VOLUME 13. ALBUQUERQUE, NEW MEXICO, TUESDAY AFTERNOON, APRIL 4, 1899. NUMBER 137.

CITY ELECTIONS.

Big Vote Being Cast in City of Chicago.

Democrats Elected the Mayor in Cleveland, Ohio.

Republicans Carry Election in Michigan by Large Majority.

BLIZZARD IN ST. LOUIS.

Chicago, April 4.—Springlike weather brought the voters to the polls with a rush. Thousands of republicans voted for Mayor Harrison. On the other hand many democrats are supporting ex-Governor Altgeld. The race seems to be between Harrison and Carter.

With over two-thirds of the ballots cast this afternoon, the indications are that Carter H. Harrison will be elected to succeed himself as mayor. The republicans are making no claims.

MICHIGAN ELECTION.

Detroit, Mich., April 4.—Revised estimates of the election results place Judge Grant's plurality for supreme court justice at 35,000. He probably ran a little behind the republican candidate for university regent. In Detroit, Grant ran heavily behind his ticket, and lost the city by nearly 7,000. The union labor movement against Grant, however, gained little impetus in the smaller cities. Fully two-thirds of the circuit judges elected are republicans. Detroit and the larger cities, with the Pingree features eliminated from the contest, show democratic gains.

CLEVELAND GOES DEMOCRATIC.

Cleveland, Ohio, April 4.—The democrats carried the city with 3,000 majority. Mayor McKisson made the following statement concerning the defeat: "Hanna bolters and corporation influences, through the lavish use of money, elected Ferry and defeated the head of the republican ticket yesterday. That is all I care to say at present."

COLORADO ELECTIONS.

Denver, Colo., April 4.—The republicans are making a straight party fight against a divided opposition in most of the cities of Colorado where elections are being held to-day. In Denver the indications are that a heavy vote will be given to the republicans, democrats and teller silver republicans, each having influence in the field in opposition to Mayor McMurray, who is running independent.

KANSAS ELECTIONS.

Kansas City, April 4.—Elections in the third class Kansas towns held yesterday were very quiet. The republicans carried a light vote. Few women were out. Elections are proceeding to-day in the first and second class cities. In most towns but one ticket was up.

IRISH POLITICS.

Parliament Refused to Attend a Conference Meeting.

Dublin, April 4.—A conference of the national members of parliament with a view to a reunion of the Irish parties opened to-day. The parliament declined to attend, owing to the fact that the nationalists rejected their proposal for a preliminary joint conference meeting to discuss the basis of reunion. Timothy Harrington was elected to the chair. Timothy H. Healy, Timothy D. Sullivan and Thomas J. Healy sat with the anti-parliamentaries. John Dillon moved and Michael Davitt seconded resolutions regretting the absence of the bulk of the parliament, which it was pointed out would make a reunion impossible and declaring their readiness as an earnest of the practical exemplification of the spirit of the anti-parliamentaries to support a parliament for the first chairman of the party. The resolution was adopted.

Miners Starving.

Washington, April 4.—Acting Secretary McKeljohn received information that the miners of Copper River are starving through Captain Abercrombie and Glenn have full instructions to send relief to any who may be suffering along the route of their expeditions to Copper River and Cook's Inlet, and Mr. McKeljohn sent further instructions by telegraph to Captain Abercrombie to take medical and other supplies to Copper River, and make every effort to assist the miners.

Forest Fire.

Tampana, Mexico, April 4.—The forests for miles around Tampana are a burning furnace. The streak of fire is apparently drawing nearer the city. Fears are entertained that the fire will reach the Waters-Pierce oil depot, endangering the lives of scores of people.

Money Market.

New York, April 4.—Money on call, nominally 2 1/2 per cent. Prime mercantile paper, 3 1/2 to 4 1/4 per cent.

A BIG TRUST.

Smelters and Refiners of Ores Favor a Big Combine.

Trenton, N. J., April 4.—Articles of Incorporation of the American Smelting and Refining company, with a capital of \$50,000,000, were filed with the secretary of state to-day. The company is empowered to mine, smelt and refine ores, minerals and metals. The stock is divided into \$25,000,000 preferred, 7 per cent cumulative dividend bonds and \$25,000,000 common. The incorporators are Winthrop K. Dwight, Thomas Mills Jr., John J. Tracy, Hector W. Thomas and Alexis P. Bartlett, all of Jersey City.

THE CITY ELECTION.

Light Vote Being Cast—Outlook Favorable to Republicans.

The voters of Albuquerque are busy to-day voting for candidates for the various municipal offices. The rainy, disagreeable weather has kept many voters from the polls, and in consequence a very light vote is being polled. At 4 o'clock this afternoon there were 723 votes polled, distributed among the wards as follows: First ward, 145; Second ward, 192; Third ward, 155; Fourth ward, 231. The small vote has upset the calculations of experienced politicians, as there is some question as to who is profiting by the rain. The republican workers in the different wards agree that the surface indications are favorable to the republicans. The railroad shops closed at 1 o'clock this afternoon to give the men an opportunity of going to the polls, and it is possible that they will quite largely increase the vote.

Up to the time of going to press the election has been most orderly, the opposing workers in the different wards having been on the most friendly terms. The library appropriation proposition has carried by a large majority, every republican ballot being marked in favor of it. The separate tickets cast are also largely in favor of the proposition.

The first regiment band was at the depot last night and played a selection as the train from the south, with Archbishop Burdette on board, pulled into the city. Hon. Nestor Montoya, the president of the Catholic Union of this city, in behalf of the citizens of Albuquerque delivered an address of welcome to the archbishop, to which the latter replied by thanking all those present for the courtesy that they had extended him.

Robert Campbell, for the past year or so an operator at the local office of the Postal Telegraph company, left the city last Saturday night for his old home in Pennsylvania. Half a dozen creditors are now anxiously inquiring "why Campbell did not pay his bills before leaving the city."

The Rose Stilian Opera company, due to begin an engagement of several days at the Orchestra hall last night, failed to put in an appearance, but write that they will surely put in an appearance on April 17.

Frank Gibson, the Santa Fe Pacific telegraph line repairer, with headquarters at Gallup, is in the city on a visit to his brother, James Gibson, who is in the employ of the Postal Telegraph company.

Mrs. Gilbert LeBar, wife of a ranchman on the San Antonio, near the Jemez hot springs, returned to the springs to-day, after a visit to friends in this city.

The Kaster party and dance, to be given by Mrs. Walton to the pupils of her dancing academy, will take place at the San Felipe hotel this evening.

The office department of Gross, Bicknell & Co.'s wholesale grocery establishment is being greatly improved.

White, the face maker, left last night for Las Vegas, after spending the past four months in this city.

ARMY BEEF.

Officer Testifies That It Smelt Like Boric Acid.

Nicaragua Looking For Trouble With the United States.

Pennsylvania Legislature Still in a Sensational Election Headlock.

ALL PEACEFUL AT MANILA.

Washington, April 4.—Dr. William H. Daly was the first witness before the beef inquiry court to-day. He took occasion to pay his respects to the war committee. He said that the commission had given out the impression that the deterioration of beef on the steamer Panama was due to the use of borax. This was contrary to his testimony. The truth could easily have been ascertained. He also referred to the criticism of the war commission of his use of the expression in his report that the smell about the beef was like the odor of boric acid. "If the phrase was offensive," he said, "I might have adopted the language of the soldiers, some of whom said it smelt like the devil."

Senatorial Election Headlock.

Harrisburg, Pa., April 4.—At a meeting of the anti-Quay republican members of the legislature this morning it was agreed to support Judge John Stewart for senator. To-day's ballot resulted as follows: Quay, 95; Jenks, 75; Stewart, 51; total, 221; majority to choice, 112; paired or not voting, 31.

Marriage of Millions.

New York, April 4.—Youth and beauty with millions of money were married at noon to-day, when Virginia Fair became the bride of William K. Vanderbilt, Jr. About one hundred and fifty guests were present at the ceremony, which took place at the residence of Herman (Jelly) Fair, whose wife is sister of the bride. The bridal gifts were numerous and very valuable.

ARMY CANTENES.

Sale of Intoxicants Not Prohibited in Army Posts.

Washington, April 4.—The secretary of war recently requested the opinion of the attorney general as to whether section 17 of the act passed at the last session of congress "increasing the efficiency of the army," prohibits the continuance of the sale of intoxicating drinks by the government in canteen sections to the post exchanges maintained at army posts and encampments throughout the United States. The attorney general replied that the section does not prohibit the sale of intoxicating drinks through the canteen sections, except that no officers or enlisted men can be detailed to do the selling.

Gunboat Sent to Bluefields.

Washington, April 4.—The navy department is prepared to render speedy assistance to American residents at Bluefields, Nicaragua, who are being subjected to pressure wrongfully by the authorities there. Acting Secretary Allen has ordered the gunboat Machias now on her way to Key West from Livingston, Honduras, to proceed to Bluefields as soon as she can take coal.

Strained Relations.

Port Au Prince, Hayti, April 4.—Relations between the republic of Hayti and the republic of San Domingo are strained, owing to disputes regarding territories claimed by both republics. It is reported that the Dominicans have invaded Haytian territory and occupied Lascazas.

Cabinet Meeting.

Washington, April 4.—At to-day's cabinet meeting the principal subject under discussion was a long cablegram from Mr. Schumann, the chairman of the Philippine commission at Manila. The part of the message which attracted most attention was that which said Aguinaldo's power was largely based on coercion and fear of violence.

Marine Hospital For New Mexico.

Washington, April 4.—Surgeon General Wyman has secured the abandoned Fort Stanton military reservation, New Mexico, for the marine hospital service.

Blizzard at St. Louis.

St. Louis, April 4.—A blizzard raged all night. The ground is covered with five inches of snow.

Silver and Lead.

New York, April 4.—Silver, 59 1/2 c. Lead, 41 1/2.

On Trial for Murder.

Canton, Ohio, April 4.—The trial of Mrs. Annie George on indictment for the murder of George B. Saxton, brother of Mrs. Kinley, began to-day. Russell

COLORADO LEGISLATURE.

Session Closed Last Night in a Dramatic Way.

Samoa Trouble to be Settled by a Joint Commission.

Philippine Commission Issues a Proclamation to the Insurgents.

OKLAHOMA DESPERADO KILLED.

Denver, April 4.—The session of the Twelfth general assembly, which legally terminated at midnight, was prolonged until 1:30, the hands of the clock being set back.

D. H. Dickson, chief clerk of the house, disappeared near the end of the session. The Twelfth general assembly, which legally terminated at midnight, was prolonged until 1:30, the hands of the clock being set back.

The anti-trust legislation urged by Gov. Thomas failed.

PEACEFUL PROCLAMATION.

Philippine Commission Issues a Pacific Talk to the Insurgents.

Manila, April 4.—The proclamation of the United States Philippine commission published to-day assures the people of the cordial good will and fraternal feeling of the president of the United States and the American people, and asserts that the object of the United States government, apart from the fulfillment of a solemn pledge that it assumed towards the family of nations by acceptance of the sovereignty over the islands, is the well being, prosperity and happiness of the Philippine people, and their elevation and advancement to a position among the most civilized peoples of the world.

KILLED A DESPERADO.

Sheff in Oklahoma Kilt the Country of a Murderer.

Newkirk, O. T., April 4.—Clyde Mattox was shot and killed at 10 o'clock to-day by the sheriff of Kay county on the farm of Frank Lowe near here. Mattox last night killed Lincoln Swinney, a ranchman, in a saloon fight at Ponca City and escaped to his home in a negro at Oklahoma for which he was sentenced to death. His mother, Mrs. S. W. Hatch, spent a fortune to save him, and succeeded in having President Cleveland commute the sentence to life imprisonment. Last year President McKinley pardoned Mattox.

Trusts to Be Indicted.

Frankfort, Ky., April 4.—In the state circuit court to-day Judge Cantrell instructed to indict all trusts operating in this district. The instructions were issued particularly to start a war against the Kentucky distillery and warehouse company, which bought up nearly all the Kentucky distilleries.

Samoa Question.

Washington, April 4.—Lord Salisbury has accepted the plan proposed by Germany for the settlement of the Samoa trouble by the appointment of a tripartite commission. The United States has already accepted.

Dead.

Brookline, Mass., April 4.—Geo. Leon and Andrews, brevet major general, U. S. A., retired, formerly professor of modern languages at West Point military academy, died of heart trouble to-day. He was 70 years old.

Report Not Believed.

Newkirk, O. T., April 4.—The report of C. D. Mattox, the escaped murderer, is not believed here. A posse is said to be still in pursuit of him.

Same Comprises Two Distinct Lines, viz:

I. Line of low-priced Shirt Waists at 25 and 50c, each, of these Waists we wish to say that as much good value has been crowded into them, as it is possible to put in a low-priced waist. They are the best Shirt Waists ever sold here for the money, and are proving to be rapid friend makers.

II. Our "Gleichen" brand Waists, on the merits of which we wish to lay special stress, they are so far ahead in all respects of anything ever shown in this city that your attention to same could not be called by comparing them with other lines. They stand forth alone in

Their Perfection of Workmanship.
Their Attractiveness of Colorings.
Their Originality of Styles.

They are made of the Newest Fabrics of Domestic and Foreign Mills, and in the very latest effects.

In fact, every detail of high class Shirt Waist manufacturing has been most carefully observed.

This line ranges in price from 75c. to \$3.50 each the cheapest waist being cut and sewed as well as the most high priced.

We have them in Lawn, in Madras, in Gingham, Poreale and Plume, in white and in colored, in plain and in the newest tucked effects, and in embroidery trimmed.

We sincerely hope to have the pleasure of showing you our waists.

CARPETS

A CARPET is something more than a mere floor covering. It is capable of satisfying the artistic sense as well. In a properly furnished room the carpet sets the pitch with which all other decorative effects should harmonize. We have made big preparations for and early spring trade, so we will start things going this week by selling—
