NUMBER 109.

BOARD OF INQUIRY.

Miles Crawfishes in Regard to His Interviews.

Admits That Some of the Phrases Used Were Unfortunate.

Committee on Appropriations Makes Favorable Report on Spain's Indemnity.

EVERYTHING QUIET IN PARIS.

Washington, Feb. 20.—The court of inquiry to examine into the beef controversy assembled this morning. The members proceeded to the White House and paid their respects to the president and then called upon Secretary Alger and General Miles.

Colonel Davis asked Miles what his idea was of the beef supply for the army when the war broke out. Miles replied that he felt confident that the usage of a hundred years would be followed and cattle herds shipped to the army in the tropics and there, just as they were during the civil war in the south, in Arizona, Texas and Mexico, where it was so hot that the soldiers could not sit upon the rocks. Miles said he understood the troops in Porto Rico are still being supplied with resuscitated beef, although the country was as good a grass country as any in the world and the cattle plenty.

Now, however, there were no machines on shore. During the war there was not so much for the hospitals and Miles said the native beef killed at night could be very well fed to the men the next day. Asked if the native beef would keep as well as the refrigerated beef in the absence of the cooling apparatus, he said: "I am quite sure it would unless the refrigerated beef was chemically treated with preservatives."

General Miles was sworn as the first witness. He was asked about the alleged interviews in New York newspapers. He said they were not altogether correct. Miles said his use of the phrase "refrigerated beef" was unfortunate. He said he had intended to say "on the theory of an experiment" and "a very costly one."

SPAIN'S INDEMNITY.

Favorable Report Made on Appropriation of \$20,000,000.

Washington, Feb. 20.—The house committee on appropriations ordered a favorable report on the bill to pay Spain \$20,000,000 for the Philippines. An amendment declaring the policy of the government toward the Philippines was defeated by a party vote. Chairman Cannon was directed to call up the bill to day under a suspension of rules.

A special meeting of the committee was held to pass on the appropriation. The bill by Cannon provided this appropriation without any consideration. The bill by Gillette, of Massachusetts, had a provision declaring the policy of the government toward the Philippines. Gillette's bill was not acted upon. Dickey, Missouri, offered an amendment combining the features of the McKenny resolution passed by the senate and the Gillette bill. It declares any disposition or intention by the United States "to exercise permanent sovereignty, jurisdiction or control" over the Philippines and, asserted the purpose of setting up a stable form of local government, and leaving it to the Filipinos. Dickey's amendment was defeated by a party vote, the democrats and Bell (pop.) supporting and the republicans opposing. Dickey stated that the contest would be carried to the floor of the house and an effort made to add a declaration of policy.

Quiet in Paris.

Paris, Feb. 20.—The city is calm to-day. Stringent precautions have been taken to maintain order. About 100 persons were arrested yesterday for taking part in disturbances. Sixty were detained in custody.

ALL VOLUNTEERS DISCHARGED.

War Department Gives Orders Mustering Out Remaining Regiments.

Washington, Feb. 20.—The war department has given out orders for mustering out the following volunteer regiments: At Savannah, Ga., the Third Georgia, Batteries A, B, C and D of the Maine artillery and the Two Hundred and Second New York volunteers.

At Augusta, Ga., and Greenville, S. C., the Third Alabama, the Third Connecticut, Fifth Massachusetts, Thirty-fifth Michigan, Fifteenth Minnesota, Fortieth New Jersey, Two Hundred and First New York, Two Hundred and Third New York, Tenth Ohio, First Rhode Island and the Second West Virginia.

This order discharges all volunteers remaining in the United States. Lincoln, Neb., Feb. 20.—When the joint assembly met to-day to ballot for senator a populist member introduced a resolution to declare the joint assembly adjourned sine die without proceeding to

THE LEGISLATURE.

Memorial to Congress on Irrigation Introduced.

Appropriation of \$5,000,000 for Storage Reservoirs Asked For.

Governor Authorized to Purchase Muster Rolls of Volunteers.

HOUSE NOT IN SESSION.

Special to The Citizen.

Santa Fe, N. M., Feb. 20.—Owing to the fact that members of the junketing committee have not returned, there was no session of the house to-day.

In the council Richardson introduced a memorial to congress asking for an appropriation of \$5,000,000 to build storage reservoirs in the territory for irrigating arid lands.

Anetha introduced a bill to authorize the governor and adjutant general to purchase the muster in and muster out rolls of the volunteer service of the territory during the war of 1861.

A bill was passed granting a stay of execution after appeals from the supreme court, where parties have been convicted of murder in any form except the second and third degrees and admits them to bail as well.

The bill amending the Otero county bill to give Otero and Chavez counties the back taxes due in their new boundaries was passed.

CONGRESSIONAL.

IN THE SENATE.

Washington, Feb. 20.—In the senate Chandler (N. H.) moved the reconsideration of the vote by which the naval personnel bill passed, and that measure will be recalled from the house in order that some errors may be corrected.

Cockrell (Mo.) secured the passage of a resolution calling upon the secretary of war for detailed information as to the cost of the army under the proposed Hull bill.

The house amendment to the bill authorizing the president to appoint cadets to the naval academy was concurred in. The bill now goes to the president.

The consideration of the postoffice appropriation bill was resumed. Butler (N. C.) argued for a reduction of \$6,000,000, the amount paid for railroad mail transportation.

At 2 o'clock Hawley moved to take up the army reorganization bill.

There was some discussion as to a precedent for the army bill. Hawley said as chairman of the military committee he would accept nothing but unconditional surrender. The roll was called on taking up the army bill. The democrats voted in the negative. The populists and Pettigrew and Teller, silver republicans, voted no. Lindsay, democrat, N. Y., voted in the affirmative.

The army bill was taken up for consideration by a vote of 44 to 26, the anti-slavery bill being displaced as unlabeled business.

After being read, the army bill was laid aside and the postoffice appropriation bill taken up.

IN THE HOUSE.

This was suspension day in the house. By unanimous consent the senate amendments to a number of private pension bills were adopted.

The bill to legalize the return of the envelopes and postal cards of the United States Economic Postage association was defeated.

The bill to reimburse government for state expense in organizing Spanish war volunteers was called up. The bill to pay Spain \$20,000,000, under the terms of the peace treaty, has been called up in the house under suspension of the rules.

Favors Pacific Cable.

Washington, Feb. 20.—The senate committee on foreign relations authorized a favorable report on the amendment to be offered to the sundry civil appropriation bill for the construction of a cable to Hawaii and Manila. The cable will not be built by the United States, but a yearly subsidy will be paid by the government.

Victory for the Government.

Washington, Feb. 20.—In the supreme court to-day the case of Dunlap vs. the United States was disposed of, the decision being in the interest of the United States. The case involved the validity of the clause in the Wilson tariff act, providing for a rebate of the tax on alcohol used in the arts and manufactures. The opinion rendered by Chief Justice Fuller was against the payment of the rebate.

Rail to-morrow Evening.

The committees in charge of the dance to be given by Hose company No. 2 to-morrow night at Armory hall are working hard to make this dance one of the best ever given in the city. They have sold a large number of tickets and a good time is assured. All the members of Company E that left the city will be there so don't forget to come.

The following are the committees in charge of the dance at Armory hall to-morrow evening: Arrangements Committee—W. C. Montfort, chairman; A. L. Perry, R. W. Brook, C. E. Quier, M. Nash.

Floor Committee—C. E. Quier, manager; C. C. Butler, W. C. Montfort, A. L. Perry, H. T. Johnson, H. E. Russell, Clay Jones, W. J. Clifford.

Reception Committee—Mayor F. W. Clancy, H. Ruppe, chief; H. S. Knight, W. H. Booth, W. W. Little, J. S. Trimble, M. Nash.

The floor will be in good shape, and music and program the finest. To-morrow evening at Armory hall.

"Two Married Men."

One of the most enjoyable comedies of the year is George B. Kilson's latest and best, "Two Married Men," which will ap-

THE BICYCLE RACE.

Charles W. Miller, of Chicago, Still World's Champion.

Secretary Alger Makes a Report on Klondike Relief Work.

Advices From Nicaragua Says Another Revolution Is in Progress.

LARGE FIRE IN WASHINGTON.

San Francisco, Feb. 20.—When the greatest six day bicycle race ever run was ended, Charles W. Miller, of Chicago, held his place as the long distance champion of the world. Six riders beat the previous records. The final score was: Miller, 2,192 miles; Aaronson, 2,146; Fredericks, 2,091; Hale, 2,062; Gimm, 2,009; Sawu, 2,012.

GIMM'S CONDITION CRITICAL.

San Francisco, Feb. 20.—The condition of Louis Gimm, a six day bicycle rider, as so critical to-day that two physicians were called for consultation. His manager and trainer believe Gimm is suffering from drugs administered with the intention of winning him for first place in the contest. Gimm was in a stupor the last three days of the race.

KLONDIKE RELIEF WORK.

Secretary Alger Transmits Two Reports to Congress.

Washington, Feb. 20.—Secretary Alger has transmitted to congress a complete report on the relief work of the war department in the Klondike country, undertaken under an act of congress. It traces the detailed reports of Capt. P. H. Ray and Lieut. W. P. Richardson.

Ray says: "I deem it of the greatest importance for the development of the country that roads should be opened. I do not find anything either in Alaska or the Northwest Territory to justify the great rush of people to that country, or the enormous investment that is being made in transportation, trading and mining companies. In the Northwest Territory no discoveries of extraordinary richness have been made since that of the Klondike. In the absence of any other industry, except cutting wood for river boats, I do not see anything in the future for over 10 per cent of the people now flocking to that country, but disappointment and suffering."

He recommends that a thorough geographical and geological exploration of the country be made in order that men of ordinary means may be enabled to engage in prospecting and mining.

NICARAGUA REVOLUTION.

Battle Between Government and Insurgents Expected in a Few Days.

Mobile, Ala., Feb. 20.—The steamer Sunniva has arrived from Bluefields, Nicaragua, with the following advice up to February 15: Gen. Mena has been three days above Rama with 700 insurgents. Formis Diaz, the liberal leader, was wounded and captured with fifteen followers by the insurgent force, under the Rough Rider Scout Sauten. A battle is expected here in a few days. Gen. Reyes' boats returned from Greytown to defend this place. The man of war San Jacinto is also here. Three hundred Americans from China are due here to join the insurgent forces.

Gatling, Krupp and Hotchkiss guns are also expected. Greytown is surrounded by the insurgents. A visit to this wonderful city will convince the most skeptical that she is genuine. Don't fail to see her. Satisfaction guaranteed. Hours, 9 a. m. to 9 p. m. Corner Third and Gold.

CHICAGO OPTICIAN.

Drs. F. M. and A. C. Taylor are now at parlor 31, Grand Central hotel. Do not miss this opportunity of having your eyes examined by skillful, graduate opticians. Make early appointment, as our first visit to Albuquerque will be limited. Consultation free.

EXTRAORDINARY.

Madam Francis Lawyer, clairvoyant, palmist and healing medium and mystic card reader, who is stopping at the Albemarle, is giving perfect satisfaction. A visit to this wonderful lady will convince the most skeptical that she is genuine. Don't fail to see her. Satisfaction guaranteed. Hours, 9 a. m. to 9 p. m. Corner Third and Gold.

Run Over.

To the Iceberg for a bottle of old whisky.

Chief Justice Mills, Judge J. R. McFie, Judge F. W. Parker and Hon. R. K. Twichell, who accompanied Governor Otero's party to Alamogordo last Saturday night, returned to Santa Fe last night. Mr. Twichell states that the governor and party were royally entertained by the citizens of Otero county at Alamogordo, and speeches were made by Governor Otero, Captain Curry, R. K. Twichell, Pedro Sanchez and others. The toastmaster was Col. J. F. Harvey. The remainder of the party will pass through this evening.

"Yes, we buy in wholesale lots, and in order to substantiate our words," said Joe Kakin to-day, "look at the car load of Yellowstone whiskeys rolled out in front of our store. The barrels were there to prove the assertion, and Kakin, who did the talking, is the junior member of the liquor firm of Melini & Kakin. They have just completed excellent appointments for their store room, besides stocking up with first-class liquid refreshments."

ALBUQUERQUE, — FEB. 20, 1929

THERE is a new telegraph system capable of transmitting 4,000 words a minute. It ought to be called the Bryan system.

THE war with the Philippines seems to be a long and now hope to see the Americans suffer defeat and disaster at the hands of the natives as they did.

THE Prescott Journal-Miner says: A couple in Albuquerque who attempted to work the "badger" game, on what they thought to be a sucker, succeeded to the extent of getting themselves locked in jail.

AN easy berth in congress may have its charms for some men, but not for General "Joe" Wheeler. The doughty old warrior would rather serve his country with deeds than with words, and has already asked for more work in the field.

AGUINALDO's acquisition of a whistle may be regarded as an evidence of his keen foresight, by which it was realized to him that he would have to take to the woods and hence would need a stimulus for his courage.

MRS. HENRY WATSON receives an average of fifty offers of marriage a day. There are a great number of elderly maidens living who would not be inclined to regard such a perpetual St. Valentine's day as this with the disfavor that Miss Gould seems to look upon it.

ON paper, at least, Paris is preparing various marvels for its next exposition. One of them will be a monster telescope which will bring the moon to a seeming proximity of only forty miles. One naturally wonders why, while the makers of that telescope are about their task they do not annihilate also those remaining forty-one miles.

HENRY WATSON is not discouraged by the little drawbacks encountered in his project of saving the democracy by placing Dewey in the field for president, as its candidate. He is evidently determined that if Dewey won't join the democracy, the democracy shall join the admiral. As popular as the hero of Manila, it is doubtful if even he could save Watson's party.

THE Dona Ana County Republican complies with an ex-Albuquerquean in the following words: "K. E. Learned, the Santa Fe station agent at Las Cruces has been in the employ of that company for twenty years, and there are only twenty-seven men of the thousands who have been with the Santa Fe Railroad company longer. Railroadroading has been his life work, and he is a good one."

THE Denver Republican is after T. M. Patterson "rough shed," and is making the lawyer-editor "blink the other eye." Patterson is the owner and editor of the Rocky Mountain News and, besides being interested, favors the gas, electric lights, water and other corporations in their extortionate rates against the people. Patterson's defense of his course, up to date, is not very satisfactory to the people of Denver who pay these corporations big monthly bills in order to keep the Rocky Mountain News moving in the front ranks of first-class daily newspapers.

MARSHALL McMillan ought to see that the "spitting" ordinance is enforced. For a square on Railroad avenue it is almost impossible for ladies to pass, going to or from the depot, without selling their skirts from the great "gobs" of tobacco juice and "limes" that ornament the pavement. Signs calling attention to the existence of the "spitting" ordinance ought to be printed and posted conspicuously. And, again, the ears of ladies who are compelled to run along the square alluded to, are soured with the words of blasphemy that come from congregated crowds of men and boys.

SHOOT AT ONE BIRD.

When the covey rises before you and goes off in a bunch, don't fire point blank at the whole bunch, thinking to get a half dozen at one shot—chances are you'll get none. Pick out a single bird and try and make sure of that one. Advertise like you shoot at birds. Don't try to put all your good things into one ad, save some for you'll need them. And don't take a "crack at creation" with only general results in view. Advertise one thing, and make it a "bargain." Sell it at a loss, if necessary, and charge up the loss to the advertising expense account. What you want an ad to do is to make folks come after the thing advertised. When they get that and are pleased with it, you're in good shape to do more business with them—business in other things which you didn't advertise.

ARGUMENT FOR BANGERS.

The cattle drive across the country from Bernalillo range and caught up at Paraje is a strong argument in favor of mounted police, says the Dona Ana County Republican. At the present writing only fifteen head have been recovered and three men arrested. If Uncle Sisco Bernalillo had not spent both time and money, nothing would have been known of over fifty head of cattle being got away with. The extent of frontier to be guarded and the size of our county make it impossible for our sheriff with only two deputies to begin to look after our

cattle interests. He has more than been attended to with a criminal, whom constantly drifting in from Texas, Arizona and Old Mexico. Our cattlemen lose more than ten times the cost of a company of mounted police every year. Wells, Fargo & Co. would undoubtedly put up handsomely to have train robbers driven out of the territory, and this would surely be done if our law makers now assembled at Santa Fe, will attend to the wishes of their constituents and pass the bill for mounted police.

NICKOLA TESLA says that he believes that to every human being is allotted a certain number of hours to be awake, and that the fewer he uses each day, the longer he will live. He believes that a man might sleep two hundred years, if he would sleep most of the time. But Tesla practices not what he preaches. Seemingly he never sleeps, for he is always talking.

IS THE Steam Locomotive Doomed?

Men who know say that in the next ten years steam locomotives will disappear and electric motors will supplant them. They also say that with the new motive power trains will rush along at a minimum speed of 100 miles an hour. This will prove a blessing to those who wish to go quickly from one point to another, but no more so than Hottel's Steam Bitters has proved a blessing to those who wish to go quickly from sickness to health. The Bitters act at once upon stubborn cases of dyspepsia, indigestion, biliousness and liver complaint. They improve the appetite, quiet the nerves, and induce sound, refreshing sleep. The trial of a bottle will afford convincing proof. Sold at all drug stores.

MARYLAND CASUALTY COMPANY.

Will Have the Accident Insurance on the Santa Fe Road.

General Manager Frey, of the Santa Fe, has issued a circular stating that on March 1 the Maryland Casualty Company would acquire the right of selling accident insurance tickets to passengers on Santa Fe trains.

For several years the Travelers' Insurance company has held this franchise, but lately the sale of tickets has amounted to so little that it decided to give it up. The new company will push the sale of accident tickets by solicitation.

If you have a cough, throat irritation, irritation, weak lungs, pain in the chest, difficult breathing, croup or hoarseness, let us suggest One Minute Cough Cure. Always reliable and safe. Berry's Drug Co., Albuquerque, N. M.

Mrs. M. A. Skinner came down from Santa Fe Saturday night to visit for awhile with her daughter, Mrs. Harman Wynkoop. Mrs. Skinner's family furnished, possibly, more volunteers for the Spanish-American war than any other in New Mexico, proportionately. Her oldest son, Pearl, was a member of the territorial regiment and her youngest son, Arthur, was a Rough Rider, who went through the entire campaign. Her son-in-law, Harman Wynkoop, who is an employee of THE CITIZEN, was also a Rough Rider and was wounded on San Juan hill. Mrs. Skinner's husband gave her consent, however, and was sorry she did not have more boys to go.

Happy is the man or woman who can eat a good hearty meal without suffering afterward. If you cannot do it, take KODOL DYSPEPSIA CURE. It digests what you eat, and cures all forms of dyspepsia and indigestion. Berry's Drug Co., Albuquerque, N. M.

B. Ruppe has on exhibition in his store a large poster advertising the national carnival of the Riks, which will be held in St. Louis, commencing June 20 and a few days before and lasting until June 23, or a few days more. The circular states that \$12,000 has been offered in cash prizes for various forms of competition and \$15,000 more has been put up "just to blow in to make everybody have a good time and go away saying we are the best people on earth." This carnival will be the greatest in the history of the order and several of Albuquerque's Riks expect to attend it.

One of the qualifications of a good housewife is to know where to get the highest quality of goods as well as the finest delicacies that the market affords. If you want these qualities and the success that brings use Dr. King's New Life Pills. They develop every power of brain and body. Only 25 cents at J. H. O'Reilly & Co.'s drug store.

Right recruits for the Fourth cavalry, now in Manila, passed through the city last night for San Francisco, from which place they will sail for Manila. They are discharged volunteers from the state of Ohio who had re-enlisted in the regular army.

Sick headache absolutely and permanently cured by using Moki Tea. A pleasant herb drink. Cures constipation and indigestion; makes you eat, sleep, work and happy. Satisfaction guaranteed or money back. 25 cts. and 50 cts. J. H. O'Reilly & Co.

Notice to Public.

This is to notify the public in general, especially the mortgagors, that L. E. O'Donnell, who is the holder of a certain mortgage, designed, will not be responsible for any debts contracted by my wife, Mrs. Lena Schallerberger, she having left my board and bed without my consent or provocation.

LEE SCHAALLERBERGER

Albuquerque, Feb. 15, 1929.

Among other improvements the Santa Fe has been making is the widening and raising of their grade all the way from here to Bernalillo. This directly benefits Albuquerque, because it means an expense of nearly \$100,000, all of which stays right here. W. L. Trimble & Co. being the contractors who are doing the work.

Dr. Wroth received a telegram Sunday from Mrs. Blackwell & Co's. Magdalena branch, announcing the arrival at his house of twins. In response to the telegram Mrs. A. M. Swan went to Magdalena last night to spend a few weeks with Mrs. Blackwell.

Manuel R. Otero, the efficient register of the land office in Santa Fe, came down Saturday night to spend Sunday in Albuquerque. He was accompanied by his son, John Q. Otero, who is one of his father's assistants in the land office. They returned to Santa Fe last night.

T. J. Hein, general agent of the Denver and Rio Grande railroad, with headquarters at Santa Fe, returned to that city Saturday night, after a long day's business trip to Texas.

A. B. Brown, who represents the Whitney company on the road, was a passenger for the north last night.

M. S. Otero and his son, Alfredo Otero, Jr., were passengers from the north last night.

New jacket suits just in, at the Economy.

PURSuing MR. FREY.

Somewhat bent on Making Him Receiver of Something or Other.

The following appeared in the Pittsburgh (Kan.) Tribune:

"Conductor Frank Marsh, who has a damage suit of \$25,000 against the Pittsburgh & Gulf railroad, mentioned of which is made in another column of this paper, received a message at noon from his attorneys in Kansas City announcing that the Pittsburgh & Gulf railroad had gone into the hands of a receiver, and that J. J. Frey, of the Santa Fe, had been appointed to the receivership by the court."

"There is something entirely new. A rumor current recently associated Mr. Frey's name with the receivership of the Missouri, Kansas & Texas road, but it was never associated with the Pittsburgh & Gulf line. When shown the article Mr. Frey denied it outright."

"There is absolutely no truth in it," said he. "I never heard of such a thing up to this moment, and if I have been appointed receiver of the Pittsburgh & Gulf road, the court has forgotten to notify me. There is nothing in it at all."

This receivership story seems to be in a fair way to chase Mr. Frey into a state of mind. It keeps bobbing up in all sorts of amusing places—Topeka State Journal.

Traces of the Remains Removed.

Later developments in the finding of the skeleton, lay in the Jarvis mountains about January 1, by Fletcher, goes to show that some rather mysterious circumstances surround the case, and that something of a startling nature may eventually be the outcome, says the Dona Ana County Republican. When the report of the discovery of the skeleton, which was the subject of investigation, was started and a visit was paid to the place. The investigators, however, were preceded by two parties riding on the road, who were seen to have moved all traces of the remains. Nothing could be learned as to the identity of these parties or as to whether it was the remains of the little fountain boy or not.

Played Out.

Dull headache, pains in various parts of the body, sinking at the pit of the stomach, loss of appetite, feverishness, tingles or soreness all positive evidences of impure blood. No matter how it became so it must be purified in order to obtain good health. Aker's Blood Bitter has never failed to cure scrofulous or syphilitic poisons or any other blood diseases. It is certainly a wonderful remedy, and we sell every bottle on a positive guarantee. J. H. O'Reilly & Co.

The DeMoules Estate.

Mrs. K. M. Laferrie, widow of the noted "mining king" A. J. DeMoules, is now in Las Cruces, the guest of Mrs. James Baird. Mrs. Laferrie came here from home in Minneapolis, Minn., in the interest of the DeMoules estate and will remain here until the arrival of a brother who will take charge of the properties. She is a doctor by profession. Mrs. Laferrie was much amused when told of the general pronouncement of the family name DeMoules which she says is not as spelled but should be pronounced dah-mow-la.

Ten thousand dollars have already been turned over to the father of DeMoules and the turquoise mines are soon to be sold.—Rio Grande Republican.

Volcanic Eruptions.

Are grand, but skin eruptions rob life of joy. Bucklen's Arnica Salve cures them; also, itching and fever sores, ulcers, boils, feline, corns, warts, eczema, burns, scalds, chapped hands, chilblains, frost bites, and all other eruptions of the skin. Brives out pains and aches. Only 25 cents a box. Cure guaranteed. Sold by J. H. O'Reilly & Co., druggists.

A Mistake Somewhere.

Miss Fox returned Tuesday to her home in Albuquerque after a short visit with her sister, Mrs. E. E. Learned. When she came she brought with her Master Brooks Learned, who will not remain in school. Albuquerque. He is being sent to the prevalence of scarlet fever and diphtheria.—Dona Ana County Republican.

"Scarlet fever and diphtheria" are two diseases, at the present writing, unknown to the school children of the city. The public and private schools here are running at "full blast," and Superintendent Hickey states positively that the "prevalence of scarlet fever and diphtheria" does not exist among the school children under his management.

Diagnosis of Iron Scurvy.

Was the result of his spirit health. Indefatigable will and tremendous energy are not found where stomach, liver, kidneys and bowels are out of order. If you want these qualities and the success that brings use Dr. King's New Life Pills. They develop every power of brain and body. Only 25 cents at J. H. O'Reilly & Co.'s drug store.

Will of Thos. J. Bull.

The will of the late Thomas J. Bull was filed in the county clerk's office at Las Cruces last Tuesday, says the Rio Grande Republican. He was the husband of Francis Bull, his real estate during her natural life, which at her death is to go to his grandchildren, Thomas and Charles Bull. All monies remaining after debts are paid also go to his wife, and in case there is not sufficient monies to pay debts, then part of the estate shall be sold to pay same. Mr. Bull left his estate in much better shape than was anticipated, there being about 17,000 gallons of the finest old wine in the wine cellars, 2,000 gallons of which date from 1881. The appraisers of the estate were Thos. Rount and Henry Stoen.

His Life Was Saved.

Mr. J. K. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death, as telling of it he says: "I was taken with typhoid fever that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it and am now well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular sizes, 50 cents and \$1. Trial bottles free at J. H. O'Reilly & Co.'s drug store.

Bishop J. M. Kendrick.

This distinguished and greatly beloved presiding officer of this Episcopal diocese occupied the pulpit of the San Marcel church Sunday morning and preaching a week ago, says the Rio Grande Republican. The impressive confirmation service was conducted by the bishop, assisted by Rev. T. D. Lewis, that elevated to church membership, Misses Mattie and Lillie, the daughters of Mrs. C. K. Martin. On Monday Bishop Kendrick and Rev. Lewis visited Socorro and received a cordial welcome from the leading adherents of the Episcopalian faith in that city.

Washington's Birthday Celebration.

Some time since the university was presented with a large United States flag, the donor being the Hon. Francis Tracy Tobin, of Philadelphia. It has seemed appropriate to employ the anniversary exercises of Washington's birthday for

the acknowledgment of this generous gift. These exercises will be held at the Armory hall on the night of the 22d and will be of an interesting and unique character.

After an overture by the orchestra, there will be a patriotic address by Hon. T. A. Finckel, senator from this district. This will be followed by the presentation and unfurling of the flag. The presentation will be made by Judge N. C. Collier, LL. D. The response will be followed by a statement by the president of the university, who will make announcement of facts new to our citizens. A number of prominent citizens will also take part briefly in the exercises which will be interspersed with vocal and instrumental music. The mandolin club has kindly consented to provide selections and the ladies' octet will sing. The exercises will commence promptly at 8 o'clock, as several of those in attendance return to Santa Fe the same evening.

Railroad Reading Room.

THE CITIZEN acknowledges an invitation to attend the opening of the railroad reading room at Needles, Cal. The circular accompanying same reads as follows:

GEORGE WASHINGTON—1732-1799.

"Let us see a standard to which the wise and honest can repair. The event is not far off."

The Santa Fe Pacific reading room at Needles, California, will be formally thrown open for the use and benefit of employees of the Santa Fe families, on the evening of Washington's birthday, February 22, 1929. An interesting literary and musical program will be presented, after which there will be a social reunion and dance, to which all employees, their families and friends, are cordially invited. Prof. Robert K. Hie, of Pasadena, will deliver an address on "Relations of Character to the Progress of the Age." S. E. Buser, superintendent of reading rooms, will make a talk on "The Social Spange."

Exercises will begin promptly at 8 o'clock. Every one is urged to be present and throw off dull care and live a good time.

J. C. Hoffman, R. H. Ross, O. F. Higginson, W. S. Hancock, James Gray, A. McDonald, E. K. Rich, H. Freeman, M. A. Kiefer, E. B. York, W. J. Cozeman, P. C. Allen, committee.

Malt-Nutrine

is the easiest tonic in the world to take and the most beneficial and lasting in its results. The Anheuser-Busch Brewing Co. prepares it, hence its merit.

IN OLDEN TIMES.

People overlooked the importance of permanently beneficial effects and were satisfied with transient action, but now that is generally known, the drug of King will permanently overcome habitual constipation, well-informed people will not buy other laxatives, which act for a time, and then induce constipation. Buy the genuine, made by the California Fig Syrup Co.

CATAHRH OF STOMACH.

A Pleasant, Simple, but Safe and Effective Remedy.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloated sensation after eating, accompanied by belching with sour or watery eructations, or formation of gases, causing pressure on the heart and lungs and difficult breathing. Medical authorities prescribed for me for three years for catarrh of stomach, without cure, but to-day I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I can not find appropriate words to express my good feeling. I have found food, appetite and sound rest from their use.

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, catarrh of stomach, biliousness, sour stomach, heartburn and bloating after meals.

Send for little book mailed free, on stomach troubles, by addressing Stuart Co., Marshall, Mich. The tablets can be found at all drug stores.

R. D. Henry, who has spent a few months in Albuquerque on account of his wife's health, left last night for Athens, Ohio, where he is the president of the Athens Lumber company. After transacting some business there he will again join his wife in this city.

FIFTY YEARS OLD

Why let your neighbors know it?

And why give them a chance to guess you are even 60 or 70 years more?

Better give them good reasons for guessing the other way. It is very easy; for nothing tells of age so quickly as gray hair.

Ayer's Hair Vigor

is a youth-renewer.

It hides the age under a luxuriant growth of hair the color of youth.

It never fails to restore color to gray hair, and prevents its formation.

We have a book on the Hair which we will gladly send you.

It tells you how to obtain all the benefits you expect from the use of Ayer's Hair Vigor. It is a valuable book, and is sent free to all who send for it.

Will Buchanan returned on Saturday evening from a combined business and pleasure trip to Lawrenceville, Ill. Judd J. Buchanan, an elder brother, came home with him for a visit with his sisters, Mrs. Aaron Gray and Miss Lolla Buchanan. Mr. Buchanan may conclude to remain permanently in New Mexico.

No. 215,695

Twenty years ago, in 1879, Mr. G. M. J. —, who was then thirty-four years of age, secured his life in the Equitable and policy No. 215,695 for \$10,000. This policy was issued on the Limited Payment form with an accumulation period of twenty years, and on which the annual premium was \$302.60.

For twenty years then Mr. J. — has been protected by \$10,000 of life insurance, and if he had died at any time, his family would at once have received \$10,000. However, he has not died, and now in 1899, he has the choice of the following options of settlements:

1. TO SURRENDER THE POLICY AND RECEIVE IN CASH \$8,549.10

2. TO SURRENDER THE POLICY AND RECEIVE A FULLY PAID UP POLICY FOR \$16,820.00

3. TO RECEIVE PAID-UP POLICY FOR FULL AMOUNT AND RECEIVE \$3,406.00

* Subject to satisfactory medical examination for amount over original policy.

ROSENWALD BROS.

LOCAL PARAGRAPHS.

Joshua S. Reynolds, the well-known banker, is in the city to-day from Las Vegas.

In the Fraternal Union both men and women are members of the same lodge, and the cost and benefits are the same.

Frank Rossi has resigned his position as sanitary policeman and Boston Barnhill has accepted the appointment to the vacancy.

Councilman T. A. Finical and Representatives Wharton, Winston and Gallegos, who visited the university on Saturday, returned to Santa Fe last night.

Mr. and Mrs. Geo. Denny, of old town, have embarked in the enterprise of manufacturing home-made candy, and are supplying a number of stores in new town with the article.

I. L. Hibbard, the division superintendent at Winslow, is in Los Angeles attending an important meeting of all the division superintendents of the Santa Fe Pacific and Southern California.

B. Hupke returned last Saturday night from Las Cruces where he investigated a complaint against Dr. J. F. McConnell, who was charged with employing a non-registered clerk at his drug store. The matter was settled by Dr. McConnell agreeing to dispose of his store.

T. A. Whitten has received a letter from Mrs. Whitten, who is visiting their son in Annapolis, Md., saying that they have been having a terrible blizzard ever since she has been there. The snow is three feet deep on the level, and for some time Annapolis was cut off from communication with the outside world.

Yesterday afternoon, while D. C. Hawkins and Mrs. Scott were driving out on the mesa, a drunken individual, riding in a two-wheeled cart, deliberately ran into them and made their horse run away. Both Mr. Hawkins and Mrs. Scott were thrown out of the buggy and the latter was knocked senseless. The cart was also wrecked. Officers are out searching for the offender this afternoon.

Troxell, the attorney for Grant C. Gille, the ascending cattle king, who is now in Chihuahua, passed through the city last night on his way to Colorado and Kansas, where he expects to be able to arrange a compromise by which Gil-

lett's creditors will agree not to prosecute the latter in case he returns to this country. Troxell said he had received certain overtures from the creditors, and he was very hopeful of being able to make a satisfactory settlement.

Cipriano Baca, a deputy sheriff of Socorro county and also a deputy United States marshal, with a posse of seven men, is scouring the southern part of the territory in search of three outlaws whose nest was discovered last Thursday four miles from Biceon. So far nothing has been heard as to whether they have succeeded in capturing them or not.

A diamond pin, in the shape of a cross, was lost at the Orchestra hall Saturday night. The finder will please leave the same at THE CITIZEN office and receive reward.

Pedro Gonzales has bought the Washington rooming house from Grande & Parent on south first street and will conduct a first-class place there.

Miss Lou Hughes, one of the stenographers in the council, after spending Sunday at home, returned to Santa Fe last night.
