A recent survey by the Mexican-German Chamber of Commerce indicated that German investment in Mexico from 1989 through 1991 totaled US\$750 million, a 30% increase. During the same period, Mexican exports to Germany increased by 152.5%, dominated by petroleum products, electronic components, plastics, honey, steel plating, vehicles and auto parts. Mexican imports from Germany rose 256.7% over the past three years, dominated by vehicles, auto parts, textile and other types of machinery, electronic products, steel and pharmaceuticals.
