CITY ELECTIONS.

Mayor Harrison Won in Chicago by a Big Plurality.

Denver Elects a Democratic Mayor by Large Majority.

Kansas Towns Nearly All Elect Republican Officials.

THE CERRILLOS ELECTION.

Chicago, April 5.—The official count of yesterday's election for mayor in this city is as follows: Harrison, democrat, 145,158; Carter, republican, 107,220; Algood, independent democrat, 45,538; Harrison's plurality, 49,638. Harrison carried his own ward, normally republican, and another strong republican ward, the tenth, in which Carter lives. Thomas Gibson, democratic national committee man for Illinois said to-day: "Harrison is the choice of the people because of his gallant fight against corporate influence. Algood is dead and will never be resurrected." Harrison's nomination for governor is already talked of by his friends.

City Clerk Loeffler, democrat, ran second to Mayor Harrison receiving a plurality of 10,986. The rest of the democratic ticket was successful by largely reduced pluralities. The new city council is composed of thirty-four democrats, thirty-three republicans and one independent republican, and is said to be the best Chicago has had for a decade. Of the sixty-eight members of the forty-seven stand pledged for methods favored by the reform organization known as the municipal league.

WICHITA GOES REPUBLICAN.

Wichita, Kas., April 5.—Now, republican, defeated Tapp, democrat, by 187 majority in the election for mayor. Democrats elect the city attorney, clerk, and treasurer. Dewey, cousin of Admiral Dewey, ran to the city council on the republican ticket.

TOPEKA REPUBLICAN.

Topeka, April 5.—The city election resulted in a complete victory for the republican candidates.

MISSOURI DEMOCRATIC.

St. Louis, April 5.—Returns from the municipal and school elections in Missouri yesterday show that the democrats carried a majority.

KANSAS ELECTIONS.

Kansas City, Kan., April 5.—Mayor William Marshallman, republican, was re-elected in Kansas City, Kan., by about 500 majority. Leavenworth elected Dr. F. Neely, democrat. In Atchison, Lawrence, Arkansas City, Hutchinson and Emporia the republicans won.

ELECTIONS IN COLORADO.

Denver, April 5.—The democratic city ticket, except clerk and treasurer and several aldermen, were elected by a plurality of 1,000 to 2,000. The mayor elect is Henry V. Johnson. United States district attorney during Cleveland's second term. The successful candidates for clerk and treasurer were on both the republican and McMurray independent tickets. The winning democrats ran on practically the same platform as Mayor McMurray, declaring themselves for municipal ownership of public utilities.

DEMOCRATIC VICTORY.

Kansas City, Mo., April 5.—At Fort Scott, C. W. Goodlander, Jr., democrat, was elected mayor on the citizens' ticket by about 500 majority over C. A. Henry, republican.

OKLAHOMA ELECTIONS.

Wichita, Kas., April 5.—Guthrie, Oklahoma, elected republican and Oklahoma City democratic tickets yesterday.

RAVON LICENSES.

Omaha, April 5.—The largest towns, including Omaha, almost without exception elected a license ticket, while

Large Number of Spanish Officers Are With Philippine Insurgents.

DEATH OF AN OPERA SINGER.

Manila, April 5.—2:30 p.m.—The proclamation of the United States Philippine commission was posted in the streets, printed in English, Spanish and Tagalog. It was also distributed out of the town as far as Malolos. It is received with marked attention by the natives generally and has been approved by a number of representative Manilans. The English insurrectionists are optimistic upon the attitude of the Americans, assuming that it indicates a decisive policy that undoubtedly will be successful.

AGUINALDO DEPOSED.

Manila, April 5.—There are persistent rumors to-day that Aguinaldo, the insurgent leader, had been supplanted in control of Philippine affairs by Gen. Antonio Luna, commander-in-chief of the Philippine forces. Luna is described as a typical belligerent.

HAVE SPANISH OFFICERS.

Madrid, April 5.—The Spanish minister of war received information on Saturday that a large number of Spanish officers who were prisoners in the hands of the Tagalogs, have entered the service of the latter. Among the prisoners were some chiefs of the Spanish general staff and officers of artillery. In Spanish military circles this is held to explain the military organization of the Tagalogs against the Americans, which has hitherto been inexplicable.

NO NEWS FROM OTTA.

Washington, April 5.—Gen. Otis has not communicated with the war department for two days. While it may be necessary to send troops against the insurgents who have gathered at Calumpit, in order to make the authority of the United States more secure, and for effect upon the natives, it is not thought that Aguinaldo has any great force, and it is believed that upon the approach of the American army the insurgents will retire after the exchange of a few shots.

STRIKE GAINING STRENGTH.

Cleveland, Ohio, April 5.—Within twenty-four hours 500 additional men have joined the carpenters' strike. It is said by officials of the carpenters' union that 3,000 men will be out by Saturday unless terms are agreed to. They demand an eight-hour day, at 30 cents an hour.

INDIAN BURNS A SCHOOL HOUSE.

Yuma, Ariz., April 5.—Patrick Mignol, son of a former chief of the Indian tribe here, has been arrested on the charge of burning a school house. United States Marshal Osborne left for Yuma this morning with several deputies to secure the prisoner, as the father of Mignol has threatened to prevent the officers taking him to Los Angeles for trial.

DEATH OF A SINGER.

San Francisco, April 5.—Lilly Post, opera singer, died at Agnew's insane asylum to-day of heart failure. She was taken to the asylum Monday by her son, who had trouble in restraining her as she appeared greatly excited.

NEW YORK, APRIL 5.—Warren F. Leland, proprietor of the Windsor hotel, recently burned, is dead.

FUNERAL OF A HERO.

The remains of a Rough Rider killed at Cerrillos.

SPECIAL TO THE CITIZEN.

Cerrillos, April 5.—The remains of H. Clay Green, one of Roosevelt's Rough Riders, were received at his home here by last night's express. Clay Green was shot and instantly killed in the Rough Riders' gallant charge on San Juan hill in the town of Santiago, and was buried where he fell. His body is one of the many which the government is returning to their former homes.

Funeral services are being held this afternoon, attended by many Rough Rider comrades and a great number of friends. The public schools are in attendance on the occasion. The casket, closed and flags are displayed at half-mast. The entire community has turned out to pay its last respects to the hero who died for his country.

BRITISH TROOPS IN CHINA.

Chicago, April 5.—The Chronicle (democrat) says: William J. Bryan is coming to Chicago April 14, as the guest of the Monticello club and will make a speech that will doubtless be full of significance to the mayor's friends as well as to the politicians of the state who are prepared to fall in behind the Harrison standard. Harrison will also make a speech. It will doubtless define the future policy and Bryan will hear whether Illinois is going to make alliance with the eastern states which have been reaching so eagerly for sympathetic co-operation, or whether the organization that was formed in the national democratic convention in Chicago in 1896 is to remain intact.

Coal Miners Strike.

Salem, Ohio, April 5.—Miners in the Salem Coal company and the Cherry Valley company, the National, the Fairview and Thomas mines, all within five miles of this place, inaugurated a strike to-day to secure pay for work on the run mine basis.

British Troops in China.

Hong Kong, April 5.—In consequence of attacks by the Chinese on British survey parties on leased territory at Kowloon yesterday, and the report that Superintendent May and a small force of police were being confined in a hut, 100 men of the Welsh regiment left early this morning in the torpedo boat destroyer, the H.M.S. "Heron". The vessel of Canton has sent 300 soldiers to Kowloon.

MARRIAGE OF MONEY.

Another One of the Vanderbilt Spawns Gets Married.

New York, April 5.—Katie Vanderbilt Stone, daughter of William Douglas Stone and niece of Cornelius, William K. Frederick and George Vanderbilt, was married to-day to John Henry Hammond, of Boston. St. Bartholomew's church was magnificently decorated for the occasion. Invitations were limited to the seating capacity of St. Bartholomew's and included nearly all the society and noble people of the city. The bride was the recipient of many handsome and costly presents, the most valuable being a necklace and tiara of diamonds presented by her parents. The groom is a lawyer, son of Gen. John H. Hammond, chief of General Sherman's staff during the rebellion.

MOTHER'S TERRIBLE DEED.

Mrs. Blashek Administered Strychnine to Her Two Little Boys.

TOOK A DOSE HERSELF.

From the Roswell Register.

The whole community was shocked beyond measure last Sunday about 11 a. m. at learning that Mrs. Anna Blashek, the wife of G. F. Blashek, the miller, who, with his family, lived about a half a mile northeast of town on North Spring river, had committed suicide by taking strychnine after administering the drug to her two smallest boys, Victor, 6, and Fred, 4 years of age.

Frank Blashek, the oldest of the five children (all boys), came to town for Dr. W. J. Joyce shortly before 11 o'clock on Sunday morning, and approaching him as the doctor was visiting his horse on Main street, said: "My mother is dying and I want you to go over and see her."

"What is the matter with her?" the doctor asked. "She took something and gave something to the little boys, and we're afraid they're going to die," was his reply.

Dr. Joyce and Flournoy went over to the home at once and on going up stairs into the living room in the second story of the machine shop, found Mrs. Blashek lying on the bed with Victor by her side, both dead, and little Fred on a lounge in the last stage of death. There was every symptom of death by strychnine poisoning and an empty vial was found which had contained the terrible drug.

About 1 o'clock a coroner's jury composed of F. H. Lea, justice of the peace, J. P. White, J. A. Simpson, L. K. McGaffey, G. T. Littlefield, C. W. Haynes and J. A. Gilmore arrived and viewed the bodies and all surroundings, the taking of evidence being deferred until after the funeral, which took place Monday forenoon.

The coroner's jury heard the evidence Wednesday forenoon at the office of Judge Lea. The witnesses were Dr. Joyce, Mrs. A. J. Ballard, G. F. Blashek and his oldest son, Frank, who is about 32 years old. Mr. Blashek testified that on Sunday morning he was at work on the ditch and about 9 o'clock one of the small boys came to him and said his mother said she wanted to see him. Blashek, being busy, did not go for nearly an hour, and when he got near the house one of the boys told him that his mother and Victor and Fred were sick and he believed they were poisoned. On going up stairs into the living portion of the house, he found his wife on the bed with one of the little boys clasped tight in her arms and both of them in convulsions, while the other boy lay by her side struggling for life. When asked about the strychnine, he said a vial of it was kept about the house and used to kill rats and mice; that his wife had charge of it and attended to setting it out for the rats. The last time he had seen it was about one-third full. His testimony was corroborated by Frank. Mrs. A. J. Ballard testified that she had assisted in dressing the bodies for burial and examined them carefully and found no marks of violence. She also said that Mrs. Blashek had said to her some time before, that she would not mind dying if she could take her two little children with her.

Frank Blashek and his father both testified to the fact that Mrs. Blashek, for quite a while before the suicide occurred, had labored under the hallucination that parties were going to come to their house and murder them for their money or settle their house and destroy them. On several occasions she got up in the night and prowled around the premises and, becoming very much excited, would cry out: "Here they come!" "They're coming!" The evidence satisfied the jury that Mrs. Blashek had become insane and administered the poison to herself and two little boys, and rendered a verdict to that effect.

Guilty in the First Degree. William Hall, the murderer of C. A. Crump is a thing of the past, and the crime of which he stands accused bids fair to be avenged in the eyes of the law. It had been a very difficult matter to obtain a jury, and a full trial by special venire being necessary to determine his guilt. A feeling of relief spread over the community when it became known that Hall had been found guilty of murder in the first degree, the jury returning this verdict late Tuesday evening. The execution of his sentence, and with the approval of the people of Chaves county.—Roswell Record.

Augustus Theodore Vick, who shot and killed Dr. Robert E. Harris on the night of January 10, 1899, had his trial at Roswell last week, and was also found guilty. Thus the prospects for two hangings over in Chaves county are exceedingly bright.

Copper Colored Splotches.

There is only one cure for Contagious Blood Poison—the disease which has completely baffled the doctors. They are totally unable to cure it, and direct their efforts toward bottling the poison up in the blood and concealing it from view. S. S. S. cures the disease positively and permanently by forcing out every trace of the taint.

I was afflicted with a terrible blood disease, which was in spots at first, but afterwards spread all over my body. I was unable to walk, and I was in great pain. I tried many remedies, but they did not help me. I then tried S. S. S. and I was cured. I am now well and strong, and I can say that S. S. S. is the only cure for Contagious Blood Poison.

SAN PEDRO BOOMING.

The Santa Fe Gold and Copper Company Getting an Entirely New Plant.

THE MONTE CRISTO MINE.

County Commissioner J. T. McLaughlin, of San Pedro, spent Monday and part of Tuesday in Santa Fe, attending a meeting of the commissioners of that county and transacting other business in town. Mr. McLaughlin is a mining expert and manager of the Santa Fe Gold and Copper Mining company, which owns or controls all the copper claims in the San Pedro district. Mr. McLaughlin speaks very enthusiastically about the future of the mining interests of that district, and says that at present the conditions are very favorable, and quite a boom is set in at San Pedro.

Mr. McLaughlin has about forty men at work developing the property of the Santa Fe Gold and Copper Mining company, and with good results, says the Santa Fe New Mexican. The force will probably be increased in the near future. Shafts 200 feet deep are now being sunk in the hills. All the old machinery of the company will be discarded and the most modern machinery put in its place. The ore will be treated as a whole, according to the method in vogue in the most successful mines in Montana. That method the ore yields 45 per cent of copper, because of the great amount of silver. There is a full supply of good labor in the district. The miners received \$2.50 a day and the shovellers \$1.50 a day, and they will have work all the year around, as the mines very seldom close down, and are worked in summer as well as winter. The Santa Fe Gold and Copper Mining company has plenty of capital back of it, and is controlled by Boston capitalists, mostly Standard Oil magnates.

The gold placer mines in the vicinity of Golden, Mr. McLaughlin said, are showing up well. The Monte Cristo mine is starting upon another prosperous year. The security of water at the mine has been remedied by digging two new wells, and the addition of new machinery, which is expected to work day and night. A very large new pump will be put in by the company and a dynamo with a capacity for 200 sixteen candle power lights will be placed in position this month. Greater things are expected for the Monte Cristo, although it is paying handsomely already. It is owned mostly by Kansas City capitalists.

At the San Lazarus placers new hot water machinery is being put in, and as soon as that work is finished the mill will be moved to the hoists, doing away with the necessity of a long trail and the running of cars over a long distance. Several lead mines in the vicinity of San Pedro are also being developed, and are showing up well. The smelter at San Pedro is running to its fullest capacity, and there is every indication of continued prosperity at that stable mining town. A boom is driving upward the value of real estate, and handsome wages are being paid by holders of land. Parties of newcomers arrive almost daily and there is a security of dwelling houses.

There is a fine wagon road from San Pedro to the Santa Fe railroad, but, nevertheless, Mr. McLaughlin thinks that a branch railroad to San Pedro may be a possibility of the near future. Of course, the construction of such a spur would be a great boon to the district, and the surrounding district and the south Santa Fe country generally.

ELECTION OF COUNTY COMMISSIONERS. Manner of Choosing County Boards Will Be Changed Hereafter. The law now in force regulating the election of county commissioners, which was passed by the last legislature, reads as follows:

Section 1. That at the general election of 1900 there shall be elected three county commissioners in each county of the territory. The commissioners from the second and third districts shall be elected for a term of two years from the last day of January after the election. The commissioners from the first district shall be elected for a term of four years from the first day of January after the election. The commissioners from the second and third districts shall be elected for a term of two years, and thereafter, each general election, one of the county commissioners successively, beginning with the county commissioner from the first congressional district, shall be elected for a period of four years.

Section 2. That this act shall be in force and effect from and after its passage, and all laws and parts of laws in conflict with this act are hereby repealed.

New Arrival of Shirt Waists.

Our Assortment of Ladies' Summer Shirt Waists is Now In.

Same Comprises Two Distinct Lines, viz:

I. Line of low-priced Shirt Waists at 25 and 50c each, of these Waists we wish to say that as much good value has been crowded into them, as it is possible to put in a low-priced waist. They are the best Shirt Waists ever sold here for the money, and are proving to be rapid friend makers.

II. Our "Gleish" brand Waists, on the merits of which we wish to lay special stress, they are so far ahead in all respects of anything ever shown in this city that your attention to same could not be called by comparing them with other lines. They stand forth alone in

Their Perfection of Workmanship.
Their Attractiveness of Colorings.
Their Originality of Styles.

They are made of the Newest Fabrics of Domestic and Foreign Mills, and in the very latest effects.

In fact, every detail of high class Shirt Waist manufacturing has been most carefully observed.

This line ranges in price from 75c. to \$3.50 each the cheapest waist being cut and sewed as well as the most high priced.

We have them in Lawn, in Gingham, Percale and Plaque, in white and in colored, in plain and in the newest tucked effects, and in embroidery trimmed.

We sincerely hope to have the pleasure of showing you our waists,

CARPETS

A CARPET IS SOMETHING MORE THAN A mere floor covering. It is capable of satisfying the artistic sense as well. In a properly furnished room the carpet sets the pitch with which all other decorative efforts should harmonize. We have made big preparations for and early spring trade, so we will start things going this week by selling—

CARPETS

A black and white illustration showing a woman sitting on a large, patterned rug. She is wearing a long dress and has her hands clasped. A man in a suit stands next to her, looking towards the camera. The rug is very large and covers most of the floor. The background is simple, with a wall and a doorway visible.
