THEY WANT TO KNOW

Many Different Questions and Much Information is Desired by People Concerning New Mexico.

SUCH PROMPTLY ANSWERED

Eastern Folk Do Not Know Much About the Sunshine Territory But Are Willing to Learn.

The letters received by the Bureau of Immigration in this city are many daily and on the increase. The questions asked and information desired take a wide range, but all of these are carefully and promptly answered and whatever possible information there is on hand is given. A representative of the New Mexican in calling at the office of the bureau yesterday picked out at random from the letters received within the last few days the following which show what questions people ask and the variety of information desired by them. A civil engineer from Wilmington, Delaware, writes:

Ask About Explosives.
"Will you kindly inform me, or direct me to some one who could give me the following information:
"Kind of explosives used in your state, whether black powder or dynamite in its different grades, and annual amount of consumption of same; and where the most important mines and quarries are located.
"Could you also furnish me with any rules and regulations governing the manufacture and use of explosives."

He Wants Samples.
A student at McPherson College, McPherson, Kansas, says:
"The class studying geography at McPherson College is making a map of the United States, showing the products of the different states, and I would like to have a few samples of the different products of the state. Also a small amount of the soil. Also a sample of wool, silver ore, and some kinds of vegetation."

After Timber Lands.
A citizen of West Galway, in the state of New York wished to know:
"Will you please inform me as to the following: In either Otero or Lincoln Counties of New Mexico, how far from the railroad could a settler take possession of 160 acres of good timbered land under the homestead law?
"About how many markets of merchantable timber, per acre, would such land yield?
"Will you please send me a copy of the federal land laws?
"Information of the country in general would be gladly accepted."

An Eye on Eddy County.
A traveling man with headquarters at Grand Rapids, Michigan, addresses the bureau in the following letter:
"As I intend locating in either Eddy County, New Mexico, or near Pecos, Texas, I am very interested in all that pertains to either place and from what I have read in the bulletins you have sent me I prefer Eddy County. My family are now and have been since February at Oklahoma City. They do not like it there, the red dust, high winds and above all poor water. As I have a little money I want to buy 160 or 320 acres of good land near a railroad town with water on it. Raw land preferred and write you for information regarding prices, terms set on land near any of the following towns: Otis, Francis, Florence, Lake View, Spring Lake or Malaga. My little girl has catarrh and my boy's lungs are weak but not diseased. I am a traveling man and have my choice of New Mexico, Kansas, Texas or Oklahoma to travel in but what I want is land, to improve the same, make it a home, shade trees, fruit, etc., so in a few years I can have a paying place and quit the road.
"P. S.—How are the prices of groceries, meats, vegetables, fruits, etc., there? Is real estate high, vacant lots and building material?"

Lots of Questions.
A citizen of Evanston, Illinois, propounds these questions:
"My family and myself want to go to a climate that is not as hard and uncompromising as that of Chicago. We have two children and both have throat affection. I think, although I am not a farmer, that we would like to go into farming. I have a few hundred dollars to start on. Please tell me where I can get a good place near a good town on a railroad. I want 40 or 50 acres of land just outside of the city limits with plenty of water, a strong spring preferred and also ten or fifteen acres of timber on it so that I can have material for fences. What are dairy cows worth in your section and how can I buy chickens by the dozen? What would a good team of horses and a farm wagon cost me? What can I get for butter, eggs and vegetables as soon as I have them for sale? Could I purchase public land near such a town and at what figure?"

A CONVERT TO REPUBLICANISM

Paul Morton Second Vice President of the Santa Fe, Abandons Democracy and States Reasons.

Chicago, May 27.—Paul Morton, second vice president of the Santa Fe Railway and son of the late J. Sterling Morton, secretary of agriculture under Cleveland's administration, who has been a Democrat from a young man, has joined the ranks of the Republican party. His conversion to Republicanism is due in a large measure, to his personal friendship with President Roosevelt which dates from the time of his nomination for the vice presidency. Mr. Morton in explaining why he abandoned the Democracy says:
"One reason for my change in political faith is the fact that the Republican party has appropriated two of the former cardinal principles of Democracy—sound money and expansion. With regard to the tariff, I believe that the Republican party will come nearer to revising it when the time comes than ever would the Democratic party."
"One trouble with the Democratic party is that it comes out with a new paramount issue every four years. First it is money, then imperialism, and now it is the classes against the masses, or some such tommy-rot, when as a matter of fact there is no class distinction in this country and the laboring man of today may become the capitalist of the tomorrow."

"I like the Republican party because it is the party that stands for the material interests of the country. Then I also have tremendous faith in Roosevelt, who is square through and through."

WESTERN FEDERATION OF MINERS

Memorial Day Will Be Observed By the Delegates to the Convention—Important Changes in Constitution.

Denver, Colorado, May 27.—The committee of the Western Federation of Miners with the American Federation of Labor is expected to make its report to the convention of the Western Federation of Miners this afternoon. The morning session of the convention was taken up by the reading of the minutes of the executive board. Memorial Day will be observed by the convention and the graves of the late Rev. Myron Reed and the late Governor Davis H. Waite will be decorated. It is probable that the delegates of the convention will visit the graves of Reed in a body, while floral emblems will be sent to Aspen to decorate the grave of Governor Waite. Secretary Graywood reports that there will be important changes to the constitution and by-laws offered to the convention when the committee on constitution and by-laws reports.

SON OF SPANISH PRETENDER INJURED

Was Thrown From His Horse and Shaken Up But Not Seriously Hurt.

Liao Yang, Thursday, May 26.—Don Jaime de Bourbon, son of Don Carlos, pretender to the Spanish throne, who went to the Far East in February, was thrown from his horse today and badly shaken up. His injuries are not serious.

FARMERS' HOTEL BURNED.

Two Men Perish in Conflagration and Two Others Injured Severely.

Lawton, Oklahoma, May 27.—Two lives were lost in a fire here today that destroyed the Farmers Hotel, a small structure. The dead are: John Brannon and Patrick McCabe, both section foremen. Two other men were injured.

DROPPED DEAD AT HIS DESK

Assistant and Grand Chief Engineer of the International Brotherhood Succumbed to Apoplexy.

Los Angeles, May 27.—T. S. Ingraham, the assistant and grand chief engineer of the International Brotherhood of Locomotive Engineers dropped dead at his desk at the convention today in this city, from apoplexy.

How much would it cost me to build a five room house of frame on the land? What are your taxes? How are the school facilities? Have you any hot springs and where are they located? What inducement does your state give immigrants? Can you help me with railroad fares? Please send me as much information, printed and otherwise, as you can and maps of the country. Also please tell me how to get a homestead and to whom I shall apply.

BRILLIANT VICTORY FOR THE JAPANESE AT KIN CHOU

Battle Lasted for Five Hours and Was Hotly Contested—Gunboats From the Bay Participated in the Fight.

Tokio, May 27.—Noon.—The Japanese army swept the Russians from Kin Chou yesterday morning and in a desperate night attack stormed the almost impregnable position of Russians on Nanshan Hill, west of Taliwan. The battle raged in the hills all through the night and fragmentary telegrams from the Japanese headquarters report an engagement still in progress and that the Japanese are pursuing the Russians south from Nanshan. The Russians had made elaborate preparations to check the Japanese movement south on the Liao Tung peninsula toward Port Arthur. They had fortified ground on the south shore of Taliwan Bay.

Fortifications had been placed in other places and some of the defenses were protected by entangling wire. After a preliminary reconnaissance the Japanese attacked Kin Chou at half past five on Wednesday morning and for three hours they had an artillery duel with the batteries on Nanshan Hill. The Russian gunners searched the Japanese lines with their fire but failed to inflict much damage. The battle was resumed at dawn on Thursday. Three Japanese gunboats then entered Kin Chou Bay and in co-operation with the artillery on shore shelled the Russian positions on Nanshan Hill. A Russian gunboat in Taliwan Bay steamed close to the shore and shelled the Japanese left. From dawn the batteries on both sides hammered away at each other. At an early hour the Japanese infantry moved forward, and at 20 minutes past five on Thursday morning they entered Kin Chou, the Russians retiring to the south. Fighting continued into Thursday night, the Japanese pressing to the south and storming Nanshan Hill. Street crossings in principal residence areas followed the retreating Russians through the southern hills. Reports received here fail to cover the events on the Russian right. It is probable, however, that the Russians have abandoned these positions. No information is given concerning the losses which were probably heavy on both sides.

The Russian resistance at Nanshan Hill was stubborn. The Japanese made a series of assaults before the Russians finally yielded the position. The Russians abandoned this hill at 3 o'clock in the afternoon, retreating towards Nan Quan Ling, where it is understood a second line of defense exists. They may rally at this line of defense unless they have been disorganized by the defeat at Kin Chou and Nanshan. The Russians had a series of mines planted at Tafangshan station on the railroad, which exploded. The station was destroyed. The Japanese were under fire for sixteen hours and the general staff here received telegrams from the commanders, commending on the bravery and fortitude of their men.

Vessels Bombaraded the Town.
Tokio, May 27.—The following report has been received from Vice Admiral Togo: "The gunboats Thunkish, Helyen, Amagi and Chokai and the first torpedo boat flotilla reached Kin Chou Bay on the evening of Wednesday. From dawn of Thursday these vessels co-operated with the army in bombarding Suchatan. At 11 o'clock in the morning the enemy retreated. Our casualties were ten including his captain of the Hayashi, who was killed.
Occupy Kin Chou and Heights.
London, May 27.—The Japanese legation has received the following dispatch from Tokio: "Kin Chou and all the heights in its vicinity have been taken and our troops are pushing the Russians towards Port Arthur."

Artillery Duel Continues.
Tokio, May 27.—After five hours of desperate fighting the Japanese captured Kin Chou yesterday evening. Nan Quan Ling a stronghold of the enemy, was taken later after a hot fight.
The artillery duel still continues. A Russian gunboat bombarded the Japanese left flank from Taliwan Bay. While the Japanese warships worked with the army from Kin Chou Bay.

Russians Swept From Defenses.
Tokio, May 27.—Vice Admiral Togo has now established a complete blockade of the southern end of the Liao Tung peninsula. This completely envelops Port Arthur from seaward and probably marks the opening of the final investment of the town and its fortifications. Japanese troops have swept all the Russians from their defenses west of Taliwan Bay. It is now improbable that the latter will be

able to offer any further serious resistance in the territory north of Port Arthur.
Japanese Marching Southward.
Washington, May 27.—Minister Griscom cables the state department from Tokio that the Japanese have captured Kin Chou and are marching southward.

Japanese in Pursuit of Retreating Russians.
London, May 27.—A dispatch from Tokio to the Central News says: "The fighting which culminated in the Japanese occupation of Kin Chou was particularly confined to the artillery, which, beginning at dawn on May 26 continued without intermission for five hours. Three Japanese warships at Kin Chou Bay co-operated by firing with heavy guns on the Russian positions. A Russian gunboat in Taliwan Bay also joined in the fight, bombarding the left flank of the Japanese army. Kin Chou castle was occupied by the Japanese at twenty minutes past 4 o'clock this morning."

"Later the Russians were driven from their positions on the southern heights. The Japanese are now in pursuit of the retreating Russians."
Russians Skeptical About Taking of Kin Chou.
St. Petersburg, May 27.—Owing to the fact that communication with the defending army at Port Arthur is cut off, the war office here admits that it is not in a position to question the Tokio and other reports, that the Japanese have carried the outer works at Kin Chou. But what is known of the position of General Stoessel's forces, the authorities are apparently convinced that only the old town of Kin Chou was taken. The heights to which the Russians are said to have retired are really the key to the entrance of the Kwan Tung peninsula.

Famine Threatened at Port Arthur.
New Chwang, May 27.—The Japanese estimate the strength of the Russians about Port Arthur at 20,000 men. The former have 50 men at Kin Chou. The Chinese continue to escape from Port Arthur, but little reliance is placed on their statements. They say food is growing scarcer at Port Arthur and there is good authority for saying that the Japanese believe they can starve out the Russians in three months.
Submarine Boats at Work.
New Chwang, May 27.—The Russian authorities here declare that a Japanese battleship has been sunk by a submarine boat and that three of that craft are now at Port Arthur and another en route to Vladivostok by rail. A French priest who has just arrived from Mukden says that 20,000 Russian troops are stationed there and that an army of 100,000 men is at Liao Yang with heavy reinforcements arriving daily.

LILY PARK LAND CONTEST DECIDED

The U. S. Land Office at Glenwood Springs Renders Opinion Against Occupants of Land.

Glenwood Springs, Colo., May 27.—The register and receiver of the U. S. land office at Glenwood Springs has decided the Lily Park land contest in favor of the Lily Park Stock Growers' Association and against each and all settlers occupying any of the company grounds. The decision involves the title to thousands of acres of valuable land in the Lily Park Routt County, and is of great importance.

UNANIMOUS IN FAVOR OF UNION

The Northern Presbyterian General Assembly Vote to Join the Cumberland Church.

Buffalo, New York, May 27.—The Northern Presbyterian general assembly of the United States today declared in favor of a union with the Cumberland Presbyterian Church by a vote so nearly unanimous that it was not counted.

RESIDENCE BURNED AT ALAMOGORDO.

The residence of J. P. Crawford of Alamogordo, was destroyed by fire yesterday morning. The fire is supposed to have started from a defective stove. The loss is estimated at \$1,500.

THREE OF THE TAFOLA FAMILY DIED

Seven Neighbors Who Visited Them in Las Vegas Are Ill From Poisoning. Case Shrouded in Mystery.

Las Vegas, N. M., May 27.—Three members of the Tafola family are dead from poisoning and seven neighbors who visited them are ill with the same symptoms. The case is a mysterious one, for although arsenic has been found in the Tafola barrel, many of the symptoms differ from those of arsenic poisoning. Some time ago the barrel was used for mixing chemicals, but the belief is growing that it had nothing to do with the poisoning.

THE BROOKLYN DISPATCHED TO TANGIER

Will Look Into the Kidnapping of the American Citizen Perdicaris By Bandits.

Washington, May 27.—Rear Admiral Chadwick has reported to the navy department the arrival of his squadron, consisting of the Brooklyn, the Atlanta, the Castine and the Marietta at Tenerife, Canary Islands, where orders were waiting him to dispatch a vessel to Tangier in connection with the kidnapping of the American, Perdicaris. The Brooklyn was immediately dispatched to that place.

STRIKE SITUATION AT ALAMOGORDO

None of the Union Men Have Returned to Work—Workmen Will Be Imported.

The strike situation at Alamogordo remains unchanged today. None of the strikers have gone to work. The officials refuse to talk regarding their probable actions but present indications are that a number of non-union men are to be brought in to fill the places of the striking machinists and others. Fifty or sixty of the non-union men were expected to arrive there last night but they have not yet put in their appearance for some unknown reason. The company is expending several hundred dollars just now in fitting up the boarding cars near the shops with bedding and provisions which show plainly that a large number of men is expected soon to take the place of the strikers.

Forty-two railway mechanics arrived in Alamogordo about 3 o'clock yesterday morning on a freight train and the strike is now practically broken. Most of the number were machinists and they all went to work in the shops. Twelve railway clerks were brought in on number 4, the passenger train from the north and were put to work in the auditor's office. These men all belong to the Order of Railway Mail Clerks of America. Although it was given out by the railway company some time ago that the reduction in the force was owing to a slackness in business, it is now generally understood that it is now making a fight against the United Brotherhood of Railway Employees. The Order of Railway Mail Clerks of America is at odds with that order. Things are now running smoothly in the Alamogordo shops and the company has all arrangements made for feeding its present force in the box cars near by the shops.

In El Paso, the strike situation on the El Paso & Northeastern Railway remains the same as it has been for several days past. The force of seven guards is still maintained at the round house and shops there, by the company. But the strikers are not in the least aggressive and do not seem inclined to make trouble. They are all taking life easy.

Machinist Lamb was promoted to the position of general foreman when the El Paso hollermakers went out at the call of the Alamogordo men. The places of the strikers are open but so far no men have been employed to fill them. All engines are repaired at Alamogordo and are able to make the trip without stopping for repairs at El Paso.

WADDINGHAM ESTATE.

\$1,000,000 of Claims Against It Thrown Out By the Commission to Settle the Same.

The late Wilson Waddingham, who died some years ago in New York City, was very widely known throughout New Mexico, as he was at the time of his death the largest land holder in the Territory and had extensive business connections here. He visited the Territory periodically and spent much time each year in this city and in Las Vegas. In fact for a time he had his office in the Meadow City and that town was his headquarters. It will be remembered that he died suddenly from apoplexy and it was then reported that his business affairs were not in the best of shape. The following dispatch sent out from New Haven, Connecticut, a day ago, that being the city where his estate is being administered, contains information which

WASHINGTON NOTES

The Postoffice Department is Making an Effort to Purify Advertising Columns.

MISS RODEY GRADUATES

The Arrival of the President's Daughter at St. Louis Attended by an Extraordinary Scene.

Washington, May 27.—Miss Helen Roddy, the daughter of Delegate Roddy graduated yesterday from Gunston Institution. She stood fourth in a large class. At the commencement exercises Miss Roddy read a paper on New Mexico.

Miss Roosevelt Left for St. Louis.
Washington, May 27.—President Roosevelt has returned to the city from a trip to Groton, Massachusetts, where he participated in the prize day exercises of the school which two of his children attend at that place.

Miss Roosevelt met her father at the train then bade him good bye and left for St. Louis at 10:50 yesterday.

Illegal Advertisements to Be Excluded.
Washington, May 27.—As announced some weeks ago, the postoffice department has decided to take steps to eliminate the advertisement of patent medicines from the newspapers. Each of these cases will be taken up individually and tried on its merit, by the law officers of the department. When any case is found to be violating the law governing such matters, the American Newspaper Publishers' Association will be notified and that body will be expected to notify all papers which are members of the association that the advertisement is contrary to law. Papers not connected with the association will be notified directly from the department and if any paper thus notified refuses to eliminate the objectionable matter that paper will be excluded from the mails of the department. The question of the contracts which such advertisement companies have made with the association has been considered by the department and it has been decided that for matter which is a violation of the law, the contracts cannot operate to prevent the carrying out of the postoffice department's plans.

Miss Roosevelt at St. Louis.
St. Louis, Mo., May 27.—Miss Alice Roosevelt arrived in St. Louis yesterday afternoon for a week's visit to the exposition. Four hundred women had assembled at the depot to see Miss Roosevelt. They broke through the gates of the depot and crowded about her, delaying her advance in spite of the police guard which led the party. While Miss Roosevelt was attempting to enter her carriage, the crowd pushed against her so rudely that she was forced against the carriage wheels. As soon as she was seated the carriage drove rapidly away.

will be of much interest in various business and social circles in the Territory. The dispatch reads:

"Nearly a million dollars worth of claims presented against the estate of the late Wilson Waddingham of West Haven, known as the 'cattle king' have been disallowed by the commissioners who were appointed to adjust the litigation, which has been dragging in the courts for years.

"Of the total amount of claims considered, \$555,473 was allowed and \$907,497 rejected. Of the claims allowed, \$121,884 is secured, but some of the security is considered of questionable nature.

"Of the individual claimants Thomas B. Catron of Santa Fe, had the largest amount, \$383,107, and of this the commissioner drew out \$254,919."

THE DEMOCRATIC WAR-CRY IN THIS CAMPAIGN.

In reading platforms and resolutions adopted by the Democratic state conventions within the past two months, it looks very much as if the tariff question would cut considerable of a figure in this year's campaign. Many of these platforms contain strong "free trade" or "tariff for revenue only" planks. The drift of the Democratic bosses and of the politicians who controlled these conventions is plain. They must have an issue this year and the tariff seems to be to them "it." The western Democrats dare not touch the money question for fear of the wrath of the eastern reorganizers and gold bugs. The Clevelandites, the reorganizers, Tammany Hall, the Hill and trust autocrats and the rest of them do not exactly feel that the howls of "imperialism" and attacks upon the colonial policy of the administration will find favor with the western Democrats. What one of the discordant elements of the party desires, several others do not and so on and so forth. The Republicans on the other hand are going in to the campaign with a very strong man for president and with well defined policies. The tariff issue was well put recently by a prominent Republican member of the House of Representatives who said:

"The real issue of this year will not be how or when the tariff shall be revised, but by whom and for what purpose it shall be revised. You will observe that the Democrats denounce Republican suggestions that the tariff revision, when made, shall be made by its friends. When the people of this country get ready to abandon the principles of protection and resort to free trade and low tariffs, which afford no protection and which therefore amount to free trade, it will be time to invite the Democratic party to revise the customs schedules. But the fact is that the friends of the tariff should be the ones to make the revision, for in making the changes they will consult the best interests of the people, capital and labor, and they will not consult the interests of the importers.

"It is also well to call attention to the fact that if the Democrats are to be entrusted with the work of revising the tariff the job will be done without reference to the wishes of the industrial and agricultural producers of the country. It will be a piece of dark-lantern business, just as was the Wilson-Gorman act. The manufacturers and laborers, the miners and farmers, whose interests are so closely linked with the import and export trade of the country, were not consulted when the Democratic tariff act of 1894 was created. The industries of the country knew nothing about what was in store for them until the flood of competing goods poured in upon the country, closing the mills and factories, reducing wages and so impoverishing the people that there was not enough money out among the people to buy the 'cheap' foreign commodities which stocked the customs houses and the warehouses of this country.

"So I say," said the member, "that the issue of the campaign will not only be the soundness and safety of protection, but it will be as to who is to revise the tariff, when the time for revision comes."

These views are concise and present the question in clear and easily understood language. They are certainly very sensible and evidently correct. The proof of the pudding is in the eating and the fact that for the past eight years under a protective tariff enacted by a Republican congress and approved by a Republican executive, the country has been very prosperous, has constantly added paying markets for its manufacturers and exporters and has gained in sources of revenue by extending its foreign trade, proves as conclusively as anything human can well be proved that there is not only no necessity for revising the tariff for years to come except in a few scheduled but that it would be detrimental and highly injurious not only to the manufacturing interests of the country, but to the people to do so and to entrust a Democratic congress and a Democratic administration with such a task. Times change and men and policies change with them. There may be a necessity for revision in certain

tariff schedules, but such a revision if made should be made by a Republican administration and by a Republican congress, who are friends of a protective tariff policy and not by its enemies. The Republican policy of protection is based upon the following three leading principles: First, the raising of the necessary revenues of the government with the minimum burden to American taxpayers, especially of the middle class; second, the protection of the American workingman in a high standard of living through the exclusion from the home markets of the products of other countries where the high standards of wages and living do not prevail; and third, the adjustment of tariff charges in such a way that American trade may be fostered and foreign markets be secured for the purpose of supplying a steady market for the products of American industry.

These are well understood by the people, they have been tried and found not only not wanting, but just the right thing at the right time. The Republicans need not fear the result of another Democratic assault on the policy of protection; certainly not in this year of our Lord. Indeed, it is an issue which the Republicans are perfectly willing to meet and will meet.

POLITICAL SITUATION IN SOCORRO.

"Hope springs eternal in the human breast," especially in a Democratic breast, whether it be in Massachusetts or in Socorro County, this Territory. The Socorro Chieftain comments upon the hope of the Democratic party in Socorro County to make a clean sweep there in the coming elections in this style: "Democratic politicians of Socorro County are becoming quite too presumptuous for their own good. The success of their ticket two years ago turned their heads. They now dwell in blissful forgetfulness of the fact that independent Republicans elected a majority of the last Democratic ticket and of the further fact that whenever in the last ten years the Republicans of the County have been united at an election the Republican ticket has been the winner. Local Democratic leaders may possibly let these truths take hold on them before the day of salvation is past; if not, it will be only the worse for local Democratic leaders."

Facts as they occur are proving that the establishment of the office of Traveling Auditor under the law passed by the Republican Thirty-fifth Legislative Assembly, is proving of great usefulness and efficiency and is saving the taxpayers much money. The statute should be improved in a few details by the Thirty-sixth Legislative Assembly, which will be done if the Republicans have a majority in that body and it looks very much as if they would have. With a few amendments, the law will be almost ideal and will increase in efficiency and benefits. Financial officers of counties are beginning to find out that they must be honest and not juggle with public funds, else the traveling auditor will find them out and there will be trouble.

The city board of education is not moving as fast as it might in the question concerning the sale of tracts of land and buildings in the Fort Marcy donation not reserved for school purposes and looking towards the speedy erection of new and modern school buildings. It has adjourned from time to time, lately without action, why is not exactly clear to the average citizen. There may be good reasons for such a course and the people would like to know what they are anyway. Absence of one or two members from the meetings certainly cannot be called so.

The agitation started by this paper for the enactment of a law by the next assembly providing that all territorial and county officials having public funds in their charge should be compelled to give bonds in a good and reliable security company is growing and finding favor and approval with the newspapers and with the citizens of New Mexico. The enactment of such a law will be a vast step in the right direction and will be conducive to proper government as well as being a strong security for the safe keeping and proper accounting of public funds.

Memorial Day will be fittingly observed by Carleton Post No. 1, Grand Army of the Republic of this city by Federal and Territorial officials and by citizens generally on Monday next. The memory of the heroes who died that their country might live should not be put away in the dust of time, but should be kept forever green and fresh in the hearts and minds of the patriotic citizens of this great nation. It is but meet and proper that one day in the year should be given towards this object.

Tom L. Johnson of Cleveland, one of the leading men in the Ohio Democracy, although last November he was badly defeated for governor of the Buckeye State by Myron T. Herrick, has brought out and is booming Joseph W. Folk of Missouri for the Democratic nomination for the presidency. He proposes to act in his usual spectacular way and to push the boom with might and main. Tom L. Johnson is never happy unless he is in "the public eye."

The boom for Representative Robert R. Hitt for the Republican nomination for the vice presidency is growing apace. This lightning may strike him. All things in politics are possible to a man born in Ohio and Mr. Hitt is a native of the Buckeye State.

Would You Think It?

Would you think it possible that you could be disappointed in the face of a woman whose shapely shoulders, and beautiful hair suggest womanly perfection and beauty? Such disappointment comes not seldom when the face turned to you shows disfiguring blotches and blemishes. In general the cause of these eruptions is impure blood.

Dr. Pierce's Golden Medical Discovery purifies the blood, and removes the corrupt accumulations which cause disease. When the blood is cleansed, pimples, tetter, salt-rheum, boils, sores, and other results of impure blood, are perfectly and permanently cured.

"For three years I suffered with that dreaded disease eczema," writes Mrs. J. Koop, of Herman, Oregon. "I was told to try Dr. Pierce's Golden Medical Discovery, which I did, and after I had taken fourteen bottles I was permanently cured. It has been a year since I stopped taking your medicine and it has never appeared since. I think your medicine a wonderful cure and hope others suffering as I did, will take it and be relieved of their suffering."

Some of the most remarkable cures effected by "Golden Medical Discovery," have been of scrofulous diseases.

"I will forever thank you for advising me to take Dr. Pierce's Golden Medical Discovery," writes Mrs. Jas. Murphy, of Fond du Lac, Wisconsin. "It has cured me of chronic scrofula of twelve years' standing. I had doctored for the trouble until I was completely discouraged. I also had chronic diarrhea for twelve years. I am in good health now—better than I ever was in my life, owing to Dr. Pierce's Golden Medical Discovery. I took several bottles of the 'Discovery' before I stopped."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.

Dr. Pierce's Pleasant Pellets cure dizziness and sick headache.

Mr. Bryan thinks he knows what will happen at the St. Louis convention. In this, he knows more than the New Mexican. This paper will not prophesy what will happen there, but it is pretty sure what will be the result of next November's elections. Roosevelt will be successful no matter who the nominee at the St. Louis convention.

SSS FOR THE BLOOD

The best known and most popular blood purifier and tonic on the market to-day is S. S. S. There is hardly a man, woman or child in America who has not heard of "S. S. S. for the blood." It is a standard remedy, a specific for all blood troubles and unequalled as a general tonic and appetizer. S. S. S. is guaranteed purely vegetable, the herbs and roots of which it is composed are selected for their alterative and tonic properties, making it the ideal remedy for all blood and skin diseases, as it not only purifies, enriches and invigorates the blood, but at the same time tones up the tired nerves and gives strength and vigor to the entire system.

For Chronic Sores and Ulcers, Catarrh, Rheumatism, Blood Poison, Malaria, Anemia, Scrofula, Eczema, Psoriasis, Salt Rheum, Tetter, Acne and such other diseases as are due to a polluted or impoverished condition of the blood, nothing acts so promptly and effectually as S. S. S. It counteracts and eradicates the germs and poisons; cleanses the system of all unhealthy accumulations and soon restores the patient to health. Write us and our physicians will give your case prompt attention without charge.

DO YOU WANT THE EARTH?

The Earth is a new monthly illustrated journal, published by the Santa Fe. Tells the truth about the great southwest and California—the truth is good enough. Frequent articles describing your part of the country. Contains letters written by farmers, stockmen and fruit raisers; men who have succeeded and who give the reasons why. Strong editorials and interesting miscellany. A very persuasive immigration helper. Why not have it sent to friends "back east" to do missionary work for the southwest? Regular subscription price is 25 cents a year; worth double. Send us 50 cents (coin or stamps) with names and addresses of five eastern friends; we will mail the Earth to them and to you for six months. WHAT A BLESSING.

Many People in Santa Fe Learning to Appreciate.

What a blessing it is. Sought after by thousands. Santa Fe is finding out. Many a miserable man is happy now. Nights of unrest, days of trouble. Any itching skin disease means this.

Itching Piles mean it. Eczema just as bad, and just as hard to cure.

But Doan's Ointment relieves at once and cures all itching of the skin.

A blessing to a suffering public. Here's Santa Fe proof to back our statement.

Brother Fabian of St. Michael's college, says: "I am convinced that Doan's Ointment has merit. It was used with success in a case which came under my observation, the authenticity of which I will be pleased to give in a personal interview out of idle curiosity, but if my interviewer really suffers with any form of skin disease and wishes to know what means to adopt to get relief. In the meantime I have no hesitancy in advising residents of Santa Fe to go to Ireland's Pharmacy for Doan's Ointment if they require its use for any purposes indicated."

For sale by all dealers. Price 50 cts. Foster Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitute.

Growing Aches and Pains.

Mrs. Josie Sumner, Bremond, Texas, writes, April 15, 1902: "I have used Ballard's Snow Liniment in my family for three years. I would not be without it in my house. I have used it on my little girl for growing pains and aches in her knees. It cured her right away. I have also used it for frost bitten feet with good success. It is the best liniment I ever used." 25c., 50c. and \$1.00. Fischer Drug Co.

Seligman, accounts of justice of the peace, etc., \$24.50; W. J. McPherson, transcribing testimony, \$11.50; A. Seligman, expenses to New York, (bond question), \$181.30; J. V. Conway, superintendent of schools, salary, etc., \$276.65; New Mexican Printing Company, printing stationery, etc., \$222.25; New Mexican Printing Company, index books, \$160; P. Wunschmann & Company, insurance on court house, (one-third part payment), \$100; I. B. and R. H. Hanna, insurance on court house, (one-third part payment) \$100; M. A. Ortiz, assessor, for making poll tax books, \$64; Santa Fe Water and Light Company, light for court house and jail, \$7.40; J. Weltmer, stationery, \$5.05; C. Alarid, fees as deputy sheriff, \$4.75; Mrs. W. C. Bailey, Santa Fe county album, \$25.

The road supervisors for the year 1902, were allowed 75 per cent on the last half of their accounts due them which amounted to \$155.23 and for which amount warrants were ordered issued to them.

The official bonds of J. W. Sullivan as justice of the peace for precinct No. 19, and of J. Lopez as road supervisor for precinct No. 5, were approved.

The sheriff was ordered to purchase 12 plans to fix the bridge across College Street.

The clerk was ordered to write to Tomas Gurule and to ascertain what the charge would be for fixing the bridge at Canada de los Alamos.

Francisco Romero was appointed justice of the peace for precinct No. 1 and Sotero Martinez constable.

Antonio Martinez was appointed road supervisor for precinct No. 4, and Vidal Olivas for precinct No. 13.

A petition from the residents of precinct No. 18 asking the board to buy a piece of land to open a new road was read and ordered filed, and the sheriff was instructed to go with N. Rodriguez and examine the premises and find out how much is asked for the land and to report to the board at their next meeting.

The clerk was instructed to correspond with Mr. Hutchison regarding his plans and specifications for a bridge across the Santa Fe River on College Street, 16 feet road way and 6 feet walk.

Antonio Herrera was appointed road supervisor for precinct No. 22.

The sum of \$25 was appropriated for assistance in defraying expenses for book of photographs of Santa Fe County, to be issued to advertise Santa Fe County at the St. Louis World's Fair.

The quarterly reports of the treasurer and ex-officio collector, the sheriff and the assessor were received and ordered filed.

The clerk was ordered to issue a warrant in favor of the New Mexican Printing Company for the sum of \$160 to pay for books, which amount is included in Warrant No. 9960.

Rafael Ortiz was appointed justice of the peace for precinct No. 22, and Donaciano Ortiz constable.

Commissioner Arthur Seligman made a verbal report to the Board stating that he had consulted with the New York bondholders who hold a large majority of the outstanding bonds, funded bonds, delinquent coupons and judgments, indebtedness of the County; the bondholders were willing to compromise the indebtedness they hold with the County at 60 per cent in bonds bearing 3 per cent interest provided the new bonds were properly secured under congressional or territorial enactments. This result was not arrived at until after several meetings between the bondholders and himself had been held and until after the bondholders had secured the opinion of the New York City law firm of

A Startling Test.

To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes, "a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation and Kidney troubles. Try them. Only 50c at Fischer Drug Company.

Whooping Cough.

"In the spring of 1901 my children had whooping cough," says Mrs. D. W. Capps, of Capps, Ala. "I used Chamberlain's Cough Remedy with the most satisfactory results. I think it is the best remedy I have ever seen for whooping cough." This remedy keeps the cough loose, lessens the severity and frequency of the coughing spells and counteracts any tendency toward pneumonia. For sale by all druggists.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husband, Pa. "At times she was unable to move at all, while at times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by all druggists.

EXPOSURE.

To cold draughts of air, to keen and cutting winds, sudden changes of temperature, scanty clothing, undue exposure of the throat and neck after public speaking and singing, bring on coughs and colds. Ballard's Horehound Syrup is the best cure.

Mrs. A. Barr, Houston, Texas, writes, Jan. 31, 1902: "One bottle of Ballard's Horehound Syrup cured me of a very bad cough. It is very pleasant to take." 25c, 50c, \$1. Fischer Drug Co.

EL CINTURON ELECTICO MAS FUERTE EN EL MUNDO.

Con la intencion de hacer conocer e introducir nuestro cinturón eléctrico "CROWN" en los lugares donde no está aún conocido, queremos mandar uno a cualquier persona que lo necesite, absolutamente gratis. Eso es un ofrecimiento honesto, hecho por una firma segura y honrada.

Si Ud. ha perdido la vitalidad y se siente abatido y desalentado; débil y nervioso; si le agobia una vejez prematura, y el vigor de la juventud está perdido; si padece de dolores en las espaldas, pérdida de la virilidad, indigestión o varicela y está cansado de pagar dinero a los médicos sin encontrar alivio, puede Ud. ser curado con el cinturón eléctrico "CROWN".

Sabemos que nuestro cinturón puede sanarlo, que Ud. después de curado lo recomendará a otros enfermos, y que de este modo quedaremos indemnizados de nuestro ofrecimiento liberal.

LO QUE SE DICE.
Su cinturón me ha curado de la Debilidad, de la Varicela y de la enfermedad de Nervios, por la cura de las cuales había en vano consultado un gran número de médicos, hasta creer mis enfermedades incurables. Por fin la Providencia me mandó su cinturón eléctrico, con cuyo uso obtuve la curación.

JOSE CAMPA, Ciudad de México.
CUMPLIREMOS CON LO QUE DECIMOS.—Cortad este aviso, mandadnoslo con su nombre, dirección y UN PESO americano para gastos de transporte, y mandaremos a Ud. el cinturón eléctrico "CROWN".

VEGETABLE FOUNTAIN

Our vegetable fountain is now in running order. There is a vast difference between articles kept fresh by cool running water and the dried up stuff where no water is used. We receive fresh vegetables daily. Hot house lettuce Monday, Wednesday and Saturday. Asparagus, young onions and radishes nearly every day. Tomatoes, cauliflower, wax beans, cucumbers and summer squash at frequent intervals.

FRESH FRUIT.

We are making a specialty at present of naval oranges:
Per Box..... \$3.00
Per Dozen..... 25 to 60 cents
Fresh strawberries received under ice, from the California patches near

ly every day. Get your orders in early and we will save them for you. Getting too hot to ship strawberries except under ice.

MEAT MARKET.

You will appreciate a change from the heavier roasts, boils etc. We always have something different in the way of sweet breads, brains, kidneys, calf's liver, eastern lamb and mutton, young veal, sliced boiled ham, sliced smoked beef, summer sausage, pigs' feet, tripe, etc. If you want the finest cuts of eastern corn fed meats call up Telephone 49 or better still, come in person and make your own selections.

NO. 4 BAKERY.

Too hot to bake. Let us do the hard work. It is cheaper to buy your bread and cakes than to pay for fuel, yeast and other materials, to say nothing of the labor and inconvenience. Our products are better than ever, since we have gotten settled in our new sanitary shop.

MINOR CITY TOPICS

The pupils of Miss DuVal's school will spend tomorrow picnicking at Monument Rock in the Canon.

La Tertulia Idiomática will meet tomorrow afternoon at 2:30 o'clock at the home of Mrs. W. S. Harroun.

Santa Fe Lodge No. 2, I. O. O. F., will hold its regular weekly meeting this evening at 7:30 o'clock at Odd Fellows' Hall.

Santa Fe Lodge No. 460 B. P. O. E. will hold a special session for the members of the organization only, on the evening of June 4.

A large new hall is being erected in Santa Cruz for dances and political meetings, so reports Leo Hersch who returned from there yesterday.

The city fire department yesterday received 850 feet of new hose. Six hundred feet of it is for the city fire department and 250 feet for the capitol grounds.

TO LOAN—Small sums of money from \$50 to \$100 on real estate or approved collateral security. For more particular information, apply at the New Mexican office.

The Capital City Club will hold an important business meeting at Adam's Hall on Saturday evening May 28 at 7:30 o'clock. All the members are requested to be present.

Francisquita Montoya, the eight year old child of Candido Montoya, died this morning of a contagious disease. The funeral will occur tomorrow, interment to be made in Rosario Cemetery.

The last meeting of the dancing class for this season will be held this evening at Adam's Hall. A large attendance is expected and a special musical program has been arranged.

The man who is saving nothing is scarcely an inch from the grindstone. Start your "nest egg" today and open an account, by mail, with the Plaza Trust & Savings Bank of Las Vegas.

WANTED—At once a competent cook at the Summit Tent City. Good salary to the right party. Apply during forenoon at office in Schumann block, No. 232 San Francisco Street.

Many complaints are heard that the street crossings in principle residence and business portions of the city are very dirty. The city marshal should see to it that they are kept in proper condition.

The baseball game yesterday between San Miguel's College and the United States Indian Industrial School resulted in a score of 3 to 9 in favor of the Indians. The game was played on the college grounds.

John Valdez, the young son of Felipe Valdez, died this morning of diphtheria. Owing to the contagious character of the disease the interment will take place immediately in Rosario Cemetery.

Eleven cars of stock came in today over the Santa Fe from Silver City. They will be kept in the stock yards here until Sunday when they will be transferred to the Denver & Rio Grande road and shipped to Rifle, Colorado.

The members of the Spanish-American War Veterans' Association, are requested to appear in full uniform at Post Hall at 2 p. m., on May 30, to participate in the exercises on Memorial Day. By order of the commander, J. B. Read, adjutant.

Ramon Blea, the son of Roman Blea, died last night at the home of his parents on the south side. The child was four years of age and his death was caused by softening of the brain. Interment will take place tomorrow in Rosario Cemetery.

If the city authorities are doing anything towards isolating the cases of contagious disease which are reported to exist in the city, no one seems to know it. The health committee of the city council and the acting mayor should do their duty in the premises.

George E. Parsons, employed in the office of the Santa Fe Central Railway will go to Las Vegas tomorrow to play with the Las Vegas baseball team in the games scheduled for Sunday and Monday next, between that team and the Raton nine.

J. W. Buchanan of Denver, who has been in the northern part of the Territory for over a week buying up burros, returned to Santa Fe last night. He left this morning for St. Louis. The burros are soon to be shipped there also, and will form one of the attractions at the World's Fair.

A correspondent of the New Mexican from Anton Chico, Leonard Wood County, writes that there is now water for irrigation in the Pecos River at that point and that the farmers have planted crops and are irrigating to make up for lost time. He thinks that between one-half and three-fourths of a crop of alfalfa and cereals will be harvested in that section this season.

There was a trace of precipitation yesterday in this city and the weather bureau predicts local showers for tonight and Saturday. What the people desire is a good rain but every little helps and the showers would be very welcome if they came. Yesterday the maximum temperature was 70 degrees

at 2:45 p. m. and the minimum 52 degrees at 6 a. m. The relative humidity for the day was 46 per cent. At 6 o'clock this morning the thermometer registered 52 degrees.

Tan shoes are the proper things this season and Koury has received a fine line of them, also nobby styles in patent leather shoes and Oxford ties. See the samples of beautiful hosiery in his window.

Harry L. Meyers and Miss Jesse M. Olmstead, two popular young people of Alamogordo, were married Sunday afternoon at the home of the Rev. H. W. Moore of the First Presbyterian Church of El Paso, Texas.

The peaks of the Santa Fe range east of town were covered with snow this morning. They presented a beautiful appearance. The white mantle disappeared, however, early in the forenoon, but it was an indication that considerable snow must have fallen last night. Quite a hard shower fell in the city this afternoon accompanied by a little hail.

James Lillard, the colored man who was jailed some weeks ago upon a charge of attempted criminal assault has been released from jail and told to get out "into the wide, wide world." He took this advice and has left town for parts unknown and for the city's and his own good. The charge against him which was not supported by any material evidence, has been withdrawn and it was thought that his room was much more desirable than his presence in the county jail, where he cost the county 73 cents per day. Hence it was considered best by the authorities as it was doubtful if an indictment could be secured, to say to him "get thee hence," and Lillard "got."

The acting mayor and the health committee of the city council should see to it that the city ordinances and the territorial law relating to the prevention and isolation of cases of contagious disease be carried out. Much indignation is expressed as to the inactivity and inaction of the present city administration in this very important matter. Several citizens are talking of going before the next grand jury to procure indictments for the neglect of the important duties imposed by the territorial laws upon city officials in this matter. The health of the people of this city is of the utmost importance and the letter and spirit of the health laws should be carried out in the smallest detail.

Manager Frank Owen of the Santa Fe Water and Light Company after carefully studying the situation, has concluded that a small amount of water from the supply in the reservoirs of the company can and will be spared tomorrow to the water consumers. Irrigation of lawns and orchards will therefore be allowed tomorrow between the hours of 8 a. m. and 12 o'clock noon, no more and no less. The chief principle to be considered is to keep the water supply up to the standard for domestic purposes and for use in the case of fire. Mr. Owen asks water consumers to carry out the company's regulations in this respect and to irrigate no longer than four hours tomorrow forenoon, as such will be best for all concerned.

The closing exercises of Miss DuVal's school took place this afternoon at the school rooms on Washington Avenue. A large number of the parents and friends of the children were present and the exercises were well rendered. The following was the program: Violin solo, Rogers Fiske. Recitation, "Singing," Bernard Spitz. Recitation, "The Little Seamstress," Nellie Rogers. Recitation, "When I'm a Man," Ralph Sparks. Reading "Brer Rabbit and the Tar Baby," Morton Seligman. Recitation, "The Pollywog," Miriam Cartwright and Dorothy Finkbine. Recitation "The Joys of Being Good," Wallace Fiske. "A Postponed Departure," Rogers Fiske, Miguel Otero, Buddie Fiske, Douglas Walker, Eugene Griffin. Recitation, "The Secret," Katherine Chaves, Ethel Riddle, Beulah Riddle, Dorothy Griffin. Reading, "The Honest Agent and the Dutchman," Isabel Walker. Recitation "The Little Cripple," Katherine Chaves. Recitation, "How to Draw a Rig," Howard Robbins. Dialogue, "The Peach Pie," Rena Yrizarry, John McFie. Song, "Oh, What a Lovely Dream," Eva Dunlavy and Lois Dunlavy. The fall session of the school will open on the first Monday in September.

DEATH OF EUTIMIO MONTOYA.

Eutimio Montoya of San Antonio, Socorro County, died yesterday at Mineral Wells, Texas. He belongs to a prominent Socorro County family and the remains will be taken to San Antonio for interment. He is well known in Santa Fe where he has relatives. He was a son-in-law of Demetrio Perez of Las Vegas.

AN EDITOR'S EXPERIENCE

in the Treatment of Humours
with More Than Magical
Effect with

CUTICURA REMEDIES.

A Remarkable Testimonial from
a Most Intelligent and
Trustworthy Lady.

"A tumor came on my neck and in a day or two it was as large as half an orange. I was very much alarmed for fear it was malignant. My friends tried to persuade me to consult my physician; but dreading that he would insist on using the knife, I would not consent to go. Instead, I got Cuticura Resolvent and Cuticura Ointment. I took the former according to directions, and spread a thick layer of the Ointment on the swelling. On renewing it I would bathe my neck in very warm water and Cuticura Soap. In a few days the Cuticura Ointment had drawn the swelling to a head, when it broke. Every morning it was opened with a large sterilized needle, squeezed and bathed, and fresh Ointment put on. Pus and blood, and a yellow, cheesy, tumorous matter came out. In about three or four weeks' time this treatment completely eliminated the tumor. The soreness that had extended down into my chest was all gone, and my neck now seems to be perfectly well.

"About five or six years ago my sister had a similar experience, used the Cuticura Remedies with magical effect. I am willing you should use my testimonial, with the further privilege of revealing my name and address to such persons as may wish to substantiate the above statements by personal letter to me." Chicago, Nov. 12, 1902.

REAL ESTATE LOANS.

Money to loan upon real estate security on easy terms.

HOMES.

I have a nice cottage (double) six rooms on one side, 4 on the other; owner occupies 4 rooms and the rest rent for \$25 a month; good neighborhood; ample space to erect other buildings on same street; stables and other outbuildings; the price asked is very low.

Can sell at a bargain cozy homes on Manhattan avenue, one a new stone house with all modern improvements; the other an adobe-brick house, 7 rooms; fruit and vegetable garden; city water, hydrant and tank; 70 choice fruit trees; currant and raspberry bushes; lot 80 by 265 feet. The stone house will be rented.

SAN FRANCISCO STREET.

I have several business blocks for sale on this great mart of trade, some of them producing more than eight per cent, net, on purchase price asked.

OTHER BUSINESS CHANCES.

I have several other commercial and business propositions to submit those desiring to enter mercantile life and to grow up with the new era of prosperity now coming in with the Santa Fe Central Railway.

CHURCHES.

I am authorized to dispose of the Congregational Church, on the south side, convenient to the contemplated Union Depot. It stands upon two lots, and will be sold cheap, or the building will be repared and leased to responsible parties.

THERE ARE OTHERS.

Several small houses, some stone, some brick, others frame, upon my books, which I would be glad to show an intended purchaser. They are desirably situated, and will be sold cheap.

ORCHARDS.

I also have a fruit ranch in a high state of cultivation, in the suburbs, with a building site overlooking the entire city of Santa Fe. On it there is an artificial reservoir, the only one of its kind in the city, 12 feet or more in depth, holding over 125,000 gallons of water, constantly replenished, from which the whole place can be irrigated daily during the summer, and which could be stocked with fish. The land contains many hundreds of young trees of the finest and most valuable varieties of apples, peaches, pears, plums, apricots, cherries and other fruits, the greater part of which already bear; a young bearing vineyard, thousands of bushes of currants and other small fruits; extensive beds of asparagus, chubarr, and other fine vegetables. To be sold on easy terms, and for much less than its cost, owing to ill health of the owner.

PLAZA PROPERTY.

To those wishing to catch the cream of Plaza real estate I can offer blocks at figures that will double themselves in less than three years.

COAL AND TIMBER LANDS.

I can sell you large tracts of land suitable for mining coal or the production of timber.

CATTLE AND SHEEP RANGES.

In all parts of the Territory, and none in Wyoming.

I will take pleasure in showing prospective investors desirable building sites in the neighborhood of the Capitol, and in the vicinity of the Presbyterian church, and other localities of the city which in a few years will be worth double the present asking price.

ROOMS: FURNISHED OR UNFURNISHED.

Furnished or unfurnished rooms in all parts of the city. Single, or en suite for light housekeeping. Some of them within five minutes walk of Plaza.

OUTSIDE PROPERTY.

At El Cuervo, 10 miles from the Rock Island road, I can sell you about 600 acres; patented; excellent grazing land.

Convenient to Las Vegas, I have for sale several large tracts of desirable land which I am permitted to sell at very low figure. One tract contains about 3,500 acres, and is located about three and one-half miles southwest of Las Vegas; nearly all of it is under fence; good grazing and water for stock; some timber. Another tract is 150 acres, 7 miles from Las Vegas; timber and grazing, with an excellent stream of water passing over it. Still another tract of 350 acres of farming, grazing and timber land, 8 miles west of Las Vegas, with running water upon it.

OFFICIAL PROCEEDINGS COUNTY COMMISSIONERS

Continued from Page Three.

The matter of the removal of the United States Court from the Court House to the Federal Building having been duly considered by the Board: Now, on motion of Commissioner Arthur Seligman, it is resolved by the Board of County Commissioners of the County of Santa Fe, that the United States have the use of the court-room, clerk's offices and all other rooms now used by the said court free of all charge to the United States.

Upon motion of Commissioner Kendall the justices of the peace of precincts Nos. 4 and 18 are hereby ordered to place yellow flags at the several houses where there are contagious diseases and to notify all persons living in the vicinity to abstain from entering such houses while such diseases exist.

Upon motion of Commissioner Seligman the clerk was ordered and directed to notify all county officials that no charge for rent will be allowed by this board, and that rooms will be assigned to them in the county building on application to the chairman of the Board.

The official bond of Hiram B. Cartwright, the new treasurer and ex-officio collector of the County of Santa Fe, New Mexico, was fixed at Fifty Thousand (\$50,000) Dollars.

The Board then adjourned subject to the call of the chair.

A POSITIVE NECESSITY.

Having to lay upon my bed for 14 days from a severely bruised leg, I only found relief when I used a bottle of Ballard's Snow Liniment. I can cheerfully recommend it as the best medicine for bruises ever sent to the afflicted. It has now become a positive necessity upon myself. D. R. One of the greatest blessings a modest man can wish for is a good, reliable set of bowels. If you are not the happy possessor of such an outfit you can greatly improve the efficiency of those you have by the judicious use of Chamberlain's Stomach and Liver Tablets. They are pleasant to take and agreeable in effect. For sale by all druggists.

HERBINE

Will overcome indigestion and dyspepsia; regulate the bowels and cure liver and kidney complaints. It is the best blood enricher and invigorator in the world. It is purely vegetable, perfectly harmless, and should you be a sufferer from disease, you will use it if you are wise.

R. N. Andrews, editor and manager, Cocoa and Rockledge News, Cocoa, Fla., writes: "I have used your Herbine in my family, and find it a most excellent medicine. Its effects upon myself have been a marked benefit. I recommend it unhesitatingly." 50c. at Fischer Drug Co.

A SURE THING.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. Van Metre of Shepherdstown, W. Va., says: "I had a severe case of Bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for Croup, Whooping Cough, Grip, Pneumonia and Consumption. Try it. It's guaranteed by Fischer Drug Co., Druggist. Trial bottles free. Reg. sizes 50c, \$1.00.

"YOUNG MAN GO WEST!"

"If you are going to do a good thing, do it in the best way," is another maxim of which you will appreciate the force if you will either call on or communicate with N. F. CLARKE BEFORE BUYING TOWN LOTS ELSEWHERE.

BE WISE.

Put your money into land—Own a Town Lot and Home. Do like your fathers did—buy good property in a live town, and your children will rise up and call you blessed.

It is entirely safe to presume that within a very short time the town of ESTANCIA will be one of the liveliest, largest and most substantial towns in this section of the southwest.

Be sure and write for all information desired at once. THE PRICE OF THESE LOTS WILL INTEREST YOU.

Total \$1,392.36. Amount credited on statement, \$768.34. Balance claimed for credit, \$624.02.

The report of Mr. Nushbaum shows that Mr. Knaebel's vouchers, receipts, etc., leave a balance of \$14,825.93, less the sum of \$1,574.17 for which no vouchers were issued, but payments were made by checks direct by the treasurer and which credit the board allowed after due examination, leaving a balance of \$13,251.76 as the shortage.

Upon motion of Commissioner Seligman the clerk was ordered and directed to send a copy of the following to Mr. Knaebel, ex-treasurer and collector of Santa Fe County, and to his bondsmen as such treasurer and collector.

The order is as follows, to-wit: Office of the Board of County Commissioners, Santa Fe County, New Mexico.

Santa Fe, N. M., May 16, A. D., 1904. To George W. Knaebel, ex-treasurer and collector of the county of Santa Fe, and to T. B. Catron, Sam Eldred, Grant Riverburg, Chas. Wagner and Fred Muller, official bondsmen of the said Geo. W. Knaebel:

You and each of you are hereby notified that according to the reports of the expert, Mr. Simon Nushbaum, who was employed by the county commissioners to examine and report upon the liability of the treasurer and ex-officio collector of said county, and the report of the territorial traveling auditor, it has been ascertained that on and since the 30th day of April, A. D., 1904, there was and is due to said county from the said treasurer and collector the sum of thirteen thousand two hundred and fifty-one dollars and seventy-six cents (\$13,251.76), after allowing all just claims and offsets of every kind.

Demand is hereby made upon you and each of you on behalf of said county, for the said sum of thirteen thousand two hundred and fifty-one dollars and seventy-six cents (\$13,251.76), and you are hereby required to immediately pay over to the present treasurer and ex-officio collector of said county, the amount of money, that the same may be distributed among the respective funds to which it properly belongs.

A. L. KENDALL, Chairman.
ARTHUR SELIGMAN, N. QUINTANA, Commissioners.

Attest:

CELSO LOPEZ, Clerk.

The official bond of Rafael Ortiz as justice of the peace of precinct No. 22, and of Francisco Romero as justice of the peace of precinct No. 1, were approved.

The official bond of Sotero Martinez as constable for precinct No. 1, was approved.

The official bond of Antonio A. Herrera as road supervisor for precinct No. 22, was approved.

The official bond of Hiram B. Cartwright as treasurer and ex-officio collector of Santa Fe County, was approved.

The board then adjourned subject to the call of the chair.

What She Saw In The Looking-Glass.

She stood before her glass in the sitting-room. The girl she saw there had a well-rounded face and figure, expressive eyes, and her cheeks had the freshness of rose petals; her hair was wavy and beautiful. She looked well and strong. The reason for it is given in her own letter, as follows:

"I am glad to be able to testify as to the merits of Dr. Pierce's Favorite Prescription for the many ills that women suffer with," writes Miss Gertrude Mitchell (President Young Ladies' Christian Endeavor Society), 43 Columbia St., E., Detroit, Mich. "After many years of suffering and pain, I took your medicine, and in a short time began to feel stronger, became more regular and didn't have the bearing-down pains which had been my lot for so long. Continued its use until I was a well woman, and shall never cease to be very grateful that it was brought to my notice."

I have no pains, and feel much stronger generally."

The above is a fair portrait of Miss Mitchell, in the looking-glass, although it by no means does her justice, as she is much handsomer than a mere picture like this can portray. The fact is a woman can't look beautiful that is dragged down with pains at regular intervals, who suffers from headaches, backaches, or spine-aches, frequently. Such a woman soon acquires wrinkles, a sallow complexion, dark circles about the eyes, and a general feeling of weakness, which brings misery of mind and body. To keep one's good looks the body must be healthy—the feminine functions must be regular. Woman was not intended to suffer, and there is no reason why she should. A healthy body will usually be a shapely body, and no means at hand will more quickly restore the womanly functions to a healthy state than Dr. Pierce's Favorite Prescription.

Dr. Pierce, during a long period of practice, found that this prescription made entirely of roots and herbs, with-

out the use of alcohol, was positive in its action. After using this remedy for many years in his private practice he put it up in a form that would make it easily procurable, and it can be had at any store where medicines are handled.

THE MARRIAGE QUESTION.

Although many people marry without reasoning about it, and do not know the word *romance*, they feel it and act it all their lives and are content. There are unhappy married lives, but a large percentage of these unhappy homes are due to the illness of the wife, mother or daughter. The more civilized or cultured a race becomes, doing with less and less physical exercise in the outdoor air, and with the wearing of corsets and other modish customs, the more likely are the women to suffer from womanly ills. Every woman should know what *right living* is—for perfect health and a fair complexion she should occasionally take a vegetable laxative such as Dr. Pierce's Pleasant Pellets.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States for any case of Leucorrhoea, Female Weakness, Prolapsus, or Falling of womb, which they cannot cure. All they ask is a fair and reasonable trial of their means of cure. Could any test be more fair showing the faith of the makers? Do not listen to the arguments of the dealer that his own make is better. It means better profit to him, that's all. He insults your intelligence when he tries to make you change your mind, to take a substitute for the standard remedy which has enjoyed years of success and the testimony of thousands in its favor.

Dr. Pierce by no means confines himself to prescribing his well-known medicines. He tells you in the most common-sense way what ails you, what you ought to do, what line of treatment should be followed out in your particular case, and if your case does not indicate the need of his proprietary medicine, he tells you plainly and frankly *what you do need*, and the best possible method of improving your health. If you are a young woman just entering upon the duties of life, you should have good medical advice of a confidential nature. If you're a mother of children, you may want advice about yourself and how best to put your system in order that your children may be healthy. To sufferers from chronic diseases which do not readily yield to treatment, or to people who are past the youthful stage of life and want confidential advice about their ailments or their physical condition, Dr. Pierce offers to carefully consider your case and give you the best medical advice within his power, free of cost to you.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Barona Station, on the Denver and Rio Grande Railway, from which point a daily line of stages run to the Springs. The temperature of these waters is from 90 to 123 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of

these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, Female Complaints, etc., etc. Board, lodging and bathing, \$2.50 per day; \$10 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

MODERN PUEBLO POTTERY.

Collection of A. F. Spiegelberg in New Mexico Building at St. Louis Exposition Attractive.

In a prominent part of the New Mexico building at the World's Fair is a display of Indian pottery which has, up to date, received more attention than any one display from any other section in the union. This display of pottery was sent from this city by A. F. Spiegelberg and among the 61 pieces exhibited, every pottery-producing pueblo in the Territory of New Mexico is represented. This collection is acknowledged by connoisseurs to be one of the best in the United States.

For many months and ever since the New Mexico board of managers of the Louisiana Purchase Exposition requested Mr. Spiegelberg to send a display of pottery to the World's Fair, he has been collecting a tinaja here and an olla there for the exhibit. Only the modern pottery composes this display and there is not a single piece of ancient or even fairly old work in the collection. Every piece is of the most modern Indian workmanship.

The collection was boxed and sent to St. Louis the latter part of March. The exhibit consisted of four tinajas or jars from Acoma pueblo; a tinaja, two bowls and two tinajitas (little jugs) from Zuni; from Cia, two tinajas; from San Ildefonso, a tinajon or very large jar, two tinajas and three small pieces; Santo Domingo, two tinajas, a bowl, two tinajitas, and two pitchers; Tesuque, a bowl, two ollitas and three idols. Tesuque is the only pueblo in the Territory beside Cochiti whose people make idols.

Cochiti contributed two idols, a tinaja and another small piece. San Juan also sent a few small pieces for, with these people, like those of Tesuque, the art of making pottery is almost obsolete. Santa Clara is represented in the exhibit by a tinajon and two tinajas, a loving cup, a tinajita, two double bowls and a vase. Isleta sent four small pieces. When the fair is over the pottery will be sold and Mr. Spiegelberg has already received several offers. There is quite a demand among collectors for the quaint and unique work of the Pueblo Indians of New Mexico whether ancient or modern. Carefully selected collections like the one described above always bring good prices.

The burro was unanimously adopted as the state totem, and Great Prophet Mitchell was elected as a representative to the Great Council of the United States for the next two years.

The next Great Council of the New Mexico reservation will be held at Las Vegas, commencing the first Wednesday in June, which will be attended by a number of the Great Chiefs of the United States.

NO CLUE TO TRAIN ROBBERS.

The One Man Arrested on the Charge is Non Committal and Tells Conflicting Stories.

No clue has yet been discovered as to the identity of the robbers who held up the passenger train on the El Paso & Northeastern road a few miles out of Alamogordo this week. The man under arrest is very non committal, however, and when he does talk tells so many conflicting stories as to who he is and what he was doing in that section of the country that the officials are unable to learn anything authentic from his statements. He is being put through the sweat box today. The body of the American robber who was taken to an undertaking establishment at Alamogordo and although over 200 people have viewed the remains since they were brought in, no one has been able to identify them. All to be ascertained about him is that he first appeared in Alamogordo

INJUNCTION APPLIED FOR.

Sandal E. Carver Fined \$50 By the United Association of Steam Fitters and Helpers.

An application for an injunction to restrain the labor unions of Denver, affiliated under the name of the Denver Building Trades Council, from interfering in any way with the plaintiff in the transaction of his business was filed yesterday by Sandal E. Carver in the District Court of Denver and created a great excitement both in union and non-union circles. The petition sets forth a variety of charges and asks a petition for a perpetual injunction against the labor unions.

The complaint for injunction sets forth that Carver had just completed a contract for furnishing the steam fittings for the house of William Wyberg. He learned soon after that he had been placed on the unfair list of the labor unions although he did not belong to the union and was soon afterward levied upon for a fine of \$50 by the United Association of Steam Fitters and Helpers No. 208.

All kinds of threats were made to him of what would happen if he did not pay the fine and he was unable to get anyone to help him put in the steam and gas fittings. On that account he applied for an injunction.
