No cases were set for trial next week owing to the fact that Judge Crumpacker is to hold United States court at Socorro for Judge Leland, commencing next Monday.

In the case of George C. Brown et al. vs. the New Mexico Savings Bank and Trust company, an order was entered permitting the receiver, Neil R. Field, to sell lots 2, 3 and 4, block 3, Gallup, for \$125 to Fanner Ketter, of Gallup.

There is but one organization of this kind in New Mexico and it is known as Warren Relief Corps No. 1 of Albuquerque. PELHREMIATING COAL MINERS. They Didn't Like the Wages at Sal and Left the Camp. A delegation of twelve coal miners called at THE CITIZEN office late yesterday afternoon, and the spokesman of the delegation stated that they had just returned from Gray, N. M., where the New Mexico Fuel company (a Pennsylvania concern) were operating some coal mines.

"We call," said the spokesman, "to let the public know, especially the coal miners, to keep as far as possible away from these coal mines as the company pay only \$2.50 per day for skilled labor, when the scale of wages in New Mexico for such work is \$3 per day, and again when the miners receive from this company less wages than the scale calls for."

"Where are you miners from?" asked the reporter.

"We left Madrid a few weeks ago for Gray, under the supposition that we would receive the same wages obtained at the Madrid mines, but when we showed up at the new coal field, located about twenty-two miles from White Oaks, we were informed that the wages would be \$2.50 per day. We refused to work left the camp, and are now on our return to Madrid."

"We advise all skilled coal miners coming into the territory from Colorado and Kansas on the north and Texas on the south to keep away from the Salado coal fields near White Oaks."

T. L. Wells is the superintendent of the New Mexico Fuel company, and it is stated that he is working two shifts of about ten men to each shift, now at these coal mines.

#### CRUISE MARSHHEAD ORDER TO SANOA

Manila, April 18.—In an interview with General Legarda he said that a committee of twenty-two Filipinos had been appointed to confer with the peace commission for the following purposes: First, to obtain as large autonomous rights for the Filipino people as possible, second, to bring about peaceful relations between the insurgents and Americans, Third, that Americans and Filipinos only shall occupy public offices, Arevalo, former aide to Aguinaldo, is in Manila. He said that if the Americans send to Aguinaldo now he thinks a peaceful solution of the present troubles is probable. Influential Americans think the commission of rich Filipinos is eager to meet property, but have little influence with insurgents.

Cruiser Ordered to Sanoa. Washington, April 18.—Orders have been issued to the cruiser Marched to accompany the Newark to the Pacific coast as a member of Admiral Kautz's command. The Texas will be placed where she will be readily available for duty in the Pacific if required. The order to the Marched is not due, officials say, to developments in the southern Pacific, but the Pacific station covers a great area and the ships now attached to it are inadequate to attend to the many calls upon them.

Sale of Railroads. Denver, April 18.—It is said that a deal has been closed in New York by D. H. Moffat, whereby the Midland Terminal railway, the Florence & Cripple Creek railway and the Florence reduction works, have been sold to a London syndicate for \$5,000,000. It is estimated that the syndicate will build an air line road to Denver.

ATTACKED BY CHINESE. British Troops Attacked by Thousands of Hostile Chineses. Hong Kong, April 18.—Thousands of Chinese advanced towards the British camp of artillery at Tai-poh on Monday and fired several rounds at it in rifle range. Major-General, whose force is less than 300, ordered the artillery to engage the enemy, who occupied the surrounding hills. Sharpshooters from the Chinese cut, and the Indian infantry advanced, the Chinese retiring several miles and burning villages. The Chinese losses are unknown, as they are carrying away their dead and wounded. The British had no loss. It is proposed to advance British occupation.

## An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly, and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the company printed on the front of every package.

## WHO IS J. J. BLOW?

He Makes a Big Blunt to Lease and Bond Good Mines.

His Opinion of New Mexico.

About a month ago J. J. Blow, writing from Los Lunas, made a glowing proposition to R. A. Levy, L. M. Jenkins and Henry Northern, for the lease and bond for two mining claims owned and operated by these three gentlemen, about sixteen miles southeast from Sabinal. In his glowing letter the same J. J. Blow says:

Los Lunas, N. M., March 2, 1899.

Dear Sirs:—Should you and your partners be willing to lease and bond the two claims contiguous to the ninety-foot shaft in which you are at the present time working, I would be willing to examine the property, and submit a lease and bond proposition to my people on the following terms: The bond to cover a period of three years, 33 1/3 per cent of the principal to be paid at the expiration of the first, second and third years, and all royalty paid to apply on the bond.

The lease to grant to my undisturbed possession of the two claims, and the right to mine and store ore, and to sink a shaft to a depth of 150 feet before any further work is done in the mine, would be the first work that we should undertake. On all ore shipped a royalty of ten per cent on the net smelter returns to be paid after deducting the railroad freight, which royalty applies as stated above, and that the right of determining whether the best market for the ore is to be to the mine, or to the smelter, shall be left to me to work, which would be twenty six working days, and a fifty ton concentrating plant to be erected before the second year of the lease and lease expires. Price of bond to be determined after examination, but let me know what you think the price will be as soon as you can. Yours truly,

J. J. Blow.

Since writing the above letter, the fact has dawned upon Messrs. Jenkins, Levy and Northern that Blow is quite elaborate in his expressions and that his intentions are not on the right side of the fence.

In fact, Mr. Levy is in receipt of a letter from a gentleman of this city, from which THE CITIZEN quotes the following in regard to Blow:

"New Mexico is overrated, the best is not worth having, this is a waste of money. It may be all right as a sheep country, but otherwise it is N. G."

It is such "mining experts," or rather "mining fakes" that ruin the mining industry of New Mexico, and Blow's letter shows up one of these fakes. He absolutely tells a falsehood in summing up his opinion, for he had examined the records of Socorro county he would have found the titles to the property owned by the three gentlemen, good, and that New Mexico is not overrated by any means.

Mr. Levy authorized THE CITIZEN to state that \$100,000 could not buy the property to day, and he wants J. J. Blow to know these facts.

Chas. Pikey, who is a thorough miner in every respect, and who is prospecting in that neighborhood, states emphatically that the property owned by these gentlemen is a bonanza, and is rich in copper and lead.

Chamberlain's Cough Remedy in Chicago.

Higgen Bros., the popular South Side druggists, corner 62nd-st. and Wentworth av., say: "We sell a great deal of Chamberlain's Cough Remedy, and find that it gives the most satisfactory results, especially among children for severe colds and croup." For sale by all druggists.

An Important Map.

The most unique map we have seen has just been sent out by the Santa Fe company. One of these maps hangs in the local depot for the information of the public. The background is red and the road is marked by strong black lines. The immensity of the system is set out so prominently that the dullest eye comprehended. From Chicago it stretches out to Denver, San Francisco, Los Angeles, El Paso, Guaymas, St. Louis and Galveston. Wonderful is the exclamation when one thinks of the accomplishments of this giant system of railroads.

Glorious News.

Comes from Dr. B. B. Baggie, of Washington, D. C. He writes: "Four bottles of Electric Bitters have cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have gained—that Electric Bitter is the best blood purifier known. It is the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poison, helps digestion and builds up the strength. Only 50 cents. Sold by J. H. O'Reilly & Co. druggists. Guaranteed.
