NUMBER 130.

## BLOODY BATTLE NEAR MANILA.

Severe American Loss in the Engagement Yesterday.

### REBELS DRIVEN FROM THEIR ENTRENCHMENTS

Manila, March 26.—The United States troops under Brigadier-General Miller, Lord and Wheaton captured Manila, beyond Tullany today after a sharp fight. Col. Henry C. Egbert, Twenty-second regular infantry, was killed. Prince Lowenstein, formerly aide de camp on the staff of Brigadier-General Miller at Manila, was shot in the side, dying almost instantly. The German who accompanied him was wounded.

The American casualties to-day were much lighter than yesterday, the total losses thus far reported since the engagement commenced being forty-five killed and 145 wounded.

The United States gunboat Helena and other gunboats have been shelling Manila, about a mile northwest of Caloocan, for several hours. Evidently anticipating bombardment by the fleet a thousand rebels vacated Manila last night, leaving a few to burn the towers heavily.

Wheaton's brigade, composed of the Second Oregon regiment and the Twenty-second and Twenty-third infantry, pushed out along the railroad from Caloocan to the Tullany river, was powerless to prevent the withdrawal, owing to natural obstacles and strong opposition.

The Second Oregon regiment crossed the river on the left and the Twenty-second infantry on the right, four companies of the Twenty-third infantry supporting the latter. When the Americans were within about three hundred yards of the entrenchments the Filipinos suddenly volleys heavily, and the Twenty-second holding the center suffered considerably, but with the Oregon on the left and the Kansas regiment on the right in the woods the fight was kept up half an hour. The Twenty-second infantry advancing up the slope through the thick grass under the hottest fire, General Wheaton and staff were all the time under a rain of bullets, and Col. Egbert was shot in the abdomen. He was placed on a stretcher and died on the way to the rear. "You have done nobly," Egbert gasped: "I must die; I am too old."

No Filipinos were found in the trenches. General McArthur's advance guard, the Third artillery and Twenty-second Kansas regiment, joined Wheaton's brigade shortly after Manila was taken, approaching along the "Movalles" westerly. The soldiers were much exhausted. After luncheon McArthur's division advanced toward Pulo. The Second Oregon encountered 1,000 Filipinos west of Manila, retreating from Pulo. The enemy had taken up a position in the thick grass under the heaviest fire, but was driven out after hours of heavy firing. One Oregonian was killed and five wounded.

The Third artillery, acting as infantry, with two guns of the Tenth artillery and the Kansas regiment had a sharp fight east of Manila. The Americans advanced to strike Manila. The heavy division is advancing upon Pulo along the railroad.

As the bridge is destroyed and the river cannot be forded, the advance is temporarily checked to night. Surgeons upon the fleet and the British cruiser Powerful volunteered assistance and were indefatigable in their services at the front. President Schurman, of the Philippine commission, and Mr. McArthur, United States secretary, were under fire to-day with General Wheaton.

**WILL ATTACK MALIBO.**

Manila, March 27.—The American forces did not attack Malibon, which the enemy deserted, but are concentrating strength to strike Manila. A number of small villages west of the railroad deserted and burning. They advanced along the railroad. Gen. McArthur's division spent the night and morning at Makawayan, the next station beyond Pulo. After reconnoitering his position he pushed along the railroad after on towards Malibon. If the statement of thirty-five prisoners captured to-day is true, the main body of the enemy retreated to Malibon, but there are no more trenches to encounter, although over thirty villages, including the larger settlements of Butuan and Gaudin, intervene.

At every railroad station civilians have been posted, armed by the Filipino commander in chief, Luna, ordering all soldiers and leaders of the army to be shot without trial. Further, all towns abandoned by the Filipino troops are first to be burned. While deploring the existence of war, the circular main-

tain the undeniable right of the Filipinos to defend their homes, lives and lands against would-be dominators, who should kill them, their wives and children.

**LIST OF KILLED.**

Washington, March 27.—The following list of killed has been reported by General Otis, Manila, March 26, 25 and 26: Twenty-second Kansas—Privates H. S. Plumer, Curran C. Craig, G. A. S. Anibal. Third artillery—Privates William Patton, Sergeant Fogarty, James O'Neil, Herbert Ross, Carlisle Watts. Second Oregon—Privates H. B. Adams, William W. Cook, Charles Herbert, Guy Millard. First Montana—Privates Joseph Richman, Percy Lockhart, Steve Stevens, Wm. Mitchell.

Among the wounded are: First Lieutenant H. Jackson, Twenty-second infantry; Second Lieutenant W. S. Overton, Third artillery; Capt. Geo. B. Forten, First Washington infantry; mortals; Capt. Maurice C. Kravenshul, subaltern department; mortals.

**DESTROYED A TOWN.**

The turret ship Monadnock anchored off the town of Panabo and the insurgent opened fire on her with muskets, one man being killed and three wounded. The Monadnock then destroyed half the town, including a church.

**CLEARED A BUILDING.**

The Washington regiment found a band of insurgents concealed in a stone house, over which a French flag was flying. A private volunteered to set fire to the building. He did so and the troops approached while it was burning. They were greeted with a sudden volley from the balcony of the house, and the building cleared in short order.

**SEVERE FIGHTING.**

Washington, March 27.—The following dispatch was received from General Otis this morning: Manila, March 27.—MacArthur holds Malibon; severe fighting to-day; our casualties about forty. The insurgents destroyed the bridges, which impeded the progress of train and artillery. Our troops met the concentrated insurgent forces of the northern line, surrounded by Aguinaldo in person, and drove them with considerable slaughter. They left nearly one hundred dead on the field, and many prisoners and small arms were captured. The column will press on in the morning.

**MADE A STAND.**

Manila, March 27.—A thousand Filipinos, composing the rear guard of the insurgent army, retreating from Malibon, made a stand to-day in some strong entrenchments about Maralita, across the Maralita river. In the engagement, which continued for several hours, the Americans were killed, including three officers. Forty were wounded.

**MORE CASUALTIES.**

Washington, March 27.—General Otis reports another long list of casualties, including the following killed: Third artillery—Lieut. M. G. Kravenshul, captain and commissary United States volunteers. Twenty-second Kansas—Privates Morris J. Cohen, Private H. Fairchild. Twenty-second infantry—Sergeant Charles F. Brooks. Second Oregon—Privates L. V. Strawderman and Hayes B. Taylor.

**POSITION OF THE FLEET.**

Washington, March 27.—Admiral Dewey has telegraphed the navy department the position of the fleet as follows: "Olympia, Oregon, Monadnock, Monterey, Callao, Manila and Helena occupying strategic positions in Manila bay. Worcester, Charleston, Concord and Petrel cruising off Luzon. Have sent the Bennington to Hong Kong to-day. The Princeton is at Singapore repairing her propeller. The Nansin has gone to Guam. The Iris will sail shortly for Iloilo with coal. Will dispatch the Solace as early as possible."

**BREITLAND ACTION.**

Manila, March 27.—The American forces advanced from Maymayan and Makawayan, the brigade commanded by Gen. Harrison Gray Otis being on the left of the railroad, Hale's on the right. The rebels had an unfavorable river in front of them, and poured in a fire so effective that it showed they were veterans. Approaching under cover of the bushes to

about sixty yards from the trenches, the American artillerymen emerged upon an open space commanding the town and gave a great yell. The Filipinos were panic-stricken, about one hundred seeking safety in flight, while a white flag was raised by those in the trenches, who also shouted "Amigos" (friends). Col. Fanning, with twenty men of the Kansas regiment, swam across the river to the left of the railroad bridge and captured eighty prisoners with arms. The Pennsylvania regiment captured forty prisoners, and by this time the right of the Filipinos was demoralized.

**FORWARD MOVEMENT.**

Washington, March 27.—On Saturday the essential feature of General Otis' plan was to enclose the insurgents between two parallel lines of American forces, to be crushed or captured. Now this strategic movement has given way to a general forward movement of the entire American forces under General MacArthur. The change of operations was due to the escape of the insurgent forces from Malibon. The brigades of Wheaton, Hale and Harrison Gray Otis are sweeping straight forward along the railway toward Malibon. While this is going on fifteen or twenty miles north of Manila, Otis' dispatches say that the insurgents again are active south of Manila. Major General Lawton's division is in reserve. Otis' reports show no concern as to this southern move, as he remarks: "Lawton will look after them."

**FAVOR HIS PROMOTION.**

Washington, March 27.—General Otis has called the adjutant general that the son of Col. Egbert is a private in his father's regiment, and has a fine reputation. To-day the adjutant general called the president's order that young Egbert be appointed adjutant of the usual examination, second lieutenant.

**WILL TAKE MALIBON.**

Manila, March 27.—7:30 p. m.—The Americans refrained from burning Malibon and are resting there to-night. General Otis' brigade is crossing the framework bridge, Hale's brigade remaining on the south bank of the river. The United States Philippine commission proposes to issue a proclamation immediately after the rebel government at Malibon is dispersed, believing that the most effective method to secure the allegiance of the natives will be after they receive an object lesson of the American power.

**KILLED AND WOUNDED.**

Washington, March 27.—Advice received at the war department to-day that number of casualties in yesterday's and to-day's fighting was: Killed—Three officers and twenty-five enlisted men. Wounded—Nine officers and 253 enlisted men.

**SITUATION SATISFACTORY.**

People's Hotel Accept American Occupation. Manila, March 27.—A dispatch to the Herald from Iloilo says: The transport Indiana arrived here with reinforcements for Agor Island, where the situation is satisfactory. The rising of the hill tribes had no political significance. A committee of natives, with Colonel Smith, American governor, presiding, proceeded with drafting a constitution, taking the American constitution as a basis. It has been formally proposed to raise the island's revenue entirely from exports, thus relieving the laboring classes. The natives desire the immediate introduction of the English system of education. Deputies of Negros will meet April 3 to discuss the draft of the constitution.

**Easter Millinery.**

Mrs. Oakes wishes to thank the ladies for their liberal patronage at her opening and as she has sold most of her hats she has wired for a new supply, which she expects the early part of the week, and which she knows will be dainty and chic and suit the taste of all lovers of fine and artistic millinery. Store directly opposite new Grant block.

**Carpet Sale.**

About 5,000 yards to select from. Don't buy until you see the bargains I offer. Must be sold by April 1. A chance to get cheap carpets.

**Run Over.**

To the iceberg for a bottle of old whisky.

**No Proof Like Experience.**

Ride a Columbia, and save repair bills.

**J. F. O'Brien and J. A. Robinson.**

Two discharged sailors from the Baltimore—one of Admiral Dewey's fighting ships—are in the city to-day. George Koehler, at the office of Mayor Clancy to-morrow, came in from the west last night with O'Brien and Robinson, but the two men continued north for St. Louis, while the latter two had occasion to visit a drug store and consequently got lost. They are visiting the resorts to-day, taking in Albuquerque's places of amusement in the city, and expect to be gone to continue their journey north to-night. The boys will spend their full month of the month in St. Louis and Chicago, and when they will re-enlist in the navy. They have already served three years and eight months, and participated in the great naval battle in Manila bay on May 1, 1898.

**Theodore King, the well-known miner of this city, died yesterday morning at his room on north Fourth street after a long illness. The funeral took place at 4 o'clock this afternoon from Undertaker Strong's parlors.**

**Remember the day—Tuesday afternoon and evening at Mrs. McReight's store, where a handsome stock of the latest styles can be seen on exhibition.**

## BATTLE WITH BANDITS.

Gang of Missouri Thieves Captured by a Sheriff's Posse.

Gen. Flagler Dying at a Hotel in Fortress Monroe.

National Conference Called to Suppress the Liquor Traffic.

PRESIDENT RETURNS TO WASHINGTON.

Dexter, Mo., March 27.—A pitched battle was fought yesterday between Charles Hendrickson's gang of thieves and sheriff Kvaas and posse. One hundred shots were fired. Hendrickson was killed. His daughter was, perhaps, fatally wounded; Deputy Sheriff O. B. Smith, slightly wounded. Two of the robbers were captured and five escaped.

**The President.**  
Thomasville, Ga., March 27.—President McKinley leaves here this afternoon for Washington. The president has issued no instructions regarding the Philippine situation. General Otis will be allowed to remain here. The hope is entertained here that Aguinaldo and his staff and some of his general might be captured. This, it is thought, might cause a collapse of the Philippine insurgent movement.

**A Veteran Dying.**  
Washington, March 27.—Word was received at the war department to-day that Brig. Gen. Flagler, chief of ordnance, is lying at the point of death at the Hygeia hotel, Fort Monroe. Flagler was captured with grip last fall, following which he suffered severely with rheumatism and kidney troubles.

**Death Sentence.**  
Topeka, Kan., March 27.—John Henry Collins received his death sentence for the murder of his father to-day with the same staid demeanor that he has characterized his actions from the first. He said: "I am innocent."

**Vice President Hobart.**  
Thomasville, Ga., March 27.—Vice President Hobart is far from well, and may not leave here with the president. A long rest may bring him around all right.

**Temperance Conference.**  
Pittsburg, Pa., March 27.—A call was issued to-day for a national conference of temperance workers to discuss the liquor traffic and other reforms. The conference will convene on June 8, in this city.

**TWO ADMIRALS.**

Congress gave President McKinley authority to appoint two admirals. New York, March 27.—Special to the Herald from Washington, says: Unanimously congress last before adjournment gave President McKinley authority to appoint two admirals of the navy. The navy appropriation bill approved on the legislative day of March 27, contained a provision identical in language with the special act under which Dewey had been appointed and confirmed. Friends of Sampson are confident, if any one is appointed, that he will be the man. Friends of Schley say that the interpretation of the act by a judicial officer of the government will show conclusively that congress intended that only one admiral should be appointed. This is the view of Secretary Long.

**Death of a Bishop.**  
St. Louis, Mo., March 27.—Bishop Peter Duggan died at St. Vincent's asylum for the insane, to-day, aged 74 years. He had been a patient at that institution twenty-nine years.

**Kid McCoy.**  
San Francisco, March 27.—It is stated that "Kid" McCoy, having been convinced by a physician that he is showing signs of heart failure, will take a long rest in the mountains, cancelling all dates.

**Republican City Central Committee.**  
The republican city central committee and all candidates for aldermen and the board of education will hold a meeting at the office of Mayor Clancy to-morrow (Tuesday) evening at 7 o'clock. It is important that every member be present.

**LEE AND GILLILAND CASES.**

Change of Venue Granted to Grant and Gilliland Cases.  
In the case of the territory vs. Lee and Gilliland, indicted in Dona Ana county for the murder of Col. A. J. Fountain and son and Deputy Sheriff J. K. Kearney, the plea of the defendants that the court in Dona Ana county did not have jurisdiction was heard by Judge Parker at Las Cruces on Saturday. The attorneys for the defense contended that the jurisdiction was in the new county of Otero, within the limits of which the crime is alleged to have been committed. They also argued that the act passed by the last legislature, declaring that all cases from the territory of Otero county, now pending in Dona Ana county, should be tried in the latter county, was unconstitutional. The court decided against them on both contentions.

A change of venue was then granted in the cases against Lee and Gilliland for the murder of A. J. Fountain and son, and J. K. Kearney to Grant county, and the cases were set for trial at Silver City on Monday, April 3.

**Burglars at Gallup.**  
Capt. M. C. Taylor returned last night from Gallup. He reports several stores of Gallup burglarized on Saturday night, and says that the suspected burglars, who are tramps, are coming the way. In any event, City Marshal McMillin went to the south end of the city this morning and rounded up fourteen general loafers whom he found occupying a box car in very early fashion. They were requested to keep moving, and this gang no doubt are now at a safe distance from the city.

**Police Court News.**  
John Wilson, colored, who was arrested last night for slapping the face of one of the women of the Aerie, pleaded guilty in the police court this afternoon to slapping the peace and was fined \$5. John Smith was fined \$5 for committing a nuisance.

**Fernando Garcia, who created a disturbance last night on the Highlands, was fined \$5 and costs.**

**Ramon Sanchez and J. M. Gonzalez, charged with disturbing a Salvation Army meeting were discharged.**

**DISTRICT COURT NEWS.**

Several Cases Disposed of—Civil Docket to be Called Wednesday.

In the case of Maria de las Nieves Sarraetino vs. Bernardino Baca et al., a judgment was rendered on March 26, to-day, setting aside all deeds except as to five rooms in the old Sarraetino home- stead residence in Old Albuquerque. The plaintiff, Mrs. Sarraetino, was about a year and a half old at the time of the deed, and Bernardino, one of the defendants, is a grandson of the deceased. In January, last, the plaintiff gave him and his wife five rooms in the house and told them to prepare a deed for the same. Instead of complying with her request, they made the deed out for the five rooms in the property with the exception of two enclosed rooms, which they left in the name of the old lady. She first learned that this had been done about a year later, when she was informed that L. U. Albers had purchased all the property from Bernardino Baca and wife. She called Mr. Albers in one day and he informed her that he had not bought the property and she then warned him against doing so. He afterward purchased it from Mrs. Chapman, of Santa Fe, to whom it had been transferred by Mr. and Mrs. Bernardino Baca. Proceed- ings were then brought to set aside the deed, which was done by Judge Crum- packer to-day, and the property will now be divided among the heirs of the plaintiff. E. V. Chavez appeared for plaintiff and J. H. Hamilton for defendant.

**The case of Pablo Gomez vs. Felipe Chavez, on a change of venue from Socorro county, came up before the court to-day as plaintiff's exception to Judge H. B. Hamilton's report as master. The exception was overruled and the bill dismissed. J. H. Fitch represented the plaintiff, and E. V. Chavez, the defendant.**

**In the case of the Bank of Commerce vs. Herman Block, judgment was entered against the defendant for \$1,027.77. The cause was heard on the interrogatories and answer of the garnishees, Weiler and Anderson, and judgment was entered against them for \$250.**

**In the case of Lowenthal & Meyers vs. D. K. Dall et al., motion for a new trial was denied.**

**Henry J. Charrat, through his attorneys, Warren & Chavez, has brought suit against F. J. Otero, M. P. Stamm, Louis Baez, George Lehman and the Washington City and County Electric Company for the possession of the Sampson mine and \$10,000 damages for the wrongful withholding of the same since October 3, 1898, when late defendant made application for patent under the laws of the United States by the name of the Washington mining claim. The suit is brought in and the adverse proceedings commenced in the land office in Santa Fe some weeks ago.**

**At 10 o'clock on Wednesday morning Judge Crumpacker will fix the date for the trial of causes which are on the jury list, and will call the civil docket for the disposition of cases.**

**Best selection of high grade cigars at Rupp's.**

CATTLE MAN MISSING.

Left the Santa Fe Train Near the Smelter.

HIS WIFE IN SEARCH.

Mrs. H. L. Hughes, wife of the cattle and mining man, of Hillsboro, N. M., arrived over the Santa Fe Friday morning and registered at the St. Charles. When it became known that she was in search of her husband, the El Paso Herald reporter called on her at her room at the hotel.

She was in a state of dependency and with great reluctance related the story of her husband's mysterious disappearance.

"My husband and myself, accompanied by my brother and sister, arrived in El Paso on the morning of the 16th to be on hand for the festivities on the morning of the 17th. We fully enjoyed the occasion and on the morning of the 18th my sister and I left for home leaving Mr. Hughes and my brother in this city.

"They remained here until yesterday morning and left over the Santa Fe for home. Shortly after the train left the smelter, which is situated a few miles west of here, my brother noticed that Mr. Hughes was not in the coach and a search was instituted. It was not to be found. Upon arriving in Hillsboro my brother related the affair to me and I took the train for this point this morning to try and find him.

"Mr. Hughes has been engaged in the cattle business and is interested in mining and is well known throughout this portion of the country. Imagine the worst, but of course that is nothing more than natural under the circumstances.

Upon arriving here this morning Mrs. Hughes notified the police and a search is being made for the missing cattle man. Up to the hour of going to press, however, nothing has been heard of him, no one having seen him since the departure of the passenger train yesterday morning. The track has been searched between here and the smelter, but no trace of him was found.

It is a mysterious case and his friends cannot believe that he purposely left his family, in which there has always seemed to be the fondest love and harmony.

Mr. Hughes had considerable valuable property on his person, such as checks and drafts but very little money.

To a man who arrived here this morning from the north, Mr. Hughes, a brother-in-law of Mr. Hughes, said: "I cannot believe that Mr. Hughes skipped to Mexico. He had plenty of money with him and I believe he has been fairly dealt with. He was a man that never drank anything and always attended strictly to business. He was conversing with the other men in the coach and excused himself to go into the smoking car, leaving all his effects behind. They supposed that it was in that car, but when they went to look for him he was not to be found. I cannot think of anything to explain that he has been fairly dealt with."

A Frightful Disaster. Will often cause a horrible burn, scald, or frostbite. Buck's Arnica Salve, the best in the world, will kill the pain and promptly heal it. Cures all sores, fever sores, ulcers, boils, feline, corns and all skin eruptions. Best cure on earth. Only 25 cents a box. Cure guaranteed. Sold by J. H. O'Reilly & Co., druggists.

A Curious Mistake. The night operator for the Western Union at Kingman made a curious mistake in receiving a message a few nights ago. The message, as ticked over the wires, should have been as follows: "Joseph Wharton, train 2." As received at this station, the message read: "Joseph W. Hart on train 2." It will be seen that the same letters are used in both messages, only in different combinations, and, as the message was sent, no blame could be attached to anyone—Kingman Mineral Wells.

No healthy person need fear any dangerous consequences from an attack of grippe if properly treated. It is much the same as a severe cold and requires precisely the same treatment. Remain quietly at home and take Chamberlain's Cough Remedy as directed for a severe cold and prompt and complete recovery is sure to follow. For sale by all druggists.

Fraternities of America. Regular meeting of Albuquerque Lodge No. 8, F. O. C., to-night, at Knights of Pythias hall, at 8 p. m. sharp. All old and new members are requested to attend. Good time in store for all. W. C. Montfort, secretary.

As this is the season of year when pneumonia, in grippe, catarrh, bronchitis and lung troubles are to be guarded against, nothing is a "fine substitute," will "take the place" of or "be as good as" an One Minute Cough Cure. That is the one infallible remedy for all lung, throat or bronchial troubles. Insist vigorously upon having it if "something else" is offered you. Berry's Drug Co., Albuquerque, N. M.

The Railroad Library. S. R. Buser, superintendent of reading rooms of the Santa Fe system, spent two days last week with Joe Richards, librarian of the reading room at this station, cataloging all the books and placing them in circulation. From now on employees and their families will be permitted to draw and use the books. The library contains 325 of the best books on

Sacrificed to Blood Poison.

Those who have never had Blood Poison can not know what a desperate condition it can produce. This terrible disease which the doctors are totally unable to cure, is communicated from one generation to another, inflicting its taint upon countless innocent ones.

Some years ago I was inoculated with poison by a name who injected my face with blood. The result was a terrible case of blood poisoning. I was cured by using S.S.S. for the Blood.

Every body is now busy preparing for the summer visitors, who will find a great many improvements and better accommodations than ever before.

Showing of dolls and gardens is going on with great vigor, and the prospects for a rich harvest make everybody feel glad.

Henry Newton, from Kansas City, is the latest arrival at the springs, and will make a longer stay at the Springs.

J. H. Block's new addition to his hotel is nearing completion.

Col. Francisco Perez and Emeterio Archuleta left for the metropolis to day on business.

Rev. J. M. Shields and Harvey M. Shields will leave for the Presbyterian synod on Monday.

DANGER OF THE GRIP. The greatest danger from the grippe is of its resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for the grippe have yet to learn of a single case having resulted in pneumonia which shows conclusively that this remedy is a certain preventive of that dangerous disease. It will cure the grippe in less time than any other remedy. It is pleasant and safe to take. For sale by all druggists.

S.S.S. for the Blood

IS PURELY VEGETABLE, and is the only blood purifier guaranteed to contain no mercury, potash, or other mineral. Valuable books mailed free by Swift Specific Company, Atlanta, Georgia.

ALL SETTLED.

STURGES' RUMOR. Jas. Roark, Wm. W. Trap, Los Angeles; J. S. O'Brien, J. A. Robinson, Manila; J. B. Johnson, San Francisco; N. B. Guehr, Chicago; P. H. Gordon, Los Angeles; B. Larimer, Denver; Mrs. L. Wintge, San Francisco; Wm. Shaw, Chicago; J. S. Bouch, Denver; S. A. Swenson, St. Louis; W. J. Anderson, San Francisco; Sherrard Coleman, Santa Fe.

Hotel Highland. Chas. Wardell and wife, Pleasant; F. G. Menon, Kansas City; M. G. Clarke, Golden; D. Elliott, Las Vegas; L. H. Palmer, Fred H. Andrews, Topeka.

That Throbbing Headache. Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for sick and nervous headaches. They make pure blood and strong nerves. Build up your health. Easy to take. Try them. Only 25 cents a box. Money back if not cured. Sold by J. H. O'Reilly & Co., druggists.

THE CAPITAL BUILDING.

Construction Progressing Favorably. With Work Begun on the Great Portico.

Work is progressing favorably on the capital building, and an inspection of the structure Friday afternoon showed that it ought to be ready for occupancy earlier than is generally thought, says the New Mexican. The derricks are in position for setting up the great columns in the portico, and the bases for the same will be in place by Monday evening. It was the intention to take all of the columns after erection, but owing to the proximity of the columns when up, some of the lifting must be done while they are down on the ground.

The stone and brick work of the capital will be completed with the porch work, and that will now be pushed rapidly to completion. The columns are thrust around the wings, and when the roof balustrade is permitted and set they will look well enough. Of course, stone would present a better appearance, but that would cost a good deal more, and consequently is not in the thought of. The dome is all ready for the timers, who will be here from Denver within ten days. They will straighten the dome and complete the balustrade. The electrician will not wire the dome until all other work about it is finished. The general electric wiring is now well advanced, and the plasterers, who are expected here now, may start in without delay, as the electrician is well out of their way, and half of the interior is already lathed. The lathing is in sheet iron panel strips, and outside as much as wooden lath would cost. But the use of metal reduces the risk from fire 25 percent. A good share of the flooring is completed; that is, clean sand and gravel is spread under the wooden flooring, so that any noise made above will not be appreciable to any extent in the apartments below. None of the flooring is as yet down so that visitors must walk with cautious tread to avoid falling through the joists, except where the flooring has been put in. Where the plastering is finished the floors will be laid. The stairways will be in iron frame with hardwood tread. The hall of representatives is a fine large room, capable of seating comfortably a body four times the size of the present house, and there is a commodious gallery for spectators. The restaurant is a fine dining room, with a fine view of the city. The library is a fine room, with a fine view of the city. The library is a fine room, with a fine view of the city.

## ROSENWALD BROS.

### LOCAL PARAGRAPHS.

Louis Baer and wife are scheduled to leave for the east this evening. They will be absent some time.

J. K. Smith, insurance agent of Socorro, was in the city yesterday, returning south this morning.

Ladies are invited to attend the opening of line millinery at Mrs. McCreight's store, 312 West Railroad avenue, to-morrow afternoon and evening.

Juan Sandoval, the merchant and Indian trader at Ojo Escudido, in the Navajo country, is in the city to-day on business.

A most exquisite line of Parisian pattern hats and millinery novelties can be seen at the spring opening at Mrs. McCreight's store to-morrow afternoon and evening.

Byron W. Kennedy, a young man who came to Albuquerque four months ago for his health, died Saturday night, aged 28 years. The remains will be shipped this evening to Atlanta, Ill., for burial.

Burt Baker, Will Booth, Jack Fletcher, John Ballard, Robert Bear and J. F. Fox body spent yesterday at Camp Whitehorn. They report that considerable rain and hail fell in the mountains yesterday, but nevertheless they had an enjoyable time.

Mrs. Gertrude B. Shomon, a wealthy health seeker from Galena, Kansas, who has been spending some time in this city, died at her room last night. She was accompanied by her brother and sister, and her husband arrived in the city on the day to-day. The body will be shipped this evening to Galena, Kansas, for burial.

According to a dispatch published in Chicago Record, which reached this city yesterday, the secretary of the treasury has decided that the Rough Riders are entitled to two months' extra pay. All the soldiers with the single exception of the Rough Riders received this additional stipend when they were mustered out and it is only a matter of justice that the Rough Riders should receive equally generous treatment.

The ship Romania with 554 United States soldiers, killed and died in the war in Cuba, is expected to arrive in New York to-morrow or Wednesday. All bodies not claimed, have been ordered buried by the government in the Arlington national cemetery, Washington. Mrs. M. C. Nettleton, of this city, mother of Guy Kinsley, whose death occurred at the Siboney hospital, Cuba, expects the remains of her son among those being brought to the United States by the Romania, and has made a requisition that the body be shipped here for burial.

This office received a pleasant call yesterday from St. George Craggie, who came in from Springville, Apache county, Arizona, last Saturday night. Mr. Craggie, accompanied by his son, Gerald and three daughters, left last night for their new home at Lamar, Colo. while Richard, another son, will remain here and attend the glass mill.

## NEW FOR NEWNESS AND NEWS.

This store has a fixed purpose from which it swerves not; a broad policy to which it adheres. This purpose, this policy is ever actively at work in the interests of its buying public. We want these words, RELIABLE, DEDICATED, to be recognized as blazing to every trade transaction that takes place on our counters. We want it known that everything is done to please the customer, and that the emphasis of the honesty and forthrightness of a store's bid for confidence, to the other it adds fresh confidence.

Now for NEWNESS AND NEWS.

## Fancy Dress Goods.

Buying time now; buying place here. Newness, excellence and price reasonable, a combination to conjure with. Every style and weave of Dress Goods, Plaid, Checks, Plain Goods, everything that is new, from 10c per yard upwards.

Special lot of Fancy Dress Patterns, all this Spring's new \$4.90 each.

## Exclusive Silk Styles.

Pleasure to forage among new goods at a season's opening, double pleasure when you can pluck the exclusive plumes and know they will not be duplicated. These silks are not expensive, quality and style considered.

You will not find same-style elsewhere in the city. Three special silks on sale this week. Wash Silks in 3 1/2 yards and other patterns. 3
