**INDIGNITY FOR ENGLISH SUBJECT.**

Manila, April 3.—Repeated efforts to locate the insurgent army in front of Malolos have been unsuccessful. Our forces are therefore still resting in the former Filipino capital. Our attack on the forces under General Hall at Marikina suggests that the enemy is concentrating in that direction. Colonel Dewey's arrival makes an early issue of the proclamation by the Philippine commission probable.

**REBELLION CRUSHED.**

Washington, April 3.—The following cablegram was received early this morning: "Manila, April 3.—Present indications denote the insurgent government in a perilous condition. Its army defeated, discouraged and scattered. The insurgents are returning to their homes in the villages between here and points north of Malolos, which our reconnoitering parties reached, and desire protection of the Americans. News from the Visayan islands are more encouraging every day."

**GOOD NEWS FROM DEWEY.**

Manila, April 3, 6:30 p. m.—The natives are coming in all along the American lines. Major General Otis, commander of the American military forces, has received the following message: "Heartiest congratulations on the most magnificent work of the army. Dewey." The Philippine commissioners are hopeful of a speedy restoration of peace, believing that hostilities will soon be confined to the habitual revolutionists. Brigadier General Otis sails for home on the United States transport Sherman to-day. He says he believes that the insurgents have received their deathblow. The Sherman will also carry the sons of Secretary John Hay, of the state department and Senator Hale, of Maine, who witnessed much fighting with the army, and the bodies of officers killed in battle. General Wheaton has accepted command of the brigade lately commanded by Otis. The Third and Twenty-second regiments of Wheaton's command are returning to this city.

**KILLING AT EL PASO.**

Texas Ranchman Kills a Mexican at El Paso, Texas.

El Paso, Texas, April 3.—In the "border" district in the city of El Paso, Texas, a ranchman, killed a Mexican. Dunham, a Mexican, owned a ranch at El Paso, Texas. He is a uncle of Seth Burr, a cowboy, who killed three Juarez policemen a year ago and wounded several others during a running fight, and was himself slain by citizens, who joined in the pursuit. Dunham was anxious to meet his uncle. Dunham said that Mamphela and several companions followed him and when he asked them what they wanted they said it was none of his business, and that Mamphela reached for his gun. Before he could draw, the Texan fired four shots and the Mexican fell dead. Dunham was released on a bond of \$2,000.

**Indignity Demanded.**

Chicago, April 3.—A special to the Tribune from Washington says: This government will be asked by Great Britain for indemnity for the family of a British subject named Simpson killed during the battle of Manila, February 23. Simpson was looking out of a window while the battle was in progress, and being dressed in white clothing, was mistaken for a Filipino and shot.

## PRESIDENT'S MESSAGE.

**The Nation Asked to Honor  
the Heroic Dead.**

**New England Cotton Mills Advance  
Wage Scale.**

**Blinding Snow Storms Raging in Mis-  
souri and Iowa.**

**OVERLAND TELEGRAPH LINES IN CUBA.**

Washington, April 3.—The president to-day issued the following executive order: "It is fitting that in behalf of the nation that tributes of honor be paid to the memories of the noble men who lost their lives in their country's service during the late war with Spain. It more fitting, inasmuch as in consequence with the spirit of our free institutions and in obedience to the most exalted promptings of patriotism, those who were sent to other shores to do battle for their country's honor under their country's flag went freely from every quarter of our beloved land. Each soldier, each sailor, parting from home, time, putting behind him private interests in the presence of the stern emergency of unthought with an alien foe, was an individual type of the devotion of the citizen to the state which makes our nation strong in unity and in action. Those who died in another land left in many homes undying memories that attend the heroes of all ages. It was fitting that with the advent of peace, won by their sacrifice, their bodies should be gathered with tender care and restored to home and kindred. This has been done with the dead in Cuba and Porto Rico. Those in the Philippines still rest where they fell, watched over by their surviving comrades and crowned with the love of a grateful nation. The remains of many brought to our shores have been delivered to their families for private burial. But for others of the brave officers and men who perished there has been reserved interment in ground sacred to the soldiers and sailors, among the tributes of military honor and national mourning they have so well deserved."

**Democracy Responsible.**

Some of the democrats in an underground way are attempting to use the fact that Marshal McKinley is holding his position by virtue of an appointment by Mayor Clancy. A simple statement of the facts is here made in order that voters may draw their own conclusions. Mayor Clancy immediately after the resignation of Marshal Fred Forsyth, nominated Mr. George C. Bowman, an old resident and heavy property owner of Albuquerque as marshal. While even the democrats conceded that Bowman was a good man, and that the only thing that could be said against him was that he was a republican, they refused to confirm him. Mr. Clancy then nominated Mr. William McKinley, another good man, a republican, and the owner of the First street livery stable, for the position, and the democrats refused to confirm him. After that Mr. McKinley was nominated and the democratic members of the council consented that he should be confirmed. He owes his position in part at least to the democrats of the council. During the year, and while the mayor was absent, the democrats decided that the salary of Mr. McKinley should be increased twenty dollars per month, and that he be allowed thereafter one hundred dollars per month. This increase was made to apply only to Marshal McKinley, while he holds office, and it was carried through the council by democratic influence and democratic votes. Every democrat in the council, including Mr. Harrison, have repeatedly declared that McKinley is the best marshal the town has ever had.

## HOT CITY CAMPAIGN.

**Cleveland, Ohio, Excited Over  
Factional Politics.**

**Cherokee Lands Being Allotted to  
Members of Tribe.**

**Members of the Nicaraguan Canal Com-  
mission Appointed.**

**COTTON MILLS ADVANCE WAGES.**

Cleveland, April 3.—Probably never in the history of this city has there been manifested such general interest in the mayoralty contest as in that of to-day. Mayor Robert McKisson, republican, is a candidate for re-election. He is opposed by ex-Mayor John H. Farley, democrat. The democrats are united, and the republicans are divided into two factions—the Hamiltons and McKissons. The Hamiltons are generally, it is believed, are voting for Farley. The leaders of both sides express themselves confident of victory. Deliberative employed by the democratic committee claim to have positive proof that fully 5,000 voters are registered this spring.

**Alloiting Indian Lands.**

Muskogee, I. T., April 3.—In accordance with a circuit of notices dated March 1, the Dawes commission opened an office here at which the citizens of the Creek nation and the Creek freedmen, whose rights of citizenship are unquestioned, may select their allotment from the Creek domain, as provided by the rules made by the secretary of the interior under the Curtis act. Judge William Springer, of the United States court, presides. All lands of the nation will be allotted except such as are reserved for townships, school and church sites, graveyards, etc.

**Canal Commission Appointed.**

New York, April 3.—A special to the Herald from Washington says: "President McKinley will announce on Tuesday the seven members of the new isthmian canal commission. Those definitely determined upon are: Rear Admiral Walker, Brigadier General Haines and Professor Haupt, of the Nicaraguan canal commission; Civil Engineer Noble, Chicago, formerly member of the Ludlow canal commission; Major Frank Symonds, corps of engineers; and Civil Engineer Voight. The seventh member will be Civil Engineer Morrison, of New York. The commission will visit both Panama and Nicaraguan routes. The president is anxious to begin work immediately."

**Death of Mrs. Stoffel.**

Mrs. Barbara Stoffel, the wife of E. K. Stoffel, died at 2:30 o'clock yesterday afternoon from cancer of the liver. The deceased first complained of not feeling well last January. Until four weeks ago, however, her condition was not considered serious. Since that time she has been growing worse rapidly and for some time no hope has been entertained for her recovery. Her mother, Mrs. John Hornshtetter, came down from Denver, a couple of weeks ago and was at her side to the last.

**The Father of the deceased, who lives in Denver, has been noted and will arrive in the city to-morrow night. The funeral will probably take place at 9 o'clock Wednesday morning from the church of the Immaculate Conception of the Virgin.**

Mrs. Stoffel was born in Germany 22 years ago. She came to this country with her parents when she was a little girl. They settled in Denver, where in 1888 she was married to E. K. Stoffel. Three daughters and one son were born to them, the oldest of whom is about 10 years of age.

**During the years that she has resided in this city, Mrs. Stoffel has, by her kindly and generous ways, made a multitude of warm friends, whose sympathy goes out to the bereaved parents, the stricken husband and the motherless children in this dark hour of their life.**
