BATTLE AT DUNVILLE

Between the Troops and Strikers Results in One Killed—Fourteen Union Men Captured.

RECORD OFFICE WRECKED

By the Mob During Last Night's Excitement in the Cripple Creek District—Worse Thought to Be Over.

Cripple Creek, June 9.—After a night of intense excitement due to a battle between the troops and the strikers at Dunville, where one union man was killed, a small skirmish on Big Bull Hill, where one was hurt, and the wrecking of the Victor Record office, matters have quieted down in this military district, and it is generally believed that the worst is now over. A question between authorities may arise over the Dunville battle as it was fought in Fremont County, and John Carley who was killed was brought to Teller. Adjutant General Bell's right to send troops out of Teller is disputed but he claims the authority to do so on a paragraph of orders which gives him authority in Teller County and the territory adjacent thereto. It is considered remarkable that only one man was killed in Dunville as there were about 200 soldiers and deputies and 65 miners engaged and over 2,000 shots were fired by the contending sides. About 20 men were captured and 14 of these are thought to be union men.

C. C. Fridley, brother of the man who is charged with having killed McGee in Monday's riots, has been captured. He has been placed in the bull pen.

Charles Miller, a union leader and a member of the Goldfield city council, has been captured at Canon City. He is charged with doing some shooting in the Victor riot.

George Kyner, the proprietor of the Victor Record whose plant was wrecked last night by the mob, said today that he will establish a new plant as soon as possible and resume publication. He estimates his loss at \$3,000.

George Fridley Captured.
Cripple Creek, June 9.—Marshal Naylor and his squadrons captured George Fridley today near Canon City and returned with him to Victor. He is charged with killing Roxie McGee in Victor on Monday and with having attempted to shoot C. C. Hamlin, Secretary of the Mine Owners' Association when he was addressing a meeting in Victor on Monday.

In Pursuit of Miners.
Victor, June 9.—A squad of mounted infantry have gone out today in pursuit of about 55 union miners reported to be encamped in the Beaver Creek region east of the city. The troops have orders to shoot the men when found if they resist.

Down With Unionism.
Cripple Creek, Colo., June 9.—The Citizens' Alliance today decreed that unionism must be banished from the Cripple Creek district forever. Attorneys are now preparing a document to be presented to all merchants and employees of labor for their signatures pledging themselves not in future to employ anyone connected with a labor union. Three thousand men and women will be affected.

Federal Authorities Will Not Interfere.
Washington, June 9.—The dynamite outrages in Colorado have greatly worried President Roosevelt and he is anxiously awaiting further news as to the true conditions of affairs in that state. Continual appeals for federal soldiers have been made to the President ever since the outbreak of trouble at Telluride and Cripple Creek districts but all such requests have been refused. It has been authoritatively announced that the federal authorities will not interfere in the matter as there are no grounds for such intervention as the President deems that any such action would be unconstitutional. No crimes have been committed against the government, no mails have been interfered with and the legislature of the state has not petitioned for aid in keeping order.

INSTRUCTIONS CABLED CONSUL AT TANGIER

Must Not Commit the United States to Any Guarantee of Immunity to Brigands.

Washington, June 9.—Secretary Hay today cabled Consul General Gummere at Tangier instructions for dealing with the brigand Ralsuli, a point of which is the positive injunction against committing the United States to any guarantee of immunity to the brigands or in any way to take action to recognize the right of the brigandage and blackmail in Morocco.

This attitude will be adhered to regardless of consequences to Perdicaris.

A PITCHED BATTLE.

Has Taken Place Between Cowboys and Three Men Thought to Have Held Up Train.

Glenwood Springs, Colo., June 9.—A pitched battle is reported here to have taken place in the Divide Creek country, 20 miles to the west of this place, between a number of cowboys and three men who are believed to have held up the Rio Grande train, No. 5, near Parachute on Tuesday night. It is said the men are surrounded and one report says one of the robbers was killed. Another report says a man was wounded. It will be impossible for the men to escape as the country is thickly settled and many of the ranch houses are connected by telephone.

Sheriff Adams this morning received a telephone message from Joe Banta, a ranchman on Mamm Creek to the effect that three men came to his place this morning and at the point of rifles demanded breakfast. After their departure Banta immediately sent word to the surrounding ranches by telephone and soon a posse of cowboys started in pursuit. As the sheriff was leaving Glenwood Springs to go to the scene he received word that the fugitives had been surrounded and were firing at their pursuers.

WILL CONSULT THE PRESIDENT

Attorney General Knox Considering the Proposition to Make Him Quay's Successor.

Philadelphia, June 9.—Attorney General Knox joined Henry C. Frick here today and consulted the Republican leaders regarding the proposition to make him Quay's successor in the U. S. Senate. This afternoon Knox and Frick went to Washington where it is understood they will consult the President. Should the President advise against it, it is believed that Knox will remain in the cabinet.

SUCCUMBS TO HEART FAILURE

A Well Known Chicagoan, Father of Lady Curzon Dies at Bar Harbor.

Bar Harbor, Maine, June 9.—Levi E. Leiter of Chicago, died here of heart failure today at Vanderbilt Cottage, which the Leiters had taken for the season. He had not been feeling well for some time, but up to yesterday was able to take his usual drive. He was 70 years old. He was the father of Lady Curzon, the wife of the Governor of India, of Miss Daisy Leiter and Joseph W. Leiter.

SUIT FOR DAMAGES.

Mother of Louis Etzel, the War Correspondent, Killed By Chinese Asks \$20,000 From That Government.

Denver, Colorado, June 9.—Mrs. Mary Etzel, the mother of Louis Etzel, the correspondent who was killed in Chinese waters, today filed a claim against the Chinese government for \$20,000. The case was put in the hands of an attorney who will seek aid from the Washington government in forcing their claim for damages.

REVOLUTION OVER.

All the Ports of Santo Domingo Are Now Open to the Commerce of the World.

Washington, June 9.—The navy department today received a cablegram from Admiral Sigsbee dated Monte Christi which says: The custom house here will begin the transaction of business on June 9. All the ports of Santo Domingo are now open to commerce. The revolution is now ended.

THE GARITA.

The New Mexico Historical Society May Take Steps to Preserve the Ancient Ruin.

An effort is being made by the members of the New Mexico Historical Society here to bring matters to a focus concerning what disposition shall be made of the Garita, the old Spanish fort on the hill north of Santa Fe. This is claimed to be the oldest Spanish fortification in the United States and many of the stirring incidents in Santa Fe's history are woven around it. Two years ago the fortifications were in a fairly good state of preservation. It was then that the Historical Society tried to get possession but the owners although they keep saying that they are going to turn the property over to the Historical Society have not done so yet and in the meantime, the old carved lintel of the doorway, the windows and about half of the adobe have been taken away by vandals. If even a vestige of the old Spanish fortification is to be preserved those who have control of the property will have to take prompt action in the matter.

INTEREST CENTERS AROUND PORT ARTHUR

No Decisive Battle However Has Taken Place—Japanese Are Bombarding the Town From Long Distance Out But Are Afraid to Venture Near on Account of Mines.

St. Petersburg, June 9.—The war office is in possession of information which the officials declare warrants a contradiction of the reports, brought by Chinese fugitives to Che Foo, of a four days' land and naval attack on Port Arthur and extensive damage thereto. An official dispatch from Admiral Witssoeff, dated June 7, reports that the enemy have been bombarding Port Arthur intermittently from sea but does not mention any serious land operations. The general staff seems certain that the enemy's siege guns have not yet been brought up.

Entrance to Harbor Still Blocked.
Che Foo, June 9.—Chinese arriving from Port Arthur say that the entrance to the harbor is still blocked and large vessels are unable to pass. Gunboats and torpedo boats can only effect a passage at high tide. The Russians have several fortified positions between the present positions, extending for a distance of seven miles out, and under the forts of Port Arthur. The Japanese fleet is bombarding Port Arthur daily from a considerable distance off the shore, fearing an attempt at closer range on account of the danger from Russian mines.

Rumors of Engagements.
St. Petersburg, June 9.—Specials from Liao Yang report the Chinese as bringing news that the Japanese on June 2, attacked Port Arthur by land

and sea, but were repulsed with a loss of 3,500 men and four vessels, which they believed to be torpedo boats. Other dispatches give rumors of a naval battle between the two fleets in Gulf Pe Chi Li and a definite report of a bombardment in Liao Tang Gulf near Kiaping, which may foreshadow a landing there for the purpose of cutting the railroad back of the Russian troops operating around Wafangian.

Conditions at Port Arthur.
Che Foo, June 9.—A Chinaman, formerly employed in the machine shops at Port Arthur, who arrived here today, says only five of the nine largest Russian ships at Port Arthur are capable of going to sea, and that steam is kept on but three of these sound vessels. All the guns from the damaged ships have been removed to the forts and the sailors from these ships have gone to the front with the troops. Russian torpedo boats leave the harbor occasionally for a half hour but the largest warships cannot get through the entrance. Little work is being done in the machine shops because of the confusion among the workmen each time firing is heard. The Russians are refusing permission to skilled workmen to leave Port Arthur, but many are escaping. Japanese spies entered Port Arthur last week, distributing notices assuring the Chinese of liberal treatment in case the Japanese were victorious.

WANTED FOR MURDER.

Henry White Arrested in Alamogordo and Sent to Louisiana Where He Will Answer to Charge.

The cook on a boarding car of the El Paso & Northeastern Railway at Alamogordo, was recently arrested by Deputy Sheriff E. W. Cidsley of Winfield, Louisiana, charged with brutally murdering City Marshal R. B. Wright of Winfield.

The negro who was known in Alamogordo, as Henry White appeared in that city about two weeks ago and obtained a position as cook at once. Shortly afterward E. Z. Gessler an employee of the Northeastern Railway received a circular from a friend in Louisiana describing one Alfred W. Shepherd alias Shep. Davis, who was wanted for the murder of the assistant city marshal of Winfield, and for the apprehension of whom the city offered a reward of \$500. Gessler at once recognized White as the man described in the circular and wrote to the authorities in Louisiana, and Sheriff Cidsley came on yesterday with a warrant for the prisoner. When he arrived in Alamogordo and went to the car he recognized the negro at once and the negro recognized him. White gave him a lively chase before he was captured.

White escaped into the country but swift horses were procured and a posse of men set out after him. He was captured about two miles and a half from town. Yesterday afternoon, he was placed on the train en route for Louisiana. White alias Shepherd, ran a disorderly house in Winfield. One day Assistant Marshal Wright dropped in to see what was going on and Shepherd, who was playing a piano at the time, reached under it, took out a revolver and shot Wright dead. He fled the country at once. The murder occurred in February 21, of this year.

As soon as the negro is returned to Louisiana, Mr. Gessler will receive a reward for locating him.

A GOOD RAIN AT TRES PIEDRAS

It Set in About Dark Tuesday and Lasted Until Midnight—Several Inches of Snow at Hopewell.

Special Correspondence New Mexican. Tres Piedras, June 8.—There is general rejoicing in northern New Mexico this morning over the breaking of the drought last evening by a rain that set in about dark and lasted until after midnight. There has been less than one-half inch of moisture in eleven months and even grass roots in many cases were dead. The rain last night will be worth thousands of dollars to live stock interests on the range and to the agricultural sections of the Taos Valley. At Hopewell several inches of snow fell.

The New Mexican Printing Company will do your job work with neatness and dispatch.

ALBUQUERQUE'S WATER SUPPLY.

A Three Million Gallon Pump being Installed, Wells Sunk and Other Improvements Made.

When the Albuquerque Water Supply Company has completed the improvements now under way and those contemplated, Albuquerque will have the best water plant in the Territory installed in the most attractive buildings and surrounded by a beautiful park.

To guard against any shortage in the water supply and to meet the demands of the rapidly growing city, the water company is now installing a three million gallon Holley pump which, combined with the capacity of the pumps already working, will make a total capacity of six million gallons of water every twenty-four hours. The water supply for the city is obtained from wells several of which have been sunk by the company to a depth of from 100 to 1,000 feet and supply a practically unlimited supply of water. The present increase in the Albuquerque water plant makes the water supply for that city absolutely secure for some years to come.

CRAZED BY DRINK.

A Swede in the Government Employ at Fort Apache Attempts Suicide in an Albuquerque Hotel.

Frank G. Lindstadt, a native of Sweden, but who has been in the employ of the government at Fort Apache, Arizona, for some time, attempted to commit suicide in the Sturges European Hotel in Albuquerque, several nights ago. He had been drinking heavily for the past three weeks and it is thought that depression brought on by the spree was the motive for the rash act. With a dull pen knife he made several gashes in his throat and wrists but was discovered before he had succeeded in severing an artery, and taken to the hospital. Here a guard has been placed over him and he is being given every attention, but his recovery is doubtful. Several hundred dollars were found in his possession. Lindstadt has a brother working in Burlington, Iowa, and his parents reside in Sweden.

A SALOON FIGHT IN ROSWELL.

Started Over a Drink of Whiskey and May Result in the Death of One of the Combatants.

A fierce fight occurred in a saloon in Roswell on Tuesday morning between two sheep shearers. The disturbance started over a drink of whiskey and as a result one of the combatants is at the point of death in a hospital. The other party to the fight has escaped. Knives were used freely in the row.

Call on the New Mexican Printing Company for engraved visiting cards.

GERONIMO AT THE FAIR.

Will Occupy a Tent on the Indian Reservation—In Charge of Captain Sayer of Fort Sill.

Geronimo, the famous old Indian chief and veteran warrior, arrived at the exposition during the past week from Fort Sill, Arizona. He is in charge of Captain Ferrend Sayer, custodian of the Apache prisoners of war at Fort Sill. Geronimo will occupy a tent on the Indian reservation during the fair. He was greatly pleased with what he saw of the exposition and as soon as he has recovered from the fatigue of his trip he will be taken all over the grounds by Superintendent S. M. McCowan.

COUNTY SCHOOL ELECTIONS

John V. Conway, County Superintendent Has Received Returns From Many Districts.

The returns of a number of school elections which were held in each district of the county June 6 have been received by County Superintendent of Schools, John V. Conway.

District No. 1, Pojoaque, Efrén Quintana was elected to serve for a term of three years.

District No. 5, Agua Fria, Manuel Ortiz was elected to serve for a term of three years.

District No. 9, San Ildefonso, Eleuterio Gonzales, elected to serve for a term of three years.

District No. 15, Nambe, Desiderio Ortiz elected to serve for a term of three years.

District No. 18, Santa Cruz, Bartolo Bustos, elected to serve for a term of two years; Eligio Madrid and Moladio Quintana, receiving the same number of votes. On account of this tie the county superintendent according to law, will appoint one of the two for the position.

District No. 19, Cow Springs, Vian Garcia elected to serve for a term of three years.

District No. 20, Chimayo, Victor Ortega, elected to serve three years.

District No. 22, Arroyo Hondo, Encarnacion Ortiz, elected for three years. Thomas Abeytia for two years, and Rosario Rodriguez for one year.

District No. 25, San Antonio, Epimelio Montoya, elected to serve for a term of three years.

District No. 28, Los Cuarteles, Petrolino Lopez, elected to serve for a term of three years.

District No. 29, Bueno Vista, Martin Lujan, elected to serve for a term of three years.

THE UNCOMPAGHRE IRRIGATION PROJECT

\$2,500,000 Has Been Appropriated to Carry Out the Scheme and Actual Construction Work Will Begin Shortly.

Washington, June 9.—Two million five hundred thousand dollars has been officially appropriated by Secretary Hitchcock of the Interior Department for the Gunnison or Uncompahgre irrigation project in Colorado. It is proposed to irrigate 100,000 acres of land in the Uncompahgre Valley by diverting the waters of the Gunnison River by means of a tunnel and canals built from Gunnison Canon. All the preliminary surveys have been completed and since the money necessary has been appropriated construction work will begin at once.

DROUTH CAUSES A SUICIDE.

A Grant County Stockman Despondent Over His Losses in Live Stock Commits Self Destruction.

A suicide that created considerable interest in western New Mexico and eastern Arizona was that of W. H. Wilton, owner of a large goat ranch in western Grant County, who killed himself last Saturday in Clifton, Arizona. Depression over losses of goats and horses from drouth was the cause that led to his death.

Benjamin Wilton, a brother of the dead man, who lives at Fierro, was notified of the tragedy on Sunday and left immediately for Clifton to bring home his brother's remains. W. H. Wilton was for years, a conductor on the Santa Fe Railway but of recent years has been devoting himself to goat raising. Wilton had been in Clifton for two weeks before his death and seemed greatly depressed over his losses in livestock on account of the drouth. Last Friday his son, Lee, came in from the ranch to see what was detaining his father so long. Saturday afternoon, the father left his boy on the street saying that he would go to Boomerang Smith's, a friend of his, and lie down. Late in the afternoon, the boy went in search of his father and found him dead upon his bed with a bullet hole in his head and a six shooter by his side.

Letters to his wife, W. H. Hagan, Daniel M. Lynch, Editor Leonard, Mr. Hamilton and Mr. Harvey were found on a table near the dead man. The coroner's jury brought in a verdict of suicide.

Advertising pays Try it and see.

LOOKING FOR PLACERS

Wisconsin Men Who Desire to Test a New Concentrator and Dredge in New Mexico.

LITTLE WATER NEEDED

The Machine is Apparently a Success and Should Be a Certain Money Maker.

E. B. Phillips and G. Seberg, of Racine, Wisconsin, spent several days in the city, posting themselves upon the whereabouts and formations of the gold placer sections of the Territory. They are experienced miners and are members of a company organized in Racine, which has manufactured an improved machine to work gold placers. The name of the company is the Racine Concentrating Mining and Manufacturing Company. They called at the office of the Bureau of Immigration where considerable information concerning the placer deposits in New Mexico was furnished them. They expect to visit southern Santa Fe County, Taos, Rio Arriba, Lincoln, Sierra and Otero Counties to make a careful and exhaustive inspection of the placer deposits in these counties. They left this morning for the Ortiz land and the Golden and San Pedro mining camps in southern Santa Fe County to commence their inspection. The following is a description of the Racine Concentrate Dredge and Separator:

The weight of the dredge is six tons. The working capacity is one yard every two and one-half minutes. The working capacity or the strain which diggers can stand is 30,000 pounds. The concentrator of this machine will hold and save the finest particles of gold. The machine contains two tanks, diggers or dredges, the diggers working on an endless chain which contains 40 steel buckets, the links of said chain being steel. The tanks of said machine are in sections and no section of tank or machine is so heavy but that it could be carried across the country on burros. The diggers of the machine empty into a grizzly which revolves, separating the coarse and fine gravel, the coarse gravel emptying into the second tank where revolving shovels lift it up and on a tilling dump. The fine gravel containing gold will go through a circular or spiral sluice which is 40 feet long, 18 inches wide and 12 inches high, all sides being enclosed. This sluice is sectional, each section having a cover which is screwed down on sacking until water tight. In this spiral sluice are wings which divide the current so that the bottom of every section comes in contact with what passes through it. In the bottom or end of the sluice is a centrifugal pump which creates the current and raises the gravel into tank No. 2, where the coarse gravel had been emptied. The sand or gravel in tank No. 2, is fed up by a ribbon conveyor which will raise it up to the shovels, the shovels will lift it up and out of the water and into the tailings. The machine when standing still, including the spiral sluice is water tight to the water level in the tanks. When the machine is put in motion, the centrifugal pump creates the current in the different tanks and sluice box. This pump can be controlled so that any desired current can be had to suit the conditions of the ground or kind of gold desired to be worked. The tanks are made of boiler plate. The transmission of power is by warranted steel link chains. The advantage of this machine is that it works where there is a scarcity of water. The steady flow from a one inch pipe is sufficient to work this machine. The only loss of water that will be experienced is what is absorbed by the gravel passing through it.

Messrs. Phillips and Seberg informed the New Mexican that the machine had been thoroughly tested in actual working in different localities and that it was a success in every respect. The process is simple and economical; the machine does not easily get out of order and has stood the test of hard and practical experiments. If the grounds warrant it, they are sure they can go to the expense of conveying the small amount of water needed for the machine in pipes for a distance of three miles and then make money. No matter how fine the placer gold in the gravel is, the machine will save it, as has been fully demonstrated. The amount of water necessary to run it successfully is very small. They believe that they will be able to find suitable conditions in some of the placer sections of the Territory for the concentrating machine and if so, they will put one or more to work, as rapidly as they can get them into New Mexico.

GENERAL RAINS AROUND LAS VEGAS.

The drouth conditions around Las Vegas have been relieved somewhat by general rains which fell in the Meadow City and vicinity on Tuesday. Farmers and stockmen are still suffering, however, and many such rains are needed to do any material good.

SANTA FE NEW MEXICAN

THE NEW MEXICAN PRINTING COMPANY, PUBLISHERS.

MAX. FROST, Editor.

PAUL A. F. WALTER, Manager and Associate Editor.

PERCY E. KNIGHT, Secretary and Treasurer.

Entered as Second Class matter at the Santa Fe Postoffice.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

HOW THESE DEMOCRATS DO LOVE ONE ANOTHER.

The lively manner in which the Democratic newspapers and party leaders are belaboring each other will leave but little in that line for the Republicans to do in the coming struggle. In a carefully prepared speech in Dallas, Texas, a few days ago Mr. Bryan said:

"If you will read the New York platform, that is presented as the reorganizers' platform, you will find there is not in it one single principle that you honest Democrats have learned to love. There is not a plank that you would be willing to go before the country on as an honest statement of principles."

Thereupon the New York Times, a Cleveland-Parker organ makes these very pertinent, or impertinent, remarks:

"That is a little reckless even for W. J. Bryan. The honest Democrats of Dallas, we have no doubt whatever, would feel no shame in going before the country on the declaration that our Presidents ought not to make our laws or violate the pledges of our treaties, or bear themselves in such a restless, adventurous, and generally turbulent manner as to impair business confidence. We make bold to affirm, also, that the Democrats of Dallas would not balk at the Saratoga platform's demand for 'honesty in the public service.' In short, there are a good many old-fashioned Democratic principles imbedded in that platform, and there are plenty of live political issues which it treats in a Democratic way, though we admit that Mr. Bryan might never find that out."

"But we defy the honest Democrats of Texas and of all the other states and territories to find any Bryanism in the New York Democratic platform. We have not heard that any Democrat of the ancient faith who of late has found himself unable to act with his party has announced the discovery of heretical or disquieting matter in that platform. No Democrat desiring and intending to return to the party fold, now that Bryan has been put out of it, has been deterred by anything the New York Democrats said at Saratoga. The Democrats of some of the states have not been so successful in purging away the taint of Bryanism."

"The New York Democrats made no compromises. They offered not the slightest concession to Bryanism. Their attitude very naturally puts Mr. Bryan in a rage, but it has not cost the party the vote of a single Democrat in those states which must be carried to elect the presidential candidate of the party."

When the Times speaks about Bryan being "put out of the party fold," it raises a question with two very distinct sides to it, as Bryan has "put" the Times and its faction "out of said party fold"; and there may be a pitched battle over that question, in the St. Louis convention, which must be fought to a finish before it can think of beginning business. If the Bryanites succeed it would seem to be impossible for the so-called reorganizers to co-operate with them at all. But if the free silverites are put hors de combat, can they by any possibility swallow a platform in which, as Bryan says, "There is not in it one single principle that you honest Democrats have learned to love." That condition is bad enough in all conscience, but the Hearst contingent must not be overlooked for it has assumed portentous proportions of late. Its principle seems to be Hearst and he has barrels of money which has been lavishly scattered round wherever it will "do the most good"—to Hearst. So here are three well defined factions hating each other bitterly and impartially. The New Mexican suggests to non-combatants to view the hostilities as the war correspondents do—with a powerful telescope. It will be the safest way.

The St. Petersburg government insists that it has more than enough soldiers finally to overcome the Japanese armies in the present war. This may be so, but the generals to command these soldiers ably and successfully have as yet not been found by the Czar. After all numbers alone do not win wars in the twentieth century.

CORTELYOU IS ALL RIGHT.

It has been stated definitely that Secretary George B. Cortelyou of the Department of Commerce and Labor, is to resign and is to be chairman of the Republican national committee during the present campaign. The selection, judging by many newspaper comments is declared to be very wise, sagacious and indeed excellent. Many Democratic journals concede this and the Republican press seems to be almost unanimously in his favor. The Denver Republican commenting hereon expresses western sentiment when it says that in the final selection of Secretary of Commerce Cortelyou as chairman of the Republican national committee upon whom will devolve the responsibility of conducting the national campaign, President Roosevelt won a notable victory over those who opposed his choice.

It was characteristic of President Roosevelt to insist upon the man whom he had selected, and in view of his intimate personal acquaintance with Secretary Cortelyou, Republicans throughout the land may feel encouraged at the fact that he stood out for his man. The President is personally more deeply interested in the result of the campaign than any other Republican, and we may rest assured that he exercised his best judgment in choosing Secretary Cortelyou.

From all that has been learned in regard to the new chairman and his career it seems that the selection is eminently wise and prudent. Secretary Cortelyou is a man of great ability, wonderful energy and exceptional tact. He will harmonize all the forces in the party, and long before the campaign is fully under way he will receive the cordial and earnest support of the men who opposed his selection for this important post.

A CHANGE FOR THE BETTER NECESSARY FOR SANTA FE.

In Albuquerque the city council is paying earnest and strict attention to the construction of sidewalks and the beautifying of the town. The common council of this city should profit by this worthy example. Albuquerque is growing and prospering. This city is not as fortunately located from a business standpoint as is its neighbor to the south. But it is far better located from a climatological and health view, therefore everything possible must be done towards beautifying the city and making it comfortable, pleasing and pleasant to healthseekers, sojourners and residents. The extension of brick sidewalks and crossings is among the measures which will help to bring tourists, travelers, rest and healthseekers to Santa Fe and will induce them to stay. Property owners on the principal business streets and resident avenues can afford to make these improvements and the city council must make them for the city wherever it is the duty of the municipality so to do. In addition, bridges must be repaired, streets and crossings kept clean, the nuisance of stray and unlicensed dogs abated, and the public health must be watched over and preserved at all times. The city council at its last special session made a small beginning towards the construction of needed sidewalks, but nothing was done in the line of crossings and the other matters referred to. This Fabian policy on the part of the council is of positive detriment and of genuine harm to the advancement, progress and prosperity of this town. It is hoped that a change for the better will come and that speedily.

In the Oregon election last Monday, the Republicans made great gains and elected their candidates in the first and second congressional districts. Binger Hermann and John H. Williamson by heavy majorities. The Republican candidate for state supreme judge, Frank A. Moore, is elected by over 20,000 majority and the majorities of the candidates for minor state offices are in the same ratio. The first gun in this year's campaign has been fired and a great Republican success has been attained. This is certainly a favorable omen for the Republicans and vice versa for the Democratic party. Clevelandites, reorganizers, Bryanites, Hearst men and the rest. What's the matter with Oregon! She's all right!

U. S. Senator Joseph Bailey of Texas, it is reported, has been selected as temporary chairman of the St. Louis Democratic convention and Representative John Sharp Williams for permanent chairman of that gathering. The selections, while not admirable, are well placed. The strength of the Democracy is in the south and therefore that section ought to have the honors if any such are given out. Bailey and Williams are alright from a Democratic standpoint, but away off when the country at large is concerned.

A New York man a few days ago committed suicide because a bank declined to loan him \$450,000. He felt himself so slighted that he did not care to live any longer. Had he lived in New Mexico he would not have been so thin-skinned and sensitive. It is safe to say that there are many men in this Territory who have been refused much smaller loans by the different banks doing business in New Mexico and who have no idea of committing suicide.

The good people of Colorado are thoroughly aroused at the very atrocious, bloody and dastardly crimes which have taken place within the last few days in the towns and mining camps in the Cripple Creek mining district. In truth and soberness, they ought to be aroused and the murderous ruffians who are at the bottom of these crimes should receive neither mercy nor leniency.

IT SCARES PEOPLE

Who come of a consumptive family when they begin to cough and the lungs are painful. But it is a fact beyond dispute that consumption is not and cannot be inherited. The microbe which breeds disease must absolutely be received by the individual before consumption can be developed.

Men and women who have been afflicted with obstinate coughs, bronchitis, bleeding of the lungs, emaciation and weakness, have been perfectly and permanently cured by the use of Dr. Pierce's Golden Medical Discovery. It cures the cough, heals the lungs, and builds up the body with solid flesh.

"When I commenced taking your medicine, eighteen months ago, my health was completely broken down," writes Mrs. Cora L. Sunderland, of Chaneyville, Calvert Co., Md. "At times I could not even walk across the room without pains in my chest. The doctor who attended me said I had lung trouble, and that I would never be well again. At last I concluded to try Dr. Pierce's medicine. I bought a bottle of 'Golden Medical Discovery,' took it, and soon commenced to feel a little better, then you directed me to take both the 'Golden Medical Discovery' and the 'Favorite Prescription,' which I did. Altogether I have taken eighteen bottles of 'Golden Medical Discovery,' twelve of the 'Favorite Prescription,' and five vials of 'Pelle's.' I am now almost entirely well, and do all my work without any pain whatever, and can run with more ease than I could formerly walk."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps to cover expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

The Idaho Democrats in their state convention held last Monday instructed their delegates to the St. Louis convention for W. R. Hearst. The Cleveland-Parker reorganizers in the far east may dislike and despise Congressman Hearst, but in the great and boundless west, Mr. Hearst has evidently many friends in the ranks of the Unterrified Democracy.

The mailed hand of the law should be laid upon the Western Federation of Miners in the state of Colorado. The question is "who's the biggest?" The people of the Centennial States, the supremacy of law and order, the good of the commonwealth on one side or the will of the Western Federation of Miners on the other side? The issue is not in doubt.

It may be safely announced that the Democratic campaign books of this year, will not contain Mr. Bryan's opinions of Mr. Cleveland or Mr. Cleveland's views on Mr. Bryan's character.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; hence cases of deafness are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

Notice for Bids to Lease Saline Lands of New Mexico.

Office of Board of Public Lands, Santa Fe, New Mexico. By order of the Board of Public Lands, notice is hereby given that applications to lease certain saline lands or salt lakes belonging to the Territory of New Mexico in Socorro county, for a term of five years, described as follows:

Lots 3, 4, E. 1/4, S. 1/4, W. 1/4, S. E. 1/4, Sec. 30, T. 3 N., R. 15 W., N. E. 1/4, 219.26 A. Lots 1, 2, E. 1/4, N. 1/4, W. 1/4, N. E. 1/4, Sec. 31, T. 3 N., R. 15 W., N. E. 1/4, 249.13 A. S. E. 1/4, S. E. 1/4, Sec. 25, T. 3 N., R. 15 W., N. E. 1/4, 40. A. E. 1/4, N. E. 1/4, Sec. 30, T. 3 N., R. 15 W., N. E. 1/4, 618.30

will be received by the undersigned Commissioner of Public Lands up to the first day of July, 1904. That such applications shall accurately describe the lands desired by government subdivisions and be accompanied by a certified check or Postal Money Order for 10 per cent. of the amount bid and endorsed "Application for lease of salt lands." The applicants may be present in person should they so desire at the regular meeting of the Board at the Capitol Building on the first Monday in July at 10 o'clock a. m. And the board reserves the right to reject any and all bids. A. A. REEN, Commissioner of Public Lands.

THE WEEKLY CROP BULLETIN

U. S. Department of Agriculture.
NEW MEXICO SECTION
CLIMATE AND CROP SERVICE
WEATHER BUREAU

In Co Operation With the New Mexico Weather Service.

Santa Fe, N. M. June 7, 1904.
The temperature has averaged somewhat below normal, the nights especially being cool, causing slow growth even where situation otherwise were favorable. Good local showers occurred the latter part of the week, over the northern half of the Territory, greatly improving farming and range conditions, elsewhere light showers or entire absence of rain are reported and the outlook continue serious. Hail accompanied the showers in some parts, damaging crops in small areas.
In the northeastern counties, range is greatly improved, streams are flowing and stock water is more abundant, with some water available for irrigation; in the southern districts, however, no material improvement is reported, barring small irrigated areas, and farming and stock conditions remain grave. Wheat is turning yellow from drought and heading very low; stock losses from starvation are great, plowing and planting have been impossible and timber losses continue heavy. Alfalfa harvest is beginning in northern counties, but the crop is light even on irrigated lands.
The week closes with more favorable shower conditions and encouraging outlook for the northern half of the Territory.
The following extracts are taken from the reports of correspondents:

Albert—H. M. Hanson—One or two light showers but moisture still insufficient, and grass extremely scant. Stock generally in poor condition; lambing over and increase has been slight, probably offset by loss in old sheep; better conditions reported from the extreme north end of the county. Rainfall, 0.38.
Arabela—A. M. Richardson—Still dry, no rain since the small showers of last week; no vegetation starting.
Deming—C. B. Boswick—Weather continues to be very dry, and little prospect for showers; cattle reported suffering.
Fort Wingate—John Woodgate—A dry windy week; light local showers west and southwest of here have freshened up the grass a little, but water is scarce and the country very dry.
Gallinas Springs—Frank H. Clark—Not enough rain to do much good; some planting done this week, corn and beans.
Glencoe—Anna Coe—Dry, windy weather prevails.
Hobart—W. H. Hough—Very dry with high winds; corn looks fairly good; wheat heading very short; fruit falling badly; vegetation looks good, where sufficient water is obtained.
Laguna—Gus Weiss—Still dry, no rain since last report; wheat about six inches high but turning yellow from lack of moisture. Very strong westerly winds blew during the week, drying out the soil rapidly. The wool clip is light; losses of cattle, horses and sheep by starvation will be very heavy; water for stock getting short.
Las Vegas—Wm. Curtiss Bailey—Cloudy the latter part of week with high winds and dust storms; showers Sunday; cooler the night of the 4th.
Lincoln—Geo. A. Peter—Drought continues, stock dying, no grass; no plowing yet done on the dry ranches; springs in the Capitan Mountains are failing fast; more timber dying each day; high winds prevailed during middle of the week.
Los Alamos—Wm. Frank—Condi-

Doctors Say Drink More Schlitz

The body requires ten glasses of fluid per day. Most people drink too little to flush the body of its waste. The result is bad blood, nervousness, disease.

Then the doctor says "Drink More;" and he knows this advice to be worth more than medicine.

That's one reason why pure beer is good for you. It leads you to drink more. And the beer is also a food and a tonic. But the beer must be pure.

Schlitz beer is brewed in absolute cleanliness and cooled in filtered air. It is aged for months so it will not cause biliousness.

That's why doctors say "Schlitz." Ask for the Brewery Bottling.

Baby Mine

Every mother feels a great dread of the pain and danger attendant upon the most critical period of her life. Becoming a mother should be a source of joy to all, but the suffering and danger incident to the ordeal makes its anticipation one of misery. **Mother's Friend** is the only remedy which relieves women of the great pain and danger of maternity; this hour which is dreaded as woman's severest trial is not only made painless, but all the danger is avoided by its use. Those who use this remedy are no longer despondent or gloomy; nervousness, nausea and other distressing conditions are overcome, the system is made ready for the coming event, and the serious accidents so common to the critical hour are obviated by the use of **Mother's Friend**. "It is worth its weight in gold," says many who have used it. \$1.00 per bottle at drug stores. Book containing valuable information of interest to all women, will be sent to any address free upon application to **GRABFIELD REGULATOR CO., Atlanta, Ga.**

Mother's Friend

PENITENTIARY BIDS.

Santa Fe, New Mexico, June 1 1904.
Sealed proposals will be received by the board of New Mexico penitentiary commissioners at the office of the superintendent, until 10 o'clock a. m., on Monday, June 13, 1904, for furnishing and delivering at the New Mexico penitentiary the supplies hereinafter mentioned, or so much thereof as the board may deem sufficient. Payment for said supplies will be made in cash. Delivery of all supplies except perishable articles must be as directed by the superintendent.
Samples will be required of all articles marked with an asterisk, and these should be labeled, showing name of bidder, price, etc., and must be delivered to the superintendent not later than 9 o'clock on said day.
All bids must be strictly in accordance with the conditions on blank proposals, which will be furnished by the superintendent on application; no bid otherwise made will be entertained. A bond will be required from all successful bidders for the faithful fulfillment of contracts within ten days after date of award.
75,000 lbs. fresh beef, prime quality, necks and shanks excluded.
*25,000 lbs. flour.
*3,000 lbs. beans.
*1,000 lbs. oatmeal.
*500 lbs. evaporated peaches.
*500 lbs. evaporated apples.
*500 lbs. prunes 60-70.
*2,000 lbs. hominy.
*250 lbs. raisins.
*50 sacks granulated sugar.
*1,000 lbs. rice.
*25 cases laundry soap.
*25 lbs. black pepper, whole.
*1 case baking soda.
*100 lbs. baking powder.
*3 doz. vanilla, half pints.
*3 doz. lemon, half pints.
*2,000 lbs. corn meal.
*1 case corn starch.
*10 cases Cal. fruits, ass'd.
*10 cases tomatoes, canned.
*5 cases canned corn.
*100 lbs. laundry starch.
*200 lbs. sal soda.
*6 barrels syrup.
The board of New Mexico penitentiary commissioners reserves the right to reject any and all bids.
In submitting bids for above supplies, bidders should write plainly on envelope the following: "Bids for supplies for New Mexico penitentiary," with name or names of bidder or bidders, to avoid the opening of same by mistake.
By order of the board of New Mexico penitentiary commissioners.
H. O. BURSUM,
Superintendent.
Samples may be sent separately, duly marked and numbered, to the superintendent.

STORY & CLARK Pianos!

Read What Accomplished Musicians Say of the Story and Clark Piano.

"Equal if not superior to any instrument I have had occasion to use."—Barron Berthold.
"Shows such superiority of workmanship and finish as must make them welcome to any household."—Leonora Jackson.
"Grand resonant in tone and delightfully sweet and tender."—Mathilde Bauermeister.
"I cannot speak too highly of your pianos, they seem to be unsurpassable."—R. Watkin Mills.
"Your pianos embody sweetness and richness of tone, splendid carrying power and excellent action."—Rosa Oltzka.
"They are mod ls for tone and touch."—Marie Engle.
"I find your pianos wonderfully sympathetic for accompanying the voice."—Lillian Blauvelt Pendleton.
"Gave the liveliest satisfaction to me. I consider them second to none."—David Francon Davies.
"I think it capable of the fullest expression of musical thought."—Ellen Beach Yaw.
"In my opinion they rank among the very best pianos of the day."—Emile Sauret.
"Possessed of a beautiful quality of tone and a most sympathetic touch."—Fernando de Lucia.
"I was perfectly charmed with its beauty of tone and delightful touch."—Francis Allisen.
"Their tone is sweet as well as resonant. Are remarkably adapted for accompanying the voice."—Clementine de Vere Sapiro.

THE STORY & CLARK PIANO CO.

Employ only expert workmen and no piece work or contract work is done in their factories.
They have won renown on two continents for excellence and beauty of their instruments.
Prices and terms most liberal.
Call on the General Agent for New Mexico,
FRANK DIBERT
Santa Fe, N. M.
Who will show you the Story and Clark Pianos in the several styles and finish—Mahogany, Hungarian, Walnut and Golden Oak.

tions continue unfavorable; good clouds come up, but are dissipated; some high, cold winds. On the fifth a very heavy rain fell during the afternoon, filling the water holes.

Maxwell City—Wm. French—Water for irrigation still scarce; grass starting nicely, but growth slow, owing to cold nights; stock now doing well.

Miera—Franco Miera—The showers of the latter part of May did some good, grass has made a start but is very slow, sheep begin to pick it; cattle very weak and some dying. Rain has been very light in this vicinity and much more is needed; lambing is over, with very poor result; good increase in calves.

Mountainair—John W. Corbett—Rain and hail during afternoon of the 5th, amount 1.12 inch; vegetables damaged by the hail; storm heaviest north and east of the station; apparently no rain on the mountains.

Ojo Caliente—A. Joseph—Very light showers have fallen, not sufficient to do much good; water in streams disappearing rapidly; crops on irrigated land look promising. The alfalfa crop is being harvested; yield somewhat below average, owing to long continued drought.

San Rafael—Chas. M. Grover—Most pleasant week of the spring, nights more mild and windy days less frequent; crops thriving, alfalfa beginning to bloom, and some volunteer wheat observed with well filled heads; bulb onions forming sets; wild grass growing fairly well; gardens in splendid condition; corn making a good stand; some indications for rain.

Santa Fe—U. S. Weather Bureau—Light showers in the valley and vicinity, but insufficient to materially benefit fruit crop or range; water supply continues exceedingly low, scarcely enough for domestic purposes and none for irrigation. Temperature during the week was slightly below normal; precipitation 0.02 of an inch.

Vermejo—H. W. Adams—Local showers, with snow in the higher districts on the 2d and 3d; nights continue cold and vegetation making slow growth.

Wagon Mound—J. L. Gunn—No rainfall worthy of note; cooler weather during the latter part of week, with slight frost; alfalfa and gardens doing moderately well; stock still shrinking.
CHARLES E. LINNEY,
Section Director.

WORST OF ALL EXPERIENCES.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For 3 years" she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For liver, kidney, stomach and bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by Fischer Drug Co.

NOTICE TO STOCKHOLDERS.

The regular annual meeting of the stockholders of the New Mexico Printing Company will be held at the office of the company in the city of Santa Fe, Territory of New Mexico on Monday July 11, 1904, p.m. for the election of directors for ensuing year and for the transaction of such business as may regularly come before the meeting. Stockholders will please take notice.
P. F. KNIGHT,
Secretary.

Santa Fe, N. M., June 8, 1904.

IMPORTANT CHANGE.

In Passenger Schedule on the Santa Fe Central Railway—Daylight Passenger Service Between Santa Fe and El Paso.

The Santa Fe Central Railway Company will inaugurate effective June 5, 1904, new passenger service between Santa Fe and El Paso, in connection with the El Paso-Northeastern System. This new service will be daily and close connection will be made at Torrance, New Mexico, with the El Paso-Northeastern System trains to and from El Paso and all points south, east and west of El Paso.

Santa Fe Central train No 1 will leave Santa Fe daily at 6 o'clock a. m. and arrive at Torrance, 10:25 a. m.; leave Torrance 10:30 a. m. and arrive El Paso 6 p. m. El Paso-Northeastern System train No. 4 will depart from El Paso 7:25 a. m. arrive Torrance 3:25 p. m. Santa Fe Central train No. 2 will leave Torrance 3:30 p. m. arrive Santa Fe 8 p. m. Connection will also be made at Torrance with all trains to and from the east via the El Paso-Northeastern and Rock Island Systems, all El Paso-Northeastern System trains will carry Pullman standard, wide vestibule equipment, a standard and tourist sleeper, also chair car. These trains will also carry Rock Island System dining cars in which all meals will be served.

Attention is also called to the fact that the El Paso-Northeastern and Rock Island systems are paying especial attention to World's Fair travel. It has been arranged for their trains to arrive in St. Louis in the morning and theirs is the only line from the southwest which has its own station at the World's Fair grounds, and passengers traveling via this line may leave the train at the World's Fair gates and avoid the crowds and delay at the Union Station.

For passenger rates and other information address or call on B. W. Robbins, general passenger agent, Santa Fe Central Railway, Santa Fe, New Mexico.

Do you intend to build? Have your plans and specifications made by R. M. Nake, architect and builder.

Sued By His Doctor.

"A doctor here has sued me for \$12.50 which I claimed was excessive for a case of cholera morbus," says R. White, of Coachella, Cal. "At the trial he praised his medical skill and medicine. I asked him if it was not Chamberlain's Colic, Cholera and Diarrhoea Remedy he used as I had good reason to believe it was, and he would not say under oath that it was not." No doctor could use a better remedy than this in a case of cholera morbus, it never fails. Sold by all druggists.

Via D. & R. G. to St. Louis Exposition and return, 15 day tickets \$40.70; 60 day tickets \$48.15; season tickets \$57.80. S. K. Hooper G. P. A., F. H. McBride, Agt., Santa Fe.

Our Motto—Genuine goods—Counterfeit prices. Telephone 94. "The Wine Store."

THAT THROBBING HEADACHE.

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for sick and nervous headaches. They make pure blood and build up your health. Only 25 cents, money back if not cured. Sold by the Fischer Drug Company.

MINOR CITY TOPICS

There will be a meeting of the directors of the Building and Loan Association at the office of the secretary in the Griffin block at 8 o'clock this evening.

Send some fixed part of your income each month to the Plaza Trust and Savings Bank of Las Vegas, and before you know it you will have a good sized nest egg.

Bert Frederick, a Navaho Indian from Gallup, and a graduate of the Carlyle Indian school, is in town today disposing of a number of Navaho blankets.

The infant girl of Mr. and Mrs. George Wright died today at 12:30 o'clock of infantile disorder. The burial will take place tomorrow. The child was seventeen months old.

Historic Santa Fe and its people was the subject of a well-written article in the Four Track News of this month. The article was illustrated with numerous views of spots of interest about Santa Fe.

F. A. Young now in the employ of George E. Ellis as general manager at the Arcade Bar, will, in company with his wife leave for the east tomorrow morning via the Santa Fe Central. He will be absent 30 days.

A young man or a boy above the age of sixteen can find employment at the Summit Tent City restaurant, as kitchen help. Apply to Gibson & Dow, Tent City management, Schumann building, forenoons.

The following warranty deed was today filed for record in the office of probate clerk, Celso Lopez: Anastacio Ortega and Consencio Rivero, his wife, to William Metz, one parcel of land in precinct No. 3, of this city. Consideration \$25.

Sixteen cars of stock from Hachita, were shipped to this place last evening from Torrance, over the Santa Fe Central Railway. Here they will be transferred to the Denver & Rio Grande Railroad and shipped to points in Colorado.

Wanted—A man to do general work at the buildings, tents and on the grounds at Summit. Must speak and understand English thoroughly. Good situation for right man. Apply to Gibson & Dow, Summit Tent City, management, office in Schumann building, forenoons.

Joaquin Gutierrez, a sheep raiser in the vicinity of La Pintada, Leonard Wood County, writes the New Mexican that the first good rain in ten months fell in that section during the forepart of the week. This did a great deal of good and the prospects for cattle and sheep in that vicinity are improved.

There was a rumor going the rounds yesterday that ten men from Santa Fe had been killed at Watrous in the stone quarries in which they are employed. Miguel Ortiz, local agent for the Lantry Brothers, telegraphed to Watrous and found that there were no grounds for the rumor and no disaster whatever is reported to have occurred.

Salmon and Abousselman announce in their change of advertisement today that they have new spring suits ranging in price from \$8.50 to \$25 and that the style and service of these suits is absolutely guaranteed. Many of the best dressed men in the city buy their clothes from this up-to-date firm. Call and see their goods which are sure to give satisfaction.

Manager Frank C. Owen of the Santa Fe Light and Water Company reports that while the rains have raised the water in the reservoir slightly, there is not enough to warrant any change in the present hours of turning on the water. He wishes to increase the reserve supply so that the town will be well protected in case of fire.

According to the weather report, fair weather tonight and Friday is probable, though possibly local showers may occur in the eastern portion of the Territory. Yesterday the maximum temperature was 70 degrees at 3:05 p. m., and the minimum 49 degrees at 5:50 a. m. The relative humidity for the day was 52 per cent. At 6 o'clock this morning the thermometer registered 45 degrees.

The invitations tendered to the Elks lodge of this city by Hon. W. S. Howell and W. A. Hawkins at last Saturday's social meeting of that order, in which the entire lodge was offered free transportation to and back from El Paso whenever that body should care to go and the freedom of the city of Cloudcroft was accepted at last night's meeting of that order. July 1 was set as the date of the trip.

The last solemn rites for the late Colonel W. S. Fletcher, a comrade of the Grand Army of the Republic, and late adjutant of Carleton Post, were held in Post Hall yesterday afternoon at 4 o'clock. The room was crowded with friends and comrades of the deceased. Rev. W. A. Cooper preached the funeral sermon and Jacob Weitman post commander, officiated. J. P. Hogle was the funeral director. The remains were laid to rest in the U. S. National Cemetery, side by side with hundreds of comrades who had gone

before. The pall bearers were J. W. Blanchard, J. Cortez, J. P. Victory, William Bolander, J. Martinez and G. Blunt.

The county commissioners have opened a new road from the city limits east to the reservoir of the Santa Fe Water and Light Company on the right bank of the river. They were compelled to purchase two or three pieces of property along the road, in order to make it straight and to get a right of way. These properties were purchased at very reasonable figures. The road is a fair, natural road and the people are already commencing to use it.

J. H. Vaughn was today the recipient of a letter containing a clipping from a recent issue of the Denver Post which bore the caption "Unmarried Men Are a Menace to Society," and which gave an extract from a sermon preached in Pueblo on that subject last Sunday by Rev. R. W. Gammon. Mr. Vaughn's friends opine that some maid or widow of Santa Fe is giving that gentleman a gentle hint that he should cease to be a menace as soon as possible.

The Sisters of Loretto extend a cordial invitation to the parents of their pupils, and also to the patrons of their institution to be present at the semi-annual examinations to be held five consecutive days, beginning the 13th current from 9 a. m. to 12 and from 1:30 to 3 p. m. in the Auditorium. Week's program as follows: Monday, Primary department; Tuesday, Intermediate department; Wednesday, first grammar department; Thursday, second grammar department; Friday, elective course.

John W. Smith of Gallup, sheriff of McKinley County arrived at noon today with the following prisoners, tried, convicted and sentenced at the term of District Court of that county held this week and at which Judge Benjamin S. Baker presided. They are: Chichi Boga, aged 39 years, Navaho Indian, assault with intent to murder, three years' imprisonment. Charles M. Papan, 21 years of age, assault with intent to murder, sentenced to one and a half year's imprisonment.

A street to be the continuation of Sparks Avenue east along the river bank and south of the Bishop's garden should be laid out. It would be an improvement and of benefit to the town, and would increase the value of real estate in that locality. Quite a number of citizens have called at the New Mexican office and have urged the necessity and benefit of this plan. The city council should heed this necessity and should arrange for the opening of the street. "But then," as two or three citizens expressed it while in this office recently, "will the city council do anything for the benefit of the town?"

The city board of education held a special session yesterday afternoon for the purpose of electing teachers for the ensuing year for the Santa Fe public schools. The teachers were chosen: Ward 1, Miss Grace M. Bates, ward 2, Miss Louisa Schenckle and Miss Amelia Guterman, ward 3, H. R. Cornish, Sault St. Marie, Michigan; principal of the high school; Mrs. R. G. Breeden of Rock Springs, Wyoming, assistant principal; Mrs. Grace Hall, fifth and sixth grades; Miss Gertrude Duhson of Española, third and fourth grades; Miss Bertha Scheffler of La Veta, Colorado, first and second grades.

The election of the kindergarten and Spanish teachers was postponed until a latter date, as was the selection of another teacher for ward 1.

OFFICIAL MATTERS.

Territorial Funds Received.
Territorial Treasurer J. H. Vaughn today received the following funds from Ramon Sanchez, treasurer and ex-officio collector of Taos County: Taxes for 1903, \$1,911.63. From Hermene G. Baca, treasurer and ex-officio collector of Socorro County, taxes for 1902, \$15.12; taxes for 1903, \$8,861.77. From John C. Spears, treasurer and ex-officio collector of McKinley County, tax for 1903, \$5,725.80. From H. B. Cartwright, treasurer and ex-officio collector of Santa Fe County, tax for 1903, \$5,940.75.

Bids Received and Contract Awarded.
The bids received by the surveyor general in response to his notice No. 7 for the resurvey of the western boundary of the Zuni Indian reservation were opened this morning at 10 o'clock. The bids submitted were as follows:

H. S. DuVal, Santa Fe, \$23.50 per day for 20 days, total, \$470.00; C. L. Erick, Socorro, \$21 per day for 25 days, total, \$525; Alex. Bowie, Gallup, \$50 per day for 12 days, total, \$600; W. W. Jones, San Marcial, \$25 for 20 days, total, \$500; Levi S. Preston, Raton, \$20 per day for 30 days, total, \$600; Duane Wheeler, Antonito, \$25 per day for 23 days, total, \$575; George Lynch, Hatch, \$27 per day for 20 days, total, \$540; W. V. Hall, Santa Fe, \$30 per day for 20 days, total, \$600. The contract was awarded to W. W. Jones.

Articles of Incorporation.
Articles of incorporation were today filed in the office of the secretary of the Territory by the Mine and Ranch Supply Company. The incorporators are given as Bliss Freeman, William

Freeman and Jefferson D. Isaacs, all of Las Cruces, Dona Ana County. The company was incorporated for the purpose of buying and selling general merchandise, groceries, farming implements, mining implements, etc. The capital stock is given as \$10,000, divided into 10,000 shares of a par value of \$1 each. The corporation shall exist for 50 years. It has three directors, the incorporators above named and its place of business is Las Cruces, Dona Ana County.

Final Homestead Entries.
The following final homestead entries were today filed in the U. S. land office: No. 3364, Jesus Maria Mestas, of Cuervo, NW 1-4, section 28, T 10 N, R 24 E, 160 acres of land in Leonard Wood County.

No. 3365, Versabe Griego de Ortiz of Corazon, SE 1-4, section 10, T 14 N, R 22 E, 160 acres of land in San Miguel County.

Homestead Entries.
The following homestead entries have been entered in the U. S. land office: No. 7930, Raymundo Valdez of Wagon Mound, for the S 1-2, SW 1-4, N 1-2, NW 1-4, of sections 8 and 17, T 19 N, R 23 E, 160 acres of land in Mora County.

No. 7931, Fred Eggert of Sanchez, SE 1-4, SW 1-4, SW 1-4, SE 1-4, section 12, and NW 1-4, NE 1-4, NE 1-4, NW 1-4, section 13, T 16 N, R 23 E, 160 acres of land in San Miguel County.

No. 7932, Rafael Duran of Wagon Mound, for the SE 1-4, section 5, T 19 N, R 23 E, 160 acres of land in Mora County.

No. 7933, Leandro Martinez of Ocate, S 1-2, NW 1-4, N 1-2, SW 1-4, section 8, T 23 N, R 19 E, 160 acres of land in Mora County.

No. 7931, Fred Eggert of Sanchez, for SE 1-4, SW 1-4, SW 1-4, SE 1-4, section 12, and NW 1-4, NE 1-4, NE 1-4, NW 1-4, section 13, T 16 N, R 23 E, 160 acres of land in San Miguel County.

No. 7932, Rafael Duran of Wagon Mound, for the SE 1-4, section 5, T 19 N, R 23 E, 160 acres of land in Mora County.

No. 7933, Leandro Martinez of Ocate, for the S 1-2, NW 1-4, N 1-2, SW 1-4, section 8, T 23 N, R 19 E, 160 acres of land in Mora County.

No. 7934, Benito Otero of Cuervo, for the SE 1-4, NE 1-4, E 1-2, SE 1-4, section 2, T 19 N, R 8 E, 160 acres of land in Valencia County.

No. 7935, Miguel Aragon of Puerto de Luna, for the E 1-2, SW 1-4, W 1-2, SE 1-4, section 14, T 8 N, R 23 E, 160 acres of land in Leonard Wood County.

U. S. WEATHER BUREAU NOTES.

Forecast for New Mexico: Fair tonight and Friday; except possibly local showers in east portion.

Yesterday the thermometer registered as follows: Maximum temperature, 70 degrees, at 3:05 p. m.; minimum, 49 degrees, at 5:50 a. m. The mean temperature for the 24 hours was 60 degrees. Relative humidity, 52 per cent. Temperature at 6:00 a. m. today, 45 degrees.

Follow the crowd to the Bon Ton.

J. P. VICTORY

Attorney at Law and

Real Estate Agent

117 San Francisco Street, Santa Fe, N. M.
REAL ESTATE LOANS.

Money to loan upon real estate security on easy terms.

HOMES.

I have a nice cottage (double) with rooms on one side, 4 on the other. Owner occupies 4 rooms and the rest rent for \$25 a month; good neighborhood; ample space to erect other buildings on same street; stables and other outbuildings; the price asked is very low.

Can sell at a bargain cozy homes on Manhattan avenue, one a new stone house with all modern improvements; the other an adobe-brick house, 7 rooms; fruit and vegetable garden; city water, hydrant and tank; 70 choice fruit trees; currant and raspberry bushes; lot 80 by 265 feet. The stone house will be rented.

SAN FRANCISCO STREET.

I have several business blocks for sale on this great mart of trade, some of them producing more than eight per cent, net, on purchase price asked.

OTHER BUSINESS CHANCES.

I have several other commercial and business propositions to submit those desiring to enter mercantile life and to grow up with the new era of prosperity now coming in with the Santa Fe Central Railway.

CHURCHES.

I am authorized to dispose of the Congregational Church, on the south side, convenient to the contemplated Union Depot. It stands upon two lots, and will be sold cheap, or the building will be repared and leased to responsible parties.

THERE ARE OTHERS.

Several small houses, some stone some brick, others frame, upon my books, which I would be glad to show an intended purchaser. They are desirably situated, and will be sold cheap.

PLAZA PROPERTY.

To those wishing to catch the cream of Plaza real estate I can offer blocks at figures that will double themselves in less than three years.

COAL AND TIMBER LANDS.

I can sell you large tracts of land suitable for mining coal or the production of timber.

ORCHARDS.

I also have a fruit ranch in a high state of cultivation, in the suburbs, with a building site overlooking the entire city of Santa Fe. On it there is an artificial reservoir, the only one of its kind in the city, 12 feet or more in depth, holding over 125,000 gallons of water, constantly replenished, from which the whole place can be irrigated daily during the summer, and which could be stocked with fish. The land contains many hundreds of young trees of the finest and most valuable varieties of apples, peaches, pears, plums, apricots, cherries and other fruits, the greater part of which already bear; a young bearing vineyard, thousands of bushes of currants and other small fruits; extensive beds of asparagus, chubarr, and other fine vegetables. The soil is on easy terms, and for much less than it cost, owing to ill health of the owner.

CATTLE AND SHEEP RANGES.
In all parts of the Territory, and none in Wyoming.

I will take pleasure in showing prospective investors desirable building sites in the neighborhood of the Capitol, and in the vicinity of the Presbyterian church, and other localities of the city which in a few years will be worth double the present asking price.

ROOMS: FURNISHED OR UNFURNISHED.

Furnished or unfurnished rooms in all parts of the city. Single, or en suite for light housekeeping. Some of them within five minutes walk of Plaza.

OUTSIDE PROPERTY.

At El Cuervo, 10 miles from the Rock Island road, I can sell you about 640 acres; patented; excellent grazing land.

Convenient to Las Vegas, I have for sale several large tracts of desirable and which I am permitted to sell at very low figure. One tract contains about 3,500 acres, and is located about three and one-half miles southwest of Las Vegas; nearly all of it is under fence; good grazing and water for stock; some timber. Another tract is 150 acres, 7 miles from Las Vegas; timber and grazing, with an excellent stream of water passing over it. Still another tract of 350 acres of farming, grazing and timber land, 8 miles west of Las Vegas, with running water upon it.

CARTWRIGHT-DAVIS CO.

GEO. W. HICKOX, President. S. G. CARTWRIGHT, Sec'y and Treas.

Butchers, Bakers, Grocers

No. 250 San Francisco Street.

Grocery Telephone No. 4. Meat Market Telephone No. 49.

CEREAL FOODS.

At this season a diet consisting largely of cereals and fruits with fresh vegetables conduces to health. We are fortunate enough to be able to quote a number of foods under the price usually asked:

15c. Malta Ceres, ready cooked	12 1-2
15c. Cero Fruto, flaked wheat	10
20c. Ralston Breakfast Food	15
15c. Ready Bits	12 1-2
15c. Pan Kake Flour	12 1-2

VEGETABLE FOUNTAIN

Our vegetable fountain is now in running order. There is a vast difference between articles kept fresh by cool running water and the dried up stuff where no water is used. We receive fresh vegetables daily. Hot house lettuce Monday, Wednesday and Saturday. Asparagus, young onions and radishes nearly every day. Tomatoes, cauliflower, wax beans, cucumbers and summer squash at frequent intervals.

FRESH FRUIT.

We are making a specialty at present of naval oranges:
Per Dozen 25 to 60 cents
Fresh strawberries received under license, from the California patches near

ly every day. Get your orders in early and we will save them for you. Getting too hot to ship strawberries except under ice.

MEAT MARKET.

You will appreciate a change from the heavier roasts, boils etc. We always have something different in the way of sweet breads, brains, kidneys, calf's liver, eastern lamb and mutton, young veal, sliced boiled ham, sliced smoked beef, summer sausage, pigs' feet, tripe, etc. If you want the finest cuts of eastern corn fed meats call up Telephone 49 or better still, come in person and make your own selections.

NO. 4 BAKERY.

Too hot to bake. Let us do the hard work. It is cheaper to buy your bread and cakes than to pay for fuel, yeast and other materials, to say nothing of the labor and inconvenience. Our products are better than ever, since we have gotten settled in our new sanitary shop.

IMPERIAL FLOUR.

It makes more bread and better bread than any flour we have ever had the pleasure of testing, and we have tested a good many different brands. 50 pounds \$1.50

THE WORLD'S FAIR LINE?

Why? Because it is the only line which takes you to the World's Fair. Passengers via the EPNE are carried to our World's Fair Station (within 300 feet of the main entrance) if desired, thereby avoiding the crowds at the Union station and a transfer of about three miles across the city. Yes, you may go to the Union station if you wish.

The EPNE is the shortest line from El Paso and the great southwest to St. Louis, Chicago and all points north. 158 miles the shortest to St. Louis, and only 48 hours on the road.

Equipment? Yes, the best the Pullman Company provides, and all meals served in dining cars. Via this line you are not put to the inconvenience of eating at dining stations (20 minutes only). Just step back to the dining car and eat at leisure the best the markets afford.

T. H. HEALY, Passenger Agent, El Paso, Texas. A. N. BROWN, G. P. A.

To the World's Fair

I would advise you to go to the World's Fair this summer.

It will be a liberal education—almost as good as a trip around the world.

It promises to be the biggest and best exposition of the century.

I would like to sell your family their tickets over the Santa Fe. I really believe it is the best line to take. You will think so, too, after a trial.

H. S. Lutz Agt., A. T. & S. F. Ry

Just say
"Burlington"

When the ticket agent asks you how you wish to travel east of Denver, just say "Burlington."

Then you are sure of a comfortable and safe journey, for the Burlington is the smooth road, you know, to St. Louis, Chicago and everywhere east.

Let me answer your questions about the trip.

Ticket Office, 1039 17th St.
G. W. VALLERY, General Agent,
DENVER.

TERRITORIAL TOPICS.

OTERO COUNTY.

The first apricots of the season are reported to be now on sale in the Alamogordo markets. They are from La Luz. Cooking apples from Tularosa have been in several weeks. It will be but a short time until peaches are on the market.

The saw mill at Alamogordo shut down last Wednesday for repairs. It will be ready to start work again this week. The planing mill remains in operation and is kept very busy as the company has orders for as much lumber as it can cut.

EDDY COUNTY.

An artesian well expert from Roswell has been looking over the country in Crow Flats, west of the Guadalupe Mountains, and is convinced that artesian water can be obtained there. A test will probably soon be made. The country has very rich soil and if water could be obtained would be a productive farming country. At present, all the farming that is done there is raising forage for cattle. W. J. Russell, a former business man of Alamogordo, who is now located in the Crow Flats country a few days ago while on a visit to Alamogordo, stated that the Crow Flats district was an ideal country for grazing and as it is very dry there in the summer season, the range is not overstocked. Mr. Russell has a 350-foot well from which he obtains plenty of water for his stock. He states that water can be obtained at a depth of from 350 feet on, where he is in the northern part, to eight feet near the lower end of the flats.

OTERO COUNTY.

The management of the Hotel Alamogordo was assumed last Friday by T. S. Jones of El Paso, who succeeded O. W. Everitt who went to Cloudcroft to act as manager of the hotel there.

A building boom is on in Cloudcroft. Mr. Pelphrey is building an addition to a cottage belonging to him which is soon to be occupied by an El Paso banker. G. M. Owens is finishing up a cottage for Mr. Bysinger, also of El Paso. Several cottages are having additions or improvements made to them.

To demonstrate the qualities of Ancho cement as a durable and beautiful building material, Manager Bush, of the Ancho Cement Company of Ancho, New Mexico, is building a handsome residence in the lot north of Frank Romero's at Alamogordo. The house is being built of cement, of course. Mr. Bush is using cinders in the composition of the cement instead of gravel, as he claims it is more satisfactory. The success of the construction work on the house is being watched with great interest.

Miss Daisy Parker died last week at Alamogordo. Funeral services were held at the Parker home and were attended by a large number of friends of the girl. Interment was in the Alamogordo cemetery. Daisy Ware Parker was born at Meadow Creek, West Virginia, August 17, 1880. Shortly afterward she moved with her parents to Wyoming County, Pennsylvania. She attended the public schools there and then entered the schools at Sayre, Pennsylvania. Her health failed and she was ordered to Arizona by her physicians. She stayed in Phoenix about eighteen months, coming to Alamogordo about two years ago. She became a member of the Presbyterian Church at Phoenix, Arizona. In Alamogordo, she was beloved by all who knew her.

A peculiar accident in which no one was injured but which just escaped being serious occurred at Cloudcroft last Saturday night. Just after the train pulled out of the depot, a kingbolt on the engine broke, which threw the engine off the track. Engineer Riddle stopped it when it had gone a foot or two, very fortunately, for if it had gone a few feet further, the whole train would have rolled over the steep hill, probably with many fatalities. The engine was put back on the track and was starting for the Y to turn around when it jumped the track again. The coach was then started down the hill and was speeding along until the end of the switchback was nearly reached, when a cow walked calmly onto the track and the speed had to be slackened until the coach did not have momentum enough to get up the short incline of a switch. An engine was sent after the car and the passengers arrived at Alamogordo about 1 o'clock in the morning.

Thick and juicy steaks at Bon Ton.

If you want to get to the World's Fair easy, miss the rush at Union Station, St. Louis, leave the cars right at the World's Fair gates, take the Santa Fe Central and Rock Island.

GOLD IN THE BLACK HILLS.

The Burlington Route has recently issued a 48-page booklet bearing the title "Mines and Mining in the Black Hills."

The book is one which should be read by every mining man in Colorado. It gives more information about the mines of the Black Hills than has ever before been placed between two covers. A copy will be mailed free on application to the undersigned.

The Black Hills need Colorado men and money. Several of the shrewdest men in this state have already invested heavily in the Hills. The results so far have been more than satisfactory. The completion of the Burlington's new line to the Northwest brings the Black Hills within a night's ride of Denver. You can leave Denver to night and be in Deadwood or Lead City tomorrow afternoon.

G. W. VALLERY,
Gen'l Agent, Burlington Route, Denver, Colo.

Chamberlain's Stomach and Liver Tablets Better Than a Doctor's Prescription.

Mr. J. W. Turner, of Truhart, Va., says that Chamberlain's Stomach and Liver Tablets have done him more good than anything he could get from the doctor. If any physician in this country was able to compound a medicine that would produce such gratifying results in cases of stomach troubles, biliousness or constipation, his whole time would be used in preparing this one medicine. For sale by all druggists.

OTERO'S SULPHUR HOT SPRINGS.
Hotel and bath houses now open to the public. Store in connection for the accommodation of campers.
R. C. FRELOVE, Manager.

For sick headache take Chamberlain's Stomach and Liver Tablets and a quick cure is certain. For sale by all druggists.

Pumpkin pie like your mother used to make, at the Bon Ton.

Triumphs of Modern Surgery.

Wonderful things are done for the human body by surgery. Organs are taken out and scraped and polished and put back, or they may be removed entirely; bones are spliced; pipes take the place of diseased sections of veins; antiseptic dressings are applied to wounds, bruises, burns and like injuries before inflammation sets in, which causes them to heal without scarring and in one-third the time required by the old treatment. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering which such injuries entail. For sale by all druggists.

THAT TIRED FEELING.

If you are languid, depressed and incapable for work, it indicates that your liver is out of order. Herbine will assist nature to throw off headaches, rheumatism and ailments akin to nervousness and restore the energies and vitality of sound and perfect health. J. J. Hubbard, Temple, Texas, writes, March 22, 1902: "I have used Herbine for the past two years. It has done me more good than all the doctors. When I feel bad and have that tired feeling, I take a dose of Herbine. It is the best medicine ever made for chills and fever." 50 cents a bottle at Fischer Drug Co.

ACUTE RHEUMATISM.

Deep tearing or wrenching pains, occasioned by getting wet through; worse when at rest, or on first moving the limbs and in cold or damp weather is cured quickly by Ballard's Snow Liniment. Oscar Oleson Gibson City, Illinois, writes Feb. 16, 1902: "A year ago I was troubled with a pain in my back. It soon got so bad I could not bend over. One bottle of Ballard's Snow Liniment cured me." 25c, 50c, \$1.00 at Fischer's Drug Co.

IMPORTANT.

The Santa Fe Central now has on sale round trip tickets for \$15, good for return until September 30, to Cloudcroft, New Mexico, the most famous summer resort in the southwest. For further information apply to B. W. Robbins, G. P. A., Santa Fe Central Railway, Santa Fe, N. M.

HAVE YOU A COUGH?

A dose of Ballard's Horehound Syrup will relieve it. Have you a cold? A dose of Herbine at bed time and frequent small doses of Horehound Syrup during the day will remove it. Try it for whooping cough, for asthma, for consumption, for bronchitis. Mrs. Joe McGrath, 327 E. 1st street, Hutchinson, Kas. writes: "I have used Ballard's Horehound Syrup in my family for 5 years, and find it the best and most palatable medicine I ever used." 25c, 50c, and \$1.00 at Fischer Drug Co.

CHEAP RATES TO NEW YORK.

The Mexican Central has recently placed on sale tickets to New York and return going via the Mexican Central to either Vera Cruz or Tampico; thence via the famous Ward Steamship Line to New York. The return will be by rail over any line to El Paso. The entire trip covering thousands of miles, Havana, Cuba, and its famous More Castle, Newport and a dozen of the largest cities of the United States, can be made for \$122.50. A more delightful trip cannot be planned as stop over privileges are allowed and the tickets are good for one year from the date of sale. The trip includes the City of Mexico, the "Paris of America." Further information can be secured by addressing W. S. Mead, C. R. Hudson, general passenger agent, or W. D. Murdock, assistant general passenger agent.

Short orders a specialty at Bon Ton.

STARTLING EVIDENCE.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bentonsville, Va., serves as example. He writes: "I had bronchitis for 3 years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, consumption, pneumonia and grip. Guaranteed by Fischer Drug Co. Trial bottles free, regular sizes 50c and \$1.00.

CURES OLD SORES.

Westmoreland, Kansas, May 5, 1902, Ballard Snow Liniment Co.: Your Snow Liniment cured an old sore on the side of my chin that was supposed to be a cancer. The sore was stubborn and would not yield to treatment until I tried Snow Liniment, which did the work in short order. My sister, Mrs. Sophia J. Carson, Allensville, Mifflin County Pa., has a sore and mistrusts that it is a cancer. Please send her a 50c bottle. For sale by Fischer Drug Co.

Notice for Publication.
(Small Holding Claim No. 2617.)
DEPARTMENT OF THE INTERIOR,
United States Land Office, Santa Fe, N. M., May 28, 1904.—Notice is hereby given that the following named claimant has filed notice of his intention to make final proof in support of his claim under sections 16 and 17 of the act of March 3, 1891 (26 Stats., 354), as amended by the act of February 27, 1893 (27 Stats., 470), and that said proof will be made before Probate Clerk at Santa Fe, N. M., on July 20, 1904, viz: Jose Gonzales for the Tract in Sec. 16, T. 1 N., R. 9 E., N. M. P. M. He names the following witnesses to prove his actual continuous adverse possession of said tract for twenty years next preceding the survey of the township, viz: Andres C. de Baca of Santa Fe, N. M.; George Trujillo of Kennedy, N. M.; Agapito Sena, Ambrosio Pino of Galisteo, N. M.

Any person who desires to protest against the allowance of said proof, or who knows of any substantial reason, under the laws and regulations of the Interior Department, why such proof should not be allowed, will be given an opportunity at the above mentioned time and place to cross-examine the witnesses of said claimant, and to offer evidence in rebuttal of that submitted by claimant.
MANUEL R. OTTISO, Register.

DRIVEN TO DESPERATION.

Living at an out of the way place, remote from civilization a family is often driven to desperation in case of accident, resulting in burns, cuts, wounds, ulcers, etc. Lay in a supply of Bucklen's Arnica Salve. It's the best on earth. 25c at Fischer Drug Co.

RAILROAD BUILDING IN SOUTH AND WEST

About \$100,000,000 Are Being Expended This Year for New Lines.—Several Important Projects.

New York, June 9.—Thirty new railroads are now under construction in the southern and western states. Reports from different localities within the past few days indicate that, with rare exception, all of them are being pushed to completion as rapidly as possible. Nearly \$100,000,000 is being put into these thirty new railroads. The greater part of this sum was obtained prior to the business depression of the past few months.

It is estimated that between 9,000 and 10,000 miles of new railroad will be completed in the south and the southwest this year. In Oklahoma three new lines, aggregating 1,250 miles, are now building.

The most important of these is the Denver, Woodward & Southwestern, which will extend from Denver across the Indian Territory and Oklahoma to Texarkana, a distance of about 1,000 miles. This road is designed to open up Oklahoma to the surrounding country.

The Missouri, Kansas & Oklahoma Railroad is also building an extension of 150 miles from Oklahoma City to the Texas state line. Not the least interesting of the new railway projects is that of the Houston-Galveston Inter-urban Railroad Company, which is building a 50 mile electric line from Houston to Galveston.

In Louisiana a railroad 50 miles long is being constructed from Baton Rouge bridge and a 72 mile line is rapidly connecting Moreauville and Crowley.

Thirteen new roads are building in Arkansas with a total of 394 miles. The Arkansas Western is the longest of these, extending from Waldron to Hot Springs, a distance of 82 miles. Eastern capitalists are interested in this project, which is designed to make Hot Springs more accessible. The Hoxie, Strawberry River Valley & Western is building 56 miles of line from Hoxie to Franklin, Arkansas.

Three new railroads of importance are under construction in Kentucky, Virginia and Tennessee report two roads each. Chattanooga is to be benefited by a new road 75 miles long extending from that place to Oliver Springs, Tennessee, with a branch to Harriman, and the Rock Island people are separately interested in the Texas lines.

AN ALLEGED TRAIN ROBBER IDENTIFIED

One of the Gang Who Committed Suicide is Supposed to Have Been Claude W. Swanner.

Recent investigation has brought to light the fact that the man who committed suicide at Tularosa shortly after attempting to rob No. 4 passenger train on the El Paso & Northeastern Railway, was not Ted Carver, the notorious Arizona outlaw, as had been supposed. The dead man's name was Claude W. Swanner. He had a brother Will Swanner, living at Elida, Roosevelt County, who wrote Sheriff Hunter a letter describing his brother which left no doubt of the identity of the dead man. The man who was placed in jail as being a party to the holdup scheme has made no statement as yet.

POSITIVE PROOF.

Should Convince the Greatest Skeptic in Santa Fe.

Because it's the evidence of a Santa Fe citizen.

Testimony easily investigated.

The strongest endorsement of merit.

The best of proof. Read it:

Cipriano Chavez, county jailer of Agua Fria street, says: "I had attacks of backache for three or four years. Latterly they were of much longer duration and occurred much more frequently. For 29 days before I went to Ireland's Pharmacy there was no let up to the dull aching and nagging pain despite the fact that I used medicines and wore plaster. Two days' treatment with Doan's Kidney Pills was sufficient to let me know that the remedy was going to the root of the cause and a continuation of it for some time stopped the very severe attacks. I now know what to use in the future I notice any traces of backache."

For sale by all dealers. Price 50 cts. Foster Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitute.

FARMING LANDS UNDER IRRIGATION SYSTEM.

These farming lands with perpetual water rights are now being offered for sale in tracts of forty acres and upwards. Price of land with perpetual water rights from \$17 to \$25 per acre, according to location. Payments may be made in ten year installments. Alfalfa, grains, fruits of all kinds, and sugar beets grow to perfection.

GOLD MINES.

On this Grant, about forty miles west of Springer, N. M., are the gold mining districts of Elizabethtown and Baldy, where important mineral discoveries have lately been made. Claims on unlocated ground may be made under the mining regulations of the company, which are as favorable to the prospector as the U. S. government laws.

Near Raton, N. M., on this grant, are located the Coal Mines of the Raton Coal and Coke Company, where employment may be found at good wages for any wishing to work during the seasons that farming or prospecting can not be successfully done.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff dwellers, twenty-five miles west of Los, and fifty miles north of Santa Fe, and about twelve miles from Baranca Station, on the Denver and Rio Grande Railway, from which point a daily line of stages run to the Springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of

these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, Female Complaints, etc., etc. Board, lodging and bathing, \$2.50 per day; \$14 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

ANTONIO JOSEPH, Proprietor

Easy Street.

There are very comfortable quarters on Easy Street, and most of us are willing to occupy them but as to getting there---there's some hard work ahead whichever direction is taken---but the surest way is to get a good stand and keep doing business on Good Will Avenue. There is a large establishment of Public Confidence located near one end of this well traveled highway. The desirable locations are beyond this establishment, and you will find the older merchants with whom the Good Will people spend their money, are located well up the Avenue and not far from the corner of Easy Street. If you are located on Good Will Avenue and expect one of these days to move up on Easy Street, you know that good goods are the only kind worth using. Well, when it comes to stoves, GOEBEL'S are the kind and you can depend on them to help build a fortune.

W. H. GOEBEL, The Hardware Dealer,
Catron Block, No. 311 * Santa Fe, N. M.

LAS VEGAS ITEMS.

Las Vegas Normal Opened With Large Enrollment—Oratorical Contest at the Baptist Church.

F. A. Manzanarez, Sr., and his son, F. A. Manzanarez, are conducting a commission business. They will handle wool, hides, pelts and sheep.

Miss Fitzhugh, a teacher in the kindergarten department of the normal for the past three years has left Las Vegas for Los Angeles, California, where she has accepted a position in the city schools.

C. C. Dollman and Miss Francis Bartholme, formerly residents of Las Vegas, were married recently at Pueblo, Colorado. Mr. and Mrs. Dollman will reside in the future in Colorado Springs.

Engine No. 900 went off the track, on Wednesday, near Romeroville. The rails were torn up for some distance but on one was injured in the accident. A wrecking train was sent to the scene immediately.

Cards have also been received in the Meadow City announcing the marriage of Buford Downs Black to Mrs. Laura Emily Onderdonk, on June 6, at Trenton, New Jersey. Dr. Black is now in Buffalo, attending the meeting of the National Medical Association. He and his wife will return to Las Vegas about June 12.

A meeting of the Las Vegas Board of Education was held on Tuesday evening and teachers for the coming session were elected. Professor R. R. Larkin was elected principal of the high school and Miss Lena Botts re-elected a teacher at an advanced salary. A tax levy of 7 1/2 mills for general purposes and 1 1/2 mills for interest were made by the board.

The Las Vegas summer normal opened yesterday with an enrollment of 27. Many more are expected to arrive during the next week. Regular classes were held yesterday. Among the studies to be pursued are pedagogy, civil government, reading, physiology, music, penmanship, word study, grammar, arithmetic, algebra, elementary science, physics and botany.

It was decided at a meeting of the grant commissioners on Tuesday that 20,000 acres of grant land be sold in order to realize enough money to have the individual claims on the grant surveyed. The manner of sale has not yet been determined upon. This action of the commissioners will be a step towards giving title under the patent to all claimants on the grant and will thus perfect the titles to the land generally on the grant.

Edward Hale of the P. D. St. Vrain Company, of Mora, who was convicted of embezzling more than \$2,000 of Mora County funds, was sentenced on Tuesday by Chief Justice W. J. Mills, to two years and six months in the territorial penitentiary. The defendant had filed through his attorney, a motion for arrest of judgment but the motion was overruled. Hale has been granted an appeal to the Territorial Supreme Court and his bond was fixed at \$2,500.

On Tuesday evening a silver medal contest was held at the Baptist Church under the auspices of the Woman's Christian Temperance Union and medals for the best recitations awarded to Angie Seelover and Hilda Lewis. All of the recitations were well rendered and much enjoyed by the large audience which filled the church. Songs and instrumental music also formed a part of the program. On Monday evening next a gold medal contest for the benefit of the Ladies' Home will be held and another silver medal contest will take place at an early date.

MEETING OF CITY COUNCIL.

Some Progress in Sidewalk Legislation—A Number of Minor Matters Brought Up.

An adjourned meeting of the city council was held in the council chambers on Tuesday evening. There were present: Councilman Marcelino Garcia, acting mayor; Councilmen George Anton, Nicanor Baca, Teodosio Castillo, H. S. Kaune, Celso Lopez, J. H. Walker, and City Clerk Conklin. Absent, Mayor A. R. Gibson and Councilman A. P. Hogle.

The minutes of the last meeting were read and approved. Reports of several city officials and the standing committees were received, read and referred to appropriate committees for action. City Marshal Richard Gorman reported that the electric lights throughout the city were in good shape and giving satisfaction, except the one at the Catron residence on Grant Avenue and one on Hillside Avenue. He stated that during the past week, the Santa Fe Water and Light Company had placed new lamps on these poles every night in order to replace those broken by street loafers and hoodlums and now refused to furnish any more, as the loss was considerable and as the vandals and rowdies of those parts of the town persisted in breaking the globes nightly. The Santa Fe Water and Light Company has offered a reward of \$25 for the arrest and conviction of any person breaking the globes or lamps and the marshal stated that he would use particular vigilance to catch and arrest the offenders.

It was moved and seconded that former Governor L. Bradford Prince and Mrs. C. H. Gildersleeve, both owning property on Palace Avenue, be instructed to take up the worn out wooden sidewalks in front of their residence properties and to construct brick sidewalks instead, in accordance with the city ordinance. This to be done within 30 days and if not so done, the city to have the sidewalks constructed and the cost thereof made a

Cor. San Francisco Street and Burro Alley

lien against the property. City Attorney A. B. Renahan was instructed to draw an ordinance to this effect. This was done, the ordinance reported and adopted.

A motion was made and adopted, requiring the owners of property on Palace Avenue from the Harroun residence to Burro Alley to lay sidewalks there in conformity with the city ordinance. A. B. Renahan, city attorney, stated that he was ready and willing to construct such a sidewalk in front of the property owned there by him if the property owners between the Harroun residence and the lot owned by him do likewise.

It was moved and passed that the sidewalks on San Francisco Street between Don Gaspar Avenue and Sandoval Street be made to conform to the level established by the city and property owners were instructed to proceed to comply with this regulation of the city council forthwith. Should the property owners on lower Palace Avenue and on San Francisco Street not comply with this regulation of the council, the city will call for bids for the work to be done and charge the cost as a lien on the abutting properties.

It was reported to the city council that the building near the Santa Fe Railway depot in which coal oil and gasoline are stored is unsafe. It was also stated that H. S. Kaune would, if the city council, required, construct a new brick building with steel roof for the purpose of an oil storage house at some suitable place. The matter was taken under advisement to be discussed at the next meeting of the city council. The council then adjourned.

Eat dinner tomorrow and play even at the Bon Ton.

If you have any clean cotton rags that are suitable for cleaning machinery, bring them to the New Mexican office and receive cash for same.
