## THE MOORS AROUSED

They Fear That the Infidels Will Make Attempt to Drive Out Mohammedans.

## APPEAL TO RAISULI

The Bold Bandit Chief Will Be Approached From His Religious Side by His Country Men.

Tangier, Morocco, June 2.—The Italian third class cruiser Dogali arrived here today. A delegation of chiefs of the Angarra tribe left here today to make a personal appeal to Raisuli, the bandit chief, to release Perdicaris and Varley, in order to prevent the debarment and permanent occupation of Morocco by foreigners opposed to the Moslem faith and the expulsion of native Mohammedans.

The mission is considered important, as the Mohammedan chiefs unite in appealing to Raisuli not to endanger their religious supremacy in Morocco. The French government relies much upon this appeal to Mohammedan sentiment. The natives are greatly excited at the arrival of so many foreign warships. They call all foreigners "Roumis," meaning infidels, and they fear that the "Roumis" are about to make a united effort to drive out those of the Mohammedan faith.

## STREET CAR STRIKE IN HOUSTON

Company in Preparation for the Strike Have Men at San Antonio and Dennison.

Houston, Texas, June 2.—The street car men's union this morning at 2:45 ordered a strike to be effective at once. The company is prepared for this move and has strike breakers at San Antonio and Dennison who are expected here tonight. No cars will move this morning. About 200 men are affected.

## SHOT WHILE ESCAPING.

Two Military Prisoners at Fort Snelling Make an Unsuccessful Dash for Liberty.

Minneapolis, Minn., June 2.—Two military prisoners at Fort Snelling made an attempt to escape today, and one of them named Wisch, was shot dead. Wisch, who had been convicted of violations of the rules, belongs to the field artillery. Along with Private Reilly, who was awaiting trial for desertion, he was employed in cleaning up the grounds under charge of Private Kennedy. Suddenly the pair attacked Kennedy, who succeeded in beating them off. Then they made a break for liberty. Kennedy shot and killed Wisch. Reilly was recaptured unhurt.

## CIVIC APPOINTMENTS.

Announced By Mayor Speer of Denver Today—George C. Randolph President of Board of Public Works.

Denver, June 2.—Mayor Speer today announced the following appointments: George E. Randolph, president of the board of public works; William T. Davorn, highway commissioner; John B. Hunter, engineer. The fire and police board: Frank Adams, (incumbent), excise commissioner and president; Earl Hewitt, police commissioner; D. A. Barton, fire commissioner.

## FLOOD IN ST. LOUIS.

Much Damage Done By a Thunderstorm That Turned the Streets of City Into Veritable Rivers.

St. Louis, June 2.—Reports are coming in from various sections of the city showing that considerable damage resulted from a thunderstorm that raged today. The city and its vicinity were deluged with a heavy fall of rain, which turned the streets into veritable rivers. Numerous dwelling houses and other buildings were struck by lightning and partially burned.

## A TORNADO SWEEPED TOWN.

Several Blocks of the City Were Absolutely Demolished—Twenty Persons Injured.

Omaha, June 2.—Additional reports from Tekamah, which was struck last night by a tornado, indicate that about 20 persons were injured, some seriously, but there were no fatalities. The storm wrecked most of the buildings in its path, which was a block in width and several blocks long. The property loss is heavy.

## COMMENCEMENT WEEK AT MESILLA PARK

The College Carries Off the Palm at the Intercollegiate Territorial Field Day Exercises.

Special Correspondence New Mexican. Mesilla Park, N. M., May 31, 1904. The intercollegiate territorial field day, which was held here today, resulted in a walk-over for the college athletes. The total number of points recorded was as follows: Albuquerque University 23, Albuquerque Indian School 18-12, and the College 66-12, thus resulting in a complete victory for the college.

The visiting teams from the Albuquerque University and Indian School arrived on this morning's delayed train and have been entertained during the day. Promptly at 1:30 this afternoon the events of the track meet commenced. A large attendance of visitors and students, with many old students of the college and graduates, was present, and the athletic field grand stand was filled. President Tlight of the University was among the visitors, as well as Rev. W. J. Marsh, also of Albuquerque, who preached the baccalaureate sermon on Sunday last. Four territorial intercollegiate athletic records were broken, namely the running high jump, throwing the discus, 220 yard dash, and throwing the twelve pound hammer. The fine running of Deemer for the college, who easily carried off first in the 100 yard, and 220 yard dashes, and the quarter and half mile runs, were features of the events. Allen, for the University, did some good work in the discus throw. The following were the records made:

100 yard dash.—First, Deemer (College), second, Bouts, (College), and third, Allen (University). Time, 11 seconds.

Putting 12 pound shot.—First, Carrillo (Indian School), second Redding (College), third, Sombroso, (Indian School). Distance, 31 feet, 81-2 inches. Running high jump.—First, Graham, (College), second, Brown, (College), third, Coleman, (College). Height, 5 feet, 3 inches.

220 yard dash.—First, Deemer, (College), second, Bouts, (College), third, Brown, (College). Time 24 seconds.

Discus throw.—First, Allen, (University), second, Ramirez, (College), third, Carrillo, (Indian School). Distance, 93 feet, 11-2 inches.

220 yard hurdles.—First, Allen (University), second, Irwin, (University), third, Graham, (College). Time 23-35 seconds.

Running broad jump.—First, Coleman, (College), second, Allen, (University), third, Bouts, (College). Distance, 18 feet, 5-1-2 inches.

120 yard hurdles.—First, Graham, (College), second, Nayen, (Indian School), third, Brown, (College). Time 21 seconds.

Throwing 12 pound hammer.—First, Irwin, (University), second, Carrillo, (Indian School), third, Bouts, (College). Distance 107-1-2 feet.

One-quarter mile run.—First, Deemer, (College), second, Newberry, (College), third, Gilliam, (College). Time 57 seconds.

Pole vault.—First, Coleman, (College), second, Nayen, (Indian School), third, Healde, (University). Height, 8 feet, 8 inches.

One-half mile run.—First, Deemer, (College), second, Newberry, (College) third, Chaves, (Indian School). Time 2:21 seconds.

The University team was badly handicapped by the fact that several of its better men were unable to come, as intended. This is the second time the college team has won the territorial championship.

The baccalaureate sermon delivered on Sunday morning last, in the college assembly hall, which was the first event of the exercises of commencement week, was delivered by Rev. Wilson J. Marsh, pastor of the First Congregational Church of Albuquerque. The sermon was a masterly effort and a scholarly address. Rev. Mr. Marsh took for his text the verse, "For to me, to live is Christ, and to die is gain." From this he drew a powerful lesson on the ideal object of life. The sermon was splendidly delivered and left an impression of being one of the strongest baccalaureate sermons heard at this college.

Tomorrow the commencement exercises of the graduating class take place in the main college building, when a class of six is to be graduated from the college. The names of the graduates are: Clarence D. Case, Pearl C. Miller, Lute Foster, Rowena Mott, Mrs. Ophelia Hoblit and Laurence W. Case. The commencement address is to be delivered by G. A. Richardson of Roswell.

The board of regents of the college met today for a short time, adjourning until tomorrow. Miss Nona Murphy, instructor in vocal music, in the college, was re-elected for the ensuing year. Almost all other instructors and professors were elected at the last meeting of the board.

## THE CZAR OPTIMISTIC OF AN ANGLO-RUSSIAN ALLIANCE

The Press Points Out That Public Opinion in France and England is Becoming More Favorable to the War—Lieutenant Colonel Gourko Eludes the Japanese and Reaches Mukden.

St. Petersburg, June 2.—The comment here on the settlement of the Russo-Canadian fishery dispute is very significant. The agreement is welcomed by the Russian press as an evidence of the increasing probability of an Anglo-Russian alliance. Russian papers are pointing out that public opinion in Great Britain, France and Russia is becoming more favorable to the war instead of proving an obstacle to the alliance, serving as one argument in its favor. More significant still is the strong intimation of the Novosti foreshadowing that a commercial treaty between the two countries will pave the way to a purely commercial approach. Although it is impossible to ascertain at this time, whether the question of such a commercial treaty has actually been taken up, the possibility of its being the next step in the program towards a political agreement arouses the keenest interest in diplomatic circles, where it is considered fraught with the most far reaching importance. The United States probably will be the chief loser by such a treaty.

## An Officer Reaches Mukden From Port Arthur.

St. Petersburg, June 2.—Lieutenant Colonel Gourko has succeeded in eluding the Japanese on the Liao Tung peninsula and reached the Russian headquarters at Mukden from Port Arthur. He was the bearer of important information regarding the fighting at Kin Chou and the situation at Port Arthur. A long dispatch is now being deciphered at the war office. All the reports received at General Kuropatkin's headquarters from the Kwang Tung peninsula are increasing the extent of the Japanese losses at Kin Chou, one today makes the number 20,000 men. Accurate reports of the Russian losses as well as of the Russian forces engaged, were probably brought by Lieutenant Colonel Gourko to Mukden.

## Important Question of International Law.

London, June 2.—Earl Percy, under secretary of state for foreign affairs, replying to a question in the House of Commons today, said that no representations had been made to Russia or Japan regarding the placing of mines in the Far East outside of territorial limits. This subject, he added, was engaging the careful attention of the government. When asked if in view of the increased range of modern projectiles, the government was prepared to recognize any extension of the three mile limit, Earl Percy answered in the negative.

## Japanese Approaching Port Arthur.

Dashichao (on the railroad between Han Cheng and Kai Chou), Wednesday, June 2.—The Japanese outposts are now three miles from Vafangow and there is no news from Port Arthur. The Japanese are stopping all Chinese runners and searching all junks.

## Abandoned Guns Rendered Useless.

St. Petersburg, June 2.—A semi-official dispatch from Mukden dated today says that the Russian losses at the battle of Kin Chou on May 26, were 30 officers and 800 men, killed and wounded. The guns abandoned by the Russians were rendered useless.

## Official Matters.

### Notary Public Appointed.

The following notary public has been appointed by Governor Otero: N. C. Flint of Las Cruces, for Dona Ana County.

### Bids Asked for Construction of a Sewer System.

Sealed proposals will be received at the office of the constructing quartermaster at Whipple Barracks, Arizona, until 3 p. m., June 13, 1904, and then opened for furnishing labor and material for the construction of a sewer. Plans, specifications and other information are to be obtained at that office and in the offices of the chief quartermaster at San Francisco, California, and at Denver, Colorado. Envelopes containing proposals should be marked "Proposals for Sewer System at Whipple Barracks," and addressed to Charles C. Walcutt, Jr., constructing quartermaster.

### Flag Day Proclamation.

Governor Otero has issued the following proclamation appointing Tuesday, June 14, as Flag Day, to be observed all over the Territory:

Executive Office, Santa Fe, N. M., June 1, 1904.

In pursuance of a commendable custom becoming established among the states and territories of the union, I hereby proclaim Tuesday, June 14th, 1904, as Flag Day, and recommend that the day be observed by all patriotic and liberty loving citizens of the Territory by such exercises and ceremonies as may be in harmony with the general character of the day.

I would suggest that all schools of the Territory observe this day in exercises of a patriotic nature, and that citizens, merchants and territorial officers in all cities and towns, decorate their homes, places of business and public buildings with the Stars and Stripes on this commemorative occasion.

### Articles of Incorporation.

The following articles of incorporation have been filed in the office of the territorial secretary: The San Antonio and Carthage Company. ## POLITICAL MOONSHINE

Is the Talk That Governor Otero Proposes to Be a Candidate for Delegate—Romancing Concerning the Governorship.

An Albuquerque special to the Denver Republican of recent date contains information and news which would be important were they true and were there any foundation for them. The special reads:

"A prominent Republican politician and orator, who is here attending court from Las Vegas, is authority for the statement that Governor M. A. Otero, will soon shy his castor in the ring as a full fledged candidate for delegate to Congress. Besides this authority, which seems to be from inside sources, it has been whispered here since the news came out that Major W. H. H. Llewellyn may become a candidate for the governorship in case that the Governor would oppose Delegate B. S. Rodey for renomination as the Republican delegate to Congress. The name of Attorney Charles A. Spless of Las Vegas, is also mentioned for delegate honors, and it now seems certain that Delegate Rodey will not have smooth sailing in securing the nomination for delegate for a third time.

"Politicians, not only of central New Mexico, but of the southern and western sections, are discussing the available timber for governorship in the event of President Roosevelt's election and the withdrawal of Governor Otero from the race, and the names of J. J. Hagerman of Carlsbad, Patrick F. Garrett who yet claims New Mexico as his residence, but is the collector of the port of El Paso, and Major W. H. H. Llewellyn, the popular district attorney of the Third Judicial District, are mentioned.

"Frank A. Hubbell, the chairman of the territorial Republican central committee, returned today from his sheep ranch and on being questioned stated that he had heard the rumors, but said that he would not give his opinion as to who would be the candidates for delegate to Congress or for appointment for Governor of the Territory. It was his opinion, however, that no one candidate would monopolize the field for either of the offices, but that there will be several and that the race will be a merry one."

The dispatch shows fertile imagination and a liking for romance as well as for glittering generalities. Governor Otero has up to date, made no sign and given no indication that he desires or thinks of entering the race as a Republican candidate for delegate to the Fifty-ninth Congress. What he may do in two or three months from now cannot be foretold, but up to date he has not entertained any thought of such action. The question who will succeed the Governor should he resign, is so far fetched as to make its consideration very premature and useless at this time. If the Governor does not resign and New Mexico remains in a territorial condition, the question will not come up for more than a year. This paper has information that the talk of J. J. Hagerman of Roswell, being a candidate for Governor of the Territory is moonshine and that the alleged candidacy of Patrick F. Garrett and of Major W. H. H. Llewellyn can be placed in the same category. There has been very little talk among Republicans as to candidates for delegate in the coming campaign. The question has not yet aroused attention, except in the minds of a few newspaper editors and politicians who believe in the old time adage that the early bird catches the worm. No interest of any consequence has as yet been exhibited and will not be for a month or two or probably longer. The chances are that the Democratic convention will nominate its candidate for delegate first and that the Republican convention will not meet until two or three weeks after that.

## MINERS DISCUSS SITUATION IN COLORADO

A Committee of Three Men Appointed to Visit Cripple Creek District and Report to the Convention.

Denver, June 2.—The convention of the Western Federation of Miners spent the entire morning in discussing the mining situation in this state. Most of the time was devoted to Cripple Creek and Telluride. A committee consisting of R. E. Allen of Wyoming, Malcolm Gillis of Montana, and H. B. Seamon of British Columbia, was appointed to visit the Cripple Creek district and to report to the convention the situation as they found it there. A like committee will probably be appointed to visit Telluride. The general discussion will be continued this afternoon, although it is probable that the report of the committee on affiliation with the American Federation of Labor will be read late today.

## THE ILLINOIS DEADLOCK

The Beginning of Its End Was Indicated Today by the Action of the Convention.

## DELEGATES RELEASED

The Leading Candidates for the Republican Nomination for the Governorship Join in the Movement.

Springfield, Ill., June 2.—Before the Republican state convention met today the committee on resolutions unanimously voted to report favorably on the resolution releasing the delegates. The motion was made by a Yates representative and a Deneen's representative voted not to oppose the resolution. This means its adoption by the convention.

The Yates men held a meeting before the convention met today at which Governor Yates released all the delegates that were pledged to him. The delegates, however, refused to be released. After the convention opened Lowden addressed the gathering releasing his delegates. He was followed by Yates in releasing his delegates.

Joseph Pierce then spoke a few moments previous to releasing his delegations, when John Parker, originator of the resolution, took the floor. Joseph G. Cannon, chairman of the convention, then asked for five minutes, which was accorded him with cheers. Congressman Rodenberg taking the chair. When Mr. Cannon had finished speaking the sixty-seventh ballot was taken. It showed practically no change in the standing of the candidates.

After taking the 68th ballot, which was without change, the convention adjourned until afternoon.

## FASTER SERVICE EAST AND WEST

To Commence Sunday Next Via the Santa Fe Central and Rock Island Routes—El Paso in 12 Hours.

The Santa Fe Central Railway will on Sunday next, inaugurate a new time schedule, which will prove of benefit to the people desiring to go east or south. Close connection will be made between its trains and those of the El Paso & Northeastern Railway, as well as of the Chicago, Rock Island and El Paso. The Santa Fe Central trains under the new schedule will leave this city at 6 o'clock in the morning, reaching Torrance at 10:25 in the forenoon and make close connection with the Chicago, Pacific and El Paso trains for El Paso, which if on time, pass Torrance at 10:30 o'clock in the forenoon. Much better connection than heretofore will also be made east. Passengers leaving Santa Fe at 6 in the morning and reaching Torrance at 10:25 will have dinner at Torrance and will then be enabled to take the train east on the Chicago, Rock Island and El Paso Railroad at 3:30 o'clock the same afternoon. This will allow them to reach Tucumcari and all stations between Torrance and Tucumcari the same evening. Going south passengers who leave here at 6 o'clock in the morning via the Santa Fe Central Railway will reach El Paso at 6 o'clock of the evening of the same day, just in twelve hours, the run being made in daylight and giving the passengers who desire to go to El Paso and return next day much more time in the Pass City. The trains to be put on Sunday next will be straight passenger trains and no freight cars will be carried by them.

The management of the Santa Fe Central is now endeavoring to have all mail from this part of the Territory and from northern New Mexico destined for postoffices in Quay, Leonard Wood, eastern Valencia, Lincoln, and Otero Counties sent via its line as the time within which such mail can be handled and delivered to the postoffices in these counties will be greatly cut down and shortened if this change is made.

People from this section of New Mexico who desire to go to St. Louis and who will take the Santa Fe Central and the Rock Island, Pacific and El Paso trains at Torrance will reach St. Louis on the second morning and as the Rock Island has a passenger depot at the exposition grounds, they will save time, trouble and expense by taking this route if they desire to visit the exposition.

## SUMMER SCHOOL OF MINING

Will Be Held in Georgetown This Season Composed of Eastern Universities and State Institutions.

Georgetown, Colorado, June 2.—It is announced here that the summer school of mining of a number of prominent eastern universities and the Colorado state school of mining will be held here this summer.

## GORMAN TO BE IN THE FIELD.

Political events follow each other and politicians are made and unmade very rapidly in this, the early days of the twentieth century. The case of U. S. Senator Arthur P. Gorman illustrates this very thoroughly and its consideration at this time is therefore timely and interesting. In alluding to it, the St. Louis Globe-Democrat thinks that the report that a Gorman campaign manager has engaged rooms in St. Louis, and that he will have headquarters here during convention time, is of interest to the country. Half a year ago Gorman was by far the most promising of all the Democratic aspirants for the candidacy. He was the titular leader of his party in the Senate, was the south's most prominent personage, and was said to be favored by the conservative wing of the Democracy. No one else was mentioned in connection with the candidacy on his side with anything like the conspicuousness of the Maryland man. Then, within a few weeks' time, came his eclipse.

Gorman was relegated to the background by his swift and abject failure as a leader in his chamber. He went wrong on the Panama issue at the start. Not only was he himself wrong, but his party in his own section repudiated him. He failed to get caucus action in favor of obstructing President Roosevelt's canal policy. A large number of the Democrats of his own region voted for that policy and condemned Gorman. He was denounced by some of the most prominent southern newspapers. As a leader he failed utterly and decisively. The papers which have been mentioning him in connection with the presidential candidacy gave him up. When Parker went to the front a few months ago he got much of the support in the south which had originally been booked by Gorman.

But the Maryland man evidently sees hope for himself once more. Many of the Democratic state conventions—Pennsylvania's, West Virginia's, Kansas', New Jersey's, Oregon's and others—have declined to instruct their delegates to St. Louis. Parker is not getting as many states as his admirers expected. Hearst is still an aggressive factor in the canvass. The possibility that Parker and Hearst may deadlock the convention and force that body to take up some one who had not been mentioned prominently at the time it met is giving hope to Gorman, Olney and others. From the Gorman headquarters in one of St. Louis' big hotels there is promised a campaign in aid of the Maryland man which will attract the country's attention. Gorman himself is a smooth politician, who can not be beaten in ways that are dark by either Parker's manager, Hill, or Hearst. A very exciting contest is booked to begin in St. Louis on July 6.

## BYRAN NON-COMMITTAL FOR THE PRESENT.

Mr. Bryan does not propose to commit himself as to what he will do should the action of the St. Louis convention not be pleasing to him and his adherents throughout the country. To a friend who talked to him concerning the matter, he recently made the following diplomatic reply:

"While a Democrat presumes that his convention will write a platform and nominate a ticket that he can conscientiously support, it is not a conclusive presumption, and I do not believe that any one ought to be asked or expected to say that no matter what a convention does, he will support the ticket. For that reason I defer until the convention has acted a decision upon the course that I will pursue."

That means that Mr. Bryan will have much to say after the St. Louis convention should the nominees there made and the platform there adopted not suit him. The chances are that they will not be pleasing to him and his friends and that there is great fun ahead.

The Republicans of New Mexico expect every delegate from this Territory to the Chicago convention to do his duty by them and by the people of New Mexico and to stand "pat" in favor of a single statehood plank for this commonwealth. Nothing more and nothing less.

## EDWARD A. MANN'S APPOINTMENT.

As was expected, the President yesterday appointed Edward A. Mann of Las Cruces, to be the sixth associate justice of the Territorial Supreme Court. The contention for the appointment had narrowed down to Mr. Mann and A. C. Campbell of Roswell. The territorial recommendation for Mr. Mann was strong and as the delegate, the Governor and the Republican organization had united upon him, there was but little question as to his appointment. During the past ten days strong and favorable evidence as to Mr. Mann's character, ability and fitness for the position was added to his territorial recommendations, and as the President desired to observe the home rule principle, Mr. Mann was appointed. Considering all this and the record this paper is of the opinion that the selection will prove satisfactory in every way and that the new appointee will perform the duties of the high office for which he has been named in a creditable manner to the honor of the government and with benefit to the people.

## PUT A STOP TO THIS INJUSTICE.

County Collector H. B. Cartwright will enforce the tax law strictly and will collect the penalty prescribed by law from delinquent tax payers. This is as it should be and will be approved by all good citizens and public spirited tax payers who pay promptly and as prescribed by law. In this connection the practice which has obtained in this county of compromising with delinquent tax payers should certainly be considered as improper and unjust and a stop should be put to it at once. It is but rank injustice to help delinquent tax payers to compromise and thus reward them for their delinquencies, when honest tax payers pay up in full and at the proper time. Too much of this sort of business has been going on in Santa Fe County for many years and a change for the better is imperatively necessary and it is demanded that the tax laws be strictly carried out in this respect. Fish in this case should not be made of one tax payer and flesh of the other. The only gainers by this practice have been attorneys and delinquent tax payers, but the people, the territorial, county and city treasuries and the honest tax payers have been the losers.

Congressman John Sharp Williams, of Mississippi, thinks there is lots of fun in politics. This is no doubt the case in Mississippi where a man's nomination on the Democratic ticket is more than equivalent to his election. Were he to run in some western or northern states, where citizens can vote as they please and according to their convictions, he would not find politics so funny and would conclude that there was a good deal of hard work connected with it. At home Mr. Williams and his colleagues, who are candidates for Congress from the several districts of his state are having a soft snap of it under laws that disfranchise absolutely and unequivocally about 60 per cent of the voters.

The Democratic bosses and newspapers of the Territory are worrying themselves and getting hot under the collar over the question, who will be the Republican nominee for delegate in New Mexico this year? Let them possess their souls in peace. The Republican voters through their delegates in convention assembled, will settle this question of nomination and will also elect their candidate. There is very little for these bosses and papers to worry over. Their candidates will be beaten no matter who he shall be.

According to some Democratic newspapers harmony has existed in nearly all the Democratic state conventions that have met during the past few months and have elected delegates to the St. Louis convention. This statement must be taken with a great many grains of salt. To the careful observer it seems that all of them, excepting those held in the solid south and even there in a number of instances, disharmony and strife have been the order of the day.

The city council will meet in regular monthly session next Monday. The question that is most frequently asked in town now is: "Will that city council do anything for the benefit and progress of this city and will it see to the speedy extension of brick sidewalks as well as the construction of brick crossings in the principal business streets and residence avenues of the town. Will it?"

Judge Parker has not yet deigned to inform the people what his views upon the political questions of the day are. The judge is evidently of the opinion that this matters very little, as the Democratic bosses will have to nominate him. The voters in the Democratic party generally have mighty little to say about such matters.

No wonder John D. Rockefeller of the Standard Oil Company is a good milkier of the people. Some one who wrote a biography of Mr. Rockefeller says that he began milking when he was eleven years of age. Mr. Rockefeller's history is proof positive that he has become an expert in that line and has grown rich on and by it.

The Pullman Palace car porters are unwilling to take quarters as tips now. They think there are too many counterfeit quarters in circulation and that travelers should give them half dollars so that they might not be cheated. The average Pullman Palace car porter is very much alive when it comes to tips.

## THE MAN IN ARMOR.

Was no match for the microbe. Giants he might slay but this microscopic organism defied him, and in many a campaign more men were destroyed by camp diseases than by the enemy's sword.

The one way to arm against microbe disease is to keep the blood pure. Impure blood both breeds and feeds disease.

The signs of impure blood are easy to read. Pimples, boils, and eruptions generally proclaim the blood to be impure. Scrofulous sores and swellings, salt-rheum, eczema, etc., are other signs of a corrupt condition of the blood.

Doctor Pierce's Golden Medical Discovery purifies the blood and cures diseases caused by the blood's impurity. It cures scrofulous sores, boils, pimples, eczema and other defiling and disfiguring diseases.

"It gives me great pleasure to express my faith in the virtue of Dr. Pierce's Golden Medical Discovery," writes Mr. Ezekiel Floro, of Graytown, Ottawa Co., Ohio. "I suffered everything for two years with humor on my face, which baffled the skill of some of the most noted physicians. Was at once advised to go to the hospital; was doctored there for three months without success. Came home discouraged. Then began to doctor with a 'chemist.' He also failed to help me. Then I began Dr. Pierce's Golden Medical Discovery, with no faith whatever in it. Did it only to please my wife; but I am happy to tell you that after taking five bottles I am entirely cured."

Take Dr. Pierce's Common Sense Medical Adviser sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

It is reported that the city Board of Education at its meeting to be held Monday evening will consider the question of advertising for sale all tracts in the Fort Marcy Reservation not reserved for school purposes. The sooner the better, gentlemen!

The Pennsylvania coal magnates say that anthracite coal is a luxury and only for the rich. This seems also to be the case with dividends on watered stock. The poor people never get hold of such dividends; if there are any, they are gobbled up by the opulent operators and manipulators of the trusts.

A year ago the leading civilized nations were asking Russia when that country proposed to evacuate Manchuria. At this time this question might with great propriety be propounded to Japan. History is being made rapidly in the first decade of the twentieth century.

If you have any clean cotton rags that are suitable for cleaning machinery, bring them to the New Mexican office and receive cash for same.

## PENITENTIARY BIDS.

Santa Fe, New Mexico, June 1 1904. Sealed proposals will be received by the board of New Mexico penitentiary commissioners at the office of the superintendent, until 10 o'clock a. m., on Monday, June 13, 1904, for furnishing and delivering at the New Mexico penitentiary the supplies hereinafter mentioned, or so much thereof as the board may deem sufficient. Payment for said supplies will be made in cash. Delivery of all supplies except perishable articles must be as directed by the superintendent.

Samples will be required of all articles marked with an asterisk, and these should be labeled, showing name of bidder, price, etc., and must be delivered to the superintendent not later than 9 o'clock on said day.

All bids must be strictly in accordance with the conditions on blank proposals, which will be furnished by the superintendent on application; no bid otherwise made will be entertained. A bond will be required from all successful bidders for the faithful fulfillment of contracts within ten days after date of award.

75,000 lbs. fresh beef, prime quality, necks and shanks excluded.  
25,000 lbs. flour.  
3,000 lbs. beans.  
1,000 lbs. oatflakes.  
500 lbs. evaporated peaches.  
500 lbs. evaporated apples.  
500 lbs. prunes 60-70.  
2,000 lbs. hominy.  
250 lbs. raisins.  
50 sacks granulated sugar.  
1,000 lbs. rice.  
25 cases laundry soap.  
25 lbs. black pepper, whole.  
1 case baking soda.  
100 lbs. baking powder.  
3 doz. vanilla, half pints.  
3 doz. lemon, half pints.  
2,000 lbs. corn meal.  
1 case corn starch.  
10 cases Cal. fruits, ass'd.  
10 cases tomatoes, canned.  
5 cases canned corn.  
100 lbs. laundry starch.  
200 lbs. sal soda.  
6 barrels syrup.

The board of New Mexico penitentiary commissioners reserves the right to reject any and all bids.

In submitting bids for above supplies, bidders should write plainly on envelope the following: "Bids for supplies for New Mexico penitentiary," with name or names of bidder or bidders, to avoid the opening of same by mistake.

By order of the board of New Mexico penitentiary commissioners.

H. O. BURSUM, Superintendent.  
Samples may be sent separately, duly marked and numbered, to the superintendent.

The New Mexican prints the news.

## NEW MEXICO SECTION CLIMATE AND CROP SERVICE WEATHER BUREAU

In Co-Operation With the New Mexico Weather Service.

Santa Fe, N. M., May 31, 1904.  
Light showers during the past week have relieved the drought conditions to some extent, but as a rule the rains have not been sufficient either to increase materially the scant water supply nor to do more than slowly start the grass on the ranges. Conditions thus far have not been sufficiently favorable to warrant planting any crops whatever on lands depending on rainfall alone for moisture, and of the fields under ditch probably not more than a half has been seeded. Excepting a few localities, principally in the extreme north where the rains have been the heaviest, range stock continues to shrink, and on some of the southern ranges losses continue, but although the grass grows very slowly it has a start, and early improvement is looked for. Corn planting has not yet finished in scattered localities, but as a rule the crop is up and growing well; likewise wheat and oats. First alfalfa is being cut as far north as Albuquerque; the yield is much below the average. Apples are coming into local southern markets.

The following remarks are extracted from the reports of correspondents:  
Albert—H. M. Hanson—Good rains have relieved the conditions somewhat, but the rains were irregular and local. Grass was so closely grazed and so trampled that it recovers slowly, and as yet there is but little. Rains came too late to be of much benefit to lambing, and a very small per cent of lambs saved and these are in so precarious a condition that further losses are likely. Rain, 0.92.

Arabela—A. M. Richardson—Slight rains but there is still no vegetation. It appears that about two-thirds of the scrub oak is dead. Rain, 0.44.  
Bloomfield—W. A. Ballinger—Warm and showery. Potatoes, onions, etc., that have been cultivated are growing rapidly. The San Juan and Animas rivers are almost past the fording stage.  
Capitan—Clement Hightower—Good rain and some hail over the eastern slope of the Sierra Blanco, but not enough elsewhere on the Lincoln Forest Reserve to do any good. Losses continue in cattle and sheep, there not being sufficient browse for the weaker animals. No planting as yet.  
Carlsbad—H. F. Christian—Local showers have been of some benefit, but no general rains as yet. No scarcity of water in the reservoirs as yet, and fruits and crops in general are doing well. Cotton is now growing rapidly.  
Chico (Colfax County)—H. B. Masten—Drought fairly broken. Grass looking green and is sufficient, cattle already show improvement. Lamb crop is about 50 per cent. Early fruits were killed by late frosts.  
Folsom—Jackson Tabor—Abundant rains; storm of the 25th accompanied by the worst hail known here in the past 28 years. Trees were stripped to the bare limbs and alfalfa cut down to the ground, but the benefit to the range will far exceed the damage done to crops. Rain, 1.55 inches.  
Fort Stanton—George Buntin—Drought continues, but slightly relieved by 0.14 of an inch of rain on the 22d.  
Fort Wingate—John Woodgate—Drought continues and all range stock in poor condition with but gloomy prospects. What little vegetation can get a start is wilted every afternoon by the strong, dry winds.  
Glencoe—Anna Coe—Cloudy with rain in the mountains. Cattle and goats are doing better since the oak brush has begun to bud.  
Golden—R. M. Carley—Continued dry, drier than ever known in this part of the country. Heavy rains needed to keep the grass growing.  
La Luz—Ernest S. Swift—Still very dry. Early apricots now being marketed. Apples will probably be a light crop owing to the prevalence of the codling moth.

## BECOMING A MOTHER

Is an ordeal which all women approach with indescribable fear, for nothing compares with the pain and horror of child-birth. The thought of the suffering and danger in store for her, robs the expectant mother of all pleasant anticipations of the coming event, and casts over her a shadow of gloom which cannot be shaken off. Thousands of women have found that the use of Mother's Friend during pregnancy robs confinement of all pain and danger, and insures safety to life of mother and child. This scientific liniment is a god-send to all women at the time of their most critical trial. Not only does Mother's Friend carry women safely through the perils of child-birth, but its use gently prepares the system for the coming event, prevents "morning sickness," and other discomforts of this period. Sold by all druggists at \$1.00 per bottle. Book containing valuable information free. The Bradford Regulator Co., Atlanta, Ga.

# Schlitz Compare Our Methods

You will realize then why Schlitz beer is pure.  
You wash a cooking utensil once. We wash a bottle *four* times, by machinery, before we fill it.  
You use city water. We bore down 1400 feet to rock for ours.  
You prepare food in the air of the room. We cool Schlitz beer in plate-glass rooms and filter all the air that touches it.  
Then we filter the beer by machinery—filter it through white wood pulp.  
Yet your methods are cleanly. Ours are cleanliness carried to extremes.  
Then—for fear of a touch of impurity—we sterilize every bottle after it is sealed. We double the necessary cost of our brewing to give you a healthful beverage pure.  
Do you wonder that we sell over a million barrels annually? Ask for the brewery bottling.

## The Beer That Made Milwaukee Famous.

Las Vegas—Dr. Bailey—Several light showers have refreshed vegetation, but more rain is badly needed.  
Lincoln—Geo. A. Peter—Springs are falling; no green grass; no gardening done excepting along streams. The range is short and cattle, sheep and goats in very poor condition; cattle are dying on the ridges and in the flats. Ten per cent of the middle aged and sapling pine trees have died on account of the drought, but in the canons timber looks all right.  
Los Alamos—Wm. Frank—Conditions unchanged excepting a heavy wet mist on the 27th. Some oats are being sown in the hopes that rain will soon come.  
Miera—Franco. Miera—Good rain last week but not enough to relieve the drought. Cattle very weak and some are dying. A good yield of calves if they can be saved. Grass grows very slowly and stock conditions critical; more rain needed to cause the grass to grow faster.  
Mountainair—John W. Corbett—Conditions somewhat relieved in this vicinity by rains of the 23d. Amount, 0.43.  
Ojo Caliente—A. Joseph—Mountain showers are supplying the streams with water for irrigation but in the valleys the grass is making no headway. Crops look promising notwithstanding the drought.  
Redrock—Louis Champie—No rain but the Gila river has not fallen for a month, which is remarkable for this time of the year. Vegetables growing nicely; corn being planted; first alfalfa cut this week.  
Roswell—N. Mex. Mil. Inst.—Very warm, and showers almost every day in some part of the valley. Stock is doing well, and prospects are favorable for a good season.  
San Rafael—Dr. Chas. M. Grover—Warmer and all vegetation growing nicely. Grass is well started in the whole valley; wheat is jointing, corn doing well. Peas are in bloom and lettuce large enough to eat. Alfalfa thriving.  
Santa Fe—U. S. Weather Bureau—Warmer, fine weather with light showers not sufficient to materially increase the water supply. Practically no field crops, and very little gardening. Grass is not yet started on the plains. Water sufficient only for domestic purposes. Rain, 0.14.  
Silver City (Gila River)—Chas. H. Lyons—Two or three light showers this month but not enough to lay the dust. Grass has not started and cattle are very weak. Plenty of water in the river for irrigation ditches, and farm work progressing favorably. All the planting is finished. No peaches and scarcely any other kind of fruit.  
Vermejo—H. W. Adams—Heavy rains the 21st and 26th; grass and grain making good progress; cattle doing well.  
Wagon Mound—J. L. Gunn—A slow, drizzling rain last night and this morning (27th). Gardens and alfalfa showing with very poor results. All range is a better growth. Lambing over stock are shrinking.  
Watrous—M. C. Needham—Several showers during the past week, but vegetation still backward and stock is in poor condition. Rain, 0.59.

Section Director

**Sued By His Doctor.**  
"A doctor here has sued me for \$12.50 which I claimed was excessive for a case of cholera morbus," says R. White, of Coachella, Cal. "At the trial he praised his medical skill and medicine. I asked him if it was not Chamberlain's Colic, Cholera and Diarrhoea Remedy he used as I had good reason to believe it was, and he would not say under oath that it was not." No doctor could use a better remedy than this in a case of cholera morbus, it never fails. Sold by all druggists.

A dinner like your mother used to cook, at the Bon Ton.

**Triumphs of Modern Surgery.**  
Wonderful things are done for the human body by surgery. Organs are taken out and scraped and polished and put back, or they may be removed entirely; bones are spliced; pipes take the place of diseased sections of veins; antiseptic dressings are applied to wounds, bruises, burns and like injuries before inflammation sets in, which causes them to heal without wutation and in one-third the time required by the old treatment. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering which such injuries entail. For sale by all druggists.

## MURPHY WAS NOT THE MAN.

Final Hearing in the Injunction Proceedings Against Striking Boilermakers and Machinists.

The final hearing on the application for an injunction made by the Atchison, Topeka & Santa Fe Railway versus the striking boilermakers and machinists, came up on Tuesday before Referee Klock. In taking testimony in the case at Albuquerque, John

Welch, Harry Garrett and Michael King, charged Patrick Murphy, a striking boilermaker, with intimidation. Murphy was taken before Judge Baker but the plaintiff's witnesses testified that the man under arrest was not the man charged with the offense. Murphy was released.

### VEGETABLE FOUNTAIN

Our vegetable fountain is now in  
running order. There is a vast differ-  
ence between articles kept fresh by  
cool running water and the dried up  
stuff where no water is used. We re-  
ceive fresh vegetables daily. Hot  
house lettuce Monday, Wednesday and  
Saturday. Asparagus, young onions  
and radishes nearly every day. To-  
matos, cauliflower, wax beans, cu-  
cumbers and summer squash at fre-  
quent intervals.

### FRESH FRUIT.

We are making a specialty at pres-  
ent of naval oranges:  
Per Dozen..... 25 to 60 cents  
Fresh strawberries received under  
ice, from the California patches near

ly every day. Get your orders in early  
and we will save them for you. Get-  
ting too hot to ship strawberries ex-  
cept under ice.

### MEAT MARKET.

You will appreciate a change from  
the heavier roasts, boils, etc. We al-  
ways have something different in the  
way of sweet breads, brains, kidneys,  
calf's liver, eastern lamb and mutton,  
young veal, sliced boiled ham, sliced  
smoked beef, summer sausage, pigs'  
feet, tripe, etc. If you want the finest

work.

Five carloads of sheep were shipped  
from Estancia today, consigned to  
Rifle, Colorado. The shipment will ar-  
rive here today or tomorrow and will  
be transferred to the Denver & Rio  
Grande Railroad, and sent over that  
line to Rifle.

The management of the Palace Hotel  
has just finished a new maple floor  
in its ball room, and those who attend  
the ball on Friday night, are assured  
that with this addition to the attrac-  
tions of the ball a delightful time will  
be enjoyed by all.

Savings Bank of Las Vegas, makes it  
possible for every one to have a sav-  
ings account, no matter where he may  
live. Open an account by mail, today,  
and you will reap a bountiful harvest  
from your thrift and economy.

The Republicans of school district  
No. 18 in the Santa Cruz precinct, have  
nominated Fortunato Madrid for a  
term of three years as school director  
and Silverio Ortega for a term of  
two years to fill a vacancy. They held  
a well attended meeting Monday eve-  
ning last for that purpose.

Letters addressed to Mrs. F. H.  
Lackey, Trinidad, Colorado; Miss May  
Durden, Savannah, Rural Free Deliv-  
ery, Sandfly, Ga., and the American  
Cereal Company, Department S. Chi-  
cago, Illinois, are held at the postof-  
ice for postage. A letter and two pe-  
riodicals, entirely without address are  
also held at the postoffice.

The election of school directors in  
the county school districts throughout  
the Territory will take place Monday  
next. One director for the term of  
three years is to be elected in each  
district, excepting in cases where vac-  
ancies have occurred, where an elec-  
tion will also be held to fill the unex-  
pired term in such vacancies.

The well, which the Santa Fe Water  
and Light Company is digging near  
the power house east of the city lim-  
its is down twelve feet and wet sand  
has been encountered. It is believed  
that water will be struck soon. The  
well is to be 60 feet deep and if a good  
flow of water is obtained it will be  
pumped into the reservoir to replenish  
the water supply.

At a meeting of the congregation of  
the Presbyterian Church held last eve-  
ning, Rev. John Richelson of the West-  
minster Presbyterian Church, Salt  
Lake City, Utah, was called to the pas-  
torate. Mr. Richelson comes from  
Philadelphia, Pennsylvania, where his  
father was pastor of a Presbyterian  
Church for many years. He is a young  
man of fine attainments, a good preach-  
er, an earnest student, and consecrated

to the work of the ministry. He has  
had marked success in the past, and  
should he accept the call, the Presby-  
terians and citizens of Santa Fe may  
congratulate themselves upon having  
obtained the services of a man of such  
marked ability.

Generally fair tonight and Friday  
with showers in the northeast portion  
of the Territory is what the weather  
bureau says may be expected. The  
maximum temperature yesterday was  
72 degrees at 2 o'clock and the mini-  
mum 50 degrees at 5:10 a. m. The re-  
lative humidity for the day was 22 per  
cent. This morning at 6 o'clock the  
thermometer registered 51 degrees.

The guessing contest as to the con-  
tents of the large cask of whiskey at  
Digneo and Napoleon's, was opened  
last night. It was found that the  
number of gallons remaining in the  
cask after four months' sale was 168  
gallons. This being the lucky num-  
ber, the firm wishes to announce that  
whoever holds the ticket bearing this  
number will please call and receive  
the five gallon keg of whiskey free.

The manager of the Santa Fe Water  
and Light Company is compelled to  
announce that water in the city mains  
will be shut off at 8 o'clock this eve-  
ning and will be kept shut off until 3  
o'clock tomorrow morning. A watch-  
man will be kept on duty all night at  
the reservoir to turn on the water if  
necessary. This action is imperative-  
ly demanded by the fact that the pres-  
ent water supply is low and because  
certain consumers have violated the  
company's regulations and have been  
using water all night for irrigation pur-  
poses.

A fine exhibition of riding was given  
on Sunday afternoon last, on Don  
Gaspar Avenue, before the stables  
owned by Charles Closson. Goldie  
Chapman had bet \$100 that he could  
ride a wild bronco owned by Closson,  
and which had never been ridden be-  
fore. During the fair at Albuquerque  
last fall, several attempts were made  
to ride the bronco but no one was suc-  
cessful. Mr. Chapman not only rode  
the steed, but rode with his feet  
crossed before the pummels of the sad-  
dle. After this exhibition he threw  
the bridle over the bronco's head and  
allowed it to run away with him. The  
horse in attempting to turn a corner  
in front of the Normandie Hotel fell,  
and this ended the contest. Goldie  
Chapman won the \$100.

## SHOWS INCREASED BUSINESS.

Continental Oil Company Adding to Its  
Storage Capacity in Several Sec-  
tions—New Warehouses at  
Espanola, Lordsburg and  
Capitan.

The Continental Oil Company has  
found that its business in northern  
Santa Fe and southern Rio Arriba  
Counties has increased considerably  
of late and therefore has concluded to  
construct a warehouse of bulk storage  
tanks at Espanola for the accommoda-  
tion of the merchants and people there.  
To commence with the tanks will con-  
tain about 10,000 gallons of oil. Their  
capacity will be extended as time ad-  
vances and as necessity demands.  
Construction at Espanola is under way  
and the building, it is expected, will  
be finished within a month. The com-  
pany has also concluded to put in oil  
storage tanks at Lordsburg and will  
begin work within the next few days  
at that point. This for the benefit  
of the people living along the lines of  
the Southern Pacific, the El Paso & North-  
eastern, the Lordsburg & Hachita and  
the New Mexico & Arizona railroads,  
and especially for the mining camps of  
Clifton and Morenci, in Arizona. The  
company finds that its business  
throughout the territory is gradually  
extending, which it interprets to mean  
that the population and business of  
New Mexico is also growing. There is  
no boom and there is no great business  
activity, while the growth is slow, still  
it is steadily advancing. The bulk  
storage and ware houses at Tucumcari  
are completed and are in successful  
operation. Work has also just com-  
menced on the warehouses and a bulk  
storage plant at Capitan in Lincoln  
County. At Lordsburg the capacity of  
the new tanks will be about 20,000 gal-  
lons; at Capitan about 10,000 and at  
Tucumcari in the neighborhood of 12,  
000 gallons. At the warehouses and  
bulk storage plants at Las Cruces and  
at Alamogordo the gasoline capacity  
will be added to as much of that fluid  
is coming into use for the purpose of  
running gasoline engines in connection  
with pumping water for irrigation. In  
Otero County gasoline engines used  
for pumping water for stock purposes  
are increasing and this is one of the  
reasons why the capacity of the bulk  
storage plant at Alamogordo will be  
enlarged.

## SHEEP THIEF IN THE TOILS.

Ralph Baird in Jail at Socorro in De-  
fault of a Bond for \$5,000.

Ralph Baird, a leader of a band of  
sheep thieves who have been devastat-  
ing the flocks in southern and western  
New Mexico, was arrested on Tuesday  
and lodged in jail at Socorro. The  
sheep sanitary board has been after

the gang for a year past. Baird was  
put under \$5,000 bond by Justice of  
the Peace Green to appear at the next  
term of court. He failed to furnish the  
bond and was put in jail. Baird is ac-  
cused of stealing 150 head of sheep  
from Jose Aragon. At the time of the  
theft he was chased by officers but es-  
caped by abandoning his horse and  
seeking cover in thick timber.

## NEW MEXICO CLIMATOLOGY

A Few Averages Derived From Re-  
ports of Weather Observers at  
Over a Score of Stations.

The climate and crop report for  
April has just been issued by the  
Weather Bureau in this city. R. M.  
Hardinge, section director, and from  
it the New Mexican culls the following  
facts:

The monthly mean temperature (de-  
termined from 21 stations having a  
mean altitude of 5,000 feet) was 53.4  
degrees, or 1.5 degrees above normal;  
the highest was 57 degrees at San  
Marcial, the lowest 44 degrees at Fort  
Union. The highest monthly mean  
was 62.2 degrees at San Marcial; the  
lowest, 40.8 degrees at Winsor's. The  
greatest daily range of temperature  
was 62 degrees at Alamogordo.

The average monthly precipitation  
of 28 stations was 0.15 of an inch, or  
0.38 below normal; the greatest  
monthly amount, 1.13, occurred at  
Eagle Rock Ranch, while none was re-  
corded at Alamogordo, Deming, Fort  
Bayard, Gage, Lordsburg, Mesilla Park  
and Strauss, and only a trace at Albu-  
querque, Arabela, Fruitland and San  
Marcial. The average number of days  
on which 0.01 of an inch, or more, oc-  
curred was 1.

The monthly mean relative humidity  
at Las Vegas was 35 per cent; Me-  
silla Park, 13; Santa Fe, 28. Time of  
observations: Mesilla Park, 8 a. m.  
and 5:30 p. m.; Las Vegas and Santa  
Fe, 6 a. m. and 6 p. m.

The average number of clear days  
was 23; partly cloudy, 5; cloudy, 2.

## LEARNED IT IN SANTA FE.

Some of the Advantages of and the  
Disadvantages of Not Visiting the  
City of the Holy Faith.

The following joke from the Phila-  
delphia Ledger reflects credit on Santa  
Fe, although it is rather hard on the  
rest of the territory:

A chaplain assigned to a remote  
army post in New Mexico organized a  
Sunday school for the children of the  
soldiers. Until the catechisms came  
he had to ask his own questions. He  
decided to begin with the Lord's  
Prayer.

"How many," he inquired the first  
morning, "know the Lord's Prayer?"

A prolonged silence. Then one little  
girl timidly raised her hand.

"Only one who knows it?" exclaimed  
the chaplain, in genuine surprise;

"You may repeat it, Anna."

Anna repeated it quietly and cor-  
rectly.

"That was very nicely done. Where  
did you learn it?"

"In Santa Fe."

"Very good. Now, Margaret," to the  
next little girl, "can't you say the  
Lord's Prayer?"

"No, Mr. Gardiner."

"Twelve years old, and don't know  
the Lord's Prayer?"

"Oh, but Mr. Gardiner," said the  
child, eager to set herself right, "I  
have never been in Santa Fe."

## SUDDEN DEATH IN EL PASO.

Strychnine Poisoning is Suspected  
and an Autopsy Was Held—In-  
sured for \$75,000.

Suspicion of foul play attaches to  
the death of James Nixon of El Paso,  
Texas, who died suddenly Tuesday  
night and an autopsy was held yester-  
day to determine if his death was due  
to strychnine poisoning as is feared.  
Late Tuesday night Nixon came home  
from the barber shop and had his col-  
ored porter purchase five quinine  
capsules for him. He took one of  
them and an hour afterward died in  
great agony. Nixon was insured for  
\$75,000, in three different companies.  
The policies were issued last Novem-  
ber.

## EXTENDING MERIT SYSTEM

President Roosevelt Makes an Import-  
ant Order in the Forest Reserve  
Service.

In a letter recently written by Presi-  
dent Roosevelt to Secretary of the In-  
terior Hitchcock, he declares that ap-  
pointments in the forestry service are  
not to be regarded as senatorial patron-  
age. Hereafter, vacancies will be  
filled whenever possible by promoting  
head rangers to forest reserve super-  
visorships. This order is an outgrowth  
of recent irregularities in public  
lands and will greatly reduce the fed-  
eral patronage at the disposal of west-  
ern representatives.

The finest dinner in the city at the

## ALAMOGORDO PETITIONS TO BE HEADQUARTERS

Of One of the Territorial Judicial Dis-  
tricts—A Delegation Will Be  
Present at Meeting of Su-  
preme Court.

Resolutions have been drafted by  
the Board of Trade of Alamogordo,  
asking that Alamogordo be made  
headquarters for one of the territorial  
district courts. As the Supreme Court  
meets Saturday in Santa Fe to make  
the reapportionment rendered neces-  
sary by the recent creation of the  
Sixth Judicial District, with Roswell  
as headquarters, it is probable that a  
delegation from Alamogordo will be  
present at the meeting to present the  
petition of the Alamogordo Board of  
Trade.

## RUMOR OF BIG RAILROAD DEAL

The Rock Island Said to Have Bought  
the El Paso & Southwestern  
System.

A rumor is going the rounds in El  
Paso that the El Paso & Southwestern  
Railroad has been sold to the Rock Is-  
land, though none of the particulars  
can be learned. It has been stated on  
the authority of a well known railroad  
man that one of the officials of the  
Rock Island gave it out unofficially  
that the deal had been consummated.  
It is said that there has been a lively  
battle to see who should get control  
of the line, each outbidding the other,  
but the Rock Island finally triumphed.

## U. S. WEATHER BUREAU NOTES.

Forecast for New Mexico: Generally  
fair tonight and Friday; except showers  
in northeast portion.

Yesterday the thermometer registered  
as follows: Maximum temperature, 72  
degrees, at 2:00 p. m.; minimum, 50  
degrees, at 5:10 a. m. The mean  
temperature for the 24 hours was 61 de-  
grees. Relative humidity, 22 per cent.  
Temperature at 6:00 a. m. today, 51  
degrees.

## To the World's Fair

I would advise you to go to the World Fair this summer.

It will be a liberal education—almost as good as a trip around the world.

It promises to be the biggest and best exposition of the century.

I would like to sell your family their tickets over the Santa Fe. I really believe it is the best line to take. You will think so, too, after a trial.

## TERRITORIAL TOPICS.

### OTERO COUNTY.

At a meeting of the merchants of Alamogordo, this week, it was decided that they would renew the present agreement with the retail clerks, regarding hours, holidays and wages for another year, when this fiscal year expires on July 1, on condition that the clerks surrender their charter and disband their union. The clerks will meet tomorrow to take action on the proposition.

Miss Daisy Parker of Philadelphia, who has been in Alamogordo, for the past two years, hoping to benefit her health, died this week. The remains were interred at the Alamogordo Cemetery yesterday. A mother and two brothers survive her. Both of the brothers are employed in the Alamogordo railroad shops.

### COLFAX COUNTY.

A burglar entered the office of Dr. Gaines of Raton, last Sunday and took about forty or fifty dollars worth of gold.

Hugo Seaberg is erecting a large new office building on his lots on Mimbre Avenue near Third Street. The building will contain one large office and four private offices, all of which have been spoken for.

Leonard Franke, a tourist who was returning from California to his home in Belle Plaines, Iowa, died on the train Monday evening just as it was pulling into Raton. The body was taken to an undertaker's establishment, embalmed and shipped on Tuesday, to Miss Marie Franks, a sister of the dead man at Belle Plaines.

### EDDY COUNTY.

The spring term of the Carlsbad schools has ended and the commencement exercises were held on Tuesday evening of last week. The baccalaureate sermon was preached Sunday evening at the Methodist Church.

Cattle changed hands rapidly in Eddy County last week. Two thousand five hundred head were sold, ranging in price from \$14 to \$17.50. Jones Brothers and Thayer sold 1,300 head, Shattuck and Plowman and other parties 500. Lucas, Sechrist, Brogdon and M. B. Hullin, 600 head. Pierce and Rives of Leadville, Colorado, bought them all.

A wedding that came as a surprise to the people of Artesia, last week, was that of Rex Walling, who recently came there from Dallas, Texas, and Miss Ellen Daugherty. The wedding, which occurred last Sunday was held at the home of the bride's parents, Mr. and Mrs. W. F. Daugherty, on the Penasco, six miles from town. The ceremony was performed by G. U. McCreary.

### MORA COUNTY.

Fidel Padilla y Sandoval, son of Juan Padilla y Sandoval, aged 22 years, was taken from Kansas to his home in Roy, where he arrived last Thursday, although he was critically ill with pneumonia. The journey proved too much for him and he died at midnight the night he arrived. Shortly before the young man's death, his uncle, Toribio Lucero, was summoned, but the young man did not recognize him. The remains were taken to the father's home eight miles from Roy, the next day for interment.

Work upon the wool house which is being constructed by the El Paso & Northeastern Railway Company at Roy is being pushed rapidly under the supervision of Mr. Benner and a large force of carpenters.

### LINCOLN COUNTY.

T. P. Allen, an invalid at Ft. Stanton, died Friday morning of last week. The body was embalmed and was buried under the auspices of Myrtle Lodge No. 19, Knights of Pythias, in the Captain cemetery Sunday. A letter from a son of the dead man, who lives in Providence, Rhode Island, informed the Captain lodge that the dead man was a member of their order and they then took charge of the remains.

An oil and pump house, is this week, to be built along the railroad tracks at Captain. This will be the distributing point of the Continental Oil Company for Lincoln County. Two large tanks will be placed under cover which will be filled from car tanks, and 50-gallon tanks will be furnished customers of the company from this source.

At the home of J. A. Mundell of Captain, on Tuesday, a very quiet wedding was solemnized. The happy couple were A. F. Mundell and Miss Eva Taylor, both of Captain. Rev. Mr. Shely of Tularosa, officiated.

A ball, given by the Fort Stanton club at Fort Stanton, Saturday evening, was one of the most successful of the season. A large number of guests from different parts of the county were present.

Last Friday at Fort Stanton, Captain Frankzen, formerly of San Francisco, passed away. The remains were interred in the Captain cemetery, Saturday. Rev. Henry Van Valkenburg, of Alamogordo, officiated at the funeral service.

J. I. Buckner, chief secretary at Fort Stanton, was taken to El Paso yesterday, to be operated on for appendicitis, from which he is suffering severely. Dr. Ebert and Nurse Crowl, accompanied him.

### HAVE YOU A COUGH?

A dose of Ballard's Horehound Syrup will relieve it. Have you a cold? A dose of Horehound at bed time and frequent small doses of Horehound Syrup during the day will remove it. Try it for whooping cough, for asthma, for consumption, for bronchitis. Mrs. Joe McGrath, 327 E. 1st street, Hutchinson, Kas. writes: "I have used Ballard's Horehound Syrup in my family for 5 years, and find it the best and most palatable medicine I ever used." 25c, 50c, and \$1.00 at Fischer Drug Co.

### WORST OF ALL EXPERIENCES.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For 3 years" she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For liver, kidney, stomach and bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by Fischer Drug Co.

### THAT TIRED FEELING.

If you are languid, depressed and incapable for work, it indicates that your liver is out of order. Herbine will assist nature to throw off headaches, rheumatism and ailments akin to nervousness and restore the energies and vitality of sound and perfect health. J. J. Hubbard, Temple, Texas, writes, March 22, 1902: "I have used Herbine for the past two years. It has done me more good than all the doctors. When I feel bad and have that tired feeling, I take a dose of Herbine. It is the best medicine ever made for chills and fever." 50 cents a bottle at Fischer Drug Co.

### STARTLING EVIDENCE.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bentonsville, Va., serves as example. He writes: "I had bronchitis for 3 years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, consumption, pneumonia and grip. Guaranteed by Fischer Drug Co. Trial bottles free, regular sizes 50c and \$1.00.

Via D. & R. G. to St. Louis Exposition and return, 15 day tickets \$40.70; 60 day tickets \$48.15; season tickets \$57.80. S. K. Hooper G. P. A., F. H. McBride, Agt., Santa Fe.

## THE LAS VEGAS NORMAL.

The Object of the Institution Outlined and the Course of Study to Be Pursued There.

Special Correspondence New Mexican.

Las Vegas, N. M., June 1, 1904.

In organizing a summer school for teachers at the Las Vegas Normal it is not the intention to lower the standard of the regular normal course. On the contrary in connection with the plan providing for the summer school, it is also planned to require one year more of work in the normal course. Beginning with next September one of the conditions of admission to the advanced normal course will be that students shall have had a full three years' course equivalent to that offered in that time in the best high schools. The first year of the normal course proper will consist of a very careful review of the common branches. In giving this review it will be constantly kept in mind that these pupils are to become teachers and the work will be correspondingly thorough. In all well organized public schools drawing and music are taught, so they have been included in this year's work. Besides these branches, students will have a thorough course in psychology and general pedagogy, as a preparation for the study of the methods of teaching the common branches.

The second year of this course will be devoted to the study of method and to actual teaching in the school of practice. The requirements in this school are now in advance of those in many normal schools in the states. Each practice teacher will be required to take entire charge of a school room having in it two grades of pupils, and will be required to give all the instruction in this room for a full half day. In many normal schools the practice work done by pupil-teachers consists merely of taking charge of a single class for a single period a day. This does not give the training in attending to matters of discipline that is required of teachers in the public schools. It is on this account that many graduates of normal schools, though well prepared to give the instruction, are weak in discipline. The plan to be pursued will be an all-round test of the teacher's ability.

The work in the school of practice will be done under the direction and criticism of four trained and experienced critics. It will not be sufficient that a student-teacher will know arithmetic, grammar, history and so on with the rest of the branches she may be called upon to teach, but she must know how to teach these branches successfully, and how to manage a school while she is teaching them. It is believed that the normal school should stand as a protection to school boards against incompetent teachers. When a school board applies for a teacher and she is recommended, it should be certain that she is capable of taking full charge of a school room. The fact that a student has completed her course, with the exception of her work in the school of practice, will not insure graduation unless all her practice work is strong. New Mexico needs good teachers, and the school is doing its utmost to produce those in whom boards of education may have full confidence.

## SAW SERVICE IN THE PHILIPPINES

Richard Gutterman, a Santa Fe Boy,  
After a Three Years' Term in  
the 13th Cavalry, Returns.

Stalwart and bronzed by three years of army life in the Philippine Islands, Richard Gutterman, Jr., quartermaster sergeant of Troop A, Thirteenth U. S. Cavalry, son of Richard Gutterman of this city, returned home yesterday. He went over three years ago, a youth of eighteen and he has grown into such a fine, muscular man that his friends in Santa Fe scarcely recognized him when they met him again.

"I really have little to tell about my service in the Philippines. I enlisted here on May 3, 1901, was first stationed at Ft. Mead, South Dakota, then served with the Thirteenth in Montana; we were ordered to the Philippines and sailed from Angel Island, California, February 28, 1902, returned to this country and were discharged the 27th of last May. That is about all the story of my service," was the modest assertion of the young man. "No, I did not distinguish myself at all." He laughed in answer to questions to that effect. His name first appears under the date of May 3, 1901, as Richard Gutterman, private, he was then appointed corporal and after that quartermaster sergeant of Troop A, Thirteenth Cavalry, a position of trust and responsibility.

"We landed at Manila and were ordered at once to Binan Province. From there we went to Laguna, Colamba, and Mateo, Rizal Province. Then we were ordered to Camp Stotsenburg, Pambanga, and from the latter place we were ordered home. Our regiment did not see a bit of active fighting. We never even saw the hostile natives all the while we were over there, so naturally did not have a chance to fight with them. I wish we had. The only time our regiment came anywhere near getting into trouble with the natives was once when the native constabulary in a little town a few miles from us, mutinied. One troop of our regiment was ordered there but the incipient rebellion was stamped out before the soldiers arrived on the scene."

Mr. Gutterman states that the natives are organized into a constabulary and scouts are almost altogether employed to fight their belligerent countrymen, so the aid of regular troops has not been needed for many months past. The active fighting in the Philippines except in Mindanao is apparently over. The pick of the Filipino constabulary and scouts, together with the native military band are now at the World's Fair in St. Louis.

"It seemed almost like New Mexico to me there," continued Mr. Gutterman. "The people mostly speak Spanish and in every village is built a church very much as it is here, only the country is so green there. We were in camp most of the time very near the mountains where it was quite cool and pleasant. When off duty we put in the time hunting deer and wild boar which abound in the mountains. But we would not call the mountains of the Philippine Islands real mountains here, for they are only about half the height of ours."

"The troops sailed from Manila for the United States on February 28 of this year. The ship stopped at Nagasaki, for two days."

Mr. Gutterman says that everything there had a warlike aspect. The harbor defenses bristled with guns and the Japanese troops were drilling in the streets almost all the time. The American warships, Wisconsin and Oregon, of the Pacific squadron, were at anchor in Nagasaki Bay, while the transport was there. The transport also touched at Honolulu, Hawaii Island, on the way home and dropped anchor in San Francisco harbor on May 16. Here Mr. Gutterman was honorably discharged with 400 other men of his regiment. He took the first train for Santa Fe accompanied by Frederick Plomteaux, formerly of this city, who had enlisted at the same time. Frederick Plomteaux left the train at Albuquerque, whence he went to Quemado, Socorro County, where his father is living.

Richard Gutterman is at the home of his parents in this city. He expects to make his permanent home in Santa Fe. His discharge bears the following: "Character Excellent," and is signed by Captain C. R. Williams, commanding Troop F, Thirteenth U. S. Cavalry.

### A PEACE-MAKER KILLED.

Isadore Miranda in His Blind Wrath Shoots Down a Man Who Attempted to Befriend Him.

Isadore Miranda shot and killed a man by the name of Camp at Carlsbad on Tuesday night. The trouble arose through some other boys of the town having fun at Miranda's expense which the young man resented. Camp was trying to act as conciliator when the latter fired four shots into him. Camp was unarmed. He was taken to his home in Carlsbad and died at 3 o'clock Tuesday morning. Miranda is in jail at Carlsbad.

### HELD ON GRAVE CHARGES.

Justice of the Peace Oliver Pearson of Roswell, on Tuesday bound over the following men to the action of the grand jury: Jefferson Davis, criminal assault, \$1,500 bond; William Bullo, robbery, bond \$1,000; James Burns, stealing horses, bond \$1,500. All of the men waived preliminary examination and are in jail in default of the bond.

### THE SEVENTH DEATH.

Two More Victims of the Tafoya  
Water Barrel at the Meadow  
City.

Two more deaths from the mysteriously fatal Tafoya water barrel at Las Vegas are reported from ranches 75 miles from Las Vegas. The dead men are Eugenio Martinez and Simon Garcia of Sanchez. This makes seven victims. Higinio Martinez had been summoned to Las Vegas as a witness at the recent term of the United States Court. Simon Garcia was indicted on the charge of perjury at the same time. They were friends of the Tafoya's and stopped at their house while in Las Vegas. At the close of United States Court they returned home and were taken ill on the way. They died soon after reaching their homes. Martinez was a wealthy and respected citizen of that section of the country. Garcia was a sheep herder.

### STARVING APACHES

COME HOME

Uncle Sam Adopts Them as Wards and  
Places Them on the Mescalero  
Reservation.

A party of Apache Indians, all of whom formerly belonged to Geronimo's band, arrived in El Paso on Tuesday en route from Chihuahua to the Mescalero Reservation in Otero County, where they will become wards of the United States. The Indians belonging to the band of marauders who were with Geronimo when he was captured in 1886. They escaped into Mexico and have ever since lived near Chihuahua. Their land there was recently confiscated and through the instrumentality of Father Migan, who labored among them the United States decided to adopt them as its wards. The Apaches were in a state of semi-starvation.

### Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.
