NUMBER 108.

WORK OF CONGRESS.

Senate Amendments to River and Harbor Bill Not Agreed to.

Bill Appropriating \$20,000,000 for Spain's Indemnity Passed.

Pope Leo Undergoes an Operation and is Improving.

NEW REFORM PARTY ORGANIZED.

Washington, March 1.—In the house, Burton, chairman of the river and harbor committee moved non-concurrence in the senate amendments to the river and harbor bill under suspension of the rules. Burton's motion prevailed without division.

There was considerable excitement in the house to-day growing out of the near approach to adjournment and the critical state of various measures. The conference report on the canal claims bill was agreed to after a lively debate in which the French spoliation claims were sharply attacked.

The conference report on the census bill was adopted.

The river and harbor bill was sent to a conference and then the passage of the general deficiency appropriation bill was moved under a suspension of the rules. The house conferees on the river and harbor bill (Burton, Reeves, Callahan) are opposed to the Nicaragua canal amendment. Burton said: "I am unalterably opposed to the amendment even if the entire bill is lost." Callahan said: "I disapprove placing the canal amendment on the river and harbor bill."

The house passed the general deficiency bill. Hull moved the passage of the senate army reorganization bill under a suspension of the rules.

IN THE SENATE.

Washington, March 1.—The senate passed the bill appropriating \$20,000,000 for payment to Spain without a dissenting vote.

The senate passed a number of miscellaneous bills. Cullum delivered a speech on the work of the Hawaiian commission, and Allen, of Nebraska, his valdity. The consideration of the naval appropriation bill was begun.

ARMY BILL PASSED.

The senate army bill passed the house, 203 to 132.

Accept Senate Army Bill.

Washington, March 1.—The house military committee agreed to accept the senate army bill without amendment.

FATAL COLLISION.

Four people killed and one seriously injured in Nevada.

Ogden, Nev., March 1.—In a head-on collision between passenger train No. 1, east bound and a doubleheader, west bound, near White Plains, Nevada, four people were killed outright and seriously injured. The dead are: Engineer F. J. Yearin, Fireman Henshott, Fireman Dillion and another engineer whose name is not learned. The head brakeman of the freight was seriously injured.

San Francisco, March.—Advice received by the Southern Pacific in this state that the "reck" in Nevada was not caused by the collision of a freight and passenger train, No. 1 and a helper. The engineer of the helper overlooked his orders.

OPERATION PERFORMED.

Pope Leo is in a fairly satisfactory condition to-day.

Rome, March 1.—Dr. Muzilli removed from the left thigh of the pope a cyst which caused the feverish symptoms yesterday. The operation was successful. Strict measures have been taken to exclude people from the Vatican. Some morning papers asserted that the pope is suffering from rheumatic fever, and pleurisy is feared.

The pope yesterday desired the cyst simply lanced, but consented to its removal on the doctors insisting upon the point. Dr. Lagonzi saw the pope at 1:30 p.m. and found him in a fairly satisfactory condition.

An official bulletin, issued at 5 o'clock, says: "The pope's pulse is excellent, and his general condition is very satisfactory."

New Reform Party.

Cincinnati, March 1.—A general conference began to-day for the organization of the union reform party to amalgamate the silver republicans, populists, social labor party and liberal party, and in fact, all minor parties except the prohibitionists. Seventeen states were represented.

The conference was called to order by Chairman H. S. Thompson, of the Ohio committee. The following temporary organization was reported and adopted: Chairman, A. G. Kitchener, Baltimore;

secretary, G. H. Lockwood, Vincennes, Ind.; assistant secretary, Geo. B. Shire, Albany, N. Y. A motion was made to have the chairman appoint the usual committees. This was opposed as inconsistent with the initiative and referendum principles. Some wanted everything considered in open convention. The opening session was devoted to discussion.

Train Robbery Cases Dismissed.

Kansas City, March 1.—Dismissed with the acquittal of Jesse James, City Prosecutor today dismissed all the train robbery cases from the criminal court docket.

Molluxes Indicted.

New York, March 1.—Roland B. Mollux has been indicted for murder in the first degree.

RIVER AND HARBOR BILL.

The House Will Not Concure in All the Senate Amendments.

Washington, March 1.—The river and harbor committee has disagreed on all the senate amendments to the river and harbor bill, including the Nicaragua canal amendment. The committee decided to report the bill in the house to-day under a suspension of the rules, move non-concurrence with the senate amendments and reference to the conference committee.

Chairman Burton says a motion to concur in the Nicaragua canal amendment is not permissible under a suspension of the rules, and he expresses the belief that all elements will allow the bill to go to conference.

LUCIAN M. CHIPLEY DEAD.

Well Known St. Louis Financier and Cousin of Judge H. L. Warren.

St. Louis, March 1.—The death of this city has been notified of the death of his cousin, Lucian M. Chipley, for years one of the best known financiers of St. Louis, who died in that city Wednesday, February 28, from a cancer of the liver. His son, who had enlisted in the volunteer army, died from the effects of typhoid fever, which he had contracted in Cuba.

The St. Louis Globe Democrat published a half column article on the deceased, giving his biography as follows:

Mr. Chipley was born in Warsaw, Ill., and was the son of Dr. W. B. Chipley, who at the time of his death in St. Louis fourteen years ago, was the oldest physician in the city. His grandfather on his mother's side was Hon. Thomas Morris, United States senator from Ohio, who at the beginning of the civil war made the first anti-slavery speech ever delivered in Cincinnati. Senator Morris is also named and operated a line of steamboats on the Missouri river and when Mr. Chipley at the age of 18 years, moved with his father to St. Louis, he was made first clerk on the steamer Post Boy.

He afterward became a pilot and remained on the river twenty-three years, after which he retired and engaged in financial business in St. Louis. He turned his attention to large corporations, and was one of the most potent factors in the construction of the Illinois Central railroad. He was considered authority on questions of finance, and contributed numerous articles to the newspapers and magazines on that subject. Two years ago Mr. Chipley purchased the old Justin Jay place at Old Orchard, which is one of the most beautiful suburban residences around St. Louis, to which he removed his family. Four grown children survive him.

AUCTION SALE.

At the residence of Col. E. A. Grunsfeld, 415 North Second Street.

The magnificent furniture belonging to Mr. Grunsfeld will positively be sold at public auction, without reserve, on TUESDAY, MARCH 7, Sale begins at 10 a.m. sharp. Interested purchasers can inspect goods Saturday and Monday before sale. Lack of space prevents a complete enumeration of the many articles that will be offered. A few are given below: Kitchen utensils, dishes, ice chest, \$55 set Haviland china, silverware, \$40 china closet, two book cases, mahogany writing desk, mahogany cabinet, brass and marble lamp stands, hat tree, hall bench, carpets, rugs, pictures, \$45 brass burner, clocks and ornaments, \$75 brass bed, \$45 hair mattress, box spring, birds eye maple chiffonier, \$50 dresser, \$135 bedroom set, and in fact everything necessary to furnish a beautiful home. This is without doubt the grandest lot of furniture ever offered at public auction in the southwest. Nothing will be sold at a lower price.

H. S. KNIGHT, Auctioneer.

EXTRAORDINARY.

Madam Francis Lawyer, clairvoyant, palmist and healing medium and mystic card reader, who is stopping at the Albuquerque, is giving perfect satisfaction. A visit to this wonderful lady will convince the most skeptical that she is genuine. Don't fail to see her. Satisfaction guaranteed. Hours, 9 a.m. to 9 p.m. Corner Third and Tenth.

ANOTHER MANIFESTO.

Filipinos Say American Losses Are Larger Than Theirs.

United States Protests Against General Rios' Dispatch to Spain.

Dewey and Ots Instructed to Protect German Residents in Manila.

INSURGENTS ARE VERY ACTIVE.

London, March 1.—The Filipino Kuropan junta received the following dispatch from Manila, dated February 28: The insurrection has been real battles. We now hold Pasig, Palawan and Guadalupe. Our northern line is advanced to Iloilo. The American losses are far larger in proportion than ours. We hold 600 American prisoners, who will be taken into the interior. Not one of our people surrendered. (Our government maintains its independence and will not yield. A Filipino telegram from Cebu asserts that the foreign residents asked the insurgents to withdraw in order to avoid bloodshed. The Filipinos acceded, trusting that their action would be brought before the foreign consuls with a view to arranging an equitable settlement with the Americans.

Several Manilaas died of wounds including a woman shot in the breast. There is much indignation at the act of the provincial government, keeping to the rebels who only cause loss of life.

REBELS ARE ACTIVE.

Throwing Up Earthworks in Front of the Malabon Church.

Manila, March 1.—The rebels are very active at Caloocan and Malabon. They evidently intend to mount batteries in front of the Malabon church, destroyed by the fire of the United States monitor Monadnock, February 27.

They can be seen throwing up earthworks for guns and emplacements.

Instructions for Dewey.

Washington, March 1.—To carry out the president's promise relative to the protection of German residents and property in the Philippines, cable dispatches have been sent to Admiral Dewey and General Otis, instructing them on that point.

LORD HERSCHELL DEAD.

One of the High Joint Commissioners Passes Away.

Washington, March 1.—Lord Herschell, one of the high joint commissioners of Great Britain, died this morning of heart failure. He fell on a slippery sidewalk and broke one of the pelvic bones several weeks ago. He was long chairman of the United States because of his eminent attainments to take a leading part in the negotiations designed to settle the differences between the United States and Canada.

UNITED STATES PROTESTS.

Against Statement Cabled by General Rios From Manila.

Madrid, March 1.—Reforma hears that the Spanish government has received a dispatch from the United States protesting against the statement cabled from Manila by General Rios, who formerly commanded the Spanish troops in the Philippines relative to the situation of affairs there.

Correspondence asserts that it received such serious news from Manila that it believes it is its duty not to publish it until confirmed.

A Republican Caucus.

Lincoln, Neb., March 1.—There were no changes recorded in the ballot for caucus to-day. The Republicans agreed to caucus tonight, all but one signing the call and he indicated his intention to participate.

SALOONS ARE CLOSED.

Attempt Made to Enforce Temperance Among Soldiers in Cuba.

Havana, March 1.—The American military authorities are attempting to make the American soldiers teetotalers, by stopping the sale of beer at the post exchange and closing the bars in Havana and Marianao for selling beer or wine to private or non-commissioned officers. Proprietors of such places are fined \$5,000 but are allowed to re-open after three days on giving bonds. Private soldiers, especially volunteers, think it a hardship that they may not buy beer when the officers of their regiments are unrestricted.

The Rebels Routed.

Manila, March 1.—There was the usual desecratory firing yesterday evening and to-day but only one casualty resulted. Private Parks, Company K, California volunteers.

The Nebraska volunteers at the reservoir had a slight brush with a small body of the enemy this morning. The rebels scattered in the jungle after the first volley.

The United States transport Tacoma arrived here without the loss of a horse or a mile.

The Negro commissioners sailed for Negros to-day.

AFFAIRS IN APLA.

Provisional Government Interfering With British and Native Subjects.

Sidney, N. S. W., March 1.—Advice from Apla, under date of February 17, says affairs there are still unsatisfactory. The provisional government, it appears, is interfering with native and British subjects.

Subjects and also with servants of British subjects, and is taxing Malaita people \$2 and Malaita people \$1 each. Mr. Radford, the German president of the municipal council in Apla, at the instigation of the British consul, apologized for boycotting the British third-class cruiser Porpoise and insulting the chief justice and a Malaita lawyer while they were guests on the Porpoise.

Barnes Gaining.

Sacramento, Cal., March 1.—Gen. W. H. Barnes made surprising gains in the western right to-day. All Bullitt's votes, except one, stamped to General Barnes, who received 20 votes; Burns, 25; Grant, 20; White (dem.), 27; others scattering.

A VETERAN OLD FELLOW.

Past Grand Master Stevens Celebrates His Thirty-First Anniversary.

The regular meeting of Harmony lodge, No. 17, I. O. O. F., last night was more than in interest for the occasion that yesterday was the thirty-first anniversary of the initiation of Past Grand Master S. Stevens into the order. Past Grand Master Stevens was born February 28, 1868. Mr. Stevens walked from home to Conditon, Pa., a distance of eight miles, and was there initiated as an Odd Fellow in honor of that event. The gentleman last night treated the members of the lodge to a very pleasant surprise in the shape of an elegant banquet. After the justice had been done to the substantial vands of the banquet table, the dishes were cleared away and S. Stevens was elected to preside over the subsequent proceedings. A feast of wit and reason followed and nearly all present responded to toast with impromptu speeches.

It happened that among the Odd Fellows present five had been brought to the order by Mr. Stevens, and as many more had joined through his influence. These showing the work that had been accomplished by him for the lodge in this city.

Mr. Stevens has held the highest office in the gift of the Odd Fellows of New Mexico, and in all positions has proved himself an efficient and faithful officer. At the recent grand lodge session held at Gallup Mr. Stevens was elected to represent the grand jurisdiction of New Mexico as grand representative for the next two years in the sovereign grand lodge. The supreme body of the order. Mr. Stevens is still in the prime of life and an active worker, and is held in high regard by all the members of the order in this territory.

Up to Date.

Mr. H. D. Johnson, the architect, has just put in his office a "Muller Copier" for use in duplicating plans and drawings in color. This makes Mr. Johnson's office the most complete architect's office in the southwest. This power of reproducing drawings is superior to the blue print process. The machine was used for the first time in reproducing the plans of the new theatre building, which are being drawn by Mr. Johnson.

Many Men Laid Off.

About 150 men employed in the various departments of the local railroad shops in this city and four train crews were laid off this morning. Inquiry into the cause of this action revealed that it was due to the temporary lull in business, which usually comes in the spring of the year and it is expected in a short time the full force will be at work again. It is understood that there will be no reduction in the hours of work, which will continue at present.

Masonic.

There will be a regular communication of Temple lodge No. 2, A. F. and A. M., Thursday evening at 7:30 o'clock sharp, work in F. C. degree. Visiting brethren invited. By order of the W. M. C. W. Meier, secretary.

F. M. Johnston, of Boston, who is in charge of the construction of the new addition to the Cochiti Gold Mining company's large plant in Blaine, is in the city to-day, and is being shown courtesies by "Mully" Trimble. Mr. Johnston confirms the report that a large electric plant will be erected at Madrid, on the Rio Grande, to generate power to run the large mill at the Alameda mine. Power will also be rented to other mills around that section. This move has become necessary on account of the ever increasing cost of fuel at the mill.

Mrs. J. G. Albright, the well-known and popular photographer, left last night for Santa Fe, accompanying north James Barton Adams and wife who were on their return to Denver. When that citizen representative left the train Col. Albright was noticed standing on the platform muttering to himself "how long, how long."

Col. T. B. Mills, of Las Vegas, passed through the city for the north. The colonel is the principal mover in the Ora Pina mines of Arizona and was seen here for the purpose of negotiating a sale to eastern capitalists.

A CABINET CRISIS.

Sagasta Hands in Resignation of Spanish Ministry.

Chambers Adjourned Until New Ministry Can Be Formed.

The Santa Fe Secures Control of California and Nevada Road.

KIPPLING IS IMPROVING.

Madrid, March 1.—Senor Sagasta has handed in the resignation of the ministry to the queen regent.

The cabinet crisis is expected to last two or three days as it will be necessary for the queen regent to consult the president and other political leaders. Meanwhile the chamber will adjourn until a new ministry is formed.

THE TREASURY NOT ADVERTED.

Washington, March 1.—The resignation of the Sagasta cabinet, state department officials said to-day, does not necessarily involve the failure of the peace treaty. They believe the succeeding cabinet can and will mean to forward the treaty to the point of ratification. The Spanish government has more to lose by a failure of the treaty than has the United States.

TERMINAL AT OAKLAND.

Santa Fe Secures Control of the California & Nevada Road for Purpose.

San Francisco, March 1.—It is rumored that the Santa Fe has secured control of the California & Nevada road in order to establish a terminal at Oakland that will afford more easy means of access to San Francisco than could be secured if the transcontinental line ended at Point Richmond.

Kipling Improving.

New York, March 1.—A bulletin issued at 8 a.m. said Mr. Kipling's symptoms had improved, but he is still seriously ill and the fever continues.

The physicians say that Kipling has gained since his mailing.

THE LEGISLATURE.

Council Discussing the Bureau Refunding Bill.

Special to The Citizen.

Santa Fe, N. M., March 1.—The council devoted the session to a discussion of the bureau refunding bill. The house transacted no business of importance.

Reception to Presiding Elder.

A reception was given in honor of Rev. P. A. Hubbard, the presiding elder of the western division of the Colorado conference of the A. M. E. church. Rev. J. P. Watson was one of the guests. The reception was planned, but arrived in time to receive his share of the honors. The guests of honor were Revs. P. A. Hubbard and J. P. Watson, and Mrs. J. P. Watson.

A royal procession was formed in the personage of the presiding elder who were Rev. W. B. Johnson and J. H. Martin; the escorts to the pastor, were J. W. Ball and C. Pulliam; the escorts to the pastor, were Mrs. L. F. Watts and Mrs. Harriet Lynch. When they reached the front door of the church the ushers, W. H. Joyce and H. T. Kilsworth, greeted the vast audience and gave signal to Miss Eva Buckner at the piano, who played an instrumental voluntary. When the procession ascended the platform the audience greeted them with applause, and when they had reached the seats of honor the audience arose in acknowledgement of their appearance on the platform.

Owing to the arrival of the train from the west, the excellent program previously prepared was not rendered, but a short impromptu program was given after which refreshments were served and a most pleasant time was had.

The presiding elder will leave for Washington this evening.

SAN JOSE MARKET.

Announcement!

After having thoroughly renovated our store, we are now prepared to show our line of Spring Goods, which are daily arriving. We are preparing for the biggest season we have ever had, and are laying in a stock and putting prices on same to justify our expectations.

Silk Waists!

In Silk Waists we have just received some of the latest novelties in the most beautiful patterns ever brought to this city.

Shirt Waists!

In Cotton Shirt Waists we are showing a sample line of our stock, which is now in transit. The prices range from 40c to \$3.50 each, and comprise a most carefully selected assortment from the stock of the largest shirt-waist manufacturers in the United States.

Ladies' Belts!

In Ladies' Belts, Girdles, and Buckles we are recipients of all that is in vogue.

Dress Goods, Etc.

In Silks, in Dress Goods, in Laces, in Embroideries, in fact, in all lines, we have received and are receiving a beautiful and popular line, which it shall be our most sincere pleasure to show. Respectfully
