.

The El Paso Northeastern System Makes a General Change to Accommodate the World's Fair Traffic to St. Louis.

The El Paso Northeastern system realizing the importance of eastern travel for the coming months and always awake to the comfort of its patrons, will, effective June 5th, 1904, make a complete rearrangement of its passenger schedules, having the arrival and departure of trains from all

important terminals fixed at seasonable hours.

Train No. 4, east bound, will depart from El Paso at 7 a. m. mountain time, arriving Topeka 3:50 p. m. and Kansas City 6 p. m. central time the second evening. At Kansas City direct connection will be made for St. Louis and Chicago, passengers arriving at these points the second morning after departure from El Paso. Approximately the same time is made west bound, leaving Chicago and St. Louis in the evening, arriving El Paso the second evening out at 6 p. m. mountain time. Too much importance cannot be put upon the desirability of arriving at St. Louis, the World's Fair city in the morning. These trains will carry Pullman standard wide vestibuled equipment—a standard and tourist sleeper—also chair cars being operated through from El Paso to St. Louis without change of any kind whatever. As usual all meals will be served in Rock Island system dining cars. It is unnecessary to dwell upon the excellency of this part of the service. This being the short line consequently offers the quickest time from El Paso to St. Louis, Chicago and all points north and east, only 48 hours El Paso to St. Louis.

Another important item, the Rock Island system is the only line from the southwest which has its station at the World's Fair grounds. Passengers traveling via this line may, if desired, leave same at the World's Fair gates, and thus avoid the crowds and delay at the union station.

This new schedule will also enable Colorado tourists to make a quick and pleasant journey to all Colorado resorts. Only one night out to Colorado points.

There is no pepper in Schilling's Best ginger; there's nothing wrong in Schilling's Best anything.

COFFEE VALUES.

It is difficult, if not impossible, to match the values we give our customers in roasted coffees. We buy the best coffees we can find and sell them on a small margin of profit. But more than that, we handle fresh roasted coffee. Freshness is just as important as quality. We buy in small quantities and keep our stock moving. The following are some of our best brands. Any of them can be duplicated at almost any time. Occasionally, owing to our policy of carrying small stocks to insure freshness we may be out of one particular brand for a day or two.

Chase & Sanborn's Seal Brand, 1 and 2 pound cans, per pound... 40
Chase & Sanborn's SOUTH SEA Blend, 1 pound cartons, per lb... 25
Pure Cream Java and Mocha, 3 pound cans, each... 1.00
Ferdell Mocha and Java, 1 and 2 pound cans... 40
Ferdell Mocha and Java blend, 1 pound cartons, 35, 3 for... 1.00
Ferdell Albion blend, 1 pound cartons... 25

flour is made has been kept up to date and contains the best machinery for producing the highest grade product of the miller's art. Many of the most critical buyers in Santa Fe have used this flour for twenty years. If you are not using it now a trial will prove to your advantage.

FERDELL PRODUCTS.

We secured the agency for the FerdeLL brand of pure foods several years ago. The possibilities in the way of selling high grade pure foods were unknown to us. We have found by experience that there is a large and growing class of consumers in Santa Fe that appreciate the efforts of the makers of this brand of food to produce something above the ordinary. All kinds of canned vegetables, all kinds of canned fruits, catsup, exquisitely delicious preserves, the finest quality of rice in cotton sack, tapioca, sago, cocoa, etc., are among the many articles that may now be had under the FERDELL brand.

1 pound jars preserves, each... 40
2 pound jars preserves, each... 65
3 pound sacks rice... 35
Pint bottles catsup... 30
3 pound cans sweet potatoes... 20
3 pound cans sugar beets... 25

The following case was filed in the District Court for Santa Fe County, Manuelita Davis versus Louis C. Davis, application for divorce.

The College Baseball team and the ball team from the United States Industrial Indian School played this afternoon on the college campus.

At a meeting of Santa Fe Lodge No. 460, B. P. O. E., last evening, Fred A. Young and Captain William Strover were duly initiated into the order.

The Ladies' Aid Society of the Presbyterian Church will meet on Friday afternoon at the residence of Mrs. John R. McFie on Lincoln Avenue.

There has been turned over to Police Magistrate Jose M. Garcia one bicycle. The owner can have same by proving property and paying for this advertisement.

The regular meeting of the Guild of the Church of the Holy Faith will be held at the home of Mrs. Francis R. Cross, Buena Vista Place, on Friday afternoon at 2:30 o'clock.

Be thrifty, industrious and saving; you will be worth more to your family, more to yourself and more to the community. Open an account by mail with the Plaza Trust and Savings Bank of Las Vegas.

At a meeting of the Santa Fe Typographical Union No. 405, held yesterday evening, F. P. Sturges was elected delegate, and William Rash, alternate to the international convention to be held in St. Louis in August.

All bids for the proposed repairs on the federal building must be in before 2 o'clock tomorrow afternoon. The bids then will be opened by Collector Morrison at his office in the federal building, and bidders or their representatives are requested to be present.

Probate Clerk Celso Lopez today recorded the following mining location: The Montezuma Placer Mining claim in the Cerrillos district, Santa Fe County. Locators are Will Christy, Rose Day Christy, J. R. Nutt, E. S. Day, Charles H. Howland, Catherine B. Howland, Frank C. Howland and Nettie Christy.

Three new letter boxes were erected today: One on upper Palace Avenue, in front of the residence of A. H. Renahan; another at the corner of De Vargas and Hancock Streets and a third on College Street near the residence of Jose D. Sena. Electric street lights will be put up at the first two named points within the next few days.

H. S. Kaune & Company in their change of advertisement today announce that Arkansas strawberries are received by them every day and fresh vegetables twice a week, poultry every Wednesday and Friday. Another car load of Boss Patent and Crystal Patent flour has just arrived and those who have used these brands are able to testify as to their excellency.

In the case of August Richter of Gallup, versus Edward Pillars involving coal entry No. 1148, W. 1-2, of the NW 1-4, NE 1-4, of section 4, T 15 N, R 18 W, in McKinley County, August Richter, through his attorney B. M. Read, had filed in the United States land office in this city an appeal to the secretary of the interior for decree from the decision of the land commissioner of the general land office, against Richter.

Possibly the local showers which were scheduled for last night and failed to arrive will come this evening for the weather report for today still predicts local showers in the north portion tonight and Friday. Yesterday was one of the warmest days of the season the maximum temperature reaching 77 degrees at 3:55 p. m. The minimum temperature for the day was 49 degrees at 5:35 a. m. At 6 o'clock this morning the thermometer registered 58 degrees.

Mrs. Loloncita Gonzales de Montoya died Tuesday evening at her home in Bernalillo of the infirmities of old age. She was 75 years old, a native of this county and a sister of the late Nazario Gonzales, who died at Cienega three weeks ago. The remains were interred in the Catholic cemetery at Bernalillo today. Miss Vicenta Montoya, her grand daughter who left here Tuesday afternoon for the bedside of the deceased, reached there just in time to see her die. Deceased was an excellent woman in every respect and very pious.

Captain George B. Crittenden, superintendent of the National Cemetery at this point, a few days ago received information that in all likelihood he would soon be transferred to take charge of a national cemetery near Pensacola, Florida. He was preparing

J. P. VICTORY

Attorney at Law and

Real Estate Agent

117 San Francisco Street, Santa Fe, N. M.
REAL ESTATE LOANS.

Money to loan upon real estate security on easy terms.

HOMES.

I have a nice cottage (double) six rooms on one side, 4 on the other. Owner occupies 4 rooms and the rest rent for \$25 a month; good neighborhood; ample space to erect other buildings on same street; stables and other outbuildings; the price asked is very low.

Can sell at a bargain cozy homes on Manhattan avenue, one a new stone house with all modern improvements; the other an adobe-brick house, 7 rooms; fruit and vegetable garden; city water, hydrant and tank; 70 choice fruit trees; currant and raspberry bushes; lot 80 by 265 feet. The stone house will be rented.

SAN FRANCISCO STREET.

I have several business blocks for sale on this great mart of trade, some of them producing more than eight per cent, net, on purchase price asked.

OTHER BUSINESS CHANCES.

I have several other commercial and business propositions to submit those desiring to enter mercantile life and to grow up with the new era of prosperity now coming in with the Santa Fe Central Railway.

CHURCHES.

I am authorized to dispose of the Congregational Church, on the south side, convenient to the contemplated Union Depot. It stands upon two lots, and will be sold cheap, or the building will be repared and leased to responsible parties.

THERE ARE OTHERS.

Several small houses, some stone, some brick, others frame, upon my books, which I would be glad to show an intended purchaser. They are desirably situated, and will be sold cheap.

ORCHARDS.

I also have a fruit ranch in a high state of cultivation, in the suburbs, with a building site overlooking the entire city of Santa Fe. On it there is an artificial reservoir, the only one of its kind in the city, 12 feet or more in depth, holding over 125,000 gallons of water, constantly replenished, from which the whole place can be irrigated daily during the summer, and which could be stocked with fish. The land contains many hundreds of young trees of the finest and most valuable varieties, of apples, peaches, pears, plums, apricots, cherries and other fruits, the greater part of which already bear; a young bearing vineyard, thousands of bushes of currants and other small fruits; extensive beds of asparagus, rhubarb, and other fine vegetables. To be sold on easy terms, and for much less than it cost, owing to ill health of the owner.

PLAZA PROPERTY.

To those wishing to catch the cream of Plaza real estate I can offer blocks at figures that will double themselves in less than three years.

COAL AND TIMBER LANDS.

I can sell you large tracts of land suitable for mining coal or the production of timber.

CATTLE AND SHEEP RANGES.
In all parts of the Territory, and in Wyoming.

I will take pleasure in showing prospective investors desirable building sites in the neighborhood of the Capitol, and in the vicinity of the Presbyterian church, and other localities of the city which in a few years will be worth double the present asking price.

ROOMS: FURNISHED OR UNFURNISHED.

Furnished or unfurnished rooms in all parts of the city. Single, or en suite for light housekeeping. Some of them within five minutes walk of Plaza.

OUTSIDE PROPERTY.

At El Cuervo, 10 miles from the Roca Island road, I can sell you about 640 acres; patented; excellent grazing land.

Convenient to Las Vegas, I have for sale several large tracts of desirable land and which I am permitted to sell at very low figure. One tract contains about 3,500 acres, and is located about three and one-half miles southwest of Las Vegas; nearly all of it is under fence; good grazing and water for stock; some timber. Another tract of 550 acres, 7 miles from Las Vegas; timber and grazing, with an excellent stream of water passing over it. Still another tract of 350 acres of farming, grazing and timber land, 8 miles west of Las Vegas, with running water upon it.

DENVER.

MINES AND MILLS.

SAN MIGUEL COUNTY.
At Mineral Hill, a native copper and
free gold are undeniably in evidence
and strongly mineralized ore veins are
being developed as fast as men with-
out capital can do the work. From
Mineral Hill southwest for a distance
of 30 miles, outcroppings of copper
bearing rock have been explored. In
several places as at San Pablo, Burro
Hill and Fulton, these outcroppings are
so prominent and so extensive as to
compel the attention even of the un-
informed. At these points some de-
velopment work has been done proving
beyond question the value of the ores
and practicability of extracting their
copper contents at a satisfactory profit.

SANTA FE COUNTY.
At the Boston Mine Exchange last
week 530 shares of Santa Fe Gold and
Copper Company stock sold at from
\$1.25 to \$1.50 per share.

COLFAX COUNTY.
A new discovery has been made in
the Hematite district. Free gold ore
in a three-foot vein has been discov-
ered. The assays show the ore to run
as high as \$180 in gold.

Stockholders in the New Mexico Oil
and Gas Company are responding gen-
erally to the call for a small addition-
al subscription in order that work on
the Raton oil well may be resumed.
The company is negotiating for the
purchase of a new cable.
The dredge of the Oro Dredging
Company has resumed on the Moreno
placers and is working night and day.

GRANT COUNTY.
G. H. Patterson, the new superin-
tendent of the American Consolidated
Copper Company, made his first visit
to the company's property near Lords-
burg last week. It will be several
weeks now however, before work on
these claims is resumed.

Says the Lordsburg Liberal: "S. J.
Wright came into town this week with
a vial containing about half an ounce
of gold, bright placer gold. He has lo-
cated a placer about three miles from
Malone, out of which he has washed
this gold. It is in a little wash that
leads into a small canon which again
opens into Thompson's Canon. There
is water in abundance about half a
mile away, and he thinks that in a wet
season there is water on his claims of
which he has six. He hauled a couple
of barrels of water to his claim and
with it washed out the gold he brought
into town. Mr. Wright says that the
two buttes, the sign of the Adam's dig-
gings, are just above his location, and
he intends to prospect for the Dutch
oven that was filled with gold nuggets
and buried at the mouth of the canon.
When he has found this, and so
definitely located the place as the
Adam's diggings, he will be prepared
to negotiate for the sale of the prop-
erty."

The annual meeting of the stockhold-
ers of the Aberdeen Copper Company
was held at Lordsburg last week. Two
changes in the articles of incorpora-
tion had been proposed which were to
be voted on at the meeting. One was
to change the number of directors from
three to six, which was adopted. The
second amendment was to change the
main office of the company from
Lordsburg to Aberdeen. When it was
found that Aberdeen is in the Lords-
burg precinct and that there is no
postoffice at Aberdeen it was concluded
to let the main office remain at
Lordsburg. The following directors
were elected for the ensuing year: R.
H. Batchelor, M. F. Nagle, A. W. Morn-
ingstar, D. P. Faust, F. W. Daniel and
Don H. Kedzie. Work will be pushed
on the properties of the company.
George Reckhart of El Paso has been
secured to look after the technical in-
terests of the company and F. W. Daniel
will remain in charge of the busi-
ness affairs.

The last batch of Scratch Pads ad-
vertised for sale by the New Mexican
Printing Company went like hot cakes.
We did not expect such a run. We
have turned out from our up-to-date
bindery a larger quantity than ever
and can supply you for a limited time
at 10 cents per pound. The best paper
is used in making them. They are

McBride, Agt., Santa Fe.

MADE YOUNG AGAIN.
"One of Dr. King's New Life Pills
each night for two weeks has put me in
my 'teens' again" writes D. H. Turner
of Dempseytown, Pa. They're the best
in the world for Liver, Stomach and
Bowels. Purely vegetable. Never
gripe. Only 25c at Fischer Drug Co.

EXPOSURE.
To cold draughts of air, to keen and
cutting winds, sudden changes of tem-
perature, scanty clothing, undue ex-
posure of the throat and neck after
public speaking and singing, bring on
coughs and colds. Ballard's Hore-
hound Syrup is the best cure.
Mrs. A. Barr, Houston, Texas, writes,
Jan. 31, 1902: "One bottle of Ballard's
Horehound Syrup cured me of a very
bad cough. It is very pleasant to take"
25c, 50c, \$1. Fischer Drug Co.

A Startling Test.
To save a life, Dr. T. G. Merritt, of
No. Mehoopany, Pa., made a startling
test resulting in a wonderful cure.
He writes, "a 110nt was attacked
with violent hemorrhages, caused
by ulceration of the stomach. I had
often found Electric Bitters excellent
for acute stomach and liver troubles so
I prescribed them. The patient gained
from the first, and has not had an at-
tack in 14 months." Electric Bitters
are positively guaranteed for Dyspep-
sia, Indigestion, Constipation and Kid-
ney troubles. Try them. Only 50c at
Fischer Drug Company.

Pumpkin pie like your mother used
to make, at the Bon Ton.

Whooping Cough.
"In the spring of 1901 my children
had whooping cough," says Mrs. D. W.
Capps, of Capps, Ala. "I used Cham-
berlain's Cough Remedy with the most
satisfactory results. I think it is the
best remedy I have ever seen for
whooping cough." This remedy keeps
the cough loose, lessens the severity
and frequency of the coughing spells
and counteracts any tendency toward
pneumonia. For sale by all druggists.

STORY & CLARK

Pianos!

Read What Accomplished Musicians
Say of the Story and Clark Piano.

"Equal if not superior to any instru-
ment I have had occasion to use."
Barron Berthold.

"Shows such superiority of work-
manship and finish as must make
them welcome to any household."
Leonora Jackson.

"Grand resonant in tone and li-
ghtfully sweet and tender"—Mathilde
Baumeister.

"I cannot speak too highly of your
pianos, they seem to be unsurpass-
able."—R. Watkin Mills.

"Your pianos embody sweetness and
richness of tone, splendid carrying
power and excellent action."—Rosa
Oltzka.

"They are models for tone and
touch."—Marie Engle.

"I find your pianos wonderfully sym-
pathetic for accompanying the voice."
—Lillian Blauvelt Pendleton.

"Gave the liveliest satisfaction to
me. I consider them second to none."
—David Frangcon Davies.

"I think it capable of the fullest ex-
pression of musical thought."—Ellen
Beach Yaw.

"In my opinion they rank among the
very best pianos of the day."—Emile
Sauret.

"Possessed of a beautiful quality of
tone and a most sympathetic touch."
—Fernando de Lucia.

"I was perfectly charmed with its
beauty of tone and delightful touch."
—Francis Allitsen.

"Their tone is sweet as well as reson-
ant. Are remarkably adapted for ac-
companying the voice."—Clementine
de Vere Sapio.

THE CHANGE OF A LIFETIME

For Prospective Purchasers
of Building Lots in Estancia

Estancia has GOOD WATER, SOFT WATER, PURE WATER,
RAILROAD WATER, CLEAR WATER and PLENTY of WATER

RUSSEL SAGE'S ADVICE,

"Young man, Buy Real Estate,"

Will soon rank with Horace Greely's aphorism,

"YOUNG MAN GO WEST!"

"If you are going to do a good thing, do it in the best way," is another maxim of which you will appreciate the force if you will either call on or communicate with N. P. CLARKE BEFORE BUYING TOWN LOTS ELSEWHERE.

BE WISE.

Put your money into land—Own a Town Lot and Home. Do like your fathers did—buy good property in a live town, and your children will rise up and call you blessed.

It is entirely safe to presume that within a very short time the town of ESTANCIA will be one of the liveliest, largest and most substantial towns in this section of the southwest.

Be sure and write for all information desired at once. THE PRICE OF THESE LOTS WILL INTEREST YOU.

TERMS TO SUIT.

Address all communications to

W. P. CLARKE,

SANTA FE,

NEW MEXICO.

Over a million acres of land open for Homesteaders in the ESTANCIA VALLEY—good soil and plenty of water, which can be had from eight to thirty feet.

TERRITORIAL TOPICS.

DONA ANA COUNTY.

The public plaza at Las Cruces, has been thoroughly cleaned up and arrangements have been made whereby it will be watered. The plaza will now be an ornament to the town.

Las Cruces will have an electric light plant which will be erected before many months. Other new buildings are under construction and this will make Las Cruces one of the best towns in the Territory.

F. Pfleger of Alamogordo, is making arrangements to install a three ton ice plant in Las Cruces, which will be ample to supply the market. Mr. Pfleger is also a practical machinist and in connection with the ice plant will put in a first class machine shop and foundry. He will move his family to Las Cruces and become a permanent resident of the town.

Las Cruces has voted bonds for the erection of a school house, and work will be commenced at once. It will be a two story brick building and will have every modern convenience. Las Cruces is steadily improving, its old adobe are being replaced by modern frame and brick buildings and improvements are being made in every line.

OTERO COUNTY.

The alfalfa growing in the north end of the park at Alamogordo is as fine as can be produced. A good well of water and a windmill will irrigate several acres and it certainly pays.

James Irion, of Overton, Texas, has spent several days in Alamogordo. He came out with the bankers excursion and was so infatuated with Clondcroft that he has decided to bring his family there to spend the summer. Mr. Irion is president of the Tyler-Drake Drug Company and the Overton Compress Company, of Overton, Texas.

Thursday evening the special car bearing the Rock Island and El Paso & Northeastern officials reached Alamogordo from El Paso making a tour of the southwest and Arizona. Some of the party, it is said, are interested in the sanitarium enterprise being engineered by Dr. Martin, which will be located at Alamogordo. It is believed that their visit means more and better railway facilities for the southwest.

SIERRA COUNTY.

There was a good rain in the mountains near Hillsboro last Wednesday. The rain was sufficient to send a volume of water down the south Puerco.

The members of the Spanish Methodist Church are building a new chapel on Happy Flat. The building is 18x39 feet, and will be very neat when completed.

Mr. and Mrs. Robert Cooper of Hillsboro left Monday for Chicago, in the hope that the change to a lower altitude will benefit Mrs. Cooper's health which is delicate.

Messrs. Ross, Borland and Hopewell of Hillsboro, have closed a deal with E. C. Good of Midland, Texas, whereby they agree to deliver to him a large number of range horses.

W. J. Borland of Hillsboro, was compelled to wear a bandage over his left eye for several days. While out hunting a few days ago a shell exploded and a grain of powder lodged in his eye causing inflammation.

COLFAX COUNTY.

The women of Springer will give a leap year ball on the 27th of this month in the Floersheim opera house. Elaborate preparations are being made for the event.

The Catholics of Springer will give a fair the 20th, 21st and 22d of July in the new opera house. There will be booths of every description, games and the last night of the fair there will be a big ball.

The Santa Fe Trail Lodge No. 22, Knights of Pythias, of Springer initiated a number of candidates in the third degree on Saturday evening. After the initiation the women related to the members of the lodge served an elegant supper.

More small houses for renting purposes are needed in Springer. There is a constant demand for cottages to rent. One peculiarity of Springer is that almost every one owns his own residence. This was brought about a few years ago when it was found that it was the only safe guard against being pushed out by the purchaser of the property.

HOTEL ARRIVALS.

Palace: Herman H. Switzer, Albuquerque; Isadore Sanders, Trinidad, Colorado; E. L. Alexander, Denver; A. N. Oliver, Denver; Mr. and Mrs. F. Glinick, Berlin, Germany.

Growing Aches and Pains.

Mrs. Josie Sumner, Bremond, Texas, writes, April 15, 1902: "I have used Ballard's Snow Liniment in my family for three years. I would not be without it in my house. I have used it on my little girl for growing pains and aches in her knees. It cured her right away. I have also used it for frost bitten feet with good success. It is the best liniment I ever used." 25c., 50c. and \$1.00. Fischer Drug Co.

Away ahead of all at Bon Ton.

Quick Arrest.

J. A. Gullledge, of Verbena, Ala., was twice in the hospital from a severe case of piles causing 24 tumors. After doctors and all remedies failed, Bucklen's Arnica Salve quickly arrested further inflammation and cured him. It conquers and kills pain. 25c. at Fischer Drug Co.

A SURE THING.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. Van Metre of Shepherdstown, W. Va., says: "I had a severe case of Bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for Croup, Whooping Cough, Grip, Pneumonia and Consumption. Try it. It's guaranteed by Fischer Drug Co., Druggist. Trial bottles free. Reg. sizes 50c., \$1.00.

Maxwell Grant.

FARMING LANDS UNDER IRRIGATION SYSTEM.

These farming lands with perpetual water rights are now being offered for sale in tracts of forty acres and upwards. Price of land with perpetual water rights from \$17 to \$35 per acre, according to location. Payments may be made in ten year installments. Alfalfa, grains, fruits of all kinds, and sugar beets grow to perfection.

GOLD MINES.

On this Grant, about forty miles west of Springer, N. M., are the gold mining districts of Elizabethtown and Baldy, where important mineral discoveries have lately been made. Claims on unlocated ground may be made under the mining regulations of the company, which are as favorable to the prospector as the U. S. government laws.

Near Baton, N. M., on this grant, are located the Coal Mines of the Baton Coal and Coke Company, where employment may be found at good wages for any wishing to work during the seasons that farming or prospecting can not be successfully done.

For particulars and advertising matter apply to

THE MAXWELL LAND GRANT CO
BATON, NEW MEXICO

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranca Station, on the Denver and Rio Grande Railway, from which point a daily line of stages run to the Springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of

these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, Female Complaints, etc., etc. Board, lodging and bathing, \$2.50 per day; \$14 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

ANTONIO JOSEPH, Proprietor
Ojo Caliente, Taos County, N. M.

Marlin 16-Gauge Shotgun
This is the smallest and lightest weight (about 6 1/2 pounds) repeating gun ever manufactured, and opens up many new possibilities to the up-to-date sportsman. It is not a 16 barrel on a 12 action, but a new, well-balanced, properly-proportioned gun that, with modern smokeless powders, enables a shooter to use a powerful load in a small shell and reduce, materially, the weight of shells and gun to be carried. The small, light gun handles fast, results in close holding and increased accuracy. (Full description in new Marlin Catalog No. A542, just out. Send three stamps for postage to THE MARLIN FIREARMS CO., NEW HAVEN, CONN.)

PUBLIC SCHOOLS CLOSE TOMORROW

The Program of Exercises in Different
Grades—Educational Exhibit At-
tracting Notice at Fair.

The closing exercises of the public
schools in this city will be held to-
morrow morning at 10 o'clock. For
the past two afternoons the teachers
have been very busy grading papers
and making out the standing of the
pupils in the various departments.

Charles H. Gildersleeve, a former
pupil of the high school, is at present
at Annapolis, Maryland, studying in
preparation for a cadet examination
which he expects to take in June.

Judd Detterick, who has been in the
high school most of the past year, is
at present working on a dairy ranch
near Las Vegas. He says he often
longs for "dear old Santa Fe."

The exhibits from the public schools
of Santa Fe and other places in the
Territory are attracting much notice
at the St. Louis Exposition. Among
the comments heard are the following:

A Chicago woman said: "I thought
all the people in New Mexico were In-
dians, but these boys and girls are as
intelligent and good looking as ours."
A woman from New York remarked:
"Did New Mexico children really do
that work?" When told that they did
she said: "That is as good work as is
done anywhere." A California profes-
sor seeing some work from the normal
school at Silver City said: "That is
the finest piece of hand work I have
seen in the building." Thus the peo-
ple east and west are beginning to
realize New Mexico's progress and ad-
vancement.

The following is the program of the
commencement exercises to be given
tomorrow morning:

Miss Wrightsman's Room.

Song, "Up the Hills" School; Recita-
tion, "The Way the Morning Dawns,"
Juanita Martin; recitation, "Baby"
Rosa Franke; recitation, "Four Leaf
Clover," Jim Martin; recitation, "The
Wind," Alfred Wiley; recitation,
"Spring," Anita Martin; song, "Hello,
Central," Louisa Deltzel; recitation,
"Harry's Dog," Burnett Hall; recita-
tion, "A Mistake," Dillman Kinsell; re-
citation, "The Arrow and the Song,"
Irma Stephens; recitation, "The Vio-
let," Dorothy Goebel; song, "Student's
Way," School; recitation, "Song,"
Alice Dickenson; recitation, "Child-
ren's Hour," Leona Wenborne; re-
citation, "Taking Stock," Laurence
Heiner; recitation, "Point of View,"
Frank Yardman; recitation, "Plant
Roses," Waldo Anton; dialogue, "A
Pound of Jumps," Rose Franke, Frank
Herlow; recitation, "Wishing," Thel-
ma Stephens; recitation, "The Obsti-
nate Mule," Robert Willson; dialogue,
"Dandelion," August Reingardt, Anita
Wientge; recitation, "The Giraffe,"
Helen Knapp; recitation, "Wynken,
Blynken and Nod," eight pupils.

Miss Bates' Room.

Reading, "The Good Shepherd," An-
thony Luna; recitation, "About Ben
Adhem," Eugene Harvey; recitations,
"Golden Rules," Members of Class;
reading, "The Tale of Pollywog," Al-
bert Reingardt; recitation, "The Reap-
er and the Flowers," Edith Popple-
well; reading, "The Little Word On-
ly," Elliott Lee; recitation, "Which
Loved Best," Charlotte Weintge; re-
citations, "Girls," Dorothy Safford,
Anna Joseph; "Boys," Cary Harper;
recitation, "From the Psalm of Life,"
Elliott Lee; recitation, "Teaching
Public School," Helen Winter; read-
ing, "Two Sides to a Story," Hope
Wiley; recitation, "Our Country,"
Pauline Kinsell; recitation, "Declara-
tion of Independence," Charles Gooch;
concert recitation, "Warren's Address,"
Class; "Pledge to the Flag," Class.

Mrs. Hall's Room.

Recitation, "Pat's Confederate Pig,"
Arthur Dettelbach; recitation, "Honest
Jacob," Haynes Lee, George Harper,
Harold Stevens; recitation, "A Prodi-
gy," Sofia Quintana; recitation, "Nell
and the Birds," Belle Roybal; re-
citation, "The Magic Letter," Nellie Harri-
son; recitation, "The Doll's Hospital,"
Alberta Kerr, Aimee Wittman, Freda
Wientge, Ethel Laudenslager, Margue-
rite Slaughter, Laura Hinkle; recita-
tion, "When School Lets Out in June,"
George Cooper; recitation, "A Young
Mountaineer's Verses," Thomas Clos-
son; Song, "Vacation Song," Ethel
Laudenslager, Aimee Wittman, Nellie
Harrison.

High School Room.

Declamation, selected, Adeline Wiss;
"Nine Little Goblins," Annie Newhall;
"Thirty Years With a Shrew," Helen
Laughlin; Essay, "The Violin," Henry
Dendahl; Declamation, "When Thom-
as Takes His Pen," Lotta Newhall;
Essay, "Benefits of Travel," Ernest
Slaughter; Declamation, Leo Hines;
Essay, "The Stars," James Harvey;
Declamation, "And He Worried About
It," Laura Wood; Essay, "Thibet,"
Ruth Laughlin; Declamation "Balad-
ski of Battlevitch," Ada Harvey. Giv-
ing out grades and promotion cards to
the pupils. Parents and friends are in-
vited to attend the above exercises.

California and native wines—the
pure juice never better at any price.

ATTEMPTED SUICIDE.

A Guard at the Santa Fe Shops Tried
to Kill Himself—Succeeded in In-
flicting a Wound in Leg.

Julio Lariba, a native of Mexico,
who has been employed for some time
as one of the guards at the Santa Fe
shops in Albuquerque was paid off on
Monday. He spent all his money im-
mediately, gambling and drinking, and
on Tuesday morning attempted sui-
cide by shooting himself. He pointed
the revolver at his head and then at
his breast but both times the cartridge
failed to explode. Finally he succeed-
ed in inflicting an ugly wound in the
fleshy part of his leg just above the
knee. He will be laid up for several
weeks as a result of the accident.

MONEY'S DIGEST.

The New Mexican Printing Com-
pany has made arrangements
with the publisher of Money's Digest
of the New Mexico reports to sell the
same at the reduced price of \$6.50,
delivered in any part of the Territory.
This price will hold good only for a
limited time in order to reduce the
stock so as to pay for the publishing
of the book. This price is subject to
withdrawal without notice, cash to
accompany each order.

\$390 FOR LETTERS ABOUT

THE SOUTHWEST.
The Rock Island system offers 20
prizes, of the aggregate value of \$390,
for letters relative to the territory
along its lines in Arkansas, Kansas,
Indian Territory, Oklahoma, Texas
and New Mexico. Letters should deal
with the writer's experiences since he
settled in the southwest. They should
tell how much money he had when he
arrived, what he did when he first
came, what measure of success has
since rewarded his efforts and what he
thinks of that portion of the country
in which he is located. Letters should
not be less than 300 nor more than 1,
500 words in length and will be used
for the purpose of advertising the
southwest.

Letters are desired not only from
farmers and farmers' wives, but also
from merchants, school teachers, cler-
gymen; from everyone, in brief, who
has a story to tell and who knows how
to tell it.
For circular giving details, write
John Sebastian, passenger traffic man-
ager, Rock Island system, Chicago, Il-
linois.

Lamb fries, sweet breads at the
Bon Ton.

The New Mexican Printing Com-
pany will do your job work with neat-
ness and dispatch.
