NEWS FROM MANILA.

Rebels, Under Cover, Fire on the American Outposts.

Skirmishes Follow in Which Nine Volunteers Are Injured.

Insurgents' Loss at Iloilo Reported to Have Been Severe.

PROMINENT FILIPINOS KILLED.

Manila, Feb. 15.—5:20 p. m.—Several rebels, yesterday afternoon, having fired from houses bearing white flags on the American outposts, Colonel Smith, with Companies L, D and K, California volunteers, proceeded to clear out the enemy along his front. Rebels opposed him from the brush. Several skirmishes occurred, during which nine Californians were slightly wounded before the rebels were driven out.

The work proceeded to-day in a systematic manner, both shelling the villages and working the rapid fire guns effectively on the jungle. The California, Washington and Idaho troops and the battery of the Sixth artillery were engaged. The rebels were driven toward Lake Laguna de Bay. The rebels held their fire, apparently being short of ammunition, but fought desperately. The American outposts in this direction are fully twelve miles out. All is quiet along the rest of the line, with the exception of an occasional exchange of shots between sharpshooters.

THE FIGHT AT ILOILO.

Later Reports State That Insurgents' Loss Was Severe.

Manila, Feb. 15.—Col. Potter, of the signal corps, arrived from Iloilo with dispatches from Brigadier General Miller to Major General Oles Sunday afternoon. General Miller ordered a reconnaissance in order to ascertain the enemy's position. Keller's battalion of the Eighteenth United States Infantry, with two Hotchkiss guns and one Gatling gun, marched toward Jaro. Midway between Iloilo and Jaro the battalion encountered a large body of the enemy occupying both sides of the road, who met the American troops with a severe and well directed fire. The Americans returned the fire, advanced steadily and drove the enemy to the open country. Jaro was found deserted by all except a few Chinese. At 4:10 p. m. Captain Griffiths raised the American flag over the presidio. During the fighting outside of the town, Lieut. Frank Bowles, of the Eighteenth Infantry, while working a light battery, was shot in the leg. In addition to one private seriously wounded, two were slightly injured. The rebel loss is severe. All was quiet on Monday.

Two natives attempted to slip past the United States cruiser Olympia during the night in a boat. When hailed they kept on paddling. After a warning shot the sentry fired at the boat, killing one occupant and wounding the other.

Prominent Filipino Killed.

New York, Feb. 15.—A dispatch to the Herald from Manila says a Spanish prisoner who escaped from Malolos, reports that R. Aguinaldo, a cousin of Aguinaldo and the Filipino minister of war, was killed in the fighting at Calabanan, February 10.

COMMODORE PHILIP HONORED.

Texas Sunday School Children Present Him a Sword and Bible. Galveston, Tex., Feb. 15.—This afternoon the beautiful sword and bible, purchased by the Sunday school children of Texas, were presented to Commodore John W. Philip, who commanded the battleship Texas, during the war with Spain. The sword cost \$3,500. The presentation was in approval of Philip's public utterance after the Santiago engagement, acknowledging the sovereignty of God.

MINERS STRIKE.

About 1,250 Miners Quit Work in Indian Territory. Fort Smith, Ark., Feb. 15.—About 1,250 miners of the Choctaw, Oklahoma and Gulf mines in Indian Territory are out on a strike. Should the operators refuse to concede the demands of the miners, every mine in the district will be closed. The trouble began Thursday when a number of men were discharged at the Mart-shorne. The miners demanded the reinstatement of the discharged men and other concessions. The company threatened to import men.

Effort to Attach it to Sundry Civil Bill Fails.

Ruled Out of Order in the Committee of the Whole.

Helen Gould to Receive a Gold Medal From the President.

PRESIDENTIAL APPOINTMENTS.

Washington, Feb. 15.—One of the dearest contests of the session was in progress when the house met to-day. The friends and opponents of the resolution to attach the Nicaragua canal bill to the sundry civil appropriation bill were working assiduously. The fate of the canal bill in this congress was in the balance. Just before a motion was made to go into a committee of the whole, Hepburn, of Iowa, asked unanimous consent that the canal bill be made a special order for Tuesday next but objection was made.

DAMAGE FROM GOLD.

Forest That Orange Crop Has Been Destroyed in Florida. Atlanta, Ga., Feb. 15.—The Associated Press, in response to a request for accurate information of the damage in Florida by the freeze, received the following from Jacksonville:

"Snow covered all Florida as far south as Tampa on the west coast and St. Augustine on the east. Vegetables are generally killed. It is difficult to estimate the damage to orange groves. The trees were in bloom, the blossoms killed and the prospects for a crop next fall destroyed in a large portion of the orange belt."

Story Teller Acquitted.

London, Feb. 15.—Agonic cables that the Americans threaten to exterminate the Filipinos. The European junta announces that it received a message from Manila saying the Filipinos had made all arrangements necessary for guerrilla warfare.

LOW LINE CANAL.

Bids For Its Construction Opened To-day.—Five Bids Received.

The bids for the construction of the low line canal were opened by Secretary Sleyter and Engineer Harroun this afternoon. There were five bids submitted. The Shutt Improvement Co., of Pueblo, Colo., bid \$49,990.76; H. M. Fox, of Florence, Colo., \$54,062.96; Jolly Bros. & Co., of Pittsburg, Pa., \$55,938; E. R. Pinyaschaert & Co., of Omaha, Neb., \$55,938.

W. L. Trimble & Co., of this city, had a bid in to do the grading alone for \$41,062.50.

The Shutt Improvement company is the lowest bidder, and it is likely that it will be given the contract.

The ditch directors are holding a meeting at Engineer Harroun's office, at 1 o'clock this afternoon and considering the bids prior to letting the contract.

BURDENED WITH VALENTINES.

Postoffice Employees Are Not Advocates of the Ancient Custom.

Yesterday was a burdensome day to the employees at the local postoffice, and they are not enthusiastic advocates of the custom of sending out valentines in the good, old-fashioned way. "You have no idea of the amount of extra labor it means for the postoffice," said H. C. Knebel, clerk at the general delivery window, to-day in speaking of the matter. "All the carriers went out yesterday almost covered with their large burdens. The packages are all light, but the trouble is in the fact that they make such a bulky load. Another disagreeable feature is that so many people are under the impression that a 1-cent stamp is all that is necessary to secure the delivery of a valentine, although they seal the envelope. This compels us to go to the trouble of stamping these envelopes and then encountering the greater difficulty of collecting the extra cent before delivering the letter."

"Then, too, many of the juveniles have a habit of opening their envelopes and when they find what is on the inside, paste them together again with a mixture of flour and water, and re-address the old envelope in order to return the valentine to the person whom they suspect of having sent it to them in the first place. On the whole I am certain that postoffice employees would like to see the custom of sending valentines die out, and as it is we thank our stars that it comes only once a year."

the friends and opponents of the resolution to attach the Nicaragua canal bill to the sundry civil appropriation bill were working assiduously. The fate of the canal bill in this congress was in the balance. Just before a motion was made to go into a committee of the whole, Hepburn, of Iowa, asked unanimous consent that the canal bill be made a special order for Tuesday next but objection was made.

The house then went into a committee of the whole, with Hopkins in the chair, on the sundry civil bill, pending the question being a point of order raised against the canal amendment.

Hopkins, chairman of the committee of the whole, ruled the Nicaragua canal amendment out of order. Hepburn appealed from the decision. Bailey, of Texas, advocated the government construction of the Nicaragua canal. Lockery, of Missouri, appealed to his fellow democrats not to break down one of the bulwarks of the minority by voting to repeal a rule of 110 years' standing, forbidding general legislation in appropriation bills. He also intimated that there were influences behind the present plan.

Grosvener, in a vigorous speech, contended that the point of order was not well taken, and that the canal proposition could be attached to the sundry civil bill.

On a vote by tellers the chair was sustained—127 to 109—the amendment thus being ruled out.

In the senate a bill was reported from the military affairs committee and passed extending the appropriation of congress to Helen Miller Gould for her patriotic services during the war and providing a gold medal to be presented to her by the president.

The postoffice appropriation bill was reported. Quay gave notice that he would call it up for consideration tomorrow.

Cullum and Teller were named as conferees on the legislative appropriation bill.

ARMY RE-ORGANIZATION BILL.

Senate Committee on Military Affairs Debated on the Subject.

Washington, Feb. 15.—The senate committee on military affairs has reached a deadlock on the army re-organization bill. This is due to the absence in Cuba of Proctor, who holds the balance power. This leaves five republicans and five democrats. When an effort was made to-day to secure a favorable report the democrats objected and were able to prevent action. An agreement was reached to meet again this evening when the democrats would let the republicans know what they are willing to do. It is expected that the democrats will agree to the maintenance of the regular army on the basis of the increase authorized for the war with Spain for a given time.

PRESIDENTIAL NOMINATIONS.

David L. Geyer Appointed Receiver of Public Money at Roswell.

Washington, Feb. 15.—The president made these nominations:

State—Samuel J. Barrows, Massachusetts, librarian of congress.

Interior—David L. Geyer, receiver of public money, Roswell, N. M.

War—Regular army, Col. Marcus P. Miller, Third artillery, to be brigadier-general; William R. Parker, private, company B, First infantry, to be second lieutenant.

Col. Miller commanded the military forces which captured Iloilo without the loss of a man.

Troops for Manila.

Washington, Feb. 15.—Secretary Alger has ordered the Ninth regiment of regular infantry, now at Madison barracks, New York, to go to San Francisco to be held in readiness to go to Manila.

GREAT BICYCLE RACE.

Sensation Caused by Rider Quitting While in Excellent Condition.

San Francisco, Feb. 15.—The sensation of the day in the six-day bicycle race was the rank quitting of Karl D. Stevens, the Buffalo boy, who was in excellent condition. While on the track he outstripped anyone, but he positively refused to continue. Another feature of the morning was the superb riding of Barnaby, who is rapidly becoming a factor in the contest.

The score at noon, the thirty-seventh hour, stood: Gimm, 682 miles; Miller, 667 miles; Pierce, 622 miles; Nawn, 662 miles; 3 laps; Barnaby, 675 miles; Fredericks, 645 miles. The previous record was 619 miles.

HIGH JUMP COMMISSION.

Negotiations Have Reached Critical Stage and Failure is Feared.

Washington, Feb. 15.—The negotiations of the high jump commission are at a critical stage. This fact caused a rumor of ultimatums and a failure of negotiations unwarranted up to date. The Americans made concessions on important points, to such extent, they say, as to imperil the ratification should the treaty be framed. On important points

THE LEGISLATURE.

Several Important Bills Introduced in the Council.

Legislature Adjourns Out of Respect for Martyrs of the Maine.

Flags Float at Half-Mast.

Special to the Citizen.

Santa Fe, N. M., Feb. 15.—After reading the journal of yesterday's proceedings, the house adjourned out of respect for the heroes who lost their lives by the blowing up of the battleship Maine. In the council, T. A. Finckel introduced a bill providing that all fees shall be paid when appeals are taken from justice courts.

Thomas Hughes introduced a bill granting purchasers of tax sales a lien on the territory for the money expended. The bill to dispense with the necessity of seals and scrolls on legal documents passed the council.

In respect for the sailors who lost their lives on the Maine, the council adjourned at 10 o'clock.

THE MAINE DISASTER.

The Event Commemorated in Many Cities of the Nation.

New York, Feb. 15.—A year ago to-night the battleship Maine was blown up at Havana harbor. The American flag flew at half mast to-day on the city hall and all the school buildings throughout the city. The custom thus instituted, it is hoped, will come in time to make February 15 a memorial of an era in American history.

Chicago, Feb. 15.—While no general commemoration of the explosion of the Maine will take place to-day in Chicago, nearly all the flags are at half mast.

BUILDING ANOTHER MAINE.

Philadelphia, Feb. 15.—The anniversary of the blowing up of the Maine was marked here with the beginning of the work on the powerful man-of-war which will bear the name of the historic battleship.

Frank de Lucchi and P. A. Valentine quarreled with John Cornetto, the proprietor of the Metropolitan restaurant this afternoon over a meal which he had served them last night. A fist fight followed and while it was in progress Mrs. Cornetto interfered in her husband's behalf. The fight was stopped before any serious damage was done.

Mrs. Cornetto swore out a warrant for the arrest of Valentine and de Lucchi, on the charge of assault, and they will have their hearing before Justice Crawford to-morrow morning.
