**MISSOURI RIVER RAPIDLY RISING.**

Manila, April 21.—General Lawton took the field at daylight to day with the North Dakota regiment, two battalions of the Third Infantry, the Twenty-second Infantry, two guns of Scott's battery, three troops of the Fourth cavalry and Gale's squadron, equipped in light marching order. The force started at 5 o'clock this morning over the Novallish road, traversing the country previously cleared of the rebels, but subsequently reconquered by them. It is to be presumed that General Lawton, by this movement, will outflank the enemy before joining General MacArthur, north of Novallish.

The Dakota regiment first encountered the enemy north of Novallish at 8 a. m. The enemy opened fire, but the fire was silenced fifteen minutes later, the enemy retreating in bad order, and the Americans advanced along the rough roads around Novallish. They were considerably annoyed by the fire of rebel sharpshooters from the jungle for two hours. At 2 o'clock this afternoon the rebels were in full flight, leaving many dead on the field and our troops were compelled to take a brief rest in the shade, the heat being overpowering.

**CLEARING THE JUNGLE.**  
Washington, April 22.—The war department has received a cablegram from Gen. Oles announcing the formation of a new fighting column under command of Gen. Lawton, and the initiation of a new campaign to clear out the jungle north of Manila up to the foot hills and up to the termination of the railroad at Bulacan.

**EMPLOYEES STRIKE.**  
Buffalo, N. Y., April 22.—Laborers employed in the Union car works at Depue street today. They have been receiving \$1.25 a day and want \$1.50. Fifteen hundred men are idle.

**ROMANTIC REUNION.**  
Earp Family Meet After Being Many Years Separated.  
Portland, Oregon, April 22.—Virgil Karp, Prescott, Arizona, wife and daughter met in this city after a separation of thirty-eight years. Mr. and Mrs. Karp were married at Oklawaha, Iowa, in 1860. A year later Karp went to the war, and a report came back that he died. After the war Karp returned to his former home. His wife and daughter had disappeared. After several years both Karp and wife married again, each believing the other dead. Mrs. Karp, whose name is now Eaton, has been a resident of this city many years. He lived in Arizona fifteen years.

**MISSOURI RIVER RISING.**  
Omaha, April 22.—The river rose several points last night, and a large portion of the bottoms are overlanded. A strong current, which cut across from Florence lake, washed out some of the trackage. No main line yet under water.

**LEVEE BREAKS.**  
St. Joseph, Mo., April 22.—There is a break in the Payne levee about 200 feet wide. The levee is a mile long and protects the Burlington track depot and part of the town of Hamburg eighty miles north of here. Bags of sand are being used to repair the break.

**KANSAS CITY, APRIL 22.**—The Missouri river continued to rise the past two or four hours, though not as rapidly as the past four days. Squatters in the low lands are moving their effects to higher ground, and farmers are getting their stock to safe places. At Kansas City, Leavenworth and St. Joseph much land is already under water, but no serious damage has resulted.

**TERMINAL FATE.**  
A Boat Load of Men Die at Sea of St. Francisco, April 22.—The steamer City of Paris, from Central American ports, brings the news that while at Corinto an open boat containing the remains of nine men, who perished months ago, drifted ashore there. The men died in agony. Not a drop of water nor a particle of food was in the boat. In December last Louis W. Mason, of the El Triunfo Fur company, three post officials and five boatmen went out to the Mail company's steamer lying in the offing at El Triunfo. A gale overtook the boat soon after it left the steamer. It was never seen again until it floated into Corinto harbor.

**ROBERT MAY SEN.**  
Washington, April 22.—Upon the high est authority it can be stated that there

**Report Denied.**  
Berlin, April 22.—The semi-official North German Gazette today denies the report sent to a news agency in London yesterday saying that the German protected cruiser Gedon had been ordered to Apia, Samoa, after embarking an extra supply of ammunition at Kiao Chou, China.

**Death of an Ex-Governor.**

**THE DEADLY EXPLOSION.**

**Five Bodies Recovered From the Mine—Few Facts.**

Madrid, N. M., April 21.—An explosion occurred here in the Cook & White mine today at 11:45, the full extent of which has not yet been ascertained. At the above mentioned time a quick report was heard and a moment later smoke was seen issuing from the mouth of the mine. In a few moments around the heart-breaking scene witnessed only around such horrors. Men with set, white faces, fully cognizant of the impending doom of fellow workmen; half-crazed women, bravely trying to control their own grief through the awful suspense and give words of comfort and cheer to their neighbors; innocent little children, clinging to their mothers, who knew not if they were fatherless, all made a picture to be remembered. The dead, as far as ascertained, are: Fred Aris, John Pica, John Sumaney, Adam Krishavich and a boy, the son of Thos. Watts. The men were all unmarried except Krishavich, who leaves a wife and two small children. The damage to the property cannot be ascertained yet, efforts only being made to rescue the bodies.

**POLICE COURT NEWS.**  
Number of Petty Cases Disposed of by Justice Crawford.  
The three sporting men, who got into a fight on Thursday night while endeavoring to paint the town red, had their hearing before Justice Crawford yesterday evening. They all pleaded guilty and two of the number were fined \$10 apiece, while the third man was let off with \$5, owing to his previous peaceable record.

This morning a man by the name of Allen, who has been on a protracted spree for several days, was fined \$10, which he paid.  
Another drunk, Gorman, by name, was given the privilege of paying \$5 into the city treasury or working for five days decorating the city streets. He refused to take either horn of the dilemma and consequently a compromise was arranged by which he will spend his five days in the dark dungeon and bread and water.

Four women, who reside in the north-eastern part of the city, were arrested late yesterday afternoon on the complaint of a man who charged them with being of unseemly reputation. They were tried this morning on the charge of vagrancy, but as the complaining witness failed to make a case, the women were discharged.

**WEEKLY BANK STATEMENT.**

New York, April 22.—The council of the Mazet committee this morning called the attention of the committee and witnesses to the panel code, sections of which provide for a year's imprisonment, or a fine of \$500, or both, for refusal to attend or answer questions propounded by a committee of the legislature. Said council would cite constitutional witnesses to the constituted criminal authorities in this county for indictment and punishment. If it were impossible for the grand jury of this county to open the time to deal with cases of contempt, counsel for the committee would request the governor to appoint a judge to hold an extraordinary term of the supreme court and impanel an extraordinary grand jury before which matters could be brought. Dr. O'Sullivan, representing the city department, referred to Clark's announcement as "intimidation."

Samuel Meyers refused point blank to answer questions whether he had been employed by any member of the city government or police department to go to disorderly resorts and solicit orders for Maryland whiskey.

**Bank Statement.**  
New York, April 22.—Weekly bank statement: Surplus reserve, increased, \$4,204,370; loans, decreased, \$7,830,000; specie, increased, \$1,581,500; legal tenders, increased, \$2,103,300; deposits, decreased, \$4,675,700; circulation, increased, \$7,700,000. Pittsburg, Pa., April 22.—"Kid" Lavelle, of Chester, Pa., known as the "South African Cyclone," is believed to be dying at Homestead from the effects of a knock-out blow delivered by John Carravaglia in a prize fight last night. Doctors efforts to revive Lavelle proved vain.

**THE DISTRICT COURT.**

**Case of Hamm vs. Edie Decided in Favor of Defendant—Other Matters.**

In the case of F. W. Hamm vs. V. P. Edie, a final decree was entered in the district court this morning overruling the exceptions of the plaintiff to the report of W. D. Lee's report and approving the findings of fact and conclusions of law of the referee. In pursuance thereof it was decreed that the defendant, V. P. Edie, recover from the plaintiff \$4,925.08, with interest at the rate of 6 per cent per annum from October 30, 1897, until paid, together with the costs of the case. The cause is retained for the purpose of adjusting the rights of the plaintiff and defendant on account of the existing indebtedness of the firm of Hamm & Edie, and for no other purpose.

In the case of A. W. Cleland, Jr. vs. Mariano Arriaga and Perfecto Arriaga, an order was entered allowing the plaintiff to introduce his testimony for the reason that he might be one of the city when the case came up for trial.

In the case of the New Mexico & Southern Pacific Railroad Company vs. Norberto Arellano, et al., the order appointing Pedro Perez, Alejandro Sandoval and J. C. Sandoval, commissioners, to appraise the value of the lands to be sold for the right of way of the railroad company, was filed.

The commissioners made their report to the court in the matter, appraising the value of the lands at \$231.45. On the United States side of the court yesterday afternoon, the following jury commissioners were appointed by Judge Crumracker: Frank E. Storges, Albuquerque; C. N. Cotton, Gallup; Manuel Baca, Pena Blanca. These gentlemen will select the grand and petit jurors for the October term of the United States district court. This being the only business, the United States court adjourned for the March term.

**Miscarriage of Justice at a Murder Trial in South Carolina.**

**KILLED AT RAILROAD CROSSING.**

Canton, Ohio, April 22.—The third week of the trial of Mrs. Annie George for the murder of George D. Saxton, brother of Mrs. McKinley, closed today. The case will probably go to the jury next Wednesday. The sensational nature of the trial has been the appearance as witnesses for the defense of the named and divorced husband of the defendant. Although the latter secured damages from Saxton as well as a divorce with Saxton as co-defendant, he testified strongly in favor of his former wife, stating that they always lived happily until they met Saxton. Mrs. George remained in hiding and at 1 o'clock for the defense rested their case on the ability established by the testimony of Mrs. Klingler. Rebuttal on behalf of the state began this morning. It was especially sought to show that the accused might have left the scene of the tragedy after the shooting and reached Florence Klingler's home at the hour named by that witness.

**TREASON SPOUTERS.**

**Cabinet Has Not Discussed the Bryan Treason Accusations.**

Washington, April 22.—"Cabinet officials interviewed to-day denied absolute denial of the story that the cabinet yesterday discussed an alleged conspiracy in this country to weaken the United States in the Philippines."

Secretary Day, in reply to a direct question, said the statement was erroneous. "The cabinet had been charging any period or set of persons in the United States with treason. That was as far as he seemed to go. Inquiry develops the probable source of the story to some extent. It is of opinion, not only among cabinet officers, but among close friends of the administration, ever since the submission of the peace treaty to the senate to the general effect that great encouragement had been given Aguinaldo by the attitude of opponents of the presidential policy among American public men. There also had been some expressions on the part of adherents of the presidential policy as to the ill effect upon the public of frequent publications of letters from dissatisfied volunteers in the Philippines."
