IMPORTANT ACTION

By Board of County Commissioners—Tax Levy of 1904
—11 Mills for Interest on
New Refunding Bonds.

THE COLLEGE STREET BRIDGE

Court House Wall—Old Tax Suit to Be
Pushed to End—Construction of
Tesuque Road.

An examination of the minutes of the proceedings of the Board of County Commissioners Friday and Saturday last discloses the fact that much of interest was transacted.

The plan for the new stone bridge across the Santa Fe River on College Street, submitted, free of charge, by Walter Sharp, the bridge builder and contractor, were examined and upon motion of Commissioner Seligman were approved and adopted. The levy for the construction of the bridge was placed at three mills on the dollar, which sum it is believed will bring in the amount necessary, the estimated cost of the bridge being between \$3,500 and \$4,000.

Bids for the construction of the bridge will be advertised speedily.

The length of the bridge will be 70 feet, the roadway will be 18 feet wide and the side walk five feet. The roadway and sidewalk are to be paved with brick. There will be three arch spans, 18 feet wide, with a height from the river bed to the keystone of the arch of not less than seven feet six inches each. Concrete foundations for the piers will be constructed on bed rock. There will be two-inch iron railings on the bridge.

The piers are to be of limestone to the water edge and above that of sandstone. When completed, it will be another handsome improvement for which taxpayers and property owners can thank Commissioner Seligman, whose persistent and well directed efforts brought about the construction also of the Don Gaspar Avenue bridge.

A resolution was adopted upon motion Seligman providing for the construction of a handsome stone wall in front of the court house yard. This is to be 32 inches high, to consist of four sections of 8 inches each and to be built of red sandstone and bush hammered. Double iron gates are to be put in. Advertisements calling for proposals for this work are now being published.

The plans were furnished free of charge by Contractor F. P. Crichton. Special Attorney R. T. Gortner reported to the board that in suit 4131 district court for Santa Fe County in delinquent tax cases, settlements had been made in the important cases and requested that a fee of ten per cent be allowed him in the smaller cases; in those cases where there was less than \$100.00 at stake so that he might push them to completion and judgment. The board concluded to allow him five per cent commission, and he was instructed to bring the cases to a speedy end in judgment.

On motion of Commissioner Seligman, a levy of 11 mills on the dollar for the year 1904 was fixed and made to pay interest coupons on the new refunding bonds to be issued this year in settlement of the refund and judgment debt of this county now in process of arrangement between the county and the bondholders. The present bond and judgment debt is to be refunded into new bonds running 40 years at 60 per cent of the principal of the old bonds and the interest is to be reduced from 6 to 3 per cent per annum. This means that where the county heretofore paid 60 and 60 dollars per annum in interest on \$1,000 worth of funded indebtedness, it will hereafter pay 18 dollars per annum on each refunded bond of \$1,000, which is a reduction in interest of 60 per cent. It is believed that the levy of 11 mills will enable the county to pay the interest on the new refunded bonds of 1904 in full.

A levy of one-half of one mill for the construction of the new road between this city and the Indian Pueblo of Tesuque was also made upon petition signed by 100 taxpayers, as the law requires. Part of this road has already been completed under the direction of Jose D. Sena, and when completed will make a first-class and beautiful drive on a level road with no grade between the two points. The construction of this road will also be conducive to the comfort and wellbeing as well as to the business interests of the town.

The levy for the court house fund was increased one-half mill and is for this year four and one-half mills instead of four mills for the year 1903. This was made necessary by the increased business of the district courts of this county and it is thought will be ample to conduct full court terms during the coming year.

The territorial levy is reduced one mill and is fixed at 14 1-2 mills. The

FLOOD DISAPPEARS

Kansas City Again Rises from the
Waters—Factories to Resume—
Hundreds Fed by the City.

Kansas City, July 11.—With the exception of a part of Kansas Avenue, Armourdale, the flood in Kansas City, Kansas, has practically disappeared today, and stock yards began receiving stock. The factories will resume operations in a few days. Many hundreds of persons are being fed by the city, with the aid of government rations from Fort Leavenworth.

Rivers Falling at Wichita and Business is Resumed.
Wichita, Kans., July 11.—The Arkansas River has fallen eighteen inches since it reached the highest mark on Saturday. The Little River shows a total fall of fifteen inches. Most of the business houses on Douglass Avenue have been cleared of muddy water.

COLLISION KILLS SIXTEEN.

Trains in New York Clash with Fatal
Results.—Thirty Injured and
Many May Die.

New York, N. Y., July 11.—Sixteen persons were killed and about three score injured in a rear end collision between trains on the Greenwood Lake division and Erie Railroad at Midvale, N. J., yesterday. The official list shows that fourteen adults and two children lost their lives. Some of the injured may die.

OUR Facilities are complete for the prompt production of Book, Pamphlet, Catalogues, and General Printing and Binding. We do only the Best grades of work and solicit the business of firms and individuals desiring "something above the ordinary" at simply a consistent rate for the character of work we turn out.

It is an admitted fact that real estate, financial men and merchants all say that quickest and best results are obtained by advertising in the "New Mexican."

The New Mexican Printing Company is headquarters for engraved cards de visite in New Mexico. Get your work done here and you will be pleased in every particular.

If you wish to make quick sales you will have to advertise your wares.

Call on the New Mexican Printing Company for engraved visiting cards.

county is required to pay into the territory treasury for the coming year \$22,800.00, and it is considered that a 14 1-2 mills levy will bring in this sum.

The levy to pay bounties on wild animals was increased one-half mill. This, however, is levied on sheep and cattle. It was found that last year's levy was insufficient, and hence the increase had to be made.

No levy was made this year for the surveying fund, nor was a levy for the index fund made. By the omission of these two levies a decrease of two mills was effected.

The levy for the payment of interest coupons on city bonds was increased from two and one-half to three mills at the special request of the city council, in order to enable the city to pay its matured interest coupons in full.

The board addressed a letter to the board of county commissioners of Rio Arriba County calling the attention of that body to the fact that under the existing laws, the taxable property in Espanola precinct will have to pay the levy of 11 mills to pay interest coupons on the refunded debt of this county. Also protested against the great reduction in the taxable valuation of that precinct from \$98,000 in 1903 in Santa Fe County to \$31,000 in 1904, in Rio Arriba County.

The county treasurer reported that the sum of \$5,000 had been paid by the bondsmen of G. W. Knaebel, ex-treasurer and ex-officio collector, into the county treasury in accordance with the resolutions of the board passed at its June meeting.

Two thousand three hundred dollars were ordered paid to Walter Sharp, contractor of the Don Gaspar Avenue bridge in full settlement of Mr. Sharp's account against the county. The total cost of this bridge is as follows: Contract price of Walter Sharp, contractor, \$4,600; cost of extras, as widening of the bridge five feet, increased size of wing walls and other necessary changes, not provided for in the original contract, \$1,100; to D. M. White, engineer, for plans and services, \$460. Total cost, \$6,160.

It was found that the vault for the records of the county clerk is becoming too small and that the county records were becoming so voluminous and bulky and that it was necessary to increase the size of the vault. Hence bids for plans for such increase will be called for by advertisement and an extension of the vault will be made. The following is the tax levy made for this year:

FORCING CONCENTRATION

Upon Kuropatkin's Armies—Japanese Virtually Controlling Peninsula—Russian Cruisers at Old Game of Retreating.

Kuropatkin Will Not Hold Ta Tche Kiao.

St. Petersburg, July 11.—General Kuropatkin, according to private advice, will not make a serious attempt to hold Ta Tche Kiao, above Kai Chou, where the railroad connects with a branch from New Chwang.

The Japanese strength on the Siu Yen roads seems to be forcing the Russian concentration between Hai Cheng and Liao Yang, but preparations seem to be making to defend the former as long as possible. There is now seemingly practically nothing in the way of the Japanese occupation of New Chwang and the completion of the Japanese line across the head of Liao Tung peninsula.

Czar Speeds Departing Troops Amid Great Demonstration.

St. Petersburg, July 11.—The emperor's second journey to South Russia, to speed the departing troops, has been attended by great demonstrations, similar to those made during his first tour.

Firing at Port Arthur.
Che Foo, July 11.—There was heavy firing at Port Arthur from midnight until three o'clock this morning.

AN ADDITION NECESSARY.

Alamogordo Court House Too Small to Accommodate Officials of the New Sixth Judicial District.

In view of the fact that Alamogordo has recently been made headquarters for the Sixth Judicial District, an addition to the present court house for the accommodation of the officials of the court is soon to be erected in that enterprising city. At its meeting last week, the Board of County Commissioners of Otero county adopted the following general plan: A brick building about 40x44 will be erected east of the jail, to be used as jury rooms, quarters for the sheriff and other similar uses. Steel vaults of the latest construction will be installed and probably in the room now occupied by the assessor or at least in the room to be occupied by the clerk of the district court. Quarters for Judge Mann will be secured in the upper story of the new bank where cases in chambers may be heard by the court. In order to meet the expenses of this an issue of current expense bonds will be made of \$7,000, a step which is allowed by the statutes. This issue of bonds will probably meet all necessary expenses, pay off all current indebtedness and put the county in very good shape. There will likely be no trouble in meeting current expenses after the present year for railroad property will soon come in for taxation.

OFFICIAL MATTERS.

Appointment of U. S. Court Commissioner.

A. E. Curren, of Tucuman, editor of the Weekly Times, of that town, has been appointed U. S. Court Commissioner for the sixth judicial district by Associate Justice Edward A. Mann, presiding judge of that district. Before him entries of public lands in that section of the territory can be made. Mr. Curren's commission has been issued to him.

Territorial Appointments.

The following territorial appointments have been made by Governor Otero: Dr. R. A. Streicher, of Raton, re-appointed member of the board of trustees of the Miners' Hospital at Raton. Captain Theodore L. Krebs, of Albuquerque, appointed a member of the board of control of the Albuquerque Territorial Army; Lieutenant R. H. Cross, of Las Vegas, appointed a member of the board of control of the territorial army at Las Vegas.

APPEAL ALLOWED.

Senator Burton's Case Will Be Tried in the United States Supreme Court.

United States Senator Joseph R. Burton today received a telegram from his attorneys at Washington saying that Justice David Brewer had allowed the appeal of Burton's case to United States Supreme Court.

GOOD CITIZENS.

New Employees of El Paso and Northeastern Men of Straight Morals and Mechanical Skill.

The shop employees of the El Paso and Northeastern system who will soon be installed at Alamogordo in the place of the striking boilermakers and machinists there, will prove a very desirable class of citizens and almost all of them will bring their families with them, which will make a decided increase in Alamogordo's population. Speaking of these new employees, General Superintendent Sullivan of that line said recently:

"A substantial and stable class of citizens is being introduced into the city in the coming of the new employees of the El Paso and Northeastern. The machinists and boilermakers, of whom there will be fifty located here within the next ten days are nearly all men of families who are coming with the expectation of making this place their home. Before accepting these positions here they made careful inquiry as to our public schools and church privileges and the general moral tone of our town. These men have come here from Chicago, Omaha, Kansas City, and other eastern points. Many of them have rented houses and others have secured rooms. A plan is on the tapis whereby a great number of modern cottages will be built and will be sold on the installment plan to these men. This will give them a home and furnish them with an inducement to make our city their home. These men are all competent laborers and are turning out more and better work than has been done in the shops in a period of some months.

"The El Paso and Northeastern system has always paid the highest wages that could be commanded and will continue to do so.

"There are now 200 men employed here, including the car department. Over half of these are skilled workmen and the others are handy men. Superintendent Dawson, of motive power, has made many marked improvements since his arrival and affairs in that department are moving on pleasantly.

"At present there are nineteen boilermakers busy in the shops; thirteen work days, four work nights and two go on at the noon shifts. This week there are on the way here employees for the company who will swell the number, which is now twenty-six, to fifty. These men will be here this week. The company has an offer of more men than it can employ.

BELEN BRIDGE COMPLETED.

The Largest Structure of its Kind on the Rio Grande River—Additional Lines Contemplated.

After six months of construction, the bridge on the line of the Santa Fe Railway near Belen is completed and ready for use. The bridge is located two miles south of Belen and is a portion of the cut-off which the Santa Fe system will build to lower grades and shorten distance to the Pacific coast.

It is one of the largest and most substantial structures which spans the Rio Grande at any point. It is 700 feet long and rests upon immense piles of steel and concrete which extend twenty-five feet into the river bed and are warranted to withstand any flood that may ever come down the river. The piles were designed expressly with a view to the peculiar quicksand formation of the river bed at that point. The girders are constructed for extra heavy traffic, each being one hundred feet in length and weighing more than any similar girder in the Southwest.

This bridge was built under the supervision of J. V. Key, engineer of construction for the Santa Fe Railway, who left Belen for the East yesterday, accompanied by his wife. Mr. Key goes east to consult with officials of the road concerning surveying work soon to be done in contemplated extensions of the Santa Fe in Texas and New Mexico, south of the surveyed lines of the Eastern Railway of New Mexico, commonly called "The Cut-Off." It is said that Mr. Key will run lines for a more southerly connection between Amarillo, Texas, through Southern New Mexico and Arizona, with Phoenix in the latter territory.

THE PUEBLO OF PECOS.

Captain George H. Pettis Takes Issue With ex-Governor Prince as to Its History and Location.

Providence, R. I., July 4, 1904. Editor New Mexican.

I have read with a great deal of interest the two column article in the Weekly New Mexican Review of May 26, 1904, by Hon. L. Bradford Prince, on the "Pueblo of Pecos." The name "Pecos" is an Indian word, as are Jemez, Zuni, Cochiti, Ka-tis-cha, Ki-wi-mi, Pojoaque, and many others. There is no doubt in my mind but that the ex-Governor has mixed up affairs somewhat because there has been but the one word for the Pueblo of Pecos. Notwithstanding the authorities he quotes to substantiate his assertions. He very properly says:

"At the time of the expedition of Coronado, this was altogether the most important of the Pueblo Indian villages, and certainly exceeded in its population and the character of its buildings, any other town in the new world, north of the City of Mexico. It seems strange to think that the largest and most important permanent seat of population, in what is now the United States, at the time of the discovery of America, was situated in the mountains of New Mexico, but such is the fact; and its ruins should be an object of highest interest to all who pass within plain sight of them, when traveling with all the swiftness and convenience of modern invention, on the Santa Fe line."

All of the article that refers to the words "Ciclic," "Ciclicque," "Cicucy," certainly belongs to some other locality which shows that the authorities which the Governor claims were mixed, which is further proven conclusively by the following quotation from the article:

"We have no information on this point from subsequent travelers, for it is a singular fact that the names of places reported by one expedition seem entirely to have disappeared before its successor. Thus, neither "Thiux" nor "Ciclic" is mentioned by Espejo, who came forty years later, nor by Onate, a quarter of a century after; though the former word is easily identified as the province of the "Thiux," whose name is used even until now; but no mention of any name even approaching that of "Ciclic" is ever afterwards heard."

The reference in the article to the river "Puerco," which was always the name of the stream, was on the west side of the Rio Grande, and this is the proper locality to look for the ancient Pueblos: "Ciclic," "Ciclicque" and "Cicucy." This fact is further proven by the account of the journey of Gaspar Castano de Sosa, who in July, 1590, "set out from Almacén in Nuevo Leon, with an expedition for discovery and conquest, he concluded to follow the same course, and march up the valley of the Pecos. He crossed the Rio Grande on September 9, and proceeded by easy marches, as his party included women and children among the prospective settlers, until the very last day of the year, he reached the Pueblo, and speaks with admiration of its size and the height of its buildings of four and five stories. In this narrative it is always called the "Rio de las Vacas," or Cow Creek, in less elegant American."

This quotation proves fully that this great city of "Ciclic," or "Cicucy," was on the western side of the Rio Grande. This fact is further emphasized in the following paragraph in the Governor's article:

"The final colonization under the leadership of Onate, was in the valley of the Rio Grande, and it was not until the settlement and capital were established at San Gabriel, at the mouth of the Chama, that the conqueror and Coronado marched eastward to the most important town in the new kingdom of which he was the governor and captain general. He arrived at the Pueblo on July 24, 1598; and now the name in the history is "Pecos," and this without any explanation, and as if it were the only name which the place had ever had."

Why, certainly it was "Pecos" for it never had been anything else, and this talk about the different names for the grand old Pueblo of Pecos has no foundation in fact. At the commencement of its history it was "Pecos," and ever afterwards it was "Pecos," and the different towns and rivers mentioned by the Governor were on the west side of the Rio Grande.

GEO. H. PETTIS.

U. S. WEATHER BUREAU NOTES.

Forecast for New Mexico: Fair to night and Tuesday, exceptional showers and cooler in northeast portion tonight. Saturday the thermometer registered as follows: Maximum temperature, 83 degrees, at 2:30 p. m.; minimum 59 degrees, at 4:05 a. m. The mean temperature for the 24 hours was 72 degrees. Relative humidity, 23 per cent.

Yesterday the thermometer registered as follows: Maximum temperature, 86 degrees, at 2:00 p. m.; minimum, 62 degrees, at 5:00 a. m. The mean temperature for the 24 hours was 74 degrees. Relative humidity, 35 per cent. Temperature at 6:00 a. m. today, 63 degrees.

The El Paso, Northeastern is the "Cloudercroft Line."

BETTER TRAIN SERVICE

On Santa Fe-Lamy Branch—The Board of Trade at Work—Good Chance of Success.

MR. MUDGE'S LETTER

Delegate Rodey Stirs Up Postoffice Department—General Superintendent Cain to Investigate

Hon. L. Bradford Prince, president of the Board of Trade, who has been in correspondence with the management of the Santa Fe Railway system concerning increase of train and mail service on the Santa Fe-Lamy branch—connection with train No. 7 from the east was taken off, has just received a letter from General Manager H. U. Mudge, which is encouraging. The agitation to have better and more satisfactory service on the Santa Fe-Lamy branch must be kept up and will result in due course of time in restoring and increasing train and mail facilities for this town. Mr. Mudge's letter to Governor Prince reads:

"The Atchison, Topeka & Santa Fe Railway Company, Office of General Manager, Topeka, Kansas, July 5, 1904.

"Hon. L. Bradford Prince, President, Board of Trade, Santa Fe, N. M.

"My Dear Mr. Prince—Your letter of June 27th was duly received. There are some points mentioned in your letter that it seems difficult to overcome without additional expense. I wish to assure you that if we cannot make the service fairly satisfactory to the people of Santa Fe, we will put back the other train.

"I have instructed Mr. Cain, general superintendent, to go to Santa Fe and look the situation over, confer with the people and see if it will not be possible to change the time of running the present trains so as to make the connections desired and if not, do the next best thing. Yours truly,

"H. U. MUDGE, "General Manager."

The committee of the Board of Trade of which Governor L. Bradford Prince is chairman and whose duty it is to procure restoration to train and mail service on the Santa Fe-Lamy branch as it existed before the recent reduction, addressed Delegate B. S. Rodey in the matter and requested his aid. The delegate wrote to the post-office department in Washington and the following is the reply:

"Washington, June 21, 1904.

"Sir—Your letter of the 15th instant, forwarding a petition of a committee of the Board of Trade of Santa Fe, New Mexico, relative to the proposed discontinuance of certain train service on the Santa Fe line between Santa Fe and Lamy, has been received.

"In reply I have the honor to state that the department, under existing law, cannot control train schedules on railroad lines, and can use for mail purposes only such trains as the company find it advisable to operate. However, the matter complained of by the company will be called to the protest with a view to the continuance of train service as heretofore, or such train service as will provide a reasonable mail service for Santa Fe if the same can be properly arranged.

"Very respectfully,

"G. F. STONE, "Acting Assistant Postmaster General.

"Hon. B. S. Rodey, Albuquerque, N. M."

MURDERESS ARRAIGNED.

Mrs. Maggie Myers Tried Today on Charge of Slabbing Husband to Death.

Kansas City, Mo., July 11.—Mrs. Maggie Myers was arraigned today on the charge of murdering her husband, Clarence Myers, pressman, who was stabbed to death in a midnight struggle last May. She pleaded not guilty and the suit was remanded. Frank Holtman, who was arrested at Walla Walla, Washington, on charge of complicity in the murder, and is alleged to have confessed, implicating Mrs. Myers, is now being brought to Kansas City.

ON TRIAL FOR LIFE.

Pearl Skelton, Alleged Dynamiter and Murderer of Fourteen Men to Be Tried in Cripple Creek.

Cripple Creek, Colo., July 11.—Pearl Skelton was brought to this city today from Pueblo on a warrant charging him with the murder of fourteen men killed by the explosion at the Independence station on June 6 last. Skelton, who left Cripple Creek after the explosion was arrested on the Medill Ranch near Rye Station, Pueblo county. Sheriff Bell said he knew nothing about the man except he been talking very freely about murders.

"I DO NOT UNDERSTAND YOU NEW MEXICO PEOPLE! NONE OF YOU SHOULD BE WILLING TO ACCEPT JOINT STATEHOOD, AS YOU WILL GET SINGLE STATEHOOD JUST AS SOON AS JOINT STATEHOOD. MAKE YOUR FIGHT ON THE SINGLE STATEHOOD LINE; I WILL HELP YOU HERE AND IN WASHINGTON!" REMARKS OF AN INFLUENTIAL MEMBER OF THE COMMITTEE ON RESOLUTIONS IN THE CHICAGO REPUBLICAN CONVENTION. THIS MAN HOLDS ONE OF THE MOST IMPORTANT PUBLIC POSITIONS IN HIS STATE AND IS PROMINENT AND STRONG IN THE NATION'S CAPITAL.

UNFORTUNATELY THERE IS NO TRUTH IN IT.

Last week the Denver Times published a sensational railroad item in which it was given out that the Santa Fe Railway system contemplated the construction of a cut-off in New Mexico, beginning at the northeast corner, running thence in a southeasterly direction to strike the main line a little way below Las Vegas, thence along the present line to Santa Fe and from this city to a connection with the Santa Fe Pacific in McKinley County. The New Mexican gave no credence to this report, and last Saturday Third Vice-president J. M. Kendrick, at Albuquerque, stated point blank that there was no truth in it, and that the company had so far not contemplated any such move. The New Mexican, of course, would be extremely gratified to see the construction of such a cut-off, as it would be the greatest help to the advancement and prosperity of the section through which it would pass and especially for this city. But hoping against hope, and building railroads on paper and with hot air, cannot prove of benefit. The New Mexican does not care to indulge in the publication of such chimerical schemes except to show them in their true color. The New Mexican knows the country very well, and while it believes that the Santa Fe system could get a very good line of easy grades from Newton, Kansas, through the southwestern portion of that state to the northeastern corner of New Mexico, and thence to a connection with its present line somewhere in Mora County, and probably also a line from this city west, this paper felt that no consideration of such a line had yet been given by the Santa Fe Railway authorities. Whether such proposed cut-off will be constructed by the management of the road, this paper is not prepared to say. The New Mexican hopes that the matter will be taken up and looked into. But that's about all that can be said for the project at this time.

THE CLERKSHIP IN THE THIRD JUDICIAL DISTRICT.

"The appointment of W. E. Martin as clerk of the Third Judicial District will give supreme satisfaction to the people of this county. Mr. Martin is a worker, courteous and obliging and is well acquainted with the duties of his new office which will be carried out like clockwork. The retiring clerk, James P. Mitchell, carries with him the good wishes of the entire community. Mr. Mitchell was an honest, painstaking official and one who deserves a much-needed rest after seven years of nerve-wrecking toil in the clerk's office."—Silver City Enterprise.

The people of the Third Judicial District will no doubt agree very heartily with the Enterprise in the above comment. The New Mexican has as yet no reliable information at hand that the change will take place, but it is reported that this will be the case. The New Mexican heartily coincides with the Enterprise in the above comment.

One of the leading issues in this year's campaign in this territory will be statehood. The Republicans of New Mexico will make their fight upon the advocacy of single statehood with-in present territorial limits for this commonwealth. Nothing more and nothing less. This is too plain and too patent to even casual observers of the political conditions here to be successfully disputed or contradicted.

THE SANTA FE COUNTY TAX LEVY FOR 1904.

The assessment for taxable purposes of Santa Fe County for the present year, 1904, is below that for the year 1903. A gratifying increase was made by many of the property owners in the city precincts and in some of the county precincts. The decrease can be accounted for mainly by the segregation of the Espanola Precinct from Santa Fe County and its incorporation into Rio Arriba County. By this act of the Thirty-fifth Legislative Assembly, this county lost about \$100,000 worth of taxable property which had heretofore been assessed within its limits. The action of the Territorial Board of Equalization in cutting the valuation of land grants from fifty to thirty cents per acre accounts for part of the decrease. There were found on the tax rolls considerable padding, double assessments and a great many errors. One of the chief errors is a very serious one in one respect and a rather humorous one in another. It was found that the Ramirez land grant, which covers the bed of the Santa Fe River in the canon, and which includes 272 acres, was assessed last year as 272,000 acres at fifty cents per acre, which gave an assessed valuation of \$136,000. This grant, according to the records, is now owned by T. B. Catron and Robert C. Gortner, who made the tax return for this year at \$160. Business and residence properties in this city are assessed quite high. Some of them at as much as fifty per cent of their actual selling value. The county commissioners have made a levy for territorial purposes which it is thought will bring in the sum of \$22,800 called for by the auditor of the territory. Stocks of merchandise and personal property are generally very inadequately assessed here.

THE TRAVELING AUDITOR DOING GOOD WORK.

The Silver City Enterprise calls attention to the fact that a reduction in the territorial tax levy from fifteen and a half mills to fourteen mills on the dollar has been made this year and comments thereon in the following sensible strain: "A very material reduction in the tax rate will be apparent to the taxpayers of Grant County next year owing to the action of the territorial auditor, made possible by an economic territorial administration, in reducing the tax levy from fifteen and one-half mills to fourteen mills. Much credit for this action is due to the traveling auditor, an office created by the last legislature. Hitherto counties which paid all of their territorial taxes promptly had to help pay for those counties which fell behind in their territorial levy each year. This injustice has been corrected by the auditor and each county is now assessed a certain amount and if that amount is not paid in full, the deficit is charged to the county and the levy increased the next year and so on until it is paid. In that way each county pays its own debts instead of being aided, unwillingly, by other counties in the territory."

Public sentiment in this town is strongly in favor of public improvements and demands that the new modern school buildings so necessary for the town's advancement and progress should be constructed, and that without delay. The New Mexican understands that the city school district bonds for this purpose have been sold and that the money is in bank subject to the order of the school board. Why wait? Why pay interest without utilizing the funds on hand? There is another reason, and it is a strong one, why the board should proceed promptly. Times are hard here, and if work on the buildings should be commenced, artisans and laborers could be employed and the unsatisfactory condition now existing would be ameliorated.

State Senator Casimiro Barela of Colorado, who for the past twenty-five years has been one of the leaders of the Democracy in the Centennial State has changed his party allegiance and joined the Republicans. Mr. Barela has been a member of the state senate from Las Animas County for 10 years and is considered invincible in that balliwick from a political standpoint. Mr. Barela is one of the shrewdest of politicians in the State of Colorado, and among other things his change of politics means that the Democracy there has no chance for success in this year's campaign.

The County Commissioners have made a levy of three mills for the purpose of constructing a new stone bridge across the Santa Fe river on College Street. This is very pleasing to the taxpayers and property owners of this town who pay the greater bulk of the taxes collected. County Commissioner Arthur Seligman is justly and fairly entitled to the credit for this action and for this greatly needed improvement. County Commissioner Nicolas Quintana voted with him and comes in for a share of the credit, but the real work was done by Mr. Seligman.

The St. Louis Democratic platform is something like that New York state Democratic platform adopted this spring. It is wishy-washy, except that it gives the Republicans "Hall Columbia." The planks therein condemn the Republican party's political and administrative acts, but these planks will not prove vote getters. The chances for the election of Roosevelt and Fairbanks and of a Republican majority in the house of representatives of the fifty-ninth congress are becoming better and stronger daily.

The New Mexican prints the news.

CHILL WINDS

Are the dread of those whose lungs are "weak." Some fortunate people can follow the summer as it goes southward, and escape the cold blasts of winter and the chill airs of spring. But for the majority of people this is impossible.

Family cares and business obligations hold them fast. "Weak" lungs are made strong by the use of Dr. Pierce's Golden Medical Discovery. It cures the obstinate cough, heals the inflamed tissues, stops the hemorrhage, and restores the lost flesh to the emaciated body.

"I am a railroad agent," writes I. B. Staples, Esq., of Biucley, Osage Co., Kans., "and four years ago my work kept me in a warm room and stepping out frequently into the cold air gave me bronchitis, which became chronic and deep seated. Doctors failed to reach my case and advised me to try a higher air, but, fortunately for me, a friend also advised me to try Dr. Pierce's medicine. I commenced taking your 'Golden Medical Discovery,' and by the time I had taken the first bottle I was better, and after taking about four bottles my cough was entirely gone. I have found no necessity for seeking another climate."

Sometimes a dealer, tempted by the little more profit paid on the sale of less meritorious medicines, will offer the customer a substitute as being "just as good" as the "Discovery." You get the People's Common Sense Medical Adviser, the best medical work ever published, free by sending stamps, to pay expense of mailing only. Send 21 one-cent stamps for book in paper covers, or 31 stamps for cloth-bound volume, to Dr. R. V. Pierce, Buffalo, N. Y.

From Esopus, New York, comes the report that Judge Parker has as yet nothing to say, and does not care to explain why he has nothing to say. In due course of time an anxious people may hear from the judge upon some subject or another; what that will be cannot at this time be foretold. The New Mexican suggests to the judge that the Armenian question would be a safe one to handle, giving the Mormons the denec could not harm much; expressing his opinion upon South Arctic explorations may not prove harmful. The New Mexican hopes that the judge will heed these suggestions.

Secretary Paul Morton, being a plain, blunt man of business, does not believe that every officer in the navy should be called "admiral." These civilians, when they get at the heads of departments are so very apt to break up ancient and honored customs, you know!

Colonel Bryan convinced the reorganizers at last week's Democratic convention in St. Louis that they could not drive him out of the party. The Colonel is a smoother politician than some people have given him credit for.

Mr. Cleveland now asserts that he wants a "quiet life." He ought to be fully thankful to the St. Louis Convention which did not nominate him for the presidency and gave him his wish.

An Ohioan, by the name of George Rice, says that he has made up his mind to smash the Standard Oil Trust. He is evidently a nervy fellow, but that is about the best that can be said of him.

In New York, Connecticut and New Jersey they are already claiming Judge Parker as the brightest of gold bugs. West of the Mississippi they are quiet over the question.

Single statehood for New Mexico, and don't you forget it!

There is more Catarrh in this section of country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Sent for circulars and testimonials Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists.

Take Hall's Family Pills for constipation.

Thick and juicy steaks at Bon Ton.

To the Despondent.

If you are run down, weak or sick; if your nerves are all unstrung and you cannot sleep; if you are losing weight and you are aging prematurely, Palmo Tablets will cure you or they cost you nothing. Don't you want to look and feel younger? 50 cents. Book Free.

At Ireland's Pharmacy.

CASE AFTER CASE.

Many More Like This in Santa Fe. Scores of Santa Fe people can tell you about Doan's Kidney Pills. Many a happy citizen makes a public statement of his experience. Here is a case of it. What better proof of merit can be had than such endorsement:

Pascual Yanni, boot and shoe repairer on the Plaza, residence College st., says: "A man cannot sit on the bench repairing shoes all day unless his back is extra strong. When it is weak, lame, and pains continually, it becomes a positive nuisance without mentioning the suffering it endures, if working at my occupation was not the primary cause of backache it certainly aggravated it. Much to my surprise and more to my gratification, a course of the treatment with Doan's Kidney Cure procured at Ireland's Pharmacy so washed, purified and strengthened my kidneys that the backache ceased."

For sale by all dealers. Price 50 cts. Forster Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitute.

The Santa Fe announces another series of homeseekers' tickets from points in the middle west to New Mexico and Arizona, the rate for the round trip will be one fare plus \$2 and tickets will be good for 21 days from date of sale. They will be sold every first and third Tuesday from May to December.

NIGHT WAS HER TERROR.

"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Indiana, "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but, when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure coughs, colds, influenza, bronchitis and all throat and lung troubles. Price 50c and \$1. Trial bottles free at Fischer Drug Company.

LOW RATES TO COLORADO.

Via Santa Fe. Denver and return \$22.55, Colorado Springs \$19.55. Pueblo, \$17.55, on sale daily, good to return until October 31. Call on Santa Fe agents.

H. SLUTZ,
Agent, Santa Fe.

NO PITY SHOWN.

"For years fate was after me continuously," writes F. A. Guldge, Verbena, Ala., "I had a terrible case of piles causing 24 tumors. When all failed Bucklen's Arnica Salve cured me. Equally good for burns and all aches and pains. Only 25c at Fischer Drug Company."

Twice your money's worth at the Bon Ton.

One Lady's Recommendation Sold Fifty Boxes of Chamberlain's Stomach and Liver Tablets.

I have, I believe, sold fifty boxes of Chamberlain's Liver and Stomach Tablets on the recommendation of one lady here, who first bought a box of them about a year ago. She never tires of telling her neighbors and friends about the good qualities of these Tablets.—P. M. Shore, Druggist, Rochester, Indiana. The pleasant purgative effect of these tablets makes them a favorite with ladies everywhere. For sale by all druggists.

Short orders a specialty at Bon Ton.

CROUP.

Is a violent inflammation of the mucous membrane of the wind pipe, which sometimes extends to the larynx and bronchial tubes; and is one of the most dangerous diseases of children. It almost always comes on in the night. Give frequent small doses of Ballard's Horehound Syrup and apply Ballard's Snow Liniment externally to the throat. 25c, 50c, \$1. Sold by Fischer Drug Company.

The finest dinner in the city at the Bon Ton.

BRUTALLY TORTURED.

A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Golobick of Colusa, Calif., writes: "For 15 years I endured insufferable pain from rheumatism and nothing relieved me though I tried everything known. I came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for liver and kidney troubles and general debility. Only 50c. Satisfaction guaranteed by Fischer Drug Co.

Cloudcroft! For handsome descriptive literature and detailed information as to rates, etc., address A. N. Brown, G. F. & P. A., El Paso, North-eastern System, El Paso, Texas.

Cured of Chronic Diarrhoea After Ten Years of Suffering.

"I wish to say a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mrs. Mattie Burge, of Martinsville Va. "I suffered from chronic diarrhoea for ten years and during that time tried various medicines without obtaining any permanent relief. Last summer one of my children was taken with cholera morbus, and I procured a bottle of this remedy. Only two doses were required to give her entire relief. I then decided to try the medicine myself, and did not use all of one bottle before I was well and I have never since been troubled with that complaint. One cannot say too much in favor of this wonderful medicine." This remedy is for sale by all druggists.

"DOWN THE PIKE"

How the Great World's Fair Looked to a Santa Fe Man
—New Mexico Exhibits.

VERY CREDITABLE AND ATTRACTIVE

The Filipino Section Is Interesting and Unique and There Is Much to Be Seen.

Santa Fe, July 11th.

Editor New Mexican.

Both time and space forbid an attempt to describe the World's Fair at St. Louis in this letter. It will only be necessary to state that the agricultural building alone covers 21 acres of ground and has seven miles of aisles inside, to show how utterly useless it would be to attempt to describe the contents of even this one building in a single letter, to say nothing of the fifteen or twenty other buildings somewhat smaller but of immense proportions. I shall therefore omit any further reference to them and content myself with a brief description of a few places and things, here and there, which may prove of interest to your readers.

Entering the grounds by what is called the administration entrance, I found myself beside a large light-colored building marked the "Hale Fire Fighter." It is an immense building, erected for several purposes, one of which to enable this now famous fire company from Kansas City to show their system of putting out fires in the city they represent. This company has visited many of the large cities of the world and has won great distinction everywhere, until it is now regarded as the best fire company in the world. The exhibition it gives is well worth seeing and the building is crowded most of the time.

Casting my eyes to the right they rested first upon an exact reproduction of the thatched cottage of "Bobbie Burns," the great Scotch poet. It is furnished as it was when he occupied it and many quaint old things are to be seen in it.

I next drifted to the Holland building, near by, filled as it is with fine pictures of many of the noted men and women, and beautiful landscapes of Holland. The building is of a pattern of architecture used in 1607 and of a very odd design. I then entered the building of Norway and Sweden, the next in turn, and found it supplied in a similar manner, and from there I went to the Austrian building, the last of the row of buildings on the east side of the broad avenue leading up the hill to the immense dark red stone administration building.

Being a New Mexican, I had a desire to see the New Mexico building, of course. I therefore took the Intramural Railroad (which winds around the grounds, passing all the main points of interest) at station 3 and rode to station 13, the nearest to the New Mexico building. It is upon the main road to the United States Fishery building, which stands near by, and is also located near some of the fine state buildings. I noticed those of Ohio, Minnesota and Missouri but a short distance away. I have seen larger buildings in my time than the New Mexico building, but still it would be considered a good sized building if not in such close proximity to much larger ones. The building is of Spanish Renaissance design, after the pattern of the Alvarado Hotel in Albuquerque, and is 40 by 62 feet. There is a large auditorium with several rooms adjoining. The furniture is of the massive mission style and corresponds with the building. There are tables, sofas, chairs, exhibit cases and desks. The adjoining rooms, one of which is called the Governor's room, have nice carpets on the floor and are very cozy indeed. The walls are tastefully decorated with pictures, Navaho blankets, baskets and pottery. The flitree table occupies a prominent place in the large auditorium, and not far away stands the "Oldest Bell in America," as it is plainly labeled. The exhibit cases are filled with unique, beautiful and valuable articles furnished by the Ladies Auxiliary, of which Mrs. Otero is president. By far the larger number of these articles were furnished by Mrs. Otero, Mrs. Seligman and Mrs. Berger, although quite a number were furnished by other ladies of the territory. I had the pleasure of meeting there M. W. Porterfield, the manager, and Mrs. Porterfield, Mrs. Douglass and several others from the territory. The New Mexico building is in good hands. It is tastefully decorated, well arranged and well kept, and it is so different from what may be seen over and over again in the state buildings. There is a constant stream of visitors passing through it. The building cost something more than \$6,000 and is very creditable to the territory and the commissioners. Besides all this, New Mexico has fine exhibits in the large buildings in the Department of Education, Mines and Mineralogy, Anthropology, Agriculture and Horticulture. The superintendent of Ethnology says that the ethnological exhibit from New Mexico is the best exhibit in his department. Our mineral exhibit is also regarded as one of the best.

Floral Clock.

In front of the Agricultural building, upon a sloping hillside, is the great

\$390 FOR LETTERS ABOUT

THE SOUTHWEST.

The Rock Island system offers 20 prizes, of the aggregate value of \$390, for letters relative to the territory along its lines in Arkansas, Kansas, Indian Territory, Oklahoma, Texas and New Mexico. Letters should deal with the writer's experiences since he settled in the southwest. They should tell how much money he had when he arrived, what he did when he first came, what measure of success has since rewarded his efforts and what he thinks of that portion of the country in which he is located. Letters should not be less than 300 nor more than 1,500 words in length and will be used for the purpose of advertising the southwest.

Letters are desired not only from farmers and farmers' wives, but also from merchants, school teachers, clergymen; from everyone, in brief, who has a story to tell and who knows how to tell it.

For circular giving details, write John Sebastian, passenger traffic manager, Rock Island system, Chicago, Illinois.

GOLD IN THE BLACK HILLS.

The Burlington Route has recently issued a 48-page booklet bearing the title "Mines and Mining in the Black Hills."

The book is one which should be read by every mining man in Colorado. It gives more information about the mines of the Black Hills than has ever before been placed between two covers. A copy will be mailed free on application to the undersigned.

The Black Hills need Colorado men and money. Several of the shrewdest men in this state have already invested heavily in the Hills. The results so far have been more than satisfactory. The completion of the Burlington's new line to the Northwest brings the Black Hills within a night's ride of Denver. You can leave Denver tonight and be in Deadwood or Lead City tomorrow afternoon.

G. W. VALLERY,
Gen'l Agent, Burlington Route, Denver, Colo.

Good eating at the Bon Ton.

The last batch of Scratch Pads advertised for sale by the New Mexican Printing Company went like hot cakes. We did not expect such a run. We have turned out from our up-to-date bindery a larger quantity than ever and can supply you for a limited time a 10 cents per pound. The best paper is used in making them. They are just the thing for offices, stores, and especially for use in the schools. Come quick as they will not last long.

Headquarters for wedding cards and announcements—New Mexican Printing Company.

JUSTICE OF THE PEACE DOCKETS.

The New Mexican Printing Company has prepared civil and criminal dockets especially for the use of justices of the peace. They are especially ruled, with printed headings, in either Spanish or English, made of good record paper, strongly and durably bound with leather back and covers and canvas sides; have a full index in front and the fees of justices of the peace and constables printed in full on the first page. These books are made up in civil and criminal dockets, separate, of 320 pages each or with both civil and criminal bound in one book, 80 pages civil and 320 pages criminal. To introduce them they are offered at the following low prices:

Civil or criminal.....\$4.00
Combination civil and criminal \$6.00.
For 45 cents additional for a single docket or 55 cents additional for a combination docket, they will be sent by mail or prepaid express. Cash in full must accompany order. State plainly whether English or Spanish printed heading is wanted. Address

THE SHIRT STORE

of the Town!

'Tis by the reason of our immense shirt trade that we lay claim to the distinctive term, "The Shirt Store of the Town."

We know that no concern gives the study of shirt fashions more serious

the next to receive attention in similar lines.

A. S. Barney, general agent of the Denver and Rio Grande railroad at this point, with Mrs. Barney and son, left this forenoon via the Denver and Rio Grande for Taos. From there they will go to the Taos Hot Springs, where Mr. Barney will take the baths for rheumatism. They will be absent about a month.

Public Printer James S. Duncan, of Las Vegas, spent yesterday and this forenoon here on official business. He has just returned from Colfax County, which he visited in company with Traveling Auditor Charles V. Safford, on matters connected with the Territorial Board of Equalization, of which he is president.

Professor J. A. Wood and daughter, Laura, returned last evening from St. Louis, where they have been viewing the World's Fair. They report having had a good time, as the weather was cool and pleasant. They did not return, by a day or two, as soon as they had expected on account of the floods at Kansas City and in Kansas.

Judge L. S. Trimble, the venerable Albuquerque attorney, spent Saturday, Sunday and today in town on business before the U. S. Land Office. The judge is in his eightieth year, but is very hale and hearty. He is still as staunch a Democrat as ever, but does not admire the Democratic presidential ticket for this year to any extent.

Mrs. W. M. Popplewell and two daughters arrived home last evening from New Albany, Missouri, where they have been visiting friends and relatives for some time past. They were delayed thirty-six hours after leaving St. Joseph by the floods in Kansas and Missouri. Throughout eastern Kansas the water reached to the hubs of the car wheels and at one place the water was so high that it splashed against the coach windows.

Frank P. Sturges, foreman of the New Mexican job office and wife, and C. F. McKay, linotype operator of the New Mexican, and Mrs. McKay, accompanied by Clay Patterson, left this morning via the Denver and Rio Grande for Embudo, from which place they will proceed to the Rio Pueblo in Toas County overland for a two weeks' vacation to be spent in fishing and hunting. They sent a team with camp equipments ahead and will use this in making their trip from Embudo to their destination.

C. F. Easley returned yesterday from St. Louis, where he had been attending the Democratic national convention unofficially. While away, he visited Chicago, Washington and eastern cities in connection with legal matters.

Rev. and Mrs. W. R. Dye left this morning for the Pecos on a visit to Mr. and Mrs. Vlach. They will be absent until Friday.

E. L. Critchlow, traveling freight and passenger agent for the Santa Fe Central left this morning for a business trip over that line.

Mr. and Mrs. D. R. Chase and Mrs. Mixal left yesterday for a trip to California and the Pacific coast.

Mrs. T. B. Catron and two sons, Thomas and Fletcher, returned home yesterday from Europe after an extended stay in Switzerland and Spain, where the boys have been attending school for the past three years.

J. O. Anderson and Harry Anderson, whose home is in Chicago, are expected to return to this city tomorrow from the Pecos River, where they have been in camp for several months. From here they will go home, having enjoyed their sojourn in New Mexico very much.

Charles Spencer, of Chicago, who has been in camp on the upper Pecos for some time returned to this city yesterday and is now visiting with Charles Catron before returning to camp.

GOLD IN THE BLACK HILLS.
 The Burlington Route has recently issued a 48-page booklet bearing the title "Mines and Mining in the Black Hills."

The book is one which should be read by every mining man in Colorado. It gives more information about the mines of the Black Hills than has ever before been placed between two covers. A copy will be mailed free on application to the undersigned.

The Black Hills need Colorado men and money. Several of the shrewdest men in this state have already invested heavily in the Hills. The results so far have been more than satisfactory. The completion of the Burlington's new line to the Northwest brings the Black Hills within a night's ride of Denver. You can leave Denver tonight and be in Deadwood or Lead City tomorrow afternoon.

G. W. VALLERY,
 Gen'l Agent, Burlington Route, Denver, Colo.

The Santa Fe announces a through daily sleeper from El Paso to St. Louis via Kansas City during the World's Fair period. Connection for this train leaves Santa Fe at 9:55 a. m. and one section has been assigned to the Santa Fe office for the accommodation of passengers from this city.

MINOR CITY TOPICS

For bargains in all kinds of railway travel call at the Santa Fe city ticket office.

For cheap rates to all points east via the Rock Island see the Santa Fe Central agent in the Catron Block on the east side of the Plaza.

A golden harvest is the reward of industry, thrift and economy. Have you an account with the Plaza Trust and Savings Bank of Las Vegas.

The Capital City Band will hold its regular rehearsal on Tuesday night of this week, instead of Thursday.

Born—To Mr. and Mrs. Damian Lucero Sunday morning at 4:30 o'clock, a son. Both mother and child are doing well.

There will be a special meeting of the City Board of Education this evening, provided a quorum can be obtained. This is doubtful.

The concert given by the first regimental band last evening in the Plaza was a commendable affair. Quite a concourse of people were out to hear it.

The line of The Alamogordo and Sacramento Mountain Railway has been recently extended and after August 1, Russia, instead of Cloudercroft will be the terminus of that line.

Santa Fe Chapter No. 1 Royal Arch Masons will hold its regular monthly convocation this evening at Masonic Hall at 8:00. Sojourning companions are courteously invited to be present.

At the special communication of Montezuma Lodge No. 1, A. F. & A. Masons held Saturday evening last, the Master Mason's degree was conferred upon Samuel Wesley Marshall who is an engineer of the Santa Fe Central Railway.

The penitentiary authorities have curbing and paving brick for sale in goodly quantities and of a superior quality now. Property owners who are required to put down sidewalks should make their purchases, construct these sidewalks and aid in building up the healthfulness and cleanliness of the town by so doing. Now is the time.

Word was received yesterday from R. S. Mauger, who recently accompanied the remains of his wife to Louisa, Kentucky, to the effect that Mrs. McClure, Miss Jean McClure and he arrived safely. Mr. Mauger will leave his infant son, George, in the care of relatives in Kentucky, and, after visiting his mother in Washington, D. C., will return to Santa Fe.

No clues have as yet been obtained as to the identity of the thieves who Friday night last entered the office of Felipe Chaves the wealthy Belen capitalist and carried off an iron chest containing about \$500 in money and a lot of bonds and securities. Fortunately the securities stolen are not negotiable papers and will therefore not do the thieves much good. Sheriff Carlos Baca of Valencia County is at work investigating the affair and trying to locate the thieves.

The capitol custodian committee should take up the question of constructing a vitrified brick pavement in front of the Governor's Palace on the north side of the Plaza. It is believed that if proper representations are made the penitentiary authorities will furnish the labor for such construction, and it may be that the brick and other necessary material can also be obtained from Superintendent Bursum, as the building is territorial property. The improvement, if made, would prove a very gratifying and beneficial one and would receive the highest commendation from not only the residents of this city, but also from sojourners and tourists.

After so long a time, the local weather makers have consented to order local showers for tomorrow, accompanied by cooler weather. This prediction will be hailed with a sigh of relief by everyone as the temperature recently has been too much on the Chicago plan to be comfortable. The prediction today was "Fair tonight and Tuesday except local showers and cooler in northeast portion tonight." Saturday and Sunday were two of the warmest days that have been experienced here so far this year. Saturday the highest thermometer registered was 85 degrees at 2:30 p. m., the minimum 59 degrees at 4:05 a. m. The mean temperature was 72 degrees and the relative humidity 33 per cent. On Sunday the mercury broke the record by climbing up to 86 degrees at 2 p. m. The lowest it reached yesterday was 63 degrees at 5 a. m. The mean temperature as on Saturday was 73 degrees, the highest yet. Relative humidity was 35 per cent. The thermometer began the day this morning by registering 63 degrees at 6 o'clock.

Mrs. Mary Gold, the well known curio dealer, yesterday received a large and varied assortment of Italian beads direct from Italy. Beads are much used

now in making all kinds of bead work, belts, bags, etc., and the Italian beads are especially good for this work.

John G. Hunt, formerly of the surveyor general's office, left this morning for El Paso to take the civil service examination.

The following warranty deed was today filed for record at the probate clerk's office: Donaciano Ortega and wife, Dolores Gallegos de Ortega, to Esther B. Thomas, of Precinct 18, Santa Fe county, the SW 1/4 of SE 1/4, SE 1/4 of SW 1/4, and Lots 2 and 3, Section 4, Tp. 17 N., R. 10 E., 118 acres in Santa Fe county. Consideration, \$1 and other considerations.

J. E. Lacombe, proprietor of the long established and reliable Oxford Club, has just been appointed sole agent for New Mexico of the G. F. Heublin & Brother celebrated Manhattan and Martini cocktails, the best in the land and of the finest flavor. Connoisseurs prefer them to anything else in that line prepared by the most scientific and best mixologists. If you want the right kind of a Manhattan or Martini cocktail call at the Oxford Club.

The Tuesday Fortnightly Club will meet next Friday afternoon at 2:30 o'clock with Miss Byrtha Staab.

Fraternal Union Lodge No. 259 will meet tonight in Knights of Pythias hall on Don Gaspar Avenue. Financial matters will come before the lodge for discussion and a full attendance is desired.

Engraved visiting cards with or without plate furnished by the New Mexican Printing Company.

Follow the crowd to the Bon Ton.

J. P. VICTORY

Attorney at Law and Real Estate Agent
117 San Francisco Street, Santa Fe, N. M.
REAL ESTATE LOANS.
Money to loan upon real estate security on easy terms.

HOMES.
I have a nice cottage (double) on one side, 4 on the other. Owner occupies 4 rooms and the rest for \$25 a month; good neighborhood; ample space to erect other buildings on same street; stables and other outbuildings; the price asked is very low.

Can sell at a bargain cozy homes on Manhattan avenue, one a new stone house with all modern improvements; the other an adobe-brick house, 4 rooms; fruit and vegetable garden; city water, hydrant and tank; 70 choice fruit trees; currant and raspberry bushes; lot 80 by 265 feet. The stone house will be rented.

SAN FRANCISCO STREET.
I have several business blocks for sale on this great mart of trade, some of them producing more than eight per cent, net, on purchase price asked.

OTHER BUSINESS CHANCES.
I have several other commercial and business propositions to submit those desiring to enter mercantile life and to grow up with the new era of prosperity now coming in with the Santa Fe Central Railway.

CHURCHES.
I am authorized to dispose of the Congregational Church, on the south side, convenient to the contemplated Union Depot. It stands upon two lots, and will be sold cheap, or the building will be repared and leased to responsible parties.

THERE ARE OTHERS.
Several small houses, some stone, some brick, others frame, upon my books, which I would be glad to show an intended purchaser. They are desirably situated, and will be sold cheap.

PLAZA PROPERTY.
To those wishing to catch the cream of Plaza real estate I can offer blocks at figures that will double themselves in less than three years.

COAL AND TIMBER LANDS.
I can sell you large tracts of land suitable for mining coal or the production of timber.

ORCHARDS.
I also have a fruit ranch in a high state of cultivation, in the suburbs with a building site overlooking the entire city of Santa Fe. On it there is an artificial reservoir, the only one of its kind in the city, 12 feet or more in depth, holding over 125,000 gallons of water, constantly replenished, from which the whole place can be irrigated fully during the summer, and which could be stocked with fish. The land contains many hundreds of young trees of the finest and most valuable varieties of apples, peaches, pears, plums, apricots, cherries and other fruits, the greater part of which already bear; a young bearing vineyard, thousands of bushes of currants and other small fruits; extensive beds of asparagus, hothouse, and other fine vegetables. The sale on easy terms, and for much less than it cost, owing to ill health of the owner.

CATTLE AND SHEEP RANGES.
In all parts of the Territory, and none in Wyoming.

I will take pleasure in showing prospective investors desirable building sites in the neighborhood of the Capitol, and in the vicinity of the Presbyterian church, and other localities of the city which in a few years will be worth double the present selling price.

ROOMS: FURNISHED OR UNFURNISHED.

Furnished or unfurnished rooms in all parts of the city. Single, or en suite, for light housekeeping. Some of them within five minutes walk of Plaza.

OUTSIDE PROPERTY.

At El Cuervo, 10 miles from the Rock Island road, I can sell you about 640 acres; patented; excellent grazing land.

Convenient to Las Vegas, I have for sale several large tracts of desirable land which I am permitted to sell at very low figure. One tract contains about 3,500 acres, and is located about three and one-half miles southwest of Las Vegas; nearly all of it is under fence; good grazing and water for stock; some timber. Another tract of 150 acres, 7 miles from Las Vegas, timber and grazing, with an excellent stream of water passing over it. Still another tract of 350 acres of farming grazing and timber land, 8 miles west of Las Vegas, with running water upon it.

CARTWRIGHT-DAVIS CO.

GEO. W. HICKOX, President S. G. CARTWRIGHT, Sec'y and Treas.
No. 250 San Francisco Street.
Grocery Telephone No. 4. Meat Market Telephone No. 49.

MEADOW GOLD.

In the making of Meadow Gold Butter, from the pasture to the churn, and from the churn to the packing every care is taken to ensure absolute purity and delicacy of flavor. To preserve these qualities from the creamery to the table every pound of Meadow Gold Butter is sealed in an air tight package which excludes all dust and odors. Meadow Gold Butter is pasteurized. That's the reason it keeps sweet longer than any other brand.

CHASE & SANBORN.

We are proud of the fact that our store has sold the Chase & Sanborn coffees for twenty years. We are more proud of the fact that we are now selling by far more of them than at any previous time. We especially recommend the following blends.

SEAL BLEND, per pound, \$.40
South Sea Blend, 25
Towel Blend, 5 lb. sack, 1 10

IMPERIAL FLOUR.

Imperial Flour is generally regarded to be the best family flour on the market. We think it is and so do scores of housewives in Santa Fe. If you are not now using this brand try a sack. 50 pounds for \$1.50.

FRESH FRUIT.

Strawberries, blackberries, Logan berries, raspberries, new apples, late Valencia oranges, very juicy, bananas, cherries, etc.

SILVER KETTLE.

The largest silver kettle in the world is used by J. H. Empson & Daughter of Longmont Colorado, in making Silver Kettle Currant Jelly. Currants are scarce this year. This jelly is the best that can be produced and is guaranteed to be absolutely pure.

Per Glass, 25 cents.
The glasses are thin table tumblers and are worth 10 cents each when empty.

Blood Troubles

Bad blood is the source of numerous aches and pains and the cause of nearly all stubborn, long-continued diseases. When the blood gets out of order, disease germs and poisons of various kinds find their way into the circulation and some serious trouble is the result. Rheumatism, Malaria, Old Sores and Ulcers, Scrofula, Anæmia, and many pustular or scaly skin eruptions, like Eczema, Salt Rheum and Tetter, have their beginning in bad blood, and only a remedy that enters into the circulation and destroys the germs and poisons, can have any permanent good effect upon a disease of this character.

Years ago my blood was bad, as evidenced by skin eruptions and other symptoms on different parts of the body. So I concluded to try S. S. S., knowing it to be highly spoken of. After using a number of bottles my blood was thoroughly purified, and I was relieved of all eruptions and manifestations of impure blood. I believe your S. S. S. to be an excellent blood medicine, and anyone in need of such medicine would do well to use it.

Mrs. C. E. SHOEMAKER.
518 E. Patterson St., Alliance, O.

You can't check a blood disease by any external treatment; the sores and eruptions that appear upon the surface of the body are only manifestations or symptoms of some internal disorder that cannot be reached from the outside. S. S. S. antitoxins the poisons, humors and acids that are the real cause of disease, cleanses and enriches the blood, and builds up at the same time the general health. S. S. S. invigorates all the organs and parts of the system to greater activity, and strong nerves and renewed health is the result. If you have any blood trouble, write us. No charge for medical advice.

DENVER

"DOWN THE PIKE."

How the Great World's Fair Looked to a Santa Fe Man.

Continued from Page Three.

floral clock. The dial is round and covered with growing plants and flowers. The figures representing the hours are made of dark wine-colored flowers, the figures being fifteen feet long. Above the flowers are two large metal hands, the minute hand being 112 feet long, which move in as accurate time as upon any other clock. The mechanism is in a building and may be plainly seen.

It strikes the hours and half hours with perfect regularity upon a bell weighing 5,000 pounds, and may be heard from a long distance, and one can tell the time as far away as the face of the clock can be seen. At night it is illuminated with one thousand electric lights.

The Filipinos.

The Philippine reservation had attractions for me, so I drifted over there. The wall of the walled city of Manila, but covering a smaller area, has been reproduced, as also the Bridge of Spain, which spans the Pasig River and constitutes one of the entrances to the walled city. Crossing the bridge I entered through the great arch in the wall. Upon the left there was a high bamboo wall and within it was the Visayan Village. Entering the enclosure, several buildings were seen. Quite a number of both men and women were at work weaving different kinds of cloth which they manufacture from that of coarse grass to that of the finest silk texture. The people were, as a rule, of light complexion, and black hair. Many of them looked to be intelligent, and they conversed freely with all who spoke to them. Some speaking English, others Spanish. It was very interesting to see them weaving Pino and Just cloth, patterns of which we have seen. The goods when made and other articles also are sold in an adjoining building, called the mart, the clerks being bright looking girls. They also have a large theater, in which a fine Filipino orchestra of 25 pieces plays both English and foreign music. This orchestra would be creditable to any country, although I was told it was composed of common day laborers, who work in the rice fields in the day time and play at night. The girls from the mart and some Filipino boys are the actors and vocalists in the theater. They sing very well and the performance closes with the rendition of the "Star Spangled Banner," in which the vocalists and the orchestra unite.

They also have a little chapel in which Cardinal Satolli addressed them during his visit last week. I was told that these Visayans are a fair sample of a large majority of the people of the Islands, and if so, there is hope that the Filipinos may govern themselves at some future time.

From here I went to the Moro Village, also enclosed in a loose bamboo fence or wall. The Moros do not equal the Visayans in appearance, nor do they dress so well. They live in bamboo houses, built above the water of an artificial lake. The women weave very beautiful cloth, but of much heavier texture than that mentioned above. The men are great fishermen and also raise rice, some of which they were engaged in beating out in mortars on the grounds. There is a central building in which a large amount of their cloth, baskets and knives are exhibited, but nothing is for sale. They have a theater also, in which they dance and have music. The music is of a primitive order, tom-toms, bells and drums are beaten with weird sounds. Their dancing is very peculiar. For the women a mat is spread upon the ground, upon this one woman at a time dances. She moves her feet about, never moving them from the mat and the space occupied will be about one foot. With her hands, however, she is more active, raising her arms alternately even with her head or above, and all the time twisting her hands about in all conceivable ways. Each succeeding dancer goes through about the same maneuvers.

It is different with the men. In a large, square amphitheater, two men take fierce looking spears and a large shield, holding the spear above the head in one hand, using the shield for protection. They then begin to dance and jump around violently advancing toward and around each other, glaring as if watching for an opportunity to spear each other. Sometimes they strike one at the other viciously, but, of course, with no intention to injure. The music is kept up during the whole performance.

The Igorrote Village was the next visited. These are called the head hunters, and are a low class. The men are strong and muscular, but wear only the breach cloth and gee string of the savage Indian. Their dances are very much like those of the Indian in form, in that they go round in circles beating a kind of tom-tom. The women wear more clothing than the men, but there is still room for improvement. The women weave a coarse cloth made from grasses of different kinds. Some of the women are expert miners and were pounding ore when I was there. The owner of the ore told me that some of these women were the best pounders he had ever known, and he had been a mining man all his life, and was now mining in the Philippines.

Going then to the Negrito Village, I found little of interest there. They are pigmies in stature and very low in the scale of intelligence. They are quite harmless looking people, and to look at them and their destitute, plaintive expression causes one to have a feel-

ing of sympathy that is not aroused by the other tribes. They are very black, and their hair is curly as well as black and they live in untidy bamboo huts. They marry very young. The manager pointed out one or two little girls 15 and 16 years old who were mothers. Much more could be said of the Filipino exhibit, but I must stop now, realizing that I have already exceeded the space I should occupy. I close then with this. It is a most beautiful sight to see the illumination of the World's Fair with about 200,000 electric lights blazing. Not only are the fair grounds a veritable fairy land, but the heavens above are brilliant with the reflection.

ALIGUIS.

Chamberlain's Colic, Colera and Diarrhoea Remedy.

This remedy is certain to be needed in almost every home before the summer is over. It can always be depended upon even in the most severe and dangerous cases. It is especially valuable for summer disorders in children. It is pleasant to take and never fails to give prompt relief. Why not buy it now? It may save life. For sale by all druggists.

The Wabash Railroad has just issued a handsome illustrated World's Fair pamphlet containing a three color map of St. Louis and the fair grounds and half tone views of the principal buildings. A copy free upon request. P. P. Hitchcock, G. A. P. D., Denver, Colorado.

When bilious take Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

DO YOU WANT THE EARTH?

The Earth is a new monthly illustrated journal, published by the Santa Fe. Tells the truth about the great southwest and California—the truth is good enough. Frequent articles describing your part of the country. Contains letters written by farmers, stockmen and fruit raisers; men who have succeeded and who give the reasons why. Strong editorials and interesting miscellany. A very persuasive immigration helper. Why not have it sent to friends "back east" to do missionary work for the southwest? Regular subscription price is 25 cents a year; worth double. Send us 50 cents (coin or stamps) with names and addresses of five eastern friends; we will mail the Earth to them and to you for six months. Write today to the Earth, 1120 Railway Exchange Building, Chicago.

WORKING NIGHT AND DAY.

The busiest and mightiest little thing that ever was made was Dr. King's New Life Pills. These pills change weakness into strength, listlessness into energy, brain fog into mental power. They're wonderful in building up the health. Only 25c per box. Sold by Fischer Drug Co.

INDIGESTION.

With its companions, heart burn, flatulence, torpidity of the liver, constipation, palpitation of the heart, poor blood, headache and other nervous symptoms, sallow skin, foul tongue, offensive breath and a legion of other ailments, is at once the most widespread and destructive malady among the American people. The Herbine treatment will cure all these troubles. 50c bottle. Sold by Fischer Drug Co.

CHEAP RATES TO NEW YORK.

The Mexican Central has recently placed on sale tickets to New York and return going via the Mexican Central to either Vera Cruz or Tampico; thence via the famous Ward Steamship Line to New York. The return will be by rail over any line to El Paso. The entire trip covering thousands of miles, Havana, Cuba, and its famous Moro Castle, Newport and a dozen of the largest cities of the United States, can be made for \$122.50. A more delightful trip cannot be planned as stop over privileges are allowed and the tickets are good for one year from the date of sale. The trip includes the City of Mexico, the "Paris of America." Further information can be secured by addressing W. S. Mead, C. R. Hudson, general passenger agent, or W. D. Murdock, assistant general passenger agent.

Cheerfully Recommended for Rheumatism.

O. G. Higbee, Danville, Ills., writes, Dec. 2, 1901: "About two years ago I was laid up for four months with rheumatism. I tried Ballard's Snow Liniment; one bottle cured me. I can cheerfully recommend it to all suffering from like affliction." 25c, 50c, \$1. Sold by Fischer Drug Company.

From one dozen to fifty copies of the New Mexican are sent out daily to the enquiries and applicants concerning Santa Fe. This is the very best kind of advertisement and is bearing good fruit, as the large number of tourist and health-seekers in the city abundantly shows.

Baseball Players and Foot Racers. Louis J. Kruger, ex-champion long distance foot racer of Germany and Holland, writes, Oct. 27, 1901: "During my training of eight weeks' foot races at Salt Lake City, in April last, I used Ballard's Snow Liniment to my great satisfaction. Therefore I highly recommend Snow Liniment to all who are troubled with sprains, bruises or rheumatism." 25c, 50c, \$1 bottle. Sold by Fischer Drug Company.

The book bindery of the New Mexican Printing Company has been so much enlarged and improved of late that it is the best south of Pueblo to the Mexico line and between Dallas, Texas, and Los Angeles, California.

CONNECTIONS.

At Antonito for Durango, Silverton and intermediate points.
At Alamosa for Denver, Pueblo and intermediate points via either the standard gauge line via La Veta Pass or the narrow gauge via Salida, making the entire trip in day light and passing through the FAMOUS ROYAL GORGE, also for all points on Creede branch.
At Salida for all points west.
At Denver, Pueblo and Colorado Springs for all points east.
For further information, sleeping car reservations time cards, literature, etc., call on or address:
F. H. McBRIDE, Agent.
Santa Fe, N. M.

S. K. HOOPER, G. P. A., Denver, Colo.

The Santa Fe announces another series of coach excursions to St. Louis, Kansas City, Leavenworth, Atchison and St. Joseph, the rate from Santa Fe will be \$25.75, dates of sale July 9th and 23d, good for ten days from date of issue. This is practically one cent a mile and a great many are taking advantage of this low rate.

The New Mexican Printing Company will do your job work with neatness and dispatch.

STORY & CLARK Pianos!

Read What Accomplished Musicians Say of the Story and Clark Piano.

"Equal if not superior to any instrument I have had occasion to use."—Barron Berthold.
"Shows such superiority of workmanship and finish as must make them welcome to any household."—Leonora Jackson.

"Grand resonant in tone and delightfully sweet and tender."—Mathilda Bauermeister.

"I cannot speak too highly of your pianos, they seem to be unsurpassable."—R. Watkin Mills.

"Your pianos embody sweetness and richness of tone, splendid carrying power and excellent action."—Rosa Olitzka.

"They are mod is for tone and touch."—Marie Engle.

"I find your pianos wonderfully sympathetic for accompanying the voice."—Lillian Blauvelt Pendleton.

"Gave the liveliest satisfaction to me. I consider them second to none."—David Frangcon Davies.

"I think it capable of the fullest expression of musical thought."—Ellen Beach Yaw.

"In my opinion they rank among the very best pianos of the day."—Emile Sauret.

"Possessed of a beautiful quality of tone and a most sympathetic touch."—Fernando de Lucia.

"I was perfectly charmed with its beauty of tone and delightful touch."—Francis A. Hiltzen.

"Their tone is sweet as well as resonant. Are remarkably adapted for accompanying the voice."—Clementine de Vere Sapio.

THE STORY & CLARK PIANO CO. Employ only expert workmen and no piece work or contract work is done in their factories.

They have won renown on two continents for excellence and beauty of their instruments.

Prices and terms most liberal. Call on the General Agent for New Mexico.

FRANK DIBERT

Santa Fe, N. M. Who will show you the Story and Clark Pianos in the several styles and finish—Mahogany, Hungarian, Walnut and Golden Oak.

A Wagon's First Cost

There are a plenty of low priced wagons (might say "dead" in the end, "dead" actually look well—at first. You can't see the paint-covered wood, the tire setting and constant repairs, that will rise up to trouble you in time. All said and done, it pays to buy once for all a dependable wagon.

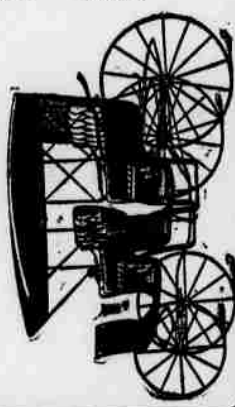

STUDEBAKER WAGONS

That is a matter of common knowledge—testified to by every man who ever bought one. Built on honor by master mechanics out of selected and perfectly seasoned materials. Definite, sterling worth in each job of Vehicles and Harness, that result in longer and better service than you have a right to expect. You don't make mistakes if you pin your faith there.

Studebakers in Your Town.

The undersigned are the local sales agents. We carry a generous stock of Studebaker wagons, and are ready to show you our reputation for quality and service. Always ready to show you. Give us a call.
