TRIAL OF QUAY.

Examination of Experts in the Celebrated Conspiracy Case.

Philippine Junta in Europe Prove to be Expert Liars.

Speaker Reed to Enter a Law Firm in New York City.

TRIAL OF MRS. GEORGE.

Philadelphia, April 19.—In the trial of ex-Senator Quay this morning the jury asked Judge Hille to extend the hour of adjournment each day beyond 3 o'clock. The judge declined. He sympathized with the jurors, but said the issue of the case was of the gravest importance and there should be no undue haste.

The cross examination of Goldsmith, expert accountant, continued. It was shown that in more than one instance the borrowers paid more interest than appeared on the books, the balance being accounted for. This ended the cross examination and the re-direct examination began. The district attorney took up the question of the relation between Senator Quay's deposit account and transactions in stock on the part of the witness. The witness explained the relation between the figures in the "red book" and the receipts of the bank and the alleged figures entered on a page devoted to state deposits and loans of state money alleged by the witness to have been made to more than fifty persons on which interest was paid, were gone into.

Shields drew from witness that entries of these loans did not contain any names but simply initials. The witness admitted that he guessed some of the instances for whom these initials stood, and learned others from information received.

The district attorney offered a new piece of documentary evidence, a sheet of foolscap paper containing figures in Hopkins' handwriting, objected to by the defense. The district attorney stated that it contained entries of the amounts loaned to loan borrowers and calculations of the interest on the loans. The witness, Judge Hille admitted the paper as tending to prove the alleged conspiracy between Hopkins and Quay.

Charles H. McKee, of Pittsburg, who was arrested on the charge of conspiracy at the same time Senator Quay was arrested, but in whose case the grand jury ignored the charges, was examined. McKee has been charged for soliciting for one of the state treasurers. When asked if he ever received money as atorney for Charles Hopkins to protect the bondsmen of State Treasurer Woodward, he replied affirmatively. District Attorney Rothwell announced the opening of the case, and the defense opened its case to-morrow.

VOLUNTEER ARMY.

Call May Be Made for Thirty-Five Thousand Men.

Washington, April 19.—The conference to-day between President McKinley, Secretary Alger, Secretary Long and Adjutant General Curtis resulted in the determination of the original design of the administration to refrain from availing itself of the authorization conferred by congress to organize a volunteer army of 25,000 soldiers in addition to the present regular army. A telegram was sent to General Ory, head of the militia, asking whether he would need more men.

Almost a Riot.
Harrisburg, Pa., April 19.—The New resolution calling upon the attorney-general to prosecute all those, including ex-Senator Quay, charged with receiving interest on state money, almost precipitated a riot in the senate to-day. It was a bitter fight between the two factions. Finally the resolution was laid on the table by a vote of 33 to 6.

Speaker Reed to Resign.
New York, April 19.—It is announced that Speaker Thomas B. Reed has offered to become a member of the law firm of Simpson, Thatcher & Barnum, of this city. It is understood that Mr. Reed will resign his seat in congress and remove to New York. Reed is guaranteed a yearly income of \$50,000.

Murder Trial.
Canton, Ohio, April 19.—In the trial of Mrs. George to-day for the murder of George H. Saxon, testimony was given for the defense by the late law firm of Simpson, Thatcher & Barnum, of this city. It was a bitter fight between the two factions. Finally the resolution was laid on the table by a vote of 33 to 6.

Florida Senator.
Tallahassee, Fla., April 19.—Tallahassee was elected to the United States senate on the first ballot of the joint assembly to-day. Vote for Tallahassee, 29; Paeo, 20; Clark, 1.

Military Governor.
Washington, April 19.—It is understood that General Geo. W. Davis will be appointed military governor of Porto Rico. Davis is a member of the Wade circle of inquiry.

BOLD DEBARKMENTS.

Philippine Junta in Europe Make Public Landing Falsehoods.

London, April 19.—The Philippine Junta claims to have received a cablegram from General Luna, commanding the Manila district, "direct from Manila on Friday, declaring that General Luna, whose object was to proceed to Haler and effect a junction with the Yorktown, was invaded by Philippine forces into 'perilously extending his line with the north that column, consisting of 140 officers and men, on reaching a place called Binangonan, was ambushed by a large Philippine force, and the entire column captured. Philippine forces further assert that Luna was at Laguna de Bay on hearing the news of the capture of Manila, stating that he had been misled by

Major General Ory on the ground that a native rising in Manila was imminent. The Philippine Junta claim to have occupied Zamboanga, in the southern part of the island of Mindanao, recently evacuated by the Spaniards.

There will be a special meeting of the Commercial Club to-morrow evening at 8 o'clock. All members are urged to attend. The subject of special importance is to be discussed.

Burt Rankin, of Las Vegas, who was the hospital steward of the Rough Riders in Cuba, after visiting with his relatives, is expected to return to his home in Las Vegas.

The police are looking for a young man who was seen taking the alarm box No. 31 this morning. At the time of going to press he has not been arrested, but when he is, unless he is able to clear himself, it will probably go hard with him.

Business is evidently booming with the Albuquerque steam laundry, for an additional delivery wagon, for the laundry appeared to-day. It is an exact likeness of the old wagon and is a home product, being manufactured by H. Schult.

John Schult, a machinist at the railroad shops, had his foot crushed yesterday afternoon by the guide rope, while he was removing from engine 125, falling on it. Dr. Cornish, who attended the injured man, found it necessary to amputate the first and second toes.

The case of Lowenthal & Meyers vs. Udall was heard by Judge Crumpacker this morning. The defendants attorneys asked for more time to take testimony and the case was continued. Childers & Dobson represent the plaintiff and Collier and Marron the defendant.

Col. T. B. Mills, of Las Vegas, who was in southern Arizona to examine several copper mines located about forty miles from Tucson, passed through the city on his way home last night. Work is progressing rapidly on the extensive improvements at the big plant of the Southwestern Brewery & Ice company. The four-and-a-half story brick building which is being erected is growing in proportions. In about two months the well known Loche brothers will show up one of the biggest and most convenient brewery concerns in the whole southwestern country.

Mr. and Mrs. Terrence McNulty are visiting in the summer of a bounding baby boy, which arrived at their pleasant home early yesterday morning. Mr. McNulty is the baggage master at the local depot, and owing to the circumstances was not on duty last night. The CITIZEN extends congratulations to Mr. and Mrs. McNulty, while the attending physician reports mother and child doing nicely.

Three boys, rejoicing in the names of Cramer, Gillet and Fraser, aged from 10 to 13 years, ran away from their homes last night. They loaded a train and went north. The Fraser boy fell off the train and returned home this morning. The other two were seen at Bernadillo early this morning, going through on a freight train. Officers at Lamy have been telegraphed and they will probably intercept the youngsters there.

Herman Blocher, one of the popular gardeners of Albuquerque, was visited by THE CITIZEN representative yesterday afternoon, and he, with a force of workmen, was busy engaged in setting out a large number of vegetables to be shipped to towns along the Santa Fe Pacific railway. This shows that the producers of garden truck of the Rio Grande valley can compete with those of southern California, and it is a pleasure to THE CITIZEN to state that the old town gardeners are receiving a big share of outside orders.

DISPATCH FROM OTIS.

Volunteers to be Returned to United States.

Pennsylvania Legislature Adjourns Without Electing Senator.

Fatal Fire in the Orphans' Home at Bern, Ind.

PORTO RICO WANTS HOME RULE.

Washington, April 19.—The following cable has been received from General Ory: "Manila, April 19.—Lawson returned from the lake country on the 17th instant, bringing the captured vessels. The insurgents are much scattered and retreat before our forces, to await opportunity to attack detachments. The better class of the people are tired of war and desire peace. Every building belonging to the return of our volunteers to the United States. Its army is much demoralized, and the loss by desertion is large. Will probably present a general strike, leading to a general uprising of the country which it occupied. Health and spirits of the troops good. Volunteers will commence about May 10th. Will render willing service until the return of the transport is available. Embarkation will continue through June and July. Reports from the Visayan islands continue very encouraging. Return island commerce is heavy and customs receipts increasing."

"OTIS."

Several inmates of an Orphans' Home Lost Their Lives.

Portland, Ind., April 19.—The Orphans' Home at Bern, Adams county, burned early to-day. A panic was caused among the fifty-seven inmates. All were rescued, but three who were burned to death. The dead are: Katie Dinkle, 14 years old, Cleveland, Ohio; Mamie Bradick, aged 15, Chicago; Della Taylor, aged 7, Lima, Ohio. Many sleeping on the third floor were rescued by being passed from a window to the second floor and then to the ground. Firemen worked several hours on the flames. The home contained inmates from nearly all the central states. It is conducted by the German Mennonites.

Failed to Meet Senator.

Harrisburg, Pa., April 19.—The seventy-ninth ballot, the last to be taken for United States senator during the present session of the legislature, resulted: Quay, republican, 95; Jenks, democrat, 85; Jones, republican, 69. The legislature will adjourn at noon to-morrow.

Government of Porto Rico.

Washington, April 19.—Dr. Julio Henna and M. Zeno Gandia to-day presented the president with a memorial drawn up by them as commissioners of the people of Porto Rico, asking that the exclusive military control over the island be withdrawn, and matters relating to the various branches of civil government be turned over to the control of the department at Washington having jurisdiction over similar matters in the United States, and that the people of the islands be granted all the privileges and immunities of citizens of the United States.
