MARTIAL LAW AT VICTOR

Adjutant General Bell Has Assumed the Command of the Militia at Cripple Creek.

QUIET REIGNS NOW

Two Hundred Members of the Western Federation of Miners Arrested and Must Leave District.

Victor, Colorado, June 8.—The Record, owned and edited by George E. Kyner and recognized as the official organ of the Western Federation of Miners in the Cripple Creek district, publishes an editorial today urging the miners to call off the strike. Three more Victor city officials have been forced to resign. They are Justice of the Peace J. P. Thomas, and Aldermen J. W. Murphy and J. J. Tobin. Police Magistrate Gibbons who refused to resign was made a prisoner at the Victor military armory. Frank J. Hanks, the leading attorney of the Western Federation of Miners has been warned to leave the district. In all about 200 union members and sympathizers have been arrested by the sheriff and military since Monday. Twenty-eight of these already have been deported. The remainder are held prisoners. The dragnet is still out and the house cleaning, as the authorities call it, continues. Records of the unions have been seized wherever found and are under examination for the purpose of securing evidence showing that the unions or some of their officers, participated in or approved the crimes that have been committed. In addition to unearthing about thirty groups of photographs of non-union workmen at the various mines, it is alleged that quantities of electrical fuses and batteries to produce explosion have been found. No deaths have been reported among those injured in the explosion or riots of Monday.

Martial Law at Victor.

Victor, June 8.—Martial law was declared in the Cripple Creek district at 2 o'clock this morning, by the posting of Acting Governor Haggott's proclamation at a number of places in the camp. The posting was done under the direction of Adjutant General Bell who arrived at Victor from Denver, at an early hour this morning with the proclamation. Everything is quiet.

Quelling Anarchy.

Cripple Creek, Colo., June 8.—General Bell said today: "We will not bring outside troops here unless the situation becomes worse than it is at present. These strikers did not appreciate the treatment we gave them when here before. No resistance from them will be tolerated and if necessary they will be shot down."

General Bell intimated that further deportations will be made today. The Citizens' Alliance and mine owners, who are in control of the camp and count upon the continued support of the military, have determined to deport all idle men except those against whom information charging crimes will be filed. Major H. A. Naylor, the new marshal of Victor, with a squad of soldiers, is searching for a man named Fridley who is charged with having killed Roxie McGee in the rioting at Victor on Monday. Information is said to have been given against him by union men who were "sweated" by Major T. E. McClelland and other military officers. According to their statements, Fridley fired two shots with a Winchester rifle and attempted to shoot C. C. Hamlin, secretary of the Mine Owners' Association, who was addressing the mass meeting.

After the shooting, it is alleged, Fridley entered the union store and concealed his gun in a stove pipe where it has been found. Fridley is reported to be in hiding in a cabin with companions on Straub Mountain.

Federation Offers Large Reward.

Denver, Colorado, June 8.—The convention of the Western Federation of Miners has completed the election of officers without electing a president. This has the effect of continuing Charles H. Moyer in the presidency. The executive board elected today was as follows: District No. 1, N. W. Moore, of Arizona; district No. 2, L. J. Simpkins, of Wallace, Idaho; district No. 3, James P. Murphy, of Butte, Montana; district No. 4, Frank Schmelzer, of Silverton, Colorado; district No. 5, James Kirwan, of Terry, South Dakota; district No. 6, James A. Baker, of Sloan, B. C. A message was received from President Moyer, who is detained by the military at Telluride, reading: "Have waited for reports regarding the explosion. The Federation should offer a large reward and render every assistance in their power to apprehend the perpetrator." The Federation had anticipated this message by offering a reward of \$5,000. Provision

COLORADO DEMOCRATIC DELEGATES CHOSEN

Idaho Convention Instructs for Hearst. Anti-Mormon Resolutions Were Also Passed.

Pueblo, Colorado, June 8.—The Democratic state convention elected delegates to the national convention at St. Louis as forecast yesterday. J. H. Roberson winning from Judge Theron Stevens, in the only doubtful place. The delegates were not instructed and the unit rule will not prevail.

Idaho Democrats for Hearst.

Weiser, Idaho, June 8.—The Idaho Democratic convention after incorporating the so-called anti-Mormon resolutions in its platform, instructed the delegates to St. Louis to vote for W. R. Hearst for the presidential nomination and endorsed Senator Fred Dubois for his work for the state.

A ROUGH RIDER APPOINTED

Captain Frank Franz Will Succeed O. A. Mitscher as Agent for the Osage Indians.

Washington, June 8.—Captain Frank Franz, the Rough Rider postmaster of Enid, Oklahoma, has been appointed Indian agent to succeed O. A. Mitscher, who was recently dismissed as agent for the Osage Indians in Oklahoma. Captain Franz is a personal friend of the President, having served in his regiment during the Spanish-American war at San Juan Hill, and was appointed postmaster of Enid without any indorsement or political backing. He surrenders a \$2,400 job for one paying only \$1,800, at the request of the President, although his commission as postmaster will not expire until February 10, 1906. As agent for the Osages, the richest nation per capita, on the face of the earth, he will be required by the government to give a bond of \$200,000.

Soon after the suspension by Mr. Hitchcock, secretary of the interior, of Mitscher, several weeks ago, it was understood that a Rough Rider would be appointed to succeed him. Delegate McGuire of Oklahoma, went to the President with a recommendation but was given to understand that a Rough Rider would receive the appointment, and it was then surmised that Captain Franz was the man the President had in mind.

A prominent postoffice official said that a two thousand four hundred dollar postoffice was one of the finest position the postoffice department had to give any man. That was the kind that Franz has had. The Indian agency, however, carries with it a dwelling house, and the agent is furnished provisions at first cost, so that it amounts to as good, if not a better, position in the end.

LIFE SENTENCE FOR A FEUD

Seymour Wacaster, the Slayer of His Wife, is Found Guilty of Murder in the First Degree.

Denver, June 8.—Murder in the first degree with imprisonment for life, is the verdict of the jury in the Seymour Wacaster case, who killed his wife in cold blood. The murder attracted considerable attention at the time of the occurrence.

was made by the convention today to take care of the men who were expelled from the Cripple Creek district.

The Situation Well in Hand.

Cripple Creek, June 8.—Teller County is once more under martial law and the military is in supreme command. Adjutant General Sherman M. Bell and staff arrived in Victor early today and immediately promulgated the military rules by posting on the door of the armory, where a large number of union men and sympathizers are imprisoned. Acting Governor Warren A. Haggott's proclamation. General Bell is in command and will be assisted by Colonel Edward Verdeckberg. Two companies of infantry are on duty. Company L, of Victor, and Company H, of this city, both of which have been called out by the local authorities before martial law was proclaimed and had been assisting in making numerous arrests during the past two days. The declaration of military rule has already had a salutary effect. All factions in the camp are tired of the long drawn out controversy and are planning a settlement. That the union miners who went on strike on August 10, 1903, would be glad to bury the hatchet, is shown by the publication of a two column editorial in the Victor Record, the mouthpiece of the Western Federation of Miners, urging that the strike be called off. A dispute has arisen over the inequity on the bodies of the victims of the Independence explosion. Coroner James Doran, who resigned under pressure brought to bear by the Citizens' Alliance, the pressure being a noose around his neck, according to his statement, now says that his resignation does not go and that he will hold the Independence inquest. He has impaneled a jury for that purpose. George Hall, the new coroner appointed as Doran's successor, is also proceeding to conduct an inquest.

A TRAIN HELD UP

Robbers at Work Late Last Night Just East of Grand Junction.

BRAKEMAN WAS SHOT

The Safe Was Blown Open After Which the Outlaws Made Good Their Escape.

Salt Lake, June 8.—Denver & Rio Grande passenger train No. 3, west bound, was held up near Palisade, Colorado, a station just east of Grand Junction, early this morning. Brakeman Shellenberger is seriously wounded and the conductor had his lantern shot from his hand. The robbers flagged the train about two miles from the station and when the train men went forward to learn the trouble, they were confronted by revolvers and two masked men. They detached the engine and express car from the coaches and blew open the safe after running the locomotive and car some distance up the track and escaped.

Posses in Pursuit.

Denver, June 8.—According to the information received here, five men took part in the hold up. The robbery occurred at 10:55 last night. When the robbers saw the trainmen approaching they thought an effort would be made to capture them and they fled. One of them carried a bag of specie. Sheriff Struthers and Deputy Sheriff Hardy of Grand Junction are now on the trail of the robbers with a posse. Sheriff Adams, with another posse from Glenwood Springs, is also on the ground and is scouring the surrounding country. It is believed that the robbers crossed the Grand River, 600 yards from the scene of the holdup in a boat and that they had horses waiting for them on the other side.

It is reported that a bag of specie was stolen containing \$5,000, but this is not confirmed.

KILLED BY HIS FRIEND.

The Mysterious Shooting of a Traveling Salesman at an Albany Hotel This Morning.

Albany, June 8.—Richard E. Preusser of the brokerage firm of R. E. Preusser & Company, today shot and instantly killed Miles B. McDonnell, a traveling man of Boston, in the latter's room at the Teneryk Hotel. Preusser then walked to the police station and gave himself up. His friends claim his mind is affected. It is claimed by friends of McDonnell, that the shooting was due to intoxication or insanity as the dead man and Preusser are intimate friends. It has been learned that McDonnell shot and killed George Price in a New York cafe four years ago in a quarrel over gambling matters. He claims he acted in self defense and was acquitted after a brief trial.

GRAVE CHARGES AGAINST HARMON H. WYNKOOP

He is Accused of Leaving Albuquerque With Money Belonging to Labor Organizations and to Mrs. H. L. Dunning.

The Albuquerque Journal says that Harmon H. Wynkoop, secretary-treasurer of the Albuquerque Typographical Union, president of the Central Labor Union and district organizer for the American Federation of Labor, left Albuquerque on Monday night for El Paso. Wynkoop is short in his accounts as treasurer of the Albuquerque Typographical Union and it is alleged that he is also behind in the funds of the Central Labor organization. Among other things it is alleged that Wynkoop misappropriated \$40 of a \$60 benefit fund raised by subscription by the Albuquerque printers for the benefit of Mrs. H. L. Dunning who was in destitute circumstances.

THE PELPHELY SAW MILL.

It Has Increased Its Capacity and Now Furnishes Every Variety of Lumber Needed.

A 20-horse power boiler and a 12-horse power engine were installed this week at the Pelphrey saw mill in the Sacramento Mountains, Otero County. The eight-horse power engine was coupled with the new one, making a 20-horse power engine, and every piece of machinery in the mill can now be run at the same time. Work is soon to be begun upon enlarging the mill house and more machinery will soon be added. An automatic saw filer has already been placed. All pulleys, belts and shaftings are run under the floor thus eliminating oil waste and a great deal of noise. Nearly everything used in the construction of a building is manufactured at this mill and especially all the finishings.

NOTHING BUT RUMOR

Reports That Port Arthur Has Fallen are Not Believed at St. Petersburg.

A DEARTH OF NEWS

A Tale From Chinese Source That Japanese Lost Battleship is Given Credence By Russians.

St. Petersburg, June 8.—Nothing is known here of the various rumors that Port Arthur has fallen, but it is not considered possible at this time.

Japanese Battleship Reported Lost.

St. Petersburg, June 8.—The admiral is convinced that the Japanese battleship Yashima or Shikishima has been lost off Taitienwan. This belief is based on the Chinese reports which heretofore have been reliable.

Bold Japanese Gunboats.

Tokio, June 8.—Japanese gunboats, which made a close reconnaissance of Port Arthur harbor on midnight of June 6 for the purpose of examining the entrance, were exposed to a severe cannonade. Gunboat No. 4, was hit eight times and sustained some damage. One sailor was killed and two were wounded.

The Circumstances of Etzel's Death.

New Chwang, June 8.—The funeral of Lewis Etzel, correspondent of the London Telegraph, will take place this afternoon. He was killed ten miles out at sea by some Chinese soldiers who were searching for pirates. Immediately after realizing the mistake they had made, these men put out to sea and have not since been seen. Ernest Brindle of the London Mail, who was along with Etzel when shot, testified that their junk was unchallenged by the soldiers and at least 150 shots were fired at it without a reply from the correspondent's junk. While Brindle is uncommunicative regarding the plans of himself and Etzel, the Associated Press learns that they were attempting to reach Port Arthur.

THE SULTAN'S REPLY.

He is Anxious to Do All in His Power for the Release of Perdicaris and Varley.

Tangier, June 8.—The Sultan's letter in reply to the diplomatic representations made in regard to the kidnapping of Perdicaris and Varley, arrived here this afternoon. It is said by a person in the Sultan's confidence, that the Sultan has given orders to grant all conditions demanded by Ralsuli, the bandit leader, in order to expedite the release of the captives.

GIRL KILLED BY HER LITTLE BROTHER

The Boy Finds a Revolver Belonging to His Father and Discharges it Accidentally.

The carelessness of parents leaving loaded firearms where young children can get them, resulted in a ten year old boy shooting his twelve year old sister at Silver City on Monday. The father had left a six shooter in a roll of blankets. The boy found the revolver and in trying to take out the shells it was discharged and the bullet struck the girl in the stomach passing through her body. She died soon afterwards. The boy was frightened to such an extent that he ran away and hid and could not be found for several hours. A coroner's jury was empaneled and returned a verdict of accidental shooting. The names of the children are not given in the dispatch bringing the news.

AN UNKNOWN FOUND DEAD.

He Was Struck By an Engine Near Hebron, Colfax County, a Few Days Ago, and Killed.

An unknown man was struck by a light engine at Hebron, Colfax County, on Thursday night of last week and instantly killed. The body was taken to Raton on Friday morning and placed in care of an undertaker. On the body was found a loan office certificate, No. 41,256, dated April 26, 1904, Philadelphia, Pennsylvania. The undertaker telegraphed the loan office for identification and instructions, but received no reply.

A NEW MESS HALL.

A \$10,000 Building is Being Erected at the New Mexico Military Institute.

The frame work of the new mess hall of the New Mexico Military Institute at Roswell is nearing completion. The building will be brick-veneered and will cost about \$10,000 when completed. The main room of the building will be 36 by 84 feet. There will also be a kitchen, pantries, bakehouse and other conveniences.

BOARD OF COUNTY COMMISSIONERS

Still Engaged in Examination of Tax Schedules—Very Little Progress Made.

The board of county commissioners was in session yesterday and today as a board of assessment and taxation. Present: Chairman A. L. Kendall, Commissioner Arthur Seligman, Clerk Celso Lopez and Deputy Clerk Federico Lopez. Absent, Commissioner Nicolas Quintana.

Very little progress was made in the examination of tax returns and their approval, it appearing to the board that a number of the tax schedules were not properly made out, not containing detailed descriptions of the real estate and not being in compliance with law in other directions. Assessor M. A. Ortiz was before the board and claimed that the schedules and tax rolls were properly prepared.

Traveling Auditor Charles V. Safford was also in attendance and informed the board that, in his opinion, the tax rolls and many of the tax schedules were not filled out and prepared in accordance with law. The board has this matter under consideration.

In the account of the proceedings of the board held on Monday last and published in yesterday's New Mexican the following error occurred: It was stated that the bondsman of ex-Treasurer G. W. Knaebel asked the approval of certain claims for allowances for commissions on delinquent taxes collected, for rent, telephone service and other incidentals amounting to over \$1,700. Among them being commissions at 4 per cent on delinquent taxes amounting to \$3,300, collected. This latter sum is in reality \$33,000 and should have been so stated.

A BOUNDARY DISPUTE.

A Decision in Favor of Dr. George W. Harrison, Part Owner of the Perea Grant.

Chief Justice W. J. Mills has decided a case involving a conflict of boundaries of the Preston Beck and the Perea land grants, in favor of Dr. George W. Harrison of Albuquerque, who has interests in the Perea grant, situated in Leonard Wood County. About 5,000 acres of prime grazing land were involved in the dispute. Dr. Harrison had cattle grazing on the land and was sued by the owners of the Beck Preston grant situated partly in San Miguel and partly in Leonard Wood County.

A NOVEL AND INTERESTING POINT

No Recovery for Damages Resulting From a Badger Fight as Contributory Negligence Was Shown.

Recently, at Roswell, before Judge W. H. Pope, was heard a case, while it involved only a claim of \$15 for damages, was of more than ordinary interest and furnished several laughable incidents. John B. Gill was the plaintiff and A. Ridderson, Charles Brown and W. R. Pilant, the defendants. The plaintiff's horse became frightened by the commotion caused by a badger fight which was in progress on the main street of Roswell, and ran away, some damage being caused to the carriage. Gill thereupon brought suit for \$15 damages against the city marshal for having permitted the fight, Charles Brown, the owner of the badger and who had released him from the cage, and against A. Ridderson, who owned the dog that participated in the fight. Judge Pope ordered a special venire and upon this were placed the most prominent residents of the Artesian City. Ex-Congressman Jerry Simpson was the foreman of the jury, and was an active examiner of the witnesses with questions such as: "Was it a regulation badger?" etc. After long deliberation, the jury brought in a verdict against the plaintiff on the ground of contributory negligence for not having had his horse tied.

CITY MARSHALSHIP INVOLVED

Raton Has Two Men Who Claim That Office—Writ of Injunction Applied for By J. W. Bell.

The difficulties of J. W. Bell and Robert Kruger, both of whom claim to be city marshal of Raton, were brought to a head when Bell applied to the District Court for a peremptory writ of mandamus against Kruger to compel him to give up the star badge and all other appurtenances of the office. The hearing will be on June 11, before Chief Justice W. J. Mills at Las Vegas. Bell was appointed by the mayor to succeed Kruger and the latter claims that the mayor has no power of appointment without confirmation by the city council.

WATER FOR EL PASO

Pennsylvania Capitalists Will Supply the Pass City's Most Pressing Need.

A \$2,000,000 PROJECT

The Survey Has Been Completed and Incorporation Papers Were Filed By the Projectors Today.

Articles of incorporation for the Mimbres River Water Company were filed today with the secretary of the Territory. The articles of incorporation set forth that the company has been organized for the purpose of carrying on the business of a water company, to build reservoirs, canals and to supply water for irrigation, public and private use, municipal, mining and other purposes; to build electric light and power plants for supplying electric lights for domestic and public uses in the city of El Paso and other communities. The capitalization is \$2,000,000, divided into 20,000 shares of a par value of \$100 each. The principal place of business is Albuquerque and the term of existence is 50 years. The directors for the first year are George W. Delamater, James S. Delamater and Allan G. Kennedy. The incorporators are: George W. Delamater, James S. Delamater of Pittsburgh, Pennsylvania; Allan G. Kennedy of Santa Fe; William B. Childers and Edward L. Medler of Albuquerque, New Mexico.

The projectors belong to the same group of capitalists who built the Santa Fe Central Railway. The preliminary arrangements for the construction of large water works to supply the city of El Paso have been completed. A natural reservoir site on the Florida plains south of Deming in Luna County will be utilized. The underflow of the Mimbres has been tested and measured and has been found ample to supply a much larger city than El Paso with water. The water will be pumped into the main reservoir and subsidiary reservoirs and piped to El Paso, the survey of the pipe line following the Southern Pacific Railway via Cambray and Lanark, for the greater part of the distance. The water is the purest to be found in the southwest and enough to supply El Paso with drinking water has been hauled for years from Deming to the Pass City, which stands sorely in need of a better water supply than it commands at present. The project has been determined to be a feasible one although the pipe line will be almost 100 miles long and will cost about \$7,000 a mile. Engineer A. G. Kennedy has opened an office at El Paso where the drafts and plans for the plant and pipe line are being completed under the direction of John C. Balcomb of this city. The entire works are to be completed within less than two years as ample capital is ready to sustain the enterprise.

MARKET REPORT.

MONEY AND METAL.

New York, June 8.—Money on call, easy, 1 @ 1 1/4 per cent. Prime mercantile paper 3 1/4 @ 4 1/4 per cent. Silver 55 1/2.

New York, June 8.—Lead and copper, quiet unchanged.

GRAIN.

THE CHARGE OF HIGH TAXATION ABSOLUTELY UNFOUNDED.

"The present rate of taxation in New Mexico is ruinous to the business interests, as it positively prevents investments. Men of capital refuse to risk their money in a business subject to a high rate of taxation at a valuation arrived at by a bad guess, and always subject to a raise by political enemies. Taxation must be reduced—not by increasing valuations, but by reducing unnecessary expenses—and valuations made with fairness. With the assessment rolls standing, as evidence to the contrary, it is impossible to convince an intelligent man that political favor does not have influence in the valuation of property."—Carlsbad Current.

The Current is published in the strongly Democratic county of Eddy. The paper knows nothing about assessment matters outside of local conditions. The assessor, collector and the county commissioners are uncompromising Democrats and a Republican could not be elected to any of these offices there. The tax rate in Eddy County for 1903 was thirty mills and twenty-one hundredths of a mill or three and one-fifth cents on the dollar, and the assessment returned for taxable purposes is from twenty-five to thirty-three per cent of the real valuation. The tax of three and one-fifth cents on the dollar on property returned at one-third of its actual value is certainly not high and will not be considered as such by well meaning and fair minded people. In reality it amounts to one per cent and a fraction on a dollars worth of actual value or one dollar and a few cents on a hundred dollars' worth of actual value. In view of this fact, the statements made by the Current have no foundation to rest upon and are nothing but hot air and pure imagination. They are made for political purposes, no more and no less. There is no truth in them and every citizen who is at all posted upon territorial conditions knows this. The assertion that no investments are being made in New Mexico is also pure rot. That this assertion is untrue is fully demonstrated by the fact that the number of national banks, private banks, private banking institutions and trust companies is constantly on the increase. These financial institutions bring foreign capital to the Territory and invest it. The territorial tax rate is sixteen mills on the dollar. The major portion of this levy goes for the support of the territorial educational and charitable institutions. The expenses proper of the territorial administration are fully met by the small tax levy of six mills. When it is remembered that property in the Territory is but partially assessed, and at times at but one-fourth of its real value, it is plain that the cry of heavy territorial taxation is buncombe and humbug made for partisan purposes only, without regard to the best interests of the Territory or the good name and reputation of its people.

A FUNDAMENTAL RIGHT THAT MUST BE MAINTAINED AT ALL HAZARDS.

A dastardly and appalling crime was committed early last Monday morning at the Florence and Cripple Creek Railroad depot at Cripple Creek. Thirteen innocent men lost their lives by this fearful crime. They were guilty of nothing more and nothing less than having come to Cripple Creek to do work and to make an honest living. For this they were sent into eternity without shift, without mercy, and without warning, by cowardly assassins and treacherous murderers. People naturally will connect this bloody deed with members of the Western Federation of Miners who have been fighting non-union men and have threatened to take human life, whenever and wherever it was necessary to keep non-union men from Colorado mining camps. Another dispatch states that a riot at Victor Monday night a dozen men were killed or wounded. This riot was directed by union miners and was directed against men who did not belong to the union, but who had come to Victor to exercise their rights as free American citizens. The riot was also directed against the

operators and mine owners as well as against the constituted authorities. Decent, law abiding and patriotic people, not only in Colorado mining camps but throughout the country will certainly uphold and commend Governor Peabody in declaring martial law and in adopting the most strenuous measures and use the military force of the state to put down such criminals and rioters in the severest and harshest manner. This must be done to sustain the dignity and power of the state, to uphold the supremacy of the law, as well as to protect the property and lives of the innocent citizens and laboring men. The miscreants in Colorado, if disaster overtakes them and if they are severely punished, will have no one to blame but themselves. They should and must be taught that the law is superior and that every man has the right to work when, where, how, for whom and at such wages as he pleases, without molestation, without interference and in security.

LAW AND ORDER MUST BE MAINTAINED.

The Supreme Court of Colorado has upheld the power and right of Governor Peabody under the constitution of the state to declare martial law and to use the military force in any manner deemed best by him for the suppression of insurrection and for the keeping of the public peace. The court holds that the civil authorities cannot interfere and that the courts have no power in cases and in sections of the state, which the Governor, in his discretion, has declared to be in a state of insurrection and has placed under martial law. The military process in such cases is above and superior to civil process and the military process cannot be assailed by civil process. The decision was rendered in the case of Moyer, president of the Western Federation of Miners, in habeas corpus proceedings and for his release from arrest under which he is held by the National Guard at Telluride. The decision is good law and timely. If the Governor of Colorado or of any other state could not use the military power without interference by the civil courts in cases of insurrection, there could and would be no stable nor strong government in this union. The Governor must, of very necessity, have discretionary power and must decide when to declare and say when and where a state of insurrection exists. Under the form of state government established under the constitution of the United States and by the states themselves, there must be given such discretionary power to some one and this person must be the Governor. All good citizens of Colorado will welcome this decision and it will meet with their approval. The turbulent element, the men who gain by strikes, by riot and by murder will condemn it.

"Since it has been given out that Governor Otero is a candidate for delegate to Congress Rodey stock has been considerably below par. The fact furthermore demonstrates the fact that the breach in the Republican ranks in New Mexico is still very wide. No doubt exists as to Mr. Otero's ability to secure the nomination."—Springer Stockman.

The above would be important were there any foundation for it. No report has been given out that Governor Otero is a candidate for the congressional nomination this year. A few Democratic papers have fabricated such a rumor to further their own designs and purposes. Rodey stock is just about as high as it has been at any time and at present it is above par.

It is said that when Judge Parker heard that his ambition was approved by ex-President Grover Cleveland and that the ex-President favored the judge's nomination as the presidential candidate of the untimely Democracy he became so exultant that he sat down and spoiled several sheets of paper by writing on them: "Three cheers for Cleveland!" "Hurrah for Grover!" "What's the matter with Cleveland? He's all right!" "Long live Cleveland!" and expressions of that kind. The thought that this was better, safer and cheaper as well as more dignified than going out into the streets and hollering, it also accorded better with his reputation for dignity and for silence.

In railroad circles it is reported that a number of eastern and northeastern railroads have experienced great reduction in business during the month of May and that the decrease in net earnings is alarming. Railroad managers claim that the only way to meet these deficiencies is to make reductions in wages and decrease the force of employees. This will have to be done and that quite soon. That there has been too much of an inflation in wages and that the tendency for high wages of late years has been out of proportion, is becoming apparent. The change will have to be made and it looks as if it would be commenced by the railroads of the country.

The news from Cripple Creek and other Colorado mining camps indicates that the union miners and the non-union laboring men have each other about as much as do the Japs and Russians. The difference between the Japs and Russians is that they fight fair and in open war, whereas some of the union men engaged in the strike in the Centennial State seem to be rather fond of assassination and murder.

The city board of education is moving very slowly in the direction of selling the Fort Marcy donation tract and forwarding the construction of new, modern school buildings in this city. But it is moving! Better slow than not at all!

Love is unequally yoked with sickness. Labor is lightened by love, but love cannot lighten pain or relieve it. Many a man looks on at his wife's suffering willing to do anything to aid her and able to do nothing. Sometimes, however, the husband's attention is directed to Dr. Pierce's Favorite Prescription and its remarkable cures of womanly diseases. He may not have much hope of a cure, but he is led to try the medicine, with the result that in almost every case there is a perfect and permanent cure. Dr. Pierce's Favorite Prescription cures irregularity. It dries the drains which weaken women, heals inflammation and ulceration, and cures female weakness. As a tonic for women who are nervous, sleepless, worn-out and run-down "Favorite Prescription" is unequalled. "In answer to your letter I will say, my wife commenced to complain twenty years ago," writes Lewis A. Miller, ex-Chief of Police of Prospect St., Weisport, Pa. "We have tried the skill of twelve different doctors. She took gallons of medicine during the time she was ill, until I wrote to you and you told us what to do. She has taken eight bottles of Dr. Pierce's Favorite Prescription and six of the Golden Medical Discovery. She can do her own work now and can walk around again and is quite smart." "Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place. Dr. Pierce's Pleasant Pellets invigorate stomach, liver and bowels.

Colonel Henry Watterson, the gifted editor of the Louisville Courier Journal, in a recent issue of his paper declared editorially that Mr. Hearst was insane. It took a column and a half editorial to say so, while four words would have described the situation according to Watterson, much more succinctly and clearly. Probably Colonel Watterson thinks that people consider his column and a half editorials as paragraphs.

The postmaster at Esopus, New York, the place Judge Alton B. Parker claims as his home, is frantic and all because he has more business than ever he dreamed of to attend to. Four months ago nobody outside of the immediate vicinity of Esopus knew that any such place was in existence.

Even in the Worlds Fair City, they seem to be no more civilized than they are in some of the interior towns of Mexico. A few days ago 2,500 men and boys wrecked and burnt a building on the Exposition grounds because the bull fight for which they bought tickets failed to come off.

Governor Pennypacker of Pennsylvania will soon appoint a successor to the late Senator Quay. It is believed that the Governor is very sorry that the laws of his state do not allow him to appoint himself. What a soft snap he would have could he do so.

A Chinese doctor claims to have discovered that strychnine will cure hydrophobia. He is eminently correct. Strychnine, in strong enough doses, will cure almost any disease that flesh is heir to.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

MISS MAY MARKELL,

A Society Belle of London, Canada.

MISS MAY MARKELL of London, Ontario, Canada, is a beautiful girl who knows what suffering is and Wine of Cardui has brought her back to health. She is one of the social favorites of her home and her recovery to health has permitted her to enjoy the company of her many friends instead of lying on a bed of sickness and suffering. For the health she now enjoys she gives credit to Wine of Cardui. She writes:

Miss May Markell.

"I have found Wine of Cardui an excellent remedy for female trouble. I suffered for three years with terrible bearing-down pains at the menstrual period. I could hardly stand on my feet and was never real well. Wine of Cardui was the only medicine that I could depend on to do me any good, as I tried several with no success. Wine of Cardui cured me and I have now enjoyed perfect health for two years, and give you all the credit for I know you deserve it."

For a young girl Wine of Cardui is the best remedy to guide her through womanhood by starting the menstrual

flow in a healthy and natural manner. Menstruation started right is very easy to keep regular through the years of mature womanhood. Then the "change of life" need not be feared. Thus Wine of Cardui is woman's best relief from youth to old age. A million women have secured blessed relief from their sufferings by taking this treatment. It relieves menstrual troubles in an incredibly short time. In a simple case of deranged menses Wine of Cardui never fails. To relieve disordered menses is to remove the cause of other female troubles. Any physician will tell you that to remove the cause of a disease renders the cure easy, in fact seldom fails to complete the cure. If you would have the same relief which Miss Markell secured try Wine of Cardui. You can take it without an examination and without any publicity whatever. You can take it in the privacy of your home and secure just as much benefit as if a doctor had prescribed it for you. Thousands of women are feeling the vigor of returning health by taking Wine of Cardui.

PENITENTIARY BIDS.

Santa Fe, New Mexico, June 1, 1904. Sealed proposals will be received by the board of New Mexico penitentiary commissioners at the office of the superintendent, until 10 o'clock a. m., on Monday, June 13, 1904, for furnishing and delivering at the New Mexico penitentiary the supplies hereinafter mentioned, or so much thereof as the board may deem sufficient. Payment for said supplies will be made in cash. Delivery of all supplies except perishable articles must be as directed by the superintendent.

Samples will be required of all articles marked with an asterisk, and these should be labeled, showing name of bidder, price, etc., and must be delivered to the superintendent not later than 9 o'clock on said day.

All bids must be strictly in accordance with the conditions on blank proposals, which will be furnished by the superintendent on application; no bid otherwise made will be entertained. A bond will be required from all successful bidders for the faithful fulfillment of contracts within ten days after date of award.

- 75,000 lbs. fresh beef, prime quality, necks and shanks excluded.
- *25,000 lbs. flour.
- *3,000 lbs. beans.
- *1,000 lbs. oatmeal.
- *500 lbs. evaporated peaches.
- *500 lbs. evaporated apples.
- *500 lbs. prunes 60-70.
- *2,000 lbs. hominy.
- *250 lbs. raisins.
- *50 sacks granulated sugar.
- *1,000 lbs. rice.
- *25 cases laundry soap.
- *25 lbs. black pepper, whole.
- *1 case baking soda.
- *100 lbs. baking powder.
- *3 doz. vanilla, half pints.
- *3 doz. lemon, half pints.
- *2,000 lbs. corn meal.
- *1 case corn starch.
- *10 cases Cal. fruits, asst'd.
- *10 cases tomatoes, canned.
- *5 cases canned corn.
- *100 lbs. laundry starch.
- *200 lbs. sal soda.
- *6 barrels syrup.

The board of New Mexico penitentiary commissioners reserves the right to reject any and all bids.

In submitting bids for above supplies, bidders should write plainly on envelope the following: "Bids for supplies for New Mexico penitentiary," with name or names of bidder or bidders, to avoid the opening of same by mistake.

By order of the board of New Mexico penitentiary commissioners.

H. O. BURSUM,
Superintendent.

Samples may be sent separately, duly marked and numbered, to the superintendent.

STORY & CLARK Pianos!

Read What Accomplished Musicians
Say of the Story and Clark Piano.

"Equal if not superior to any instrument I have had occasion to use."—Barron Berthold.

"Shows such superiority of workmanship and finish as must make them welcome to any household."—Leonora Jackson.

"Grand resonant in tone and so lightfully sweet and tender."—Mathilde Bauermeister.

"I cannot speak too highly of your pianos, they seem to be unsurpassable."—R. Watkin Mills.

"Your pianos embody sweetness and richness of tone, splendid carrying power and excellent action."—Rosa Olitzka.

"They are models for tone and touch."—Marie Engle.

"I find your pianos wonderfully sympathetic for accompanying the voice."—Lillian Blauvelt Pendleton.

"Gave the liveliest satisfaction to me. I consider them second to none."—David Francon Davies.

"I think it capable of the fullest expression of musical thought."—Ellen Beach Yaw.

"In my opinion they rank among the very best pianos of the day."—Emile Sauret.

"Possessed of a beautiful quality of tone and a most sympathetic touch."—Fernando de Lucia.

"I was perfectly charmed with its beauty of tone and delightful touch."—Francis Allitsen.

"Their tone is sweet as well as resonant. Are remarkably adapted for accompanying the voice."—Clementine de Vere Sapio.

THE STORY & CLARK PIANO CO.

They have won renown on two continents for excellence and beauty of their instruments.

Prices and terms most liberal. Call on the General Agent for New Mexico.

FRANK DIBERT

Santa Fe, N. M.
Who will show you the Story and Clark Pianos in the several styles and finish—Mahogany, Hungarian, Walnut and Golden Oak.

MINES AND MILLS.

LINCOLN COUNTY.

A number of men have been put to work on the Vera Cruz, one of the oldest mines in Lincoln County. Roads to the property are being built and mill sites cleaned off. The property carries a large body of low grade ore.

SANTA FE COUNTY.

At the Boston Mining Exchange last week, ten shares of Santa Fe Gold and Copper Mining Company stock were sold at \$1.25 a share.

Market Conditions.

The Engineering and Mining Journal this week reviews market conditions as follows:

The metal markets continue very quiet, with business on a moderate scale, and a somewhat easier tendency all around. Copper has been selling only in a moderate way for home consumption, though the foreign demand seems to have improved again. Tin is quiet, with much lower quotations, and a consumptive demand which is not above the ordinary. Lead is understood to be accumulating to some extent, and the chief seller has made another reduction of \$2 per ton, this making a drop of \$4 within the last three weeks. Spelter is also in moderate demand, and there has been a considerable break in quotations. Galvanizers are buying on a small scale only. The Joplin ore market shows a weakening tendency, and the miners are talking about stopping production, or restricting it to maintain prices.

Silver has been fairly steady, with only moderate changes in price. There is some buying for India.

The iron markets continue very dull, with light business and a continued tendency to lower prices. Consumers are not buying ahead to any extent, and business for the third quarter is still doubtful. There is some talk of export trade but the parties engaged are keeping very quiet about it.

The western coal markets are still dull, and upon the whole weak. Lake business has not opened yet, and there are no signs of a termination of the strike which holds vessels.

The anthracite trade is somewhat less active, urgent orders being about filled. Steam sizes are being stored owing to lack of demand.

The seaboard bituminous trade still continues to show a dull market, with no signs of improvement in the near future.

Concentrates.

Graphite is the purest form of carbon, with the exception of the diamond. Impurities in graphite are largely admixtures of iron and clay.

Agates differ from other forms of quartz, in that they are made up of minute layers and variegated in color. Their colors have the appearance of being in the form of bands and clouds.

The peculiar branching forms often seen in moss agate are not of vegetable origin, but manganese, or iron oxide.

Jasper occurs in a number of colors, the most common being red, brown and yellow, while green, bluish or black are less frequent. A dark green jasper was referred to in olden times, and it is probable that the prophet St. John, in Revelations, referred to this color.

The original locator is given by law all ore that lies underneath where two veins unite on their dip to form a single vein, this including the place of meeting.

There are but a few ores of tin, they being cassiterite, stannite, steam tin and wood tin. Cassiterite tin oxide ores furnish all the metal of commerce. Stannite is tin pyrite or tin sulphide. Steam tin is ore in a sand like shape. Wood tin is a rarity. Cornwall mines of England, those of Banca, Borneo, and Australia furnish seven-eighths of the world's production of tin.

The Wabash Railroad has just issued a handsome illustrated World's Fair pamphlet containing a three color map of St. Louis and the fair grounds and half tone views of the principal buildings. A copy free upon request. P. P. Hitchcock, G. A. P. D., Denver, Colorado.

Via D. & R. G. to St. Louis Exposition and return, 15 day tickets \$40.70; 60 day tickets \$48.15; season tickets \$57.80. S. K. Hooper G. P. A., F. H. McBride, Agt., Santa Fe.

DO YOU WANT THE EARTH?

The Earth is a new monthly illustrated journal, published by the Santa Fe. Tells the truth about the great southwest and California—the truth is good enough. Frequent articles describing your part of the country. Contains letters written by farmers, stockmen and fruit raisers; men who have succeeded and who give the reasons why. Strong editorials and interesting miscellany. A very persuasive immigration helper. Why not have it sent to friends "back east" to do missionary work for the southwest? Regular subscription price is 25 cents a year; worth double. Send us 50 cents (coin or stamps) with names and addresses of five eastern friends; we will mail the Earth to them and to you for six months. Write today to the Earth, 1120 Railway Exchange Building, Chicago.

Sued By His Doctor.

"A doctor here has sued me for \$12.50 which I claimed was excessive for a case of cholera morbus," says R. White, of Coachella, Cal. "At the trial he praised his medical skill and medicine. I asked him if it was not Chamberlain's Colic, Cholera and Diarrhoea Remedy he used as I had good reason to believe it was, and he would not say under oath that it was not." No doctor could use a better remedy than this in a case of cholera morbus, it never fails. Sold by all druggists.

"WHAT'S BRED IN THE BONE WILL OUT IN THE FLESH"

Is true of mankind as well as lower animals. We do not expect blooded stock from common sires, physical giants from dwarfs and midgets, nor well-developed, robust children from tainted ancestors and sickly parents. It is contrary to the laws of nature and heredity, which are inviolable, unchangeable and fixed.

Children not only inherit the features, form and disposition of their parents, but the mental and physical qualities, infirmities and diseases as well. That certain diseases are transmitted from parents to children, are bred in the bone and handed down from one generation to another, can not be denied, for we see evidences of it every where and every day.

SCROFULA, a disease almost as fatal as Consumption, is a disease of the blood, is bred in the bone and will out in the flesh in the form of glandular swellings, deep abscesses and sores, boils and eruptions. It affects the eyes and ears, weakens the digestion and destroys the red corpuscles and solids of the blood, resulting in emaciation, stunted growth and poorly nourished bodies.

RHEUMATISM is handed down from gouty ancestors and rheumatic parents. The acid poisons in the blood that cause the sharp, shooting pains in muscles and joints have been there may be from birth, and exposure to bad weather, night air, or cold, easterly winds only hastens the attack by exciting the acid blood. The blood must be purified and the poisons filtered out of the system in order to get relief from this painful disease.

CATARRH is something more than a cold in the head; the poison extends into the Throat and Lungs, attacks the Stomach, Kidneys and Bladder, and every part of the system. We inherit a predisposition or tendency to Catarrh, just like other blood diseases; it is bred in the bone and can not be reached with sprays and salves, but requires constitutional treatment and a thorough cleansing of the disease-tainted blood.

CONTAGIOUS BLOOD POISON is responsible for more suffering than all other diseases combined, and none is so surely transmitted from parent to child. Fearful ulcers and sores and disgusting skin eruptions often break out in infancy, and those whose blood is tainted with this awful poison are handicapped from birth, and unless the poison is eradicated carry the taint through life.

CANCEROUS ULCERS and old sores seem to pursue some families through generations, and in spite of washes, salves and ointments, continue to spread and grow because the taint is in the blood; is bred in the bone and grounded in the flesh.

Nothing but a real blood remedy like S. S. S. can reach these deeply rooted, inborn diseases. It goes to the fountain source of the trouble, uproots the old taint, drives out the poisons that have been lurking in the blood for years, and tones up the weakly constitution.

S. S. S. reaches diseases of this character that no other medicine does or can. It has been tested in thousands of cases during the nearly fifty years of its existence, and its reputation as a cure for chronic blood troubles is firmly established.

S. S. S. is guaranteed purely vegetable and suited to old and young and persons of delicate constitution. If you have inherited a predisposition or tendency to some family taint, the sooner you begin a course of S. S. S. the quicker and more certain the cure. The disease may develop in childhood or later on in life, but is sure to make its appearance sometime, "for what is bred in the bone will out in the flesh," as sure as you live.

Our physicians make diseases of the blood and skin a special study. Write us all about your case, and medical advice or any special information desired will cost you nothing.

PERSONAL MENTION

Dr. J. M. Diaz left for Denver today on a business trip.

Charles H. Sprecht of Denver, is looking over the city today. He is a tourist.

O. M. Fairchild, representing a silk firm of St. Louis, was a business visitor in the city today.

Hon. T. B. Catron, who has been to Denver on financial business, returned home last night.

Ernest Myers, Albuquerque business man, spent today in the city, interviewing Santa Fe merchants.

Venturo Baros, sheepman from the Galisteo country, was here yesterday and purchased ranch supplies.

Miss Robertson, of the editorial force of the New Mexican, is today confined to her residence by illness.

Jose Ortiz y Pino, Galisteo merchant and sheep raiser, was in town yesterday looking after business affairs.

District Attorney E. C. Abbott left the city this forenoon for Denver, where he has legal business to attend to.

Thomas W. Hanna of Lamy, is in the city visiting his parents, Mr. and Mrs. I. B. Hanna. He is accompanied by his wife.

Albert Call went to Lumberton yesterday. He will remain in that town on a visit with his daughter, for a month.

District Court Clerk A. M. Bergere left this morning via the Denver & Rio Grande Railroad for Denver on a business trip.

Mr. and Mrs. Warren Graham of Albuquerque, left that town yesterday for a visit to relatives at Danville, Illinois.

J. R. Farwell, chief engineer of the Santa Fe Central returned yesterday from a surveying tour in the southern part of the Territory.

Mrs. J. E. Knox and daughter, Miss E. Knox of Willis, spent the day visiting acquaintances in Santa Fe. They are registered at the Claire.

M. E. Swazey and wife, who have been spending some days in Santa Fe left today over the Denver & Rio Grande Railroad for Glenwood.

Brother Botolph, president of St. Michael's College, was a passenger for Estancia this morning on business connected with his position.

E. Stein, representing a millinery firm of St. Joseph, was in town today disposing of the latest Paris creations in hats to the Santa Fe milliners.

Juan Santistevan and A. C. Pacheco of Taos, who have been here on business for several days, went home this morning via the Denver & Rio Grande.

Mrs. W. O. Finkbine and daughter, Dorothy, who have been guests at the Sanitarium for some time past, left today for their home in Des Moines, Iowa.

Rev. Gabino Rendon, of the Spanish Presbyterian mission, was a passenger on the Santa Fe Central for eastern Valencia County on this morning's train.

Charles A. Spiess, Las Vegas attorney, who has been attending to legal business in the city, was a passenger for his home in the Meadow City this morning.

Thomas Moran, the well known landscape painter, and his daughter, Miss Ruth are sojourners in Albuquerque from New York City. They will remain in the Duke City a few days.

Ramon Bustos and Antonio Archuleta of Santa Cruz, farmers in northern Santa Fe County, were in the city today buying supplies and visiting friends.

Eugenio Romero of Las Vegas, treasurer and ex-officio collector of San Miguel County, arrived in the city last evening and went to Estancia on the Santa Fe Central this morning.

W. H. Kennedy, the hardware merchant, failed to get off yesterday for

SELIGMAN BROS. CO.

THE LOWEST PRICED HOUSE IN THE CITY FOR FINE GOODS.

P. O. BOX 219

PHONE NO. 36

Schenectady, New York, as he intended. Press of business kept him here. He left for the east this forenoon via the Santa Fe.

George T. Peart, superintendent of the coal mines of the New Mexico Fuel and Iron Company at Hagan, who was here Monday and Tuesday on business at the chief offices of the company, returned to Hagan this morning.

W. D. Lee, general manager of the Santa Fe Central Railway, left this morning for Estancia to attend to a shipment of cattle from there over the line of that road. The officials of the road state that its stock shipments are growing heavier all the time.

George A. Saint, assistant engineer for the Santa Fe Central Railway, returned to the city yesterday from a tour during which a preliminary survey of the proposed new line of the Santa Fe Central from Willard to El Paso was made.

Dr. A. F. Spurney and wife, of Cleveland, Ohio, who visit Santa Fe during the summer for a few months every year, moved to Summit last evening, where they will remain a week, thence returning to their home in Cleveland, Ohio.

William Sloan and Frank Fraser drove overland this morning to Bland, where they will look after mining matters. They were accompanied by Mrs. Frank Bruce and her niece Miss Stella Williams, who have been visiting friends here for a week.

E. P. Eaker, formerly a resident of Lincoln County and who has spent the winter in the mining camp of La Cananea, Mexico, where he was employed as a millwright, is in town en route to Silverton, Colorado, where he will remain for the summer.

Several of the former officials of the court of Private Land Claims will attend the meeting of that court in this city on next Tuesday, which will presumably be the last session of the court. Former Clerk J. H. Reeder, now a district judge in Kansas, and L. F. Parker, will be among those present at the reunion.

Ex-Mayor Amado Chaves returned yesterday from a visit to the sheep ranches of the Fernandez Company on the Bartolome Fernandez land grant in Valencia County. He reports that the drought is still severe in that section and unless rain sets in speedily, the sheepmen there will lose many ewes.

Cards have been received in this city announcing the marriage of Miss Bertha Guillaume Hall to John Henry Miller, which took place at St. Louis yesterday. The bride is a daughter of Mrs. Kate Frances Hall, a resident of this city. She spent the past winter here with her mother. Both left last Saturday for St. Louis.

Frank Grylla, special agent of the general land office, left for Alamogordo this morning over the Santa Fe Central. In a hearing before a United States commissioner he will testify as to the nature of certain lands selected in Otero County by the United States land commission of this Territory as saline lands, the government maintaining that they are not saline lands.

Mr. and Mrs. R. M. Harding left last night for Syracuse, New York, their future home.

Ireneo L. Chaves came in at noon today from the west. He has been on a visit to San Mateo, his old home, in Valencia County.

Rev. A. P. Morrison, presiding elder of the Methodist Episcopal church of this district, is in the city and will remain here over Sunday to attend the quarterly conference which will be held on that day.

Rev. Father Germain Charlier has been appointed to fill the place of assistant priest in the Cathedral of St. Francis in this city, assisting the Very Rev. Vicar General Anthony Fourchegu, rector of the Cathedral.

R. E. Sivells of Clayton who has been in the city for several days engaged in the work of reorganizing the Red Men's

Lodge here, finished this undertaking last evening and left for his home in Clayton. Mrs. Sivells remained here on a visit.

Mr. and Mrs. J. A. Wood and their daughter, who were to have left for the Louisiana Purchase Exposition on the 15th of this month have changed their plans and will not go until late in the summer as friends in St. Louis have written them that many of the buildings of the Fair are not finished and that it will not be at its best until later in the year.

Rev. Father Vincent Thomas, who has been assistant priest at the Cathedral in this city for the last three years, left today for Las Vegas where he has been appointed assistant priest to Rev. Father Paul Gilbertson, at the Catholic church at West Las Vegas. The appointment was made by Most Rev. Archbishop Bourgade.

NOTICE TO STOCKHOLDERS.

The regular annual meeting of the stockholders of the New Mexico Printing Company will be held at the office of the company in the city of Santa Fe, Territory of New Mexico on Monday July 11, 1904, 4 p.m. for the election of directors for ensuing year and for the transaction of such business as may regularly come before the meeting. Stockholders will please take notice.

P. F. KNIGHT,

Secretary.

Santa Fe, N. M., June 8, 1904.

Tonka, the usual cheat for vanilla, costs one or two cents for a certain amount; Schilling's Best vanilla a dollar.

One is strong; the other is fine. One is rank; the other is delicate. Nevertheless four-fifths of "vanilla" is tonka. The 98 cents accounts for it.

TAKING CARE OF A PIANO

Points That Should Be Known and Remembered by Every User of an Instrument--The Need of a Competent Tuner.

It is not sufficient to buy a good piano from a reliable house. It must be well kept and under the proper conditions, otherwise it will get out of order, and then the manufacturer will be blamed, and most unjustly. As the piano has a delicate mechanism the finer the instrument the more delicate the mechanism. The worst enemies of a piano are the heat, cold, dampness, dirt, moths, mice, neglect and incompetent tuners. So always ask the tuner to see his references before engaging him to adjust or tune your piano.

What We Warrant.

Every high grade piano is manufactured throughout from the choicest material by skilled workmen, yet, as with everything human, defects may develop. An unseen sand hole may cause a plate to break. The best of workmen make mistakes. Against all such defects in material and workmanship, we, the makers, guarantee the purchaser. These defects are so rare, and the percentage of loss is so light that we cheerfully make these good whenever they appear.

What We Do Not Warrant.

Heat and cold will expand and contract the iron plate and strings. This necessarily throws a piano out of tune. Extremes of heat and cold will swell and shrink the varnish causing it to check. Extreme heat will blister varnish and, long continued, will dry and check everything made of wood. Dampness will rust the metal parts, swell the wood, full up the felt, and, long continued, might ruin the delicate mechanism of the action or even start the best of glue, bursting the joints of the case or sounding board.

We cannot control the weather or temperature in houses, hence cannot be held responsible for avoidable or unavoidable injury caused thereby.

Why Great Care.

The modern piano is composed of over nine thousand (9,000) pieces or parts, each placed in a piano for some useful purpose. Many are as delicately adjusted as the parts of a watch and should have the best of care, that they may always give the best results.

Avoid Extreme Heat.

Do not set the piano near a hot stove, open grate, over a furnace, or hot air register, or where the direct rays of the sun will strike the piano through a window.

Currents of Air.

Avoid, as far as possible, a direct current of air, such as that through an open window or between two doors, especially if one or both are open frequently. Whenever possible place the piano against an inside wall where the temperature will be even.

Extreme Dampness.

If the weather in summer is hot and damp and the doors and windows are open do not be alarmed if the piano takes on a bluish tint and the action becomes heavy and some of the keys stick. These unfavorable symptoms will disappear with dry weather.

Extreme Cold.

If you must shut the piano up in the parlor for a day or week in extremely cold weather, do not throw open the doors and let a draft of hot air strike the piano, or the moisture will condense on the cold case and plate and run down as water does on an ice pitcher in harvest time. If this is carelessly done, do not blame any one but yourself if the strings and screws rust, and the varnish checks or scales. Better open and thaw out room and piano gradually. If the piano should be found, from any cause dripping with moisture wipe it dry inside and out with a soft Canton flannel or cheese cloth.

Keep in Tune.

As surely as heat and cold expands and contracts the strings and plates and pounding stretches the strings, so surely will pianos get out of tune; therefore, whenever possible, engage a competent tuner to care for your piano by the year and have him keep it up to the standard pitch. In this way, and only in this way, can the piano give the best results. It is estimated that there are from fifteen (15) to seventeen (17) tons tension on the piano when tuned to concert pitch. With this constant strain on plate, pin block and frame, any radical variation in the evenness of this tension, which happens when a piano is out of tune, causes the parts to settle unevenly and is very injurious. This is most serious the first and second years after the piano is built when the greatest settling of the parts takes place.

Therefore, a piano should be tuned from three to four, or even five times the first year and at least twice each year thereafter.

If the piano is properly tuned and cared for the tone will be deeper, stronger and richer in three to five years than when it was built or came from the factory. Do not let strangers tune or adjust your piano unless they come with the best references.

Effects of Age and Use.

With the best of care a piano will get old. Varnish will lose its luster and check, just as the bloom passes from the cheek and wrinkles come in its place. It cannot be avoided. Pianos are like any other machinery or furniture, made of the same material and subject to the same limitations, no more, no less.

Hard usage will wear out the keys, hammers and action as it will any other machinery. These are only the machinery by which the music is produced. Clean up the case if the case needs cleaning; wash it with soft water and ivory soap; just enough soap to cut the greasy finger marks, then wipe dry with Canton flannel or cheese cloth. The finish may be brightened, scratches and blemishes removed by applying a good piano polish and rubbing briskly until thoroughly dry and free from streaks or clouds. Never use oil on a piano. Avoid every cheap, so-called furniture and piano polish.

Jars and jingles, are frequently heard when pianos are being played and are very annoying. These have a variety of causes and are generally entirely outside of the instrument. A loose stove lid, door, lamp shade, window glass, picture on the wall, gas fixtures, a loose castor, lock, panel, book, lamp, vase or other bric-a-brac on, near, or leaning against the piano may cause an unpleasant sound, zip or jar. Whenever such a thing is heard look for the cause carefully outside the piano first; failing to find it outside then hunt for it inside by placing the hand on anything that may possibly be loose, while the other is playing the keys of the piano. If the jarring sound ceases you have found the cause and the remedy will naturally suggest itself. This jingle or jar may be noticed when certain notes or chords are struck and the inexperienced are sure to think there is a loose string or something wrong with the mechanism used in producing this particular note, when, in reality, it is usually something entirely outside the piano that is in sympathy with that particular note, and only vibrates when that one chord is struck.

Sitting in church one day my attention was called to a peculiar "zip" in the pew in front when a certain key was used in the organ. I found after church, when requested by the organist, that a little sliver in the floor of the platform gave this zip when a certain key or note was used, but remained perfectly quiet at all other times. Anything loose about a piano or room may produce the same effect. Do not condemn a piano or tuner until you have found just what causes the objectionable sound, and that you cannot readily remedy it yourself.

Squeak and Friction.

If there is any squeak or unnecessary friction that is objectionable in the use of the pedals or at any other point it can be remedied by applying a little black lead, graphite or stove blacking, which is the same thing, and always at hand.

Dust and Dirt.

Not only affects the tone of a piano by collecting on the sounding board and strings; it produces harshness by collecting on the hammer felts and sluggishness by getting in the action and rattling, buzzing, jingling noises by settling on the keyboard and underneath the keys.

Therefore, have your tuner clean the piano every other tuning or about once a year, and poison the felts at the same time to guard against moths which destroy the felts and cloth used in the mechanism. Never use moth or camphor balls, red pepper or powder in your piano. That is as bad as any other dirt or dust and does no more good.

Adjusting, Regulating and Voicing are very important and should be looked after very carefully. While pianos are made of the very best of well seasoned material, in dry climates they will dry out more or less and the wood will shrink from glue and screws and become loose. Therefore, whenever you have your piano tuned, have the

tuner examine it thoroughly and if it needs it have the regulating and voicing done.

From constant pounding the hammers become caloused or solidified where they strike the strings and wear little furrows or creases in the felts, which makes a piano metallic and tinny. Have the piano voiced as often as it needs it at time of tuning. In this way the hammers will last from thirty to forty years with ordinary usage.

Above all, do not let any one, under any circumstances, experiment with your piano. The experimenting period stopped when your piano left the factory and the makers' hands.

In giving this treatise to my patrons, I am giving not only the benefit of my own thirty-two years of piano experience but have drawn from such people as A. B. Chase, W. P. Emmerson, Wm. Knabe, Kranich & Bach, Chickering & Sons, J. & C. Fischer, and other prominent piano manufacturers of this country.

The reason that I publish this article and the following letters and names is that there appeared in the Las Vegas Optic and the Santa Fe New Mexican, articles directed at me and intended to mislead the public, one accusing me of taking moths from my pocket and discovering them in pianos by a simple trick of legerdemain. If you wish proof absolute that such is not the case, write to people whose names I mention and find out for yourselves, or the New Mexican may appoint a committee who will inspect a few instruments with me and tell what they have seen. As to hypnotism and legerdemain, I know nothing of either, but piano tuning and repairing I understand perfectly and have scores of testimonials from Nebraska, Colorado, Kansas, Utah, New Mexico and Arizona. Pianos examined free.

Yours for business,

F. M. WALKER,
Greely, Colo.

Some Testimonials.

May 18, 1904.

This is to certify that F. M. Walker, cleaned, voiced, regulated and tuned my Knabe piano in a thoroughly satisfactory manner. I cheerfully recommend him to all desirous of having such work done.

MRS. WILLIAM J. MILLS.

Las Vegas, New Mexico.
Castaneda, Las Vegas, March 28, 1904.
I can cheerfully recommend Mr. F. M. Walker to all who wish their pianos properly tuned and looked after. I have been much pleased with the work he has done for me.

MRS. J. A. GILLIES.

LUREAN GILLIES.
Socorro, N. M., March 9, 1904, Box 169.
This is to certify that F. M. Walker tuned, cleaned, voiced and regulated my piano to my entire satisfaction. In fact, I am better pleased with the tone and action than when it came from the factory.

MRS. L. E. O'GARA.

Fort Collins, Colo., July, 1902.
This is to certify that Mr. F. M. Walker, the bearer of this note, can and will do for a piano all that he claims. After spending many years in a prominent factory of this country, he has come to us with an intimate acquaintance with every part of a piano and is thoroughly equipped for his work. I consider his coming a rare opportunity which we cannot afford to lose. I shall be glad to tell any one who desires to know more fully of his ability.

MRS. SILAS W. BUFFUM.

MRS. JOHN G. LUNN.
Las Vegas, May 2, 1904.
This is to certify that I am thoroughly pleased and satisfied at the way that Mr. Walker has tuned and cleaned my piano and can truthfully say that the work is better than any I have had done for me in the four years that I have lived and taught in Las Vegas, New Mexico.

MRS. CHARLES L. KOHN.

413 Tenth Street.
To Whom It May Concern:
Mr. Walker has tuned and cleaned my piano in a most satisfactory manner. He does his work thoroughly and gives proof of long experience and skill.

MRS. L. T. LAIDLEY.

MRS. J. H. KURTZ.
Las Vegas, March 28, 1904.
Trinidad, Colorado, Sept. 21, 1903.
This is to certify that the bearer, Mr. F. M. Walker, recently cleaned, tuned and voiced my piano and that his work has proven very satisfactory to me in every respect. Competent, careful and painstaking, I most cheerfully recommend him to any one requiring his services.

Very respectfully,

FLOYD W. PIERCE.
Builders' materials and manufacturer of house furnishings.
Fort Morgan, Colo., Nov. 25, 1902.
This is to certify that I can heartily recommend Mr. Walker as a piano tuner and repairer. He has lately cleaned, regulated, voiced, refitted and tuned my piano and I consider his work very satisfactory.

MRS. JESSIE FOSMIRE.

Musical Instructor.
Also write to Las Vegas to the following: Mr. and Mrs. Frank Springer, Miss Lilly MacKay, Mrs. Emma Kohn, Mrs. C. L. Mann and Mrs. Charles Tamme.

Follow the crowd to the Bon Ton.

J. P. VICTORY Attorney at Law and Real Estate Agent

112 San Francisco Street, Santa Fe, N. M.
REAL ESTATE LOANS.

Money to loan upon real estate security on easy terms.

HOMES.

I have a nice cottage (double) 12 rooms on one side, 4 on the other; owner occupies 4 rooms and the rest rent for \$25 a month; good neighborhood; ample space to erect other buildings on same street; stables and other outbuildings; the price asked very low.

Can sell at a bargain cozy homes on Manhattan avenue, one a new stone house with all modern improvements; the other an adobe-brick house, 7 rooms; fruit and vegetable garden; city water, hydrant and tank; 70 choice fruit trees; currant and raspberry bushes; lot 80 by 265 feet. The stone house will be rented.

SAN FRANCISCO STREET.

I have several business blocks for sale on this great mart of trade, some of them producing more than eight per cent, net, on purchase price asked.

OTHER BUSINESS CHANCES.

I have several other commercial and business propositions to submit those desiring to enter mercantile life and to grow up with the new era of prosperity now coming in with the Santa Fe Central Railway.

CHURCHES.

I am authorized to dispose of the Congregational Church, on the south side, convenient to the contemplated Union Depot. It stands upon two lots, and will be sold cheap, or the building will be repaired and leased to responsible parties.

THERE ARE OTHERS.

Several small houses, some stone, some brick, others frame, upon my books, which I would be glad to show an intended purchaser. They are desirably situated, and will be sold cheap.

PLAZA PROPERTY.

To those wishing to catch the cream of Plaza real estate I can offer blocks at figures that will double themselves in less than three years.

COAL AND TIMBER LANDS.

I can sell you large tracts of land suitable for mining coal or the production of timber.

ORCHARDS.

I also have a fruit ranch in a high state of cultivation, in the suburbs with a building site overlooking the entire city of Santa Fe. On it there is an artificial reservoir, the only one of its kind in the city, 12 feet or more in depth, holding over 125,000 gallons of water, constantly replenished, from which the whole place can be irrigated fully during the summer, and which could be stocked with fish. The land contains many hundreds of young trees of the finest and most valuable varieties of apples, peaches, pears, plums, apricots, cherries and other fruits, the greater part of which already bear; a young bearing vineyard, thousands of bushes of currants and other small fruits; extensive beds of asparagus, rhubarb, and other fine vegetables. To be sold on easy terms, and for much less than it cost, owing to ill health of the owner.

CATTLE AND SHEEP RANGES.
In all parts of the Territory, and none in Wyoming.

I will take pleasure in showing prospective investors desirable building sites in the neighborhood of the Capitol, and in the vicinity of the Presbyterian church, and other localities of the city which in a few years will be worth double the present asking price.

ROOMS: FURNISHED OR UNFURNISHED.

Furnished or unfurnished rooms in all parts of the city. Single, or en suite for light housekeeping. Some of them within five minutes walk of Plaza.

OUTSIDE PROPERTY.

At El Cuervo, 10 miles from the Rio Grande road, I can sell you about 640 acres; patented; excellent grazing land.

Convenient to Las Vegas, I have for sale several large tracts of desirable land which I am permitted to sell at very low figure. One tract contains about 3,500 acres, and is located about three and one-half miles southwest of Las Vegas; nearly all of it is under fence; good grazing and water for stock; some timber. Another tract is 150 acres, 7 miles from Las Vegas; timber and grazing, with an excellent stream of water passing over it. Still another tract of 350 acres of farming grazing and timber land, 8 miles west of Las Vegas, with running water upon it.

CARTWRIGHT-DAVIS CO. Butchers, Bakers, Grocers

GEO. W. HICKOX, President S. G. CARTWRIGHT, Sec'y and Treas.
No. 250 San Francisco Street.
Grocery Telephone No. 4. Meat Market Telephone No. 49.

CEREAL FOODS.

At this season a diet consisting largely of cereals and fruits with fresh vegetables conduces to health. We are fortunate enough to be able to quote a number of foods under the price usually asked:

15c. Malta Ceres, ready cooked	12 1-2
15c. Cero Fruto, flaked wheat	10
20c. Ralston Breakfast Food	15
15c. Ready Bits	12 1-2
15c. Pan Cake Flour	12 1-2

VEGETABLE FOUNTAIN

Our vegetable fountain is now in running order. There is a vast difference between articles kept fresh by cool running water and the dried up stuff where no water is used. We receive fresh vegetables daily. Hot house lettuce Monday, Wednesday and Saturday. Asparagus, young onions and radishes nearly every day. Tomatoes, cauliflower, wax beans, cucumbers and summer squash at frequent intervals.

FRESH FRUIT.

We are making a specialty at present of naval oranges:
Per Dozen 25 to 60 cents
Fresh strawberries received under ice, from the California patches near

ly every day. Get your orders in early and we will save them for you. Getting too hot to ship strawberries except under ice.

MEAT MARKET.

You will appreciate a change from the heavier roasts, boils etc. We always have something different in the way of sweet breads, brains, kidneys, calf's liver, eastern lamb and mutton, young veal, sliced boiled ham, sliced smoked beef, summer sausage, pigs' feet, tripe, etc. If you want the finest cuts of eastern corn fed meats call up Telephone 49 or better still, come in person and make your own selections.

NO. 4 BAKERY.

Too hot to bake. Let us do the hard work. It is cheaper to buy your bread and cakes than to pay for fuel, yeast and other materials, to say nothing of the labor and inconvenience. Our products are better than ever, since we have gotten settled in our new sanitary shop.

IMPERIAL FLOUR.

It makes more bread and better bread than any flour we have ever had the pleasure of testing, and we have tested a good many different brands. 50 pounds \$1.50

Stylish Wash Vests

Will Reach the Summit of Their Popularity This Season, so You Might as Well Be Buying Yours NOW!

THE WORLD'S FAIR LINE?

THE

OF COURSE.

Why? Because it is the only line which takes you to the World's Fair. Passengers via the EPNE are carried to our World's Fair Station (within 300 feet of the main entrance) if desired, thereby avoiding the crowds at the Union station and a transfer of about three miles across the city. Yes, you may go to the Union station if you wish.

The EPNE is the shortest line from El Paso and the great southwest to St. Louis, Chicago and all points north. 158 miles the shortest to St. Louis, and only 48 hours on the road.

Equipment? Yes, the best the Pullman Company provides, and all meals served in dining cars. Via this line you are not put to the inconvenience of eating at dining stations (20 minutes only). Just step back to the dining car and eat at leisure the best the markets afford.

T. H. HEALY, Passenger Agent, El Paso, Texas. A. N. BROWN, G. P. A.

To the World's Fair

I would advise you to go to the World's Fair this summer.

It will be a liberal education—almost as good as a trip around the world.

It promises to be the biggest and best exposition of the century.

I would like to sell your family their tickets over the Santa Fe. I really believe it is the best line to take. You will think so, too, after a trial.

G. W. VALLERY, General Agent,
DENVER.

TERRITORIAL TOPICS.

TAOS COUNTY.

Miss Mable McCollum and Edward Wrigler of Red River, were married on last Wednesday evening at the home of the bride's parents, Mr. and Mrs. J. C. McCollum. Justice of the Peace Cartwright officiated. After the ceremony, Mr. Wrigler gave a dance to the many friends of the young couple.

EDDY COUNTY.

An elaborate wedding was solemnized at Carlsbad last Wednesday evening. The contracting parties were Miss Alice Rayroux and Carl Gordon. The ceremony was performed at the Episcopal Church by Rev. Norman F. Marshall. The altar was a bower of roses, and sprays of the same flowers knotted on a rope of ribbon which stretched the length of the aisle, were placed at the end of each seat. The bride party entered to the strains of Lohengrin's wedding march which was played by Mrs. Thomas Blackmore. The bride was followed by Miss Marie Rayroux, maid of honor, and Mr. McKee, best man. Little Josephine Tracy and Master Tom, McLenathau were flower bearers. The young couple left on the evening train for Alamogordo where they will visit Mr. Gordon's parents. In a few days they will go to Rio Vista where they will be at home after July 1.

CHAVES COUNTY.

Miss Helen Kessler of Roswell, left last Wednesday for Troy, Ohio, where she will spend the summer. Mrs. Kessler and daughter, Ruth, leave for Dallas, Texas, next week where the family will make their home in the future. Miss Kessler will join them there in the fall. Both Mrs. Kessler and Miss Kessler were favorites in society circles at Roswell.

A sleep walking accident that came near resulting fatally for the somnambulist, L. Modie Rainbolt, occurred last Thursday in Roswell. While sound asleep, Mr. Rainbolt jumped out of the window of his room in the third story of the court house. The window is about 20 feet from the ground. He struck on the top of a fence, lacerating his face and badly bruising his mouth and nose. But this blow failed to awaken him and he ran down the Main Street to the Shelby Hotel where he was stopped by a young man. Shortly after, J. H. Hogan, who was sleeping in the same room with Rainbolt and had seen him jump from the window, arrived in front of the Shelby Hotel and shook the somnambulist into consciousness. Rainbolt, who was bleeding profusely was taken to the home of his brother-in-law Sheriff Fred Higgins, and a physician called to dress his wounds. He was not seriously injured. The accident occurred about 2 o'clock in the morning. Rainbolt does not remember a thing that occurred between the time that he went to bed and when he was awakened in front of the Shelby Hotel. Had he fallen on the inside, instead of the outside of the jail fence he probably would have been mangled by the blood hounds which the sheriff keeps there to guard the jail.

GRANT COUNTY.

The death of G. B. Upchurch, for fifteen years a citizen of Silver City, occurred last Friday night after a brief illness of typhoid pneumonia. Funeral services were held Sunday afternoon at his late residence under the auspices of the United Order of Workmen of which Mr. Upchurch was a member, and interment was made in the Silver City cemetery. Mr. Upchurch was born in Fulton, Alabama, in 1854, and came to Silver City in 1890. He was for many years an engineer at the Silver City reduction works. He leaves beside his wife, two sons and three daughters.

News was received at Silver City this week of the death of Sidney Putnam Derbyshire, who died last Thursday at Las Cananea, Mexico, of pneumonia. Funeral services were held at the home of Mrs. Charles Fox of that city and interment was in the Cananea cemetery. The news of the young man's death was a great shock to relatives and friends at Silver City and Pinos Altos, where a letter had been received not long before, announcing that the young man was convalescing from the disease. It is supposed that he suffered a relapse from which he died. Sidney Derbyshire was born in Wisconsin, 22 years ago, and came to Grant County as an infant. For several years he was an employee of the Pinos Altos Gold Mining Company and two years ago went to Cananea, Mexico, to work. His father died last January and the young man came home to attend his funeral. This was the last time he was seen by his family. Beside his mother, a brother and four sisters mourn his death. Chauncey E. Derbyshire of Pinos Altos, Mrs. James Burr of Cananea, Mrs. Cora Whitehall of Mimbres, and Mrs. Charles Fox of Cananea.

A dinner like your mother used to cook, at the Bon Ton.

THAT TIRED FEELING.

If you are languid, depressed and incapable for work, it indicates that your liver is out of order. Herbine will assist nature to throw off headaches, rheumatism and ailments akin to nervousness and restore the energies and vitality of sound and perfect health. J. J. Hubbard, Temple, Texas, writes, March 22, 1902: "I have used Herbine for the past two years. It has done me more good than all the doctors. When I feel bad and have that tired feeling, I take a dose of Herbine. It is the best medicine ever made for chills and fever." 50 cents a bottle at Fischer Drug Co.

Pumpkin pie like your mother used to make, at the Bon Ton.

Chamberlain's Stomach and Liver Tablets Better Than a Doctor's Prescription.

Mr. J. W. Turner, of Truhart, Va., says that Chamberlain's Stomach and Liver Tablets have done him more good than anything he could get from the doctor. If any physician in this country was able to compound a medicine that would produce such gratifying results in cases of stomach troubles, biliousness or constipation, his whole time would be used in preparing this one medicine. For sale by all druggists.

OTERO'S SULPHUR HOT SPRINGS.

Hotel and bath houses now open to the public. Store in connection for the accommodation of campers.

R. C. FREELOVE, Manager.

For sick headache take Chamberlain's Stomach and Liver Tablets and a quick cure is certain. For sale by all druggists.

DEPARTMENT OF THE INTERIOR.
Land Office at Santa Fe, N. M., May 3, 1904.
Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the Register or Receiver at Santa Fe, N. M., on June 15, 1904, viz: Harry Wiley for the new, 304 sq. m. sec. 24, T. 1 N., R. 9 E., S. 10 N., 1/4 sec. 12 east. He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: Wm. S. Arks, of Willis, N. M., Bonifacio Sandoval, H. S. Arnold, Frank Emmerson and Pecos, N. M.

Mannuel R. Otero, Register.

Triumphs of Modern Surgery.

Wonderful things are done for the human body by surgery. Organs are taken out and scraped and polished and put back, or they may be removed entirely; bones are spliced; pipes take the place of diseased sections of veins; antiseptic dressings are applied to wounds, bruises, burns and like injuries before inflammation sets in, which causes them to heal without waturation and in one-third the time required by the old treatment. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering which such injuries entail. For sale by all druggists.

If you want to get to the World's Fair easy, miss the rush at Union Station, St. Louis, leave the cars right at the World's Fair gates, take the Santa Fe Central and Rock Island.

ACUTE RHEUMATISM.

Deep tearing or wrenching pains, occasioned by getting wet through; worse when at rest, or on first moving the limbs and in cold or damp weather is cured quickly by Ballard's Snow Liniment. Oscar Oleson Gibson City, Illinois, writes Feb. 16, 1902: "A year ago I was troubled with a pain in my back. It soon got so bad I could not bend over. One bottle of Ballard's Snow Liniment cured me." 25c, 50c, \$1.00 at Fischer's Drug Co.

IMPORTANT.

The Santa Fe Central now has on sale round trip tickets for \$15, good for return until September 30, to Cloudcroft, New Mexico, the most famous summer resort in the southwest. For further information apply to B. W. Robbins, G. P. A., Santa Fe Central Railway, Santa Fe, N. M.

HAVE YOU A COUGH?

A dose of Ballard's Horehound Syrup will relieve it. Have you a cold? A dose of Herbine at bed time and frequent small doses of Horehound Syrup during the day will remove it. Try it for whooping cough, for asthma, for consumption, for bronchitis. Mrs. Joe McGrath, 327 E. 1st street, Hutchinson, Kas. writes: "I have used Ballard's Horehound Syrup in my family for 5 years, and find it the best and most palatable medicine I ever used." 25c, 50c, and \$1.00 at Fischer Drug Co.

CHEAP RATES TO NEW YORK.

The Mexican Central has recently placed on sale tickets to New York and return going via the Mexican Central to either Vera Cruz or Tampico; thence via the famous Ward Steamship Line to New York. The return will be by rail over any line to El Paso. The entire trip covering thousands of miles, Havana, Cuba, and its famous Moro Castle, Newport and a dozen of the largest cities of the United States, can be made for \$122.50. A more delightful trip cannot be planned as stop over privileges are allowed and the tickets are good for one year from the date of sale. The trip includes the City of Mexico, the "Paris of America." Further information can be secured by addressing W. S. Mead, C. R. Hudson, general passenger agent, or W. D. Murdock, assistant general passenger agent.

Short orders a specialty at Bon Ton.

STARTLING EVIDENCE.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bentonsville, Va., serves as example. He writes: "I had bronchitis for 3 years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, consumption, pneumonia and grip. Guaranteed by Fischer Drug Co. Trial bottles free, regular sizes 50c and \$1.00.

UTILIZING THE UNDERFLOW.

A Feasible Plan of Damming Arroyos in Order to Secure a Good Water Supply.

As many of the streams of New Mexico have given out and dried up, it is now necessary in many localities to prospect for the underflow of the streams. The first thing to do is to select a place in the dry stream bed where it seems to be confined to a deep, narrow channel as well as can be judged by the steep rocky sides and excavate a well-like hole down to the water if there is any and open out the bottom of the hole like that of a well. By observation it can be determined whether an underground pocket of water or an underground stream has been struck. In case of a stream, the movement can be detected by the collection of light litter on the down-drain side of the stream or in case of considerable movement, the flow of the stream can be noticed. Supposing the prospect is promising from the tests applied, the next thing to do is to stop the underflow by a submerged dam. To effect this, an excavation must be made clear across the stream to rock or hard clay on both sides and down to bed rock at the bottom of the stream.

The water must be temporarily dammed and forced to flow through a box or pipe. The dam is built as firmly as possible to prevent caving and with the up-stream face plastered with cement or asphaltum if available. The top of the dam usually rises sufficient high above the stream bed to hold back quite a depth of visible water and to deliver it at a level where it may be conveniently taken into a pipe or flume and carried to a ditch below.

This reservoir has many advantages. As most of the water is underground, not much is lost through evaporation. It offers no resistance to freshets and cannot be swept away, and it is a fire-cistern.

HEARST LOSING GROUND.

Thus Far He Has Secured Only 49 Delegates While Parker Has 194—New York For the Latter.

Despite the declaration of Tammany that if the New York convention was for Parker, it would be under protest, William Randolph Hearst continues to lose ground in his race for the Democratic presidential nomination. Conventions of last week in New York show a steady trend toward Parker. It is said that Hearst is almost certain to capture Illinois. Wisconsin has 26 delegates for Wall and Massachusetts has 24 for Olney. The delegates from Nebraska and Oklahoma are for W. J. Bryan. Hearst only has 89 delegates thus far, while Parker has 194 and 307 delegates are uninstructed.

A PAINTING OF ALAMOGORDO.

It is to be exhibited at the St. Louis Exposition—A Work of Art That is Much Admired.

Horace H. Buell of San Francisco, has been at Alamogordo the past four weeks, painting a picture of the city in oil on a canvass fifteen feet by five feet. The picture gives a complete view of the city, as it lies at the foot of the Sacramento Mountains and is not only very realistic but also a gem from an artist's standpoint. An effort will be made to have the picture hung in the New Mexico building at the St. Louis Exposition.

HOTEL ARRIVALS.

Palace: Charles P. Sprecht, Denver; S. F. Ballin, Albuquerque; E. Meyers, Albuquerque; E. Stein, St. Joseph; O. M. Fairchild, St. Louis; Eugenio Romero, Las Vegas.

OUR Facilities are complete for the prompt production of Book, Pamphlet, Catalogues, and General Printing and Binding. We do only the best grades of work and solicit the business of firms and individuals desiring "something above the ordinary" at simply a consistent rate for the character of work we turn out.

The book bindery of the New Mexican Printing Company has been so much enlarged and improved of late that it is the best south of Pueblo to the Mexico line and between Dallas, Texas, and Los Angeles, California.

DOUBTFUL RUMORS.

And Still Scores of Santa Fe People Accept Them as Facts.

The published statement of some stranger, residing in a far away place, may be true enough, but it is generally accepted as a doubtful rumor. How can it be verified? The testimony which follows is convincing proof because it comes from a resident of Santa Fe.

Read this: "Lucario Lopez of Alto st., says: 'When a man has had attacks of backache for ten years, some of them so virulent that he could not walk, that he could not sleep at night and could not even lie comfortably down on account of his back for at least five years of that period, he knows something about what chronic backache really is. As might be expected when my kidneys were not performing their functions properly trouble with the kidney secretions existed particularly observable at night. I consistently and persistently tried remedies guaranteed to cure kidney complaint, before I went to Ireland's Pharmacy for Doan's Kidney Pills, but I met with very indifferent success. Doan's Kidney Pills acted directly on my kidneys and in a very short space of time the backache and trouble with the kidney secretions ceased.'

For sale by all dealers. Price 50 cts. Foster McBurn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitute.

Maxwell Grant.

FARMING LANDS UNDER IRRIGATION SYSTEM.

These farming lands with perpetual water rights are now being offered for sale in tracts of forty acres and upwards. Price of land with perpetual water rights from \$17 to \$25 per acre, according to location. Payments may be made in ten year installments. Alfalfa, grains, fruits of all kinds, and sugar beets grow to perfection.

GOLD MINES.

On this Grant, about forty miles west of Springer, N. M., are the gold mining districts of Elizabethtown and Baldy, where important mineral discoveries have lately been made. Claims on unlocated ground may be made under the mining regulations of the company, which are as favorable to the prospector as the U. S. government laws.

Near Raton, N. M., on this grant, are located the Coal Mines of the Raton Coal and Coke Company, where employment may be found at good wages for any wishing to work during the seasons that farming or prospecting can not be successfully done.

For particulars and advertising matter apply to

THE MAXWELL LAND GRANT CO
RATON, NEW MEXICO

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff dwellers, twenty-five miles west of Los, and fifty miles north of Santa Fe, and about twelve miles from Baranca Station, on the Denver and Rio Grande Railway, from which point a daily line of stages run to the Springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,636.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of

these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, and Female Complaints, etc., etc. Board, lodging and bathing, \$2.50 per day; \$18 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

ANTONIO JOSEPH, Proprietor.
Ojo Caliente, Taos County, N. M.

Easy Street.

There are very comfortable quarters on Easy Street, and most of us are willing to occupy them but as to getting there...there's some hard work ahead whichever direction is taken...but the surest way is to get a good stand and keep doing business on Good Will Avenue. There is a large establishment of Public Confidence located near one end of this well traveled highway. The desirable locations are beyond this establishment, and you will find the older merchants with whom the Good Will people spend their money, are located well up the Avenue and not far from the corner of Easy Street. If you are located on Good Will Avenue and expect one of these days to move up on Easy Street, you know that good goods are the only kind worth using. Well, when it comes to stoves, GOEBEL'S are the kind and you can depend on them to help build a fortune.

W. H. GOEBEL, The Hardware Dealer,
Catron Block, No. 311 * Santa Fe, N. M.

MINOR CITY TOPICS

Dr. Charles A. Wheelon received a new Rambler bicycle yesterday.

The regular session of Santa Fe Lodge, No. 460 B. P. O. E., will be held tonight.

During the months of June, July and August, the office of the surveyor general in the federal building will close at 1 o'clock on Saturdays.

Bishoff is having a special sale of pure kettle rendered leaf lard, 3 pound cans 30 cents, 5 pound cans 50 cents, 10 pound cans 95 cents.

The passenger business on the Santa Fe Central since the change of time and close connection with the Rock Island system, shows a decided increase.

Perhaps the ladies' "Early Summer Sale" will offer articles that you need. Go to the church parlors on Thursday afternoon and see for yourself.

The Santa Fe Central Railway now makes close connection with the Rock Island system for El Paso, for St. Louis and Chicago via Torrance. Travelers will save time and money by taking this route to El Paso or to the east.

The rain yesterday, while of but short duration, was nevertheless very acceptable. Twenty-one hundredths of an inch of water fell. In the Santa Fe range east of Santa Fe it rained considerably and the amount of rain fall was much greater than here.

Lew H. Blake, stenographer in the office of Attorney A. B. Renahan, who with his wife, left a few days ago for a month's camping on the Pecos, has written to friends in Santa Fe that he and his wife together, caught thirteen trout already, one of which measured eleven and a half inches in length.

The direct tendency and ambition of the money saver is to become his own landlord and his own employer. This ambition can best be realized by opening an account through the mail with the Plaza Trust and Savings Bank of Las Vegas. Interest at 4 per cent per annum.

A hint to the city council of Santa Fe concerning the construction of sidewalks. Says the Albuquerque Journal: "Cement walks are being constructed on North Fourth Street in all of the vacant spaces and there is much work in this line going on in other portions of the city."

Many prominent citizens about town are complaining of the way people are tramping over the grass plots in the plaza, and killing what grass there is. In wet weather when the grass is green no one thinks of walking thereon, but this year when it is suffering from the drouth, people make matters worse by tramping upon it.

The ladies of the Ladies' Aid Society of the St. John's Methodist Episcopal Church, will give an early summer bonnet and apron sale, Thursday afternoon, June 9 in the parlors of the church. The sale will be open from 3 o'clock until 8 o'clock, and during those hours Canon City strawberries, cake, coffee and lemonade will be served by the ladies. A very cordial invitation is extended to all.

More showers are predicted for tonight and welcome they shall be. Tomorrow the weather is to be warmer, predicts the weather bureau. The shower yesterday afternoon, while it gave the ground a good soaking and was of great benefit, only amounted to one-fifth of an inch. The maximum temperature yesterday was 75 degrees, the minimum 58 degrees and the relative humidity 43 per cent.

Santa Fe Lodge, No. 2, Knights of Pythias, held its regular semi-annual election last night. The following officers were elected: Chancellor Commander, E. C. Tafoya; vice chancellor, Frederick Siegner; prelate, J. S. Candelario; master of work, J. L. Zimmerman; master at arms, Louis Ullbarri; master of finance, R. H. Bowler; master of exchequer, Evaristo Lucero; inner guard, J. R. Valencia; trustee for 18 months Evaristo Lucero.

Mrs. Robert Wolverton of Torrance, wife of Engine Watcher Robert Wolverton of that place, died at her home in that town yesterday. The remains were taken to Estancia on the 3:30 o'clock train this afternoon and the funeral services were held there at the home of her brother. Interment was in the Estancia cemetery. Mrs. Wolverton's parents reside at Capitán, Lincoln County. The deceased was about 21 years of age. Her husband is prostrated with grief over her sudden death.

Manager Frank Owen of the Santa Fe Water & Light Company has concluded that it would prove best for the interests of the entire community, until the supply in the reservoirs showed a decided increase, to have the water in the mains turned on from 6:00 to 5:00 o'clock in the morning and from 4:00 to 8:00 o'clock in the evening. This will be the regulation until further notice. There has been a slight increase in the supply, but not sufficient to allow water service during the entire twenty-four hours. A watchman is kept on duty at the power house and at the reservoirs day and night to turn on the water if necessary for fire or other public needs.

The management of the Santa Fe Water & Light Company experienced a busy time yesterday forenoon. It became necessary to shut off the water at 8:00 o'clock and between that hour and 12:00 noon no less than 150 people telephoned to the office, wanting to know what was the matter with the water supply. A good many of them were house wives and complained that

the shutting off interfered with their laundry; others thought it was hard on their kitchen operations; one party said she would like to have enough water to wash her face and so on and so forth. This shows conclusively that Manager Owen is considered in the category of the proverbial policeman and that everybody tells him his or her troubles, especially in the water line.

Thick and juicy steaks at Bon Ton.

IMPORTANT CHANGE.

In Passenger Schedule on the Santa Fe Central Railway—Daylight Passenger Service Between Santa Fe and El Paso.

The Santa Fe Central Railway Company will inaugurate effective June 5, 1904, new passenger service between Santa Fe and El Paso, in connection with the El Paso-Northeastern System. This new service will be daily and close connection will be made at Torrance, New Mexico, with the El Paso-Northeastern System trains to and from El Paso and all points south, east and west of El Paso.

Santa Fe Central train No. 1 will leave Santa Fe daily at 6 o'clock a. m. and arrive at Torrance, 10:25 a. m., leave Torrance 10:30 a. m. and arrive El Paso 6 p. m. El Paso-Northeastern System train No. 4 will depart from El Paso 7:25 a. m., arrive Torrance 3:25 p. m. Santa Fe Central train No. 2 will leave Torrance 3:30 p. m., arrive Santa Fe 8 p. m. Connection will also be made at Torrance with all trains to and from the east via the El Paso-Northeastern and Rock Island Systems, all El Paso-Northeastern System trains will carry Pullman standard, wide vestibule equipment, a standard and tourist sleeper, also chair car. These trains will also carry Rock Island System dining cars in which all meals will be served.

Attention is also called to the fact that the El Paso-Northeastern and Rock Island systems are paying especial attention to World's Fair travel.

It has been arranged for their trains to arrive in St. Louis in the morning and theirs' is the only line from the southwest which has its own station at the World's Fair grounds, and passengers traveling via this line may leave the train at the World's Fair gates and avoid the crowds and delay at the Union Station.

For passenger rates and other information address or call on B. W. Robbins, general passenger agent, Santa Fe Central Railway, Santa Fe, New Mexico.

Eat dinner tomorrow and play even at the Bon Ton.
