SENSIBLE GOMEZ.

Announces Himself an Active
Ally of the United States.

Will Assist in the Work of Recon-
struction in Cuba.

And Co-Operate With This Country in
Disbanding the Cuban Army.

TELEGRAMS TO NEWSPAPERS.

Remedios, Province Santa Clara, Feb. 1.—(Via Havana, Feb. 2.)—General Maximo Gomez, commander in chief of the Cuban army, placed himself squarely in the position to-day as an active ally of the United States government in the work of reconstruction in Cuba. As a result of the conference which Robert F. Porter, the special commissioner of President McKinley, had with Gen. Gomez, the latter declared that he was ready to assist in the disbanding of the Cuban army and distributing among the Cuban soldiers \$3,000,000 appropriated for the purpose of enabling them to return to their homes. General Gomez also telegraphed Major-General Brooke that he would accept the latter's invitation to go to Havana.

SENSATIONAL REPORT DENIED.

Otis Does Not Fear an Attack by Fili-
pines Immediately.

Washington, Feb. 2.—There is no foundation for the sensational report that General Otis called the war department that the Philippines were threatening an immediate attack upon him. General Otis has been heard from by the war department only once in the past two days. This was the message received last night relative to the health and conditions existing among the American troops. Secretary Alger inquired by cable at the instance of the United States senate, as set forth in the resolution.

Gen. Otis' reply relates only to the subject matter of the inquiry and was transmitted at once to the senate. Respecting the political or military situation he said nothing, but it may be stated, however, that the officials here have every confidence in the ability of General Otis and Admiral Dewey to control the latter.

Wants no Discrimination.

Albany, N. Y., Feb. 2.—Gov. Roosevelt announced to-day that he would not sign any bill passed by the legislature which shows any discrimination between the regular and volunteer soldiers. The declaration was brought forth by the introduction of a bill into the senate giving the volunteer soldiers in the war with Spain the same privileges enjoyed by the veterans of the civil war.

SALE OF RAILROAD LAND.

Unsold Lands in Union Pacific Grant to be
Disposed of.

Omaha, Feb. 2.—Advertisements have been issued for the sale of all lands remaining of the land grant of the Union Pacific railway company. The sale is to occur at Omaha, March 6, under the authority of the United States circuit court, in favor of the Union Trust company of New York, trustee. All unsold lands in the original grant to the Union Pacific in Nebraska, Colorado, Wyoming and Utah, or embraced in the decree and also the equity of the railroad company in the lands sold, but only paid for in part. There is in Nebraska, 1,105,179 acres in Colorado, 342,534; in Wyoming, 1,062,640; and in Utah, 618,824. A great portion of the land is suitable only for grazing.

Had a Paralytic Stroke.

Berlin, Feb. 2.—The Russian ambassador here, Count von Osten-Sacken, at the conclusion of a conversation which he had with Emperor William at the court hall yesterday evening, was carried home in a critical condition, suffering from a paralytic stroke.

SALES OF IRON ORE.

Agents Dispose of Entire Output of Lake
Superior Mines.

Cleveland, Ohio, Feb. 2.—The Marine Review to-morrow will say: Without leaving their offices the iron ore sales agents of Cleveland have in a single week disposed practically of the entire output of the Lake Superior mines for the coming year. This is a business that usually stretches over a period of months. The ore business of the coming year is to be limited only by the producing capacity.

One Trainman Killed.

Jefferson, Iowa, Feb. 2.—The last mail train on the Chicago and Northwestern railroad was wrecked eight miles east of that place. One trainman was killed.

GRANITE IRONWARE.

Company Organized With \$200,000,000
Capital to Control Manufacture.

St. Louis, Feb. 2.—F. C. Niedringhaus, of St. Louis, has been elected president of the newly organized National Enameling and Stamping company. The new company has a capital of \$200,000,000 and will control the manufacture of granite ironware in the United States. President Niedringhaus will go to New York to manage the new company.

TYPOGRAPHICAL UNION SUE.

Non-Union Printer Awarded \$1,700 Dam-
ages by a Jury.

San Francisco, Feb. 2.—Fred Hess, Jr., who sued the San Francisco Typographical union to recover \$25,000 damages for having been forced out of employment by the union, being a non-union man, has been awarded \$1,700 by a jury in the superior court.

Return From the Philippines.

San Francisco, Feb. 2.—The steamer Coptic arrived from Hong Kong and Yokohama to-day, bringing a large number of army and navy officers from the Philippines. Among the passengers is John A. Strymer, president of the Pacific

the River and Harbor Bill.

SENSATIONAL REPORT DENIED.

Washington, Feb. 2.—Platt (N. Y.), laid before the senate resolutions adopted by the legislature of New York urging the immediate ratification of the peace treaty. In this connection Chandler, of New Hampshire, called the attention of senators to similar resolutions adopted by the legislature of New Hampshire. Aldrich (R.) presented a number of memorials from business men's associations of Boston, New York and Chicago, urging that all territory, except Cuba, acquired by the United States during the late war, be retained "until such time as congress may determine its final disposition."

THE COLUMBIAN FIRE.

No Lives Lost But Seven People Seriously
Injured.

Columbus, Ohio, Feb. 2.—The extent of last night's fire could not be realized until daylight and then, while the loss is severe enough, it was thought to fall slightly behind the figures made up last night. No detailed statement has yet been made. The number of injured has diminished since the first reports, especially the number seriously hurt. All missing persons have been accounted for. No lives were lost as far as known, and only two citizens and five firemen are seriously hurt.

SEVERAL LARGE FIRES.

Special to The Citizen.

Santa Fe, N. M., Feb. 2.—The house
passed council bill No. 37 relating to the
inspection of coal oil with an amend-
ment which sends the bill back to the
committee.

The house passed council bill No. 38,
the sheriff's bill, allowing mileage of
twelve and one half cents per mile.

The fee and salary bill is now being
considered by a committee of the coun-
cil. As passed by the house the bill
contemplates the compensation of assessors 4
cents; the salaries of probate judges
\$200, \$300, \$250 and \$150 respectively in
counties of the first, second, third and
fourth class; the salaries of county school
superintendents \$1500, \$900, \$400 and
\$300 respectively; the salaries of county
commissioners \$100, \$200, \$300 and \$150
and 5 cents per mile mileage.

After a lively discussion in the house
over the irrigation bill, introduced by
Mr. Gutierrez, of Bernalillo county, the
bill was recommitted to the irrigation
committee. This measure gives addi-
tional power to the county commis-
sioners in the matter of irrigation.

Several bills of minor importance are
being considered.

BURNED TO DEATH.

Chisamen Under the Influence of Opium
Burned to Death.

Van Courver, B. C., Feb. 2.—Chinatown,
at the Big Chemicals lumber mill, near
Nantam, the coal center of the province,
has been almost completely destroyed by
fire and a number of Chinese burned to
death. After work the Mongolians built
a huge fire in the center of the Chinese
quarter and proceeded to smoke opium.
All became befuddled and the flames
in the matter of irrigation. It was
causing the chimney of the settlement
gained great headway before the
opium drugged Chinese realized their
predicament. Then they rushed blindly
into the flames. Scarcely a word was
heard from the white
settlement who went to the rescue. The
flames burned fiercely and were
soon a mass of smoking ruins. It was
ascertained that at least two Chinese
were burned to death. A number of oth-
ers were badly burned and several are
missing.

FIRES IN DETROIT.

Plane and Organ Factory Destroyed Causing
Heavy Loss.

Detroit, Mich., Feb. 2.—The Clough &
Warren company's piano and organ fac-
tory, on Congress street west and Sixth
street, was partially destroyed by fire to-
day. The principal loss is in the center
portion of the plant.

The foreman of the factory says the fire
originated mysteriously in a box in the
basement containing sawdust and shav-
ings from the wood-turning ma-
chines. There was no fire near
it, and no one to aid spontaneous
combustion. There was a panic of the
workmen, but all escaped without serious
injury except Robert Ferguson, a finisher,
who fell from the fourth floor and
suffered some badly broken bones. Chas.
H. Thorne, a shipping clerk, and Emil
Martin, an laborer, suffered slight in-
juries. The building was owned by the
Fourth Street Union station company. The
estimated value was \$100,000 and was
insured at \$40,000. The insurance on
the stock and machinery was \$75,000,
which it is believed will cover the loss.
Ferguson died at 2 o'clock this afternoon.

CATTLE SANITARY BOARD REPORT.

The report of the cattle sanitary board to Gov. Otero for the period beginning January 1, 1898, and ending January 1, 1899, is one of the most interesting reports which has yet been presented to the executive, for the reason that it deals with one of the foremost industries of the territory in a clear and concise manner.

The report begins with the statement that the season opened with an active demand for all classes of cattle, many entire stocks being bought for removal from the territory, says the New Mexican. This movement, however, was checked by the breaking out of the war with Spain, and has not yet recovered its full strength. During September and October there was considerable inquiry for well-graded cattle, but as nearly all of that class in New Mexico had been contracted for there was not much business in the movement, there being no encouraging outcome to feeding grain to indigent cattle at the prevailing prices for feed. This condition of the cattle situation resulted in the lessening of the shipping of cattle from New Mexico by about 50,000, as compared with the previous year.

The board does not place much credence in the views which have been expressed, "that the shortage in cattle as claimed does not exist," and thinks for the season just opening there will be a strong demand for well-graded 2-year-old steers, and that all such stock can and will be marketed at satisfactory prices, and that so soon as the inferior animals now being fed in the corn growing states have been disposed of, the usual demand for native cattle will return.

In this connection the report says: "Neither does it seem needful for New Mexico cattlemen to be very much distressed over the situation; there will be a market for all the good cattle they can produce for many years to come; and all who are up to date are now breeding their herds up to compete with the best from anywhere."

During the year 1898 the territory was free from cattle diseases, and sustained her reputation of the past for healthy herds. At the altitude of New Mexico the insect pests and other ailments incident to lower levels do not exist, and exotic diseases, when introduced, have never been able to gain a foothold. No cases of Texas fever have been reported, and the prospects for abundant feed for 1899 are splendid. The one thing with which cattlemen have had to contend which has been the depredations of wolves, from which young stock of all kinds has suffered in no inconsiderable manner, and the report says: "It is a vital question to stockmen, and affecting the chief interests of the territory, and those from which its greatest revenue is derived, is deserving of the attention of the legislature."

The board has paid special attention to the operation of cattle thieves, and has succeeded in arresting and convicting several of these gentry. During the year 725 head of stolen cattle were recovered, some of which have been returned to the owners and others have been sold. The owners of cattle which were stolen and have not been paid for the same, will be notified by the publication of a stray list. The reason that some cattle have not been returned to the owners is that the brands were so badly burned that they could not be deciphered.

Since the law of 1891 went into effect the number of cattle which have been sent out of the territory and slaughtered for home consumption is 1,782,240. Of that number 120,568 were used in supplying home consumption. Figuring the value of those disposed of from 1891 to 1897 at \$10 per head, they produced in round numbers, \$1,205,680, and those for the past two years at current values, not less than \$1,000,000, a total for the eight years of \$24,000,000.

The receipts of the board for the year from all sources were \$19,432.91; expenditures, \$17,979.90, leaving a balance in the hands of the treasurer of \$2,353.01. There are nineteen inspectors in the employ of the board, and five deputy inspectors. The membership of the board is: W. H. Jack, of Silver City, president; J. A. La Rue, of Las Vegas, secretary; J. Hinkle, Lower Pecos; F. J. Otero, Albuquerque; T. K. Mitchell, Clayton; and M. N. Chaffin, Las Vegas.

ORPHANAGE AND HOSPITAL.

The reports of the St. Vincent's Orphan Home and St. Vincent's Hospital in Santa Fe, in charge of the Sisters of Charity, for the forty seventh and forty eighth fiscal years ending March 6, 1898, and March 6, 1899, respectively, and cover the work carried on by those institutions for two years.

The report concerning the orphanage shows that on March 3, 1898, there were fifty-nine children in the institution and during the two years thirty-five were received, making ninety-four cared for. Of that number forty-six were taken by relatives; sent out to service, eight adopted; six leaving thirty-four in the home at this time. The expense of caring for the children for the two years was \$24,400; of that amount \$7,737.77 came from the territory, and \$16,662.23 was donated by the St. Vincent's hospital, leaving a deficit in the treasury of the home of \$2,266.23.

The report made for the hospital gives the following figures: Number of patients in the institution on March 3, 1898, twenty-four; received during the two years, 103; a total of 127 cared for, discharged, 108; deaths, thirty-five, leaving the number in the hospital at this time, twenty. The disbursements for the two years were \$10,310.37. The receipts were as follows: Donations, \$18,211; from salaries, \$208.16; leaving a deficit of \$2,896.82.

SCHUMER'S MAGAZINE for February contains an excellent article on "The Rough Riders," by Theodore Roosevelt, colonel of the First United States volunteer cavalry. Speaking of Capt. Luna, speaker of the lower house of the present territorial legislature, Col. Roosevelt says: "One of our captains chosen by Capt. Luna, who commanded Troop F from New Mexico. The captain's people have been on the banks of the Rio Grande before my forefathers came to the mouth of the Hudson or Wood's landed at Plymouth; and he made the plea that it was his right to go as a representative of his race, for he was the only man of pure Spanish blood who bore a commission in the army, and he demanded the privilege of proving that his people were precisely as loyal Americans as any others. I was glad when it was decided to take him."

THE New Mexican is publishing the photos of the prominent members of the legislature, with short biographical sketches. A copy of the paper received to-day contains an excellent likeness of Senator H. O. Bursum, of Socorro county. He is proving one of the most active and conscientious members of the legislature, and his refunding act, which has been introduced, demonstrates conclusively that he is trying hard to place New Mexico on a better financial basis. It is contended that with the Bursum financial bill, which was published in full in Tuesday's CITIZEN, together with the Bursum refunding bill (should these two important measures be passed), New Mexico will be saved many thousands of dollars annually.

ACHESON MCLINTOCK, the well known general merchant of Kinross, writes THE CITIZEN that he does not get his paper regularly, and he fears that some obliging individual who wishes to keep posted on the legislature, is "swiping" his paper. Mr. Mclintock is one of Bernalillo county's best citizens, and a staunch friend of this office, and we propose to find out the reason why he fails to get regularly his copy of THE CITIZEN.

READERS of newspapers west, south and north of the city, are informed that the latest telegraphic and legislative news can be found in THE CITIZEN twenty-four hours ahead of any other paper published in central New Mexico. THE CITIZEN catches all mail trains on the day of publication, and subscribers can depend on getting nothing but the latest and most important happenings of that day.

DO NOT fail to glance over THE CITIZEN'S display advertisements. Many rare bargains are announced. Ladies especially should read and follow up these bargains, thereby saving many a dollar in the household purse.

JAMES MALONEY, of Gallup, has been appointed a notary public in and for Bernalillo county.

LOCAL PARAGRAPHS.

Mrs. Nellie Dunsmore is the latest victim reported to be suffering with the fashionable malady of grippe.

Mrs. A. E. Gerhardt, of Clarksville, Tenn., has been much gratified over the limited yesterday for California.

Mrs. S. C. Jones, of Indianapolis, Ind., is visiting at the home of her daughter, Mrs. M. K. Hickey, wife of John Hickey, superintendent of the city public works.

Mrs. H. N. Jaffe and son, Edgar, who have been visiting with relatives in Baltimore and other eastern cities for the past two months, returned to the city last night.

Deputy Sheriff Newcomer went to Gallup last night to get a prisoner who was sentenced by the justice of the peace there to serve sixty days in the county jail.

J. Bennett and Mrs. Joseph Ray were joined in the bonds of matrimony at Santa Fe, Tuesday. Mr. Bennett is a bridge carpenter, employed by the Santa Fe Pacific railroad company.

H. C. Clark, the popular cook at the Santa Fe Pacific hotel, is very sick. His many friends will regret to hear this, and extend to him and his estimable wife their sincere sympathy.

W. B. McLaughlin, merchant, policeman, informs THE CITIZEN that his son, Andrew, and daughter, Mrs. O'Brien, are the chief editors of the Swift Packing company, Kansas City.

Best ham, 10c; best butter, 25c; ranch eggs, 25c; 3 gallons cold milk, \$1.10; 10 pounds best hard soap, 4 pounds starch, 25c; 2 cans clams, 25c; best grade canned peaches, 2 cans for 25c. THE MAKZ.

As Sheriff Hubbell did not return to the city last night, Marshal McMillan went up to Las Vegas to get Learn Howe, the young man under arrest there for stealing two pairs of shoes from Joe Ball, a week ago last Sunday.

M. K. Becker, the insurance man and Dr. Swisher drove out to the Longfellow copper mine in Tijeras canyon today. Mr. Becker sent three men out yesterday to clean out the shaft and he is quite confident of being able to dispose of the mine.

Mike O'Brien, his wife and son left last night for Winslow, where they run the section house and Mr. O'Brien has a position as foreman for the Santa Fe Pacific railroad company. While in the city Mr. O'Brien purchased some real estate for his sister, who resides in California.

W. H. H. Allison has received from some friend in the east a fine simile copy of the New York Herald, printed on Saturday, April 15, 1898. The copy is in mourning and contains an account of the assassination of President Lincoln, and the mysterious attack made upon Secretary of the Interior.

NEW MEXICO NEWS!

SANTA FE.

From the New Mexican.

Charles Springer, of Raton, is stopping at the National, where he is recovering from an attack of the grip. He is here interested against the division of Colfax county.

Judge and Mrs. J. H. Walker left Tuesday evening for Raton, where they will make their home. They will be much missed by many old time friends and acquaintances in Santa Fe where they have so long resided.

Hon. M. W. Mills, of Springer, left for his home Tuesday night and will return in a day or so with a large delegation of citizens from southern Colfax who favor county division. Mr. Mills is a ruler in law, in business and in politics. Mr. Mills says the measure, if enacted, would prove of great benefit to the republican party.

At the regular meeting of Santa Fe lodge No. 2, Knights of Pythias, the following officers were installed for the ensuing term: Chancellor, Commander, Alex. Reed; vice-chancellor, W. N. Townsend; prelate, J. L. Zimmerman; keeper of records and seal, Lee Muehlstein; master of finances, Robert H. Howell.

It is claimed by the gentlemen who favor the division of Colfax county that there is a debt of about \$75,000 which will be equally divided; that the taxable property now amounts to nearly \$4,000,000, which will also be nearly evenly divided; that the two new counties will each contain about 6,000 population, and are abundantly able to sustain good county governments. The republican legislative caucus committee and the advisory committee consisting of Delegate-elect Perez, National Committeeman Luna and Chairman Clark have the matter under advisement.

The granite monument to the late Judge Francis Downs has arrived from Kenosha, Wis., and is now at the National cemetery, where it will be unveiled on a date to be set at the meeting of the local Grand Army post. Judge Downs was formerly commander of the department of New Mexico of the Grand Army of the Republic, and was an honorable veteran highly thought of. The monument is a base with a broken column, and the insignia of the Grand Army of the Republic thereon. It weighs 3,300 pounds and will be a striking and attractive ornament in the cemetery.

LAS VEGAS.

From the Optic.

Policeman Murphy does not intend to have the city overrun by hobs and had a busy night of it Monday night moving them off in any direction they saw fit to go.

Workmen are tearing down the old Mackey frame building preparatory to completing the large two-story brick, which will extend from the corner to the alley.

At the practice shoot of the Otero guards Sunday, which took place east of the depot, Private Vigil carried off the honors by making the best score. The company now numbers over forty members, five of whom are of the famous Rough Riders.

D. Hines, chief clerk at the local Wells-Fargo office since October last, and a fine young gentleman, left Monday night to receive a promotion with the Wells-Fargo company at Pueblo, Colo. He is succeeded here by R. M. Tomlinson, formerly in the hardware business at Corralito, one of the most trusted and best men.

One of the cooks at the Castaneda had a watch stolen from his vest Monday evening which was hanging near where he was working. A hobo, who had been suspiciously near and who no doubt took it, was soon after arrested by Policeman Murphy. However, the property was not found in his possession and no proof could be brought that he took it, so he was turned loose and given orders to vacate Las Vegas.

A Clever Trick.

It certainly looks like it, but there is really no trick about it. Anybody can get the Las Vegas Ladies' Malaria or nervous troubles. We mean he can cure himself right away by taking electric bitters. This medicine tones up the whole system, acts as a stimulant to liver and kidneys, is a blood purifier and nerve tonic. It cures Constipation, Headache, Fainting Spells, Sleeplessness and melancholy. It is purely vegetable, a mild laxative, and restores the system to its natural vigor. Try Electric Bitters and be convinced that it is a miracle worker. Every bottle guaranteed. Only 5c a bottle at J. H. O'Reilly & Co.'s Drug store.

A Optician's View.

O. K. Cromwell, of New York, owner of the Albuquerque street railway, the Cromwell block and other Duke City interests, is a guest at the Castaneda, and expresses himself as much gratified over Las Vegas' growth and generally improved appearance since his last visit. Mr. Cromwell has great faith in New Mexico and 1899 will be a year for him at successful business year the territory has ever experienced.

The above is taken from the Las Vegas Optic. Mr. Cromwell made a pleasant call at THE CITIZEN office last night and stated that business was improving all over the country and that he is well satisfied with his investments in Albuquerque.

No healthy person need fear any dangerous consequences from an attack of grippe if properly treated. It is much the same as a severe cold and requires precisely the same treatment. Remain quietly at home and take Chamberlain's Cough Remedy as directed for a severe cold and prompt and complete recovery is sure to follow. For sale by all druggists.

Chenille De Vere Coming Here.

No artist of De Vere's caliber has visited the west this season. There is no necessity to boom such an artist, but we wish to impress upon the people of Albuquerque that this is an opportunity not to be allowed to pass. Miss De Vere is virtually an American singer, although she was born in Paris and has passed several years abroad, for since she came here with Companina in 1898, this country has been the scene of her musical activities and her most notable successes. Assisting De Vere are artists of great reputation and artistic worth. It has always been her motto to be a star among stars, and it is with that intention that she has selected the members of her company. A young singer with a great voice, a striking stage appearance, and a style of singing which wins every audience before which she sings such as Miss Eleanor Broadfoot, a singer who has

been listed in New York as the successor of Phillips and Perry. George Mitchell, another sterling artist, now being heard in the United States for the first season, to make America proud of him. Winifred Goff, the baritone, made his debut at Central Garden theater, London, and sang with much success, both in England and in this country. The conductor, Signor Romualdo Sapio, is a musician of great experience and talent, having conducted for some of the greatest artists in the world, both at the Metropolitan opera house in New York, and also at the opening of the Auditorium in Chicago. The company, as a whole, is without doubt, the best now traveling in the United States.

NEW MEXICO RAILWAY BUILDING.

Good Prospects of the New Mexico Central cut-off being built by

The Santa Fe third last year of all the states and territories in the record of railway building," remarked a prominent citizen of Santa Fe to a New Mexican representative. "Now that is saying a good deal, and reflects marked credit on the territory. And the building is by no means ended; in fact, it is only begun. The next move on the territorial chess board will be the construction of the line of transcontinental travel over the Santa Fe from the line west of Newton, Kan., Trinidad and Las Vegas, to the line running south from Newton via Wichita, to Amarillo, the New Mexico extension, direct to Leta, and thence west over the Santa Fe Pacific. This will save some 250 miles, and the climbs over Raton and Gorieta ranges, leaving the road between Newton, Dodge City, Trinidad and Albuquerque for local traffic. Things are working that way, and rapidly, too; and when realized, the Southern Pacific will find the Santa Fe harder to compete with than ever, independent of the San Antonio Texas connections, which will give the Santa Fe traffic connection between the Gulf of Mexico and the Pacific coast. Yes, the outlook for New Mexico railway developments this year is promising."

Can Cubans govern themselves? One of the best known diplomats recently declared that the cubans are incapable of governing themselves, and that the United States must maintain its present control indefinitely, or else submit the island to those who will dispute this, but there are none who dispute the well established fact that Hostetler's stomach bitters is capable of curing those who are preyed upon by indigestion. It is a remedy that is backed by fifty years of success. It is an ideal medicine for constipation; a strength builder for those who are preyed upon by indigestion, and for nervousness; it is a wonderful benefit. As an appetizer it is incomparable. Those whose stomachs are full of order should not fail to try a bottle.

A Greatly Needed Improvement.

"All road crossings on the line of the Santa Fe, which are considered dangerous to pedestrians and persons in vehicles, will be equipped with electric bells," said Agent W. B. Trull this morning, "and work on this class of improvement has already commenced at a number of crossings north of this city."

The bells work automatically and are similar to those in operation at crossings in the outskirts of larger eastern cities. While the approach of a train is made known by the ringing of the bell, the electric bells will be put in place, and it will mean a considerable expenditure to the Santa Fe management, but it is believed that it will be greatly overbalanced by the decrease in damage to life and property from crossing accidents and consequent judgments.

Grippe Successfully Treated.

"I just recovered from the second attack of grippe this year," says Mr. James A. Jones, publisher of the leader, Mexico, Texas. "In the latter case I used Chamberlain's Cough Remedy, and I think I had considerable success, only being in bed a little over two days against ten days for the former attack. The second attack I used Chamberlain's Cough Remedy, and I think I was equally as well as the first but for the use of this remedy, as I had to go to bed in about six hours after being struck with it, while in the former case I was able to attend to business about two days before getting down." For sale by all druggists.

Miss Betty Willey pleasantly entertained several members of the Ben Hur society of the university at her home last night.

The guests of the evening were Misses Ellen McClure, Anna Thomas, Maude Custer, Bertha Crocker and Mr. Frederick Stover.

Mrs. T. A. Whitten left last night for Annapolis, Md., where she will visit her son Frank, who is one of the cadets in the naval academy. She expects to visit other relatives in the place before returning, and will be gone for some time.

W. C. McDonald, of White Oaks, one of the vice presidents of the National Live Stock association, returned to his home last night from Denver, where he attended the annual convention of the association.

Students will find much to interest and instruct them by attending A. M. Swan's lecture on "America, the Birth Place of Civilization," at K. of P. hall, Saturday evening, February 4th.

Pat. Garrett, the efficient sheriff of Dona Ana county, returned to his home in Las Cruces last night after spending a few days in Albuquerque.

In regard to drawing warrants in payment of county superintendents of schools, and the procuring of supplies for the office of the same official, solicitor General Bartlett has rendered the following written opinion:

Hon. M. C. de Baca, Superintendent Public Instruction.

Santa Fe, N. M., Jan. 31, 1929.

Dear Sir:—I have received a letter from the superintendent of schools of Santa Fe county, through you, in which he asks you if the superintendent of schools can draw a warrant on the county treasurer for his own salary when it becomes due, or for that of his predecessor; and in reply would say that section 1771, compounding laws of 1907, provides for the compensation of county superintendents to be paid quarterly out of the county school fund. This fund is to be under the direction of the county commissioners as the salary of other county officers is paid; and, unless, could not be paid otherwise under the provisions of the "baleman" act, of 1907, as the county commissioners are charged with the duty of keeping track of the salaries, and must appropriate them in accordance with that act.

There is a further question as to whose duty it is to draw a warrant to pay for necessary supplies for the superintendent's office. In reply would say that there is no express provision for the same subject but it is the general duty of the county board to provide all county officers with suitable rooms and furniture for the conduct of their offices. It is not understood that the county superintendent in this respect, or in regard to salaries, is in a different position from county officers.

Very respectfully,
EDWARD L. BARTLETT,
Solicitor General of New Mexico.

INSINUATIVE TALK.

Prof. Herrick talks on "The Development of the Brain."

The teachers of the city schools and a few friends met at the pleasant home of Mrs. K. Herrick, on South Arroyo street, last evening to listen to a very helpful talk on "The Development of the Brain," by Prof. C. L. Herrick.

In his pleasing way Prof. Herrick held the closest attention of his audience for more than an hour as he traced the growth and development of the brain from the very beginning until fully developed in man.

He spoke of the method and time of the origin of some of the special senses, of the development of the brain, of the brain, and of localization of "brain centers."

Perhaps the most interesting thing mentioned was the discovery made in regard to memory. By simple diagrams he showed how it is possible to remember things that occurred in his youth better than he does those things which occur in later life.

Throughout the talk, that which had any particular educational value was brought prominently to the attention of his auditors.

By his kindness and sympathy during his residence in our city, Prof. Herrick has won the friendship of all our teachers. They are pleased with the address and as one teacher put it: "I've paid a great many times to hear a worse lecture."

Two Different Companies.
The Fidelity Mortgage Loan company of Denver, Colo., which the Denver papers have been roasting for charging such high rates of interest on their mortgages, is not the Fidelity Savings association of the same city. The two companies are not alike in any respect, except in the name. The Fidelity Mortgage Loan company is a corporation of Denver, of which over a thousand shares are owned by citizens of Albuquerque, never loans money on chattel.

DR. A. P. MORRISON.

Dr. A. P. Morrison, the presiding elder of the Methodist church, is expected to go to El Paso this evening. He will spend a couple of weeks in the northern part of the territory before returning to Albuquerque. Dr. Morrison is very popular and active over the prospects of the Sacramento country, which he regards as one of the best spots of New Mexico. Establishing the county and the newly created Otero county at Alamogordo, has given a great impetus to that place and Dr. Morrison thinks it has a bright future. He is very much encouraged over the Methodist church, which has just been organized there with a large congregation.

OWING to the severe blizzards which have been raging in Kansas since last Monday, the refrigerator cars will probably not get in until Saturday evening. This means that there will be practically no poultry in town. We took time by the forelock, however, and arranged for a large consignment to be shipped to us by express from Bernalillo. We had to pay big prices, but we will have poultry to offer our customers. We will have Turkeys, Chickens, Geese and Old Roosters, but no springs. We advise our customers to order by telephone to-night as we want to serve them first. Fourteen cents for Turkeys and Geese, 16 cents for Turkeys and 11 cents for Old Roosters.

We will receive by express Fresh Friday morning:

Black Hens, Pickled Pike, Lake Trout, Red Snappers, Blue Points in Shell, per doz., 30c. Clams in Shell, per doz., 30c. N. C. Counts, in cans, each, 45c. Finest Florida Shrimp, pickled, 30c.

We are headquarters for Sea Food of all descriptions. Fresh supply of extra select Bulk Oysters in patent shipping cases on Friday morning. They have "that salty flavor" and are not swollen. We have also just received by express the following California fruits and vegetables, it is fine stock and absolutely fresh:

Tomatoes, Green Peas, Cauliflower, String Beans, Nettle Peas, Egg, Hot Davis Apples, Naval Beans, For Davis Apples.

We expect by express Friday or Saturday morning from the French cheese colony the following varieties: (The cheese made by this colony is equal to the imported and we receive it fresh every week.)

De Hite Philadelphia Cream, Neufchatel, Swiss Cheese, D'Oy.

We have also 20 varieties of other fancy and imported cheese to offer you.

BUY Fresh dressed Tripe, 3 lb., 25c. German Pickled Herring, 2 for, 15c. Holland Pickled Herring, 2 for, 15c. Swedish Creamery Butter, 1 lb., 25c.

"It pays to be a regular customer at our market, but if you are not a regular customer, come in and get the market delicacies that you cannot get at any other place."

Mrs. Melville E. Stone, wife of the general manager of the Associated Press at Chicago, passed through the city on her way to California last night.

Geo. L. Brooks, the well-known railway live stock agent, returned last night from Denver, where he attended the sessions of the National Stock association.

THE CITIZEN acknowledges complimentary tickets to the masquerade ball and supper to be given at the Orchestra hall Friday night by J. K. Owen, J. B. Peabody and J. H. Baker.

J. A. Summers, the popular probate court clerk, who has been laid up with the grip, was at his duties at the court house to-day, although he is yet a sick man.

Over 150 tickets have been sold for the Clementine De Vere concert. Secure reserved seats early. They will be on sale at "Hawley on the Corner," Saturday morning, February 4, at 9 o'clock.

The supper and dance for the benefit of the Rough Riders who are sick in the city, will be held at the Armory hall this evening, and the ladies, who are in charge of the affair, hope that a large crowd will attend. Admission, including supper, only 50 cents.

The Record, published at Ishpeming, Mich., has this to say of Mrs. E. Norine Law: "Mrs. Law is a bright, intelligent woman, and her wonderful knowledge of the leading events of the day cause her to feel at ease in discussing the various subjects she brings before the people."

Prof. Ford, the instructor of dancing, has leased the second floor of No. 125 Gold avenue and will open a first-class dancing academy about February 15. Extensive improvements will be made, modern conveniences put in and the premises made comfortable in every way.

A piece of the smokeless powder, used by the Spanish warship, Almirante Oquendo, in the naval battle in front of Santiago de Cuba in July last, is on exhibition at the "Candy Kitchen" store of Mrs. L. T. Delaney on south second street. Mrs. Delaney, the "red" friend of a friend while she was recently on a visit to Trinidad.

J. B. Holloway took charge of the Electric Light company's plant this morning and changed the electrician, Victor W. S. Hunt, who left last night for Springfield, Mo. Mr. Holloway is a first-class workman, and has many friends here who will join Mrs. Delaney in congratulating him in securing the above first-class position. Mr. Hunt will probably remain back in Missouri indefinitely.

Conductor Richard Hayes, who brought in one of the passenger trains from the north last night, gave the cheerful news that Conductor C. Boucher and brakeman Hope, who were recently injured in a wreck, are getting along nicely, and that their faces will not be marked up to any great extent. He states that Con-

ductor Boucher, whose injuries were considered more dangerous than those of Hope, has heroically stood his sufferings, and his will power, determined to live, is no doubt responsible for his present condition, which indicates that he will soon be out of the hospital.

THE CITIZEN acknowledges the receipt of tickets to the necktie and apron dance to be given by Albuquerque lodge, No. 30, Fraternal Union, at the Orchestra hall, on Saturday evening, of this week. This promises to be one of the most unique dances given in Albuquerque this winter.

Clementine De Vere, who is to appear at the Congressional church, February 5, in grand operatic concert, under local management of Mrs. Hinkley, assisted by a company of fine artists, will be the greatest treat Albuquerqueans have ever had in the musical line.

K. J. Waddle, dealer in high grade stock cattle, Aurora, Neb., is in the city and has his name on the Grand Central register. He is on his way to Los Angeles, and stopped over to spend a day in the territorial metropolis.

We had eight varieties of fresh fish on sale this morning including Spanish mackerel and shad, also lobsters, shrimps, bulk and can oysters. See ad, for what we have to offer in fresh fish to-morrow. SAN JOSE MARKET.

R. K. Carley and Pablo Aranda, the miners at Golden, came down last night bringing with them a gold brick turned out by their mill.

Corn Fed Kansas Beef..
We are now selling Corn Fed Kansas Beef. It was bought in the Kansas City yards and shipped here alive. It's the same kind of beef that Armour and Swift buy every day for their packing houses. In other words it is the very best procurable. We received our first lot from the slaughter house to-day. It is now hanging on our racks. Come in and examine it.

We will sell nothing but Kansas beef—haven't a pound of native beef in our shop.

There will be no advance in Prices. NOTHING IS TOO GOOD FOR OUR CUSTOMERS.
