it is believed that all arrangements for the change have been completed.

Rev. Cooper is now visiting friends at Espanola, and will not return until the first of the month, when it is said he will preach his last sermon the first Sunday in September, and the new pastor will assume charge of the affairs of the church here the second Sunday of next month.

The members regret very much to have Rev. Cooper leave, as during his residence in the Capital City he has had a successful church, but at the same time they will give the new minister a warm welcome.

"I DO NOT UNDERSTAND YOU NEW MEXICO PEOPLE! NONE OF YOU SHOULD BE WILLING TO ACCEPT JOINT STATEHOOD, AS YOU WILL GET SINGLE STATEHOOD JUST AS SOON AS JOINT STATEHOOD. MAKE YOUR FIGHT ON THE SINGLE STATEHOOD LINE; I WILL HELP YOU HERE AND IN WASHINGTON!" REMARKS OF AN INFLUENTIAL MEMBER OF THE COMMITTEE ON RESOLUTIONS IN THE CHICAGO REPUBLICAN CONVENTION. INTERNATIONAL DAM SCHEME.

Correspondence between Delegate B. S. Roddy and the Department of the Interior during the past month shows that the International Dam scheme is as active as ever and that unless New Mexico makes a determined fight they will succeed in their nefarious effort to deprive not only the Rio Grande Valley from the Texas boundary into Colorado, but all of its tributary valleys of their water rights. The odds against the Territory are very great as the Republic of Mexico, several members of the International Boundary Commission as well as the representation of Texas in Congress and the Democratic party at large, are to a great extent favorable to the project. The Irrigation Congress which is to meet at El Paso in the near future is booked to pass resolutions in favor of the International Dam and those resolutions will bear considerable weight at Washington. The Department of State favors the claim of Mexico for \$60,000,000 indemnity, which indemnity is to be liquidated by building the proposed dam and depriving New Mexico for all time to come of the use of the waters at present unappropriated of the Rio Grande and its tributaries. The Department of the Interior is also lukewarm in defending New Mexico against the proposed robbery despite the opinion of former Attorney General Harmon that Mexico has no equitable claim, either by treaty right or by the comity of nations, to the waters of the Rio Grande and that no just government will deprive its own citizens of their rights in order to benefit foreigners. About \$10,000,000 are to be diverted from the irrigation fund to build the dam the completion of which would toll the death knell of the further growth of New Mexico except along its eastern and western edges. Delegate Roddy has almost single handedly thwarted the dam scheme for four years and the Territory should, now that the supreme moment is near at hand for the final battle, extend to him all the help possible in meeting and defeating the great odds against which he is contending. The matter is of such great importance that a convention should be called, legal talent employed and a fund raised to prevent the consummation of the efforts of the El Paso land and dam schemers.

The Secretary of the Interior has withdrawn 350,000 acres of public land in San Juan County from disposal under the United States land laws in order to give the Reclamation Service of the Geological Survey opportunity to investigate the subject of the feasibility of the construction of storage dams and reservoirs in that section. There are several first class reservoir sites there and the action of the department will meet with the approval of the people provided too long a time is not consumed in the investigation. San Juan County is rapidly filling up with a very good class of settlers and as few obstacles as possible should be laid in the way of the settlement of the country.

County funds in the hands of treasurers of the several counties should be deposited in responsible banks and interest on balances should be paid to the county. This is an important question which will come up for consideration by the 26th legislative assembly.

"TOM" WATSON, POPULIST CANDIDATE WANTS TO KNOW.

Thomas E. Watson, candidate of the Populist party for the Presidency delivered his speech of acceptance of the nomination a few days ago in the Cooper Institute in New York City. The audience which listened to him was large and filled the hall to overflowing. In his speech, which by way, was very eloquent and able, Mr. Watson asked several leading questions. One of these, says the New York Sun, the Democrats will find very hard to answer in this campaign. In substance it will be heard from many Republican platforms. "Do the Democratic leaders," asked Mr. Watson, "suppose for one moment that the voters of this country are going to forget the history of the past eight years? Do they imagine for a moment that when they stand in the attitude of confessing so colossal a blunder as they made upon the money question that they are going to be trusted on any other question? I again ask, did they know what they were talking about during those eight years, or were they simply deceiving the American people? Perhaps they were ignorant upon the money question. If so, how will they go about convincing the voters that they are wiser today than they were yesterday? But perhaps they knew that the Republicans were right and were simply misleading the people. If so, how will they go about satisfying the voters that they are honest today than they were yesterday?"

And it will be all the harder to answer because the Democratic leaders have never admitted that a colossal blunder was made on the money question during the campaigns of 1896 and 1900. They did nothing of the kind at St. Louis when the bomb telegram was received. They are in the position of men willing to accept any advantage that may come from their candidate's eleventh hour declaration that the gold standard is irrevocably established, but do not recant themselves—a bunco game on a large scale.

JUST RECOGNITION OF ONE OF NEW MEXICO'S CITIZENS.

The officials of the exposition now being held at St. Louis, have given to New Mexico the highest grade of recognition in their power.

The exposition itself being a historic celebration, the section of history, which embraces all that shows the progress of a century of achievement, is one of the most important as well as dignified.

The jurors of the different sections have just been selected, and in the important sections consist of five members, selected from all over the United States; one of the jurors of each section being a woman, designated by the Woman's Board of Managers.

Among the jurors announced for the Section of History is Hon. L. Bradford Prince, of Santa Fe, New Mexico. This is an honor and distinction of which any one may be proud. The other members of the board are Prof. Alice Fortier, of Tulane University, Louisiana, author of twelve or more books on French history and literature, president of a number of widely known societies and chevalier of the Legion of Honor; Dr. Reuben Gold Thwaites, of the University of Wisconsin, author of the Histories of the Colonies of Wisconsin, of Marquette and Boone, and editor of the new editions of the Jesuit Relations, Lewis and Clark, etc.; Dr. Guy Carleton Lee, of Johns Hopkins University, author of many historical works and now engaged on a comprehensive history of America; and Grace Elizabeth King, of New Orleans, author of works on De Soto, Lemoine, and other Louisiana subjects.

The Territory is to be congratulated on this conspicuous recognition, and Judge Prince on the unsought appointment. While the duties come at an inconvenient time, which he had intended to devote to other work, yet he feels that the honor is one not to be declined, and has therefore accepted the position.

New Mexico must have a strong delegation at the Irrigation Congress at El Paso at the meeting of that body this fall. That land "grabbing gang" with headquarters in the Pass City is at its old tricks of trying to steal the waters of the Rio Grande and its tributaries and thus putting a stop to the progress and increase in population of the Rio Grande valley in this Territory. Internal vigilance and strenuous efforts on the part of the New Mexico delegation to that congress are very necessary.

The Democratic bosses in the Sunshine Territory have made themselves believe that Judge Parker will be elected. Hence they propose to make an active campaign although they know that they will be defeated, in order to be in time at the pie counter should the Judge become president. They cannot will be blamed for this. They want offices and want them as the Texas cowboy wanted his gun.

It is no wonder that Mayor Rolla Wells of St. Louis is popular with the boodle element of that city. He has recommended that six million dollars be spent in the World's Fair town for parks and other beauty spots during the next three years.

A McKinley County correspondent writes this paper to the effect that he has carefully examined into the political conditions of that county and that he believes that the Republicans will carry it with from 150 to 200 majority in November. Everything helps.

Sleeplessness

Is akin to insanity. Many a woman realizes this as she lies awake hour by hour, dreading the coming of the darkness, with phantoms, starting at the creaking of the bed or the rustle of the bedclothes.

Such symptoms in general point to disease of the delicate womanly organs, and a constant drain of the vital and nervous forces. This condition cannot be overcome by sleeping powders. The diseased condition must be cured before the consequences of disease are removed.

Dr. Pierce's Favorite Prescription cures the womanly diseases which cause nervousness and sleeplessness. It is the best of tonics and invigorants, nourishing the nerves, encouraging the appetite and inducing refreshing sleep.

\$500 Reward for Woman Who Cannot be Cured.

Proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States for any case of Leucorrhoea, Female Weakness, Prolapsus or Falling of Womb, which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

"My wife was sick for over eight years," writes Albert H. Fulle, Esq., of Allamogus, Grundy Co., Tenn. "she had uterine disease and was treated by two physicians and got no relief. At last I read about Dr. Pierce's medicine and we decided to try his 'Favorite Prescription.' I sent to the drug store and got one bottle and the first dose gave ease and sleep. She had not slept any for three nights. Being sure that it would cure her, I sent for five more bottles and when she had taken the sixth bottle she was sound and well."

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

A New York paper complains that Henry G. Davis' speech of acceptance "does not touch on the real political problems of the day." Grandpa is not there to touch but to be touched.—Denver Republican.

Eastern papers should not expect too much of your Uncle Henry. He is not as frisky as he once was.

The sale of another American product in the effete monarchies of Europe is growing steadily and the emperors, kings, potentates and princes are becoming greatly alarmed at this. The product referred to is popcorn and it is getting exceedingly popular all over the continent. Even in popcorn the United States of America beats the world.

The 35th Legislative Assembly was strongly Republican and enacted some very superior and excellent legislation. The 36th Legislative Assembly, which will also be strongly Republican, will follow this good example.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

NEW MEXICO MUST AWAKE!

The International Dam Schemers
Are Preparing for the Final
Effort to Win.

IRRIGATION CONGRESS

Is to Pass Resolutions in Their Favor
—Delegate Rodey Alert and
Active.

For four years Delegate Rodey has stood between New Mexico and the hand sharks who are working for a national appropriation of \$3,000,000 for a dam at El Paso, and incidentally to deprive the people of the greater part of New Mexico of their water rights. The State Department has been favorable to the claims of Mexico for damages, which are to be liquidated by building the proposed International Dam and giving one-half of the water to that Republic, although Attorney General Harmon has ruled that Mexico has no equitable claim against the United States, either by treaty right or by the comity of nations, to the waters of the Rio Grande and that it would be unjust, to say the least, to deprive the citizens of the United States of water or any other rights for the benefit of foreigners. Still, the claim for damages by Mexico has grown from \$6,000,000 to \$60,000,000, and the Texas delegation in Congress, the Mexican government and the land sharks at El Paso will make a determined effort during the next session of Congress to secure legislation to build a dam at El Paso with an initial appropriation of \$3,000,000 and an eventual expenditure out of the irrigation fund of \$10,000,000. It must be remembered that every international dam bill thus far introduced and every bill that will be introduced, bears the provision that not an additional drop of water is to be appropriated by the people of New Mexico from the Rio Grande and its tributaries above El Paso. The measure therefore affects Santa Fe, Taos, Abiquiu, Albuquerque and every settlement and farm from the source of the Rio Grande to El Paso, and along every one of its numerous tributaries. In other words, it is proposed to retard all further development along irrigation lines in the greater part of New Mexico for the benefit of land speculators at El Paso and the people living on the Mexican side of the Rio Grande. How immediate this danger looms up, is indicated by the following correspondence between Delegate B. S. Rodey and the Department of the Interior:

Albuquerque, N. M., July 21, 1904.
The Honorable, the Secretary of the Interior, Washington, D. C.

Sir—I desire to call your attention to the condition of the Rio Grande Valley in New Mexico with reference to water for irrigation. The people from Albuquerque south to El Paso have been practically without water for irrigating purposes this entire

summer, owing to the continued drouth. There will, unquestionably, be suffering among the people, as most of them in the lower end of the valley are poor farmers, who have no other means of support than from their small farms.

The reclamation service has recently been considering the project of building a diverting dam in the lower end of the valley with a view to turning the water on the fields, that is not available to the residents; and, also, with a view of employing the labor of the valley in constructing such a dam, and thus giving the poor people a chance to support themselves this fall. This indeed would be a blessing if it could be done, and I hope it will be done.

I desire to call your attention, Mr. Secretary, to the condition of the Rio Grande Valley in New Mexico under the reclamation service. The territory and its people are tied hand and foot by the national government, and your department is responsible for a good deal of it. There are not less than 150,000 people living in the Rio Grande Valley, from the southern boundary of New Mexico to the northern boundary of the territory. That is more people than there are in the entire state of Wyoming, and nearly three times as many as live in the state of Nevada, and almost as many as live in the state of Idaho. This valley is the oldest settled portion of the United States, yet no project has been inaugurated under the reclamation service, although a smaller one over in the Pecos Valley in New Mexico is about ready to have the contract let.

What I desire to call your attention to, Mr. Secretary, is, you have withdrawn from appropriation or acquisition by private enterprise all rights with reference to the construction of irrigation works in this great valley of the Rio Grande. You did this at the request of the department of state, because of an alleged claim that Mexico is making against the United States about the waters that fall in New Mexico. Therefore, the people are helpless—they are tied hand and foot by your action. They can neither do anything themselves, nor is your department acting quickly enough in the premises.

I speak in this manner, because I have many times argued the question of the claim of the Republic of Mexico against us with reference to the waters of the Rio Grande, and I understand the question and know that Mexico has no right in the premises. It is now nearly seven years since the order of withdrawal was made by your department at the request of the department of state, and nothing is being done to settle the matter. Congress has for many years refused to enact the legislation which Texas and the Republic of Mexico are endeavoring to procure for the erection of an international dam at El Paso. The department of state has, also, refused to negotiate a treaty which embodies the same idea with the Republic of Mexico. Understanding the question as I do, I am sure that congress will never enact such legislation, nor will the senate of the United States ever ratify any such treaty with the Republic of Mexico.

Therefore, I feel constrained to ask why should the reclamation service refrain from inaugurating irrigation

Schlitz

Compare Our Methods

You will realize then why Schlitz beer is pure.

You wash a cooking utensil once. We wash a bottle *four* times, by machinery, before we fill it.

You use city water. We bore down 1400 feet to rock for ours.

You prepare food in the air of the room. We cool Schlitz beer in plate-glass rooms and filter all the air that touches it.

Then we filter the beer by machinery—filter it through white wood pulp.

Yet your methods are cleanly. Ours are cleanliness carried to extremes.

Then—for fear of a touch of impurity—we sterilize every bottle after it is sealed. We double the necessary cost of our brewing to give you a healthful beverage pure.

Do you wonder that we sell over a million barrels annually? Ask for the brewery bottling.

enterprises in the Rio Grande Valley in New Mexico? It seems to me that the government ought to construct several reservoirs here in the valley, and, if anybody has any objection to its doing so, let the burden be upon them to prevent the work from proceeding. I venture to say that neither Mexico, Texas, nor any private individual can stop this government from erecting as many reservoirs in the Rio Grande Valley in New Mexico as it chooses.

I do not want to be understood as writing this letter in any spirit of offensiveness. I only desire to call your attention, Mr. Secretary, to a condition of things that needs your attention, and a condition which is, I assure you, absolutely wrong and oppressive.

New Mexico, Mr. Secretary, is not very powerful before the national government, but conditions here have become intolerable, and our people do not think that your department, or the government, is acting as promptly as it might in the matter, and, therefore, I respectfully ask that something be done immediately to relieve conditions here.

Assuring you of my high regard, I am

Sincerely yours,
B. S. RODEY.

Delegate in Congress from New Mexico.

The reply to Mr. Rodey's communication is as follows:
Hon. B. S. Rodey, Albuquerque, New Mexico:

Sir: The department is in receipt of your communication of the 21st ultimo, addressed to the secretary, relative to the condition of the Rio Grande Valley in New Mexico with reference to irrigation.

You put special stress upon the fact that the territory and its people are tied hand and foot by the national government, and you say "your department is responsible for a good deal of it." And in regard to the amelioration of the conditions of which you speak, you say "nor is your department acting quickly enough in the premises." In this connection, I have the honor to advise you that the conditions of which you speak are the result of the claim preferred by the government of Mexico for damages against the government of the United States because of the alleged use of the waters of the Rio Grande above the international boundary line by citizens of the United States in Colorado and New Mexico, which use the government of Mexico alleges has greatly damaged citizens of that government by reason of being deprived of their equitable portion of the waters of said river for purposes of irrigation.

As long ago as April 29, 1890, congress passed a concurrent resolution authorizing the president to take action looking toward the adjustment of said claim, or of the controversy between the two governments by reason thereof. As a result of that concurrent resolution, an International Water Boundary Commission was appointed by the president, of which General Amos Mills is the chairman. The duty imposed upon that board, or commission, was to ascertain, first, the amount of water taken from the Rio Grande by the irrigation canals constructed in the United States; second, the average amount of water in said river, year by year, before the construction of said irrigation canals; and since their construction; third, the best and most practicable

Taken With Cramps.
Wm. Kirmse, a member of the bridge gang working near Littleport was taken suddenly ill Thursday night with cramps and a kind of cholera. His case was so severe that he had to have the members of the crew wait upon him and Mr. Gifford was called and consulted. He told them he had a medicine in the form of Chamberlain's Colic, Colera and Diarrhoea Remedy that he thought would help him out and accordingly several doses were administered with the result that the fellow was able to be around next day. The incident speaks quite highly of Mr. Gifford's medicines.—Elkader, Iowa, Argus. This remedy never fails. Keep it in your home, it may save life. For sale by all druggists.

Frank Springer, who has been in Chicago and other eastern points for a month, returned to his home in Las Vegas.

Mrs. Mina E. Ross, was in the city for a short visit today, en route from Albuquerque to her home at Colorado Springs.

Mrs. James Hunter left last evening for Las Vegas, where she will spend several days visiting relatives and friends.

Manuel Otero, who has been a guest at the Field Cottage on the Pecos River for the past few weeks is expected home Saturday.

J. J. Sweeney who has been spending several days visiting Santa Fe friends, returns tomorrow to the Pecos Forest Reserve.

Tomas Catron Jr., will leave Saturday for the East, where he goes to resume his studies. He is preparing for entrance to West Point.

Mrs. G. W. Armijo and baby and Miss Eugenia Manderfield left yesterday for Plaza del Alcaide, where they will visit friends for a few days.

Sheriff Cleofas Romero and family, of Las Vegas, have gone to the Romero ranch on the Cuervo, in eastern San Miguel County, for an outing.

General Manager W. D. Lee is expected to return from Denver this evening, where he went in the interest of the Santa Fe Central Railway.

Senator W. H. Andrews, of Albuquerque, president of the Santa Fe Central and Albuquerque Eastern Railroad, returned from Albuquerque last evening.

Miss Christella Easley, who is in the city visiting her cousins, the Misses Ethel and Mabel Easley, will leave for her home in Trinidad the last of the week.

Mrs. Francisco Chaves, daughter of Mr. and Mrs. Eugenio Romero, who has been visiting her parents in Las Vegas, has returned to her home on the Cuervo.

Mr. and Mrs. B. G. Wilson were passengers for Las Vegas last evening. Mrs. Wilson has spent the past six weeks here and enjoyed her sojourn in Santa Fe very much.

Mr. and Mrs. C. F. Easley and son, Roy, were among those who went to Las Vegas last night. Mr. Easley was one of the delegates to the Las Vegas Convention from this county.

Sister Jarvis and Sister Nolasco, of the Sanitarium, went to Pueblo this

morning. They have been spending the summer in this city, and return to Pueblo to teach in the convent.

Mr. and Mrs. G. O. Parr, of Baltimore, are guests at Sunmount.

H. M. Dougherty, Socorro attorney, and Mrs. Dougherty, spent the day in Las Vegas, where Mr. Dougherty attended the Democratic Convention as a delegate from Socorro County.

E. P. Boujac, a Carlsbad attorney at law, who was in Las Vegas today as a delegate from Eddy County to the Democratic Territorial Convention, carried the proxies of the remaining delegates.

E. C. Herlow, mother and sister, formerly residents of this city and for the year past living in Las Vegas, have left that town for Tucson, Arizona, where they will likely make their home for the future.

P. W. Thompson, of Corona, Lincoln County, arrived yesterday via the Santa Fe Central, and was among those who went to Las Vegas last evening. He represented his county at the Las Vegas pow-wow.

Eugenio Romero, treasurer of San Miguel County, registered at the Palace last evening from his home in Las Vegas. He came on business with the officials of the Santa Fe Central Railway.

George J. Conrad, of Cleveland, Ohio, Miss Kate Evans, of Edwardsville, Illinois, and Mrs. Olive Snyder, of Shenandoah, West Virginia, have engaged tents at Sunmount, and will arrive on or about September 1st.

Mr. and Mrs. Samuel G. Cartwright depart tomorrow over the Santa Fe Railway for California on a pleasure trip. They will visit in San Francisco, Los Angeles and other points, and will stop at Salt Lake City.

Mrs. M. J. Collins, of Albuquerque, was in the city for a short time this morning. She left on the nine o'clock train over the Rio Grande for Cripple Creek, Colorado, to join her husband, who is now located at that place.

W. B. Bunker, Las Vegas attorney and president of the Bureau of Immigration has returned from a month's eastern visit, during which he and Mrs. Bunker visited the World's Fair. Mrs. Bunker will remain east for several weeks before returning home.

J. H. Christ, of Monero, Henry Grant, of Abiquiu, and Samuel Eldred, of San Juan, delegates from Rio Arriba County to the Democratic Territorial Convention at Las Vegas left last evening for the Meadow City. They carried proxies of the remaining six delegates who will not attend the convention.

A. C. Massey, a mining man of McCabe, Arizona, who has been transacting business in the Capital City for several days, left this morning for Silverton, Colorado. Mr. Massey has some promising mining claims in the territory and expects to begin active development on them in the near future.

W. N. Totman, of Duluth, Minnesota, is at the Claire Hotel for a few days, and is the guest of the proprietor. He has been in Denver all summer for his health, and hearing of the superior climate of New Mexico, decided he would try it. Mr. Totman is a sufferer from rheumatism, and after a few days' visit in the Capital City, he will go to Albuquerque to spend the winter.

Dear Frank: I will be ready this evening to get some of those delicious oysters that have just arrived at the Bon Ton. Your Bell.

The book bindery of the New Mexican Printing Company has been so much enlarged and improved of late that it is the best south of Pueblo to the Mexico line and between Dallas, Texas, and Los Angeles, California.

Fresh oysters and fish! Have we got 'em? Well, I guess we have, at the Bon Ton.

SIMPLE REMEDY FOR CATARRH.

Just Breathe Hyomei Four Times a Day and Be Cured.

If a few years ago some one had said you can cure catarrh by breathing air charged with a healing balsam, the idea would have been ridiculed and it remained for that eminent investigator R. T. Booth, to discover in Hyomei this method of cure.

Hyomei has performed almost miraculous cures of catarrh, and is today recognized by leading members of the medical profession as the only advertised remedy that can be relied upon to do just what it claims. The complete outfit of Hyomei costs but \$1.00 and consists of an inhaler, a medicine dropper and a bottle of Hyomei.

Breathe Hyomei through the inhaler for a few minutes four times a day and it will cure the worse case of catarrh. It soothes and heals the mucous membrane of the air passages, prevents irritation, and effects a complete and a lasting cure.

In Santa Fe there are scores of well known people who have been cured of catarrh by Hyomei. If it does not cure you A. C. Ireland will refund the money you paid for Hyomei. This is the strongest evidence that can be offered as to his faith in the remedy.

Prize Fight.
Prize Fight at the "CLUB" Friday night.

Dance Has Been Postponed.
The Friday Evening Dancing Class has been postponed until Saturday evening this week on account of Mrs. T. B. Catron's concert.

To Improve Roadbed.
A large number of railroad ties are being unloaded in the Rio Grande Railroad yards here. These ties will be used in the improvement of the roadbed between this city and Antonito.

Death of Jose Hernandez.
Jose Hernandez, aged 62 years, died last Saturday of a complication of diseases. He was formerly a laundryman and sold hot tamales for a livelihood. The funeral took place Sunday and the remains were interred in Cedarvale Cemetery.

Cattle Transferred Here.
Seven car-loads of cattle belonging to a Mr. Hutchins and consigned to Colorado, arrived here last evening over the Santa Fe Railway and were turned over to the Santa Fe Central Railway to be fed and watered in the company's yards and left this morning for Delta over the Rio Grande Railroad.

Complaint Regarding Dogs.
It has been suggested by a number of people in the city that Marshal Gorman rid the streets of a few of the worthless curs that are proving such a nuisance. This morning there were not less than twenty-five dogs hanging around the corner of the Santa Fe Central ticket office. But six licenses have been secured from City Clerk James C. Conklin.

All Delegates in Attendance.
The following Santa Fe Democrats attended the Democratic convention at Las Vegas today: Judge N. B. Laughlin, secretary of the Territorial Democratic Central Committee; delegates: Manuel Roybal y Lopez, Eugenio Sena, C. F. Easley, Apolonio Rael, Anastacio Gonzales, J. D. Hart, Camilo Padilla, J. L. Zimmerman, A. B. Renehan, John W. Sullivan, Jose Segura, Benigno Romero.

Greeley Potatoes.
The potatoes from Greeley, Colorado, rank as being of the very highest quality. The Cartwright Davis Co. are now receiving them. See the advertisement today for further particulars.

Plaza Trust and Savings Bank.
Many people are kept from enjoying the convenience, satisfaction and profit of a growing savings account because they live where there is no sav-

ings bank. An account by mail with the Plaza Trust and Savings Bank of Las Vegas, gives you the same advantages as it does resident depositors.

His Unlucky Day.
Carl S. Barney, express messenger for the Wells Fargo Express Company, last evening suffered a severe laceration of the small finger of his right hand while handling a box from which a nail was protruding. Later in the evening while at his home he had the first, second and third fingers of the same member badly crushed by catching them in a door. He was able to resume his work this morning, but with considerable difficulty.

The Thief Escaped.
A young man last evening invaded the rear of the H. V. Denton residence on College Street, and after securing some article which he placed under his coat, started to leave, when he was discovered by the head of the house who gave chase. Mr. Denton was unable to overtake the fellow, who easily escaped. Other persons living in the vicinity have been troubled in a similar way during the past few weeks and stringent measures will be taken to stop the plundering that has been going on.

Well Known Artists Participate.
The Woman's Board of Trade will give a concert Friday evening for the benefit of the Library fund. Those who will take part are musicians of more than ordinary ability. Miss Anna Maria Nells' whistling is most remarkable and no one should fail to hear her. Miss Celeste Nells is probably the finest pianist ever heard in this city. Mrs. Van Stone's rendition of music is too well known to need any comment. Miss Jennie Griffin, Miss Walter and Miss Dibert will render vocal solos and it will be a treat for the citizens of Santa Fe to hear the music that will be rendered on this occasion as well as helping along a good cause. There are others on the program and full mention of them will be made later.

Showers Promised for Friday.
A citizen was heard to remark today that at no time in more than fifteen months has the atmosphere been impregnated with moisture to the extent that it has during the past two days, particularly last evening and today. As a result many people are complaining of severe colds. A refreshing shower fell yesterday afternoon for a short time, beginning at 3 o'clock. There were sprinklings at intervals last night, and today the sky has been very cloudy. Rain began falling about 9:30 o'clock. The forecast for tomorrow is: Partly cloudy, with thunder storms; cooler in north and south portions. The thermo-

meter yesterday registered as follows: Maximum temperature, 76 degrees, at 4:25 p. m.; minimum, 55 degrees, at 5:40 a. m. The mean temperature for the 24 hours was 59 degrees. Precipitation, 0.15 of an inch. The temperature at 6:00 a. m. today was 57 degrees.

Death of Alberto Cordero.
Alberto Cordero, aged 40 years, died at his home in the southeast part of the city early yesterday morning of kidney trouble. He had been sick for some time. The funeral took place at 8 o'clock this morning from the Cathedral and burial was in Rosario Cemetery.

Challenge From Lamy.
The management of the Grays baseball team of this city last evening received a challenge for a game to be played in Lamy next Sunday. On account of the contest at Albuquerque on the 28th no arrangements could be made, but it is possible that the locals will go to Lamy Sunday, September 4.

Sunday's Excursion to Albuquerque.
If you want to visit the Duke City at a very low railroad fare, join the baseball excursion on Sunday's special train to Albuquerque. The fare has been fixed at \$2.00 and the special is scheduled to leave here via the Santa Fe at 7:00 in the morning.

Eighteen Delegates to Las Vegas Convention.
Eighteen delegates to today's Democratic Territorial Convention at Las Vegas were passengers via the Santa Fe for the Meadow City last evening. There were eleven from Santa Fe County; three from Rio Arriba County; two from Taos County; one from Valencia County and one from Lincoln County.

Santa Fe Grown Fruit.
H. S. Kaune & Co. announce that their store is headquarters for Santa Fe grown fruit, also Bishop's grape fruit and orange. Read the advertisement and get other valuable information.

A Chance to Borrow Money.
The Mutual Building and Loan Association will assist you to own your own home. Read the advertisement on page six and find out more particulars, and call on R. J. Crichton, the secretary.

Championship Fight Friday.
The championship fight between Jeffries and Monroe will take place in San Francisco Friday night, beginning at ten o'clock. There is considerable local interest in the contest and it is probable that several business places will receive bulletins.

Santa Fe Central Change.
A new time card will go into effect on the Santa Fe Central Railway Sunday, August 28, at 12:01 noon. The train that has heretofore left Torrance at 7:15 o'clock will depart at 10:45, thereby making connection with the Rock Island road.

Will Run Full Force.
Beginning September first, the Yellow Pine saw mill, north of Santa Fe, in the Cajon Grande on the Gabaldon land grant, will be run full force. A large number of contracts have been entered into and it will require all winter to fill these orders. The improvements at the mill, which are extensive, are now nearing completion.

Prizes for Bowling.
Edward Andrews has offered the following prizes for bowling. The highest score made by a woman at ten pins before October first, a pufferbox valued at \$5; second prize, bowling to the value of \$2; first prize for men for the highest score made before October first, bowling to the value of \$3. Already a number of high scores have been made.

Benefit Concert Friday.
The concert to be given under the auspices of the Woman's Board of Trade next Friday, ought to receive the patronage of all good citizens of Santa Fe, as it will be for a good cause and as the musical program prepared is one that will certainly be a treat to every lover of good music. Admission will be fifty cents, and reserved seats

are now on sale at Ireland's drug store at seventy-five cents. Several young ladies of the city will have admission tickets for sale and will call on the citizens. Help them along.

Elks to Go to Albuquerque.
A canvass made today by a committee appointed at last evening's meeting of the Elks' lodge leaves no doubt as to whether the local members of the Antlered Tribe will take in the Albuquerque excursion next Sunday. The Elks will go in a body and will be assigned a special car. The Albuquerque Elks will entertain the Santa Fe members.

To Resume Former Study.
Rev. George Sevier, of Denver, last evening presided at the regular weekly meeting of the First Presbyterian church. A change was made in the program that has been followed for some time, and in the future the Sunday school lesson of the following week will be studied. The meeting last evening was well attended.

Watch Not Yet Recovered.
The Waltham watch stolen from Carl S. Barney last Saturday at the local Denver and Rio Grande Railroad station has not yet been recovered. The young man hung the timepiece on a nail in the office while he was handling baggage. When he returned, about fifteen minutes later, the property was missing. Only a few persons were about the place at the time and suspicion rests upon certain time and suspicion rests upon certain young men. A reward has been offered by the owner for the return of the watch.

Albuquerque Excursion Assured.
The baseball excursion which is being arranged for Sunday to go to Albuquerque, is now an assured success. Up to date 200 have signified their intention of going, and as it only requires a crowd of two hundred to get a rate of \$2 for the round trip, it looks like the excursion will be pulled off. It is reported that the Elks are planning to go, and if this is true, a big crowd of rooters will accompany the baseball boys and help them to win the game. A special train has been ordered by Agent H. S. Lutz, and will leave the local depot at 7 o'clock in the morning.

The Joseph Newman Company.
Prominent in the Joseph Newman Company, which comes to the Santa Fe Opera House, Monday August 29th, is Miss Estelle Coleman, the soprano. She studied with M. Jacques Bouhy, in Paris, and with Henry Wood in London. She has been soloist with the Tuesday Musical Club and the Apollo Club of Denver, and has sung with great success in many of the leading cities of the country. Her repertoire is extensive and varied and includes selections from French, German and Italian composers. The Salt Lake Herald says: "Miss Coleman has a charming voice and her selections rendered last night were fitted to show its qualities to the utmost. The wonderful richness of her voice, the clear intonation and the rich tone in all her singing were a revelation to the audience."

Teachers' Institute Closes.
The last session of the annual Santa Fe County Teachers' Institute was held this morning in the high school building in this city. The attendance throughout has been good and much benefit has been derived. Examinations will be held Friday and Saturday.

The following resolutions were adopted at this morning's session: We, the members of the Santa Fe County Teachers' Institute, take this opportunity to express our appreciation of the services of the conductor, William M. Heiney, during this institute and to assure him that we have appreciated his kindness, his professional courtesy, his pedagogical and thorough manner of handling various subjects taught. R. W. Twining, Miss Antonia Silva and M. N. Montoya, committee.

Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of Mother's Friend before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

Clean Cars with Good Ventilation

You will find no other kind in Burlington trains. Cleanliness is a hobby with the Burlington and particular people are cordially invited to make inspection whenever they have opportunity.

In summer, cleanliness and good air mean much to the traveler. He wants both. He deserves both. And he gets both.

Let me tell you about the low rates we are offering now to Chicago, St. Louis and other points East.

NEW MEXICO MUST AWAKE!

Continued from Page Three.

mode of regulating the use of the waters of the river so as to secure to each country and to the border land owners on both sides of the river their legal and equitable right and interest in said waters.

After the appointment of said commission, and on the request of the secretary of state, this department directed the commissioner of the general land office to suspend action on any and all applications for right of way through public lands for the purpose of irrigation by using the waters of the Rio Grande, or any of its tributaries in Colorado and New Mexico, above the point where it becomes the international boundary, until further instructed by the department. Thus it will be seen that this department can hardly be charged with being responsible for the conditions of which you complain, nor of their continuance.

What progress the international boundary commission has made in the adjustment of the Mexican claim, this department is not advised. I can say, however, that the claim of the government of Mexico has again been recently called to the attention of this government by the Mexican ambassador at the capital and has been the subject of correspondence between this department and the department of state, and that an effort is now being made to see if a practical solution of the question at issue between the two governments cannot be accomplished under the reclamation act. One of the first matters taken up for serious consideration after the passage of that act on June 17, 1902, was the Rio Grande. Surveys have been conducted along this stream, utilizing the information obtained by the operations of the hydrographic branch of the geological survey, some of which were begun on the Rio Grande in 1888.

I am advised by the geological survey that the engineering questions are exceedingly difficult and complicated owing to the depth of bed-rock at various suggested dam sites on the Rio Grande, and also to the large quantity of sediment or silt carried in suspension by the flood waters. Alternative plans for water storage at various points on the river are being carefully studied by competent civil engineers, and their suggestion, made by well informed citizens, has been given weight. In particular, surveys have been conducted at and near El Paso, Texas, and arrangements entered into for a diamond drill boring to ascertain the depth and character of foundations which might be had for the proposed international dam. Similar examinations have been made on the reservoir site above this point, known as the "Elephant Butte," and it is proposed to obtain additional facts for other reservoir sites.

All of this matter requires very careful consideration and the preparation of detailed plans and estimates before the relative merits of the practicability of the various projects can be determined upon. The unfortunate conditions existing in the southwest because of the extreme drought which is reported to exist in that section bear as heavily, this department is advised, upon the citizens of the United States as upon those of Mexico on account of the diminished flow of the Rio Grande. The pecuniary losses and damages suffered by American citizens, as well as those of Mexico, can hardly be estimated, and it is to the advantage of both countries to arrive at an early solution of the problems involved.

Very respectfully,

THOS. RYAN,

Acting Secretary.

The Irrigation Congress this year at El Paso will be used as a tool by the El Paso schemers, if they have their way, and will pass resolutions in favor of building the International Dam and depriving New Mexico of the surplus waters of the Rio Grande River and its tributaries for all time to come. It is a wonder that Delegate Rodey has been able to avert the calamity these four years, considering the opposition that he had to fight, which included some of the personnel of the International Boundary Commission, two senators and all the representatives from Texas with the entire Democratic party backing them, the Republic of Mexico and the State Department almost ready to give in to the claims of Mexico. Several times has Delegate Rodey argued the question before Secretary of State Hay and the Attorney General, in fact, he was the first to call attention to the opinion of Attorney General Harmon, which halted the International Dam schemers for the time being. But henceforth, it will take the hardest kind of work to prevent the dam scheme from becoming a reality, which would turn New Mexico, from below Cruces to above Taos, into a half desert for all time to come. It might be well to call a convention to protest against the nefarious scheme, and, certainly, both parties should have strong planks in their platform against the International Dam proposition.

The Santa Fe announces a through daily sleeper from El Paso to St. Louis via Kansas City during the World's Fair period. Connection for this train leaves Santa Fe at 9:55 a. m. and one section has been assigned to the Santa Fe office for the accommodation of passengers from this city.

CAN'T KEEP IT UP.

Can't Deceive Santa Fe People Very Long—They Learn Quickly.

It is sometimes an easy matter to fool the public, but you can't keep it up very long. They are sure to find you out; and every time a man is fooled another skeptic is made. We are naturally skeptical when reading a published statement given by some stranger residing in a far-away place, but the circumstances are entirely different when home endorsement is presented. The testimony of local citizens renders deceit impossible. It is so easy for you to investigate. Read this case:

Eusebio Escudero, hack driver, of Griffin st., says: "I cannot exactly say how long it is since I first noticed that I was subject to back ache, but it must be nearly three years. It never was sufficiently painful to lay me up, but it worried me considerably every now and then. Noticing Doan's Kidney Pills advertised to stop backache and other symptoms of kidney complaint, led me to reason if this remedy performed half what it promises, it might at least help and I went to Ireland's Pharmacy for a box. It fulfilled its promises to the letter, for the back-ache stopped."

For sale by all dealers. Price 50 cts. Foster Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitute.

END OF BITTER FIGHT.

"Two physicians had a long and stubborn fight with an abscess on my right lung" writes J. F. Hughes of DuPont, Ga., "and gave me up. Every-body thought my time had come. As a last resort I tried Dr. King's New Discovery for Consumption. The benefit I received was striking and I was on my feet in a few days. Now I've entirely regained my health." It conquers all coughs, colds and throat and lung troubles. Guaranteed by Fischer Drug Company. Price 50c. and \$1.00 Trial bottles free.

LOW RATES TO COLORADO.

Via Santa Fe. Denver and return \$22.55, Colorado Springs \$19.55. Pueblo, \$17.55, on sale daily, good to return until October 31. Call on Santa Fe agents.

Sick Headache. "For several years my wife was troubled with what physicians called sick headache of a very severe character. She doctored with several eminent physicians and at great expense, only to grow worse until she was unable to do any kind of work. About a year ago she began taking Chamberlain's Stomach and Liver Tablets and today weighs more than she ever did before and is real well," says Mr. Geo. E. Wright of New London, New York. For sale by all druggists.

IMPORTANT.

The Santa Fe Central now has on sale round trip tickets for \$15, good for return until September 30, to Cloudcroft, New Mexico, the most famous summer resort in the southwest. For further information apply to B. W. Robbins, G. F. A., Santa Fe Central Railway, Santa Fe, N. M.

Violent Attack of Diarrhoea Cured By Chamberlain's Colic, Cholera and Diarrhoea Remedy and Perhaps a Life Saved. "A short time ago I was taken with a violent attack of diarrhoea and believed I would have died if I had not gotten relief," says John J. Patton, a leading citizen of Patton, Ala. "A friend recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. I bought a twenty-five cent bottle and after taking three doses of it was entirely cured. I consider it the best remedy in the world for bowel complaints. For sale by all druggists."

J. P. VICTORY Attorney at Law and Real Estate Agent

112 San Francisco Street, Santa Fe, N. M.
REAL ESTATE LOANS.

Money to loan upon real estate security on easy terms.

HOMES.

I have a nice cottage (double) six rooms on one side, 4 on the other; owner occupies 4 rooms and the rest rent for \$25 a month; good neighborhood; ample space to erect other buildings on same street; stables and other outbuildings; the price asked is very low.

Can sell at a bargain cozy homes on Manhattan avenue, one a new stone house with all modern improvements; the other an adobe-brick house, 7 rooms; fruit and vegetable garden; city water, hydrant and tank; 70 choice fruit trees; currant and raspberry bushes; lot 80 by 265 feet. The stone house will be rented.

SAN FRANCISCO STREET.

I have several business blocks for sale on this great mart of trade, some of them producing more than eight per cent, net, on purchase price asked.

COAL AND TIMBER LANDS.

I can sell you large tracts of land suitable for mining coal or the production of timber.

OTHER BUSINESS CHANCES.

I have several other commercial and business propositions to submit those desiring to enter mercantile life and to grow up with the new era of prosperity now coming in with the Santa Fe Central Railway.

CHURCHES.

I am authorized to dispose of the Congregational Church, on the south side, convenient to the contemplated Union Depot. It stands upon two lots, and will be sold cheap, or the building will be repared and leased to responsible parties.

THERE ARE OTHERS.

Several small houses, some stone some brick, others frame, upon my books, which I would be glad to show an intended purchaser. They are delectable situated, and will be sold cheap.

ROOMS: FURNISHED OR UNFURNISHED.

Furnished or unfurnished rooms in all parts of the city. Single, or en suite, for light housekeeping. Some of them within five minutes walk of Plaza.

ORCHARDS.

I also have a fruit ranch in a high state of cultivation, in the suburbs, with a building site overlooking the entire city of Santa Fe. On it there is an artificial reservoir, the only one of its kind in the city, 12 feet or more in depth, holding over 125,000 gallons of water, constantly replenished, from which the whole place can be irrigated fully during the summer, and which could be stocked with fish. The land contains many hundreds of young trees of the finest and most valuable varieties of apples, peaches, pears, plums, apricots, cherries and other fruits, the greater part of which already bear; a young bearing vineyard, thousands of bushes of currants and other small fruits; extensive beds of asparagus, rhubarb, and other fine vegetables. To be sold on easy terms, and for much less than it cost, owing to ill health of the owner.

CATTLE AND SHEEP RANGES. In all parts of the Territory, and none in Wyoming.

I will take pleasure in showing prospective investors desirable building sites in the neighborhood of the Capitol, and in the vicinity of the Presbyterian church, and other localities of the city which in a few years will be worth double the present asking price.

OUTSIDE PROPERTY.

At El Cuervo, 10 miles from the Roan Island road, I can sell you about 600 acres; patented; excellent grazing land.

Convenient to Las Vegas, I have for sale several large tracts of desirable land which I am permitted to sell at very low figure. One tract contains about 3,500 acres, and is located about three and one-half miles southwest of Las Vegas; nearly all of it is under fence; good grazing and water for stock; some timber. Another tract is 350 acres, 7 miles from Las Vegas; timber and grazing, with an excellent stream of water passing over it. Still another tract of 350 acres of farming grazing and timber land, 8 miles west of Las Vegas, with running water, 1000 ft.

PLAZA PROPERTY.

To those wishing to catch the cream of Plaza real estate I can offer blocks at figures that will double themselves in less than three years.

Eat dinner tomorrow and play even at the Bon Ton.

SUMMER EXCURSION RATE.

St. Paul and Minneapolis, Minn., via "Santa Fe."

Special excursion tickets will be sold from Santa Fe to above named points at a rate of \$39.55. For particulars call on any agent of the Santa Fe.

SANTA FE DOCTORS RESIGN

E. B. Shaw and H. M. Smith, of Las Vegas, Will Quit the Service November First.

It was announced early in the week that Dr. E. B. Shaw, head surgeon of the Santa Fe Railway hospital in Las Vegas, and also his assistant, Dr. H. M. Smith, had tendered their resignations to take effect November 1. They give as a reason for their action that the demands of their own practice in the city render it necessary for them to keep up the work. The hospital is four miles away, and it is necessary for one of the physicians to reside there, and for both to give a great deal of time to the performance of their duties.

WILL COST A HALF MILLION.

Contemplated Change on the Denver and Rio Grande Railroad Would be an Enormous Expense

A. C. Bird, traffic manager of the Gould lines, was in Denver early in the week on his way east from a trip of inspection over the narrow gauge lines of the Denver and Rio Grande Railroad. He has been investigating the Rio Grande tracks in Colorado and New Mexico with a view of a change from a narrow to a standard gauge. This would mean the expenditure of considerable more than \$500,000. It is probable that after Mr. Bird makes his report, George J. Gould will himself take a trip over the lines.

Roswell, N. M., Aug. 25.—Word has been received here to the effect that John Eiland, vice-president of the Bank of Portales, N. M., is now in the hands of brigands in old Mexico. A letter has been received from him dated Opute, saying that unless arrangements are made at once to pay a heavy ransom, he will be tortured and killed. The amount of ransom has not been made public. The news has created much excitement in Mr. Eiland's home town.

While working in the Burro Mountain Mining District, near Silver City, early in the week, Augustin Lucero, a contractor, came near being ground to death between the crushers of a mill by having his coat catch in a belt. He was thrown against the machine and suffered a serious injury to one leg and numerous bruises to other parts of the body.

A Wagon's First Cost
There are a plenty of low priced wagons (mighty dear in the end), that actually look well—at first. You can't see the paint-covered wood—ribby, "dead," the defective axle-wood, or foresee the rattling, loosening of spokes, the tire setting and constant repairs, that will rise up to trouble you in time. All said and done, it pays to buy once for all a dependable wagon.

STUDEBAKER WAGONS
That is a matter of common knowledge—testified to by every man who ever bought one. Built on the car by master mechanics out of selected and perfectly seasoned materials. Definite, setting worth in each job of Vehicles and Harness, that result in longer and better service than you have a right to expect. You don't make mistakes if you pin your faith there.

Alternates will not be recognized. Proxies will only be recognized if held by citizens of the same county from which the delegates giving the proxies are elected.

County committeemen (or members of the Territorial Committee, in which there is no county committee,) are hereby directed to name the place, date and hour, when and where precinct primaries shall be held in conformity with this call, and give due notice of at least seven days in some newspaper of general circulation published in the county, and cause to be posted notices in at least three public places in each precinct, stating the date the county convention will be held, the name of the precinct chairman, place, date and the hour the primaries will be held.

County conventions must be held on or before the 10th day of September, 1904, and county committees, or in the absence of county committees, the Territorial committeemen for said counties will take proper action and call county conventions at such time and places as they deem best, on or before that date.

Chairmen and secretaries of county conventions are earnestly directed to forward true notice of the proceedings of said county conventions and of the names of such delegates as may be elected to the Territorial Convention by the next mail after the holding of such convention, addressing same to Chairman Territorial Republican Central Committee, Albuquerque, New Mexico.

FRANK A. HUBBELL,
Chairman Territorial Republican Central Committee.
J. J. SHERIDAN,
Secretary.
Albuquerque, August 22, 1904.
