WORK OF CONGRESS.

The Army Reorganization Bill Reported to the Senate.

Democrats' Substitute Provides for Minimum Army of 62,000 Men.

Canal Bill Offered as an Amendment to River and Harbor Bill.

PROCEEDINGS IN THE HOUSE.

Washington, Feb. 16.—Soon after the senate convened to-day the house joint resolution authorizing the secretary of the navy to pay certain laborers, workmen and mechanics in the United States navy yards and naval stations, 50 per cent additional for work performed in excess of eight hours per diem, was called up. It was referred to the committee on the navy, which had the measure in charge, if it applied to existing contracts, as if it did it might bankrupt some of the contractors. Burrows explained that it applied only to regular employees of the naval establishments. It was adopted.

The military academy appropriation bill passed without debate and the naval personnel bill's consideration was begun. Cockerell (Mo.) made a statement for the committee of the military affairs committee, criticizing the army bill and presenting the counter proposition of the democrats.

The proposition of the democratic members of the military committee is to continue the present standing army of the United States at a minimum of 62,000 men for two years and the enlistment of the natives of the several islands to the number of 35,000.

Morgan (Ala.) offered the Nicaragua canal bill as an amendment to the river and harbor bill and had it referred to the committee on commerce now considering that measure. The bill offered by Morgan is substantially the Hepburn bill.

Hawley (Conn.) reported the army reorganization bill to the senate and made a statement of the necessity of passing the bill very soon.

IN THE HOUSE.

In the house to-day the senate amendments to the agricultural bill was non-concurred in and the bill sent to a conference, with Wadsworth, (rep., N. Y.) Warner (rep., Ill.) and Williams (dem., Miss.) conferees. Without further preliminary business the house went into a committee of the whole and resumed consideration of the sundry civil bill.

A point of order was made by Wheeler, democrat of Kentucky, that the \$200,000 appropriation to pay Spain for the Philippines was obnoxious to rule 21 as was also the Nicaragua canal project.

In explanation of the point of order, Wheeler said the Spanish cortes might refuse to ratify the treaty, and it could not become law until both parties ratified it. He opposed the appropriation on this principle and intended to take advantage of every technicality. The point of order was sustained.

Are Honorably Discharged.

Washington, Feb. 16.—The war department honorably discharged Major-General Butler and Sumner and Brigadier-General Kline, McKee, Wiley, Lincoln and Combs, all of the volunteer army.

Compromise Effected.

Washington, Feb. 16.—The department of state has been informed in a cablegram from Consul General Gifford, at Panama, that a compromise has been effected with the strikers at Colon and work resumed. Recent advice said the situation was critical.

Floods in Jamaica.

Kingston, Jamaica, Feb. 16.—A terrible north-easterly wind accompanied by an incessant rain storm has been causing numerous local floods. The storm swept the north of the island from Annetto bay to Montego bay from Monday to Wednesday, doing widespread damage to shipping, wharves, railroads, cattle and cultivation, etc. No fatalities are reported.

Joint Commission in Session.

Washington, Feb. 16.—The joint American and Canadian commission is in session to-day. The members express themselves not discouraged by the outlook.

Ask for the Train.

Akron, Ohio, Feb. 16.—In the senate this morning Barlow offered a joint memorial to congress to return the gun captured from Mexico.

Lumber Company Burned Out.

Akron, Ohio, Feb. 16.—Fire last night destroyed the plant and office building of the Thomas Building and Lumber company. The loss is \$100,000 or more, insured.

Carload of Arizona Copper.

Tucson, Arizona, Feb. 16.—The first carload of pure copper bullion ever produced in this county has been shipped to New York.

An Editor Assailed.

St. Louis, Feb. 16.—A special to the Post Dispatch from Panama, Illinois, says: Editor William S. Childers, of the Beacon Light and correspondent of St. Louis and Chicago papers, was assaulted to-day

by Wesley Pope, a union miner. Children through his paper, repeatedly and bitterly assailed the union miners during the recent strike, and this led to the assault to-day. The editor's injuries are very serious, and if he survives he will be disabled for life. It is feared that more trouble will follow to-night. Capt. Couch has placed all the military in Panama on provost duty.

Six-Day Bicycle Race.

San Francisco, Feb. 16.—At noon the score in the six-day bicycle race was as follows: Gimma, 1,002 miles, 2 laps; Miller, 1,070 miles; Aronson, 1,028 miles, 3 laps; Fredericks, 1,021 miles, 1 lap; Hale, 1,004 miles; Nawn, 1,001 miles, 6 laps. The previous record was 967 miles, held by Miller.

Philadelphia Fire.

Philadelphia, Feb. 16.—A fire early this morning at 211 to 213 Church street, caused the loss on the building and contents of \$200,000. R. E. Plimley & Co., paper box manufacturers, had a loss of \$30,000. The losses are covered by insurance.

Most Inspection Bill.

Berlin, Feb. 16.—The bundsrath to-day passed the most inspection bill.

THE WORK HAS COMMENCED.

The buildings on the opera house location being torn down.

The tearing down of the buildings situated on the site where the opera house is to be located on north third street commenced in earnest this morning and it will only be a few days before the work of laying the foundation for the opera house will be commenced. There has been a slight delay in commencing operations owing to the fact that the tenants were not ready to move out on Monday last and were given a few days more.

Efforts have been made to prevent the building of the opera house on the site selected but they have proved futile. Jesus Armito threatens to get out an injunction to stop the building of the opera house, on the ground that the lots, contributed by A. Viviani for the site, are his rightful property. Mr. Viviani and the others interested in the opera house project are convinced that Mr. Viviani possesses a good title to the land in question, and if an injunction is secured, a bond will be given to protect Mr. Armito in case the court decides in his favor, and the work of building the opera house will go on.

Persons of unsavory reputations, who own the property which they occupy in that section of town, have signed an agreement to sell out at the first opportunity. Those who simply lease the places which they occupy have already been given notice to move to some other locality.

THE BLIND BRIDGE.

A Petition Will be Presented to Commissioners in March.

Wallace Hesselton, president of Whittier, is circulating a petition wherein the county commissioners will be called upon to construct a bridge over the Rio Grande at or near the Pina Blanca crossing. In accordance with the bill recently passed by the territorial legislature.

The act known as substitute for H. B. No. 21, granting authority to county commissioners to construct bridges provided they are petitioned to do so by bona fide taxpayers. A synopsis of the bill, as it passed both houses and has received the signature of the governor, was published in The Citizen of Feb. 10.

In circulating the petition this morning, Mr. Hesselton found no difficulty in securing signatures, and the petition will be placed before the board of commissioners at their meeting to be held on March 8.

The people of Bland, in fact of the whole Cochiti district, surely understand by this time that The Citizen and the merchants of Albuquerque, regardless of previous misrepresentations, are in favor of giving them a bridge, and all down this way, are helping along the cause the best they know how.

A "Song Social."

The Young People's Society of Christian Endeavor, of the Congregational church, will give a "song social" at the church parlors, next Friday night, February 25. Every one attending is requested to wear something to represent the name of a popular song. The one guessing the largest number right will receive a prize. A musical and literary program will be given during the evening. This will be the first social the young people have had for some time, and the committee are working hard for success. There is no doubt that it will prove a drawing card in the line of socials. Everybody is most cordially invited to be present. Don't forget the date.

Good shoes for all.

J. W. Bell has a fine stock of ladies', gentlemen's and children's shoes at his new store at No. 107 south second street, which he will sell at reasonable prices to his patrons. Every pair of shoes sold from his store will be guaranteed to be just as represented and it will pay you to call there if you contemplate purchasing footwear.

The Julia Grocery Company.

The Lenten season is here and we can supply you with nice fish, Italian wine, halibut, fine herring in pickles and wine sauce, smoked bladders, kippered herring, fresh herring in cans, capers from 5 to 25 cents, pickled salmon and white fish, fine codfish in two pound bricks, Bear's head's fresh codfish, and the finest canned and fresh vegetables.

Stock Sale.

Three hundred dozens of the latest style neckties, worth 75 and 50 cents, will be sold at Simon Stern's on Friday and Saturday at 25 cents.

Captain Peet and wife, of the Salvation army, who were located in this city, left this morning for El Paso, where they will try to raise the "undesirable elements" that cluster around the editorial room of the Graphic—that big overgrown boy that recently left Secorro for the Peace City. The Citizens wishes the captain and wife success.

VISIT TO BOSTON.

President McKinley and Party are There To-day.

Throngs in the Street Greet In-sults on Secretary Alger.

"Yah, Yah, Yah, Reef, Reef!" Shouted the Crowd as he Passed.

GENERAL MILES CHEERED.

Boston, Feb. 16.—President McKinley and four members of the cabinet arrived in Boston at 10:30 o'clock to-day. They came as the guests of the Home Market Club, a national organization of republicans. A reception will precede the banquet at Mechanic's hall this evening.

It seemed as if all Boston turned out to give the president and his party welcome. The throng filled the streets around the station where the carriages which were to bear the president to the Hotel Terminus were stationed. Governor Wolcott and military staff were at the station to meet the president, and as soon as introduction and greetings were exchanged, the carriages were entered and under the escort of the first battalion of cavalry, the visitors started for the hotel.

As the procession passed, cheer after cheer was given by the crowd and upon all sides there were manifestations of cordial welcome. Several times during the parade and amid the general cheering, yells of derision and abuse were heard for Secretary of War Alger.

This was particularly noticeable at the corner of Park and Beacon streets. "What's the matter with Alger?" was shouted. "Yah, Yah, Yah, Reef, Reef!" jeered the crowd. It took Alger some time to grasp the situation. At last, however, he caught the drift of the shouting and his gracious smile stiffened into a look of cold impassiveness.

At the corner of Beacon and Charles street, a group of young militiamen, when Secretary Alger's carriage was abreast them, shouted: "Three cheers for General Miles!"

THE LEGISLATURE.

Bill Creating McKinley County Now Before the Council.

Special to The Citizen.

San Francisco, N. M., Feb. 16.—The council passed the bill providing for jury commissions and the selection of jurymen by them.

The house bill creating McKinley county came up in the council and its passage was delayed by Councilman Hughes objecting to rushing it through without consideration.

In the house the following bills were introduced: By T. D. Lieb, that probate clerks must give bonds; by H. Herrera, that persons charging more than \$5 for performing a marriage ceremony shall be deemed guilty of extortion; by I. McIntosh, to prevent county collectors from serving more than two terms; by R. F. Barnes, to provide that court interpreters shall be appointed by district judges and paid \$1,500 per annum.

A bill passed providing that the territorial librarian must be a proficient Spanish and English scholar. The salary was left at \$50 per month.

A Maryland Snow Storm.

Cumtander, Md., Feb. 16.—A heavy snow began falling here at noon to-day and advice from surrounding towns indicate that it is general in this section of the state. The fall is as great as that of Sunday and Monday, and if it continues during the night there are grave fears that the railroads in this neighborhood will be again completely blocked. Great apprehension is felt that a flood on the upper Potomac river will occur, because of the ice gorges and high water.

Rios Rodrigo's Presidency.

Madrid, Feb. 16.—Senator Montero Rios, president of the Spanish peace commission, resigned the presidency of the senate owing to the popular outcry against his defense of the commission.

President of France Dead.

Paris, Feb. 16.—M. Faure, president of the republic of France, died at 10 o'clock to-night, after an illness of only three hours.

GOOD MINING NEWS.

Captain Fitch Makes a Rich Strike at the Graphic Mine.

The Citizen learns of good authority that Capt. A. G. Fitch, the lessee of the Graphic mine, at Magdalena, has made a phenomenally rich strike on his property.

The Citizen's informant states that a few days ago Captain Fitch discovered a twelve inch vein of high grade lead carbon ore in the Graphic mine, and that the greater portion of the ore will run 90 per cent pure lead, with considerable silver.

Captain Fitch has been operating the smelter for two years and has used up almost all the ore of the mine. A short time ago he started to prospect for a new body of ore with the result as stated above.

Death of Mrs. Heenan.

Mrs. George Heenan, who has been spending the past seven months in New Mexico for her health, died last night at her home at 311 south Arno street, aged 44 years. The deceased was a widow and leaves one son, 13 years old, who was with his mother at the time of her death. Her husband in his lifetime was employed on the editorial staff of the New York Herald. Mrs. Heenan's old home was in Louisville, Ky., and the son will return there and live with an uncle. The funeral will take place at 311 south Arno street to-morrow afternoon with burial in Fairview cemetery. Rev. Bruce Kinney will conduct the services.

The Heenan Case.

The case against Joe Balaraco, who was arrested last Saturday on the complaint of Lena Bruta, who charged him with criminal assault, will not be tried for the reason that the complaining witness and her stepfather, Nataracio Lentie, have left the city and will not be in court to-morrow to prosecute the case. They

left for some point in the west on Wednesday. The friends of Balaraco assert that the prosecution instituted by the Bruta girl was nothing more than a black-mailing scheme.

Know Louis Heiler.

Francis Hanning states that he knew Louis Heiler, the man concerning whom R. Ruppe received an inquiry a few days ago, and says that he came to Albuquerque in 1887 or 1888 and that he kept a boarding house and a saloon, but not a brewery. He left Albuquerque in 1897 and Mr. Hanning afterwards learned that he owned a brewing establishment at some place between Las Vegas and Mesa.

Joe Kremer, the carpenter in old town, is a step son of Mr. Heiler. The present whereabouts of the latter, however, are not known.

Railroad Officials.

Paul Morton, second vice president of the Santa Fe railway, and W. A. Hambl, the new Santa Fe traffic manager in charge of all train business west of this city to the Pacific coast, passed through this city last night in Mr. Morton's private car.

Stirling Morton, secretary of agriculture under Cleveland's regime, is accompanying his son and Mr. Hambl to the west.

Later yesterday afternoon, G. L. Brooks, the railway live stock agent, received a telegram from Vice President Morton, and met the party at Thornton and accompanied them to the city in the private car, which was attached to the delayed No. 1 passenger train.

Rebekah Lodge Meeting.

Regular meeting of Triple Link Rebekah Lodge No. 10, I. O. O. F., to-night at 7:30. Business of importance. A full attendance is desired. Visiting sisters and brothers cordially invited to attend. Mrs. F. G. Pratt, Noble Grand.

ADVANCE GUARD RETURN.

Several Members of Territorial Regiment Arrived Home Last Night.

The advance guard of the Territorial Regiment, which was mustered out at Albany, Ga., on Saturday, reached the city last night. Those from Albuquerque, who returned, were John Munn, Deo McKee, Thos. J. Lawler, Napoleon E. Lord, Charles E. Collins, Charles L. Nickerson and Johnny Egger, the mascot of Company K.

George A. Wells, Victor O. Manley, Archie B. Brown and Walter A. Myers, members of Company K from Gallup, also passed through the city on their way home.

Joseph Snidebeck, a member of Company B, returned to his home in Los Angeles, and Luis Gutierrez went to Secorro. Joe L. Reel, of White Oaks, who enlisted in this city, stopped off at Cerrillos.

Those who returned last night have no definite knowledge as to when the rest of the boys from Albuquerque will return as they saw them for the last time at Albany, Ga., when they were leaving for home. The boys will make more or less extended visits before returning and a few may be expected every night until all have returned. Some of them have gone to Cuba, others are taking in the Mardi Gras festival in New Orleans and many others are visiting with friends and relatives in the north and east.

Mr. Munn will occupy his old desk in the insurance office of Calvin Whittier and Tom Lawler will be given a position as foreman at the railroad shops, which he resigned in order to enlist. The boys who returned last night have not fully decided what they will do.

Owing to the fact that the soldier boys will return in such small companies it will be impossible to give them a formal reception at the depot. The people of the city, however, will be given an opportunity to pay their respects to the boys at the ball to be given at the Armory on February 21, to which all members of the territorial regiment are invited as guests of honor. The members of this regiment were not given an opportunity to fight for their country, they proved that they were willing to do so in an emergency and are deserving of all credit and praise.

FORMAL INVITATIONS.

All members of the First Territorial Regiment are requested to call on the undersigned and receive complimentary tickets to the third annual ball of Albuquerque Home company No. 2, on Tuesday evening, February 21, at Armory hall. We want you all to be our guests of honor.

W. C. MONTFORT, Chairman of Committee.

Thieves broke into the warehouse of Mrs. K. R. Kelley, 317 west Silver avenue, on Wednesday night and stole a good cowboy saddle. The case has been reported to the police, but they have been unable to find any trace of it.

Arguments were heard by Judge Crum-packer to-day in the case of F. L. Pearce vs. W. S. Strickler, an action to enjoin the enforcement of a judgment, and the defendant to the complaint was sustained.

R. H. Sanders, the mine owner at Water Canyon, Secorro county, and C. T. Brown, a business man at Secorro, are at present examining some mining properties in the Mogollon district.

ONE TROOPER INJURED.

Manila, Feb. 16.—3:20 p. m.—A large body of the enemy, presumably reconnoitering, was discovered on the right of Brigadier General King's position, near San Pedro Macati, this morning. The entire brigade turned out and after an exchange of volleys the rebels retreated into the jungle and disappeared.

VERY LITTLE EXCITEMENT.

Occasional Skirmishes With the Enemy the Only Excitement.

Manila, Feb. 16.—11:20 a. m.—Since the American line reached the natural defenses of Manila it has made no further advance, and the troops are encamped along the line, and many places have been temporarily entrenched. Occasional brushes with small bodies of the enemy by scouting parties have been the only cause of excitement.

Troops K and I, of the Fourth cavalry, encountered the enemy's scouts yesterday near Paranaque and exchanged a few volleys with them. During the firing Trooper Wilmer, of K troop, was wounded in the right arm.

The cruiser Buffalo fired four small shells at a party of the enemy which the cruiser's searchlight showed to be mounting a battery near Paranaque last night. The enemy made no reply and withdrew its guns to Paranaque.

The steamers Brutus and Romulus arrived from Iloilo, but brought no later news, except that the Americans are clearing vessels and assuming control of the port. The rebels had the records burned before vacating the town.

It is rumored that the Filipinos in the interior are in a state of quarreling among themselves, but it is impossible to confirm reports, all communication being cut off.

people permanent, no matter how advantageous the division might be to a political party, and he would lend his efforts in behalf of the request from the people. He said that many new settlers were now going on, and stated that he believed the new country would be self-sustaining. A letter was read from W. Kuehnbecker, of Gallup, which favored the request, and stated that the people did not embrace all the territory now claimed, but only a portion of it. It read that half a loaf was better than none.—New Mexican.

To-morrow night the great Andrews Opera company will open an engagement at the orchestra hall, playing "Martha." Manager Trimble, who tries hard to please the patrons of his hall, states that the hall will be kept comfortably warm, and that no trouble will be experienced in seating, as a force of competent ushers will be in attendance to see that all having coupons are seated promptly and correctly. In this connection, the Citizens would suggest that each row of seats be plainly and conspicuously numbered; it would help the ushers and thus avoid confusion.
G. L. Brooks, the railway live stock agent, informs THE CITIZEN that he has received advice from many of the stock raisers throughout New Mexico, Arizona, the Panhandle country and southwest Texas, and can state that the losses of cattle on account of the recent cold weather were not so great and extensive as anticipated. The losses were heavier, says Mr. Brooks, "in northern New Mexico than anywhere else in the southwest, but they will not come anywhere near to the losses sustained by cattlemen in the states farther north."
Miss Lizzie Gushorn, of Marion, Ohio, and Charles Thomas Walker, of La Junta, Colo., were married in this city yesterday afternoon by Rev. T. A. Beattie. They will make their future home at Winslow, where Mr. Walker has a position with the railroad company.

THE DITCH DIRECTORS.
Reject All Bids Except That of the Shutt Improvement Company.
The board of directors of the Albuquerque Land and Irrigation company met at 10 o'clock this morning at the office of P. E. Harroun, in the Armijo block. There were present A. A. Grant, William H. Weissen, M. P. Stamm and Louis Field, directors, and Secretary Sleyster and Eugene Harroun.
The first order for the construction of the canal, which were opened yesterday, were considered, and the directors decided to reject all bids except that of the Shutt Improvement company, of Pueblo, Colo., which was held for consideration in accordance with the instructions to bidders. This company offered to do the work for \$40,000, which was the lowest bid submitted.
The prospects are very favorable for an early start on the work of construction. A meeting of the directors will probably be called in a few days, when it is likely that a contract with the Shutt Improvement company will be made.
