WORK OF CONGRESS.

House Considering the Army Re-Organization Bill.

Amendment Adopted Reducing Force at President's Discretion.

Senate Asks for Statement Concerning Climate in New Possessions.

INDIAN APPROPRIATION BILL.

Washington, Jan. 30.—The house resumed consideration of the army re-organization bill under agreement that if the bill was completed to-day, under the five minute rule, the time to-morrow would be devoted to general debate. This arrangement was made to give the leaders of each side an opportunity to close.

The first amendment offered to-day was that of which committee had given notice authorizing the president to enlist only sixty men to a cavalry troop and sixty to an infantry company. Marsh (Rep., Ill.), who offered the amendment, said this would reduce the enlisted force to 50,000 if the president exercised the discretion it conferred.

Hay (Dem., Va.) of the minority committee, protested that it was impossible to perfect the bill on the floor of the house. He would offer an amendment, he said, to have the bill provide only sixty men to an infantry company and to a cavalry troop, but gave the president discretion to increase the number to 145 and 100 respectively, this discretion, however, only to be exercised in time of war.

The amendment offered by Marsh authorizing the president to enlist only sixty men to each cavalry troop, if he so desired, was adopted. The amendment, Mr. Hay objected to the amendment on the ground that the discretionary power might be exercised in the wrong direction. The bill, he contended, should provide for only 50,000 men; the president should take the responsibility of increasing it to 100,000 men. It should not provide for 100,000 men and give the president the discretion to reduce it.

IN THE SENATE.
In the senate, Mason, of Illinois, presented the following providing that the secretary of war be directed to furnish for the information of the senate a statement of the percentage of our soldiers sick and the number of deaths in our army by reason of sickness caused by the climate of islands where they are quartered, and set forth when, according to the generally accepted terms, the sickly season begins in said islands. The resolution was adopted.

Allison called up the Indian appropriation bill. This motion was not agreeable to the opponents of American sovereignty over the Philippines as it would prevent action on the declaratory resolutions prior to the vote on the treaty. Jones (Arkansas) and Bacon urged an early vote on the resolutions which were attacked by Chandler and Carter as attempting to mortgage a future congress and mischievously tying our hands as to the Philippines.

An Adverse Report.
Washington, Jan. 30.—The senate committee on judiciary today made an adverse report on the nomination of Hamilton G. Kwart to be United States district judge for the western district of North Carolina. An effort will be made in the senate to have Kwart confirmed notwithstanding the adverse report.

With Kwart Quarrels.
Milwaukee, Wis., Jan. 30.—The Milwaukee Journal to-day says it can be positively stated that Joseph V. Quarles will be the next United States senator from Wisconsin, succeeding John L. Mitchell, whose term expires March 4. The nomination will probably be made by acclamation, this evening, at Madison in the republican caucus.

Fire in Pittsburg.
Pittsburg, Jan. 30.—A six-story building on Pennsylvania avenue, occupied by the New York Electric company and the La Grosse Art Glass company, was damaged by fire to-day to the extent of \$250,000. Several firemen were injured by falling glass, but will recover.

Government's Proposal Adopted.
Paris, Jan. 30.—The chamber of deputies to-day, by a vote of 246 to 189, adopted the government's proposal to submit to a special committee of the chamber a bill providing that cases on trial for revision be brought before the united sections of the court of revision.

Assistant Paymaster General.
Washington, Jan. 30.—The president to-day nominated Col. Asa B. Carey assistant paymaster general, with the rank of brigadier general.

Philadelphia Sails.
San Diego, Cal., Jan. 30.—The cruiser Philadelphia sailed for Samoa to-day.

Double Runaway.
Yesterday morning two teams belonging to Maurice Ortega and Antonio Montoya, of Los Lunas, were standing in front of the Pioneer bakery on First street, while the owners were inside purchasing a supply of bread. They became frightened at something and both teams ran away. One of the teams ran into a telephone post and knocked the post down, considerable damage being done as the wires were scattered across the street. Some little children had narrow escapes but fortunately the teams were stopped before anyone was killed.

MYRON REED DEAD.

Denver's Famous Divine Dies After Protracted Illness.

Furious Storm Raging in the Mountains of Colorado.

Traffic Stopped and Great Suffering and Loss of Life Feared.

COLD SPELL IN THE NORTH.

Denver, Jan. 30.—Rev. Myron Window Reed, pastor of the Broadway Temple and formerly pastor of churches in Milwaukee, Indianapolis and other places in the east and south, died this morning after a protracted illness, following the grip. During his illness sleep could be induced only by hypnotic influences, which quieted his nervousness.

Reed was 63 years old, served in the civil war as chaplain, as captain in a Michigan regiment, and later as General Thomas' chief of scouts.

FURIOUS STORM RAGING.

Feared That Great Suffering and Loss of Life Will Result in Colorado.

Denver, Jan. 30.—The storm which has been raging in the mountains since a week ago, with an occasional let-up, is again in full blast. There have been numerous snowdrifts.

At Apex, Colo., the wife and two small children of Wm. Rudolph were buried in a slide and killed.

Hundreds of men who worked almost incessantly on the South Park line between Como and Leadville to open the road for traffic, have at last been compelled to surrender to the elements.

The snow is packed in great drifts in cuts, and the wind piles it in as fast as the shovellers can make an opening. Kokomo is almost hidden by banks of snow on all sides. The Colorado Midland is blocked west of Leadville, and should the storm keep up at the present fury, great suffering and loss of life will result.

The storm extends along the mountains of Wyoming and already the loss of stock is heavy. The ridge four miles from Leadville is completely isolated. Fuel and provisions are getting low and much suffering from lack of necessities must result.

Not a wheel has moved out of Como, on the South Park railroad, for two days. Reports from there tell of great losses to range stock.

The mines about Leadville have been forced to close down as no ore can be moved.

Dynamited a Safe.
Fort Worth, Tex., Jan. 30.—Three robbers dynamited the safe in the store of the Kelly Plow company at Longview last night. Quite a sum of money was secured. The building was badly shattered. One of the crackmen was seriously injured. Joe Carroll, one of the robbers captured, was from Joplin, Mo.

SHIVERING IN THE NORTH.
Storms Rage in Many States and Temperatures Low.

St. Paul, Minn., Jan. 30.—Thirty-eight below zero at Battleford was the official extreme of temperature in the northwest to-day. The local record of 20 below was the coldest in years. Unofficial reports gave the temperature as running down to 62 below at Rat Portage.

BLIZZARD IN KANSAS.
Topeka, Kan., Jan. 30.—If the fall of snow continues, accompanied by as strong a wind as has been blowing since morning, Kansas railroads will be practically at the mercy of the storm by night. The snow drifted rapidly, filling the cuts along the railroads. Reports received state that the storm is practically confined to the state. The temperature is hovering near the zero mark. The blizzard seems to be extending in a westerly direction. It promises to reach the eastern portion of Colorado before night.

STORMING IN OHIO.
Cleveland, Ohio, Jan. 30.—The worst blizzard of the winter is raging in northern Ohio to-day. The mercury is hovering around the zero mark. A fine penetrating snow is falling, accompanied by a high wind.

STRIKE AT LOUIS TON.
St. Louis, Mo., Jan. 30.—The blizzard has struck St. Louis. Ten degrees below zero to-night is predicted.

THROUGH THE SOUTHWEST.
Kansas City, Jan. 30.—A severe blizzard broke over the southwest and raged directly to-day. A high north wind piled up the snow badly. The temperature averaged from two to five degrees below zero.

FIRE IN CHICAGO.

Lumber Yards and Box Factory Destroyed.

Chicago, Jan. 30.—The mahogany lumber yards of J. C. Rayner, and the box factory of F. C. Austin, burned to-day, causing a loss of \$325,000. The fire was discovered in the lumber yards and spread to the boarding house of Mrs. Smith. The house was destroyed and twenty-five lodgers were driven into the street, with the temperature at zero, in their night clothes.

Ten firemen were on the roof of Austin's box factory when it caught fire. The flames broke through the roof beneath their feet. They were forced to jump to the ground. All escaped without serious injury. The box factory is totally destroyed. Frank Meyer, a watchman at the Cramer building, is severely injured.

REPORT UTAH.
General Wood not to succeed General Brooke as Governor-General.

Washington, Jan. 30.—A careful inquiry at the war department discloses the fact that the president has taken no action toward supplanting General Brooke by General Wood as governor-general of Cuba and has no such intention.

THE PEACE TREATY.
Correspondence Relating to It Furnished the Senate.

Washington, Jan. 30.—The president to-day sent the senate the correspondence on file in the state department bearing upon the peace treaty, and it was read in to-day's executive session. One of the first cablegrams from the president instructed the commission to demand the cession of Luzon island only, of the Philippines, and he told them that full sovereignty should come with it.
