THE PEACE TREATY.

Referred to Senate Committee on Foreign Relations.

Colonel Roosevelt Brevetted Brigadier-General for Heroism.

Engineer and Fireman Killed in a Mission Pacific West.

DROVELY GROWING WORSE.

Washington, Jan. 4.—The peace treaty has been presented to the senate. The senate immediately went into executive session to refer it to the committee on foreign relations.

The senate adjourned at 12:15 p. m.

When the senate went into executive session to-day the peace treaty was received from the president, and before the senate by Fry, who occupied the chair in the absence of the vice president. The treaty was accompanied by a simple letter of transmittal, without recommendation or suggestion.

On motion of Senator Davis the treaty was referred to the committee on foreign relations and ordered printed for the use of the senate.

Davis entered a motion to-day to make the treaty and the proceedings of the commission public, but upon suggestion of Allison withdrew the motion for the purpose of allowing the committee to act upon it.

A meeting of the committee has been called for Friday. It is probable that the committee will then bring in a resolution for the publication of both the treaty and the proceedings.

IN THE HOUSE.

There were less than one hundred members on the floor when the house met at noon to-day after the holiday recess, but the attendance in the galleries was large. The blind chaplain in his invocation referred to the critical illness of Dingley, the floor leader, and prayed for his speedy recovery.

Under a special rule adopted before the recess the house took up the consideration of a bill to define and punish crimes in the district of Alaska and provide a code of criminal procedure for the district.

ALBUQUERQUE MINE FIRE.

Company's Store and Albuquerque Hotel Burned—Loss \$10,000.

Special to The Citizen.

Bland, N. M., Jan. 4.—A disastrous fire occurred at the Albuquerque mine this morning. As a consequence the Albuquerque Company's hotel, general merchandise store and the Albuquerque hotel are now in ashes. At about 7:30 o'clock this morning the clerk, who had charge of the store, locked up and went to breakfast. He left a fire in the stove and during his absence the building in some way caught fire from the stove.

When discovered the inside of the building was in flames and it was found to be impossible to save any of the goods. The flames spread rapidly and in half an hour from the time the fire was discovered the store and the Albuquerque hotel were in ashes. The hotel was run by Henry Hietcher and M. T. Myers, who lost everything. The store was under the management of Percy Wason, who was a partner with the company in the business. The actual loss cannot be given at this time, but will not be less than \$10,000, with no insurance.

ROOSEVELT HONORED.

Board of Officers Recommends that He be Brevetted for Heroism.

Washington, Dec. 4.—The board of officers, consisting of Generals Swan and Baynton, Col. Carter and the adjutant general, which has been considering the question of officers entitled to brevet for heroism, recommended Col. Roosevelt to be brevetted brigadier general. Secretary Alger brought the recommendation to the attention of the president who directed the nomination of Gov. Roosevelt for the brevet grade.

Dingley is Falling.

Washington, Jan. 4.—Representative Dingley spent a restless night. This morning he had a high fever and was quite a little weaker.

PASSENGER WRECK.

Engineer and Fireman Killed Near Jefferson City, Mo.

Jefferson City, Mo., Jan. 4.—The Missouri Pacific passenger train from Omaha, Kansas City and St. Louis, was derailed about a mile west of Jefferson City at 3:30 a. m. Engineer Charles Clawson and Fireman Z. Ott were killed. They jumped as the engine struck a boulder on the track but the machine rolled over onto them and into the Missouri river. All cars except the rear Pullman left the rails away from the river and ran into a bluff. It is due to this that no lives among the ninety passengers were lost.

Well-Known Actress Dead.

New York, Jan. 4.—Minnie Alice Evans, one of the sisters known as the "French Twins," wife of Charles R.

SITUATION CRITICAL.

Cubans Dissatisfied with the Governmental Policy.

A Spark Will Start a Blaze of Insurrection in the Island.

General Wood and Dr. Castillo Will Lay Matters Before the President.

WOOD'S WORK APPRECIATED.

Santiago de Cuba, Jan. 4.—Meetings were held at all the political clubs last night. Even the most conservative people, those favoring the annexation of Cuba to the United States, were astounded at the orders from Havana for the centralization of the custom moneys there. The last forty-eight hours have completely altered the situation here.

The things prevailing, recognizing the benefits conferred. Now there is a complete change.

There is no exaggeration in saying that the situation is critical and that a spark will set up a blaze which would plunge the province into insurrection. If generally admitted if a thousand men were suddenly discharged from the public works, such action would probably cause a revolt which it would be hard to quell.

Major General John R. Brooke, of the government of Cuba, is apparently ignoring General Leonard Wood, in command here, and is calling direct to his subordinates. He ordered the acting collector of customs to bank no money, and the commanding general of the province ordered officers to close several minor offices, including Bayamo, practically shutting off the mail to the regiments there.

Dr. Castillo will accompany General Wood to Washington, representing the British interests at Santiago, to lay these matters before the president. General Wood's work here is now more thoroughly appreciated by Cubans.

Miss Sampson's Marriage.

New York, Jan. 4.—Miss Olive Farrington Sampson, the daughter of Rear Admiral Sampson, will be married this evening to Henry Harrison Scott, of San Francisco, in the Congressional church at Gladstone, New Jersey. Among those invited are President McKinley and the members of the cabinet with their wives. President and Mrs. McKinley will be unable to attend. Mr. and Mrs. Scott will reside at San Francisco, where the groom is engaged in business.

M. S. Wicks Dead.

New York, Jan. 4.—Hamilton S. Wicks, the organizer of the Denver and Kansas City exhibitions in the early 80's, and one of the founders of the Chicago Herald, is dead in Brooklyn, aged 51.

Want to Build Ship.

Washington, Jan. 4.—The board of trade of Vallejo, Cal., sent a letter to the secretary of the navy and another to the house committee on naval affairs urging that some of the new ships of the navy be built at the government navy yards at that point.

Ambassador to Great Britain.

Washington, Jan. 4.—Announcement was made to-day on the highest authority that Hon. Joseph H. Choate, of New York, would be nominated ambassador to Great Britain. The nomination will not be sent to the senate for a few days, but those near the president say the delay does not indicate any possibility of a change of plans.

The Colorado Legislature.

Denver, Jan. 4.—The Colorado legislature met at noon to-day and organized by the election of William G. Smith, (silver republican), speaker; A. B. Gray, (populist), chief clerk of the house, and John E. Schermerhorn, (silver republican) president pro tem, and Harry N. Sales, (democrat) secretary of the senate.

Jervis Joins Dead.

Denver, Jan. 4.—Jervis Joelin, of the jewelry firm of Joelin & Park, died to-day of pneumonia, aged 61. He was born in Poultney, Vt., and came to Denver in 1896, engaging in business.

Gage Inaugurated.

Sacramento, Cal., Jan. 4.—Governor-elect Henry T. Gage was inaugurated to-day with appropriate ceremonies. There was a military parade and a salute of nineteen guns.

A Narrow Escape.

Red Lake Falls, Minn., Jan. 4.—The life of County Attorney Van R. Brown was attempted to-day. A dynamite bomb was placed over the office door and fell down when Brown entered, exploding with terrific force. Brown was knocked senseless.

New Mexico Postmaster.

Washington, Jan. 4.—John I. Thompson was to-day appointed postmaster at Andrews, Sierra county, New Mexico, vice G. W. Delamater, resigned.

Railway Bulletin.

Superintendent of Motive Power G. W. Smith has the following bulletin posted at the local shops:

To the Employees.—Commencing with Tuesday, January 3, and until further notice, all shops will work nine hours per day, as follows: Seven a. m. to 12 noon; 1 p. m. to 5 p. m.

C. R. Perry, the Santa Fe Pacific trainmaster, has just issued the following bulletin:

To Conductors and Engineers.—I have been advised of two or three cases in the past few days of improper flagging being done on the second division, one case near Holbrook, where freight train was not into clear, and train No. 4 came into the station, and was flagged by brakeman standing at fast switch of passing track. Another similar case of flagging was done at Billings, where freight train was pulling in on

OUTPUT OF GOLD.

The Production for 1898 Larger Than in 1897.

Senator Burrows Wins in Michigan Senatorial Fight.

Governor Roosevelt Sends a Message to New York Legislature.

AMBASSADOR TO GREAT BRITAIN.

Washington, Jan. 4.—George E. Roberts, director of the mint, has received from officials and agents of the bureau the preliminary estimates upon the production of gold in the several producing states and territories in the United States for the calendar year 1898.

Nearly all the states show increased production. Colorado increases its lead by a larger addition to its product than in any previous year. The production of California was considerably reduced by drought, which affected the output of the placers, but the increase from lode mining slightly more than offset this reduction. The returns are given below and completed with the final estimates for the production of the same states and territories in 1897:

LOCAL PARAGRAPHS.

There will be a meeting of the library association at the library rooms at 10:30 a. m. Saturday.

The flyer arrived on time to-day from the east, having aboard forty passengers for California cities.

Vicente Chavez and Cresencio Lopez are the opposing candidates for justice of the peace in Berona.

Nestor Montoya, the court interpreter, will leave to-night for Santa Fe, where he will act as interpreter in the Gonzales case.

Mrs. Mattie Hunter, mother of Mrs. Geo. K. Neher, has arrived from Denver and will remain the guest of her daughter for some time.

The January term for children at Mrs. Walton's dancing academy begins on Saturday afternoon at 2 o'clock, and for adults on next Monday night, Jan. 9, at 7:30 o'clock.

Burt Drury has resigned his position as call boy at the depot and has gone to work at the shops. J. Tierney now holds the position as day caller and Karl Swartzel as night caller.

Hon. M. S. Otero, Judge T. C. Gutierrez, Perfecto Armijo, Sheriff Hubbell and others will leave this evening for Santa Fe, where they are called as witnesses in the Gonzales murder case.

About twenty of the toughest characters at the county jail were photographed to-day and their pictures, when completed, will prove a valuable addition to the rogues' gallery of the officers of this community.

A party of young people took a pleasure ride out to Down's ranch on the mesa on Monday. The members of the party were Misses Hunt, Saint, Kellogg, Brooks, Buchanan and Moore, Swarzel, White, Hunt and Tierney. They report having had a merry time.

Dr. J. F. Pearce, who was called to Santa Fe as a witness in the Gonzales murder case returned to the city last night. Since his return from the capital the doctor is suffering from nervous prostration, which will keep him from his office for several days.

J. A. Skinner, the enterprising grocer of the Highlands, has a fine new delivery wagon to handle his growing business. The vehicle is a beauty, and was built for Mr. Skinner from plans furnished by him, by the Mitchell Wagon company. Some special features make the wagon an improvement on the regular styles used.

St. John's Sunday School Festival.

All scholars will please be at the dining room of the San Felipe hotel to-morrow night at 7 o'clock sharp. All their parents and members of St. John's congregation are very cordially invited to be present to share in the enjoyment of the young people. There will be an excellent program of music and recitations, and a very pleasant evening is anticipated.

Carpets, matting and linoleum at greatly reduced prices. May & Faber.

THE PHOENIX!

To Our Patrons

And the public at large. We take this method of thanking you for your generous patronage of the past year and wish to announce that we will soon be in our new quarters and will in the future, as in the past, carry the largest and most complete line of up-to-date Dry Goods ever shown in this city and shall maintain our reputation of selling the best goods for the least money. As soon as we get through our stocktaking we will have a grand sale of Olds and Ends and broken assortments of a variety of goods which we wish to close out. Cost will cut no figure in this sale, but we will speak of this later and on'y say now watch the papers for particulars. Thanking you again for your generous patronage and soliciting a continuance of same and wishing you one and all a happy new year.

We remain, yours for business,

COUNTING the whole outfit, Uncle Sam is now in virtual control of more than 1500 islands in the Pacific ocean. They make a handsome string of beads to adorn the Goddess of Liberty's alabaster neck.

Now comes the distressing news that J. Sterling Morton, of Nebraska, is radically and uncompromisingly opposed to the policy of expansion. Mr. Morton must have been drinking out of the same little half-pint canteen with Col. Bryan.

ONE of the leading newspapers of Rome has discovered that England, Germany and the United States have entered into a conspiracy against the Latin nations. Happily, for lovers of romantic fiction, this discovery has not been copyrighted.

SOME knowing ones will tell you that it is as easy to work a mine right as it is to work a mine wrong. Don't you believe it. It is an error. There is only one way to work a mine right while there are over a hundred ways to work it wrong. Indeed, the fact is it is a very hard matter to work a mine right.

PROF. LORENZO SHAW, the official head of the Mormon church organization, in speaking of the election of Mr. Roberts to congress, said polygamy had ceased in marriage and that he and his church were standing faithfully by the law. The church had nothing to do with the election of Mr. Roberts. He was elected as an American by American citizens. Mr. Roberts in an interview declared he married his wives years before anti-polygamy legislation was thought of, and he insists that it would have been an act of gross inhumanity to have cast them aside.

THE Santa Fe New Mexican, in its comments on the "Pop" of the Democrat, says:

The Albuquerque Democrat died with the old year, and on the first morning of the new year was resurrected under the name of the Albuquerque Journal-Democrat. With the change in name the paper discarded its free trade, free silver, protection, republican, and money arguments. This change in the name of the paper has shown the sound judgment of the management, for which congratulations are certainly in order. Now let the Journal-Democrat "show the people the way" for the next two years, and all will be well.

The above comment is somewhat misleading. The Journal Democrat has no platform upon which to stand, announcing in its article the change "that it does not believe in the gold standard, and that the silver issue is laid upon the shelf." It deserted the Democratic party for personal reasons, which the people of Albuquerque will sooner or later find out.

ARIZONA BANKS.

The abstract of the condition of the national banks of Arizona at the close of business on December 31, as reported to the comptroller of the currency, shows the average to have been 34.29 per cent, against 40.67 per cent on September 29; loans and discounts, increase from \$163,190 to \$1,067,367; stocks and securities, increase from \$124,358 to \$155,254; due from national banks, not reserve agents, decrease from \$131,208 to \$130,050; due from state banks and bankers, increase from \$90,757 to \$171,168; due from approved reserve agents, decrease from \$328,875 to \$29,218; gold coin, decrease from \$242,635 to \$204,985; total specie, decrease from \$249,999 to \$245,369; lawful money reserve, decrease from \$258,490 to \$245,967; due to other national banks, decrease from \$10,754 to \$297; due to state banks and bankers, decrease from \$28,575 to \$28,383; individual deposits, increase from \$1,529,290 to \$1,544,927.

PROPHET OF EVIL.

The prophet again is abroad in the land. He is alarmed over the heavy operations at present witnessed in Wall street. In Cassandra-like spirit, he exclaims: "How! We have seen these things before. Periods of inflation are followed by periods of depression. Thereupon the hands of time take a rest and everything goes to destruction."

It is quite true that business is in a condition of unusual energy, but then the state of the country's trade never was as it is today. Every interest in expanding like the nation's boundaries. Money never was so plentiful; industrial interests never so thriving; trade so brisk and foreign commerce so great. The railroads are doing a great business—everything is booming. So it would be strange if trading in securities did not grow.

And so it will, in spite of all the gloomy warnings that may be uttered, for to disclaim against it under present conditions would be as imprudent as to mourn the gloominess of a day when the sun is brightly shining.

THE WAY TO DEFEAT.

The popular interest which is exhibited in the question of the rehabilitation of the mercantile marine is one of the wholesome signs of the times.

As already noted there is the same narrow opposition to the granting of subsidies, that has done so much to keep our shipping off the high seas, but it is

also observed that this opposition is less pronounced than it was at one time. When it comes to the aid of England, France and Germany, which at present control the carrying trade of the world, and that the granting of subsidies is not so unpopular. Possibly something better than the subsidy plan can be found. If so, it should be adopted.

The main point is to get our flag on the seas; to retain at least some part of the \$300,000,000 which the American people are paying to foreign ship owners every year for the carriage of their goods to outside markets.

In these circumstances the necessity of taking prompt action must be apparent to everybody. The bill introduced by Senator Hanna for granting subsidies receives the approval of the shipping interests of Maine, and a meeting of prominent citizens of Bath has been called to take such action as may be necessary to aid in the passage of the measure.

It will be said, of course, by those who think foreigners should control our carrying trade, that this is mere selfish nationalism; but it certainly is a step toward getting our flag on the seas. American ships engaged in the foreign trade receive no protection. The result is constant reduction of tonnage engaged in that traffic. The coastwise trade is protected. In consequence it is controlled by Americans, and is constantly growing.

These are undeniable facts, and their significance should appeal to every patriotic mind.

War Between Spain and France.

A Paris correspondent has set the rumor about that war is possible between Spain and France. Such an outcome is hard to believe, because the two countries have been for years on unusually intimate terms. You cannot tell what will happen between nations, but you can tell what will happen when a dyspeptic takes Hostetter's Stomach Bitters. His health will improve. His appetite will come back. His mouth will not be subject to dizzy spells, and his head will be clear. His disposition will be more agreeable, and his bilious look will disappear. His blood will be purified and his kidneys stimulated to perform their work properly. All these things are accomplished by the Bitters.

War Between Spain and France.

A Paris correspondent has set the rumor about that war is possible between Spain and France. Such an outcome is hard to believe, because the two countries have been for years on unusually intimate terms. You cannot tell what will happen between nations, but you can tell what will happen when a dyspeptic takes Hostetter's Stomach Bitters. His health will improve. His appetite will come back. His mouth will not be subject to dizzy spells, and his head will be clear. His disposition will be more agreeable, and his bilious look will disappear. His blood will be purified and his kidneys stimulated to perform their work properly. All these things are accomplished by the Bitters.

CHRISTMAS AT ALBANY.

The Albuquerque Company Buys the Banquet provided by loving Home Friends.

EXPECT TO BE MUSTERED OUT SHORTLY.

Special Correspondence.

Camp Christmas, Albany, Ga., Dec. 25, 1925.—If the citizens and good ladies of Albuquerque will, imaginatively speaking, journey across the cold and snow covered central states and promenade through the regimental and company streets of the First Territorial volunteers, they would feel as though Christmas was being observed in mid-winter instead of in the bleak winter, Columbus, arches and crests trimmed with pine tops, evergreens, mistletoe bolls and moss were constructed at the entrance of each company street, with a profusion of pine sprigs on either side of the numerous streets, making the whole have the appearance of one vast summer garden. The decorations and designs were appropriate to army life, and outside of these displays of swords, guns and flags, one would think they were strolling through some noted botanical garden.

Notwithstanding that several severe frosts have fallen there is an abundance of green verdure and trees in every direction from camp.

To describe each street separately would be a hard undertaking. At the head of Company K's street stands a massive arch, the largest in the regiment. Between the officers' tents is a raised bed of earth surrounded by evergreens. The bed is bordered with shells and in the center are the words "Co. K, New Mex." At the rear end of the street, surrounding the sink, are pine boughs and shells inlaid in the earth with the words "Merry Xmas."

With the exception of guard mount and roll call the daily military routine of camp life was dispensed with yesterday and to-day the soldiers allowed the privilege to enjoy themselves the happiest way they saw fit.

Owing to the poor facilities for cooking an elaborate Christmas dinner in the company, it was decided to have dinner served at the New Albany hotel, to be paid for out of the funds so generously donated by the kind ladies of Albuquerque. The entire company assembled there at 2:30 p. m. for this occasion.

Your writer is still "too full for utterance" to give the readers of THE CITIZEN an account of this spread, but he will enclose an extract from the Albany Herald of to-day's issue instead.

Not a member of the company will ever forget the kindness, words of encouragement and liberality of the Ladies' Aid society of Albuquerque in providing for their comfort and wants after they had left their homes to meet the now vanished foe. Their gratitude and thanks to those noble and good Christian ladies can never be fully expressed or conveyed, and should we never have an opportunity to fulfill the conditions required in us, on the field of battle, we shall always cherish a lasting remembrance of their kind acts until the last chapter in life's work is finished.

Provisionary target practice, which consisted of aiming at a small target, was first gone through with, and last week the different battalions had the pleasure of firing the new Krag-Jorgensen rifles at 200 yard range targets. Company B's score was about an average, but some individual scores were excellent.

Lieutenant Page Otero, brother of Governor Otero, has been appointed major of the New Mexico battalion, and should we be mustered out soon, his title will be genuine.

Sergeant Harding has returned from Denver, where he went on a sick furlough before we left Camp Hamilton. The sergeant is greatly improved in health, but has not resumed his duties in the company.

Perry Melroe has also returned to the company after quite a long spell of illness. The boys say he is just as fat and as healthy as can be. Well, Perry does look sweet enough for some young lady to steal.

C. A. Keith, A. H. McKee's and W. T. Stenhouse have been transferred to the hospital corps. Richard Kelly has been attached to the band, and J. K. Wroe was transferred to the signal corps while the company was at Camp Hamilton.

Sergeant Major Boston E. Barnhill received his discharge last week, and went direct to St. Louis to meet his wife, and after staying there a few weeks will return to Albuquerque. Boston left a host of friends in the regiment.

A letter from J. Q. Royalty conveys the sad news that a permanent cure for his affliction is doubtful. He is suffering from rheumatism and phlebitis.

F. C. Parker, who has been sick for the past six weeks, expects his discharge from Washington the latter part of the week and will return to Albuquerque within many pounds of weight.

Corporal C. H. Hepler received a warrant which creates him a sergeant. He is sergeant of the guard to-day.

The discharged members from Company E from the original enlistment are: Ad. H. Wyoff, P. J. McInerth, Charley McDonald, Louis Kellogg, Dwight Wheeler, Edward Maguire, W. A. Smith, T. B. Lettwith, Richard Brown.

Keep Coughing

We know of nothing better to wear the lining of your throat and lungs. It is better than wet cloths, cause bronchitis and pneumonia. Only keep it up long enough and you will succeed in reducing your suffering and bringing on a slow fever and making everything exactly right for the germs of consumption to get well.

Stop coughing and you will get well.

Ayer's Cherry Pectoral

cures coughs of every kind. It soothes every dry, peevish cough in a single night. The racking coughs of bronchitis are soon completely mastered. And, if not too far along, the coughs of consumption are completely cured.

Ask your druggist for one of these.

Dr. Ayer's Cherry Pectoral Plaster.

It will aid the action of the Cherry Pectoral.

If you have a cough, cold, or any other respiratory trouble, you will find this plaster a most valuable remedy. It soothes the inflamed membrane, loosens the phlegm, and brings on a slow fever and making everything exactly right for the germs of consumption to get well.

20 Years After

Twenty years ago, in 1878, Mr. J. H. L., who was then twenty-nine years of age, secured his life in the Equitable and policy No. 21,841 for \$2500. This policy was issued on the Limited Payment form with an accumulation period of twenty years, and on which the annual premium was \$74.28.

For twenty years then Mr. L. has been protected by \$2500 of life insurance, and if he had died at any time, his family would at once have received a \$2500. However, he has not died, and now in 1898, he has the choice of the following settlements:

1. TO SURRENDER THE POLICY AND RECEIVE IN CASH \$1,874.47

2. TO SURRENDER THE POLICY AND SECURE A FULLY PAID UP POLICY FOR \$1,417.00

3. TO RECEIVE PAYMENT OF THE FULL AMOUNT AND RECEIVE SURPLUS IN CASH OF \$738.12

* Subject to satisfactory medical examination for amount over original policy.

K. J. Thacker, of the secret service of the Wells Fargo Express company, is in the territorial metropolis today. He hails from Tucson, Ariz.

R. B. Myers, wife and daughter, who resided at El Paso, Texas, the past nine months, have returned to the city. Mr. Myers was in business in El Paso.

Alex. Martin left last night for Prescott, to accept a position in the carpenter shop of the Santa Fe. Prescott & Phoenix. He was formerly employed here.

Captain Jack Fleming, of Silver City, the territorial coal mine inspector, was a passenger to Gallup last night, where he will inspect the coal mines. He states that mining properties around Silver City are being rapidly developed and that that section of the territory is enjoying a very satisfactory degree of prosperity.

C. T. Brown, the genial liverman of Socorro, is in the city today. Mr. Brown has had his time occupied of late with moving machinery and building material for the Timber Peak Mining company's new mill at Water Canyon. All the machinery for the mill has been taken out and the building material is now being hauled out. It is expected that the mill will be completed and in running order by April.

THE CRITIC-NON MEETINGS.

Many Persons Express a Desire to Lead a Better Life.

Large audiences attended the Critic-non meetings at the Armory hall both yesterday afternoon and evening. Mrs. Moffit sang some beautiful solos at both services, and Mr. Critic-non made strong appeals for sinners to come into repentance. The earnest efforts of the evangelist bore fruit at the evening service and a large number of people rose for prayer and many others went forward and expressed a desire to lead a better life.

This afternoon another interesting meeting is being held. This evening there will be a meeting commencing at 7:30.

Mr. Critic-non and his co-workers are always glad to meet friends in their "home on wheels," as they call their private car, "Good News," in which they live while journeying about the country. While the car is comfortably furnished there is nothing gorgeous about it.

Mr. Critic-non's purpose in traveling around in a private car is not to put on style, but purely for the sake of economy. The railroad companies of the country are liberal contributors to the Florence rescue fund, and the Santa Fe gives Mr. Critic-non free transportation all over its system. Under these circumstances it is cheaper for Mr. Critic-non and party to make their home in a private car than to stop at hotels. All the money thus saved is expended in the rescue work.

Call for Democratic Primaries.

Democratic primaries for the nomination of candidates for precinct officers, to be voted on at the election, to be held Monday, January 9, will be held in precincts 12 and 26 on Saturday evening, January 6, at 7:30 o'clock, at the following places:

In precinct 26, at No. 2 hose house, on Gold Avenue.

In precinct 12, at hook and ladder house, on north second street.

THE GOLDEN RULE

DRY GOODS COMPANY.

OUR REMOVAL SALE!

You are Invited to Attend.

LAST WEEK

LAST CHANCE

When a Whole Store

cuts loose from profits, when, in many instances it ignores cost, in its one great desire to reduce stock in a limited space of time, then if that store is honest in its statements and intentions, the buying public is put in possession of a money-saving opportunity so great that they can all afford to pass it lightly by.

This Store Proposes

for one week to offer every dollar of its surplus seasonable merchandise, at such a reduction from regular prices that profits will be wiped out, and on many items, cost will be lost sight of. We're honest about it! We are in earnest about it; we mean to make this sale memorable. Facts in the shape of figures, will tell you more emphatically than all the wordy eloquence in the world, just how honest, just how earnest we are in this matter.

We Ask You to Attend

our money-saving Sale; we ask you to compare the printed statements made with the items about which they are made, if found correct, then we ask you to buy and buy liberally. These chances, for obvious reasons, do not often occur. The sale will last a week. The advertised prices will hold good during that week.

This Sale will be continued for one week longer.
