FILIPINOS' MANIFESTO

Characterizes Version of Recent Fight as Utterly False.

Americans Charged with Treacherously Commencing the Fight.

The Rebel Camp Between Calocan and Malabon Shelled Yesterday.

PARTICULARS OF YESTERDAY'S FIGHT.

Hong Kong, Feb. 11.—The Filipino junta has issued the following statement: A Manila steamer arrived here with American censorship giving a version of the recent fight, which is utterly false. The Americans commenced bombing heavily, and by the treachery of General Otero, simultaneously by land and sea. Aguinaldo is in possession of a signed guarantee from the American commissioners that there will be no hostilities on their part. The bombardment of the defenseless towns of Malabon, Pao, Santa Ana and Malabon caused frightful slaughter among women and children. It is estimated that 4,000 were killed. The conduct of Americans in the situation was outrageous. They compelled the inhabitants to leave their houses, then shot them down regardless of sex. There is a reign of terror at Manila. Citizens are shot in the streets without being challenged. The Filipino commissioners arrived at Manila at an invitation from the Americans and when they were starting to return American soldiers were looting and pillaging. Aguinaldo sent commissioners to inquire of Gen. Otero the reason for hostilities, offering a summary of the situation if the Filipinos were found to be at fault. He received no satisfaction. The Americans are apparently determined on a war of extermination. There is no doubt the action of General Otero was a political move to influence the vote in the United States senate, fearing an exposure of the corruption at Manila.

CAPTURE OF CALOCAN.

Additional Particulars Regarding Yesterday's Battle.

Manila, Feb. 11.—The additional particulars regarding the capture of Calocan have been obtained. The insurgents, having been concentrating their forces for days at Calocan, Major General Elwell S. Oiler, the American commander, determined to attack them. He requested the assistance of the naval forces under command of Admiral Dewey.

Major General MacArthur reported at 3 o'clock, when he received the following message: "The commanding general orders you to go ahead with the program. The attack began immediately. The monitor Monoceros and the cruiser Charleston shelled Calocan and the country north for half an hour. General MacArthur's artillery also did effective work from a hill in the rear. Brigadier General Harrison Gray Oiler with a brigade, consisting of the Kansas regiment, Montana regiment and the Third artillery, regulars, acting as infantry advanced handsomely, pushing forward in the face of the insurgents, cheerfully as if they had been snowballs. The enemy was utterly routed and fled to the mountains. At 6 o'clock, "Casey's" and "Red" regiments were landed. The troops were then led through Calocan. General MacArthur established his left at Calocan and re-entrained the line for the night. By the capture of Calocan the control of the rolling stock of the Manila Baguio railroad is obtained. The city is now quiet and business, which has not been since the outbreak of hostilities. The American losses yesterday were three men killed and thirty-two wounded. Among the wounded are Lieut. Col. Bruce Wallace, of the Montana regiment and a lieutenant of the Second cavalry, who was shot through the lungs while leading a charge across the open country.

REBEL CAMP SHELLED.

Americans Win Another Victory With a Night Shot.

Manila, Feb. 11, 2:30 p.m.—Early today the monitor Monoceros and the cruiser Charleston began dropping shells into the rebel camp between Calocan and Malabon. The enemy's sharpshooters, in a jungle on the American left, had been particularly annoying since daylight, so the Third artillery drove the rebels out of the jungle at noon. In the meantime a few more of our men were wounded. Jase, an artist representing Harper's Weekly, was shot in the arm yesterday. The loss of the enemy is estimated at fully fifty killed and wounded to one American killed or wounded.

HOT AT MANILA.

Heat Knocks Out More Men Than the Filipino Bullets.

Manila, Feb. 11, 5 p.m.—The heat today knocked out many more of our men than did the Filipino bullets, especially in the marsh lands north of Malabon, where the Kansas regiment is stationed. Fully a score were sent to the hospital.

Report From Oiler.

Washington, Feb. 11.—The war department received the following from General Oiler:

"Manila, Feb. 11.—MacArthur's division is north of the river. Yesterday his left wing and Oiler's brigade made a partial wheel to the right, resting the left brigade on Calocan, where the insurgents, who were in considerable force, were sharply driven away, leaving a great many dead.

His Influence Ended.

Aguinaldo Now Unable to Gather Any Considerable Force.

Washington, Feb. 11.—Oiler reports the total casualties of the 4th and 5th regiments of the 1st division were 33 killed and thirty-three wounded in yesterday's fighting. Oiler says: "The troops are in excellent condition and supplied with all the necessities.

The hospitals, notwithstanding the wounded, have fewer patients than before the engagements of the 4th and 5th regiments. Yesterday's engagements were most successful. The belief of old residents is that Aguinaldo will be unable to gather in the future any considerable force."

Bank Statement.
New York, Feb. 11.—Weekly bank statement: Deposits, decreased, \$1,940,850; loans, increased, \$8,516,732; specie increased, \$1,203,600; legal tenders, decreased, \$1,220,200; deposits, increased, \$8,067,000; circulation decreased, 298,000. Banks now hold \$35,551,825 in excess of requirements.

Mark Donham Dead.
Chicago, Feb. 11.—Mark Wentworth Donham, the owner of the famous Oak-lawn farm at Wayne, Ill., and the most extensive breeder of pure bred horses in the world, died today from a complication of diseases.

Messrs. Romero and Cordova will give a dance at the Orchestra hall this evening.

Mrs. Jesus Romero, the wife of the county commissioner, is recovering from an attack of the grip.

The Gillie Commercial Club building will serve an elegant 5 o'clock dinner to-morrow (Sunday) afternoon.

The meeting to consider the proposition of incorporating old Albuquerque will be held at the court house Monday evening at 7 o'clock.

Why do you pay \$1 for a cloth bound volume of prose or poetry, when you can get the best cloth bound book binding, standard authors, for 35 cents, at "The Fair" store?

Mr. and Mrs. Max Klein will accompany the remains of their little daughter, Madeline, who died in this city yesterday, to Walsenburg, Colo., this evening, where the funeral will be held.

Do not miss seeing "An Accidental Courtship," an episode of St. Valentine's Day, at the St. Valentine social on Tuesday evening, at the College building. Admission and refreshments, 15 cents.

Thomas K. Lowers, who was a member of the Twenty-fourth infantry, United States Army, stationed at Fort Russell, Wyoming, is in the city on a visit to his wife, Tom, will probably remain here.

On Tuesday evening, the 21st, Hon. Co. No. 2 will give their third annual ball at Army hall. This is the last dance of the season, and it should be well attended. This company has new uniforms and will wear them for the first time at this dance.

The dry goods store of Rosenwald Bros., corner of Railroad avenue and Third street, has been greatly improved by the addition of two more windows on the Third street side, thus giving more light, and making this well-known establishment one of the best "natural" light stores in the city.

B. Ruppe has received a letter from Hon. T. A. Finley saying that the Duncan bill, providing for the appointment of an insurance commissioner, does not contemplate the doing away of the 2 percent on insurance premiums, which now goes to the fire departments of the different cities of the territory.

C. A. Hudson, the well-known painter and dealer in wall paper, frames, etc., is distributing a pamphlet illustrating handsome wall paper decorations. The work is truly art from all points of view, and shows up in clear representation the character of goods handled by Mr. Hudson. Call and see samples.

B. O. Case, representing Eikon Keith & Co., wholesale milliners of Chicago, is in the city with his samples. Mr. Case passed through Albuquerque a few days ago, enroute to southern towns, and returned to the territorial metropolis last night. He is a very pleasant gentleman, and reports business in his line of trade exceptionally good.

Col. A. L. Washfield, the genial manager of the famous Andrews Opera company, is in the city completing arrangements for the appearance of his company here Friday and Saturday matinee and night. Both are good fellows in a printing office.

Mrs. Ida Griswold and Mrs. Madge Jones drove out to Coyote canyon yesterday with the day with the three Rough Riders—"Buck King, Art Russell and Garfield Hughes. The ladies returned to the city in the evening, and Mrs. Griswold reports the Cuban fighters getting along nicely. The ladies are sisters of "Snapper" Hale, who was also in the front ranks of hard fighting before Santiago de Cuba.

J. A. Wetman, the proprietor of the Golden Rule Dry Goods company, will leave for the east on the next Tuesday. He will visit Chicago, New York, Philadelphia and Boston and purchase the spring stock of goods for his large store in this city. While this company has a resident buyer in New York, who attends to its purchases ordinarily, Mr. Wetman goes east to personally supervise the purchases whenever a very large and fine stock of goods is to be laid in. This is found to be the most satisfactory arrangement as Mr. Wetman is a past master in the art of selecting goods.

FRIGID WEATHER.

Cold Spell Continues Unabated Throughout the Country.

Blizzard in Colorado Doing Enormous Damage.

Mercury fell Fifty Degrees in Two Hours at Trinidad.

HEAVY LOSS OF STOCK FEARED.

Denver, Feb. 11.—Colorado and Wyoming are in the grasp of a northern which, coming after the serious snow storms of the last two weeks, promises to inflict enormous damage. At Leadville the blizzard was worse beyond comparison and greatly hindered the army of volunteers that cleared the tracks temporarily to allow the hauling of coal to the famine threatened town. The storm there ceased last night. It is still snowing in Denver, with the temperature below zero. At Trinidad the mercury fell 50 degrees in two hours. At Hot Springs the blizzard was accompanied by a fall of 35 degrees in half an hour. Snow slides are still covering the tracks near Glenwood Springs. Stockmen are much worried.

Provisions are running low in many mountain towns. It is feared that unless the blizzards are soon broken much suffering will result. The storm resumed at Leadville today. The coldest winter this winter is expected to-night.

Omaha, Neb., Feb. 11.—Twenty-five below was the record at the weather bureau this morning, the coldest February day since the office was established.

Altogether, Feb. 11.—After three days of the coldest weather ever known in this section rivers are frozen as tight as a mill race. Many towns are stranded. There are about 8,000 bushels of coal about between Pittsburg and Louisville.

Washington, Feb. 11.—The weather bureau's special bulletin says: The weather moderated generally east of the Mississippi, except in New York, New England, eastern Virginia, southern Maryland and the District of Columbia, where a cold wave with remarkable high barometric pressure, covering the already extremely cold west and northwest states Friday night, carrying the temperature to 40 below zero at Williston, N. D.; to 19 below at Denver, 20 below at Omaha and 16 to 22 below in Kansas.

Following a temporary rise of temperature, which will occur over the Atlantic states districts during the next thirty-six hours, a period of colder weather may be expected, which will continue until the middle of next week.

Chicago, Feb. 11.—This city is enjoying temporary relief from the intense cold. Another cold snap is predicted for to-morrow.

Kansas City, Feb. 11.—The weather moderation checked suddenly at 2 a. m., when 6 degrees above zero was recorded. At 10 o'clock it was 10 below. The weather bureau predicts 25 degrees below to-night. In Kansas the thermometer ranges from 14 to 22 below.

LENT.

At the Church of the Immaculate Conception.

Lent begins on Ash Wednesday, February 15. This solemn yearly fast is venerable among Catholics as well for its utility and universality as for the manifold spiritual and temporal advantages.

The Latin word "Quadragesima" ashes on the heads of the penitents. It was a practice of sprinkling ashes on the heads of the faithful on the first day of Lent was borrowed from the patriarchs and prophets of the old law and has been kept in the Catholic church.

At the Church of the Immaculate Conception, there will be a special service, besides Sunday evening, every Wednesday and Friday evenings during Lent. The way of the cross will be read on Friday on Wednesday, a sermon on the doctrine. These services will commence at 7:30 p. m. The music will be furnished by the St. Cecilia choir, directed by Sister Hilofonsa. A large attendance is expected.

CONGRESSIONAL.
IN THE SENATE.
Washington, Feb. 11.—The resolution, which affirms and approves the doctrine of the declaration of independence, declares that all governments derive their just powers from the consent of the governed and that the doctrine apply to all people having society or territory of their own, was laid before the senate.

Chandler, of New Hampshire, asked, in unanimous consent that the senate adjourn next at 8 o'clock take up all resolutions bearing upon our relations to the foreign territory acquired and disposed of them by vote before adjournment. He thought it could be done by midnight of that day. He believed it perfectly proper to take upon any of these declaration resolutions.

Senate agreed to vote on McKenry resolution Tuesday next.

The legislative bill was taken up. No vote was secured on the resolution affirming the declaration of independence.

IN THE HOUSE.
A bill "To provide for acquiring rights of way by railroad companies through Indian reservations or Indian lands and Indian allotments," was discussed at length in the house.

The house passed several measures of minor importance and also a joint resolution to give extra pay to laborers and mechanics in the navy yards and naval stations for work performed during the 50th day in excess of the eight hours day.

Representative Wheeler (Alabama) today introduced a joint resolution proposing the thanks of congress and the American people to Major General Elwell S. Oiler and his officers and men in his command for the gallant and successful action at Manila on the 4th and 5th of February.
